Central Library - AJAY KUMAR GARG ENGINEERING COLLEGE

Source: <https://www.akgec.ac.in/central-library>

Central Library Home About Us Digital Library Digital Repository E-resources KOHA OPAC (Search) Useful Links Library Team Contact Us Home Vision To attain high standards of comprehensive services related to dissemination of required information by adoption of state-of-the-art technology thereby creating a welcoming and comfortable physical environment for the user. Mission We strive to provide and maintain state-of-the-art comprehensive resource center of books and journals and most efficient library service environment for dissemination of required knowledge to our faculty and students. About the Library About AKGEC Central Library The AKGEC Library System comprises of a Central Library, nine Departmental Libraries and five Hostel Libraries. The Central Library, housed in the Administrative Block of the College, consists of two sections spread over 1465 sq. m and with a seating capacity for 344 users. Comfortable study space is provided for faculty, staff and students in the form of reading hall, study cubicles, digital library and faculty reading room. The state-of-the-art facilities include KOHA Open Source Library Management Software, Web Based Online Public Access Catalogue (Web OPAC), Digital Library, DSpace Institutional Repository Server and Membership to DELNET and National Digital Library. The library system is very user friendly with sufficient resources to meet the requirements of the users. Addition of resources as per the requirements and norms is a regular feature. Sufficient number of qualified staff are employed to manage the activities of the library. The Departmental and Hostel libraries are managed and run by the respective departments and hostels with resources on loan from the Central Library. All students,

faculty and staff of the College are entitled to make use of the library facilities on availing library membership. Admission to the Central Library is through Library cum Identity Card, which is scanned at the entrance, to keep record of the users. The library is under camera surveillance through ten cameras that have been installed at various locations. The library attracts an average of 350 users on a regular working day. Library Timings Library Timings in normal Working days: (Monday – Saturday) 8:30 AM – 9:00 PM Library Timings in holidays: (Sunday and Closed Saturday) 9:00 AM – 05:00 PM Library Timings during Examinations: (Monday – Saturday) 8:30 AM – 12:01 AM Issue & Return of Books (Monday – Saturday) 8:40 AM – 3:45 PM Digital Library (E-resources / Database, DELNET) 8:30 AM – 9:00 PM Consultation of Examination Papers & Solution / Old Newspaper etc. 9:30 AM – 3:45 PM Reprographic Service 8:30 AM – 4:00 PM Central Library Rules Library users must show their Identity cum library card at the security point of the Central Library. In case the member does not possess his/her identity card, he/she will not allowed to enter the library. Personal belongings like bags, books, etc. are not allowed inside the library in any case. However, only one/two Books can be taken inside with the issue of prescribed slip. Identity cards cum library cards are non-transferable. Use of other's library-card is a punishable conduct. The borrower as well as authorized holder of the card may be punished for such an act. Library hours are 8:30 AM – 9:00 PM and during examination library hours will be extended till 12:00 midnight. Books will be issued from 8:45 AM to 3:45 PM only. Digital Library and reference section will be open 8:45 AM to 3:30 PM. Reservation of books Issue shall be made between 8:45 AM to 3:30 PM only. General Books: Maximum Two Books will be issued at one time to the UG Students and Three Books for PG Students for a period of ten days. Quota (SC/ST) books are issued for a period of one month. Deposition of books after the due date will attract a fine of Rs. 10/- per day per volume. The amount of fine would not be more than double the cost of the book. In case of late Issue of Book Bank Books due to non-collection by the students, Rs. 10/- will be charged for each day delayed from scheduled date. Books for Book Bank must be deposited / submitted at the end of the semester, failing which a fine of Rs. 10/- per day per volume will be charged to them. Reference books will be issued only for special cases with prior permission of Senior Librarian/Asst. Librarian between 3:15 PM to 3:45 PM for overnight purpose on Library cards. Deposition of the reference book should be made positively on the next day up to 10:00 AM, failing which, a fine of Rs.20/- will be charged for each day. The user who doesn't deposit the reference book in time will be treated, as defaulter and overnight issue of reference book will not be made to him in future. Reference Books / Question Papers & Solutions and other library materials will be issued for an hour only; late submission will attract a fine of Rs.2/- per hour per document. Borrowers must satisfy themselves about the condition of the books before borrowing, they shall be responsible for any damage or mutilations noticed at the time of return. Leaving circulation counter without ensuring the book(s) have been returned, is a punishable act. Doing so a fine of Rs. 50/- will be charged even if book is traced later on. No book will be renewed/re-issued on same day. If a book is already issued to a student, another copy of the same book cannot be issued to or reserved for him/her. The latest edition of book will only be accepted in replacement of a lost/damaged book along with a fine of Rs.100/- as processing fee. If the book is not available in the market / publisher, double the cost of book will be charged. Misplacing/Marking/Tearing of books is punishable offence. Any user caught for such offence would be fined Rs.1000/- and may even lead to withdrawal of library facility to him. If any student is caught stealing from the library, a fine of Rs. 2000/- will be imposed on him in addition to suitable disciplinary action. Disciplinary action will be taken against Library users found misbehaving with the library staff. The loss of an Identity card/library membership card should be immediately informed to the Senior Librarian. For the duplicate PVC Identity card (In case of loss of card), the student will have to make a written request to the Director General / Director and will have to deposit a fine of Rs.300/- for duplicate I-Card. A fine of Rs.150/- will have to be paid as the processing fee for the replacement of ragged/damaged PVC Identity cards or taking Identity card very late. Timing for other library services has been fixed which are subjected to change in the interest of the library users. Library users must ensure that their activities do not disturb the fellow users. Efficiency with AI and LLMs Saturday 13/12/ 2025 Mr. Shiv Pratap Singh Breast Cancer Detection using Deep Learning Models Tuesday 30/12/ 2025 Mr. Anuj Kumar Performance Comparison of ES-DEEC, ECRR, DEEC and IOT-DEEC Routing Protocols in Smart City IoT-WSNs Wednesday 07/01/2026 Ms. Neetu AI-Driven Phishing and Social Engineering Attack Detection Using NLP and Machine Learning Techniques Friday 9/01/2026 Ms. Anuradha Dhumale Integration of Satellite Remote Sensing and Ground Observations for Monsoon Dynamics Saturday 14/02/2026 Mr. Harnit Saini A Comparative Analysis of Hybrid Machine learning Models for Anomaly Detection in IoT Networks Saturday 14/02/2026 Ms. Bhumica Real time human Detection in Thermal Images: Challenges and Solutions with Thermo Sense Thursday 5/03/2026 Dr. Rupa Rani Enhanced Information Processing for Smart Detection of Clone Accounts on Social Media Thursday 5/03/2026 Dr. Surendra Kumar Sustainable solutions for solar panel Waste management: challenges and future direction using AI Saturday 28 /03/ 2026 Dr. Akhilesh Verma A Metadata-Driven Approach to Quantify and Overcome Data Fragmentation in Crop Models Wednesday 31 /03/ 2026 Dr. B.N. Pandey Towards an Indic Framework of Sustainability Yajna, Saha-Astitva & Jajmani system Thursday 14/05/2026 Dr. Sonam Gupta The Rise of Artificial Intelligence in Healthcare Thursday 14/05/2026 Dr. Anuradha Taluja Accelerated Carcinoma Cancer Classification from Mammograms Using Path Enhanced Holographic Convolutional Neural Network with Nadam Optimizer Friday 15/05/2026 Dr. Pradeep Gupta PCE-FL: A Personalized, Clustered, and Communication-Efficient Federated Learning Framework for Robust Tomato Leaf Disease Detection Saturday 16/05/2026 Mr. Narendra Kumar Enhance Performance of Text Sentiment Social Media Data Using BERT Transformer Model Saturday 16/05/2026 Dr . Jaishree Jian AI for Ophthalmology: Systematic Analysis of Cataract Detection Using Fundus Images Monday 18/05/ 2026 Mr. Pushkal Shukla Leveraging machine learning for early detection of asthmatic children in healthcare Monday 18/05/2026 Ms. Kanika A Real-Time Ensemble Learning Framework for Multi-City Air Quality Forecasting and Respiratory Health Advisory Tuesday 19/05/2026 Ms. Dhanshree Parihar AI powered Glasses for Visually Impaired Tuesday 19/05/2026 Mr. Vivek Aggarwal Fine-Tune: Integrating Fairness Constraints into Automated Hyperparameter Optimization for Bias-Resistant ML Models Wednesday 20/05/2026 Dr. Inderjeet Kour Review of the various ML and DL based Chronic Kidney Disease Diagnosis Techniques Wednesday 20/05/2026 Mr. Amit Kumar Face Recognition Using Convolutional Neural Networks on Real-Time Custom Dataset Thursday 21/05/2026 Ms. Kamna Singh A Novel Wearable Sensor Dataset & Structured Ensemble Framework for Stress Detection in Health care Environment Thursday 21/05/2026 Mr. Pronab Kumar Adhikari Code Clone Detection Method Using Vector Representation Based on Information Retrieval Technology and Deep Learning Model Tuesday 09/07/2026 Ms. Manisha Rai A lightweight method for early detection of diabetic retinopathy using funds image Tuesday 09/07/2026 Ms. Khushbu Malviya Blockchain Enabled Decentralized Public Distributed Network With AI-Based Demand Friday 10/07/2026 Dr. Rajesh Prasad Efficient pattern matching in compressed text via bit parallel word-based encoding. Friday 10/07/2026 Ms. Kriti Mishra Role of Artificial Intelligence In Indian Legal System. Wednesday 15/07/2026 Dr. Sachin Jain Multiclass Brain Tumor Classification via Deep Learning Friday 17/07/2026 Mr. Eshank Jain Deep neural Network-Based Software Defect Prediction: An Effective Empirical Approach Monday 06/07/27 Mr.Amit Goel Copy-Move Forgery Detection Using Robust Feature Extraction and Matching Techniques Monday 06/07/27 Mr. Manoj Kumar Sharma Deep Hybrid Image Steganography with Adaptive Pixel Optimization and Cryptographic Security Tuesday 07/07/2026 Mr. Sharma Ji Hybrid Machine Learning Models for AI-Powered Malware Detection in 5G Networks Tuesday 07/07/2026 Dr. Yogendra Narayan Prajapati Novel Hybrid CNN-SVM Model for CT Scan Classification to Enhanced Heart Disease Detection Wednesday 8 th July, 2026 Dr Ashish Dixit Multimodal AI-Watermarking for Protecting Generative Content in Metaverse Interactions Wednesday 8 th July, 2026 Dr. Neha Singh Fraud Identification in Financial Transaction Categorization via Machine Learning Methods Thursday 9 th July, 2026 Dr. Ayushi Prakash FLAME-Flutter-Based Agricultural Monitoring Engine Thursday 9 th July, 2026 Mr.Manoj Kumar Comparative Analysis of Various Communication Protocols for IOT Based Applications Thursday 9 th July, 2026 Dr. Avdhesh Gupta Artificial Intelligence and Machine Learning in Robotic, Teleoperated, and Remote Surgery Monday 13/07/26 Mr. Bhupesh Kumar Gupta Noise Robustness Study Using Seer Prostate Cancer Data: Particle Swarm Optimized Random Forest Monday 13/07/26 Ms.Ritika Dhyani Real Time Human Detection in Thermal Images: Challenges and Solutions with Thermosense. Monday 13/07/26 Ms. Vibha Srivastava Emotion AI based Picture Recapitulation utilizing Machine Learning and Deep Learning Techniques Wednesday 15 th July,2026 Mr. Mradul Jain A Technical Blueprint for an Emotional Journal AI: Leveraging RAG and ChromaDB for Personalized Emotional Intelligence from author profile Friday 17 th July, 2026 Mr. Sharvan Kumar AI-Powered Zero Trust Architecture and Anomaly Detection to Protect 5G Core Networks Friday 17 th July, 2026 Ms.Sharddha Pandey Transfer Learning and Generative Modeling in Zero-Shot Classification of Novel Pesticide Symptoms on Tomato Leaves Friday 22/05/2026 Miss. Swati Tomar Graph convolution neural networks for molecular mechanism exploration in Covid-19 patent Monday 25/05/2026 Dr. Santosh Upadhyay Performance-Efficient Intrusion Detection for IoT Using CNN-BiLSTM and Incremental Principal Component Analysis Tuesday 16/6/2026 Mr. Manish Kumar Multilingual Ground to Done Dialogue system for resource language Friday 26/12/2025 Mr. Vishal Jayswal Vision transformer based Architecture for hindi image captionin Monday 25/05/2026 Dr. Pawan An Intelligent Gateway-Based Energy-Efficient Power-Aware Routing Protocol for Performance Optimization in Mobile Ad Hoc Networks Thursday 02/07/2026 Dr. Ashish Kumar A Multi-Modal AI Framework Integrating Speech and Handwriting for Early Diagnosis of Parkinson's and Alzheimer's Disease: A Critical Review Thursday

2/07/2026 Mr. Sandeep Yadav Emerging machine learning applications in Canine disease prediction: A Comprehensive survey Friday 10/7/2026 Dr. Nishant Pathak Enhancing Global Optimization Accuracy Using an Artificial Intelligence Integrated Two-Fold Gravitational Search Algorithm for Intelligent Networked Systems Friday 10/7/2026 Dr. Shashank Sahu AI-Driven Automated Identification of Early and Late Blight in Potato plants Using Optimized CNN Models Date of Presentation Name of Faculty Topic 31/07/2025 Dr. Avadesh Gupta improves accuracy for helarogen data dDNCE doalHhare eaetge oleucas 31/07/2025 Dr. Shashank Sahu OpportuNest – Compus Carrer Management System 28/07/2025 Dr. Rajesh Prasad Bidirectional Wavelet Index Representation using Wavelet Matrix 26/07/2025 Mr. Samender Singh Integrating Artificial Intelligence and Machine Learning for Accurate Identification of Melanoma in Medical Imaging 26/07/2025 Mr. Sharma Ji Enhanced Machine Learning Framework for DDoS Attack Endurance in Vehicles Security for 5G Networks 10/07/2025 Ms. Bhumica In-depth Routing Protocols in IoT-Oriented Sensor Networks: A Review 12/07/2025 Mr. B. N. Pandey Looking at Sustainability More Fundamentally: Quest for a Holistic Worldview 03/07/2025 Ms. Lucky Sharma Design of Efficient Deep learning Algorithm for early prediction of Brain Cancer Disease 02/07/2025 Dr. Sachin Jain Deep Learning based Ensemble Approach for Brain Tumor Classification 26/06/2025 Ms. Ankita Rani MRI brain tumor detection using deep learning and machine learning 26/06/2025 Ms. Manisha Rai A Review of the Internet of Things (IoT) in Terms of Energy Efficiency, Privacy, and Security 24/06/2025 Dr. Amrita Bhatnagar Machine learning in detection of hyper tension Risk factor 23/06/2025 Mr. Amit Kumar A Framework for Human Identification Using Hybrid Machine Learning Model 23/06/2025 Dr. Inderjeet Kaur AI-Driven Leaf Disease Recognition System for Sustainable Living 11/06/2025 Mr. Vishal Chaudhary Social Network Analysis of Workforce Dynamics in the Era of Generative AI 10/06/2025 Ms. Kamna Singh Energy Efficient Distributed Systems for Large Scale Data Processing 22/05/2025 Dr. Anuradha Taluja Automated diagnosis of Carcinoma cancer improved with advanced graph neural networks 23/05/2025 Dr. Sonam Gupta Deep Learning Architectures for Early Detection of Skin Cancer 07/05/2025 Ms. Juli Yadav Role of IOT in Healthcare: Applications, Security & Privacy 06/05/2025 Mr. Arivind Gautam Performance Analysis of Optimizer for Hyperparameter Tunning in Image Captioning 05/05/2025 Mr. Mradul Kumar Jain Enhancing Voting System Security and Accessibility through Biometric Authentication Using Blockchain and IOT Integration 01/05/2025 Dr. Santosh Kumar Upadhyay Crop Diagnose: Intelligent Paddy Disease Recognition and classification using CNNs 30/04/2025 Mr. Ashish Kumar Enhanced Predictive Modeling for Chronic Kidney Disease Diagnosis 12/04/2025 Mr. Manoj Kumar A Review of Energy Efficient Data Collection Techniques in WSN 12/04/2025 Dr. Asish Dixit Emoji Support: Predictive Mental Health using ML: Unveiling Personalized Intervention Avenues 11/04/2025 Mr. Sharvan Kumar Harnessing LSTM Networks for Predictive Analysis in Stock Market Dynamics 09/04/2025 Ms. Vibha Srivastava Review on Conventional ML Models for Prognosticating Cryptocurrency Price 22/03/2025 Mr. Vikas Ensemble Learning Based Intrusion Detection for Wireless Sensor Network Environment 22/03/2025 Dr. Pawan Multi-class Text Sentiments Analysis Using Natural Language Processing (NLP) 06/02/2025 Ms. Rekha Baghel Deep learning-based Approach for reducing Data Imbalance in breast cancer datasets Date of Presentation Name of Faculty Topic 28/01/2025 Mr. Vishal Jayaswal A Lightweight Deep Learning-based Image Captioning Model for Hindi Caption Generation 15/01/2025 Dr. Saroj Kushwaha Multimodal emojis, emotions, and sentiments analysis in code mixed texts using mutual attention 19/12/2024 Dr. Neha Singh Sarcasm Text Detection on News Headlines Using Novel Hybrid Machine Learning Techniques 18/12/2024 Mr. Pushkal Shukla Utilizing an Ensemble Framework and Hybrid Sea Nutcracker to Detect Asthma Attacks 18/12/2024 Ms. Anuradha Dhumale Error Dynamics in predicting modes of Oscillation of Indian monsoon or Allied Phenomena 17/12/2024 Dr. Ayushi Prakash Multi Layered Defense Architecture for DDoS Protection in a Private Cloud Environment 09/12/2024 Ms. Mahima Saxena Machine Learning Based Optimization for Identifying Effective Drugs in Breast Cancer in Vitro Platform 06/12/2024 Mr. Shiv Pratap Kushwaha Breast Cancer Detection Using Deep Learning Techniques – Survey 05/12/2024 Ms. Neerja Arora Blockchain-based secure data sharing scheme for telemedicine applications 28/11/2024 Mr. Bhupesh Kumar Gupta Hybrid Nature Inspired Algorithms for Cancer Survival Prediction 26/11/2024 Ms. Rachna Singh Sisodia Machine Learning Methods for Predicting Survival of Patients with Heart Failure: Survey 25/11/2024 Ms. Amrita Tiwari Liver Disease Prediction using Machine Learning Models: A Review 23/11/2024 Mr. Mayank Trivedi A Machine learning-based analysis of stock market forecasting: a review 23/11/2024 Ms. Vaishali Deshwal Optimization Strategies to reduce Energy Consumption in AI Workflows 16/11/2024 Mr. Beerbal Solanki An overview on sentimental analysis using deep learning 14/11/2024 Ms. Swati Tomar A Data-Driven approach to assessing COVID-19 vaccine impact on cardiovascular health 13/11/2024 Dr. Akhilesh Verma A Novel Statistical Grid and Rotational Analysis Model for Fingerprint Recognition 12/11/2024 Dr. Sneha Mishra Advanced Method for moving object detection in problematic video sequences 11/11/2024 Mr. Pronab Kumar Adhikari Deep Reinforcement Learning-Driven Path Optimization in Multi-UAV Edge Computing Systems 5/11/2024 Ms. Neeharika Tripathi Enhancing Policing Efficiency: A Machine Learning Based Crime Management System 4/11/2024 Ms. Dhanshri Parihar Securing Machine Learning Models Against Adversarial Attacks: A Review 17/10/2024 Mr. Manish Verma Unmanned aerial vehicles (UAVs): practical aspects, applications, open challenges, security issues, and future trends 10/10/2024 Ms. Harnit Saini IOT and Machine Learning based Real-time protection against Cyber-Physical Threat Mitigation 28/09/2024 Mr. Anuj Kumar An Optimized Energy-Efficient Resource Allocation and Routing Method for WSN-based IoT Network 28/09/2024 Mr. Manoj Kumar Srivastava Energy Efficient Dynamic Algorithm for Sensing Management in Fog

Environment. 25/09/2024 Mr. Yogendra Narayan Prajapati Optimizing Covid-19 CT-Scan Classification with GCLM, CCV, DWT Features & Genetic Algorithm 23/09/2024 Dr. Jaishree Jain Performance Analysis of Liver Disease Prediction Using Supervised Machine Learning Classification Models Date of Presentation Name of Faculty Topic 4/7/2024 Dr. Shashank Sahu Fault Tolerance and Error Handling Techniques in Apache Kafka. 4/7/2024 Dr. Avdhesh Gupta Evaluation of QKD security with blockchain implementation using QKDNetSim environment. 25/05/2024 Dr. Rajesh Prasad Time series Analysis and prediction of covid -19 patients using discrete wavelet transform and auto-regressive integrated moving average model 21/05/2024 Dr. Rakesh Kumar Yadav Lifetime Enhancing cluster head based routing for WSNs using optimized approach 17/05/2024 Ms. Rachna Singh Sisodia Explainable Artificial Intelligence towards medical: combined study 16/05/2024 Ms. Kamna Singh Internet of things: Diverse Algorithm for Node MCUESP8266 with sensors and layered framework 15/05/2024 Ms. Shiva Tyagi Handling Reliability Factors in the ambit of OSS 14/5/2024 Mr. Sharma ji 5G Security Issues Challenges and Solutions against DDoS Attacks: A Survey 13/5/2024 Dr. Pawan An effective and comparative Analysis of asthma prediction using Machine Learning Algorithms 11/05/2024 Dr. Anuradha Taluja Acute Ischemic stroke prediction using machine learning 11/05/2024 Dr. Santosh Kumar Upadhyay Automatic Recognition and Classification of Tomato Leaf Diseases using Transfer Learning Model 2/05/2024 Mr. Sandeep Yadav Prediction of asthma using machine learning 01/05/2024 Mr. Surendra Kumar A systematic survey on multimodal emotion recognition using deep learning. 30/04/2024 Mr. Manoj Kumar I Enhancing OTP Generation Efficiency through Cryptographic Technique 30/04/2024 Ms. Ritu Sharma Fundamentals of Data Analytics and Lifecycle 24/04/2024 Ms. Amrita Bhatnagar Anomaly Intrusion detection system based on RNN-LSTM for cyber attack classification 23/04/2024 Ms. Harnit Saini Machine Learning Approach for Mitigating Security Threats in IOT Environment 18/04/2024 Dr. Nishant Kumar Pathak Two-fold gravitational search optimization-based clustering protocol for wireless sensor networks 16/04/2024 Ms. Heena A Review of Search Engine Optimization Techniques and Future Research Directions 16/04/2024 Mr. Pradeep Gupta Plant leaf Disease identification using deep learning algorithm 15/04/2024 Mr. Amit Goel Design and Development of Efficient Copy Move Forgeries Detection System using Deep Learning Techniques. 12/04/2023 Mr. Vishal Chaudhary Harnessing AI for malware Analysis: A deep dive into Threat Detection 12/04/2023 Ms. Swati Tomar A New Approach of Machine Learning & Deep Learning Algorithms Based Crop Yield Detection. 10/04/2024 Ms. Amrita Tiwari Using block chain in medical sector 09/04/2024 Ms. Rupa Rani Detecting Media using Bernoulli RBF_RF Classifier(BRRC) 09/04/2024 Dr. Ayushi Prakash Multilingual Speaker Recognition using Mel-frequency Cepstral Coefficients and Gaussian Mixture Model 06/04/2024 Mr. Manoj Kumar-II A Review of Search Engine Optimization Techniques and Future Research Directions 05/04/2024 Dr. Sonam Gupta Hate Speech detection: Recent Advancements and Emerging Technologies 05/04/2024 Mr. Ashish Dixit Unobtrusive Watermarking for Copyright Preservation and Authenticity Verification in Digital Images using HVS-Based Technique 20/2/2024 Ms. Neeti Pahuja Role of IoT in healthcare 27/01/2024 Mr. B.N. Pandey Understanding the Inherent Interconnectedness and other Salient Characteristics of Nature crucial for Sustainability 24/01/2024 Ms. Rekha Baghel Breast Cancer Detection using Machine Learning Techniques 23/01/2024 Mr. Ashish Kumar-I A Machine Learning Based Analysis of Stock Market Forecasting: A Review 9/01/2024 Mr. Updesh Kr. Jaiswal An effective Search-based Test Data Generation Method for Branch Coverage Software Testing using Particle Swarm Optimization Date of Presentation Name of Faculty Topic 9/2/2024 Mr. Vikas Anomaly Detection in WSN for Cyber Security 9/2/2024 Mr. Beerbal Solanki A Review of Content based image retrieval using color and texture features 5/02/2024 Mr. Bhupesh Kumar Gupta Survival Prediction of Cancer Patients. 5/02/2024 Dr. Jaishree Jain Sentiment Analysis based on NLP using Machine Learning Techniques. 24/01/2024 Ms. Rekha Baghel Breast Cancer Detection Using Machine Learning Techniques 23/01/2024 Mr. Ashish Kumar-I A Machine Learning-Based Analysis of Stock Market Forecasting: A Review 11/01/2024 Mr. Sharavan Kumar Intrusion Detection System for IOT based Smart Environment: A Survey 10/01/2024 Ms. Ankita Rani A real employee attendance monitoring system using ANN 09/01/2024 Mr. Updesh Kumar Jaiswal An effective Search-based Test Data Generation Method for Branch Coverage Software Testing using Particle Swarm Optimization Date of Presentation Name of Faculty Topic 30/11/2023 Mr. Ashish Kumar-II Comprehensive Chronic Kidney Disease prediction based on Machine Learning Model: A Review 29/11/2023 Ms. Vaishali Deshwal Role of Machine Learning Techniques in Prediction of Infectious Diseases 28/11/2023 Mr. Varun Kumar (CSE) Capacity Maximization & Ultra Reliable Low Latency Minimization for Mobile Edge Computing using Machine Learning in 6G Networks 25/11/ 2023 Ms. Gunjan Saxena High utility Itemset Mining: a review 25/11/ 2023 Ms. Ritika Dhayani Recommendation of Dishes based on Flavor 25/11/ 2023 Ms. Manisha Rai Adoption of Block chain Technology in Healthcare Systems: A Review 25/11/ 2023 Mr. Mayank Trivedi A Review on Plant Disease Detection 24/11/ 2023 Mr. Arvind Kumar Gautam Vulnerability assessment and penetration testing to enhance the security of web application 23/11/ 2023 Mr. Amit Kumar Face and gait biometrics authentication system based on simplified deep neural networks 20/11/ 2023 Mr. Mradul Kumar Jain Early Disease Exposure by Digital Pathologist & Computerized Analysis for Histopathology Image Classification 17/11/ 2023 Ms. Mahima Saxena Emotion detection using RNN 17/11/ 2023 Ms. Neeharika Tripathi Evaluating the effects of responsive web design on the usability of academic websites in the pandemic 17/11/ 2023 Mr. Pushkal Shukla Prediction of asthma attack in small children using Machine Learning Techniques 10/11/ 2023 Ms. Juli Yadav Artificial Intelligence based Virtual Mouse using Hand Gestures 09/11/ 2023 Ms. Dhanshri Parihar Text Summarization: A Review 08/11/ 2023 Mr.

Pronab Kumar Adhikari UAV Enabled Mobile Edge Computing: Opportunity and Challenges 07/11/ 2023 Dr. Akhilesh Verma Unmasking the Threat: Exploring Speaker Verification in Audio Replay Spoofing Attacks 28/10/2023 Ms. Neerja Arora Cloud Based Secure Framework for Service Authentication and Access Control in Smart Cities architecture Employing in IOE 28/10/2023 Mr. Anuj Kumar Exploring the Cut-Off between Energy balance and Delay in In-Network Data Aggregation(I-NDA) for Wireless Sensor Networks 30/09/ 2023 Mr. Manish Kumar Performance Analysis of CNN Models with Data Augmentation in Rice Diseases 30/09/ 2023 Mr. Manoj Kumar Srivastava Efficient and Secure Data Analysis for Recent IoT Application in Cloud Environment 09/09/ 2023 Mr. Yogendra Narayan Prajapati Enhancing COVID-19 Diagnosis and Severity Evaluation through Machine Learning Algorithms Applied to CT images 09/09/ 2023 Mr. Sachin Jain Brain Tumor Classification using Deep learning based Novel Hybrid Approach 09/09/ 2023 Ms. Bhumica Recent Advances in Transfer Learning for Natural Language Processing (NLP) 26/08/ 2023 Mr. Vishal Jayaswal OCR Based deep learning approaches for Image Captioning Date of Presentation Name of Faculty Topic 21/7/2023 Mr. Sachin Jain Ensembled techniques for brain tumor classification 20/7/2023 Dr. Akhilesh Verma Scalable parallel wavelet tree algorithm and its performance analysis on AWS multicore EC2 20/7/2023 Mr. Anuj Kumar Dwivedi Machine learning based intrusion detection model 18/7/2023 Dr. Inderjeet Kaur Digital twin in smart farming 18/7/2023 Mr. B.N. We aim to develop students' problem-solving skills through coding workshops and seminars that prepare them for national and global competitions. Our events are designed for all skill levels, offering insights and techniques to master Competitive Programming. Founded in 2019, the club is privileged to have an inspiring alumni network. Righved Kumar, a member of the founding batch, played a key role in laying the foundation of the club and fostering a culture of learning, innovation, and collaboration. He currently works at the Quant Firm Susquehanna International Group and has previously worked with Microsoft and Media.net. Alongside, Suresh Upadhyay, another distinguished alumnus, has contributed to the club's legacy with his exceptional journey in competitive programming and industry. He is currently a Software Engineer at Google, with past experience at Amazon, Dunzo, and Samsung. Their achievements and guidance continue to motivate and empower the next generation of coders at AKGEC. Achievements Our journey in the International Collegiate Programming Contest (ICPC) reflects dedication, teamwork, and perseverance. In 2024, we qualified as Regionalists at the Amritapuri Doublesite Regional Contest, following our 2023 success at the Kanpur and Chennai sites. Along the way, our teams were also honored with the Team Excellence recognition. Over the years, members including Aakarsh Singh, Ayush Agrawal, Paras Upadhyay, Kapish Upadhyay, Shreyansh Mittal, Utkarsh Shukla, Satvik Maheshwari, Utkarsh Kumar Yadav, and Shreyansh Mohan have carried forward this legacy of achievement. These milestones highlight not only technical expertise but also the collaborative spirit that drives us. We continue to strive for excellence, aiming to reach greater heights in future contests. The team was mentored by Mr. Manish Kumar , led by Tanvee Saxena (III Year – CS), with team members Abhaydeep Indwar (III Year – CSE-DS), Jyotsna Bhartiya (III Year-CSE), Tanisha Jain (III Year-CS-Hindi), Aarushi Vashisth (III Year -CSE)and Arjun Gupta (III Year-AIML). This innovative solution earned the team a cash prize of ₹1,50,000 , marking a significant achievement for the entire team. Team SynChron secured the First Runner-Up position in the Smart India Hackathon 2025 (Software Edition), held on 8–9 December 2025 at IIT-ISM Dhanbad, Jharkhand, by successfully working on Problem Statement SIH25028,

which focused on building an automated class scheduling platform for higher education institutions. The problem aimed to eliminate timetable clashes, classroom underutilization, faculty workload imbalance, and scheduling complexities arising from multidisciplinary academic structures. Team SynChron developed an intelligent timetable generation system powered by a Genetic Algorithm, offering a flexible and adaptive approach to handle complex scheduling constraints and dynamic academic requirements. The solution incorporated all parameters defined in the problem statement and was further enhanced based on judges' suggestions during development. To elevate user experience and efficiency, the platform integrated an RAG-based chatbot for interactive assistance, an ML-supported optimization layer to accelerate algorithm performance, and NLP-driven constraint handling for superior accuracy. This innovative approach enabled highly optimized, user-friendly, and scalable scheduling for multi-departmental academic structures. Team was mentored by Dr. Pawan, led by Aaryan Kumar (II YEAR –CSE), with team members Ayush Singh (II YEAR –CSE), Aaryan Aggarwal (II YEAR –CSE), Bhavya Bhardwaj (II YEAR –CSE), Amresh Chaurasiya (II YEAR –CSE), and Divyanshu Dev (II YEAR –CSE(AIML)).

Mini Anveshna 2025-26 AKGEC proudly hosted Mini Anveshana 2025–26 on 14-15 October 2025, a spectacular two-day celebration of creativity and innovation that witnessed 113 brilliant student teams transforming their ideas into reality. The event showcased groundbreaking projects that reflected the spirit of technological excellence and problem-solving. Congratulations to the winners — 1st: “Vasuki – Disaster Site Snake Bot” by Rakhi Sharma, Utkarsh Raj, and Garvit Sharma (IT); 2nd: “Gyan-Dhwani: AI-powered Call Assistant” by Mrigank Raj and Satvat Navid (CSE); 3rd: “Sanraksham – Smart Chest Strap” by Tushar Saini and Nitigya Garg (CSE); 4th: “Oral Cancer AI Screener” by Raj Aryan and Nitish Kumar (IT); and 5th: “Woman Safety Device” by Jatin Mishra and Mayank Sharma (CSE–AIML). A special mention goes to the Top 20 teams who received consolation certificates for their remarkable efforts. The event's success was amplified by the insights of expert panelists — Dr. Rohit Singh (Shiv Nadar University), Mr. Salman Khursheed Ahmad (Galgotias University), and Ms. Shashibala Agarwal (MAIT). The event truly stands as a testament to the collaborative spirit, creativity, and passion that define AKGEC's culture of innovation.

Design & Thinking Workshop “Design & Thinking Workshop” organized by the Department of Computer Science & Engineering, was held on September 4, 2025 in collaboration with the Agastya International Foundation. This session empowered our 3rd-year B.Tech students with the “Five Steps of Innovation.” The goal was to move beyond theory and equip students with a structured approach to solving real-world challenges. The results speak for themselves: Over 96% of attendees rated the workshop “Very Good” or “Excellent.” 95% now feel “Confident” or “Very Confident” in applying these skills to their future projects. The hands-on activities left a lasting impression. Students found the “Empathize” and “Ideate” stages most insightful, learning to understand user needs before creating solutions. In their own words, the workshop was “very interactive, innovative and engaging,” inspiring them to tackle “real life problems for people of rural areas”.

ANVESHNA 2025 AKGEC students have excelled at Anveshana 2025, held at the National Science Centre, Delhi, on 6-7 February 2025. Out of 42 finalist teams, 9 were from AKGEC, showcasing our commitment to innovation and mentorship. We are proud to share that three of our teams won prestigious awards: 1. First Prize (₹30,000) – Team Aarambh (Adaptive Traffic Control System) Members: Vandit Mishra & Sarthak Kumar Singh (B.Tech IV Year, EC) Mentor: Dr. Amit Garg 2. Consolation Prize (₹5,000) – Team AirAware (Smart AQI Monitoring) Members: Samyak Jain (B.Tech III Year, IT) & Pranjal Saxena (B.Tech III Year, EC) Mentor: Dr. Shivani Agarwal 3. Consolation Prize (₹5,000) – Team EcoSteam Catalyst Member: Nimit Varshney, B.Tech II Year, EC student Mentor: Dr. Naresh Kumar

SIH 2024 Two teams of AKGEC, Bhoomik and BlueSentinel, won the Smart India Hackathon 2024 (Software Edition) in Chennai and Ahmedabad, respectively. Team Bhoomik developed a solution to streamline the Indian postal system, featuring apps for customer interaction, departmental data collection, and a dashboard for performance monitoring. BlueSentinel created an application for assessing Building Integrated Photovoltaic (BIPV) potential using 3D city models and solar energy simulations. The details of the teams are as follows:

S. No.	Team Member Name	Team Name	Faculty Name
1	Rahul Joshi	BHOOMIK	Mr. Manish Verma
2	Sanjana Bishnoi	Priyanshu Tiwari	Neha Rajpoot
3	Aryansh Mishra	Poorva khatri	Eeshu BlueSentinel
4	Surendra Kumar	Rishi Keshari	Vedan Yadav
5	Raj Aryan	Som Gupta	kavita Yadav

ANVESHNA 2024 The adventure began with the Anveshana Prelims on September 22, 2023. Out of 66 teams, 50 were chosen by September 30, 2023, for the next stage, setting the stage for an exciting journey of learning and discovery. To support young inventors, the Mini-Anveshana was held on November 23 & 24, 2023 held at AKGEC, Ghaziabad. This event, a joint effort by Agastya Foundation and our department, saw 50 teams participate, with 10 making it to the final round. Awards were given to three projects—Grabup, UweFlush, and Water Monitoring System—highlighting the potential of guiding young minds towards innovation. From November 2023 to January 2024, the final 10 teams were each paired with two school students. Our students mentored these young learners from COMPOSITE SCHOOL, VAISHALI, teaching them about their projects and helping them understand the science behind them. This period was key in preparing the projects for the final presentation and ensuring the students were ready to showcase their work. The final event took place on February 6th and 7th, 2024, in Delhi. Our teams presented 10 innovative projects among entries from various colleges across 7 union territories. We're proud to announce our students won three awards: I. UweFlush won the First Position, with a prize of Rs. 30,000. (Faculty mentor, Dr. Jitendra Chabbara) UweFlush: Rashank Agrawal and Swati Singh focused on innovative solutions for the importance of sanitation technologies. II. Swachh – Carbon Credit System came in 5th Position, with a prize of Rs. 10,000. (Faculty mentor, Dr. Ruchi Gupta) Swachh – Carbon Credit

System: Tarun Lalwani and Harsh Sharma worked on a project that encourages cleanliness and environmental care by rewarding carbon credits for eco-friendly actions. III. NIRIKSHAN: Plant Disease Detect took the 9th Position, with a prize of Rs. 5,000. (Faculty mentor, Dr. Amit Garg) Team members Vandit Mishra and Shant Shukla developed a system to detect plant diseases, showcasing a blend of technology and care for plant health. This event was smoothly coordinated by Dr. Akhilesh Verma (Associate Professor, CSE) and Dr. Anuradha Taluja, (Associate Professor, CSE), who played pivotal roles in the organization and success of ANVESHANA 2023-24. Quant Quest'23 RENDEZVOUS FEST IIT-Delhi Student of Department of Computer Science and Engineering along with student from ECE department participated in final round of Quant Quest Hackathon 2023 algorithmic trading competition which was held from 06-03-2023 to 12-03-2023 in online mode at Indian Institute of Technology, Delhi. It was held under RENDEZVOUS IIT Delhi cultural fest, presented by ALGOBULLS. Rendezvous is a remarkable event that brings together students from across the country to advance technical knowledge and zest among the youth of India. Rendezvous is the largest Technical and Cultural Fest in complete Asia. Rendezvous always receive a strong positive response from all over India. This year nearly 500+ participants from different colleges of India were come together in the Quant Quest to show their programming & trading skills. The students of our college were 2nd runner up in the contest and received following prizes: S.no Project Name Faculty Mentor Student Name Student Roll No Student Branch/ Year Prize 1. Trading_Brainia Mr. Anurag Gupta Sadhvi Sharma 2100270100135 CSE 2 nd Year 2 nd Runner up Prize worth Rs. 45K along with 6-months internship opportunity By AlgoBulls Yash Taparia 2000270310190 ECE 2 nd Year The participation turned out to be very fruitful as the students had a very knowledgeable experience. They also received free subscription on AlgoBulls trading platform and 6 months internship opportunity. SHANKARA HACKATHON 2023 SHANKARA HACKATHON is a 24 hours continuous design sprint-like event in which computer programmers and others involved in software development, including graphic designers, interface designers, project managers and others often including domain experts, collaborate intensively on software projects. The competition was organized by Shankara group of Institutions in association with RTU, Jaipur. The event was inaugurated by Shri. Kalraj Mishra ji (hon'ble Governor of Rajasthan) along with the special guest of honour H.E. Julius Pranevicius(Ambassador of Lithuania in India). This year around 130 projects were presented from different colleges all over India. Our college presented four projects out of which the project titled "SignGo" won the first prize of Rs. 50000. The esteemed jury members appreciated all the teams and asked the team to contact them personally. S.No Roll No Name Branch Year Project Name Faculty Mentor Prize 1. 2000270120071 Nitish Chaurasiya CS 3rd SignGo Dr. Pratima Singh 1st Prize (Rs. 50000) 2000270120073 Paras Agarwal CS 3rd 2000270120104 Shivika Tyagi CS 3rd 2000270130046 Deeksha Jindal IT 3rd 2000270120113 Swati Agarwal CS 3rd 2000271530046 Samiksha Khandelwal CSE(AIML) 3rd 2. 2000270120001 Aadarsh Pandey CS 3rd AroundU Mr. Anurag Gupta Participation certificate 2000270100079 Harsh Tripathi CSE 3rd 2000270110049 Janmejy Singh CSIT 3rd 2000270120024 Aradhya Singh CSE 3rd 2000270120023 Anushka Singh CSE 3rd 2100271540052 Shashwat Singh CSE(DS) 2nd 3. 2100270100091 Kshitiz Agarwal CSE 2nd Edumate Mr. Anurag Gupta Participation certificate 2100270100176 Utkarsh Singh CSE 2nd 2100270100096 Lisha Singh CSE 2nd 2100270120051 Kartikey Tandon CS 2nd 2100270120047 Jatin Shankar Srivastava CS 2nd 2100270120024 Aruj Bansal CS 2nd 4. 2100270310046 Anushka Sharma ECE 2nd Automatic Plant Watering System Mr. Abhishek Tiwari Participation certificate 2000270310190 Yash Taparia ECE 2nd 2100270310016 Aditya Raj Sharma ECE 2nd 2100270310014 Aditya Narayan Gupta ECE 2nd The event turned out to be very fruitful and has motivated other students as well for participation in such events in near future. InnoHacks at KIET Ghaziabad The team won best socially impactful idea out of 30 selected teams at the 24 hours offline hackathon. The project was Digitized Queue Management system for stores, malls, shops and ticket counters. The simple implementation and cost effective solution with easy usability was appreciated by the judges. Team members: 1. Saksham Tiwari (CS) (Roll No. -2000270120090) 2. Utkarsh Kumar Singh (CSE) (Roll No. -2000270100173) 3. Manish Kumar Yadav (CSE) (Roll No. -2000270100095) 4. Hargun Singh (IT) (Roll No. -2000270130065) Prize Won: Best socially impactful Idea (Rs 5000+ goodies) PROMETEO'23 Students of Department of Computer Science and Engineering along with students of IT Departement participated in final round of HackOverFlow & Date-a-thon 2023 project competition which was held from 20-21 January 2023 in offline mode at Indian Institute of Technology , Jodhpur , Rajasthan. Prometeo is a remarkable event that brings together students from across the country to advance technical knowledge and zest among the youth of India. Prometeo is the largest Technical and Entrepreneurial Fest in North-Western India. It received a huge participant registration of approximately 5,000 individuals from all across the nation. This year nearly 100 projects from different colleges of India were presented. Out of which 13 were selected for the final round of HackOverFlow & Date-a-thon held on 22 January. In the final round 2 projects out of these 13 won the below mentioned prizes in HackOverflow and 1 project out of 13 won in Date-a-thon : S.no Project Name Faculty Mentor Student Name Student Roll No Student Branch/ Year Prize 1. ANVESHANA 2023 AKGEC had a proud moment at Anveshna 2023, where 3 out of 15 projects brought laurels to the college. Team Visual Acuity Test, Fitgo, and E-drishti won 1st, 3rd, and 5th prizes, respectively, with a total cash prize of Rs. 60,000. This year 89 projects from different colleges of North India were presented. Our college students presented 35 projects out of which 15 were selected for the final round held on 9-10 February. Students of Department of Computer Science and Engineering along with school students participated in final round of ANVESHANA 2023 project competition which was held from 9-10 February 2023 in offline mode at National Science Centre, Pragati Maidan, Delhi. This competition is organized by Agastya International Foundation in association with Synopsis, Noida. Originally it has been organized in Bangalore and Hyderabad and now is being hosted in the NCR region from the last few years. The competition is a mentor-mentee program on engineering level projects. The projects were developed by engineering college students and two school students (from class VII to Class X) were trained by them regarding the technologies used and underlying concepts of science. The projects were presented to the jury members (experienced academicians and industry experts) by the school students under the guidance of the college students on the specified dates. The jury members judged the project according to the set benchmarks. This year 89 projects from different colleges of North India were presented. Our college students presented 35 projects out of which 15 were selected for the final round. The details are as follows:

S.no	Project Name	Faculty Mentor	Student Name	Student Roll No	Student Branch/ Year	School Students	Prize
1.	VISUAL ACUITY TEST	Dr. Shivani Agarwal	Aakanksha Verma	2000270130001	CSIT 3 rd Year	Punit & Pinkshikha, (Composite School, Ghaziabad)	1 st Prize (Rs. 30,000)
2.	FITGO	Mr. Anurag Gupta	Piyush Rai	2000270130118	IT 3 rd Year	Amman and Nipun, (DTEA, Delhi)	3 rd Prize (Rs. 20,000)
3.	E-DRISHTI	Dr. Pratima Singh	Ishita Kapoor	2000270100085	CSE 3 rd Year	Nadra and Shaajia, (Senior Secondary School, Paharganj, Delhi)	5 th Prize (Rs. 10,000)

Mohd. Omar Siddique 2000271540037 CSE-DS 3 rd Year PLAN2HACK Hackathon at BVCOE, Delhi The team won 3rd prize out of 140 teams participated in first round, 45 teams which made to second round and 12 teams which made to final round of PLAN2HACK Hackathon held at Bharati Vidhyapeeth College of Engineering on 12May2022. The project was "Newshell" which is a solution to provide summarised news to the readers along with a complete context about the news. The project was praised for its unique technological approach by the jury. Team details are as mentioned below:- Mentor Name – Dr. Pratima Singh, CSE Department Team Members: 1. Malay Joshi (ECE) (Roll No. – 1900270310088) (Team Leader) 2. Yash Khare (CSE) (Roll No.- 2000270100192) 3. Aryan Singhal (CSE) (Roll No.- 2000270130035) 4. Anurag Singh Patel (CSE) (Roll No. – 2000271540016) Prize won: 3rd (Rs.1500/- to each team members.) ANVESHANA 2022 Students of Department of Computer Science and Engineering along with school students participated in final round of ANVESHANA 2022 project competition which was held from 22-25 February 2022 in online mode. This year 104 projects from different colleges of North India were presented. Our college students presented 9 projects out of which 7 were selected for the final round held on 22-25 February 2022. In the final round 3 projects out of these 7 won the below mentioned prizes:

S.No	Project Name	Faculty Mentor	Student Name	Student Roll No	Student Branch/ Year	School Students	Prize
1	VISIONI	Mr. Binayak Parashar	Apoorv Maheshwari	1900270100042	CSE 3 rd Year	1 st Prize (Rs. 9,000)	
2	SAPTO	Dr. Inderjeet Kaur	Anushtha Patel	2000270100085	CSE 3 rd Year	2 nd Prize (Rs. 6,000)	
3	HEAR-IT-THROUGH	Dr. Inderjeet Kaur	Ishita Kapoor	2000270100085	CSE 3 rd Year	3 rd Prize (Rs. 20,000)	

Tanvi Srivastava 2000271530062 CSE 3 rd Year DIFESA Dr. Inderjeet Kaur Apoorv Maheshwari 1900270100042 CSE 3 rd Year Simran & Rinku, (Composite School, Ghaziabad) 4 th Prize (Rs. 15,000) Stuti Goyal 1900270110050 CSIT 3 rd Year The participation turned out to be very fruitful as the students had a very knowledgeable experience. Participation In CDAC-2022 Centre for Development of Advanced Computing (C-DAC) is the premier R&D organization of the Ministry of Electronics and Information Technology (MeitY), Government of India. Azadi Ka Amrit Mahotsav (India@75) is an initiative of the Government of India to celebrate and commemorate 75 years of progressive India and the glorious history of it's people, culture and achievements. CDAC Delhi invited the Indian students for an open Grand Challenge has organized as part of Azadi Ka Amrit Mahotsav (India@75). Total 17 teams has participated from CSE Department in CDAC Grand Challenge Contest 2022, organized by CDAC, MeitY. 6 Teams had been shortlisted for the next round. 2 teams have won the following prizes:

S.No	Project Name	Faculty Mentor	Student Name	Student Roll No	Student Branch/ Year	Prize
1	VISIONI	Mr. Binayak Parashar	Apoorv Maheshwari	1900270100042	CSE 3 rd Year	1 st Prize (Rs. 9,000)
2	SAPTO	Dr. Inderjeet Kaur	Anushtha Patel	2000270100085	CSE 3 rd Year	2 nd Prize (Rs. 6,000)

Harshit Shukla Participation in ANVESHANA 2021 Students of Ajay Kumar Garg Engineering College along with school students participated in ANVESHANA PROJECT COMPETITION 2021 which concluded on 15 March, 2021 virtually on Zoom platform due to Covid-19. Anveshana is conducted by Agastya International Foundation and Synopsys India pvt ltd. Agastya is Bangalore based NGO and Synopsys is US Based IT Consulting firm, with offices in northern and southern part of India. This year 40 Finalist has been selected out of 150 Projects received from 22 Engineering Colleges from Delhi, Haryana, Rajasthan, UP and MP and then they added 2 Schools students in each team from different 32 Government Schools from all 5 states mentioned above. Due to Covid-19, this program was conducted virtually through Zoom Application. Chief Guest,

Mr. Dharmendra Kumar, Deputy Secretary, Ministry of Home Affairs Joined the Valedictory ceremony with Agastya's Chairman, Ramji Raghavan, Head of Operation, Mr. Sai Chandrasekhar, General Manager-Programs-TS Suresh and Lead HR-Synopsys, Shahla Sultana. Two jury, Dr. Prakash from Shiv Nadar University and Mr. Deepak Rai from NIT, Patna, joined for the evaluation process and seen all 40 Finalist Team Presentation scheduled between 9th to 12th March, 2021 and helped to find out top 10 teams to be awarded. Initially, out of 6 teams from our college, four teams were qualified for finals. However out of four, only one team qualified in final round of Anveshna 2021. Students who qualified in finals won 5th prize worth Rs. 10,000 for their project titled "Real-Time Face Mask Detector".

PARTICIPATION IN SHANKARA HACKATHON 2021 Students of Ajay Kumar Garg Engineering College participated in SHANKARA HACKATHON 2021 was during 19-20 March, 2021 at Shankara Institute of Technology, Jaipur. SHANKARA HACKATHON is a 36 hour continuous design sprint-like event in which computer programmers and others involved in software development, including graphic designers, interface designers, project managers and others often including domain experts, collaborate intensively on software projects. The competition was organized by Shankara Group of Institutions in association with TEQIP-III and Rajasthan Technical University, Jaipur. The event was inaugurated by Shri. Kalraj Mishra, Hon'ble Governor of Rajasthan, along with the special Guest of Honour H.E. Julius Pranevicius, Ambassador of Lithuania in India, and Shri. Subhash Garg, Hon'ble Minister for Technical Education, Government of Rajasthan. Around 130 projects were presented from different colleges all over India. Our college students presented two projects out of which the project titled "Smart Education System during Lockdown" won the First prize of Rs.25,000. Both projects were highly appreciated by the jury. JIVIN App Considering the use of Plasma Therapy in treatment of Covid19 and the urgent need to connect the Covid19 patients with the Plasma donors (recovered Covid 19 individuals), AKGEC students Deepesh Kumar (CSE, IV year) and Rachit Yadav (IT, IV Year) developed an App JIVIN (<https://jivin.in/>) that facilitates to connect the Covid19 patient with the prospective plasma donors in real-time based on their location. The app will definitely help to overcome the existing challenge of finding a donor and thus save lives.

PARTICIPATION IN SHANKARA HACKATHON 2020 Students of our college participated in SHANKARA HACKATHON 2020 which was held on 28 and 29 February 2020 at Shankara Institute of Technology, Jaipur. SHANKARA HACKATHON is a 36 hours continuous design sprint-like event in which computer programmers and others involved in software development, including graphic designers, interface designers, project managers and others often including domain experts, collaborate intensively on software projects. The competition was organized by Shankara Group of Institutions in association with TEQIP-III and RTU, Jaipur. Our college students presented two projects out of which the project titled "Smart System to clear the way for Ambulance" won the Runner up prize of Rs. 50,000 . The esteemed jury members appreciated both the teams which participated and advised them to process their ideas further.

Project Name	Faculty Mentor	Student Name	Student Roll No	Student Branch/ Year	Prize
AUTOMATED ROOM CLEANING ROBOT	Mr. Saket Kumar Singh	Shubham Pandey	18102710147	CSE 2 nd Year	Participation certificates
SMART SYSTEM TO CLEAR WAY FOR AMBULANCE	Mr. Saket Kumar Singh . Kshitij Khare	Shubh Shah	1802710145	CSE 2 nd Year	Runner up prize of Rs. 50,000
		Nandini Gupta	1802710116	CSE 2 nd Year	
		Riya Gupta	1802710074	CSE 2 nd Year	
WILDFIRE PREDICTION AND PREVENTION	Mr. Saket Kumar Singh	Rishabh Jain	1802710108	CSE 2 nd year	Consolation prize of Rs. 5000
		Naman Jain	1802740081	ME 2 nd year	
		Harshit Gautam	1802731065	EC 2 nd year	

PARTICIPATION IN ANVESHANA 2020 The competition was organized by Agastya International Foundation in association with Synopsis, Noida. Originally it has been organized in Bangalore and Hyderabad and now is being hosted in the NCR region from the last few years. Our college students presented two projects out of which the project titled "Wildfire Prediction and Prevention" won a consolation prize of Rs. 5000.

Project Name	Faculty Mentor	Student Name	Student Roll No	Student Branch/ Year	Prize
Wildfire Prediction And Prevention	Mr. Saket Kumar Singh	Prakanshu Sahu	18102710089	CSE 2 nd Year	Consolation prize (Rs 5000)
		Anjali, Aasmin (Composite School, Ghaziabad)	1802710093	CSE 2 nd Year	
		Priya Sharma	1802710100	CSE 2 nd Year	
Water Purification Using Photo catalysis	Dr. Sonali Patle	Lakshya Bhardwaj	1607310178	ECE 4 th Year	Participation Certificate

COUNCIL OF SCIENCE & TECHNOLOGY, DST, U.P GRANT SCHEME 2018-19 Students of B.Tech IV year CSE successfully completed project 'Smart Home Technology for Persons with Mobility Impairment' under guidance of Dr. Sunita Yadav, HoD CSE. The project received a grant of Rs. 20,600 from Council of Science & Technology, DST, U.P under the UP Engineering Students' Grant Scheme 2018-19. Smart Home System is a fully functional system that uses WIFI module implemented using Android application. It enables user to control appliances and machines which are Raspberry Pi enabled, with just one touch thus making it easy to be used by people with mobility impairment. The focus of this application also includes directing a security system with webcam surveillance. Team Members: Harleen Kaur, Ayushi Goel, Disha Bhatnagar and Deeksha Singh

INTRA DEPARTMENT COMPETITIVE PRESENTATION CII SKILL-WILL-LEAD-PROGRAMME Department of Computer Science & Engineering organized an Intra Department Competitive Presentation on CII SKILL-WILL-LEAD programme for B.Tech CSE students on 12th April 2019 from 10:00 AM -1:00 PM in Project Lab, CL Block 4th Floor. 7 teams participated in this event. The event was being judged by: Dr. Sachin Kumar, Prof. CSE Dept, Mr. Shashank Sahu, ASP, CSE Dept. and Dr. Devesh Singh, ASP, ECE Dept. All the concerned teams have given 10 minutes presentation followed by 2 minutes query session. The teams were judged on the basis of Technical Content, Logical Presentation of Ideas,

Depth of Knowledge, Applications & Usability of selected topic and Time Management, each of 10 marks. Three teams were shortlisted and awarded as follows: Team No Student Name Roll No Year Presentation Topic Award/Prize

Team No	Student Name	Roll No	Year	Presentation Topic	Award/Prize
4.	Megna Gupta	1602710071	3 rd	Natural Language Processing	Second Prize Rs.3000/-
	Shivangi Singh	1602710137	3 rd	Shivanskhi Tyagi	1602710138
	Sukhnandan Malhotra	1602710160	3 rd	6.	Rashi
	1702710129	2 nd	Cyber Security- Secure Authentication	Second Prize Rs.3000/-	Vivek Kr. Agarwal
	1702710186	2 nd	Riya Chaudhary	1702710134	2 nd
	Rupali Ranjan	1702710137	2 nd	2.	Mohd Akbar
	1602710072	3 rd	Image Processing	Third Prize Rs.2000/-	Pranay Malhan
	1602710092	3 rd	Mukul Kumar	1602710075	3 rd
	Krishna Kr Singh	1602710063	3 rd	The above teams have been awarded as mentioned. The participation was a very beneficial and knowledgeable experience for all the students.	

PARTICIPATION IN ANVESHNA COMPETITION (2019) Students of Ajay Kumar Garg Engineeirng College (AKGEC) participated in Anveshna Project Competition on 22-24 January 2019 at National Science Centre, New Delhi. The competition is organized by Agastya International Foundation in association with Synopsis, Noida. This year 29 projects from different colleges of North region were presented. The jury consisted of experienced academicians and industry experts. The college presented three project entries and one team won Consolation Prize of Rs. 5000/- as listed below:

S.No	Project Name	Student Name	Student Roll No	Student Branch/Year	Faculty Mentor	School Students	Prize	
1.	POLLUTION CONTROL & MANAGEMENT	Mohit Rathaur	1602710073	CSE 3 rd Year	Mr. Deepak Rai	Mantasha ClassVIII		
		Mohd. Kashif	ClassVIII	Purva Madhaymik Vidyalaya, Kaila Balak Ghaziabad	Consolation Prize of Rs. 5000/-			
		Shubham Kumar Sahu	1602721099	EN 3 rd Year	Shreshtha Rathore	1602732024	EI 3 rd Year	
		Mridul Arora	1602710074	CSE 3 rd Year	2.	JUNGLE TREE	Prakhar Agarwal	
		1602710090	CSE 3 rd Year	Mr. Deepak Rai	Anam ClassVII	Madiha ClassVIII	Purva Madhaymik Vidyalaya, Kaila Balak Ghaziabad

Professor, CSE visited Gokaraju Rangaraju Institute of Engineering & Technology (GRIET), Hyderabad for participating in the 48 hour Non-Stop National Level Hackathon (Challenge ACI-2018). C-ACI 2018 was organized by GRIET, Hyderabad in collaboration with Center for Development of Advanced Computing (CDAC), Hyderabad Center; Innovation Communication Systems (ICS), a product based Technology Company in the wireless communications space; Clove Technologies, a services company in the area of BIM, Geomatics and Technology; from 12 – 14 October 2018. One of our team "LunaTechs" got the consolation prize of Rs. 5,000/- and certificates. Team: LunaTechs, Model: "Pollution Control and Management of Vehicles"			
1.	Deepak Rai	: Asst. Professor, CSE (Mentor)	2.	Mohit Rathaur	: CSE 3rd Year (Team Leader)	3.	Shubham Kr. Sahu	: EN 3rd Year
4.	Shreshtha Rathore	: EI 3rd Year	5.	Mridul Arora	: CSE 3rd Year	6.	Prakhar Agarwal	: CSE 3rd Year

PARTICIPATION IN SMART INDIA HACKATHON-2018 AKGEC teams participated enthusiastically in the Smart India Hackathon-2018, an ambitious program of the Government of India under the aegis of Ministry of Human Resource Development (MHRD). The Hackathon, a pan-India 36 hours non-stop programming competition to provide e-solutions to more than 500 problem statements from 30+ Ministries and Government departments, was conducted in 26 centers simultaneously and witnessed participation of more than 40,000 students in 7531 teams from various engineering colleges and institutions across the country. 1296 teams were shortlisted for the Grand Finale across 26 different centres in the country. Two teams from CSE department participated in the Grand Finale on 30th-31st March, 2018.

Team Name	Members	Problem Statement
Ministry and Nodal Centre Tech Genesis	KUSHAL GUPTA (CSE 3 rd Year)	VEDANT GUPTA (IT 3 rd Year)
YESH AGNIHOTRI (IT 3rd Year)	PRATIKSHA GAURAV (CSE 3rd Year)	VISHWAS AGGARWAL (IT 3rd Year)
AMAN SINGH PILKHWAL (CSE 3rd Year)	Digital solution to predict drought in a protected area/locality Ministry of Environment, Forest and Climate Change (#MEF6) [COIMBATORE]	
Knowledge Seeker	SACHIN YADAV (CSE 2 nd Year)	AARUSHI GARG (IT 2 nd Year)
UTTKARSH VARSHNEY (IT 2 nd Year)	MUDIT MEHROTRA (IT 2 nd Year)	AMRITANSH KUMAR (CSE 2 nd Year)
HARSH GUPTA (IT 2 nd Year)	Predictive Student Analysis Govt. of Chandigarh (#GCH1) [NOIDA]	

PARTICIPATION IN RAJASTHAN HACKATHON-2018 Government of Rajasthan is committed towards making a competitive and transparent ecosystem for the innovative minds and thinkers across the nation. On the same line, Government of Rajasthan (GoR) organized the fourth edition of Hackathon after its huge success in the past. Hackathon 4.0, a 36 hour non-stop coding marathon was an effective tool used by the state to promote IT & e-governance initiatives. Coders, developers & designers had a prodigious platform to use their out-of-the-box thinking on Bhamashah,e-Mitra, Artificial Intelligence, Internet of Things, AR/VR, Blockchain, Machine Learning, Data Warehouse, Data Mobility and Tourism. The event witnessed dignitaries from Government of India, respected officials from Government of Rajasthan, eminent IT leaders and reputed spokespersons from different corners of the world.

1. Problem Statement: The lack of pre-booking facility of government-approved guides at various monuments of Rajasthan. Solution Proposed: We planned to make a web portal through which tourists can book government-approved guides for any historic monument of Rajasthan in advance. This will help the tourists in saving time and efforts in searching for the guide and in turn, will generate employment in the tourism sector. Our solution will help the Ministry of Tourism in keeping track of various activities like helping the tourists (National / International) by getting a Govt. licensed tour guide booked in real

time with minimal efforts keeping a track of transaction records too. Participants: Team Name : AKG Rockers
Team Leader : Shashwat Jain Team Member 1 : Shivam Jain Team Member 2 : Priyanka Sharma Team Member 3 : Vikas Yadav

2. Problem Statement: To provide a virtual tour of Rajasthan and experience its culture in its full glory by bringing the historic moments to life. Solution Proposed: We planned to make a VR web application through which anyone can have a virtual tour of Rajasthan and can experience its culture. This web application contains 360 degree images of all the tourist destinations, it also contains the current weather conditions of that place for those who want to go there. Our solution will help Ministry of Tourism in improving the tourist's experience of destinations in Rajasthan and its culture.

Participants: Team Name : YouthTech Team Leader : Ram Pravesh Gond Member : Ankit Yadav "██████████ ███ ██████": ████████████████████ ██████████ On 16 February 2018, a group of 10 students from CSE and IT department along with one faculty member Mr. Deepak Rai, Assistant Professor, Department of Computer Science & Engineering visited Talkatora Indoor Stadium, Delhi for attending the interactive session on ████████████ ██████████ with Hon'ble Prime Minister Sh. Narendra Modi. Nearly 2,000 school and college students attended this live programme at Talkatora Stadium. Besides those present at the venue, about 10 crore students from across the country had also participated through video conferencing. Hon'ble Prime Minister started the interactive session on a lighter note that the students are going to take their examinations in few days from now but for him the test is today. He urged the students to always keep a student in them alive. The Prime Minister advised the students in many ways regarding how to remain stress free during examination time of the year. Emphasizing the importance of self-confidence, the Prime Minister said the students should consider themselves to be their own examiners. He recommended that the competition should not be with others but with ourselves. Focus should be on how to improve oneself. He also urged that parents should not make the achievements of their child a matter of social prestige as every child is blessed with unique talents. The session lasting about 2 hours 30 minutes, was highly interactive. In addition to the students present at the venue, many students also interacted through the MyGov.in portal and Narendra Modi app. He spoke about the importance of a healthy balance between IQ (Intelligence Quotient) and EQ (Emotional Quotient). He stressed that emotional bonding is essential for one's overall development. It helps in forging relationships. Intelligence without an emotional connect is worthless. IQ might help to achieve success, but EQ gives purpose to life. Over all this visit was very beneficial and knowledgeable experience for our students. The students felt fortunate to be attending the session and enjoyed it at their best.

PARTICIPATION IN ANVESHNA COMPETITION (2017)

Students of Ajay Kumar Garg Engineering College along with school students participated in ANVESHNA PROJECT COMPETITION which was held from 14 February 2018 to 16 February 2018 at National Science Centre, New Delhi. The competition is a mentor-mentee program on engineering level projects. The projects are developed by engineering college students and two school students (from class VII to Class X) are trained by them regarding the technologies used and underlying concepts of science. The projects are presented to the jury members (experienced academicians and industry experts) by the school students under the guidance of the college students on the specified dates. The jury members judged the project according to the set benchmarks. The competition is organized by Agastya International Foundation in association with Synopsis, Noida. Originally it has been organized in Bangalore and Hyderabad and now is being hosted in the NCR region from the last few years. Our college students presented three projects out of which the project titled "CLEARO AIR PURIFIER" won Second Prize of Rs.25000/- and other project titled "FARMER SUPPORT SYSTEM" won Fifth Prize of Rs. 10,000/-.

Prize	Project Name	Faculty Mentor	Student Name	Student Roll No	Student Branch/ Year
School Students	CLEARO AIR PURIFIER	Dr. Sachin Kumar Ujjawal Baranwal	1402731159	ECE 4 th Year	Yamshi Neha (Junior High School, Kaila, Ghaziabad)
2 nd Prize (Rs. 25,000)		Sachin Kumar Singh	1402731123	ECE 4 th Year	Prateek Srivastava 1502710111
CSE 3 rd Year	FARMER SUPPORT SYSTEM	Dr. Inderjeet Kaur Kartik Jain	1502710070	CSE 3 rd Year	Eishan Faridi (Kendriya Vidyalaya Nehru Nagar, Ghaziabad)
5 th Prize (Rs. 10,000)		Anirudh Singh (P.C. Senior Secondary School, Ghaziabad)	Aman Aggarwal 1502710016	CSE 3 rd Year	Harleen Kaur 1502710061
CSE 3 rd Year		Kunwar Ashutosh Singh 1502713050	IT 3rd Year	AUTOMATED TRASHCAN	Dr. Inderjeet Kaur Anuj Gupta 1502710033
CSE 3 rd Year		Faizan Fardeen (Junior High School, Kaila, Ghaziabad)	Participation certificate	Abhishek 1502710004	CSE 3 rd Year
Ankit Gupta 1502710025	CSE 3 rd Year	Ayushi Goel 1502710048	CSE 3 rd Year	PARTICIPATION IN INFOSYS HACKATHON 2017, CHANDIGARH	A group of 4 students of B.Tech [Rajat Sharma, Kunal Chaudhary, Abhishek Gupta (CS 4th Year) and Deepak Singh (IT 4thYear)] along with one faculty member Mr. Deepak Rai, Asst. Professor, CSE visited INFOSYS, Chandigarh for participating in the HACKATHON 2017, held on 29th and 30th July 2017. 'INFOSYS HACKATHON 2017' was organized for local school and college students with an objective to provide them with hands-on experience in real-time project environments, industry best practices and frameworks. Over 136 students from 26 educational institutions participated in the two-day event hosted by Infosys at its campus. The event consisted of separate tracks for contestants at school and college levels. 34 teams participated in this competition with each team comprising 3 to 4 members. These teams developed IT solutions to the problem statement they picked. Over the course of the event, there were three check points to review progress and provide guidance. Our team was qualified for the final round, which was evaluated by a panel of experts from various IT companies of Chandigarh. Though our team didn't make into top 3, but, overall it was great learning and industry exposure to our students.

PARTICIPATION IN SANSKR PROJECT EXHIBITION 2017 Project entitled DUM-E was submitted in Sanskar Project Exhibition 2017 at Ganpati Institute of Technology,

Ghaziabad on 15 April, 2017. DUM-E is a tool for easing information exchange between normal and differently abled people. The tool, developed for Android devices, converts sign language into text and speech for the normal people to understand easily the messages from the differently abled persons. The project guided by Ms. Nishu Bansal, Assistant Professor, Department of Computer Science and Engineering, was awarded first prize in Other Colleges Category. Student Team Course Pranesh B.Tech CSE IV Year Praveen Kumar Raman Kumar

PARTICIPATION IN SMART INDIA HACKATHON-2017 AKGEC teams participated enthusiastically in the Smart India Hackathon-2017, an ambitious program of the Government of India under the aegis of Ministry of Human Resource Development (MHRD). The Hackathon, a pan-India 36 hours non-stop programming competition to provide e-solutions to more than 500 problem statements from 30+ Ministries and Government departments, was conducted in 33 centers simultaneously and witnessed participation of more than 42,000 students in 7531 teams from various engineering colleges and institutions across the country. 1266 teams were shortlisted for the Grand Finale across 26 different centres in the country. Two teams from CSE department participated in the Grand Finale on 1-2 April, 2017. Team Members Problem Statement Ministry Category The Resolution Squad Anmol Vashistha B.Tech III year IT Digitized Platform/Automatic Response Platform for Handling Parliament Questions Department of Science and Technology Ananya Agarwal B.Tech III year IT Rupanshu Verma B.Tech III year CSE Yash Saxena B.Tech II year CSE Shobhit Mohan B.Tech II year CSE Pankhuri Srivastava B.Tech II year EN Mr. JK Seth (Faculty Mentor) Department of IT Data Scroungers Divya Singh B.Tech III year CSE Prediction of Rain and Local Weather Based on the Available 100 Years of Rainfall Data and Modeling a Farmer Support System Ministry of Environment Forest and Climate change Shristi Agarwal B.Tech III year CSE Kartik Jain B.Tech II year CSE Harleen Kaur B.Tech II year CSE Aman Agarwal B.Tech II year CSE Yatharth Sharma B.Tech II year IT Mr. Deepak Rai (Faculty Mentor) Department of CSE After 36 hours of the continuous programming, the team The Resolution Squad was declared at 9th position in its category out of total of 29 teams and received Rs.10,000 cash award along with Inspiration Certificate.

PARTICIPATION IN ANVESHNA COMPETITION Students of the college participated in Anveshna Project Competition, hosted by Agastya International Foundation in association with Synopsys, during 8-10 February, 2017. The competition is a mentor-mentee program on engineering projects wherein projects are developed by engineering college students and school students from class VII to XI are associated with the projects and trained by the college students on the technologies used and the underlying principles of science. The college and school students work together during the entire development of the project. The college presented two projects during the competition. School students of different schools in Ghaziabad were associated with the projects. Project Name AKGEC Students Year /Branch School Students Project Mentors Smart Krishi E-Monitoring System Manoj Kumar Pooja Kain Komal Kumari Khushboo Kumari B.Tech IV year CSE Satyam DHT Saraswati Vidya Mandir, Ghaziabad Manav St. Paul Academy, Ghaziabad Dr. Inderjeet Kaur Traffic Congestion Management Ankur Kumar Ankush Jain Shashank Gupta Sajiv Gupta B.Tech IV year CSE Ishan Faridi Kendriya Vidyalaya, Ghaziabad Shivam Gautam, DHT Saraswati Vidya Mandir, Ghaziabad Dr. Mamta Bhusry The project Smart Krishi E-Monitoring System was awarded Consolation Prize of Rs.5000 and Certificates.

ANOTHER FEATHER IN THE CAP OF AKGEC Akin to many success stories in the past, AKGEC has done it again! Ayush Agarwal, B.Tech Computer Science and Engineering III year student of Ajay Kumar Garg Engineering College, Ghaziabad, has been selected for the University Innovation Fellows (UIF) Program from Hasso Plattner Institute of Design, Stanford University, USA. The rigorous selection cum training process, based on submission of assignments, video conferencing sessions and personal meeting with the selectors enabled Ayush to be one among the very few candidates from India and three from AKTU to be sponsored by Google. Ayush was recommended by AKTU for the programme based on his academics. The main objective of the UIF programme is to empower student leaders to increase campus engagement with innovation, entrepreneurship, creativity and design thinking by developing them into agents of change at their respective Institutes. The selected candidates work to ensure that their peers gain the knowledge, skills and attitudes required to compete in the economy of the future and make a positive impact on the world by participating in design of innovation spaces, starting of entrepreneurship organizations, hosting experiential learning events and working with faculty to develop new courses. During the next phase of the programme, the selected candidates are expected to advocate and implement various actions to promote activities related to innovation and entrepreneurship in their respective Institutes in close association with mentors from Stanford University. The programme will culminate with a competition at international level in March, 2017 in Silicon Valley, USA.

PARTICIPATION IN "OUR SMART GHAZIABAD" COMPETITION B.Tech students of AKGEC participated in the competition "Our Smart Ghaziabad" hosted by Ghaziabad Development Authority. Project titled "Design & Development of Smart Vehicle Communication for Smart Ghaziabad City" was submitted. During the progress of project, several meetings with GDA officials were held and suggestions from them were incorporated from time to time. The project was mentored by Dr. Mamta Bhusry and Dr. Inderjeet Kaur during Mar 2015- July 2015. The response from GDA has been good with special emphasis on our team work and guidance to students.. Project Name: Design & Development of Smart Vehicle Communication for Smart Ghaziabad City Students Team: Rajat Singh (4 th Yr CSE) Syed Insha Jawaid (4 th Yr CSE) Shubham Choudhary (B.Tech III year EC) Rahul Gautam (B.Tech III year EN) Faculty Team: Dr. Mamta Bhusry Dr. Inderjeet Kaur A paper entitled "Cloud Based Automatic Accident Detection & Vehicle Management System" based on this project was accepted for presentation in 2nd International Conference on Science, Technology and Management held on 27th September 2015 at Delhi

University, Delhi. The paper has been published in International Journal of Electrical and Electronics Engineers, Vol 07, Issue 02, July-Dec 2015 pp 61-72. Paper authors: Rahul Gautam, Shubham Choudhary, Surbhi Vij, Inderjeet Kaur and Mamta Bhusry Laurels/Awards won by students in Extra Co-Curricular Activities ODD SEM 2025-26 Year Name of the Under this programme, top notch students of the institute conduct lectures for weak students. This builds up a sentiment of selfless service and leadership skills within the student community at large. As an incentive, the college gives suitable cash reimbursements to such students. Also, general proficiency marks are enhanced in proportion to degree of participation. The overall programme is conducted under the supervision of concerned subject faculty. ACM Student Chapter The ACM Student Chapter at AKGEC, established in 2022, serves as the student wing of the international Association for Computing Machinery (ACM), dedicated to fostering a culture of collaboration, innovation, and continuous learning among computing enthusiasts. The primary objective of its formation is to create a dynamic platform where students can network, share ideas, and enhance their knowledge through discussions, workshops, and peer learning, thereby nurturing a strong passion for computer science and its diverse applications. The outcome of this initiative has been the active participation of students in academic and professional activities that blend social interaction with technical discourse, connecting members from academia, research, business, and industry. Through this engagement, the chapter has become a hub for exchanging subject-specific insights and fostering professional growth, aligning students with the evolving frontiers of computing and digital innovation. Because of their subject-specific nature, chapters typically focus on information and insight knowledge. Events Conducted: HOUR OF CODE 4.0 On November 7th, the ACM student chapter at Ajay Kumar Garg Engineering College held its annual "Hour of Code" coding competition. The event was a great success, with 100 students from the college participating. The competition consisted of a series of coding challenges in languages such as C, C++, and Java. The challenges were designed to test the students' problem-solving skills and knowledge of programming concepts such as loops, variables, and data types. The competition was fierce, with students working hard to complete the challenges as quickly and accurately as possible. The competition consisted of a series of coding challenges, designed to test the students' skills and knowledge in a variety of programming languages. The winners of the competition will be awarded with cash prize and certificates. Data Science Essentials: From Data to Decisions" ACM Student Chapter, successfully organized a one-day talk titled "Data Science Essentials: From Data to Decisions" on 20 May 2025. The event aimed to bridge the gap between theoretical knowledge and practical applications in the field of Data Science, specifically tailored for second-year undergraduate students. The primary objective of the talk was to: • Introduce students to foundational concepts of data science. • Explain the process of transforming raw data into actionable insights. • Familiarize students with industry tools, workflows, and case studies. • Inspire young minds to explore careers and projects in data-driven domains. The session was conducted by Mr. Ankit Mishra, a distinguished Data Science Expert from GrasTech Pvt. Ltd., Noida. With years of hands-on experience in real-world data analytics, Mr. Mishra provided valuable insights into: • Data collection and preprocessing techniques. • Exploratory Data Analysis (EDA) and visualization methods. • Basics of predictive modeling and machine learning. • Real-life applications of data science in business and technology sectors. The talk successfully met its objectives and was well-received by the students. Participants expressed appreciation for the practical insights shared and found the session highly informative and motivating. The event has sparked interest among students to pursue further learning in the field of data science and analytics. "Hour of Code" Coding Competition On 5 December 2023, the ACM student Chapter at Ajay Kumar Garg Engineering College held its annual "Hour of Code" coding competition. The event was a great success, with 109 students from the college participating. The workshop was successfully conducted in the Project Lab (CS-IT Block) from 4:00 pm to

6:30pm on 5th December 2022. The competition was held in the college's computer lab, which was set up with 109 computers for the participants. Each computer was equipped with the necessary software and tools for the competition. The competition consisted of a series of coding challenges in languages such as C, C++, and Java. The challenges were designed to test the students' problem-solving skills and knowledge of programming concepts such as loops, variables, and data types. The competition was fierce, with students working hard to complete the challenges as quickly and accurately as possible. The competition consisted of a series of coding challenges, designed to test the students' skills and knowledge in a variety of programming languages. The winners of the competition will be awarded a cash prize and certificates. The first-place finisher will receive a cash prize of Rs 2000, while the second will receive Rs 1000, and third-place finishers will receive a cash prize of Rs 500. The "Hour of Code" coding competition was a great success and an enjoyable experience for all the students who participated.

Cyber Security Challenges One day seminar on "CYBER SECURITY CHALLENGES" was organized by ACM Student Chapter on 27 February 2023 for 6th semester CSE students. The seminar was conducted by Mr. Ashwani Kumar. He is a cyber security practitioner, learning and guiding about security management, vulnerability assessment, Incident response, threat hunting and more. Currently he is working with Linear Stack where he researches, analyze and defend to provide cyber security in much better way. He is also Cyber Crime Intervention Officer certified by Information Sharing and Analysis Center, India where he was able to add up his name under National Security Database. 126 students participated in the seminar and explored various dimensions of cyber security. The workshop encouraged students to gain knowledge on various challenges of cyber security. The Machine Learning Centre of Excellence is dedicated to shaping the next generation of innovators by fostering a culture of creativity, technical expertise, and seamless collaboration between academia and industry. We aim to bridge the gap between theoretical knowledge and practical application, equipping students with cutting-edge skills in artificial intelligence, machine learning, and emerging technologies. By providing a nurturing environment that encourages experimentation, critical thinking, and interdisciplinary collaboration, the Centre aspires to cultivate leaders who will drive transformative advancements in technology and society. Our commitment extends beyond technical proficiency, as we strive to instill a mindset of ethical innovation, ensuring that our students' solutions address real-world challenges responsibly and sustainably. Through partnerships with industry leaders and continuous engagement with evolving technological trends, we envision the Centre as a global hub for pioneering research, groundbreaking projects, and impactful contributions to the ever-evolving field of artificial intelligence. The Centre provides a supportive ecosystem where students develop innovative solutions under expert guidance, blending academic excellence with real-world applications in artificial intelligence and related fields.

LAB-INCHARGES Laboratories are the most important part of engineering institutions. Students need to learn engineering concepts practically. With fast growing computer science field, students need to perform more innovative and quality experiments in addition to their curriculum. Keeping in view the above aspect and to make the laboratories more useful for students by creating new facilities and innovations, following faculty members are nominated as Lab-Incharges of the labs for 2023-24 Session: CSE Lab 1 Mr. Vishal Jayaswal Mr. Sanjeev Kumar CSE Lab 2 Mr. Sandeep Yadav Mr. Sanjeev Kumar CSE Lab 3 Mr. Amit Goel Mr. Man Prakash CSE Lab 4 Mr. Bhupesh Kr Gupta Mr. Sunder Singh CSE Lab 5 Mr. Sachin Jain Mr. Hemant Kumar Pathak CSE Lab 6 Mr. Surendra Kumar Mr. Hemant Kumar Pathak CSE Lab 7 Ms. Rekha Baghel Mr. Sunil Kumar Jha Project Lab Mr. Akhilesh Verma Mr. Ravi Dutt Computer Center -1 Mr. Mradul Kumar Jain/Ms. Ritika Dhyani Mr. Sunil Kumar Jha

AKGEC | Top Civil Engineering Colleges in Ghaziabad

Source: <https://www.akgec.ac.in/departments/civil-engineering>

Civil Engineering Faculty Labs Achievements Society Magazine Departmental Activities B. Tech. Civil Engineering 30 Civil Engineering is the art of directing the sources of power in nature for the use and convenience of man, for improvement of quality of life. The theory and practice of Civil Engineering is basically applied in the construction of buildings & structures, roads, bridges, aqueducts, canals, river navigation ports, docks and harbours. At AKGEC, B.Tech course in Civil Engineering is offered with intake capacity of 60. The goal of the department is to produce high quality technical manpower needed by industry, R&D organizations and academic institutions and above all to meet the engineering needs of the nation. The faculty comprises of galaxies of qualified and experienced teachers with Ph.D and M Tech from premier institutions like IITs and NITs. The academic activities of the Department emphasize deep understanding of fundamental principles, development of creative ability to handle the challenges of Civil Engineering and the analytical ability to solve problems which are interdisciplinary in nature. The Department also encourages its students to engage in extra-curricular and co-curricular activities, essential for development and nurturing of team spirit, developing organizational skills and inculcating good moral values and positive work culture. Vision & Mission Vision To produce professionally competent, socially sensitive, motivated and dedicated Civil Engineers capable of working in a multicultural global environment. Mission 1. Educating the students who are, would be "leaders of tomorrow" in academia, government, industry and entrepreneurial pursuit, through learner-centric teaching methodology of theory and practical's and develop the ability to solve problems related to Civil Engineering, individually and in teams. 2. To develop knowledge of fundamental principles and innovative technologies through research within core areas of Civil Engineering and in collaboration with other disciplines that is distinguished by its impact on academic, industry and society. 3. To create in students deep awareness of ethical responsibilities to face the professional and from local, national and international level challenges. PEOs, POs and PSOs PROGRAM EDUCATIONAL OBJECTIVES- (PEOs) OF CE DEPARTMENT PEO 1. Apply the knowledge of science and technology to achieve sustainability in civil

engineering construction. PEO 2. Able to professionally plan, analysis, design and execute civil engineering works. PEO 3. Able to demonstrate the management skills as leaders/members of the team with ethical and societal responsibilities in engineering assignments

PROGRAM OUTCOMES (PO) OF CE DEPARTMENT

Engineering Graduates will be able to:

PO1: Engineering Knowledge Apply knowledge of mathematics, natural science, computing, engineering fundamentals, and an engineering specialization to develop solutions to complex engineering problems.

PO2: Problem Analysis Identify, formulate, review research literature, and analyze complex engineering problems, reaching substantiated conclusions with consideration for sustainable development.

PO3: Design/Development of Solutions Design creative solutions for complex engineering problems and design/develop systems, components and processes to meet identified needs, with consideration for public health and safety, whole-life cost, net-zero carbon, culture, society, and environment, as required.

PO4: Conduct Investigation of Complex Problems Conduct investigations for complex engineering problems using research-based knowledge, including design of experiments, modeling, analysis, and interpretation of data, to provide valid conclusions.

PO5: Engineering Tool Usage Create, select, and apply appropriate techniques, recourse, and modern engineering and IT tools, including predication and modeling, while recognizing their limitation, to solve complex engineering problems.

PO6: The Engineer and the World Analyze and evaluate societal and environmental aspects while solving complex engineering problems for their impact on sustainability, with reference to economy, health, safety, legal framework, culture, and environment.

PO7: Ethics Apply ethical principles and commit to professional ethics, human values, diversity, and inclusion; adhere to national and international laws.

PO8: Individual and Collaborative Teamwork Function effectively as an individual and as a member or leader in diverse and multidisciplinary teams.

PO9: Communication Communicate effectively and inclusively the engineering community and society at large, including the ability to comprehend and write effective reports and design documentation, and make effective presentation while considering cultural, language, and learning differences.

PO10: Project Management and Finance Apply knowledge and understanding of engineering management principles and economic decision-making, and apply these to one's own work as a member and leader in a team, and to manage projects in multidisciplinary environments.

PO11: Life-Long Learning Recognize the need for, and have the preparation and ability for: independent and life-long learning; adaptability to new and emerging technologies and critical thinking in the broadest context of technological change.

PROGRAM SPECIFIC OUTCOMES (PSOs) of the CE Department

PSO 1. Impart practical knowledge in civil engineering construction planning, analysis, design and management.

PSO 2. Become a competent professional engineering to contribute towards the betterment of the society.

PSO 3. Become capable to function as an individual or in a team to find the solution for civil engineering of multidisciplinary nature in context to the environmental and sustainable developments.

HOD

Department of Civil Engineering is headed by Prof. Rakesh Srivastava. He graduated in Civil Engineering with honours from HBTI, Kanpur. He secured his M.E. degree with honours from MNNIT, Allahabad and Ph.D. in Civil Engineering with specialization in Structures from MNNIT, Allahabad. Apart from rich experience in teaching and research, he has also worked as a consultant in the field of Structural Engineering. He has worked at different positions in AICTE approved Engineering Colleges as Dean of Student Welfare, Dean Engineering, and Controller of Examinations. He has many publications in International Journals/Symposium/Conferences. He has attended and conducted many FDPs, National Seminars and International conference funded by AKTU and other agencies. He is a fellow member of Institution of Engineers (India).

Dr. Rakesh Srivastava B. Tech. Civil Engg. (Hons.) (HBTI), M.E. (Hons.) (MNNIT), Ph.D. (MNNIT) 9599670207 CE Faculty

Faculty at AKGEC fulfil multiple roles as educators, researchers and professionals having a broad range of backgrounds, scholarly interests and areas of expertise thereby bringing substantial achievement in professional practice and research into the classroom.

Computer Science and Engineering Faculty Labs Achievements Society Magazine Departmental Activities B. Tech. Computer Science and Engineering 450 B. Tech. Computer Science and Engineering (Artificial Intelligence & Machine Learning) 180 B. Tech. Computer Science and Engineering (Data Science) 120 B. Tech. Computer Science (Hindi) 60 M. Tech. Computer Science and Engineering 18 Department of Computer Science and Engineering at AKGEC was formed in 1998 with inception of the college. The Department provides an outstanding research environment complemented by excellence in teaching. Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of Computer Science. The department provides full support to MTech. scholars in terms dissertation guidance, lab facilities and access to international and national journals. Experienced and senior faculty members are assigned for MTech courses and dissertation work of the scholars. The faculty members and M Tech scholars have published good quality research papers in peer-reviewed and indexed journals and International Conferences in the previous years.

Vision & Mission Vision To be a centre of excellence in providing globally standard education and training in the field of Computer Science & Engineering for producing competent and responsible professionals. Mission To prepare students for successful careers and lifelong learning in Computer Science & Engineering while inculcating professional behavior, strong ethical values and leadership abilities in them.

PEOs, POs and PSOs Program Educational Objectives (PEO) of CSE Department

PEO 1. The graduates of CSE will have a strong foundation in mathematical, scientific and engineering fundamentals necessary to formulate, solve and analyze engineering problem in their career.

PEO 2. The graduates of CSE will have the ability to analyse the requirements, understand the technical specifications and design the engineering solutions by applying computer science theory and principles.

PEO 3. The graduates of CSE will have exposure to work as teams on emerging cutting edge technologies with effective communication skills and leadership qualities.

PEO 4. The graduates of CSE will have successful career by engaging in life long learning.

PEO 5. The graduates of CSE will have skills to work collaboratively on multidisciplinary projects and exhibit high level of professional and ethical values.

Program Outcomes (PO) of CSE Department Engineering Graduates will be able to:

PO1: Engineering Knowledge Apply knowledge of mathematics, natural science, computing, engineering fundamentals, and an engineering specialization to develop solutions to complex engineering problems.

PO2: Problem Analysis Identify, formulate, review research literature, and analyze complex engineering problems, reaching substantiated conclusions with consideration for sustainable development.

PO3: Design/Development of Solutions Design creative solutions for complex engineering problems and design/develop systems, components and processes to meet identified needs, with consideration for public health and safety, whole-life cost, net-zero carbon, culture, society, and environment, as required.

PO4: Conduct Investigation of Complex Problems Conduct investigations for complex engineering problems using research-based knowledge, including design of experiments, modeling, analysis, and interpretation of data, to provide valid conclusions.

PO5: Engineering Tool Usage Create, select, and apply appropriate techniques, recourse, and modern engineering and IT tools, including predication and modeling, while recognizing their limitation, to solve complex engineering problems.

PO6: The Engineer and the World Analyze and evaluate societal and environmental aspects while solving complex engineering problems for their impact on sustainability, with reference to economy, health, safety, legal framework, culture, and environment.

PO7: Ethics Apply ethical principles and commit to professional ethics, human values, diversity, and inclusion; adhere to national and international laws.

PO8: Individual and Collaborative Teamwork Function effectively as an individual and as a member or leader in diverse and multidisciplinary teams.

PO9: Communication Communicate effectively and inclusively the engineering community and society at large, including the ability to comprehend and write effective reports and design documentation, and make effective presentation while considering cultural, language, and learning differences.

PO10: Project Management and Finance Apply knowledge and understanding of engineering management principles and economic decision-making, and apply these to one's own work as a member and leader in a team, and to manage projects in multidisciplinary environments.

PO11: Life-Long Learning Recognize the need for, and have the preparation and ability for: independent and life-long learning; adaptability to new and emerging technologies and critical thinking in the broadest context of technological change.

Program Specific Outcomes (PSOs) w.e.f. Session 2016-17

PSO 1. Ability to exhibit analytical & logical skills and apply knowledge of Maths and Computer Science to design, develop, test and maintenance of software

solutions. PSO 2. Ability to identify, formulate and resolve real life/social problems by using current computer technology. HOD Dr. Anu Chaudhary, is a Professor and Head at the Department of Computer Science and Engineering. He has an extensive background in both academia and industry, with over 22 years of experience. He holds a Ph.D. in Computer Science from Gurukul Kangari University, Haridwar (U.K) India, specializing in the field of "Performance Evaluation of High Speed Data Networks." He also has an M. Tech in Computer Science from Birla Institute of Technology (BIT), Mesra Ranchi, and an MCA from the University of Madras. Dr. Chaudhary has made notable contributions to research, having published more than 20 research papers in both international and national journals and conferences. He holds 6 patents at the national level. His academic engagement includes guiding Ph.D. scholars, as well as supervising numerous M.Tech, MCA, and B.Tech projects. Dr. Chaudhary current area of research is in the field of High Speed Data Networks, Machine Learning, Data Science and related domains. He's an active participant in the academic community, serving on editorial and reviewer boards of various national and international journals. He has also taken on leadership roles by chairing multiple national and international conferences. Dr. Chaudhary is a member of several technical societies, including the Institution of Electronics and Telecommunication Engineers (IETE) and the Computer Society of India (CSI). Prof (Dr.) Anu Chaudhary Ph.D (Computer Science), M.Tech (Computer Science), MCA 8527976204 (M) , , , CSE Faculty Faculty at AKGEC fulfil multiple roles as educators, researchers and professionals having a broad range of backgrounds, scholarly interests and areas of expertise thereby bringing substantial achievement in professional practice and research into the classroom. [gs_team theme="gs_tm_theme1" group="CSE Faculty" cols="2"] VIEW ALL Labs Python Language Programming Lab Software Engineering Lab C programming Lab Operating System Lab Web Technology Lab Computer Network Lab M. Tech. Lab Project Lab Adequate and Well Equipped Laboratories of CSE Department

1. The department has adequate number of laboratories as per requirement (strength of students in the department and number of labs / practical courses mentioned in syllabus scheme of university (AKTU, Lucknow).
2. These laboratories are fully equipped with hardware kits / equipment's, software tools and consumables.
3. These labs have all the basic as well as advanced level facilities to fulfil the requirements of UG, PG and PhD level courses.
4. These laboratories are utilized by the students and faculty members of CSE department for performing the practical experiments, doing the Project Work and Research Activities (R & D).
5. One dedicated lab staff member is always present in each lab room (responsibility of each lab room has been assigned to a particular lab staff).
6. Adequate Budget is planned and expenditure is done from the allocated fund to ensure the repairing of faulty equipment's, purchase of consumables, lab equipment's / hardware kits and software tools. The department is equipped with the following labs (for Odd and Even Semesters) B. Tech. (CSE)

1. Data Structures using C / Java Lab
2. Artificial Intelligence Lab
3. Computer Graphics Lab
4. Database Management System Lab
5. Principle of Programming Languages Lab
6. Python Language Programming Lab
7. Programming for Problem Solving Lab
8. Design & Analysis of Algorithm Lab
9. Web Technology Lab
10. Operating System Lab
11. Mini Project Lab
12. Compiler Design Lab
13. Discrete Structures & Logic Lab
14. Computer Networks Lab
15. Project Lab
16. Distributed System Lab
17. Data Ware housing & Data Mining Lab
18. Computer Organization Lab

M. Tech (CSE)

1. Foundation of Computer Science Lab
2. Advanced Algorithms Lab
3. Wireless & Mobile Networks Lab

LAB-INCHARGES Laboratories are the most important part of engineering institutions. Students need to learn engineering concepts practically. With fast growing computer science field, students need to perform more innovative and quality experiments in addition to their curriculum. Keeping in view the above aspect and to make the laboratories more useful for students by creating new facilities and innovations, following faculty members are nominated as Lab-Incharges of the labs for Even Sem- 2022-23:

CSE Lab 1 Mr. Vishal Choudhary Mr. Sanjeev Kumar
CSE Lab 2 Mr. Anurag Gupta Mr. Sanjeev Kumar
CSE Lab 3 Ms. Ayushi Gupta Mr. Man Prakash
CSE Lab 4 Dr. Shashank Sahu Mr. Sunder Singh
CSE Lab 5 Mr. Sandeep Yadav Mr. Hemant Kumar Pathak
CSE Lab 6 Mr. Anuj Kumar Mr. Hemant Kumar Pathak
CSE Lab 7 Dr. Sonam Gupta Mr. Sunil Kumar Jha
Project Lab Mr. Akhilesh Verma Mr. Ravi Dutt
Computer Center -1 Dr. Sachin Kumar Mr. Sandeep Sharma

Facilities available in CSE Department Laboratories

S.No.	Name of the Laboratory / Lab Venue	Lab Courses being Conducted for B. Tech. CSE (both Odd and Even Semester)	No. of Students per Setup (Batch Size)	Name of the Important Equipment/Tool
1.	CSE LAB 1 Data Structure Lab and Computer Graphics Lab (KCS-351)	(Data Structures using C / Java Lab), Artificial Intelligence Lab (RCS-752), Computer Graphics Lab (RCS-653)	28-32 Students per Group in a Batch of 01 student per Computer for Programming and Simulation based work	Computer Systems with configurations as-
1.	35 Desktop Computers:	Core i5-Intel CPU 3.00 Ghz RAM Size: 2GB 500 GB Hard Disk Drive		
2.	01 Desktop Computers:	Core i3-Intel CPU 3.40 Ghz RAM Size: 2GB 500 GB Hard Disk Drive		Software Tools & Kits:
1.	Turbo C++ 3.0			
2.	Swi Prolog 6.0			
3.	Canon-Printer			
2.	CSE LAB 2 DBMS Lab and Python Lab	Database Management System Lab (RCS-551), Principle of Programming Languages Lab (RCS-553), Python Language Programming Lab (KCS-453)	28-32 Students per Group in a Batch of 01 student per Computer for Programming and Simulation based work	Computer Systems with configurations as-
1.	37 Desktop Computers:	Core i3-Intel CPU 2.90 Ghz RAM Size: 2GB 500 GB Hard Disk Drive		Software Tools & Kits:
1.	Oracle 9i			
2.	My SQL 5.1			
3.	Lispwork Personal 6.0			
4.	Swi Prolog 6.0			
5.	Python 3.8.1			
6.	Canon Printer			
3.	CSE LAB 3 Basic Application Development Lab and C programming Lab	Programming for Problem Solving Lab (KCS-151/KCS-251)	28-32 Students per Group in a Batch of 01 student per Computer for Programming and Simulation based work	Computer Systems with configurations as-
1.	30 Desktop Computers:	Core i5-Intel CPU 3.00 Ghz RAM Size: 2GB		

500 GB Hard Disk Drive 2. 07 Desktop Computers: Core i3-Intel CPU 3.40 Ghz RAM Size: 2GB 500 GB Hard Disk Drive Software Tools & Kits: 1. Turbo C++ 3.0 2. HP-Printer 4. CSE LAB 4 Algorithm Lab and Operating System Lab Design & Analysis of Algorithm Lab (RCS-552), Web Technology Lab (RCS-554), Operating System Lab (KCS-451) 28-32 Students per Group in a Batch of 01 student per Computer for Programming and Simulation based work Computer Systems with configurations as-

1. 37 Desktop Computers: Core i5-Intel CPU 3.0 Ghz RAM Size: 2GB 500 GB Hard Disk Drive Software Tools & Kits: 1. Turbo C++ 3.0 2. Java 8.0 3. Netbeans 8.0 4. Canon-Printer 5. CSE LAB 5 Mini Project Lab and Compiler Design Lab Mini Project (KCS-354), Compiler Design Lab (RCS-652) 28-32 Students per Group in a Batch of 01 student per Computer for Programming and Simulation based work Computer Systems with configurations as-

1. 37 Desktop Computers: Core i3-Intel CPU 3.10 Ghz RAM Size: 2GB 500 GB Hard Disk Drive Software Tools & Kits: 1. GCC 4.6.3 2. JDK 1.6 3. Python 3.8.1 4. HP-Printer 6. CSE LAB 6 Discrete Structures Lab and Computer Networks Lab Discrete Structures & Logic Lab (KCS-353), Computer Networks Lab (RCS-651) 28-32 Students per Group in a Batch of 01 student per Computer for Programming and Simulation based work Computer Systems with configurations as-

1. 25 Desktop Computers: Core i3-Intel CPU 3.10 Ghz RAM Size: 2GB 500 GB Hard Disk Drive 2. 12 Desktop Computers: Core i3-Intel CPU 2.90 Ghz RAM Size: 2GB 500 GB Hard Disk Drive Software Tools & Kits: 1. SWI Prolog 7.4.2 2. GCC 4.6.3 3. Cisco Packet Tracer 6.1.1 4. HP-Printer 7. PROJECT LAB Project Lab (RCS-754/RCS-852), Distributed System Lab (RCS-751), Data Ware housing & Data Mining Lab (RCS-654) 28-32 Students per Group in a Batch of 01 student per Computer for Programming and Simulation based work Computer Systems with configurations as-

1. 08 Desktop Computers: Core i5-Intel CPU 3.0 Ghz RAM Size: 2GB 500 GB Hard Disk Drive 2. 11 Desktop Computers: Core i5-Intel CPU 3.0 Ghz RAM Size: 2GB 500 GB Hard Disk Drive 3. 01 Desktop Computers: Core i3-Intel CPU 3.10 Ghz RAM Size: 2GB 500 GB Hard Disk Drive 4. 03 Desktop Computers: Core i3-Intel CPU 2.90 Ghz RAM Size: 2GB 500 GB Hard Disk Drive 5. 10 Desktop Computers: Core i3-Intel CPU 3.40 Ghz RAM Size: 2GB 500 GB Hard Disk Drive Software Tools & Kits: 1. Visual Studio 2010 2. Matlab R2016B(05 User) 3. Turbo C++ 3.0 4. JDK 7 5. Python 3.8.1 6. Talend 6.4.1 7. My SQL 5.1 8. Weka 3.6.9 9. HP-Printer 8. R&D LAB Computer Organization Lab Computer Organization Lab (KCS-352) For R & D work being done by faculty members 28-32 Students per Group in a Batch of 01 student per Computer for Programming and Simulation based work Computer Systems with configurations as-

1. 36 Desktop Computers: Core i3-Intel CPU 3.10 Ghz RAM Size: 2GB 500 GB Hard Disk Drive Software Tools & Kits: 1. Logic Gate Simulator 1.4 2. HP-Printer 9. CSE LAB 7 M.Tech(CSE) Foundation of Computer Science Lab (MTCS-151), Advanced Algorithms Lab (MTCS-152), Wireless & Mobile Networks Lab (MTCS-251) 18 Students per Group in a Batch of 01 student per Computer for Programming and Simulation based work Computer Systems with configurations as-

1. 01 Desktop Computers: Core i5-Intel CPU 3.00 Ghz RAM Size: 2GB 500 GB Hard Disk Drive 2. 36 Desktop Computers: Core i3-Intel CPU 3.40 Ghz RAM Size: 2GB 500 GB Hard Disk Drive Software Tools & Kits: 1. Turbo C++ 3.0 2. JFLAP 7.1 3. My SQL 5.1 4. JDK 8 5. Cisco Packet Tracer 6.1.1 6. Wireshark 3.2.5 7. HP-Printer

Detail of Technical Manpower Support available in CSE Department Laboratories

S.No	Name of Lab Staff	Designation	Qualification	Date of Joining (DOJ)	Total Working Experience (in Years)	Laboratory Courses Assigned / Labs being handled/Area of Expertise
1	Sunil Kr. Jha	Lab Assistant	B.Sc(Hons) / Diploma in Computer Application & C.C.N.A Training 7/2/2001 and 23 Years			Computer Centre Lab
2	Ravi Dutt	Lab Assistant	M.C.A ,Diploma in Electronics/ One Year Advance Diploma in Computer Software,MCP 1/4/2006 and 32 Years			Project Lab, Distributed System Lab,Data Ware housing & Data Mining Lab
3	Lokesh Kumar	Lab Assistant	M.Sc(IT)/ One Year Advance Diploma in Hardware and Networking,C.C.N.A 15/01/2009 and 13 Years			Data Structures using C / Java Lab,Artificial Intelligence Lab, Computer Graphics Lab, Database Management System Lab,Principle of Programming Languages Lab, Python Language Programming Lab
4	HemantKr. Pathak	Lab Assistant	M.C.A/ CIC,CAC,DTP 1/9/2010 and 20 Years			Computer Organization Lab
5	Abhishek	Lab Assistant	B.Sc(IT), M.C.A/ M.C.S.E,C.C.N.A,One Year Advance Diploma in Hardware and Networking 7/2/2011 and 16 Years			Mini Project Lab, Compiler Design Lab, Discrete Structures & Logic Lab, Computer Networks Lab
7	Yogendra Singh	Lab Assistant	M.B.A/ Diploma in System Administrator,CCC Certification 20/01/2016 and 13 Years			Programming for Problem Solving Lab, Design & Analysis of Algorithm Lab, Web Technology Lab, Operating System Lab
8	Yogesh Kumar	Lab Assistant	B.A/ Advance Diploma in Hardware & Networking 02/08/2016 and 12 Years			Foundation of Computer Science Lab, Advanced Algorithms Lab, Wireless & Mobile Networks Lab

LAB STAFF TRAINING

Training Date	Resource Organization	Staff Development Programme (Python Programming Language)
02 -07 July,2020	Dr.Pritima Singh, Mr. Akhilesh Kumar Mr. Vinayak Parashar	Staff Development Programme (Java)
15-19 July,2020	Dr. Sonam Gupta	Department of CSE,AKGEC,Ghaziabad Staff Development Programme (DBMS)
18-22 June,2018	Dr. Arun Kumar Yadav	Department of CSE,AKGEC,Ghaziabad Staff Development Programme
14-16 October,2017	Mr. Upendra Singh Chauhan (CCNA, CCNP), Trainer of Micothlab Pvt. Ltd	Computer Networks
10-15 July 2017	Ms. Neeti Pahuja and Ms. Deepti Singh	Department of CSE,AKGEC,Ghaziabad Android Workshop
19 February 2016	Apron Solutions Pvt. Ltd.	Advance Programming in C Language
14-19 December 2015	Dr. Sachin Kumar, Department of CSE,AKGEC,Ghaziabad	C Programming
07-24 July 2015	Dr. Sachin Kumar, Department of CSE,AKGEC,Ghaziabad	Linux
22-26 June 2015	Mr. Abhishek, Department of CSE,AKGEC,Ghaziabad	PLC (Programmable Logic Controller)
15-16 May 2015	AKGEC-TIFAC-Core , Department of CSE,AKGEC,Ghaziabad	Open Source Software KOHA
11-13 May 2015	Mr. Arun Kumar Yadav, Department of CSE,AKGEC,Ghaziabad	Utilization and Ambience of CSE Department Laboratories

AKGEC | Top Electrical Engineering Colleges in Ghaziabad

Source: <https://www.akgec.ac.in/departments/electrical-and-electronics-engineering>

Electrical and Electronics Engineering Faculty Labs Achievements Society Magazine Departmental Activities B. Tech. Electrical and Electronics Engineering 60 M. Tech. Electrical and Electronics Engineering 12 Electrical Engineering stream involve the study and applications of Electricity, Electronics and Electromagnetics that entails and encompasses Power Engineering, Control Systems, Signal Processing, Digital Computers and Instrumentation. The department is running undergraduate course in Electrical & Electronics Engineering since 2003 with a current intake of 60. Prior to this the course was Electrical Engineering since the inception of the college in 1998. The department is also running Post Graduate course on Electrical Power and Energy System since 2009 with the intake of 12. Now this PG course is renewed as Electrical & Electronics Engineering in 2016. These areas of Electrical Engineering help student to enhance his or her capability to think critically & rationally, employability and his or her utility for industry society and nation in large. Department is well equipped with state of art labs to train electrical graduates to advance their theoretical knowledge and sound practices of the profession. The students are encouraged to undertake projects in the areas of Machine Design, Power System Planning, Operations and Control, Electronics and Microprocessor Applications and Power Electronics. Vision & Mission Vision To produce excellent engineering professionals committed to serve the society & nature embedded with a strong moral character, value system and good leadership qualities having an urge for lifelong learning. Mission To empower the faculty members and encourage them to continually develop to keep pace with the changing trends in technology. To provide a conducive environment for effective teaching and learning with focus on creating new knowledge, skills set and imbibing moral values with professional ethics. To promote the culture of research and development through effective student engagement and regular infrastructural development. To develop strong industry-academia alliance for practicing real time projects and also involve industry in content delivery. To adopt transparent practices for the overall progress and welfare of the student, faculty members and staff. PEOs, POs and PSOs Program Educational Objectives (PEOs) of EN Department PEO 1. Graduates of the program will apply skills and knowledge of Electrical and Electronics Engineering along with basic sciences, engineering's and humanities to solve the problems of social, environmental and industrial relevance and or peruse higher studies and research. PEO 2. Graduates of the program will engage in design and analysis of systems, tools and applications in the field of Electrical and Electronics Engineering. PEO 3. Graduates of the program will work effectively as individual and as team in the inter-disciplinary projects, and acquire leadership and communication skills suitable for the profession. PEO 4. Graduates of the program will engage in lifelong learning, career enhancement and adapt to evolving societal and environmental needs, maintaining professional ethics. PEO 5. Graduates of the program will apply the contextual know-how and reasoning to address issues related health safety and socio-cultural consideration and appreciate impact of Electrical & Electronics Engineering solutions for above areas and environmental sustainability. Program Outcomes (POs) of EN Department Engineering Graduates will be able to: PO1: Engineering Knowledge Apply knowledge of mathematics, natural science, computing, engineering fundamentals, and an engineering specialization to develop solutions to complex engineering problems. PO2: Problem Analysis Identify, formulate, review research literature, and analyze complex engineering problems, reaching substantiated conclusions with consideration for sustainable development. PO3: Design/Development of Solutions Design creative solutions for complex engineering problems and design/develop systems, components and processes to meet identified needs, with consideration for public health and safety, whole-life cost, net-zero carbon, culture, society, and environment, as required. PO4: Conduct Investigation of Complex Problems Conduct investigations for complex engineering problems using research-based knowledge, including design of experiments, modeling, analysis, and interpretation of data, to provide valid conclusions. PO5: Engineering Tool Usage Create, select, and apply appropriate techniques, recourse, and modern engineering and IT tools, including predication and modeling, while recognizing their limitation, to solve complex engineering problems. PO6: The Engineer and the World Analyze and evaluate societal and environmental aspects while solving complex engineering problems for their impact on sustainability, with reference to economy, health, safety, legal framework, culture, and environment. PO7: Ethics Apply ethical

principles and commit to professional ethics, human values, diversity, and inclusion; adhere to national and international laws. PO8: Individual and Collaborative Teamwork Function effectively as an individual and as a member or leader in diverse and multidisciplinary teams. PO9: Communication Communicate effectively and inclusively the engineering community and society at large, including the ability to comprehend and write effective reports and design documentation, and make effective presentation while considering cultural, language, and learning differences. PO10: Project Management and Finance Apply knowledge and understanding of engineering management principles and economic decision-making, and apply these to one's own work as a member and leader in a team, and to manage projects in multidisciplinary environments. PO11: Life-Long Learning Recognize the need for, and have the preparation and ability for: independent and life-long learning; adaptability to new and emerging technologies and critical thinking in the broadest context of technological change. PROGRAM SPECIFIC OUTCOMES (PSOs) of EN Department PSO 1. Apply concepts & tools of Electrical and Electronics Engineering to address problems encountered in power sector in particular and other sectors in general. PSO 2. Design, Analyze, test and install electrical machine and instruments, Modern Power System and its components and microprocessor & microcontroller based systems. HOD Dr. Lokesh Varshney is a Professor and the Head of the Department of Electrical and Electronics Engineering. He has over 18 years of rich and extensive experience in academics and research. He received his B.E. degree in Electrical Engineering from SGSITS, Indore, in 2004. He earned his M.Tech. and Ph.D. in Electrical Machines and Drives from the Indian Institute of Technology, Banaras Hindu University, in 2009 and 2014, respectively. His areas of expertise include Electrical Machines, Power Electronics, Network Analysis Systems, and Renewable Energy Systems. He has over 66 publications in various international journals, conferences, and book chapters. He has eight patents filed and twelve patents published. Dr. Varshney is a member of several professional bodies. Four research scholars have been awarded Ph.D. degrees under his guidance, one has submitted their thesis, and three are ongoing. Seventeen postgraduate thesis have been completed under his guidance. Dr. Varshney is a reviewer for several journals (SCI/WOS). Dr. Lokesh Varshney Prof. and HOD B.E. (SGSITS, Indore), M.Tech. (IIT-BHU, Varanasi), Ph.D. Electrical Engg. (IIT-BHU, Varanasi) +91-8588073142 EN Faculty EN department has experienced FMs with specializations in varieties of areas of electrical engineering and graduated from premier institutes like IITs and NITs. [gs_team theme="gs_tm_theme1" group="EN Faculty" cols="2"] VIEW ALL Labs EN Department Laboratories 1. The department has adequate (14) labs to cater the syllabus requirements of university (AKTU, Lucknow). 2. These laboratories are well equipped with equipments/hardware kits; consumables and software tools and manuals. 3. These labs provide facilities to meet the requirements of UG, PG and Ph.D. Level students. 4. Further, these labs are utilized by the students and FMs of EN department for performing experiments, project works (Minor and Major), M.Tech Dissertation and Research work (R&D). 5. Dedicated lab staff is available for the labs. 6. Adequate budgeting for labs (renovation, repair, consumables hardware kits and software tools) is done for each financial year. The department is equipped with the following labs (for Odd and Even Semesters) B. Tech. (EN) 1. Basic Electrical Engineering Lab 2. Electrical Instrumentation Lab 3. Electrical Workshop Lab 4. Electrical Machine Lab 5. Electrical Measurement Lab 6. Network Lab 7. Simulation Lab 8. Control System Lab 9. Power Electronics Lab 10. Microprocessor Lab 11. CAD Lab 12. Minor Project Lab 13. AKGEC | Top Electronics Engineering Colleges in Ghaziabad

Source: <https://www.akgec.ac.in/departments/electronics-and-communication-engineering>

Electronics and Communication Engineering Faculty Labs Achievements Society Magazine Departmental Activities B. Tech. Electronics and Communication Engineering 180 M. Tech. Electronics and Communication Engineering 12 The Electronics and Communication stream represents two fastest growing technology areas in view of exponential growth taking place in our country. Electronics and Communication Engineering (ECE) involves researching, designing, developing and testing of electronic equipment used in various systems. Electronics and Communication Engineering is also considered as the backbone of the modern communication system. In the current scenario, modern applications like the Internet of Things (IoT), Robotics, and Embedded Systems are highly dependent on the knowledge of ECE. Electronics and Communications engineers also conceptualize and oversee the manufacturing of communications and broadcast systems. It has an important role from defence sector to space programs to the basic need of human beings including the internet to the entertainment industry. Electronics and Communication Engineering has a wide scope as compared to other. There are numerous opportunities to build a career after completing the engineering course in the field of Electronics and Communication Engineering. An individual can make his/her career in IT industry, defence, telecommunications, electronic and hardware manufacturing, embedded systems development, software development, power sector, TV and music industry, automobiles, space communications, home appliances development, electronic security systems, mobile phones testing and development, communication protocols development and optical communications development among others. Department of Electronics and Communication Engineering at AKGEC was established in 1998. The department provides an outstanding research environment complemented by excellence in teaching. Ever since its inception, the department has been a pioneering academic centre for technical education, research and innovation in all major areas of Electronics and Communication Engineering. The department is organized in tune with these latest developments in terms of curriculum, well-qualified faculty and the state-of-the-art labs for B.Tech. (UG course) in Electronics & Communication Engineering along with M.Tech. (PG course) in Electronics & Communication Engineering. Approved intake of B.Tech. (ECE) course is 180 students and for the M.Tech. (ECE) course it is 18 students. The department has adequate number of laboratories as per requirement (strength of students in the department and number of practical courses mentioned in syllabus scheme). These laboratories are fully equipped with latest / modern hardware kits / equipments, software tools and consumables. ECE labs have all the basic as well as advanced level facilities to fulfill the requirements of UG, PG and PhD level courses. These laboratories are fully utilized by the students and faculty members of ECE department for performing the practical experiments, doing the Project Work and Research Activities (R & D). One dedicated Lab Staff member is always present in each laboratory room. Responsibility of each lab room also has been assigned to a Faculty Lab Incharge to ensure regular maintenance and up-gradation of laboratories. ECE department also has established Texas Instruments-Centre of Excellence Lab, NI-LabVIEW Academy, Virtual Lab (with IIT Kanpur) and IoT Lab etc in collaboration with reputed industries and academic institutes. The department has its technical society-Phoenix.

The society organizes many technical competitions, quizzes, technical seminars, mock interviews, aptitude tests, project exhibition and technical paper presentation etc for the students. ECE department also has an active IEEE-Communication Society student branch chapter for organizing / participating various events at international level. B. Tech. ECE is accredited by National Board of Accreditation (NBA). INITIAL ACCREDITATION-2006, FIRST RE-ACCREDITATION-2009, SECOND RE-ACCREDITATION-2014, THIRD RE-ACCREDITATION-2019, FOURTH RE-ACCREDITATION-2022 Vision & Mission Vision To supplement intellect with the right skills & knowledge so as to nurture Electronics & Communication experts of tomorrow. Mission M1: To enable students, acquire the right theoretical and practical Electronics & Communication skills. M2: To keep pace with current Electronics and Communication trends. M3: To nurture students as globally competent engineers capable of meeting the relevant and timely needs of the society. PEOs, POs and PSOs Program Educational Objectives (PEOs) of ECE Department PEO 1. Engineering Graduates will excel in Electronics & Communication fields both in the industry and academics by analyzing the requirement technically and applying their knowledge in a professional manner. PEO 2. Will enable Engineering graduates effectively solve engineering problems and develop through research advanced Electronics & Communication devices and products. PEO 3. Engineering graduates will be capable of applying their knowledge both individually and as part of a team. They will be able to effectively communicate the same through the required media. PEO 4. Graduates will be capable of realizing the untoward and hazardous impacts of their contributions/innovations and keep ethical and societal values and responsibilities before individual achievements. PEO 5. Keep pace with the ongoing improvements and advancements in the field of Electronics & Communication and not only incorporate but carry forward the same. Program Outcomes (POs) of ECE Department Engineering Graduates will be able to: PO1: Engineering Knowledge Apply knowledge of mathematics, natural science, computing, engineering fundamentals, and an engineering specialization to develop solutions to complex engineering problems. PO2: Problem Analysis Identify, formulate, review research literature, and analyze complex engineering problems, reaching substantiated conclusions with consideration for sustainable development. PO3: Design/Development of Solutions Design creative solutions for complex engineering problems and design/develop systems, components and processes to meet identified needs, with consideration for public health and safety, whole-life cost, net-zero carbon, culture, society, and environment, as required. PO4: Conduct Investigation of Complex Problems Conduct investigations for complex engineering problems using research-based knowledge, including design of experiments, modeling, analysis, and interpretation of data, to provide valid conclusions. PO5: Engineering Tool Usage Create, select, and apply appropriate techniques, recourse, and modern engineering and IT tools, including predication and modeling, while recognizing their limitation, to solve complex engineering problems. PO6: The Engineer and the World Analyze and evaluate societal and environmental aspects while solving complex engineering problems for their impact on sustainability, with reference to economy, health, safety, legal framework, culture, and environment. PO7: Ethics Apply ethical principles and commit to professional ethics, human values, diversity, and inclusion; adhere to national and international laws. PO8: Individual and Collaborative Teamwork Function effectively as an individual and as a member or leader in diverse and multidisciplinary teams. PO9: Communication Communicate effectively and inclusively the engineering community and society at large, including the ability to comprehend and write effective reports and design documentation, and make effective presentation while considering cultural, language, and learning differences. PO10: Project Management and Finance Apply knowledge and understanding of engineering management principles and economic decision-making, and apply these to one's own work as a member and leader in a team, and to manage projects in multidisciplinary environments. PO11: Life-Long Learning Recognize the need for, and have the preparation and ability for: independent and life-long learning; adaptability to new and emerging technologies and critical thinking in the broadest context of technological change. PROGRAM SPECIFIC OUTCOMES (PSOs) of ECE Department PSO 1. Graduates of the program will be able to analyze real world engineering problems in the field of Electronics and Communication engineering. PSO 2. Graduates of the program will be able to design and develop systems/processes based on core concepts of Electronics and Communication engineering to provide solution to multidisciplinary engineering problems. DETAILED SYLLABUS WITH COURSE OUTCOMES First Year B.Tech. 1st Year Common Second Year B.Tech. ECE 2nd Year B.Tech. 2nd Year Engg. Science Courses (Common) Third Year B.Tech. ECE 3rd Year B.Tech 3rd Year Non Credit Courses (Common) Fourth Year B.Tech ECE 4th Year B.Tech 4th Year HSMC Courses (Common) HOD Prof. (Dr.) Neelesh Kumar Gupta is a seasoned professional with an illustrious career spanning over 22 years of teaching in reputed technical institutes. He obtained Ph.D in Electronics and Communication Engineering from Rajiv Gandhi Technical University (RGTU), Bhopal (M.P.). Presently, Dr. Neelesh Kumar Gupta is working as Professor & HoD in Electronics and Communication Engineering Department & IQAC Coordinator at Ajay Kumar Garg Engineering College, Ghaziabad (U.P.)-India. Earlier he served in TRUBA Institute of Engineering and Information Technology, Bhopal as Prof. & HoD ECE. He completed his Graduation (B.E.) in Electronics and Communication Engineering from Rajiv Gandhi Prodyogiki Vishwavidyalaya (RGPV), Bhopal (M.P.) in 2002 and his Post-Graduation (M. Tech) from the prestigious Maulana Azad National Institute of Technology (MANIT), Bhopal (M.P.) in 2007 with specialization in "Microwave and Millimeter Waves". His area of expertise/special interest includes Signal Processing, Communication Systems and Microwave Engineering. Prof. (Dr.) Neelesh Kumar Gupta has published 04 Patents (IPRs) in total including 02 Design Patents. He has published more than 35 research papers

in SCI, SCOPUS Indexed, UGC approved, Peer Reviewed / reputed journals. He also has over 61 publications in reputed International/ National Conference proceedings published by IEEE Explore and Springer etc. He has successfully guided 35 M. Tech scholars for Thesis / Dissertations as well guided many UG students for Projects. He also co-authored a book titled as "Fundamentals of Electronics Engineering" for Tech-Max Publications, Pune. Prof. (Dr.) Neelesh Kumar Gupta is an active member of several professional bodies/societies including IEEE, IETE New Delhi etc. He is the reviewer and editorial member of several International Journals of repute and also chaired Technical Sessions in many International Conferences. He has organized many Conferences, FDPs, Technical Seminars and Workshops at the institute level. His Video Lectures have been broadcasted on Swayam Prabha Channel-15 and AKTU Digital Education Portal. He was honoured with reputed "Guru Faculty Award", with Best Teacher Award in Srijan-2015 and was also awarded by IETE on the occasion of Teachers Day. Prof. (Dr.) Neelesh Kumar Gupta Ph.D (ECE), M.Tech (MW & MmW), B.E.(ECE) M: +918319563978 ECE Faculty ECE Department faculty members are motivated and encouraged for pursuing higher qualifications and attending Seminars / Workshops / Conferences and Faculty Development Programs in concerned Technical as well as Non-Technical areas. VIEW ALL Labs Adequate and Well Equipped Laboratories of ECE Department

1. The department has adequate number of laboratories as per strength of students in the department and number of labs / practical courses mentioned in syllabus scheme of university AKTU, Lucknow.
2. These laboratories are fully equipped with hardware kits / equipments, software tools and consumables.
3. These labs have all the basic as well as advanced level facilities to fulfill the requirements of UG, PG and PhD level courses.
4. These laboratories are utilized by the students and faculty members of ECE department for performing the practical experiments, doing the Project Work and Research Activities (R & D).
5. One dedicated lab staff member is always present in each lab room and responsibility of each lab room has been assigned to a particular lab staff.
6. Adequate Budget is planned and expenditure is done from the allocated fund to ensure the repairing of faulty equipments, purchase of consumables, lab equipments / hardware kits and software tools. The department is equipped with the following labs (for Odd and Even Semesters)

B. Tech. (ECE)

1. Electronics Engineering Lab
2. Digital System Design Lab
3. Electronic Devices Lab
4. Signals System Lab
5. Analog Circuit Lab
6. Microprocessors Lab
7. Electronic Measurement & Instrumentation Lab
8. Communication Engineering (Analog & Digital Communication) Lab
9. Integrated Circuits Lab
10. Digital Signal Processing Lab
11. Control System Lab
12. Microwave Engg. Lab
13. CAD of Electronics Lab
14. Microcontrollers for Embedded Systems Lab
15. Optical Communication Lab
16. Electronics Circuit Design Lab
17. Project Lab
18. Virtual Lab
19. Texas Instruments Centre of Excellence (TI-CoE)
20. NI LabVIEW Academy

M. Tech (ECE)

1. Advanced Communication Lab
2. ECE System Modeling & Simulation Lab (R & D Lab)
3. VLSI Design & Simulation (R & D Lab)

Facilities available in ECE Department Laboratories

S. No.	Name of the Laboratory / Lab venue	Name of Lab Incharge	Name of Lab Assistant	Name of the Important Equipment/Tool
1	Lab-1 CAD of Electronics Lab and VLSI R & D Lab	Ms. Divya Sharma	Mr. Kishanveer	Computer Systems with configurations as-
				(a) Thirty Two i5 systems with CPU 3.40 GHz, RAM Size: 8GB
				Software Tools & Kits: (i) University VIVADO System Edition S, UEF-SDSOC Software Simulation Tool (25 User) with Zed Board Kit (01)
				(ii) Tanner EDA Software Tool with L-edit, S-edit, W-edit, T-Spice, DRC, LVS (05 User)
				(iii) Mentor Graphics HEP Category 2 (Front End Tools for FPGA Design) Part No. 255877 RE (25 User)
				(iv) CADENCE Virtuoso-University Bundle B3-Analog & Digital FE & BE Academic Suite (10 User)
				(v) OrCAD University PSPICE & PCB Design Bundle (10 User)
				(vi) XILINX ISE 10.1i (Multiuser) with SPARTAN III FPGA Kit (01)
				(vii) HP-Printer 2
	Lab-2 PCB Design & Basic Electronics Lab	Ms. Neha Garg	Mr. Satya Narayan	(i) Computer Systems (08) with Intel i5 and Intel Core2Duo Processors
				(ii) PCB Prototype Machine with TINA Software
				(iii) PCB Design Software-SPRINT (Multiuser-05 Sets)
				(iv) PCB Making / Project Work related different machines / equipments: PCB Curing Machine, Photo Resist Dip Coater, Double Side UV Exposure, PCB Drilling Machine, Shearing Machine, Roller Tinning Machine, PCB Etching Machine, PCB Artwork Film Maker, Winding Machine, Motor with Regulator, Dye/Developer Proto
				(v) CRO, LCR Meter, Function Generator, Multimeter, Power Supply, Digital Trainer Kits, Soldering Iron
				(vi) HP-Printer 3
	Lab-3 Analog IC Lab and Signal System Lab	Ms. Uma Sharma	Mr. Rajkumar	(i) Universal IC Tester, DSOs, CROs, Function Generators, Power Supplies (Multiple/Triple /Regulated), Multimeters, Analog & Digital Trainer Boards, ASLK PRO Boards (TI-CoE), A/D and D/A Converters Kits and study cards, V-I & I-V Converter kit, 555 Timer Kit, Filter Kit, PLL Card Kit, 741 based kits (CMRR, function generator kit, Wein Bridge, Log & Antilog, Current Source, Milliammeter, Microammeter, Breadboards)
				(ii) Computer Systems (30) with Intel i5, i3 and Intel Core2Duo Processors, MATLAB7 Software Simulation Tool, DSP Starter / Trainer (TMS320C6713) Kits, Headphone, D-Link Switch Port, UPS, HP-Printer 4
				Lab-4 Communication Lab
				Mr. Rajeev Kumar Tyagi
				Ms. Nilufar Yasmin
				(i) 09 Computers with i5 and Core2Duo Processors, UPS, HP Printer, VisSim / Comm 8.0 Suite Software (installed in DSP Lab), Spectrum Analyzer, DSOs, CROs, Function Generators, LCR Bridge, Different Modulation and Demodulation Kits (AM, FM, PCM, PPM, PWM, ASK, FSK, PSK, TDM-PAM, Delta, TDM-PCM), Multiplexer-Demultiplexer & Coder-Decoder Kits, AM Super heterodyne Receiver and AM Generator Kit, Sampling & Reconstruction Kit, Noise Power Spectral Density Kit, Radio Receiver Trainer Kit, Voice Coding-Decoding Kit, Square wave & Triangular Wave Generator using 555 Kit, Fourier Synthesis Trainer
				(ii) Transmission Line Trainer Kit, HFSS Software (installed in ECE R & D Lab), Radiation Antenna Trainer Kit, MTI MIC Micro-strip Antenna Trainer Kit, Mechanical Turn Table Kit with Radiation Pattern Software, MTI MIC Antenna Kit, Microwave Benches
				(iii) RTD & Thermocouple Kits (Telemetry Kits)
				(iv)

Fiber Optic Trainer Kits, Networking Router, Networking Switch, Consumables required for Networking Lab (v) OptiSystem (Optiwave) Tool with 3 Users 5 Lab-5 Electronic Devices (FOED) Lab Mr. Gagandeep Singh Mr. Sateesh Vishvakarma (i) Computer with i5 processor, UPS (ii) DSOs, CROs, Trainer Boards/Kits, Function Generators, Regulated/Multiple/ Triple/Dual Power Supplies, Multimeters (iii) IC Tester, Variac, Voltmeters, Ammeters, Breadboards (iv) Different Analog Circuit Kits like kits for Photo Diode, Instrumentation Amp, Astable and Mono-stable Multi-vibrator using IC-555, Input Output FET Characteristics, RC Coupled Amplifier, FET CS/CD Amplifier, Phase Shift Oscillator, Wein Bridge Oscillator, Transistor Differential Amplifier, Push Pull Class-B Operation Amplifier, Common Collector Amplifier, Darlington Pair Kit 6 Lab-6 Microprocessors Lab Ms. Sakshi Mittal Mr. Awadh Kumar (i) Computer Systems with i5 CPU 8GB RAM, i3 and Core 2 Duo Processor Configuration (07), 8086 Simulator & Emulator IDE, 8085 Simulator IDE (ii) Microprocessor 8085 Kits, Microprocessor 8086 Kits, Motorola 68K Microprocessor Kits, MSC Trainer Boards, Interfacing Cards, (iii) Power Supplies, DSO, CRO, Multimeters, Keyboards (iv) Advance microcontroller kits Model ET-8051ADLCD, Micro-Assemblies for embedded development kit based on 89C51RD2, 89C51 Trainer Cum Development Board, Micro Controller 8031, Universal Embedded trainer Kits, (v) LCD, ADC and DAC Interfacing Modules, Universal Programmers, EPROM Eraser, Keyboards 7 Lab-7 Electronic Measurement & Instrumentation Lab and Project Lab Mr. Awadh Kumar Mr. U. S. Gahlaut Mr. Rajkumar Mr. Satya Narayan Mr. Om Krishna Gupta Dr. Ritish Kumar (i) Computer Systems with i5 and Core2Duo Processors, DSOs, CROs, Function Generators, Multimeters (ii) Semi Conductor Diode Voltmeter Kits, Transistor Hybrid parameter Kits, PT-100 J type & K type Transducers, Kelvin Double Bridge Kits, Pressure Transducers, RTD Thermocouple J-Type & K-Type Kits, Transient Response of RLC, Radio Receiver Kits, Distortion Factor Meter Kits, LCR Meter Bridge Kits (iii) Instrumentation Amp. Kits, PCM Kit, ADC/DAC Sample & Hold Kits, Strain Gauge Kits, Chopper Amp. Kits, Piezo Transducer Kits, Capacitive and Inductive Pickup Transducer Kits, Low Noise & Frequency Amp. Kits (iv) Measurement of Angular Displacement Kit, Quarter/half/full bridge strain cantilever Kit, LVDT Trainer Kits, Capacitive Transducers, Temperature Transducers, Optical Transducers Kits, Kits for characteristics of AD590, LDR, Photo-Transistor, Resistance Transducers, Photo-Diodes, Fiber Optics-LED, Kits for USB DAQ, Thermister Trainer, Solid State Sensor, ADC & DAC Trainer, Measurement Bridge Kits: Desauty's, Schering, Wein and Kelvin Bridge (v) Digital Trainer Boards / Kits For Projects: (i) LCR Bridge, CROs, Power Supplies, Function Generators, Multimeters, (ii) Magnifying Glasses, Inspection Table Lamp, (iii) Soldering Station, Consumables for Project Making 8 Lab-8 Texas Instruments (CoE) Lab and ECE R & D Lab Dr. Karunesh Srivastava Ms. Deepika (i) DSOs, Power Supplies, Function Generators, Digital Multimeters, Texas Instruments-ASLK Pro Boards/Kits (for Analog System Design), TINA Software Simulation Tool, (ii) Texas Instruments-MSP 430 Launch Pads, Simple link Wi-Fi CC3100 Booster Packs (for Microcontrollers / Embedded System Design) (iii) Computer Systems (36) with configurations i5, i3 etc as- Software Tools & Kits etc.: (iv) MATLAB Software 2015 (10 Users) (v) ANSOFT HFSS Software-Antenna Design Simulation Tool (05 Users) (vi) OptiSystem (Optiwave) Tool with 3 Users (vii) NetSim Simulation/ Emulation Platform R & D Tool (05 Users) (viii) NI Multisim 12.0 Tool (15 Users) (ix) NI Ultiboard 12.0 Tool (01 User) (x) Sprint PCB design software (Unlimited Users) (xi) 8085 & 8086 Simulator and Emulator IDE Tools (Unlimited Users) (xii) TINA Software Tool (xiii) C & C++ (xiv) Switch Rack & D-Link 24 Port Switches (xv) HP Printer 9 Lab-9 Digital Electronics Ms. Amita Asthana Mr. U. S. Gahlaut (i) Computer Systems with i5 and Core2Duo Processors (04) (ii) Digital Trainer Boards, Digital IC Tester (MME DIT-2040), Microprocessor 8085 Kits, 10 Lab-10 Virtual Lab and R & D Lab Dr. Ritish Kumar Mr. Kishanveer (i) Desktop Computer Systems (9) with Intel i7 (01), i5 (04) and Core 2 Duo (04) Processors (ii) Professional Version of Visual TCAD & Genius (2D/3D) Device Simulator Systems Tool (01+03 User) (iii) SYMICA EDA (AMS)-Microelectronics Design Software Tool Kit (03+01 User) (iv) OptiSystem Software Tool (03 Users) (v) Virtual Lab & Other Software Tools Detail of Technical Manpower Support available in ECE Department Laboratories Name Designation Qualification Years of Experience Mr. Awadh Kumar Lab Assistant Diploma in Electronics Engg. 26 Mr. Rajeev Kumar Tyagi Lab Assistant Diploma in Electronics Engg. 26 Mr. Rajkumar Lab Technician Diploma in Electronics Engg. 19 Mr. Sateesh Vishvakarma Lab Assistant Diploma in Electronics Engg. 16 Mr. Upendra Singh Gahlaut Lab Assistant Diploma in Electronics & Communication Engg. 16 Mr. Kishanveer Singh Lab Assistant Certificate Course in Computer Networking 14 Mr. Satya Narayan Lab Assistant Diploma in Electronics Engg. 22 Mr. Kishanveer Singh Lab Assistant Certificate Course in Computer Networking 14 Mr. Satya Narayan Lab Assistant Diploma in Electronics Engg. 22 Utilization and Ambience of ECE Department Laboratories through Photographs Students working in Microprocessors Lab Students working in Electronic Circuit Design Lab / ECE R & D Lab Students working in Communication Engineering Lab Students working in Digital Logic Design Lab Students displaying their Projects in the Departmental Project Lab Project made by Final Year ECE Students in the Departmental Project Lab Project made by Final Year ECE Students in the Departmental Project Lab Texas Instruments-Centre of Excellence (TI-CoE) Students working in TI – Centre of Excellence (CoE) Signal & System and DSP Lab Electronic Devices & Circuits Lab Students working in NI-LabVIEW Academy Lab Electronic Circuit Design / ECE R & D Lab Students working in NI-LabVIEW Academy Lab Students working in NI-LabVIEW Academy Lab PCB Workshop and Project Lab CAD of Electronics and VLSI R & D Lab Digital Logic Design / Digital Electronics Lab Microprocessors & Microcontrollers Lab Departmental Activities A number of Technical Activities are organized by ECE Department on regular basis for the overall development of Faculty, Staff Members and Students of the department. AKGEC | Top Information Technology Colleges in Ghaziabad

Source: <https://www.akgec.ac.in/departments/information-technology>

Information Technology Faculty Labs Achievements Society Magazine Departmental Activities B. Tech.

Information Technology 180 Information Technology has transformed the way we live, and the pace of innovation continues to accelerate. This dynamic environment brings both exciting opportunities and complex challenges. IT has dramatically enhanced the efficiency and effectiveness of business processes, while ERP solutions empower organizations to operate seamlessly across multiple locations, languages, and currencies in today's global marketplace. At the same time, new platforms for marketing, communication, and socialization—such as blogs, forums, chats, and emails—have reshaped how people connect and collaborate. At AKGEC, excellence is a way of life. The Department of Information Technology nurtures this responsibility by integrating green computing, sustainability, and value-based learning into academics and research. The department houses advanced facilities such as AWS and Cloud Computing Cell, Metaverse Lab, Google Developers Club, Blockchain Research Lab, and Big Data Lab, etc., enabling students to gain hands-on experience with contemporary technologies aligned with global industry practices and standards. The department emphasizes outcome-based education, continuous improvement, industry interaction, and social responsibility, ensuring holistic development of students as skilled professionals and responsible citizens.

Vision & Mission

Vision The vision of IT department is to produce highly competent and socially sensitive IT professionals and innovators, capable to excel in the multicultural and challenging industry scenario.

Mission To establish a truly professional academic environment where sound and transparent teaching-learning processes are practiced by all stakeholders of the organization that helps in producing all around competent, humane and socially responsible industry-ready engineers who are capable of taking challenges from ever-demanding multi-cultural industrial environment.

PEOs, POs and PSOs

Program Educational Objectives - PEOs

PEO 1. Graduate Engineers will have high level of technical competence and necessary skills to achieve great success in Information Technology and related area.

PEO 2. Graduate Engineers will have required research & problem solving skills to generate innovative solution.

PEO 3. Graduate Engineers will have team spirits, communication and inter-personal skill to effectively work with all stakeholders in their professional career.

PEO 4. Graduate Engineer will have right kind of mindset and attitude with regard to societal needs and ethical responsibilities and quickly adept to global work environment.

PEO 5. Graduate Engineers shall be able to continuously advance their educational growth and learn new technological know-how, relevant to their career enhancement and betterment of society.

Program Outcomes - POs

Engineering Graduates will be able to:

PO1: Engineering Knowledge Apply knowledge of mathematics, natural science, computing, engineering fundamentals, and an engineering specialization to develop solutions to complex engineering problems.

PO2: Problem Analysis Identify, formulate, review research literature, and analyze complex engineering problems, reaching substantiated conclusions with consideration for sustainable development.

PO3: Design/Development of Solutions Design creative solutions for complex engineering problems and design/develop systems, components and processes to meet identified needs, with consideration for public health and safety, whole-life cost, net-zero carbon, culture, society, and environment, as required.

PO4: Conduct Investigation of Complex Problems Conduct investigations for complex engineering problems using research-based knowledge, including design of experiments, modeling, analysis, and interpretation of data, to provide valid conclusions.

PO5: Engineering Tool Usage Create, select, and apply appropriate techniques, recourse, and modern engineering and IT tools, including predication and modeling, while recognizing their limitation, to solve complex engineering problems.

PO6: The Engineer and the World Analyze and evaluate societal and environmental aspects while solving complex engineering problems for their impact on sustainability, with reference to economy, health, safety, legal framework, culture, and environment.

PO7: Ethics Apply ethical principles and commit to professional ethics, human values, diversity, and inclusion; adhere to national and international laws.

PO8: Individual and Collaborative Teamwork Function effectively as an individual and as a member or leader in diverse and multidisciplinary teams.

PO9: Communication Communicate effectively and inclusively the engineering community and society at large, including the ability to comprehend and write effective reports and design documentation, and make effective presentation while considering cultural, language, and learning differences.

PO10: Project Management and Finance Apply knowledge and understanding of engineering management principles and economic decision-making, and apply these to one's own work as a member and leader in a team, and to manage projects in multidisciplinary environments.

PO11: Life-Long Learning Recognize the need for, and have the preparation and ability for: independent and life-long learning; adaptability to new and emerging technologies and critical thinking in the broadest context of technological change.

Program Specific Outcomes - PSOs

Graduate of the program will be able to:

PSO 1. Apply the acquired technical skills to enhance IT support and automation in

various fields and applications in the latest trends and technologies. PSO 2. Understand, analyze and develop IT based practical solutions for real world problems using appropriate methodology and to support sustainable development. HOD Dr. Rahul Sharma stands as a distinguished computer scientist, seamlessly embodying the roles of a professor and an inventive educator-entrepreneur. His professional journey is a testament to his unwavering dedication to knowledge exploration and a fervent commitment to advancing the frontiers of research and education. Currently, he is heading the Information Technology Department and Technical Business Incubator at Ajay Kumar Garg Engineering College, Ghaziabad. Simultaneously, he serves as an adjunct professor at Tallinn University of Technology, Estonia and also engaged with prestigious research institutions in Finland and Germany. These collaborations underscore his position as a key player in the international arena, contributing to the forefront of cutting-edge advancements in computer science. In the dynamic intersection of academia and entrepreneurship, Dr. Sharma's leadership fosters an environment that nurtures innovation and practical application. His multifaceted approach to education and research positions him as a thought leader, inspiring those around him to push boundaries and contribute meaningfully to the evolving landscape of technology. Prof. (Dr.) Rahul Sharma B.Tech, M.Tech, PhD (Taltech, EU , IT Faculty The IT department has highly qualified and experienced faculties. They have been actively involved in various research and professional activities which help in bringing substantial achievement in professional practice and research into the classroom. Master of Computer Applications - AJAY KUMAR GARG ENGINEERING COLLEGE

Source: <https://www.akgec.ac.in/departments/master-of-computer-applications>

Master of Computer Applications Faculty Labs Achievements Society Magazine Departmental Activities Master of Computer Applications (MCA) 120 MCA strives for excellence and has been consistently maintaining excellent academic results and placements. It is a matter of pride for the department to maintain a superlative overall academic performance over the years. MCA achieved 1st position in the University merit list in 2022-23. In the year 2018-19, MCA achieved seventh position in the University merit list. The department achieved unbeatable distinction of 6 positions with Gold and Bronze medals in the year 2017-18. Two positions were bagged in 2016-17 and 2015-16 each, three positions with Gold medal 2014-15 and similar stupendous results in previous years as well. The department has excellent infrastructure with well-planned class rooms and spacious laboratories equipped with state-of-the-art teaching aids. The laboratories have sufficient latest computers and relevant licensed software. State-of-the-art computing facilities networked through broadband are available for Internet access. The department has a fully automated central library equipped with text and reference books, national/international journals including e-journals and multimedia resources. Vision & Mission Vision To produce technically competent and socially responsible computer professionals to serve society with value system and having capability to handle future challenges. Mission To excel students in the field of computer applications to meet dynamic industry requirements with professional ethics. PEOs, POs and PSOs PROGRAM EDUCATIONAL OBJECTIVES- (PEOs) OF MCA DEPARTMENT PEO 1. PREPARATION: To guide students to complete their post graduates course and prepare them industry ready. PEO 2. CORE COMPETENCE: To make them competent to handle mathematical, analytical, financial and computer application tools for different applications of computer science and technology. PEO 3. BREADTH: To make them able to understand a broad range of topics to analyze, design and create novel products and solution for real life technical and organizational problems. PEO 4. PROFESSIONALISM: To inculcate professional and ethical attitude, communication skill and multi disciplinary approach PEO 5. LEARNING ENVIRONMENT: To provide academic environment with excellence, leadership and guidelines. PROGRAM OUTCOMES (PO) OF MCA DEPARTMENT PO 1. Apply the knowledge of mathematics & computer based techniques to achieve feasible solution to the problems of computer applications domain. PO 2. Identify & formulate complex computer based problems meeting valid conclusions using mathematics and computing science domains through research methodology. PO 3. Design and obtain solutions for complex computer based problems and design and evaluate systems, components, or processes that meet requirements with due consideration to society and environment. PO 4. To provide valid conclusions using research based knowledge and various research methods. PO 5. To learn modern latest techniques, tools and practices with their limitations for the process of software development. PO 6. To make students understand and commit to the norms of professional computing practices, professionals ethics and cyber regulations. PO 7. To develop the habit of self learning for continued career development to grow as IT professional. PO 8. To make students understand and apply computing & management principles as a team member or a leader to manage software projects. PO 9. To develop communication & professional skills to effectively conceive, design and develop software applications and associated practices. PO 10. To understand and analyze the responsibilities regarding society and environment in local and global contexts relevant to professional computing practices. PO 11. To infuse the ability to function effectively as a team member or a leader in multi disciplinary environments. PO 12. To help students to identify opportunities to be a successful entrepreneur by adopting innovation skills. PROGRAM SPECIFIC OUTCOMES (PSOs) OF MCA DEPARTMENT PSO 1. Understand & apply knowledge on analysis, design and development of applications in the field of computer science and its related disciplines. PSO 2. Develop ability to utilize modern technologies, platforms and knowledge for computing practices in innovative carrier path with commitment towards society. HOD Prof. (Dr.) Saroj Bala is working as the Professor and Head of the Department of Master of Computer Applications. She has been associated with the department since 23 July 2007. She has an extensive experience of 26 years in teaching and research. She has completed her Ph.D. from Shobhit University, Meerut, MCA from Punjabi University, Patiala, and B.Sc. (CS) from Kurukshetra University, Kurukshetra. She has done NPTEL domain certification in Artificial Intelligence. Her research interests include artificial intelligence, swarm intelligence, machine learning, deep learning, natural language processing, cyber security, and image processing. She has attended and organized several seminars, workshops, and conferences. She has published 11 research papers in reputed international conferences and journals. She has also published 9 patents including 2 design patents. She has supervised more than 50 MCA projects. Her current research work includes cyber security, medical image processing and large language models. Dr. Saroj Bala MCA, Ph.D

9899548422 MCA Faculty Faculty at AKGEC fulfil multiple roles as educators, researchers and professionals having a broad range of backgrounds, scholarly interests and areas of expertise thereby bringing substantial achievement in professional practice and research into the classroom. [gs_team theme="gs_tm_theme1" group="MCA Faculty" cols="2"] VIEW All Labs Adequate and Well Equipped Laboratories of MCA Department 1. The department has the adequate number of laboratories as per requirement (strength of students in the department and number of labs / practical courses mentioned in syllabus scheme of the university (AKTU, Lucknow). 2. These laboratories are fully equipped with equipment and consumables. 3. These labs have all the basic as well as advanced level facilities to fulfill the requirements of PG level courses. 4. These laboratories are utilized by the students and faculty members of the MCA department for performing the practical experiments, doing the Project Work and Research Activities (R & D). 5. Adequate Budget is planned and expenditure is done from the allocated fund to ensure the repairing of faulty equipment, purchase of consumables, lab equipment. The department is equipped with the following labs (for Odd and Even Semesters) 1. Problem Solving using C Lab 2. Object Oriented Programming Lab 3. DBMS Lab 4. Data Structures & Analysis of Algorithms Lab 5. Artificial Intelligence Lab 6. Software Engineering Lab 7. Project Lab 8. AKGEC | Top Mechanical Engineering Colleges in Ghaziabad

Source: <https://www.akgec.ac.in/departments/mechanical-engineering>

Mechanical Engineering Faculty Labs Achievements Society Magazine Departmental Activities B. Tech. Mechanical Engineering 60 M. Tech. Mechanical Engineering 9 Department of Mechanical Engineering at AKGEC was formed in 1998 with inception of the college. The Department provides an outstanding research environment complemented by excellence in teaching. Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of Mechanical Engineering. The department provides full support to MTech. scholars in terms dissertation guidance, lab facilities and access to international and national journals. Experienced and senior faculty members are assigned for MTech courses and dissertation work of the scholars. The faculty members and M Tech scholars have published good quality research papers in peer-reviewed and indexed journals and International Conferences. Vision & Mission Vision To produce professionally competent, socially sensitive, motivated, honest and dedicated mechanical engineers capable of working in multicultural global environment. Mission M1: Assist students in acquiring and maintaining the necessary theoretical and practical Mechanical Engineering knowledge. M2: To keep students up to date on the latest innovations in Mechanical Engineering. M3: Assisting students in becoming global engineers to address society's relevant and timely needs. PEOs, POs and PSOs Program Educational Objectives - PEOs PEO 1. The graduates of the mechanical engineering programme will have adequate knowledge of science, mathematics and management field to suitably use it in practical problem studies and analysis to arrive at right solutions/decisions. PEO 2. The graduate of the mechanical engineering programme will have sound and in-depth knowledge and skill of core mechanical fields viz. Machine Design, Manufacturing Technology, Thermal Sciences (Basics & Applied), CAD/CAM, hydraulics and mechanics, Strength of Materials and Materials Science in particular and other associated fields of mechanical engineering in general. The graduates of mechanical engineering programme will have successful professional careers. PEO 3. The graduates of mechanical engineering programme will acquire additional advanced and updated knowledge through modified curriculum by making use of technological facilities available in centre of excellence (Tifac-core) of the institute. PEO 4. To promote institute and industry relations through regular interactions and by creating memorandum of understanding between the two. The graduates of mechanical engineering will be capable of demonstrating their management skills as leaders/members of a team in engineering assignments. PEO 5. The graduates of mechanical engineering programme will continue to learn and to adapt in a world of constantly evolving technology. The graduate of mechanical engineering programme will be capable of continuing further higher studies at National and international level. Program Outcomes - POs Engineering Graduates will be able to: PO1: Engineering Knowledge Apply knowledge of mathematics, natural science, computing, engineering fundamentals, and an engineering specialization to develop solutions to complex engineering problems. PO2: Problem Analysis Identify, formulate, review research literature, and analyze complex engineering problems, reaching substantiated conclusions with consideration for sustainable development. PO3: Design/Development of Solutions Design creative solutions for complex engineering problems and design/develop systems, components and processes to meet identified needs, with consideration for public health and safety, whole-life cost, net-zero carbon, culture, society, and environment, as required. PO4: Conduct Investigation of Complex Problems Conduct investigations for complex engineering problems using research-based knowledge,

including design of experiments, modeling, analysis, and interpretation of data, to provide valid conclusions. PO5: Engineering Tool Usage Create, select, and apply appropriate techniques, recourse, and modern engineering and IT tools, including predication and modeling, while recognizing their limitation, to solve complex engineering problems. PO6: The Engineer and the World Analyze and evaluate societal and environmental aspects while solving complex engineering problems for their impact on sustainability, with reference to economy, health, safety, legal framework, culture, and environment. PO7: Ethics Apply ethical principles and commit to professional ethics, human values, diversity, and inclusion; adhere to national and international laws. PO8: Individual and Collaborative Teamwork Function effectively as an individual and as a member or leader in diverse and multidisciplinary teams. PO9: Communication Communicate effectively and inclusively the engineering community and society at large, including the ability to comprehend and write effective reports and design documentation, and make effective presentation while considering cultural, language, and learning differences. PO10: Project Management and Finance Apply knowledge and understanding of engineering management principles and economic decision-making, and apply these to one's own work as a member and leader in a team, and to manage projects in multidisciplinary environments. PO11: Life-Long Learning Recognize the need for, and have the preparation and ability for: independent and life-long learning; adaptability to new and emerging technologies and critical thinking in the broadest context of technological change. Program Specific Outcomes - PSOs PSO 1. Research Skills :- Use research based knowledge to conduct investigations, analysis and interpretation of the information from relevant literature to arrive at valid conclusions. PSO 2. Analytical Skills :- Identify, formulate and analyze complex engineering problems related to mechanical engineering domain. PSO 3. Problem-Solving Skills :- Apply knowledge of mathematics and science to solve engineering problems in the broad area of thermal, design and production and simultaneously develop problem solving skills. HOD Dr. Devendra Singh is the Professor and Head of the Department of Mechanical Engineering. He completed his B.Tech. in Mechanical Engineering from Motilal Nehru Regional Engineering College, Allahabad (presently MNNIT, Allahabad) in 1992. He served in various industries and then began his teaching career as a faculty member at Ajay Kumar Garg Engineering College in September 2000. He completed his M.Tech. in Automation and Robotics in 2009 and was awarded a Ph.D. in Machine Design in 2017 from the Department of Mechanical Engineering, Faculty of Engineering, Jamia Millia Islamia University, New Delhi. His areas of expertise include Mechanical Design, Robotics, and Materials Engineering. He was awarded by the Vice-Chancellor of UPTU for excellence in teaching Machine Design and Engineering Mechanics. He also secured third position in India in the NPTEL examination in Engineering Mechanics. His prime focus is on promoting academic research and innovation among the faculty and students of the Department of Mechanical Engineering. Dr. Devendra Singh Professor and Head B.Tech, M.Tech, Ph.D 9540609660 (Mobile) (E) ME Faculty Faculty at AKGEC fulfill multiple roles as educators, researchers and professionals having a broad range of backgrounds, scholarly interests and areas of expertise thereby bringing substantial achievement in professional practice and research into the classroom. [gs_team theme="gs_tm_theme1" group="ME Faculty" cols="2"] VIEW ALL Labs The department is equipped with following lab and workshop facilities. 1. Machine shop 2. Welding shop 3. Smithy & foundry shop 4. Carpentry shop 5. Fitting shop 6. Sheet metal shop 7. Glass Cutting shop 8. Elements of mechanical engineering lab 9. Computer Aided Engg. Graphics Lab. 10. Machine drawing lab 11. Machine design lab 12. Material Science & Testing Lab 13. Fluid Mechanics Lab 14. Heat & Mass Transfer Lab 15. Measurement Metrology Lab 16. Theory of Machines Lab 17. CAD/CAM Lab 18. Automobile & IC Engines Lab 19. Hydraulic Machine Lab 20. RAC Lab 21. Basic Thermodynamics Lab 22. Applied Thermodynamics Lab WORKSHOP FM LAB CAD LAB Departmental Activities AKGEC faculties and students were involved in path-breaking research and development activities. AKGEC follows the key ethical principles that should underlie the research endeavor. Researchers here take on real time problems, think innovatively and bring in novel solutions, to advance knowledge and make meaningful contribution to the society. Disability Resource Center - AJAY KUMAR GARG ENGINEERING COLLEGE

Source: <https://www.akgec.ac.in/disability-resource-center>

Disability Resource Center A "Disability Resource Centre" has been established in Ajay Kumar Garg Engineering College, Ghaziabad, U.P. Following are the members of this centre Prof. P.K. Chopra Prof. S.L. Kapoor Prof. V.K. Parashar The facilities provided by this centre to students are: Ramp and lift with signage. Hospital and ambulance facility. Reserve seating in class to ensure accessibility. Allow students to record during sessions. Allow breaks during practicals. Separate toilets with signage.

ECE Labs - AJAY KUMAR GARG ENGINEERING COLLEGE

ECE Labs Home Faculty Labs Achievements Society Departmental Activities Adequate and Well Equipped Laboratories of ECE Department

1. The department has adequate number of laboratories as per strength of students in the department and number of labs / practical courses mentioned in syllabus scheme of university AKTU, Lucknow. 2. These laboratories are fully equipped with hardware kits / equipments, software tools and consumables. 3. These labs have all the basic as well as advanced level facilities to fulfill the requirements of UG, PG and PhD level courses. 4. These laboratories are utilized by the students and faculty members of ECE department for performing the practical experiments, doing the Project Work and Research Activities (R & D). 5. One dedicated lab staff member is always present in each lab room and responsibility of each lab room has been assigned to a particular lab staff. 6. Adequate Budget is planned and expenditure is done from the allocated fund to ensure the repairing of faulty equipments, purchase of consumables, lab equipments / hardware kits and software tools. The department is equipped with the following labs (for Odd and Even Semesters) B. Tech. (ECE)

1. Electronics Engineering Lab 2. Digital System Design Lab 3. Electronic Devices Lab 4. Signals System Lab 5. Analog Circuit Lab 6. Microprocessors Lab 7. Electronic Measurement & Instrumentation Lab 8. Communication Engineering (Analog & Digital Communication) Lab 9. Integrated Circuits Lab 10. Digital Signal Processing Lab 11. Control System Lab 12. Microwave Engg. Lab 13. CAD of Electronics Lab 14. Microcontrollers for Embedded Systems Lab 15. Optical Communication Lab 16. Electronics Circuit Design Lab 17. Project Lab 18. Virtual Lab 19. Fee Structure for New Students(2026-27) - AJAY KUMAR GARG ENGINEERING COLLEGE

Source: <https://www.akgec.ac.in/fee-new-students>

Fee Structure for New Students(2026-27) ACADEMIC FEE FOR THE B. TECH STUDENTS TO BE ADMITTED DURING THE SESSION 2026-27 B-Tech-Ist-Year-2026-27_0001 ACADEMIC FEE FOR THE B. TECH STUDENTS TO BE ADMITTED DURING THE SESSION 2026-27 UNDER FEE WAIVER SCHEME B-Tech-Ist-Year-FW-2026-27_0001 ACADEMIC FEE FOR THE B. TECH STUDENTS TO BE ADMITTED DURING THE SESSION 2026-27 (Lateral Entry) B-Tech-Lateral-Entry-2026-27_0001 ACADEMIC FEE FOR THE MCA STUDENTS TO BE ADMITTED DURING THE SESSION 2026-27 MCA-Ist-Year-2026-27_0001 *The Following payments will be paid by the students directly to the University as and when demanded: a) Examination Fee Rs. 7500/- and Digital Library Fee Rs.1000/-. b) The aforesaid fees are subject to change, if any, by the University. Hostel Fee for the students to be admitted during the session 2026-27 For Boys For Girls Triple Seater Triple Seater Rent & Mess Charges 130000 130000 Security (Refundable) 10000 10000 Total 140000 140000 Note: 1) The fee structure is subject to change by the State Govt. / Fee Fixation Committee. 2) Medical charges include Medical Insurance on hospitalization upto Rs.50,000/-, Accidental Insurance upto Rs.1,00,000/- and free OPD & annual medical checkup at Dr. R.S.G. (Indo-German) Hospital. 3) The amount deposited during counselling should be deducted from the total fee. Mode of Payment: 1. By DD/PO in favour of "Ajay Kumar Garg Engineering College" payable at Ghaziabad or Delhi. Write your name and mobile number on reverse of the draft. It may be submitted by post or in person. OR 2. Online transfer through NEFT/RTGS. Bank Account details of College for online payment are as under: Name of the Beneficiary : Ajay Kumar Garg Engineering College Name of the Bank : Kotak Mahindra Bank Ltd., Navyug Market, Ghaziabad -201001 (U.P.)-INDIA Bank Account No. : 508010250461 (Saving Bank Account) RTGS/NEFT/IFSC Code : KKBK0005295 Note : This Fee Structure is a demand letter from the college and valid for Bank Loan. ACADEMIC FEE FOR THE MCA STUDENTS TO BE ADMITTED DURING THE SESSION 2026-27 UNDER FEE WAIVER SCHEME MCA-Ist-Year-FW-2026-27_0001-1 *The Following payments will be paid by the students directly to the University as and when demanded: a) Examination Fee Rs. 7500/- and Digital Library Fee Rs. 700/-. b) The aforesaid fee are subject to change, if any, by the University Hostel Fee for the students to be admitted during the session 2026-27 For Boys For Girls Double Seater Triple Seater (If Available) Triple Seater Rent & Mess Charges 140000 130000 130000 Security (Refundable) 10000 10000 10000 Total 150000 140000 140000 Note: 1) The fee structure is subject to change by the State Govt. / Fee Fixation Committee. 2) Medical charges include Medical Insurance on hospitalization upto Rs.50,000/-, Accidental Insurance upto Rs.1,00,000/- and free OPD & annual medical checkup at Dr. R.S.G. Grievance Redressal Committee (GRC) - AJAY KUMAR GARG ENGINEERING COLLEGE

Source: <https://www.akgec.ac.in/grievance-redressal-committee>

Grievance Redressal Committee (GRC) In order to address the grievances of Faculty & Staff members of the College, which are not taken care of by the normal available channels, a separate "Grievance Redressal Committee (GRC)" is constituted as follows: Name Mobile No. Dr. Hemant Ahuja, Director, (Chairperson) 09899008275 Prof. S.L. Kapoor, Dean 1st Year & Proctor 09312072348 Dr. Vani Bhargava, Associate Professor, EN 09968479672 Dr. Aditya Pratap Singh, Associate Professor, IT 09958883636 Mr. Naresh Kumar, Assistant Professor, ECE 09416467489 Dr. Kumar Sambhav, University Member 09455680200 The concerned Faculty / Staff should contact any member of committee, preferably in writing, about their grievance so that suitable remedial action, if required, may be initiated by the committee. The grievance may also be registered online at www.akgec.ac.in. It may be noted that anonymous/ unnamed grievance / complaints without proper details and complaints against general norms and policies which are prerogative of the college will not be entertained. It is expected that this will help maintain a positive, harmonious and conducive atmosphere in the College. Dr. R.K. Agarwal Director General Grievance Registration

Hostel Facilities - AJAY KUMAR GARG ENGINEERING COLLEGE

Source: <https://www.akgec.ac.in/hostel>

Hostel Facilities Hostel Overview The college is full of lush green look having hostel facilities for the boys and girls students. The college has 03 hostels for the boys and 03 hostels for the girls students . The hostel facility for the boys and girls are separately located in the college campus. All the hostels are uniquely designed to make them quite airy having adequate cross ventilation, lighting and indoor / out door sports facilities. The hostel facility in the college is limited. The students interested in availing the hostel facility are required to fill the attached hostel registration form. All the hostel registration forms will be submitted for consideration of the Hostel Allotment

Committee. The students whose hostel registration forms are approved for allotment of hostel facility, will be required to pay the hostel fee on the registration / reporting day itself. The students who fail to pay the hostel fee within 24 hours, will be considered as cancelled and other students in the waiting list will be considered for allotment of hostel. The college provides Non- AC double seater and limited triple seater rooms for 1st year boys students and only Non-AC triple seater rooms for 1st year girls students. The details of hostels available for 1st year students are as given below. Hostel Amenities Wi-Fi Laundry Security Sports Power Backup RO Water Medical Aid Common Room 3 Boys Hostels | 3 Girls Hostels | Double & Triple Seater Rooms | Inside Campus

Hostel Fee Structure (First Year Students) Boys Hostel Double Seater Hostel Fee ■1,40,000 Triple Seater Hostel Fee ■1,30,000 Refundable Security ■10,000 Total (Double Seater) ■1,50,000 Total (Triple Seater) ■1,40,000 Girls Hostel Triple Seater Hostel Fee ■1,30,000 Refundable Security ■10,000 Total Amount ■1,40,000 NOTE : For availing the hostel facilities, the students are to register through Google form on the college website in advance before reporting at the college for admission. Students are to bring the following forms / documents duly completed while coming for reporting at the college for admission. The samples of these forms are given on college website. Scan the QR code below to pay the hostel fee: Required Documents Registration Form for Parents / Local Guardian (Click here) Medical Fitness Form (Click here) Joint Affidavit by Parents / Guardian and Student (Click here) Four (04) current coloured passport size photographs of student, parents, Guardian and local guardians. Please write your Name, Branch, Mobile number on the backside of the photograph, also mention relation with the student. Inaugural Ceremony of Innovation Lab AKGEC seeks to foster a culture of innovation among engineering students by their contribution in developing projects/application for Industrial/Social benefits. To meet this objective, AKGEC with support of National Instruments has launched a concept of i-lab (Innovation Lab) under LabVIEW Academy. The inaugural ceremony of i-lab held on 5th Feb, 2015, 11:00 AM at main seminar hall. Mr. Solikutty Dhanabal, Academic Program Manager, National Instruments, Bangalore was the Chief Guest for the ceremony. First of its kind in India, the i- lab aims to break the space and time barriers between classroom and laboratories. Innovation Lab offers hands on experiential engineering for innovative thinkers to develop new products/applications using LabVIEW platform through powerful portable data acquisition systems of NI using concept of ANYWHERE/ ANYTIME Engineering. For AKGEC students and teams wanting to test and refine their ideas and ventures, Innovation lab includes a number of resources that place students in a less structured environment in order to 'learn by doing'. The Innovation Lab (i-lab) is to serve as a resource for students from across AKGEC interested in entrepreneurship and innovation. The portable innovation kit, consisting of 'state of the art' NI MyDAQ/ MyRio platforms along with required hardware including sensors/actuators, USB Cables, drivers, motor, potentiometer, Switches, LED, Multimeters, connecting wires, Diodes, IC's and software facilities, will help the students to conceptualize their ideas into reality. Trained students and CLAD Certified Professional are initially eligible to get this magic kit issued and for 10 days period. Student may get this kit re-issued for longer duration, after submitting their concrete plan/proposal for the development of any new and innovative idea. On this occasion, AKGEC has signed an MOU with M/s Electrono Solutions Pvt Ltd, Bangalore to support i-lab initiative and nurture innovative activities under LabVIEW Academy. The main objective of this association is to promote students' interest towards innovation and entrepreneurship. Empty tab. Edit page to add content here. Empty tab. Edit page to add content here.  for Privacy Preservation Service in IoT Systems Dr. Ruchi Gupta 26-09-25 Reimagining Health Record
 Management with Blockchain for Secure and Efficient Healthcare Ms. Shikha Agarwal 11-10-25 Wavelet Aided
 Multi Task Transformer for Sugarcane Leaf Disease Prediction Dr. Anupama Sharma 11-10-25 Champion View: A
 Recommendation Engine Dr. Aditya Pratap Singh 25-10-25 Neural Network-Based Energy-Efficient Data
 Aggregation in Wireless Sensor Networks Dr. Sunil Kumar 27-11-25 A Hybrid Convolutional- Recurrent Neural
 Network Framework for Deepfake Detection in Images and Videos Mr. Sumit Sharma 20-12-25 Predicting Bihar
 Assembly Election Outcomes Using Census-2011 Demographic Data: A Machine Learning Approach Mr. Birendra
 Kumar 20-12-25 Robust Object Detection Model for Real-World Environments. Dr. Anju Mishra SESSION
 (2024-25) EVEN Sem 23/01/25 Hyper-parameter Optimization for Enhanced Medical Image Segmentation Mr.
 Santosh Mishra 23/01/25 A Novel Computation Algorithm for Forecasting Indian General Elections Result Mr.
 Birendra Kumar 22/02/25 Disease diagnosis with instant first aid and medicine recommender Ms. Akanksha
 Shukla 01/03/25 A hybrid approach for optimizing Software Defect Prediction by using Honey Badger Algorithm
 (HBA) and Support Vector Machine (SVM) Mr. Pancham Singh 01/03/25 On the improvements of the performance
 of bayes net classification for diagnosis of diabetes: A cross valuation approach Mr. Sarvachan Verma 12/04/25
 Image captioning system using LSTM and VGG16 Mr. Rupak Kumar 12/04/25 IOT based fully automatic indoor
 farming setup as Test-Bed facility for testing harvest of different plantation Mr. Anupam Kumar Saini 22/04/25
 Predicting Housing Prices Using Multiple Linear Regression: A Data-Driven Approach Dr. Nitin Sharma 22/04/25
 Precision Agriculture 2.0: Evaluating the roles of Deep Learning and IOT in modern Farming Mr. Pankaj Singh
 10/05/25 Generative AI and Workforce Evolution: A Social Network Analysis Approach Ms. Mili Srivastava
 22/05/25 Enhancing Decision-Making Processes with Machine Learning in Data Science Applications Mr.
 Pradeep Tripathi 22/05/25 Implementing Market Basket Analysis using ECLAT & Apriori Algorithm on Grocery
 Product Marketing Strategy Mr. Achintya Pandey 04/06/25 Evaluating Multi-Platform IoT Solution for Agricultural
 Monitoring Mr. Sumit Sharma 04/06/25 Predicting and Clustering Sleep Disorders Using Supervised and
 Unsupervised Learning: A Data Driven Approach to Lifestyle and Health Ms. Arti Chaudhary 20/06/25 An
 Automated Solution For Traffic Safety And Compliance Using Wireless-Enabled Overspeed Detection And Data
 Logging Using Doppler Radar And Visual Capture For Enhanced Monitoring And Enforcement Ms. Shikha
 Agarwal 20/06/25 A Deep Learning Approach for Early Detection of tomato plant disease using CNNs and
 machine learning Techniques Mr. Amit Kumar 23/06/25 Comparative Study of CNN architecture for Liver tumor
 segmentation in CT scans Mr. Madhup Agrawal 23/06/25 Enhanced Plant Disease Detection Using Deep
 Learning Algorithms for Precision Agriculture Ms. Sheradha Jauhari 26/06/25 Visualizing Data Effectively: Key
 Tools and Techniques for Diverse Domain and Analogous Analysis Ms. Tanu Gupta 26/06/25 A hybrid approach
 based on Haar cascade, softmax and CNN for human face recognition Ms. Chelsi Sen 28/06/25 Collaborative and
 Content-based Approach for Movie Recommendation System Ms. Anju Joon 28/06/25 Designing a Conceptual
 Framework for Blockchain-Enabled Transparency and Traceability in Supply Chains Ms. Shraddha Mishra
 SESSION (2024-25) ODD Sem Date Topic Speaker 13-01-2025 Multiobjective-Adaptive Equilibrium Slime Mould

Algorithm to Improve the Life Expectancy in Mobile Wireless Sensor Network Ms. Tahira Mazumder 13-01-2025

Intelligent Tutoring System for Direct and Indirect speech Ms. Ankita Singh 07-01-2025

An Ensemble Neuro-Fuzzy Model for End-to-End Emotion Detection from EEG Data Dr. Anju Mishra 07-01-2025

RMSE computation and Detection of Ring P. Falciparum Ms. Rinki Tyagi 28-12-2024

Depression Detection through Cascaded Attention Based Deep Learning Framework Using Speech Data Dr. Shivani Agarwal 28-12-2024

Advancing Plant Disease Identification using Convolutional Neural Networks for Precise Diagnosis in Hibiscus Plants Dr. Nandita Goyal 18-12-2024

Comparative study of Reactive Routing Protocols AODV and DSR for Mobile Adhoc Network. Mr. Nikhil Kumar 18-12-2024

Diffusion Tensor Imaging for Investigating Structural Connectivity Patterns in Attention Deficit Hyperactivity Disorder Ms. Ayushi 23-11-2024

AI Virtual Mouse Using Hand Gestures Ms. Anushka Tyagi 13-11-2024

SafeMeds :Electronic Health Records using Blockchain Dr. Rashmi Sharma 09-11-2024

Time Efficient Public Key Cryptography for Enhancing Confidentiality and Integrity in a Wireless Sensor Network Dr. Sunil Kumar 09-11-2024

Integration of artificial intelligence and blockchain in banking sector. Mr. Sudhakar 29-10-2024

Images Segmentation Using a Hybrid ResUNet Model Dr. Aditya Pratap Singh 28-09-2024

Stable and Bandwidth Aware Dynamic Routing protocol (SBADR) Dr. Anupama Sharma 28-09-2024

Blockchain Enabled Federated Reinforcement Learning (B²FRL) Model for Privacy Preservation Service in IoT Systems Dr. Ruchi Gupta

SESSION (2023-24) EVEN Sem Date Topic Speaker 28-Jun-24

Empirical analysis of deep learning networks for affective video tagging Dr. Anju Mishra 28-Jun-24

Protecting health and lives with an automated system for accident prevention at blind curve using IOT. Ms. Priya 22-Jun-24

Source project selection in Cross-Project Defect Prediction using Hybrid Method. Dr. Shailza Kanwar 22-Jun-24

Hybrid ensemble Machine learning Model for skin disease classification using DWT and GLCM Mr. Sarvachan Verma 14-Jun-24

Centrality Of Any Node In Social Network Analysis Ms. Mili Srivastava 14-Jun-24

A Smart Framework for Video Classification using Keyframes. Ms. Chelsi Sen 12-Jun-24

Analyzing Machine Learning Models for Crime Category Prediction: A Comparative Study Ms. Priti Choudhary 12-Jun-24

Adaptation of BlockChain Technology in Healthcare System : A Review Ms. Kamini Tanwar 25-May-24

A Hybrid Reversible Digital Watermarking Algorithm Using Machine Learning For Protection Of Medical Images Mr. Pradeep Tripathi 25-May-24

Disease Diagnostics In Paddy Fields :A Deep Learning Perspective Ms. Sheradha Jauhari 17-May-24

A Hybrid Approach Based On Haar Cascade, SoftMax, and CNN For Human Face Recognition. Mr. Pancham Singh 17-May-24

Detection of MDD from EEG signal Mr. Amit Kumar 07-May-24

Paephological Analysis and Prediction Using Machine Learning Mr. Birendra Kumar 03-May-24

An Enhancement of crest factor in data security using Gaussian window function Ms. Mamta Pant 19-Apr-24

A Multi-Objective Optimization Technique for Energy Efficient Cluster Based Routing in Wireless Sensor Networks Ms. Tahira Mazumdar

Date Topic Speaker 09-Mar-24

"Survey on Evaluating the Topology Of Neural Networks(ANN, GNN, QVNN) For Generalization" Mr. Gaurav Chaudhary 17-Mar-24

Twitter data sentiment analysis for stock market prediction using machine learning Ms. Tanu Gupta 28-Mar-24

A cyber physical security for electrical vehicles using deep learning Mr. Pankaj Singh 10-Apr-24

Evaluating Multi-Platform IoT Solution for Agricultural Monitoring Mr. Sumit Sharma 12-Apr-24

Government Construction Project Budget Prediction Using Machine Learning Mr. Sumit Sharma 12-Apr-24

Maximise Yield of Crop using Recommendation system based on Machine learning Ms. Shikha Agarwal

SESSION (2023-24) ODD Sem Date Topic Speaker 02-Jan-24

Protein secondary structure prediction by using a hybrid approach with sliding window concept Dr. Shivani Agarwal 02-Jan-24

A Comparative Study of Machine Learning Models for House Price Prediction and Analysis in Smart Cities Ms. Mrignany kansal 13-Jan-24

Enhancing Crop Yields through IoT- Enabled Precision Agriculture Dr. Rashmi Sharma 13-Jan-24

Fog Based IoT-enabled System Security for Electrical Vehicles in the Smart Grids Mr. sanjay Sonkar 27-Jan-24

Cloud Data Classification Using Machine Learning Techniques Dr. Nandita Goyel 27-Jan-24

Edge Detection Based Segmentation of Wheat Plants Diseases Mr. Madhup Agarwal 10-Feb-24

Expanding Shoe Functionality through Ultrasonic Sensor and Gyroscope for the Visually impaired Dr. Veena Bharti 10-Feb-24

Secure and Early Detection Framework for Covid -19 :Standardization of clinical Process Mr. Achintay pandey 21-Feb-24

Medical image synthesis workbench supporting multiple modalities with Feature -level Transforms Dr. Nitin Sharma 21-Feb-24

Facial Expression Recognition Detection and Tracking Mr. Anil Date

Topic Speaker 23-Dec-23

A novel method of Butterfly Optimization Algorithm for Load Balancing in Cloud Computing. Dr. Sunil Kumar 23-Dec-23

A Simplified Gorilla Troops Optimization Mr. Santosh Mishra 25-Nov-23

Blockchain Based De- Duplication Analysis of Cloud Data with Data Integrity Using Policy Based Encryption Technique in Cloud Storage. Dr. Aditya Pratap Singh 25-Nov-23

Fake Account Detection by reducing online trolling through deep learning. Ms. Chitra Nasa 27-Oct-23

Vehicular Communication using Federated Learning Empowered Chimp Optimization (FLECO) Algorithm Dr. Ruchi Gupta 20-Oct-23

A novel distribution mutual exclusion in UAV assisted flying ad hoc network using density-based clustering Dr. Anupama Sharma 30-Sep-23

Mastering Latex with Overleaf for Optimal Research Paper Writing Prof. Rahul Sharma

SESSION (2022-23) EVEN Sem Date Topic Speaker 10-Mar-23

Sentimental analysis using deep learning and machine learning Ms. Mili Srivastava 14-Mar-23

Security & Privacy in wireless body Area Network Mr. Achintya Pandey 20-Mar-23

Shoe Extension using Ultrasonic Sensor and Gyroscope for blinds Ms. Shikha Agarwal 28-Mar-23

Detection of Rice Crop Diseases Using Deep Learning Mr. Sachin Tyagi 07-Apr-23

Witer Autonomous offline Autograph detection founded upon Histogram of oriented gradients (HoGs) feature Ms. Arti Chaudhary 20-Apr-23

Contact Tracking of COVID -19 Over a secure cloud plateform Mr. Pankaj Singh 16-May-23

Nature Inspired Metaheuristic algorithm for optimization and feature

selection in cloud forensic data classification Dr. Nandita Goel 17-May-23 Understaing functional concept of Convolutional Neural Network Mr. Madhup Agarwal 06-Jun-23 Framework designed for live video streaming based alerting system :smart secure eye Ms. Chelsi Sen 13-Jun-23 Hybrid Boosted learning method for Brain Tumor Prediction Ms. Priti Choudhary 13-Jun-23 Classification of pigmented skin lesion for Early Cancer Detection using GLCM and SVM Mr. Puneet Goel 27-Jun-23 Deep Learning-based Detection of Plant Diseases: An Extensive Analysis Ms Sheradha Jauhari 27-Jun-23 Stacking-based machine learning techniques for prediction of diabetes mellitus Ms. Kamini 19-Jul-23 Intelligent System for recruitment decision making using an Alternative Parallel –Sequential Genetic Algorithm Ms. Tanu Gupta 13-Jul-23 Skin disease detection using Enhanced CNN Dr. Veena Bharti 21-Jul-23 Evaluating the right number of Hidden units in artificial neural network. Mr. Gaurav Chaudhary 24-Jul-23 Digital Watermarking using Discrete Wavelet Transform and Machine Learning with PCA and SVM . Mr.Pradeep Tripathi 25-Jul-23 Enhancement of Data Security Method Using Partially Transmitted Sequences (Fast Fourier Transform and Inverse Gaussian Window) Ms. Mamta Pant 26-Jul-23 Fog-Based IoT enabled system security using Machine Learning Mr.Sanjay Sonkar SESSION (2022-23) ODD Sem Date Topic Speaker 10th Sep 2022 Federated Learning and its roll in the Privacy Preservation of IOT Devices Dr. Ruchi Gupta 10th Sep 2022 RANK AGGREGATION USING ANT COLONY APPROACH FOR METASEARCH Dr. Parneet Kaur 23rd Sept 2022 Performance analysis and comparison of PoW, PoS and DAG based blockchains Dr. Aditya Pratap Singh 20th Oct 2022 Efficient On-demand Routing Protocol Dr. Anupama Sharma 3rd Nov 2022 Aspect-based sentiment analysis using machine learning approaches. Dr. Avdhesh Gupta 12th Nov 2022 WNS Performance enchancement through Bio-inspired Mataheuristic Optimization Techniques Ms. Tahira Mazumder 17th Nov 2022 Agile project magement :The scrum Framework Mr. Sumit Sharma 26th Nov 2022 Clustering and Data Aggregation in Wireless Sensor Network Using machine learning algorithms Mr. Pancham Singh 26th Nov 2022 Security Issues in Cloud Computing Mr. Lucknesh Kumar 4th Nov 2022 Methods for reckless driving detection Dr. Rashmi Sharma 6th Dec 2022 Node Authentication and security mearsures in WNS Using machine learning Ms. Mrignainy Kansal 10th Dec 2022 Anomaly Detection Techniques and Challenges in High Dimensional Data Mr. Anmol Jain 2th Jan 2023 Sentiment analysis of Tweets for Election Result Prediction Mr. Birendra Kumar 4th Jan 2023 Skin disease Clarification Mr Sarvachan 10th Jan 2023 An optimal image segmentation method based on HGSO for CT images Mr. Santosh Mishra 16th Jan 2023 Predicting severity of neurogenerative disease using deep learning Ms. Shilpi Gupta 28th Jan 2023 Feature selection using ensemble Learning for protein fold recognition Ms. Akanksha Shukla 10th Feb-23 Prediction Model with Context, Time and User Information: An Optimization assisted Deep Learning Technique Mr. Sundeeep Raj 11th Feb-23 By using Madaline learning with back propagation to predict the protein secondary structure Dr. Shivani Agarwal 1st -March-23 Efficient Cost Estimation to Join Ordering for Federated SPARQL Queries Dr. Nidhi Gupta SESSION (2021-22) ODD Sem Date Topic Speaker 1 st November 2021 Biosymbiotic, Personalized and Digitally Manufactured Wireless Devices for Indefinite Collection of High Fidelity Bio signals Ms. Shilpi Gupta 1 st November 2021 COVID-19-Related Hospital Cost-Outcome Analysis: The Impact of Clinical and Demographic Factors Mr. Sumit Sharma 2 nd November 2021 Smart Villages using IOT Mr. Anmol Jain 2 nd November 2021 Applications of Image Processing in Healthcare Dr. Abhilasha Singh 3 rd November 2021 Blockchain Dr. Amrita Jyoti 3 rd November 2021 Sales Forecasting Using Back Propagation Algorithm Dr Rashmi Sharma 27 th November 2021 Machine Learning in Healthcare Mr. Sahil Agarwal SESSION (2021-22) EVEN Sem Date Topic Speaker 26 th Feb 2022 Classification of skin disease using deep learning neural network with MobileNet V2 and LSTM Mr. Sarvachan Verma 12 th March 2022 Election Trend through Social Media Mr. Birendra Kumar Tiwari 12 th March 2022 ACAR: An Ant colony algorithm-based routing protocol for underwater acoustic sensor network Ms. Rinki Chauhan 22 ND April 2022 ML Based energy efficiency in WSN Mr. Virendra Pal Singh 23 rd April 2022 Hadoop: An open-source software platform for distributed computing Ms. Sumita Lamba 20 th May, 2022 An efficient multi-thresholding based COVID-19 CT images segmentation using Henry Gas solubility Optimization. Mr. Santosh Mishra 11 th June, 2022 Autoregressive Optimization based deep Recurrent neural Network in investigating atmospheric and oceanic parameters Mr Sundeeep Raj 25 th June 2022 Generation of Subkeys/ basins for different encryption Algorithms Ms Akanksha Shukla 29 th June 2022 Protein secondary structure by using hybrid approach with sliding window concept Dr. Shivani Aggarwal 15 th July, 2022 Machine Learning Approach of Semantic Mapping in Polystore Health Information Systems Ms. Nidhi Gupta SESSION (2020-21) ODD Sem 31 ST October 2020 i-Twin Technology Dr. Parneet Kaur 7 th November 2020 Smart Quill Mr. Pardeep 28 th November 2020 Cyborgs Ms Mrignainy Kansal 12 th December 2020 Byzantine Fault Tolerance Problem Dr. Aditya Pratap Singh 5 th December 2020 3D internet Mr. Gaurav Singh Rawat 9th January 2021 Complex-Valued Neural Networks (CVNNs) Dr. Sushil Kumar 16 th January 2021 Silent Sound Technology Mr. Jitendra Kr. Mentorship Program

Mentoring is a unique method of supporting students to improve their learning and leadership skills, motivating them towards their future career development. With this in mind, the college has a mentorship programme wherein the senior students are mentor and junior students are as mentee. Under the guidance of faculty coordinator senior students provide guidance and mentorship to junior students. Providing, a reliable and comprehensive support system, to motivate students to excel in both academic and non-academic fields and to make the most of their life at the college. Following are some objectives.

1. To help the second year students understand the challenges and opportunities.
2. To counsel academically weak undergraduate students

Faculty Coordinator: Mr. Birendra Kumar

Smart India Hackathon-2018 Our Hon'ble Prime Minister, Shri Narendra Modi, envisages a Digital India to bridge the digital divide in our country and further promote digital literacy in order to make development a comprehensive mass movement and put governance within everyone's reach in India. In order to work towards our PM's vision, MHRD, All India Council for Technical Education (AICTE), Inter Institutional Inclusive Innovation Center (i4C), and Persistent Systems organized Smart India Hackathon 2017, a unique initiative to identify new and disruptive digital technology innovations for solving the challenges faced by our country. The initiative was a huge success. To reiterate the efforts towards our PM's vision, MHRD, AICTE, i4C, and Persistent Systems is proud to propose the 2nd edition of this initiative – Smart India Hackathon 2018. Smart India Hackathon 2018 is a non-stop digital product development competition, where problems are posed to technology students for innovative solutions. It: Harnesses creativity & expertise of students Sparks institute-level hackathons Builds funnel for 'Startup India' campaign Crowdsources solutions for improving governance and quality of life Provides opportunity to citizens to provide innovative solutions to India's daunting problems Smart India Hackathon 2018 will have 2 sub-editions – Software as well as Hardware: Software Edition will be 36 hour software product development competition, similar in concept to Smart India Hackathon 2017 The new Hardware Edition will be a hackathon where teams will be work for 5 straight days and build their hardware solutions. This competition would be limited to only 5 nodal centers with 20-25 teams each. Our engineering students of IT stream have participated enthusiastically in this event. Under different ministries, total 6 teams of six members in each were registered and submitted their proposals of solution. After reviewing their statements of proposed solution, 3 solutions were selected for this competition. The details of all the selected teams are given below.

SESSION 2023-24 Date Paper Title Authors 24 Nov 2023 Tyagi, S., Sharma, A., Batra, N., Chawla, P., Sagar, P., & Tyagi, N. (2023, November). Study and Identification Analysis of Health and Diseases of Medicinal and Aromatic Plants Through Machine Learning Using Random Forest and Convolutional Neural Networks. In 2023 3rd International Conference on Advancement in Electronics & Communication

Engineering (AECE) (pp. 191-194). IEEE. Dr. Anupama Sharma 24 Nov 2023 Kansal, M., Tanwar, K., Pandey, A. K., Kumar, V., Singh, P., & Upadhyay, S. (2023, November). Implementing Market Basket Analysis Using Eclat And Apriori Algorithm On Grocery Product Marketing Strategy. In 2023 3rd International Conference on Advancement in Electronics & Communication Engineering (AECE) (pp. 465-469). IEEE. Ms. Mrignainy Kansal Ms. Kamini Tanwar 24 Nov 2023 Kansal, M., Singh, P., Soharia, A., Tripathi, A., Yadav, A., & Sen, C. (2023, November). A Brief Survey on Metaverse: Its Concepts, Applications and Challenges. In 2023 3rd International Conference on Advancement in Electronics & Communication Engineering (AECE) (pp. 470-475). IEEE. Ms. Mrignainy Kansal Mr. Pancham Singh 16 Nov 2023 Kansal, M., Singh, P., Kumar, S., & Sibal, R. (2023). Predicting stock market price over the years by utilizing machine learning algorithms. In Artificial Intelligence, Blockchain, Computing and Security Volume 1 (pp. 72-78). CRC Press. Ms. Mrignainy Kansal Mr. Pancham Singh 16 Sept 2023 P. Singh, M. Pant, M. Kansal, J. Singh, G. Singh and S. Jauhari, "Cybersecurity in the Age of Blockchain," 2023 International Conference on Quantum Technologies, Communications, Computing, Hardware and Embedded Systems Security (IQ-CCHES) , KOTTAYAM, India, 2023, pp. 1-6. IEEE Mr. Pancham Singh Ms. Mamta Pant 16 Sept 2023 Prajapati, Y. N., Tomar, S., Singh, P., Gupta, A., Kumar, V., & Arora, N. (2023, September). A New Approach of Machine Learning And Deep Learning Algorithms Based Crop Yield Prediction. In 2023 International Conference on Quantum Technologies, Communications, Computing, Hardware and Embedded Systems Security (IQ-CCHES) (pp. 1-4). IEEE. Mr. Pancham Singh SESSION (2019-20) ODD Sem Date Topic Speaker Name Saturday, 10th August 2019 Offline signature verification using Neural Network Ms. Mrignainy Kansal Saturday, 23rd August 2019 A feature reduced intrusion detection system using ANN classifier Dr. J.K Seth Saturday, 14th September 2019 Web Service Recommendation via Exploiting Location and QoS Information Dr. Aditya Pratap Singh Saturday, 28th September 2019 Visualizing data using t-SNE Mr. Pardeep Tuesday, 03 December 2019 Reverse Engineering Utility Functions using Genetic Programming to Detect Anomalous Behaviour in Software Dr. Ruchi Gupta Thursday, 05 December 2019 A Smart manufacturing service system based on Edge, Fog and Cloud computing. Mr. Lucknesh Kumar Thursday, 06 December 2019 Finding Bad Code Smells with Neural Network Models Mr. Ruchin Gupta Monday, 09 December 2019 Root-power mean aggregation based neuron in quaternionic domain Dr. Sushil Kumar Wednesday, 11 December 2019 Mobile network security and privacy in WSN Ms. Tahira Mazumder Thursday, 19 December 2019 Research on face feature extraction based on K-means Algorithm Ms. Anu Gupta Monday, 30th December 2019 Improving QoS in High Speed Mobility using Bandwidth Maps Ms. Yogita Monday, 30th December 2019 MRI Brain Cancer Classification Using Support Vector Machine. Ms. Shikha Jain SESSION (2018-19) EVEN Sem Date Topic Speaker Name 09-03-2019 Dynamic approach to Spam Filtering Ms. Mrignainy Kansal 19-03-2019 Survey of Bandwidth estimation techniques in communication networks Ms. Anupama Sharma 19-03-2019 IOT+AR: "Digi Log" shopping experience Ms. Anu Gupta 25-03-2019 Finding Bad Code Smells with Neural Network Models Mr. Ruchin Gupta 26-03-2019 Performance analysis for diverse simulation scenerios for DSDV, DSR, and AODV MANET routing protocol Mr. Gaurav Singh Rawat 28-03-2019 Blockchain enabled smart contracts: Architecture, Applications and Future Trends Mr. Lucknesh Kumar 29-03-2019 High Dimensional Information Processing through resilient propogation in quaternionic domain Dr. Sushil Kumar 01-04-2019 Comparative analysis of forensic extraction ad cross drive analysis Ms. Shilpi Gupta 30-04-2019 The BigDAWG Polystyrene System Mr. Rahul Sharma 30-04-2019 Performance analysis of DoS LAND attack detection Mr. J.K.Seth 06-05-2019 A new scheme for watermark extraction using combined noise-induced resonance and support vector machine with PCA based feature reduction Dr. Vivek Verma 06-05-2019 Indoor Wayfinding using Interactive Maps Ms. Swati Goel 20-05-2019 Weed Classification using Angular Cross Sectional Intensities for RealTime Selective Herbicide Applications Ms. Shikha Jain 21-05-2019 Scalable network virtualization in software defined network Mr. Pancham Singh 07-06-2019 Implementation of delay variance attack using video streaming Ms. Yogita Chhabra 17-06-2019 The psychology of Job loss: Using Social Media data to characterize & Predict Unemployment Mr. Sumit Sharma SESSION (2018-19) ODD Sem Date Topic Speaker Name 28-07-2018 Are your requirements covered? Mr. Ruchin Gupta 03-08-2018 Fuzzy ontology-based multi agents system for wireless sensor networks Dr. Mohit Mittal 24-08-2018 Digital watermark extraction using support vector machine with principal component analysis based feature reduction Dr. Vivek Verma 08-09-2018 Integration of Cloud Computing and IOT Dr. Lalit Kumar Saraswat 31-10-2018 offline Handwritten signature verification using low level stroke features Ms. Mrignainy Kansal 14-09-2018 Green IOT: An Investigation on Energy saving practices for 2020 & Beyond Mr. Lucknesh Kumar 28-09-2018 Towards disappearing user interfaces for ubiquitous computing human enhancement for sixth sense to super sense Mr. Gaurav Singh Rawat 05-10-2018 Analyzing the availability and performance of an e-health system with edge, fog & cloud infrastructure Ms. Anupama Sharma 12-10-2018 Research on face feature extraction based on k-means algorithm Ms. Anu Gupta 13-10-2018 Polystore Databases Mr. Rahul Sharma 27-10-2018 On the learning machine in quarternionic domain and its application Dr. Sushil Kumar 24-11-2018 Invisibility system using texture analysis and optical camouflage technology Ms. Shilpi Gupta 27-11-2018 A feature reduced intrusion detection system using ANN classifier Mr. J.K.Seth 29-11-2018 Big Data, Hadoop and Cloud computing in genomics. Ms. Tahira Mazumdar 08-12-2018 Cognitive Computing: Architecture, Technologies and Intelligent applications Ms. Swati Goel 10-12-2018 Packet Tracing and Analysis of network camera with wireshark Ms. Yogita Chhabra 10-12-2018 Using Mind Share Calculation and Fuzzy concept to explore customer's psychological pattern Mr. Sumit Sharma 12-12-2018 Antenna design for UHF RFID Tags: a

Review and a Practical Application Mr. Pancham Singh SESSION (2017-18) EVEN Sem Date Topic Speaker Name

13-02-2018 High Fidelity reversible data hiding scheme based in pixel value ordering and prediction error expansion Dr. Vivek Verma

13-02-2018 A Survey on Technical threat intelligence in the age of sophisticated cyber attacks Ms. Shilpi Gupta

21-03-2018 Chatbots using a knowledge in Database: Human to machine conversation modeling Ms. Swati Goel

27-03-2018 Improving Routing Performance in AODV with Link prediction in Mobile Adhoc networks Ms. Anupama Sharma

27-03-2018 The impacts of Robotics, Artificial Intelligence on Business and Economics Ms. Vidushi

30-03-2018 Software Quality Improvement: a model based on managing factors affecting software quality Mr. Ruchin Gupta

30-03-2018 Packet Tracing and analysis of network cameras with Wireshark Ms. Yogita Chhabra

24-05-2018 Jini Technology applied to Railway Systems Mr. Pancham

24-05-2018 Cloud Based Image Segmentation using L*A*B* Colour space based on Genetic algorithm Ms. Shikha

03-05-2018 A cloud based secure authentication (CSA) protocol suite for defence against denial of service (DoS) attacks Mr. J.K.Seth

03-05-2018 Big Data based security analytics for protecting virtualized infrastructures in cloud computing Mr. Rahul Sharma

11-05-2018 Human Computer Interface using Hand Gestures Ms. Tahira Mazumdar

11-05-2018 Cloud testing tool and its challenges: A Comparative study Mr. Narendra

17-05-2018 Ten year prediction of suicide death using cox regression and machine learning in a nation wide retrospective cohort study in South Korea Mr. Sumit Sharma

SESSION (2017-18) ODD Sem S. No. Date Topic Speaker Name

1. 04 August 2017 Priority-based rate control for service differentiation and congestion control in wireless multimedia sensor networks Dr. Anu Chaudhary

2. 12 August 2017 Quality-Aware Routing Metrics for Time-varying Wireless Mesh Networks Ms. Anupama Sharma

3. 12 August 2017 Embedding Cryptographic Features in Compressive Sensing Ms. Shilpi Gupta

4. 26 August 2017 Comparision of Mamdani and Sugeno model used for fuzzy inference system. Ms. Yuviva Mittal

5. 09 September 2017 A Survey on Mobile Users' Software Quality Perceptions And Expectations Mr. Ruchin Gupta

6. 09 September 2017 A secure Visual Cryptography Scheme Using Private key with Invariant Share Sizes Ms. Lovey Rana

7. 23 September 2017 Performance of Virtual Machines Under Networked Denial of Service Attacks: Experiments and analysis Mr. J. K. Seth

8. 13 October 2017 Analysis of a data flow in a financial IOT system Mr. Sumit Sharma

9. 13 October 2017 Hyperloop Transportation System Ms. Swati Goel

10. 28 October 2017 When and what to automate in Software Testing? A Multi Vocal Literature review. Mr. Narendra Kumar

11. 28 October 2017 Automated Enhancement and Detection of Stripe Defects in Large Circular Weft Knitted Fabrics Ms. Shikha Jain

12. 10 November 2017 Brain Computer Interfacing: Applications and Challenges Ms. Tahira Mazumder

13. 10 November 2017 The You Tube Video Recommendation System Ms. Vidushi

14. 22 November 2017 Revisiting Defenses against Large Scale Online Password Guessing Attacks Ms. Yogita Chhabra

15. 23 November 2017 Analysis of Multiple Account Holders in Various Banks Using Hadoop technology Mr. Rahul Sharma

16. 29 November 2017 Significant region based robust watermarking scheme in little wavelet transform domain Dr. Vivek Verma

17. 29 November 2017 An Energy Efficient Approach for Routing in Wireless Sensor Network Mr. Pancham Singh

18. 06 December 2017 Cloud Security Issues Mr. Kapil Tomar

SESSION (2016-17) EVEN Sem Date Topic Speaker Name

11-May-17 Design of Wireless Network Based on NS2 Mr. Pancham Singh

04-May-17 Performance analysis of AODV, DSR, OLSR and DSDV Routing Protocols using NS2 Simulator Mr. Kapil Tomar

01-May-17 Intelligent Energy Control for Smart City. Prof. R. P. Saw

22-Apr-17 From the Internet of Computers to the Internet of Things Mr. Rahul Sharma

08-Apr-17 Internet of Things, Block chain and Shared Economy Applications. Ms. Tahira Mazumder

08-Apr-17 Person De-Identification in Videos Ms. Yogita Chhabra

25-Mar-17 Forecasting Enrollments Based on Fuzzy Time Series with Higher Forecast Accuracy Rate. Mr. Narendra Kumar

23-Mar-17 Weed Classification using Angular Cross Sectional Intensities for Real Time Selective Herbicide Applications Ms. Shikha Jain

23-Mar-17 A Flying Pantograph Expressivity of Human and Machine Mr. Sumit Sharma

21 March 2017 An Efficient Phishing Webpage Detector Mr. J. K. Seth

21 March 2017 Congestion in Wireless Sensor Networks and Mechanisms for Controlling Congestion Ms. Vidushi

18 March 2017 High Throughput Multicast Routing Metrics in Wireless Mesh Networks Ms. Anupama Sharma

18 March 2017 Quality Characteristics and Metrics related to M-Learning Mr. Ruchin Gupta

25 February 2017 Review on Secure Finger Knuckle Biometrics. Ms. Shilpi Gupta

25 February 2017 Performance Evaluation of outlier detection for Data Subspaces (ODDS) Algorithm. Ms. Yuviva Mittal

28 January 2017 Energy Efficient Structure free data aggregation and Delivery in WSN. Dr. Anu Chaudhary

28 January 2017 Machine Translation of Bilingual Hindi English Text Ms. Swati Goel

5 December 2016 Adaptive Congestion Control for Unpredictable Cellular Networks Mr. Pancham Singh

5 December 2016 A Subpopulation of Label-Retaining Cells of the Kidney Papilla Regenerates Injured Kidney Mr. Kapil Tomar

2 December 2016 3DSSE- A 3D Scene Search Engine Ms. Tahira Mazumder

2 December 2016 Face Description with LBP and LTP Mr. Narendra Kumar

26 November 2016 Trusted Mobile Computing : An Overview of Existing Solution Prof. R. P. Saw

12 November 2016 Network Intrusion Detection & Countermeasure Selection in Virtual Network System Ms. Yogita Chhabra

12 November 2016 Zigbee and Bigdata Analysis Based Pulse Monitoring System for Efficient Physical Training Mr. Sushil Bagi

22 October 2016 Intrusion Detection System using Server Placement Analysis Mr. J.K. Seth

08 October 2016 Effective Data Visualization using Tableau Mr. Rahul Sharma

08 October 2016 A Secure Crypto System from Palm Vein Biometrics Mr. Sumit Sharma

24 September 2016 Efficient Example-based Super-Resolution of Single Text Images Based on Selective Patch Processing Ms. Shikha jain

10 Sept 2016 A framework for assessing the quality of mobile learning Mr. Ruchin Gupta

10 Sept 2016 CB VANET- A Cluster Based Vehicular Adhoc Network Model for Simple Highway Communication Ms. Vidushi

27 Aug 2016 Routing in

Multi-Hop Wireless Mesh Network Ms Anupama Sharma 27 Aug 2016 A novel approach for digital watermarking of an image using DFT Ms. Lovey Rana 13 Aug 2016 Energy-Aware Tasks Scheduling in Cloud Computing Systems Dr. Anu Chaudhary 16 Aug 2016 Simple Solution for Divergence in pure EMBT Ms. Swati Goel

SESSION (2015-16) DATE TOPIC SPEAKER NAME 11 th December 2015 High Performance computing for Big Data on cloud: opportunities and Challenges Prof . R.P.Saw 7 th August 2015 Efficient routing for traffic offloading in Software-defined Network Dr. Anu Chaudhary 14 th August 2015 A survey of VBR video models Mrs. Anupama Sharma 4 th September 2015 An overview of application of fuzzy inference system Mr. Ruchin Gupta 24 th September 2015 Palm View authentication technology and its application Mr. Sumit Sharma 9 th October 2015 A novel frame work for intrusion detection in cloud Mr. J.K.Seth 31 st October 2015 A Palm Vein Recognition System Mr. Narendra Teotia 21 st November 2015 DNA Media Storage Ms. Tahira Mazumder 8 th December 2015 Haptic Based apps for middle school Students with Visual Impairments Mr. Pancham Singh 11 th December 2015 SPARSH: Passing Data Using Body as a Medium Mr. Kapil Tomar 8 th December 2015 Protein- mediated Nano Crystal assembly for flash memory fabrication Mr. Sushil Kr. Bagi 28 th November 2015 Fg Captcha- Genetically optimized face image Captcha Ms. Punam Kumari 9 th November 2015 Exploiting friendship relation for efficient routing in Mobile social network Ms. Yogita Chhabra 17 th October 2015 Performance analysis of Hadoop Mr. Rahul Sharma 30 th September 2015 Security using Image Processing Ms. Shikha Jain 11 th September 2015 Sentiment Analysis: A review and comparative analysis of web services Ms. Vidushi 21 st August 2015 Computing in the Rain: a reliable array of independent nodes Ms.Lovey Rana 25 th August 2015 Translation Divergence in English-Hindi Machine Translation Ms. Swati Goel

SESSION (2014-15) DATE TOPIC SPEAKER NAME 15th November 2014 Modeling and querying Data in MongoDB Prof . R.P.Saw 2nd August 2014 Redirection based recovery for MPLS network system Dr. Anu Chaudhary 30th August 2014 A survey of lightweight cryptography implementation Mr. Raja Ghosal 6th September 2014 Comparison of Different Routing protocols in Manet Mrs. Anupama Sharma 20th September 2014 Fuzzy Connectedness and image segmentation Mr. Ruchin Gupta 15th October 2014 New Detection of Peer to Peer Controlled Bots on the host Mr. Sumit Sharma 11th November 2014 Intrusion detection using Principal Component Analysis Mr. J.K.Seth 11th November 2014 A Texture image segmentation method based on ICA filters Mr. Narendra Teotia 21st November 2014 Bit Coin Networks Ms. Tahira Mazumder 11th December 2014 Security and Privacy in Molecular communication and Networking: opportunities and challenges Mr. Pancham Singh 11th December 2014 Introduction to Google file system Mr. Kapil Tomar 9th December 2014 Imitation learning through crowd sourcing Ms. Punam Kumari 25th November 2014 EAACK- A secure intrusion detection system for MANET Ms. Yogita Chhabra 1st November 2014 Hadoop with Yarn Mr. Rahul Sharma 1st November 2014 A sleep Scheduling Protocol for improving the lifetime of wireless sensor network Mrs. R. Shobana Laxmi 20th October 2014 A new approach to MANET routing based on Erasure Coding Ms. Shikha Jain 13th September 2014 Stack Memory buffer overflow Protection Based on duplication and randomization Ms. Vidushi 6th September 2014 A secure recognition based graphical Password by water marking Ms.Lovey Rana 16th August 2014 Adapting a fault prediction model to allow inter language reuse Ms. Anushree Agarwal

IT Labs Home Faculty Labs Achievements Society Departmental Activities

Adequate-and-well-equipped-laboratories-of-IT-department 1. The department has adequate number of laboratories as per requirement (strength of students in the department and number of labs / practical courses mentioned in syllabus scheme of university (AKTU, Lucknow). 2. These laboratories are fully equipped with various equipment's, software tools and consumables. 3. These labs have all the basic as well as advanced level facilities to fulfil the requirements of UG courses. 4. These laboratories are utilized by the students and faculty members of IT department for performing the practical experiments, doing the Project Work and Research Activities (R & D). 5. One dedicated lab staff member is always present in each lab room (responsibility of each lab room has been assigned to a particular lab staff). 6. Adequate Budget is planned and expenditure is done from the allocated fund to ensure the repairing of faulty equipment's, purchase of consumables, lab equipment's and software tools. The department is equipped with the following labs (for Odd and Even Semesters) 1. Advanced IT

lab-1 2. Advanced IT Lab-2 3. Web Technology Lab 4. Basic IT Lab 5. Project Lab 6. IT Lab – 6 7. IT Lab – 7

Conatus - AJAY KUMAR GARG ENGINEERING COLLEGE

Source: <https://www.akgec.ac.in/life-akgec/societies/departmental-societies/conatus>

Conatus Home Faculty Labs Achievements Society Departmental Activities Activities of Conatus : (2025-26)
 Technical Horizon Conatus is the technical society of Computer Science and Information Technology in Ajay Kumar Garg Engineering College which brings to its students the illumination of the knowledge glow in IT sphere with its marvellous events, workshops and seminars. Founded on 10th October, 2005 Conatus functioning is firmly supported by HOD of CSE department, Dr. Anu Chaudhary. In the last decade, Conatus has evolved as a technical base for its own members as well as the rest of the college. It has brought to the students the vast unexplored "technical horizon" within their grasp hold. Besides being the first technical society of AKGEC, Conatus leads the technological upfront by organizing a wide range of activities throughout the year. Activities of Conatus : (2024-25) D-talk'24 Team Conatus organized D-talk'24 on 20th September 2024 (2:00 PM to 4:00 PM) with over 150 interested participants and 40 Team Conatus members. The primary objective of D-Talk was to explore how design and innovation are transforming lives. The event aimed to highlight their impact across various sectors in India and globally. Ultimately, it sought to inspire participants to embrace creative solutions in their own fields. The D-Talk session, led by Sparsh Gupta, explored how design and innovation are reshaping industries in India and globally. Sparsh's insights and real-world examples inspired the 150 participants to embrace creative problem-solving. The interactive Q&A deepened the discussion, while the event also fostered collaboration and networking for future projects. Activities of Conatus : (2023-24) Techno Conclave on "Excellence in Design, Entrepreneurship, AR/VR, and Google Cloud for Career Growth" Team Conatus organized 5 days students workshop (Techno Conclave) on 2nd December (9 am to 3 pm) and from 4th to 7th December 2023

(4-7 pm) with 150 participants including conatus team members. This event aimed to provide students with invaluable insights and knowledge in the fields of technology, innovation, and entrepreneurship. Sessions of keynote speakers exposed the students to diverse domains, including AR, VR, entrepreneurship, design, and other technological advancements. The list of speakers and topic of sessions is given below: S.No. Speaker's name Present Company Topic of Session 1 Abhishek Dubey Senior design consultant, IIT DELHI Product Designing, Industrial and Interaction Designing 2 Shashank Jha Founder, Reslink-Delhi Crafting Tech in Startups 3 Kavach Chandra CTO, FreeStand-Delhi Nurturing Entrepreneurial mindsets for success 4 Gaurav Jain Solution Architect, Cloudera-Noida Internet of Things 5 Vineet Gupta Manager, Gemini Solutions- Gurugram Embrace in Corporates 6 Mayank Singh Global Outreach Manager, XR – central Gurugram Building career with AR/VR 7 Tushar Gupta Cloud Engineer, Google, Gurugram Roadmap to Success and Opportunities – Google Cloud Event

Highlights: Speaker Sessions: Seven renowned speakers, experts in various technological domains, shared their insights, experiences, and expertise with the audience. Topics covered included artificial intelligence, blockchain technology, cybersecurity, data science, Internet of Things (IoT), and emerging trends in the tech industry.

Interactive Workshops: A one-day workshop provided participants with a hands-on learning experience, allowing them to apply theoretical knowledge in practical scenarios. The workshop covered relevant topics and technologies discussed during the speaker sessions, fostering a deeper understanding among the participants.

Audience Engagement: The event witnessed active participation from 150 students, reflecting the enthusiasm and curiosity among the student community. Q&A sessions after each speaker presentation allowed students to interact directly with the experts, fostering a dynamic exchange of ideas.

Organizational Team: Students: 1. Bhavya Agarwal – CSE(AIML) 4Yr 2. Dhruv Agarwal CSE 4Yr 3. Anshul Chaurasiya- CSE 3Yr 4. Anirudh Dev – CSIT 3Yr 5. Siddharth Singh – CSIT 3Yr 6. Divy Sharma – IT 3Yr and dedicated Conatus members worked in rotation as organizers to plan, coordinate, and execute the Techno Conclave. Their efforts ensured the seamless flow of the event, from registration to session management, creating a positive and enriching experience for all participants.

Faculty Coordinators: 1. Dr Shashank Sahu, Professor, CSE 2. Mr. Manish Kumar, Assistant Professor, CSE 3. Mr. Amit Kumar, Assistant Professors, CSE

The event provided an excellent platform for networking, allowing students to connect with industry professionals and peers who share similar interests. Informal networking sessions and breaks between sessions facilitated meaningful conversations and the exchange of contact information for potential collaborations. Participant feedback indicated a high level of satisfaction with the event. Attendees appreciated the diverse range of topics covered, the expertise of the speakers, and the interactive nature of the workshop. Many expressed gratitude for the opportunity to engage with industry professionals and expand their knowledge in key technological domains.

Activities of Conatus : (2022-23) Ronins of Citadel Team Conatus hosted a prestigious two-day field event titled "Ronins of Citadel" tailored specifically for 1st and 2nd-year students. The event was held on the 12th and 17th of May 2023, commencing from 4:00 PM to 6:15 PM on both days. The initial day's activities unfolded within the college campus, while the following day's events took place in the well-equipped labs of the CS/IT Block. Registration for the event commenced on the 10th of May 2023, attracting an overwhelming response with more than 150 teams enthusiastically enrolling to participate. Each team comprised three adept members, creating a competitive and engaging atmosphere throughout the event. The competition structure was designed to consist of two distinct rounds, each aimed at assessing different facets of the participants' skills and abilities. The first day featured the captivating game round, wherein teams undertook a series of challenging tasks that expertly tested both their mental acumen and physical prowess. These tasks were strategically placed in various zones dispersed across the campus, ensuring an exhilarating and dynamic experience for the participants. On the second day, the focus shifted to the technical round, an intellectually stimulating segment of the event. Shortlisted teams were presented with encrypted statements, and it was their coding expertise that came into play as they endeavored to decipher these cryptic challenges. The teams earned points based on their successful decryption of the statements, contributing to their overall standing in the competition. Following the completion of both rounds, a comprehensive evaluation process was conducted, wherein the scores from each round were meticulously combined. The final results were then calculated based on this comprehensive assessment, determining the standout participants and ultimately, the victors of the "Ronins of Citadel" event. Following teams secured the top ranks: S.No Team Name Leader Name Student No. 1. Alpha Manya Aggarwal 2211132 2. Wabra Kartikey Tandon 2112117 3. Skull Crushers Hemant Singh 2213049

Game of Codes Team Conatus organized a coding event named Game of Codes for students of 2nd, 3rd and 4th year on 5 December 2022 from 4:00pm to 6:15pm. The event was held in CSIT Block Labs. The registration started on 3 December 2022 and more than 120 teams registered for the event. Each team consisted of 2 members. The event consisted of two rounds of 45 minutes each to test the programming abilities of the participants. In the first round, there were 3 questions to be solved in C/C++ and in the second round, there were 3 questions to be solved in Python. Final result was calculated on the basis of both the rounds. The rounds were hosted on hackerrank.com. More than 200 students participated in the event.

Activities of Conatus : (2021-22) Clash Of Synergy Team Conatus organized 2 day event for the 1st year and 2nd year students of college. The event held from 9th may 2022 to 10th may 2022. The format of event was team clash between all the participating teams. Every team size was supposed to be 3 students. Total 235 teams registered for the event Following are the details of winners :- Team Name Leader Name Student No. 3 Idiots Siddharth Singh 2111107 Team GenX Ayush Yadav 2131104 Friends Abhinav Kumar 2015302

Workshop on Web

Development Team Conatus organized 3 day workshop on Web development named Web for 2nd Year students. The Web was held from 1st to 3rd Dec 2021 from 4:00 PM to 6:30 PM. The registrations for the event started on 27th November, 2021. Around 180 students registered for the event out of them 70 were invited for the workshop on first come first serve basis. The prime idea of the workshop was to introduce basics of web development to the students of 2nd Year. Post workshop participants were given a UI based project on Web Development to develop a basic website based on HTML+CSS+Javascript for Prize round. The project was to submit using Github in 3 Days. The deadline to submit the project was 6th Dec. Top 3 performers were awarded cash prizes and all the participants certificates. Activities of Conatus : (2020-21) Webinar on data structures and algorithms Team Conatus organized a webinar on data structures and algorithms in collaboration with Prepbytes. The webinar was held on Zoom platform and it was hosted by Ms. Mamta Kumari (Co-founder Prepbytes, ex-Amazon, Samsung). The webinar was held on 4th July 2021 and lasted for 1.5 hours. By the end of the webinar, students got to know a lot about placements and DSA. There were 300+ registrations for the webinar. The following topics were covered in the webinar:- • Planning & prioritizing learning Data structures and algorithms. • Importance of Implementation based learning of DS/Algo. • Why do companies focus more on DS/Algo questions? • Resources to start preparation on these topics. Activities of Conatus : (2019-20) COD: Conquest of Dayne Team Conatus organized its annual event called "COD: Conquest of Dayne" on March 03-04, 2020. The event gathered a huge number of participation from all branches and year, with more than 500 participants in a team of two. It was a well-managed event from the team which had several coordinators. Coordination between the team was also one of the major reason for the success of this event. It was a 2 day event in which day 1 was field-based and day 2 was lab-based. C CLASSES Society coordinators Shikhar Agarwal (IT – 1731161) and Shaban Ansari (CSE – 1710143) has conducted C classes for 2nd year lateral entry students of the CSE/IT students after college hours (4:00 P.M. – 6:00 P.M.) from August 2019 to September 2019. CONOSCENZA In order to maintain continuum, TEAM CONATUS launched the 20th edition of CONOSCENZA on 5th November 2019, the tech torrent that addresses the applied and theoretical issues of the technical field. The celebrations were attended by HOD CSE, HOD IT, Faculty coordinators and the members of the team. The 20th edition contains articles overloaded with information like Neuromorphic, Bose Frames, Programming Languages, Google's Stadia, Intel Chaco Canyon and much more. Activities of Conatus : (2018-19) DOC : DAWN OF CRISIS Team CONATUS organized the event DOC : DAWN OF CRISIS – a combination of both field and lab event on 12 and 13 March 2019. 'DOC' was an exciting series of events which brightened the monotonous college life with a tincture of enjoyment, competence and excellence. The event presented a unique challenge of balancing General Aptitude, Technical Knowledge, Coding and Reasoning. First day was a field event and second day was a lab event. It was a team event where each team consisted of two participants. Around 300 Teams participated in the event summing up to 600 students from all branches and years. The winners and runner-ups were given certificate and cash prize. Team Members Branch Award Winning Team PRAMOD JAISWAL CSE 2nd Year Rs. 1000/- and Certificate VINAYAK GUPTA CSE 2nd Year 1st Runner-Up AISHWARY ASHUTOSH IT 2nd Year Rs. 800/- and Certificate VISHVAJEET SINGH GAUR CSE 2nd Year 2nd Runner-Up VIVEK KUMAR YADAV CSE 1st Year Rs. 500/- and Certificate Conatus Birthday 2018 In order to maintain continuum, TEAM CONATUS launched the 19th edition of CONOSCENZA on 1st November 2018, the tech torrent that addresses the applied and theoretical issues of the technical field. The 19th edition contains articles overloaded with information like Block chain, The Verge, Bitcoin, Halberd, Zenbot, Net Neutrality and much more. ■ "Code-O-Fiesta 2018" : Online Coding Contest CONATUS and OSS R&D Centre, AKGEC in association with CodeChef conducted "Code-O-Fiesta 2018 – an Online Coding Contest on 20 September 2018. 'Code-O-Fiesta' was an initiative which aroused from a combative attitude that paves a way towards building a strong foundation. The contest was basically a step to upgrade the knowledge and combative spirit of students regarding their coding skills and competence. The contest was successfully conducted in the CSE Labs from 4:00 pm to 6:30 pm on 20 September 2018. Top 3 three teams have been given certificates and cash prizes: Team Members Branch Award Team 1 KARTIK JAIN CSE 4th Year Rs. 1500/- and Certificate Team 2 RIGHVED CSE 4th Year Rs. 1000/- and Certificate SURESH UPADHYAY CSE 4th Year Team3 MOHD. AKBAR CSE 3rd Year Rs. 500/- and Certificate "ODYSSEY" – The Ultimate Showdown (2017-18) Team CONATUS organized the event ODYSSEY – an online coding, gaming and designing contest on 13th and 14th March 2018. 'ODYSSEY' was an exciting series of events which brightened the monotonous college life with a tincture of enjoyment, competence and excellence. The event presented a unique challenge of balancing Coding and Technical Knowledge with Real Time Gaming experience. The contest was successfully conducted in the CSE Labs from 4:00 pm to 6:15 pm on 13th and 14th March 2018. The following series of events were the part of the event: Counter Strike 1.6 – an objective based gaming event Trailblazer – a graphic designing event Need for Speed Most Wanted – gaming event Code-a-Bit – an online coding event. All the events received a massive participation from students. Total 440 students actually participated in different events. The winner and runner-up of each event have been given certificate and cash prize. COUNTER STRIKE 1.6 Team Members Branch Award Winning Team PRATEEK SHARMA IT 3rd Year Rs. 1200/- and Certificate AAYUSH PRATAP IT 3rd Year AYUSHMAAN SRI IT 3rd Year KUNAL RAJPUT CSE 3rd Year KSHITIJ SINGH CSE 3rd Year Runner-Up PRIYAM SINGH IT 3rd Year Rs. 800/- and Certificate SUMIT SINGH ME 3rd Year KUSHAGRA SHUKLA CSE 3rd Year ANKUR GAUTAM EI 4th Year AKHILESH SINGH CSE 4th Year TRAILBLAZER Team Members Branch Award Winner SHAKTI JAISWAL EC 2nd Year Rs. 500/- and Certificate Runner-Up HARSH YADAV IT 1st Year

Rs. 300/- and Certificate NEED FOR SPEED Team Members Branch Award Winner HARSH SIDDHANT CSE 2nd Year Rs. 500/- and Certificate Runner-Up RAJAT VERMA CSE 4th Year Rs. 300/- and Certificate CODE-A-BIT Team Members Branch Award Winning Team SACHIN YADAV CSE 2nd Year Rs. 700/- and Certificate ARPIT KANSAL CSE 2nd Year Runner-Up AMAN AGARWAL CSE 3rd Year Rs. 500/- and Certificate "C" – Classes For 1st Year Students Team CONATUS conducted the C Classes for the 1st Year students of our college. The classes were taken in the CSE labs from 4:00 PM to 6:00 PM on every working Monday, Tuesday, Wednesday and Thursday starting from 29th January 2018 till 5th March 2018. The mentors were the 3rd Year students of team CONATUS. A total of 150 students registered and attended the C classes. The final certification test was conducted on 20th April 2018 from 4:00 PM to 5:00 PM. The following students who secured 70% or more have been given certificate of merit: Shikhar Agarwal ECE 82.72% Pramod Jaiswal CSE 80.00% Arjun Varma CSE 73.63% Aashi Gupta CSE 70.00% Team CONATUS published the 18th version of CONOSCENZA in this semester. The magazine was based on the topic: 'SPECTRUM- EVOLUTION OF ERA' and was published on 10th October 2017 marking the 12th Foundation Day of Conatus. The magazine was released by HoD CSE, HoD IT and Conatus faculty coordinators on 1st November 2017. The magazine comprises GADGETS, SOFTWARES, HARDWARES, GAMES, MOVIES, ENTREPRENEURS and GAMING CONSOLES. Magazine also has a unique addition, SCRIBBLERS, where articles were welcomed by first year students; few of them were published in the magazine. 2016-17 CONOSCENZA EDITION 17 ECHELON REDEMPTION C AND JAVA CLASSES CONATUS released its annual e-Magazine CONOSCENZA edition 17 on 19th October 2016, on the celebration of its Foundation Day, in the presence of Heads of Departments CSE and IT, faculty members and students. The society conducted the event 'ECHELON REDEMPTION' during the even semester 2016-17. The event, based on aptitude testing and coding problems, was conducted in two rounds on 15 February, 2017 and 17 February, 2017. It was a theme based event in which participants had to trace an AI machine. A total of around 467 teams participated, breaking all the past records, in the pre round out of which 20 teams qualified for the final round. The winning teams were awarded cash prizes and certificates. POSITION TEAM I Rachit Sharma Ravi Goswami B.Tech I Year IT II Harsh Gupta Pratik Agarwal B.Tech I Year IT B.Tech I Year EC III Aanchal Panchnanda Priyanka Jain B.Tech I Year EC B.Tech I Year CSE Team Conatus conducts C/JAVA classes for first year students of the college every year. The classes are in the form of problem solving and query sessions. During 2016-17, the classes were held from 31 January, 2017 to 9 March, 2017. The classes, held after college hours and taken by B. Tech III and IV year students, were attended by 120 students for C language and 40 students for Java language. Students qualifying the minimum attendance criteria and assessment test were awarded Certificates of Merit. 2015-16 Team Conatus 10th Foundation Day C and JAVA classes Rise of Ultron Team Conatus conducted its recruitment for CS/IT 2nd year during August 2015. The recruitment process comprised of two rounds- written paper round (based on C, Java, Web Technology and Aptitude) and personal interview round. 160 students participated in the written round out of which, 67 were selected for the personal interview round. Based on personal interview, 14 students were recruited to the society. The society celebrated its Foundation Day on 12th October, 2015. The celebrations were attended by Prof. B.M. Kalra, HoD CSE, Prof. R.P. Saw, HoD IT, Prof. V.K. Parashar, DSW, Dr. Mamta Bhusry, Faculty Co-ordinator and the Conatus students. The 16th edition of the society e-magazine CONOSCENZA was released on the same day. The society conducted C and Java programming Classes for B. Tech I Year students in months of February and March, 2015 after college hours. 120 students attended the classes and students were awarded performance certificates on the basis of attendance and score in the test conducted. Conatus III & II year students mentored the classes. Team conducted its mid-semester event "Rise of Ultron" on 16th and 18th March, 2016. The event was conducted at computer centre 1 and CSE labs from 4:00pm to 6:00pm. The participants liked the event a lot because of its standard and also the theme which was beautifully portrayed through .NET applications prepared for both the rounds by the members of the society. A website based on PHP (www.riseofultron.com) was also made to promote the event. A total of around 170 teams, each of 2 members participated in the event. Following students emerged as the winners: 1st Prize Prinkush Kalra (CS 2nd year) Paras Gangolia (CS 2nd year) 2nd Prize Shukrant Tyagi (CS 2nd year) Updesh Srivastava (CS 2nd year) 3rd Prize Arpan Srivastava (IT 2nd year) Aman Pradhan (IT 2nd year) 2014-15 9th Foundation Day The Last Strike C/C++ classes The day marked the unveiling of the latest 15th edition of CONOSCENZA; the annual technical magazine published by Team Conatus. The event was attended by Prof. B.M. Kalra, HoD CSE, Prof. R.P. Saw, HOD IT, Prof. V.K. Parashar, DSW, Ms. Mamta Bhusry, Faculty Coordinator of Conatus and faculty members of CS and IT Departments. The success story of the society from its inception till date was presented. Team CONATUS conducted the event "THE LAST STRIKE" as the mid semester event of the society. The event was conducted in two rounds : the pre round was held on 18th Feb 2015, Wednesday in the back block during the lunch hours (12:40 p.m. to 2:20 p.m.) and the final round of the event was held on 23rd Feb 2015, Monday in the BB shed during the lunch hours. A total of around 460 teams participated in the pre round out of which 16 teams qualified to the final round. Out of the 16 teams the following teams emerged as winners: 1st Prize Ankur Kumar (CS 2nd year) Anup Kumar Gupta (CS 2nd year) 2nd Prize Ashish Mishra (IT 4th year) Aanchal Dixit (IT 4th year) 3rd Prize Utkarsh Srivastav (ME 3rd year) Saumya Mishra (ME 3rd year) Team CONATUS conducted the C/C++ classes for the first year students of the college. The classes were taken in the CSE labs from 4:00p.m. to 6:00 p.m. by the third year members of the CONATUS . The classes were held from 11th Feb 2015 to 29th March 2015 for four days in a week. A total of around 160 students from the first year

attended the classes. 2013-14 Foundation Day of Conatus The 8th HORCRUX C Classes Photoshop Classes Java Classes Team Conatus celebrated its 8th Foundation Day on 10th of October 2013. The event was attended by Prof. B.M. Kalra, HoD CSE, Prof. R.P. Saw, HOD IT, Prof. V.K. Parashar, DSW, Ms. Mamta Bhusry, Faculty Coordinator of Conatus and faculty members of CS and IT Departments. The day also marked the unveiling of the 14th edition of CONOSCENZA; the semi-annual magazine published by Team Conatus. Team also conducted an on-board quiz event for students 'PSYCHE BOGGLER' by displaying quizzes on the Conatus board. Team Conatus organized a team event "THE 8th HORCRUX" on November 14, 2013. In the 1st round the participants were tested on various parameters such as C Language, Aptitude, Sports and Movies. The first round itself saw a record participation of about 400 teams this being the maximum participation in any society event till date. The second round, final round of the event, was participated by 12 qualifying teams. The teams were judged on C and Harry Potter questions. The top 3 teams were awarded with cash prizes and certificates. C Classes were conducted for I year students from February 13, 2014 to March 13, 2014 by 3rd year students. Total number of registrations were 120. The list of students who took the class is as follows: STUDENT NO. NAME BRANCH 1113022 Sanchit Tandon IT-J 1113044 Chahat Srivastava CS-A 1110023 Meenali Saxena CS-A 1110004 Dhawal Bajaj CS-A Photoshop classes were conducted by Conatus member Aditya Chauhan, IT III year student from January 29, 2014 to February 5, 2014. The classes were attended by 17 students. JAVA classes were conducted by Conatus member Rishabh Sharma, IT III year student for Conatus members of II year from February 6, 2014 to February 12, 2014. Total 12 students attended the classes. 2012-13 Code To DIL : 3rd Nov to 5th Nov, 2012 C Programming Classes TechTrishna 2013 Team Conatus organized an event named "CODE TO DIL" which consisted of 2 Rounds. 270 teams, each team consisting of two participants, participated in the event. The event got a record participation of about 270 teams from II, III & IV year students. In the 1st round the participants were tested on various parameters such as C Programming, Aptitude Skills, Sports and Bollywood. The 2nd (Final) round of the event was organized at the Amphitheatre in which 10 finalist teams competed. The teams were judged on various fun tasks, games and C Programming. The top 3 teams were awarded cash prizes and certificates. The winning teams are as given below: 1st Abhishek Mishra (ME/II/1140020) Ayushi Srivastava (ME/II/1140005) 2nd Sambhrant (ME/IV/0940058) Deepanker Singh (EN/IV/0921004) 3rd Anamika Porwal (ECE/III/1031104) Artika Verma (ECE/III/1031041) The society conducted C Programming Classes for B. Tech I Year students from 4th February, 2013 to 7th March, 2013 after college hours. 120 students attended the classes and students were awarded performance certificates on the basis of attendance and score in the test conducted. B. Tech. III & IV year CSE and IT students conducted the classes. Conatus conducted enthralling events in the TechTrishna '13 like Counter Strike, Fastest Finger First and Fake it to Make it, all of which witnessed huge participation. 2011-12 C/C++ classes The Great Mind Tech Takshri CONOSCENZA DA-AGK-CODE The Society Conducted C/C++ classes and Java classes for B.Tech 1st year students from 6th September 2011 to 4th November 2011. The batch size was 240. Conatus 3rd year students mentored the classes. The Great Mind Challenge (TGMC) from IBM was conducted on 7th September, 2011. The aim of the seminar was to introduce the students to the TGMC project contest using IBM tools and technologies. About 200 students attended the seminar. 367 individual students registered to the TGMC website. The society organized a one day workshop on IBM tools in the college. The event "Tech Takshri" was conducted for BTech II year students in two rounds with 120 teams participating on Day 1. Eight teams qualified for the final round conducted on 24th September, 2011. The CS and IT society CONATUS celebrated its 6th birthday on 13th October, 2011. The students celebrated the event by organizing a get together for the members of the society. The success story of the society from its incubation till date was presented before the Director, HoD CSE and Hod IT. The 11th edition of the e-magazine CONOSCENZA was released. The even semester 2011-12 saw the completion of the event DA-AGK-CODE, a project development contest. 42 teams had registered, out of which 18 teams completed the projects. Two teams were declared as winners with I and II positions. Leading the technical upfront, Conatus is the Computer Science and Information Technology society of Ajay Kumar Garg Engineering College. "Conatus" means "impulsive force" as it brings the students to the unexplored "technical horizon" within their grasp. Conatus stands on the objective of guiding the students towards the dawn of a better and successful tomorrow with its marvellous events, workshops, seminars and classes for the students of the college to thrive towards a brighter and a technically sound future. CSI - AJAY KUMAR GARG ENGINEERING COLLEGE

Source: <https://www.akgec.ac.in/life-akgec/societies/student-chapters/csi>

CSI Home Faculty Labs Achievements Society Departmental Activities Computer Society Of India Introduction The COMPUTER SOCIETY OF INDIA (acronym as CSI) was formed in the year 1965. Since its inception, CSI has been paving the way for the IT industry to advance in the right direction. By indulging within itself most famous IT leaders, brilliant scientists and dedicated academicians, CSI has been highly successful in setting highest benchmarks in the field of professional competence with high quality commitment. It has set up a remarkable

example by providing high range of services and networking opportunities through workshops, seminars, conventions and courses in which major faces of the industry have actively participated and exchanged valuable knowledge and ideas. C.S.I. in A.K.G.E.C. Since CSI student chapter has evolved in AKGEC, it has been one of the most active societies of the institute by organising events and workshops which have proven to be blockbusters in the college. The active image of the society becomes more prominent during the annual national level event, The Initiative, wherein the society asks students to provide solutions to the burning issues our country is facing. CSI AKGEC Chapter is known for its highly skilled team members, and the efficiency & quality of the events and workshops that it conducts. Recently Team CSI conducted Java and Android workshop, Ethical Hacking workshop which saw immense participation among the students! Another blockbuster event of CSI AKGEC chapter includes the online gaming event Route De Moksha which has always proven to be the best event conducted in the College tech fest. Though not being organised since a couple years, lets hope the famous RDM will make a return soon enough! The incredible efforts put in by the student members of the society always earn significant admiration. . Session wise report 2023-24 2022-23 2021-22 2020-21 2019-20 2018-19 2017-18 2016-17 Additional Information Our society has provided various opportunities to showcase various technical skills of programmers through exceptional events like RDM, Vacanza, Cine, Initiative, and workshops like java and android, ethical hacking, web development, UI with Mongo DB. We are glad to see a massive participation hence leading to the most active branch of CSI. For more details and information you can visit our: FB page Website Mr Sarvachan Verma, IT Dept. Activities/Events

RENDER The Workshop of ReactJS “RENDER” was conducted from 5th May 2022 to 8th May 2022. The workshop process included the registration of students from the link given by us. The registration was open for all branches of 1st and 2nd year. The venue was Advance IT Lab 1 and Advance IT Lab 2 and timings are: 5th May 2022 – Thursday 4:00 PM to 7:00PM 6th May 2022 – Friday 4:00 PM to 6:00 PM 7th May 2022 – Saturday 10:00 AM to 4:00 PM 8th May 2022 – Sunday 10:00 AM to 4:00 PM

DESCRIPTION ABOUT THE ROUNDS- REGISTRATION –The registration started on 30th April 2022, students were asked to register themselves using the provided link and pay the fees either by cash or online and verify the payment at the helpdesks at Backblock or CS/IT block. 42 students who registered with payment were given confirmation mail within 24hrs.

DAY 1 – A complete guide of HTML and its elements, attributes, events, color names, entities, character-sets, URL encoding, language codes, browser support were taught from very basic to intermediate level.

DAY 2 – A guide of CSS and all its properties, selectors with syntax, browser support, functions, fonts, colors, and more from complete basic to intermediate level.

DAY 3 – Introduction to JavaScript and its concepts including properties, methods and events in detail were taught. After lunch a quick introduction to ReactJS, about the pros and cons, origins, Why ReactJS? with installation and setup of ReactJS and started a project “Expense Tracker”

DAY 4 – A brief introduction to ReactJS, setting up React application, understanding package managers, project structures and completed the project “Expense Tracker”.

- Everything was taught under the mentorship of 3rd Year and doubts or queries on topics were resolved by 2nd Year CSI student coordinators.
- Following the end of each day with a quick quiz and top 3 performers were awarded gift vouchers and badges.
- Interactive sessions were held to lighten the mood with games and the winners were awarded chocolates.

CODESHELL The coding event of CSI was conducted on 13th February. The Coding Event process included the registration of students on the online link. The Coding Event was open for all branches. The Coding Event was conducted in CS/IT labs 3rd floor on an online platform “Hackerrank”. The Event saw massive participations from students and more 217 students participated in the event. The Coding Event included questions on various real-life problems. There were a total of 6 questions ranging from questions of easy level to advanced level. A total of 2 hours was given to the participants to solve respective problems using different Algorithms. Administrative and discipline issues were coordinated by CSI members. In each year, one winner and two consolation prizes were given with a prize money of Rs. 1000 (for winner) and Rs. 500 (for consolation) along with certificates.

Topic: CODESHELL **Date:** 13th February **Venue:** CS/IT Labs from 4:00 PM to 6:00 PM

Node Js with Mongo DB CSI conducted a course on Node Js with Mongo DB from 12 Sept'2019 in Advance IT Labs. A total of 40 students got registered online and participated in this course. The classes in the workshop were conducted mainly by CSI-AKGEC student chapter members. Other administrative and discipline issues were coordinated by other CSI members. In this workshop

students first learned about the basics of web designing i.e. HTML5, CSS, JavaScript. Then they learned about various uses of Node JS as a backend building framework, its associated libraries and application with practical examples after that they learned about Database building Using MongoDB with examples and live applications. The syllabus of HTML, CSS and JavaScript was covered in 5 days. 6 days were given for Node JS and MongoDB. As a final assessment on the last day we conducted a MCQ based test. Students were also provided with a link to download the entire study material of the course. Live coding was done in the workshop and students implemented everything they learned under the guidance of our coordinators. Dates: 12th – 28th Sept'2019

Prizes, if any: NA Theme of the event: Node Js with Mongo DB The Initiative 2019 Computer Society of India (AKGEC) successfully conducted the inter college event "THE INITIATIVE 2019". The main aim of organizing this event was to brainstorm the minds of young students about the burning issues in the country. In this, the participants were presented with a number of current burnings topics under 6 different categories. The proposed event consisted of two rounds. The first preliminary round involved submission of synopsis suggesting a feasible and technical innovative solution to problems pertaining to various domains. The participation and submission had to be in a team of two or three. In the first round itself, event had some nice and non-regular tasks, called beneficial tasks, to be done by the teams optionally, so as to enhance their chance of qualifying to the final round. These tasks involved making videos, presentations, and reports etc. on the exact questions they were asked to. The teams qualifying from the first round were called for a final presentation of 10-15 minutes, including questionnaire round before the panel of judges and audience using PowerPoint presentations. The prize money decided for the 1st winning team was Rs. 3000, Rs. 2000 for 2nd wining team and Rs. 1000 for 3rd winning team with certificates. The event got started on 26th Feb, 2019 with the launch of the event website on the college domain, namely www.csiakgec.in/theinitiative/ designed by the society coordinators for explanation of the entire concept of the event, for concerning rules and regulations and team registration as well. The preliminary round saw 214 registrations on the event website. By the official date of submission of synopsis, the event received a large no. of synopses from various domains. At the same time, the participants showed great interest in undertaking beneficial tasks, and participants sent a large number of original videos interviewing their peers and seniors about the problems. Also a variety of presentations, poems and reports were received, before we finally stopped receiving entries for first round. The 36 qualifying teams that made it to the final round were intimated about the rules, regulations and timeslots of their presentations. On 7th April 2019, the final round was conducted in parallel runs at the Main Seminar Hall and the Mini Seminar Hall 1, 2, dividing 3 domains among the three places. The coordinators maintained a registration desk to facilitate participant teams to their locations. The event saw teams suggesting an unprecedented array of solutions to problems that we dealt with. The respective panel of judges for each domain was also kept involved and took keen interest in understanding the solution suggesting their own inputs at times too. The entire event was managed by CSI Coordinators. The event has driven the participants to the extent that people took part in it with lot of enthusiasm. Since the cause was genuine, the event became highly successful; suggesting primarily that it would attract much larger participation and popularity, if it continues for the next time too. The Initiative 2017 Computer Society of India (AKGEC) successfully conducted the inter-college event "THE INITIATIVE 2017". The main aim of the event was to motivate students to take the initiative of initiating a step towards problems of changing today's scenario under 6 different domains Juvenile Delinquency, Social Media Impact, Corruption In defense, Demonetisation, Breakdown at Rio, Health Prominence. The event consisted of two rounds. The first round involved submission of synopsis suggesting a feasible and technical innovative solution to problems pertaining to various domains with some optional tasks. The teams qualifying from the first round were called for a final presentation of 10-15 minutes, including a questionnaire round. The event started on 17th Feb, 2017 with the launch of the event website on the domain namely www.csiakgec.in/theinitiative designed by the society coordinators with an aim to explain the entire concept of the event and provide rules and regulations including online registration process. The preliminary round which was conducted online got 160 registrations on the event website. Also, a variety of poems and reports etc. were received. The 28 qualifying teams went to the final round. On 5th March 2017, the final round was conducted in parallel runs at AKGEC. Certificates and cash prizes were given to the teams who got 1st, 2nd, 3rd positions. The event was coordinated by Shivam Jain (IT 3rd year), Anmol Vashista (IT 3rd year), Shashwat Jain (IT 3rd year) and their team. The event succeeded in creating enough zeal among the participants. Winners First prize TEAM ID INIT 117 Siddhant Kandpal Divyanshu Pandey Second prize TEAM ID INIT 71 Rishabh Singh Prakhari Dixit Deepa Singh Third Prize TEAM ID INIT 62 Prathna Agarwal Devanshi Khare Anshul Sharma Cash Prize – Rs.6000/- The Initiative 2016 Computer Society of India (AKGEC) successfully conducted the inter-college event "THE INITIATIVE 2016". The main aim of the event was to motivate students to take the initiative of initiating a step towards problems of changing today's scenario under 6 different domains Unemployment, Censorship in Media, Gender Awareness, Internet for All, Currency Depreciation and Taboos in India. The event consisted of two rounds. The first round involved submission of synopsis suggesting a feasible and technical innovative solution to problems pertaining to various domains. The teams qualifying from the first round were called for a final presentation of 10-15 minutes, including a questionnaire round. The event started on 4th April 2016 with the launch of the event website on the college domain namely www.akgec.in/theinitiative designed by the society coordinators with an aim to explain the entire concept of the event and provide rules and regulations including online registration process. The preliminary round which was conducted online got 134 registrations on the event

website. Also, a variety of poems and reports etc. were received. The 22 qualifying teams went to the final round. On 20th April 2016, the final round was conducted in parallel runs at AKGEC. Certificates and cash prizes were given to the teams who got 1st, 2nd, 3rd positions. The event was coordinated by Shubham Upadhyay (CSE 3rd year) and his team. The event succeeded in creating enough zeal among the participants. Winners First prize TEAM ID INIT 17 Akshit Gupta Arpit Gupta Aayush khare Second prize TEAM ID INIT 27 Akash Sumitra Verma Shivani Varshney Prachi Singh Third Prize TEAM ID INIT 22 Abhishek Chauhan Utkarsh Varma Prashant Raj Cash Prize – Rs.3000/- CINE 2017 – A CSI recruitment drive Topic CSI recruitment drive Date August 3rd to 12th 2017 Time 4:00 PM to 6:00 PM. Venue CSI lab The Computer Society of India AKGEC branch conducted its recruitment drive for B.Tech 2nd Year (all branches) on 3rd August 2017. The recruitment process saw a large number of participation of students in domains namely Technical, Management and Web designing. The 2nd year students showed a great zeal of interest for all the domains. On the basis of their performance in their respective domains, the students were selected for CSI team. Workshops UI WITH MONGODB Topic Classes on UI with Mongo DB Date 15th September to 6th October, 2017 Time 4:00 PM to 6:00 PM. Venue IT labs CSI conducted Classes on UI with Mongo DB from 15th September to 6th October, 2017 (4- 6PM), at 1T Labs. A total of 60 non CSI students (on payment of Rs.350 as fee) registered and enthusiastically participated in this workshop. Also some CSI students also attended the classes. The classes were conducted mainly by 3 student groups: 1. Ankit yadav, Kavya Agarwal (HTML, CSS), 2. Sonali jain, Anuj Gupta, Radhika Gupta(JS, JQUERY), 3. Mukul Goyal, Rani Pravesh Gond (MONGODB). Other administrative and discipline issues were coordinated by other CSI members. Certificates numbering 99 (60 to participants and 39 to coordinators) were also distributed for the same. Also cash awards were given to student instructors for their contribution and successful conduct of the course. In these Classes, students learned about various structures available in HTML5 for UI designing and various ways of enhancing it by adding pictures, animations, buttons, variety of texts and hyperlinks etc. using CSS with practical examples. They also discussed about using JavaScript and JQuery (client side scripting language) and Mongo DB (open source DBMS). On each day, at the end of the session, quiz was conducted for students to judge their learning ability and plan accordingly. JAVA AND ANDROID CSI conducted a course on Android & Java Technology from 1st September 2016 to 23rd September 2016 in IT Labs. A total of 51 students got registered online and participated in this course. In this workshop, students learned about various things in Java like packages, control statements, interfaces, access control etc. Students also learned about the development of applications using Android. Live coding sessions were conducted on the last day, where students did live coding on their respective projects under the guidance of CSI student instructors. On the last two days, doubt clearing sessions were also held. Anmol Vashishta, Mohnish Garg, Shivam Jain, Rambabu Chaurasiya were mentors for the workshop. ETHICAL HACKING CSI successfully conducted a workshop on Ethical Hacking from 11th November 2016 and 14 November 2016 in Main Seminar Hall. A total of 66 students including 16 CSI members registered and enthusiastically participated in this workshop. In this workshop, students learned about various things in Ethical Hacking like types of hackers (white hat, black hat, and grey hat hackers), backdoors, hacktivist, pen testing, spoofing etc. Students also learned about the installation of Kali Linux and terminologies used in Kali Linux. Also, they had been taught various tricks in ethical hacking like Browser saved the password, Html get/post trick, Search live cams on Google, Index of trick, 10-minute mail. Anmol Vashishta (3rd year) acted as a mentor for the workshop and his team backed him with coordinating the entire workshop successfully. VACANZA An online event was conducted by team CSI which aimed at removing the boredom of vacations. The event saw a large and enthusiastic participation with participants performing various fun tasks assigned by the Team CSI. The event was successfully implemented and coordinated by Rhythma Sharma (3rd year), Mukul Goyal (3rd year), Ankit Yadav (3rd year) and their team. Visit Us

Expressway, Ghaziabad, Uttar Pradesh – 201015 Establishment Year: 2023 NCC Directorate: NCC UP Dte. Group HQ: RajNagar, Ghaziabad Unit: 37 UP Bn., Kavi Nagar, Ghaziabad Overview of NCC at AKGEC The National Cadet Corps (NCC) at AKGEC Ghaziabad offers students the opportunity to join the world's largest uniformed youth organization, helping them build character and develop leadership and teamwork skills that contribute to success both academically and in life. The NCC at AKGEC, established in 2023, trains cadets to be responsible citizens of the country. The NCC of Army Wing is available to both male (SD) and female (SW) BTECH students under the 37 Uttar Pradesh Battalion, Kavi Nagar Ghaziabad under FSFS category. The program offers a variety of activities designed to instill values such as discipline, leadership, and camaraderie, while helping cadets develop new skills and gain valuable experience. Cadets will also have the chance to interact with military personnel, participate in drills, and enhance their leadership and organizational abilities. The NCC at AKGEC follows core values that guide cadet development, producing motivated individuals who get an opportunity to participate in national-level camps like the Republic Day Camp and Thal Sainik Camp, entrepreneurship development and drone training etc. The program creates a motivating environment that encourages cadets to pursue careers in the armed forces. Participation in NCC is voluntary, but highly valued for its contribution to personal growth, providing students with the tools to excel in their careers and personal lives.

Training Program: AKGEC offers training under the Army Wing of the National Cadet Corps, with parades and theory sessions held on Wednesday and Friday during the 4-6 pm (two hours weekly). Regular parades involve training in drills, map reading, weapon handling, obstacle training, and military subjects (theory classes) by Rtd. Sub Ashok Kumar, Dr. Sandeep Gupta (CTO) and Dr. Sanjay Sharma (BCA). In addition to these, cadets receive training in weaponry, community service, and adventure activities such as shooting, mountaineering, cycling expeditions, trekking, and other adventure sports. This training maximizes cadet potential and provides them with brighter future opportunities. The NCC training program at AKGEC is carefully structured to offer a balanced combination of theoretical knowledge and practical training, alongside adventurous activities, fostering the education and motivation of the nation's youth to serve the country with honor.

Certificates:

- 'B' Certificate: Awarded after two years of training.
- 'C' Certificate: Awarded after three years of training.

Benefits of the certificates:

- NCC 'B' Certificate: This certification is for students who will study in AKGEC for next two years and are good in academics as well as meeting prescribed physical standards. This certificate offers more advanced knowledge about the NCC's values and military officer responsibilities.
- NCC 'C' Certificate: This certification is for cadets who have earned B Certificates, providing an in-depth understanding of the NCC and military officer duties, as well as leadership skills and the ability to command a unit.

About National Cadet Corps

1. National Cadet Corps is a Tri-Services Organization, comprising the Army, Navy and Air Force, engaged in grooming the youth of the country into disciplined and patriotic citizens.
2. The National Cadet Corps (NCC) is a youth development movement. It has enormous potential for nation building.
3. The NCC Provides opportunities to the youth of the country for their all-round development with a sense of Duty, Commitment, Dedication, Discipline and Moral Values so that they become able leaders and useful citizens.
4. The NCC provides exposure to the cadets in a wide range of activities, with a distinct emphasis on Social Services, Discipline and Adventure Training.
5. The NCC is open to all regular students of schools and colleges on a voluntary basis all over India.
6. The cadets have no liability for active military service once they complete their course but are given preference over normal candidates during selections based on the achievements in the corps.

VISION

- Inspire and equip young volunteers to become future leaders and responsible citizens of the nation.
- To instill a sense of patriotic commitment
- To promote the values of honesty, truthfulness, self-sacrifice, perseverance, and hard work.

MISSION To develop leadership and character qualities, mould discipline and nurture social integration and cohesion through multi-faceted programs conducted in a military environment.

AIM OF NCC In view of the changing socio-economic environment, an exercise was undertaken by the Ministry of Defence to make aims of National Cadet Corps in tune with the aspirations of the youth. As part of recommendations of an Evaluation Committee, the following aims have since been adopted by the National Cadet Corps:-

- To develop qualities of Character, Courage, Comradeship, Discipline, Leadership, Secular Outlook, Spirit of Adventure and Sportsmanship, besides the ideals of Selfless Service among the youth to make them useful citizens.
- To create human resource of organized, trained and motivated youth, provide leadership in all walks of life including the Armed Forces and always be available for the service of the Nation.
- The movement was open to both school and university students. The corps started in a small way with a target of only 32,500 Senior Division and 1,35,000 Junior Division Cadets. Today, its sanctioned strength stand more than 12 lakh cadets. The National Cadet Corps was given an inter-service image in 1950 when the Air Wing was added followed by the Naval Wing in 1952. While elementary military training was given to school students (cadets of Junior Division), college students (cadets of the Senior Division) were trained as potential officers of the Army. Following the Chinese Aggression, to meet the requirement of the nation, the National Cadet Corps training was made compulsory in 1963. However, on the resistance of students against compulsory National Cadet Corps training and also on the suggestions of some Vice Chancellors, the entry into the NCC was again made voluntary in 1968.

MOTTO OF NCC

- The motto of NCC is "Unity and Discipline" which was adopted on 23 Des.1957. In living up to its motto, the NCC strive to be and is one of the greatest cohesive forces of the nation, bringing together the youth hailing from different parts of the country and moulding them into united, secular and disciplined citizens of the nation.

NCC PLEDGE

- We the cadet of the national cadet corps, do solemnly pledge that we shall always uphold the unity of India. We resolve to

Big Data Centre of Excellence - AJAY KUMAR GARG ENGINEERING COLLEGE

Source: <https://www.akgec.ac.in/rd/big-data-centre-of-excellence>

Big Data Centre of Excellence Introduction "Big Data Centre of Excellence" is the Research and Development centre of AKGEC. It is the first "Centre of Excellence" in AKTU, working in the field of BigData. It was established in 2013 and since 4 years it has been motivating and guiding the students into the world of Big Data. Big Data is the most trending technology of 21st century. It is the hottest market currently. Companies require Big Data Analysts to analyze the large amount of data being generated and gain insights from the data. Businesses are focusing more on agility and innovation, adopting BigData technologies help the companies achieve that in no time. The team aspires to develop skills in Big Data and gradually move from Machine Learning to Deep Learning and finally Artificial Intelligence. Faculty Coordinators Head Faculty Co-Ordinator Mr. Amit Kumar Faculty Co-Ordinator Mr. Rupak Kumar Student Coordinators (Head Student Coordinator) Apurv B Raj Student Coordinator Ananya Dixit Coordinator Mohit Singh Year wise Sessional Reports 2024-25 2023-24 2022-23 2021-22 2020-21 2019-20 2018-19 2017-18 The various technologies on which the team works are: Machine Learning Blockchain Deep Learning Big Data technologies Apache Hadoop, Apache Spark, Apache Flink, Apache Pig, Apache Hive, Apache Kafka, MongoDB, Apache Mahout, Cassandra, etc. Web development Angular, Django, PHP Android development Kotlin, Java New comers are recruited as trainees through a recruitment drive. The trainees are given one month training and finalized on the basis of improvement and performance. Besides helping students of our college, the centre tries to solve the problems of students from other colleges and IT professionals who are new to the world of Big Data. Others can communicate with the centre through website mentioned. Activities/Events Since its establishment, the centre is progressing tremendously, winning several online competitions as well as intercollege competitions in Big Data domain. The members of the centre participate in teams also and compete on national level. Most fascinating and knowledge earning activity is "Knowledge Transfer Session" that takes place every week in the lab itself. During this session, the members share their knowledge on a topic, with other members and also clarify the doubts so that all members stand on the same level. This creates a very interesting and motivating environment in the lab itself. RUSH HOUR Big Data Centre of Excellence the research and development society of AKGEC successfully organized a one-day offline coding contest, "RUSH HOUR" for second-year students in IT labs on 30th November 2023. The event was successfully conducted on the Hacker rank platform. A total of 120 students from the second year participated in the event. The participants were registered in a team of two, where each team worked on solving problems and earned points. The least scoring teams got eliminated every few minutes and the last three standing teams were declared the winner. The top three teams of the event are to be awarded with cash prizes. POSITION TEAM NAME STUDENT NAME REWARD 1 st Logic Hunters KRISHNA BANSAL 1500 MANASVI AGARWAL 2 nd Code Crushers PRANJAL 1000 SIDDHANT GUPTA 3 rd RTD RAMNEET SINGH 500 PRASHANT CHAUDHARY TOWNHALL' 2023 The big data center of Excellence Society successfully organized 'TOWNHALL' – Two days Photoshop Workshop for 1st and 2nd-year students on 29th April and 30th April 2023. The workshop was focused on various technical domains such as Web Development, App Development, DevOps, Big Data, Machine Learning, UX/UI Designing, Cloud Computing and Blockchain. Total 139 students registered for the workshop with the first year and second year showing great enthusiasm. At the end, the event concluded with an interactive Q&A session during which doubts regarding different topics like hackathons, competitive programming, college exams etc. were cleared. After the event, certain tasks were given to the attendees. On the basis of task submission following mentioned below are the winners. Name of winners: Name of the Winners Std.No. Domain Prize Shikhar Pandey 2213088 Web Development Rs 1000+Tshirt Rakshita 2211135 UI/UX Designing Rs 1000+Tshirt Ananya Dixit 22154118 Machine Learning Rs 1000+Tshirt Manas Srivastava 2210080 App Development Rs 1000+Tshirt The workshop was effective and helped the students learn about the basics of each domain, which would further help them choose their desired field. Positive feedback was received from the students. SANRACHNA' 2022 The big data center of Excellence Society successfully organized 'SANRACHNA' – One day Photoshop Work shop on Adobe Photoshop tool for 2nd year students on 24th November, 2022 (4.00 PM-6.30PM). Total 150 students from all branches participated in the work shop. During the work shop, the team organized a quiz based on the content delivered. This increased the fun of the event manifold times. After completion of the work shop the candidates were given 3 tasks, out of which they had to complete any one and submit the task to the next day. On the basis of task submission following mentioned below are the winners. Name of winners: NAME OF WINNERS ROLL NO. RANK ARUJ BANSAL 2100270120024 1 NAVODITA 2100270100104 2 NAITIK SHARMA 2100270120067 3 CODEMAZE 2022 The big data center of Excellence Society successfully organized Two Day offline event (CODEMAZE) for first year and second year students through HackerRank on 7th and 8th May 2022 under the supervision of Dr. Anu Chaudhary (HOD – IT), Dr. Ruchi Gupta (Associate Professor IT Department) and Mr. Sarvachan Verma (Assistant Professor IT Department). The total 96 students from first year and 44 students from second year were participated in the event. The Participants were called up in a team of two where each team was given with 3 problem statements per round. After the completion of every round students were awarded with

fun activities like riddles and puzzles. The bottom teams were eliminated after every round and this continued till the final round i.e. third round. After the successful completion of the event the winners were announced from each year. The top three teams of the event were awarded with the cash prizes.

YEAR	POSITION	TEAM NAME	CANDIDATES	STUDENT NO
1 st	1 st	TEAM 1	ASHUTOSH K KUSHWAHA	2110083
2 nd	1 st	TEAM 2	ANSHUMAN NANDAN	21164034
3 rd	1 st	TEAM 3	ASHMIT PANDEY	2111031
2 nd	2 nd	TEAM 2	SATWIK MAHESHWARI	2111006
3 rd	2 nd	TEAM 3	UDIT KANSAL	2011049

Detail of Event: Abhiyantriki – Intra College 48-Hour Hackathon by Big Data Centre of Excellence (BDCoE) Dates: 16th – 17th November, 2019 Prizes, if any: Prize Rs. 3000/- (Utkarsh Srivastava, IV Year CSE; Shresth Jauhari, IV Year CSE; Vibhas Saxena, III Year CSE) Theme of the event: The sole purpose of Abhiyantriki was to create awareness about the vital technical skills needed for the students to help them for participating in National Level Hackathons in the future. Abhiyantriki provided a platform where the students were motivated and guided by the members of BDCoE in making their projects. Event Name: 4th Foundation Day Date: 10th April, 2019 Co-ordinators: Dr. Sushil Kumar and Ms. Anu Gupta Event Name: 4 Days Workshop on Machine Learning with Python Dates: 25th-28th Feb, 2019 Details of event: A four Day workshop was organized by Big Data Centre of Excellence on "Machine Learning with Python" under Dr. Sushil Kumar (Assistant Professor) and Ms. Anu Gupta, (Assistant Professor) Co-ordinator Big Data Centre of Excellence (BDCoE). The workshop commenced on 25th February, 2019 and successfully ended on 28th February, 2019. The students were taught basics of Python, Statistics, and various machine learning algorithms along with hands on practice on Jupyter Notebooks. A total of 36 students successfully completed the workshop. After the successful completion of the workshop, a competition was hosted on Kaggle and top three winning students were awarded with the cash price of worth Rs. 500, Rs.300 and Rs. 200 respectively along with certificate of appreciation. Centre has been conducting various activities to guide more and more students into world of Big Data and to provide them a start so that they can excel in their interest. Various events conducted by the centre are- Seminar for awareness regarding Big Data Recruitment drive to recruit new members. Training of newly recruited trainees Workshop open to students of or college from all the branches and all the years A game event open to all the students Internal Hackathon- projects on Big Data The workshops and courses conducted till date are: Complete course on Hadoop Ecosystem Workshop on Pig and Hive Seminar on Big Data technologies Workshop on Data Science with R Machine Learning and Introduction to neural networks. 17th and 18th February 2018, a 12 hours workshop was conducted , on the topic- "Machine Learning and Introduction to neural networks". The event was a great success with maximum participation from the students of 1st, 2nd and 3rd year.

Cloud Computing Cell - AJAY KUMAR GARG ENGINEERING COLLEGE

Source: <https://www.akgec.ac.in/rd/cloud-computing-cell>

Cloud Computing Cell Cloud Computing Cell Introduction The Cloud Computing Cell, the technical society, has been a part of Ajay Kumar Garg Engineering College since February 2016. The members are exposed to the latest cloud technologies, enabling them to be market-ready, thereby increasing their opportunities in placements and research. It provides a platform for students to compute, manage, and deploy cloud-based solutions. The Cell is coordinated by Mr. Santosh Kumar Mishra and Ms. Shikha Agarwal, faculty members of the IT department. Cloud computing is a growing computing technology that provides almost unlimited computing resources on demand. It integrates various technologies such as IoT, Big Data, and Fog computing. Cloud users can access data, applications, and storage with minimal management of the local environment. It can be understood as a delivery model that provides computing services similarly to how a power grid supplies electricity. The Cloud Computing Cell has successfully installed a private cloud using Apache CloudStack. CloudStack operates on the Infrastructure as a Service (IaaS) model, where the services include fully virtualized computers capable of performing computations similar to local machines. The members gain hands-on experience with cutting-edge cloud technologies, equipping them with the skills needed for both research and industry opportunities. By working on real-world implementations, they enhance their expertise in computing, managing, and deploying cloud-based solutions, making them well-prepared for future career prospects. Faculty Coordinators Assistant Professor. IT Dept Mr. Santosh Kumar Mishra Assistant Professor. IT Dept Ms. Shikha Agarwal Student Coordinators CSE Raghav Agarwal CS Priti Kapoor Year wise Sessional Reports 2022-23 2021-22 2020-21 2019-20 2018-19 2017-18 Activities The cell helps students to boost their learning about latest technological trends. The cell is also promoting research work and projects in the field of cloud computing and related technologies. The cell conducts a series of activities every year few of them are mentioned here. TechBuzz The Cloud Computing Cell successfully organized an engaging and insightful event, "TechBuzz," which featured Rohit Negi, a renowned YouTuber, tech enthusiast, and industry expert. Rohit Negi is the founder of Coing Army and runs a popular YouTube channel with over 187K subscribers, where he shares valuable insights on technology, career growth,

and industry trends. He made headlines in 2021 when he secured the highest package in India from Uber, amounting to ₹2.05 crore, with a base package of ₹96 lakh. The event aimed to inspire students and budding technologists by providing them with first-hand industry knowledge and career guidance. The session witnessed an overwhelming response, with more than 120 attendees eager to gain insights from Rohit Negi's experiences and expertise. Rohit Negi, widely known for his informative content on technology and career growth, captivated the audience with his personal journey in the tech industry. He shared valuable insights into his early struggles, breakthrough moments, and the lessons he learned along the way. He spoke about the rapid advancements in technology, emphasizing the importance of continuous learning and adaptability to stay ahead in the field. During the interactive session, he addressed some of the most pressing questions from the audience, covering topics such as career opportunities in cloud computing, software development, content creation, and emerging technologies. He provided practical advice on navigating the ever-changing tech landscape, emphasizing the need for passion, perseverance, and self-learning. Additionally, he shared tips on building a personal brand, leveraging online platforms for skill development, and networking effectively within the industry. His words resonated with aspiring engineers, motivating them to embrace challenges, stay curious, and pursue their dreams with determination. The event concluded on a high note, leaving participants motivated and better equipped to take charge of their careers. The Cloud Computing Cell looks forward to organizing more such impactful events to continue inspiring students and fostering a strong tech community within the college.

Nimbus The Cloud Computing Cell successfully conducted "NIMBUS," a hands-on introductory workshop covering Git & GitHub, Cloud Computing, Python Programming, Docker, and Machine Learning on May 24th and 25th 2024 in the Main Seminar Hall. The workshop was open to 1st-year and 2nd-year students of the college, with a registration fee of ₹150. The response was overwhelming, with 100% attendance on both days. The workshop commenced on May 24th 2024 at 10 AM with an inspiring address by Dr. Veena Bharti, who guided the students toward a promising future in the field of technology. The sessions were held from 10 AM to 4 PM on both days, ensuring an immersive learning experience.

Workshop Breakdown

- **Day 1:** The members of the Cloud Computing Cell introduced participants to Git & GitHub, followed by an insightful session on Cloud Computing. The fundamentals of Python programming were also covered, with hands-on exercises to reinforce learning.
- **Day 2:** All queries and doubts related to Python were addressed, ensuring conceptual clarity. The participants were then introduced to Docker, where its applications and real-world use cases were demonstrated in detail. The workshop concluded with a mega quiz, featuring questions based on the topics covered over both days. The top performers of the quiz were given a direct interview opportunity for recruitment into the Cloud Computing Cell in the upcoming semester. With an enthusiastic turnout and an engaging learning environment, NIMBUS proved to be a resounding success. The Cloud Computing Cell looks forward to organizing more such impactful and skill-enhancing workshops in the future.

SPOCC'24 The Cloud Computing Cell successfully conducted "SPOCC'24," its annual recruitment drive to onboard talented second-year students into the society. The recruitment process was designed to identify and select the best candidates through a structured evaluation.

Recruitment Process:

- **Phase 1 – Coding & Common Test Round:** The first phase consisted of a coding and aptitude test, which was conducted in the college labs from 4:30 PM to 6:30 PM. Several students participated in this rigorous assessment, showcasing their problem-solving and technical skills. Based on their performance, the top 90 candidates were shortlisted for the next stage.
- **Phase 2 – Personal Interviews:** The shortlisted candidates proceeded to the interview round, where they were evaluated on their technical expertise, problem-solving abilities, and passion for technology. The interviews focused on various domains, including Web Development, Cloud Computing, and Machine Learning. After a rigorous selection process, 35 students were chosen as trainees for the Cloud Computing Cell. Out of these, 15 exceptional candidates were selected as permanent members of the society, joining the core team to contribute to future projects, workshops, and initiatives. With SPOCC'24 successfully identifying and recruiting the brightest tech enthusiasts, the Cloud Computing Cell is excited to mentor and work alongside the next generation of innovators.

DevClash The Cloud Computing Cell, the technical society under the IT Department of Ajay Kumar Garg Engineering College, successfully organized "DevClash," an event designed exclusively for 2nd-year students to showcase their front-end development skills in both web and app development.

Event Structure:

- **Round 1 – Elimination Round:** The competition began with an aptitude test consisting of 30 questions, evaluating the participants' logical reasoning, problem-solving, and fundamental development knowledge. Based on their performance, the top 7 teams from each domain (Web and App Development) advanced to the next round. Each team comprised two members.
- **Round 2 – Development Round:** In the final round, the shortlisted teams were provided with pre-designed web and app UI mockups. Their task was to replicate the given design through coding, demonstrating their proficiency in front-end development, attention to detail, and implementation skills. The event concluded with top-performing teams from both domains being awarded prize money in recognition of their exceptional development skills. With DevClash providing a competitive yet learning-driven environment, the Cloud Computing Cell continues its mission of nurturing talent and fostering technical excellence among students.

Workshop on "React-ion" 2023 Information Technology department in collaboration with department society CLOUD COMPUTING CELL organized 2-days workshop "React-ion", a code along with an introductory workshop to Web development through React Framework on 10th(Saturday) and 11th(Sunday) of June at Web Technology Lab. 40 students from 1st and 2nd year were registered and actively participated in the workshop. The workshop started on 10th June. The workshop was conducted from 10 AM to 4 PM on 10th and 11th of June. On the first

day, Second-year and Third-year members of the Cloud Computing Cell taught about the basics of Web development with HTML and CSS. Students were guided through a code along exercise where they practiced and implemented syntax to develop a webpage. Students were also provided with refreshment before they were introduced to JavaScript language. On the Second day, all issues and queries regarding HTML, CSS and JavaScript were resolved and then all participants were introduced to React Framework and its use was demonstrated. Participants were also encouraged to follow all commands and codes along with the instructor. Workshop concluded with an Introduction to Cloud Computing and its role in the development of students. It was a very informative session with lots of positive feedback by the students who attended the event. Cloud Computing Cell has successfully conducted this workshop and also aspires to conduct more such kinds of events to encourage learning of the new Technical skills and fields. The event was well coordinated by our faculty coordinator Mr. Santosh Mishra (Assistant Professor-IT), Mr. Sundeep Raj (Assistant Professor-IT) and all the students 'members of cloud cell'. Cloud Computing Cell has successfully conducted this workshop and also aspires to conduct more such kind of events to encourage learning of the new Technical skills and fields.

Cloudsplore 2022 The Cloud Computing Cell has conducted a workshop from 28th to 29th April 2022 titled as "CloudSplore". The workshop was conducted under the guidance of Dr. Parneet Kaur and Dr. Abhilasha Singh (Coordinators Cloud Cell). The Cloud Computing cell has been in successful execution for more than 6 years and has bookmarked itself as the one of the prestigious technical societies of AKGEC, IT Department. In order to continue the trends of the effective learning and capturing intelligent minds to serve the college in even bigger and better way, it is necessary to organize events which help students to gain extra knowledge and sharpen their technical skills. Thus, in this series another workshop 'Cloudsplore' was conducted by the cell on 28th and 29th April 2022. This event was open to all first- and second-year students, 140 students were registered for this Workshop. The workshop was carried out in following manner: 1) Round 1: This Round was conducted in 2 days in which we explained the cloud and its application along with Hands-On-Experience on Virtual Machine creation on AWS and GitHub to all the participants. This round was held at Web technology lab, IT lab 1 and IT lab 2 on 28th and 29th April at 4 PM. 2) Round 2: This Round was consisted of quiz based on cloud and it's services such as Virtual Machine creation and GitHub questions which was self-paced to access the basic technical and IQ of the students. The students were shortlisted on the basis of their marks for this round. This round was held online at D2C Platform on 30th April 2022 at 7:00 PM. The top three winners of the event were awarded with the cash prizes: Name Branch Year Prizes Atul Kumar IT 1 st Year 1st Archas Srivastava CS 1 st Year 2nd Malika Garg CS 1 st Year 3rd Finally, everyone present in the workshop appreciated the sessions and desired more sessions to be held which must focus primarily on Cloud Computing and its latest trends and technologies. Some of the main pics of the event are as follows: Erudition'20 Cloud Computing Cell conducted a 9-hour interactive workshop Erudition'20 on AWS, GitHub, Raspberry Pi, version control system and other trending topics on IOT. The event included hands on project for deploying home based Personal Cloud Storage. A Raspberry Pi kit worth ₹ 3000 is rewarded to the top performing student in the event. For this event we received massive participation of registered entries over 400 but due to limited seats available only 70 participants were allowed. List Of Winners Position Names Student No. Award 1 st Rydam Agrawal 1911007 Raspberry Pi + Goodies 2 nd Aditya Dwivedi 1931011 goodies 3 rd Sumit Dagar 1910091 goodies This Workshop was conducted under event coordinators Abhineet Chaudhary (CS – 1710004) & Aditya Gautam (CS – 1710111) from date – 28th Feb to 1st March 2020. Screening Program of Cloud Computing Cell- SPOCC Team CLOUD COMPUTING CELL organized a recruitment drive – SPOCC'19 in odd semester 2019-20. In order to continue the trends of the cell for effective learning and capturing intelligent minds to serve the college in even bigger and better way, it is necessary to involve the participation of bright and innovative students and prepare them to achieve the common goal therefore we organized this event. This event includes two rounds. First round consists of aptitude, HTML-CSS, C LANGUAGE and cloud computing based questions whereas second round is personal interview. Workshop on Flutter & Firebase Flutter is an app SDK for building high-performance, high-fidelity apps for iOS, Android, web, and desktop from a single codebase. Firebase is a mobile- and web application development platform, backed by Google, to help developers deliver richer app experiences. This Workshop was conducted under event coordinators Prashant Shishodia (CSE- 1610088) & Harsh Gupta (IT – 1613104) from date 5th March to 9th March 2019. 3rd Inception Day Cloud Lab Co-ordinators: Mr. J. K. Seth, Ms. Anupama Sharma Event Name: 3rd Inception Day Date: 19th April, 2019 Event Name: 5 days Workshop on Flutter and Firebase Dates: 5th-9th March, 2019 Details of event: 50+ students from 1st and 2nd year attended the workshop Quizard Name of Event: 'Quizard' Dates: 22nd and 23rd October 2019. Prizes, if any: The top three winners of the event were awarded with a cash price of 1000, 800 and 500 respectively. Theme of the event: The event completed in two rounds, the first round presented the question on web series on a mobile app (developed by CCC) and the second round was based on the questions related to aptitude, programming and puzzles. Workshop on Amazon Web Services with Alexa Amazon web service is a platform that offers flexible, reliable, scalable, easy-to-use, and cost-effective cloud computing solutions. Alexa is the brain behind the Echo devices. Using Alexa is as simple as asking a question to someone—just ask and Alexa will respond. Alexa updates through the cloud automatically and is continually learning, adding new functionality and skills. This Workshop was conducted under event coordinators Shivam Dhama (IT) & Lavish Jain (CS) from date 12th April to 15th April 2018. Workshop on Cloud Essentials & Linux Cloud Computing is the delivery of computing services which includes servers, storage, databases, networking, software, analytics, and intelligence

over the Internet to offer faster innovation, flexible resource management, and boost economies of scale. Linux is a family of open source operating systems based on the Linux kernel. This Workshop was conducted under event coordinators Shivam Dhama (IT) & Shrey Tripathi (CS) from date 9th to 11th November 2017. Cloud Workshop on "Cloud Essentials & Linux". Amazon Workshop on "Amazon Web Services with Alexa". SPOCC A Recruitment Drive "SPOCC 2018".

Open Educational Resources (OER) - AJAY KUMAR GARG ENGINEERING COLLEGE

Source: <https://www.akgec.ac.in/rd/open-educational-resources-oer>

Open Educational Resources (OER) It is seen that worldwide there are large number of the Open Educational Resources (OER) useful for the students and faculty members. Some of these OER are as follows: 1. Commonwealth of Learning (COL): Online micro courses platform for different courses. URL: <https://colcommons.org> 2. British Columbia Open Text Book Project: The 13 C Open Collection by B Campus is accurate selection of open educational resources (OER) that can be accessed by educators in B.C. and beyond to use in the classroom, in an institutional learning management system, or on other teaching and learning platforms. URL: <https://collection.bccampus.ca> 3. Rice University Open Stacks: This OER is a part of Rice University with the mission to improve educational access and learning for everyone. Openly licensed books, developing and improving research-based courseware, establishing partnerships with educational resource companies, and more are part of it. URL: <https://openstax.org/> 4. e-Campus Ontario: It is a provincially-funded non-profit organization that leads a consortium of the province's publicly-funded colleges, universities and indigenous institutes to develop and test online learning tools to advance the use of education technology and digital learning environments. URL: <https://www.ecampusontario.ca> 5. Skills Commons: This OER is to accelerate the democratization of education for all through open educational services and resources enabling individuals, communities, educational institutions, organizations, and businesses to prepare people for successful employment in the 21st Century. URL: <https://www.skillscommons.org> 6. Libre Texts: The objective of this platform is to unite students, faculty and scholars in a cooperative effort to develop an easy-to-use online platform for the construction, customization, and dissemination of open educational resources (OER) to reduce the burdens of unreasonable textbook costs to our students and society. URL: <https://libretexts.org> 7. Saylor Academy: It offers free and open online courses to all who want to learn. There are nearly 100 full-length courses at the college and professional levels, each built by subject matter experts. All courses are available to complete at your pace, on your schedule, and free of cost. URL: <https://www.saylor.org>

Vision And Mission - AJAY KUMAR GARG ENGINEERING COLLEGE

Source: <https://www.akgec.ac.in/vision-and-mission/>

Vision And Mission OUR VISION To introduce undergraduate and postgraduate courses for all engineering branches and award of Ph.D degree to be one of the best engineering colleges in the country and to be a deemed

university. **OUR MISSION** We strive to provide and maintain academic environment and systems, enabling maximum learning to produce competent professionals. We also aim at achieving this through transparent academic and administrative policies in the college. We intend to provide conducive atmosphere for research, development and consultancy services to our faculty at national and international level. **OUR QUALITY POLICY** To provide and continually improve academic environment and systems which give total satisfaction and enable students to develop their full potential and mature into competent professionals and responsible members of society.

Testimonials - AJAY KUMAR GARG ENGINEERING COLLEGE

Testimonials Mr. Stephen John Turner Excellent organisation. A beautiful campus with very good facilities. NTU, Singapore Mr. Dilip Sawhney Your passion, infrastructure, facilities and faculty..... All were World Class. I wish you great success! Rockwell Mr. S. K. Yadav I am spellbound. I could feel the dedication of faculties and the commitment of owners and the institutions is lucky to have a worthy Director. All the best to students, faculties and the management. GDA VC Mr. Jnyan Patel Excellent vision execution towards enabling a brighter, smarter, enterprising work force. SPR Group of Companies, Mumbai Group Vice President Mr. Peter Gorzyza Fantastic college. This will bring students much closer to industry requirements. Inauguration perfectly organized! Drives and Control Academy Bosch Rexroth AG, Germany Director Mr. R.S. Rajkumar Orienting to the future of technical education bringing technologies to the industry and developing a sustained scalable model take AKGEC to league of IIT's and beyond. Its no doubt AKGEC will set trends in higher education! Drives and Control Academy Bosch Rexroth, India Head Dr. Rob Reilly Excellent Organization & Hospitality! Nice vibrant function, excellent academic achievements. My all the best for all your future endeavours MIT, USA Mr. Schmitt Gerald I am very much looking forward to coming back. Fascinating people & place! Fronius Managing Director Dr. Vijendra Agarwal Great facility; well maintained. University of Wisconsin La Crosse Associate Vice Chancellor Prof. Kripa Shanker Exciting to see the face of UPTU in many ways. Wish all the best for further spiralling ups, Excellent in all respects and aspect, Impressive performance by the institute and the students academically and otherwise, Best of luck to all ! UPTU Vice Chancellor

2024 1st International Conference on Advanced Computing &

Emerging Technologies (ACET)

CONFERENCE MODE: HYBRID

Conference Tracks

The focus area and tracks of the conference would be (but not limited to):

Track-1: Advances in Machine Learning and Deep Learning

Track-2: Advances in Data Science

Track-3: Applications of Artificial Intelligence in Interdisciplinary Areas

Track-4: High Performance Computing

Track-5: Advances in Communication and Networks

Track-6: Advanced Algorithms

Track-7: Teaching & Learning Systems

Call for paper

Important Dates

IEEE Conference Record Number : 61898

Venue: Department of Computer Science & Engineering

Ajay Kumar Garg Engineering College, Ghaziabad, India

Full Paper Submission: 31 May 2024

Acceptance Notification: 30 June 2024

Registration: 10 July 2024

Conference: 23-24 August 2024

Contact

The aim of the ACET-2024 is to serve researchers, developers, educators working in the area of Disruptive Technology and their applications to present as well as to exchange the research ideas. ACET-2024 invites authors to submit their original and unpublished work that demonstrates current research in all areas of Advanced Computing & Emerging Technologies and their applications through Microsoft's CMT submission link:

Ajay Kumar Garg Engineering College

(AKGEC), Ghaziabad, (UP), India

The conference organized by Department of Computer Science & Engineering, will be held in hybrid mode at Ajay Kumar Garg Engineering College (AKGEC)

, Ghaziabad, Uttar Pradesh, India on 23-24 August 2024 in collaboration with IEEE Uttar Pradesh Section. The conference will include regular sessions with poster/oral presentations, global and technical sessions, panel discussions and poster presentations.

The following items/documents must be enclosed with the Admission Form in the sequence stated below :

A) Admission letter/Rank letter

B) Photocopy of Aadhaar Card

C) Photocopy of High School Mark-sheet & Pass Certificate

D) Photocopy of Intermediate Marksheet

E) Photocopy of Graduation Mark-sheets (For Admission in M.Tech 1 Yr. and MCAI Yr.)

F) Photocopy of all Diploma / Graduation Mark-sheets (For Admission in B.Tech. II Yr.)

G) Photocopy of Caste Certificate (if applicable).

H) Photocopy of Domicile Certificate (if applicable).

I) Medical Certificate as per Information Brochure (The document shall be retained by the College in Original)

J) Character Certificate issued by the last Institute attended (The document shall be retained by the College in Original)

K) TC (Transfer Certificate) & Migration Certificate (The document shall be retained by the College in Original)

8. Tech | Yr.- Candidate from U.P. Board will submit TC only whereas Candidate from any Board other than U.P. Board will submit TC & Migration both.

For Admission in M.Tech | Yr. and MCA Yr. - Candidate will submit TC & Migration both.

For Admission in B.Tech. II Yr. (Diploma Holders / B.Sc. Graduates) - Diploma Holder Candidate will submit TC only

whereas B.Sc. Graduate will submit TC & Migration both.

L) Affidavit for the gap period after qualifying exam (if applicable).

M) Photocopy of address proof of parents

(N) Two copies of black & white/coloured passport size photographs

Note : All photocopies are required in two sets and must be self-attested by the Candidate. Original Marks-Sheets and

Certificates shall be required at time of admission for verification purpose.

All AICTE approved Institutions are empowered to nurture ecosystems for Skilling (through Vocational courses) via making effective use of

existing infrastructure facilities and human resources.

It is mandatory to comply with all the essential requirements as given in APH 2024-27 (Chapter-VI)

Important Instructions

AICTEApprovalYear-2026-27 — Page 4

Source: AICTEApprovalYear-2026-27.pdf

Application No:1-46223028367

ALL INDIA COUNCIL FOR TECHNICAL EDUCATION

Page 4 of 5

Note: This is a Computer generated Report. No signature is required.

Printed By : ae854381

Letter Printed On:13 April 2026

1.

As per mandatory Disclosure of APH 2024-27(Annexure-18, page180) Institutions must disclose the following information

submitted to Council at the Prominent location on its website.

i.

Department wise availability of Infrastructure along with approved courses and intake approved by the Council.

ii.

Faculty details: Department wise: Name& Designation of the faculty members/teaching staff along with their qualification,

tenure of service in your organization, total experience, Institution should also disclose Student Faculty Ratio, Cadre Ratio.

iii.

Additionally Audited Financial Statements for last 3 Financial years.

2.

Reservation Policy of the Central Government (Including EWS) / Respective State Government/ UT as the case shall be applicable

to all the Programmes. The concerned State Government/ UT Admission authority shall decide Modalities of Admission.

3.

The Institution offering courses earlier in the Regular Shift, First Shift, Second Shift/Part Time are now amalgamated as total

intake and shall have to fulfil all facilities such as Infrastructure, Faculty and other requirements as per the norms specified in the

Approval Process Handbook 2024-25 to 2027 for the Total Approved Intake.

4.

In case of any differences in content in this Computer-generated Extension of Approval Letter, the content/information as approved

by the Executive Council / General Council as available on the record of AICTE shall be final and binding.

5.

All AICTE institutions are highly encouraged to get NBA/NAAC accreditation. All eligible AICTE institutions are thoroughly

encouraged to participate in NIRF ranking process.

6.

Deemed to be University: Institutions Deemed to be Universities (Running Technical Education Programmes), it is mandatory to

have AICTE approval from the Academic Year 2018-19 in compliance of the Hon'ble Supreme Court Order dated 03-11-2017

passed in CA No.17869- 17870 /2017.

7.

AICTE Approved Institutes are encouraged to utilize SWAYAM PLUS Courses up-to 40%

8.

Internship is mandatory for all admitted students.

9.

AICTE Approved Institutes are encouraged to make efficient use of the flagship schemes like:

a.

Parakh: Student Gap analysis portal bases services.

b.

Students Scholarship schemes like Pragati, Saksham, Swanath, ADF, etc.

c.

Course in Indian Languages.

d.

ATAL FDPs: Faculty training for Emerging areas and cutting edge Technologies.

e.

Augmenting Utilization of Research Assets (AURA).

f.

Smart India Hackathon: World's largest Open Innovation Platform.

10.

AICTE gives approval to Institutions based on the norms / standards prescribed by the Council from time to time. To get permission

from State Government/ Affiliating University /Board to conduct all approved intake by AICTE is the sole responsibility of the

Institution.

Director General & Convenor

- Frequently of the Board Meeting and Academic Advisory Body

Board meeting is regularly held twice in a year and Academic Advisory Body meeting is regularly held every quarterly.

AKGEC-Mandatory-Disclosure-_2026-27 — Page 6

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

- Organizational chart and processes

- Nature and Extent of involvement of Faculty and students in academic affairs/improvements

The college has a constituted Board of Governors having 14 members including the members of

management committee, eminent educationists, industrialists, bureaucrats and Faculty members of college. The Director of the college is the Member Secretary of the board. The board meets once in 6 months and reviews the progress on all fronts. All policy matters relating to additional courses, investment in additional infrastructure and other major resources, major systemic / organizational changes, perspective plan etc. are discussed and decided by the Board of Governors. The board also reviews and passes the annual budget.

The Governing Council of the college is composed of the Chairman, Secretary, Treasurer, one/two other members of the management committee and the Director General who acts as the Convener. The council meets once / twice in a month or as necessary to regularly review and decide on various functional issues of importance.

AKGEC-Mandatory-Disclosure-_2026-27 — Page 7

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

- Mechanism/ Norms and Procedure for democratic/ good Governance

The college promotes a culture of participative management. The management of the college rests with its Governing Body, whose member, is appointed in accordance with the guidelines provided by Dr. APJ Abdul Kalam Technical University, Lucknow and AICTE. The Director is the academic and administrative head of the Institution and also the member secretary of the governing body. The Heads of Departments are responsible for the day-to-day administration of the departments and report directly to the Director. Additionally, every department has distributed various duties among faculty members which play an important role in various institutional functions. These duties have been discussed in departmental meetings conducted and the minutes of these meetings are recorded.

- Student Feedback on Institutional Governance/ Faculty performance

Feedback is obtained from the students in a formal manner at the end of each semester in the prescribed format. The feedback is analyzed by the examination control cell and sends it to the HoD concerned department and a summary of the same is prepared. This feedback mechanism is primarily used for identifying the weaknesses in teaching learning process. The faculty is counselled by the head of the department so as to improve the process of teaching learning.

Feedback from the stakeholders such as employers, alumni, parents is obtained at regular intervals from which the adequacy of the curriculum is ascertained. Any changes/

upgradations in the curriculum are discussed by the college academic committee and the same is conveyed to the University for Necessary Action.

- Grievance Redressal mechanism for Faculty, staff and students

In order to redress individual as well as collective grievances of the Faculty, staff and students of the college, a grievance redressal mechanism has been devised.

Any aggrieved person may make, in writing, a complaint in written along with supporting documents to any member of committee. The Committee shall discuss and decide on its jurisdiction to deal with the case.

- Establishment of Anti Ragging Committee

The college has Anti Ragging Committee, Anti Ragging Squad as well other Student Counselling Committee as provisioned in UGC/AICTE regulation 2009. Constitution of the committee and the progress report sent to the University.

AKGEC-Mandatory-Disclosure- _2026-27 — Page 8

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

- Establishment of Online Grievance Redressal Mechanism

In order to address the grievances of Faculty & Staff of College, which are not taken care of by the normal available channels, a separate “Grievance Redressal Committee (GRC)” is constituted.

The concerned Faculty / Staff should contact any member of committee, preferably in writing, about their grievance so that suitable remedial action, if required, may be initiated by the committee. The grievance may also be registered online at www.akgec.ac.in. It may be noted that anonymous/ unnamed grievance / complaints without proper details will not be entertained.

It is expected that this will help maintain a positive, harmonious and conducive atmosphere in the College.

- Establishment of Grievance Redressal Committee in the Institution and

Appointment of OMBUDSMAN by the University.

For promoting better stakeholder relationship, the institution has set up a grievance redressal cell to attend to each and every complaint. The Institution immediately addresses the problems and solves them effectively. The member of the cell includes HoDs, senior faculties and staff members, under the leadership of the Director.

- Establishment of Internal Complaint Committee (ICC)

Under the provision of the Sexual Harassment of Women at Prevention, Prohibition and Redressal Act, 2013, the internal Complaint Committee is formed with 10 members.

In event of any incident of sexual harassment, lady staff/student may contact any member of the committee.

- Establishment of Committee for SC/ST

The scheduled Caste (SC) and Scheduled Tribes (ST) Committee is formed to promote the special interest of students in the reserved category and to provide special inputs in areas where the students experience difficulty.

According to the regulations framed by AICTE, the Committee must meet at least twice a year and the decisions arrived are mandatorily implemented. The Committee functions under the Chairmanship of the Director.

- Internal Quality Assurance Cell

The IQAC for each department comprises of HOD and department MR. The contribution of IQAC in improving teaching –learning process is:

AKGEC-Mandatory-Disclosure- _2026-27 — Page 9

Source: AKGEC-Mandatory-Disclosure- _2026-27.pdf

- To develop a system for conscious, consistent and catalytic improvement in the overall performance of institution.
- Prepare and collect right feedback form to be filled by students so that the teaching style of the teacher can be judged.
- Analyze the feedback and give advisory for calibration if required to enhance deliveries.
- Conduct seminar, interact with academicians and people from industry to get first-hand information on the scientific trend and market need to boost the teaching quality.
- Conduct periodic auditing of faculty members in terms of lecture deliveries with respect to predefined lecture-wise schedule is carried out and reviewed by HoD and department MR (IQAC).
- Monitor the performance of the students.
- Arrange visiting faculty in thrust areas.
- Conduct periodical meetings fortnightly with faculty members for further

improvement.

Placement Facilities

AKGEC believes that each student is a valuable resource. The placement cell focuses on each student to maximize his/her career prospects and assists him/her in achieving the same. Students are placed through campus recruitment programs. The Training and Placement Cell is committed to fulfilling the dreams of all those who graduate from A.K.G. Engineering College. Objective of the placement cell is to place students in good companies. This is achieved through campus selections conducted in the college for which the students are trained in aptitude, technical and soft skills, much ahead of campus selections. The Cell believes in overall development of the students' personality, which will help them to achieve a rewarding career.

ACADEMIC PERFORMANCE AWARDS FOR STUDENTS

B.TECH. COURSE

POSITION AT UNIVERSITY LEVEL

(Final Year)

University Topper

(Chancellor Medal)

Rs. 50,000/-

Branch-wise Toppers

First Position Holder

Rs. 40000/-

Second Position Holder

Rs. 35000/-

Third Position Holder

Rs. 30000/-

Fourth to 10th Position Holder

Rs. 25000/-

POSITION AT COLLEGE LEVEL (ALL YEAR I to IV YEAR)

(Based on University Result across all Branches)

College Topper (Year Wise)

(Across Branches)

Rs. 20000/-

BRANCH-WISE TOPPERS: ALL YEARS

First Position Holder

Rs. 5000/-

Marks Percentage

must be $\geq 80.00\%$

Second Position Holder

Rs. 4000/-

Third Position Holder

Rs. 3000/-

Note: A student will get only one award whichever is of Highest Amount Award out of

Awards as mentioned above.

Performance in Internal Examinations

(Section-wise All Years)

ST-1 topper

(1 hour Exam)

Rs. 1000/-

Marks Percentage must be $\geq 80.00\%$

ST-2 topper

(2 hours Exam)

Rs. 2000/-

PUT topper

(3 hours Exam)

Rs. 3000/-

Note: If more than one student in a section have equal highest marks each of them will be awarded same amount as above.

• Number of applications received during last two years for admission under Management Quota and number admitted

■ Year 2025-26

Total around 9535 applications has been received for admission under management quota.

224 students were admitted under management quota.

■ Year 2024-25

Total around 9418 applications has been received for admission under management quota.

357 students were admitted under management quota.

11. Admission Procedure

• Mention the admission test being followed, name and address of the Test Agency/State Admission Authorities and its URL (website)

All admissions are made through Uttar Pradesh Technical Admission Counselling (UPTAC)

Based on the State entrance examination of JEE/CUET for degree level Engineering Course.

For further details, the following website may be visited:

Website: <https://aktu.ac.in/>

As per Information brochures of UPTAC/AKTU Direction / AICTE Norms

- Number of seats allotted to different Test Qualified candidate separately

AIEEE/JEE/CET (State conducted test/ University tests/ CMAT/ GPAT)/ Association conducted test etc.)

As per Information Brochure of UPTAC/AKTU Directions/AICTE Norms.

- Calendar for admission against Management/vacant seats:

-

Last date of request for applications:

As per Information Brochure of UPTAC/AKTU Directions

-

Last date of submission of applications:

As per Information Brochure of UPTAC/AKTU Directions.

AKGEC-Mandatory-Disclosure-__2026-27 — Page 25

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

-

Dates for announcing final results:

As per Information Brochure of UPTAC/AKTU Directions.

-

Release of admission list (main list and waiting list shall be announced on the same day)

As per Information Brochure of UPTAC/AKTU Directions

-

Date for acceptance by the candidate (time given shall in no case be less than 15days)

As per Information Brochure of UPTAC/AKTU Directions.

-

Last date for closing of admission:

As per Information Brochure of UPTAC/AKTU Directions/AICTE norms.

-

Starting of the Academic session:

As per AKTU guidelines.

-

The waiting list shall be activated only on the expiry of date of main list:

As per Information Brochure of UPTAC/AKTU Directions/AICTE norms.

-

The policy of refund of the Fee, in case of withdrawal, shall be clearly notified:

In case of cancellation of admission, fee will be refunded as per the AICTE

notification and G.O. passed by the U.P. Government.

S.No.

12. Criteria and Weightages for Admission

-

Describe each criterion with its respective weightages i.e. Admission Test, marks in qualifying examination etc.

Programme

Duration

Eligibility

B.Tech

4-years

Passed 10+2 examination and Obtained at least 45% marks (40% marks in case of candidates belonging to SC/ST category) in the subjects taken together. OR Passed D.Voc. Stream in the same or allied sector B.Tech.

(Lateral

Entry)

4-years

Passed Minimum THREE years / TWO years (Lateral Entry) Diploma examination with at least 45% marks (40% marks in case of candidates belonging to SC/ST category) in ANY branch of Engineering and Technology (except Agriculture Engg., Pharmacy and Architecture) from the institution recognized by BTEUP or equivalent.

OR

Passed B.Sc. Degree from a recognized University as defined by UGC, with at least 45% marks (40% marks in case of candidates belonging to SC/ST category) and passed 10+2 examination with Mathematics as a subject. Will be allotted if seats remain vacant after allotment to Diploma Students.

OR

Passed D.Voc. Stream in the same or allied

sector from the institution recognized by

BTEUP or equivalent.

MCA-2Y

2-years

Passed B.C.A/ B.Sc. (Computer Science)/

B.Sc. (IT) / B.E. (CSE)/ B.Tech. (CSE) / B.E.

(IT) / B.Tech. (IT) or equivalent Degree.

OR

Passed any graduation degree (e.g.: B.E. /

B.Tech. / B.Sc / B.Com. / B.A./ B. Voc./

etc.,) with Mathematics at 10+2 level or at

Graduation level Obtained at least 50% marks

(45% marks in case of candidates belonging

to SC/ST category) in the qualifying

examination.

Candidates have to appear in the UPTAC (Uttar Pradesh Technical Admission

Counselling) apart from qualification given above to get the admission.

02 Drawing halls with area of 165 Sq.M each

- Number of Computer Centres with capacity of each

Total 04 Computer Centres, 1 with capacity of 60 students and other 3 with capacity of 30 students each.

- Central Examination Facility, Number of rooms and capacity of each

AKGEC-Mandatory-Disclosure-_2026-27 — Page 29

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

College has central examination office which is responsible for the administration of examinations. Total rooms available in college for conduct of examination is around 50 with seating of 40 students each.

- Online examination facility (Number of Nodes, Internet bandwidth, etc.)

Number of Nodes: 1389

Bandwidth: More than 1100 MBPS

- Barrier Free Built Environment for disabled and elderly persons

To facilitate convenient entrance of disabled and elderly persons to various college buildings ramps alongside stairs have been made on the entrance of ground floor of Main Block, ME Block, LT Block, CS/IT Block. Facility of a special toilet for disabled persons has also been

provided in CS / IT Block. The college also has the facility of lifts in Main Block, CS / IT Block, Girls Hostel 3 and Boys Hostel 3.

- Occupancy Certificate

Yes (Attached as Appendix 'A')

- Fire and Safety Certificate

Yes (Attached as Appendix 'B')

- Hostel Facilities

The college has six hostels in its campus. Three hostels are for boys and three hostels are for girls. The total capacity of hostels is 1597 seats out of which 932 for boys and 655 for girls. Presently 923 boys and 625 girls are residing in the hostels.

The details of facilities existing in the hostels are as follows.

All existing sports and recreational facilities in the hostels are well maintained and extensively used. The management of all the hostel libraries (Boys & Girls) is being done by the students and its usage has been increasing.

All hostel rooms have been provided with curtains and bedding comprising of one mattress, one pillow, two bed sheets, two bed covers and two pillow covers. A new library and wet

canteen in the boys hostel III has been created. Some new facilities have been added to hostels like fabricated mosquito net doors in all the bath rooms. Also, all the wet canteens in the various hostels have been renovated and upgraded to provide better services to the hostellers. Two pool tables have been procured for the boys hostels I and II. Yoga classes for girl hostlers were conducted regularly. Part time coaches have been appointed to give coaching in evening for sports activities like Volleyball, Table Tennis, Kho Kho, Kabaddi, Football, Basket Ball, Badminton and Athletics.

About Library System:

The AKGEC Library System comprises of a Central Library, eight Departmental Libraries and five Hostel Libraries which collectively support teaching, research and extension programmes of the Institute.

The Central Library, housed in the Administrative Block of the College, consists of two sections spread over 1465 Sq Mtrs with a total seating capacity for 344 users. Comfortable study space is provided for faculty, staff and students in the form of reading hall, study cubicles, digital library and faculty reading room.

The library system is very user friendly with sufficient resources to meet the requirements of the users. Addition of resources as per the requirements and norms is a regular feature. Sufficient numbers of qualified staff are employed to manage the activities of the library.

The state-of-the-art facilities include KOHA Open Source Library Management Software which also has Web Based Online Public Access Catalogue (Web OPAC) from 2014, Digital Library/Institutional Repository Server on DSpace software, Membership to DELNET and National Digital Library which has a collection of more than 6 Lac resources of Engineering, Science, Humanities available for use by all the stakeholders. The library subscribes ProQuest Engineering Collection of 4120+ E-journals access through college IP and remote access through ID / Password.

The Departmental and Hostel libraries are managed and run by the respective departments and hostels with resources taken on loan from Central Library.

All students, faculty and staff of the College are entitled to take membership and make use of the library

AKGEC-Mandatory-Disclosure-_2026-27 — Page 33

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

facilities.

Admission to the Central Library is through Identity/Library Card which is scanned at the entrance to keep record of the users. The library is under camera surveillance through ten cameras that have been installed at various locations.

The library attracts an average of 350 users on a regular working day.

The URL is Central Library - AJAY KUMAR GARG ENGINEERING COLLEGE (akgec.ac.in)

Library Automation:

The library is managed by computerized automation through library management software KOHA, which is an integrated multi-user library management system that supports all in-house operations of the library with Barcode. The KOHA consists of modules on acquisition, cataloging, circulation, periodical, article indexing, and Web OPAC.

Web OPAC:

Web based Online Public Access Catalogue (Web OPAC) has been introduced for library data search by users. Web OPAC is a powerful search engine for finding any cataloguing information from KOHA bibliographic database on-line. The resources can be searched on internet based on title of the book, author of the book, subject, publication or accession number of the book.

Library Membership:

At the time of joining the college, users approach the library for membership. The user submits a form filled by them. A photograph is taken in the library by a college photographer. It is used for library cards and LMS. Based on these, the Advisor / Director approves & a bar-coded library card is issued. Whenever a user loses his library card, he is issued a new card based on an application given by the student, and old card details are blocked and a duplicate card is activated.

Their entitlements, in terms of the number of books that can be borrowed by them, are as follows:

Faculty members

:- Two books for semester and three books for a month

Staff members

:- Two books for a month

PG students

:- Three books for a month

UG students

: - Two books for ten days

Students are provided Book Bank Books for each subject for the entire semester

Two extra books are provided to the eligible students for one month under the Social Welfare Scheme.

A special facility is provided to the meritorious students in the form of issue of three extra books for one month.

In case of non-availability (already issued) of the desired book in the library, the book can be reserved for the user for issue after it is returned by another user.

AKGEC-Mandatory-Disclosure- _2026-27 — Page 34

Source: AKGEC-Mandatory-Disclosure- _2026-27.pdf

Library Hours:

Monday-Saturday: 8:15 AM to 9:00 PM

Sunday and Closed Saturday: 9:00 AM to 5:00 PM

(Self reading area for students is kept open from 8:15 AM to 4:15 PM for self-study for all college working days)

Special arrangements are made to keep the Library open up to 12 O'clock midnight before and during the Internal / University End Semester Examinations.

Knowledge Resources:

The Central Library of the college has an invaluable collection of text and reference books, journals and e-books, e-journals and a variety of multi-media resources. At present, the total number of titles and volumes on Science, Technology, Humanities and Management are around one lac and thirty-one thousand respectively including book bank books (Total Book collection 1,52,189, Lending Section Books and Reference Section Book collection 39,937, Book Bank book collection 1,12, 252). The library subscribes to over 4120+ E-resources/International Journals, and over 106 National Journals. In addition, the library maintains seminar reports, project reports and thesis of students. A separate section with more than 1000 books on personality development and competitive examination preparation are available. All these resources are constantly getting added and increased. The Central Library subscribes to more than 43 magazines and 19 newspapers.

Reference Section:

The Central Library maintains a separate reference collection consisting of text books, reference books, encyclopedias, handbooks, dictionaries and competitive books for GATE, CAT, GRE and GMAT. One copy of each title is kept in Not-For-Issue (NFI) / Reserved Section for the reference of the users within the library only. The Reference Section resources may be issued, if necessary, for overnight after

permission from the Senior Librarian.

Reference staff is also available in the reference section/reading section to suggest sources of information and to assist in locating the required resources.

Reference Section hosts sitting area which includes cubicles to facilitate privacy without any disturbance to other students.

Digital Library:

E-journals & E-books:

E-journals & E-books are utilized by the user in the following ways: -

1. Can browse on the digital library systems and anywhere in the campus and outside campus also.
2. Can download and take a copy on Pen Drive.

AKGEC-Mandatory-Disclosure-_2026-27 — Page 35

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

3. Can also send by email etc.

Report of the usage is collected from the publisher on yearly basis and after analysis a decision is taken for renewal of membership. The library provides access to ProQuest Engineering Collection.

National Digital Library(NDL) subscription details:

National Digital Library of India (NDLI) is a virtual repository of learning resources which is not just a repository with search/browse facilities but provides a host of services for the learner community. It is sponsored and mentored by Ministry of Education, Government of India, through its National Mission on Education through Information and Communication Technology (NMEICT). Filtered and federated searching is employed to facilitate focused searching so that learners can find the right resource with least effort and in minimum time. NDLI provides user group-specific services such as Examination Preparatory for School and College students and job aspirants. Services for Researchers and general learners are also provided. NDLI is designed to hold content of any language and provides interface support for 10 most widely used Indian languages. It is built to provide support for all academic levels including researchers and life-long learners, all disciplines, all popular forms of access devices and differently-abled learners. It is designed to enable people to learn and prepare from best practices from all over the world and to facilitate researchers to perform inter-linked exploration from multiple sources. It is developed, operated and maintained from Indian Institute of Technology Kharagpur.

AKGEC Central Library has taken Institutional Member of NDL. College is also set NDLI club with the help of NDLI Club Team of IIT Kharagpur. The club registration Number is INPUNC3YYKGS43G.

Institutional Membership/ Inter Library Loan:

The Central Library offers inter-library loan service to its users for the books and periodicals not available in the AKGEC Library by procuring them from other libraries. The AKGEC library has membership of DELNET and National Digital Library which facilitate sharing of resources among member libraries. DELNET has been established with the prime objective of promoting resource sharing among the libraries through the development of a network of libraries. Members of AKGEC Central Library can utilize this facility through central library. The resources available under DELNET network include Union Catalogue of Books and Periodicals and database of thesis and dissertations.

Question Papers and Model Solutions:

AKGEC central library maintains a Question Papers & Model Solutions Bank consisting of previous question papers of Sessional, PUT (Pre-University Test), and University Examinations along with their model solutions prepared by the respective subject teachers. The collection is readily available for

AKGEC-Mandatory-Disclosure- _2026-27 — Page 36

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

reference of students in electronic as well as print form in central library and also in electronic form in departmental and hostel libraries for benefit of faculty and students respectively users are allowed to take the documents for making photocopies at the photocopy center.

News Paper Clippings:

Clippings of the latest news related to college events, AICTE, AKTU, and other Engineering Colleges are maintained on a daily basis for ready reference purposes.

Reprographic Service:

The reprographic services are extended through an external outfit that operates within central library premises for easy access by users. The services include photocopying, scanning, print outs, and spiral binding.

Additional Special Facilities:

Departmental Libraries:

There are eight departmental libraries which have collection of subject books, project reports and old issues of journals relating to their Branch. The resources are provided on loan from the Central Library on semester basis. The departmental libraries are open for use by faculty members and are managed by

the respective departments.

Hostel Libraries:

The five Hostel Libraries, two in girls' hostels and three in boys' hostels, maintain general books, novels, books on short stories, personality development and motivational reading. These libraries also maintain newspapers and magazines. Hostel libraries are managed by the students who are paid suitable remuneration.

Reserve Book Section for SC /ST Students:

This section is particularly for the reserved category students viz SC/ST. The books of this section are kept separate so that these students can be benefited.

College Event Photographs:

Event wise photographs are maintained for easy and ready availability of photographs for students.

Laptop Charging Point, Internet Connecting Point and Wi-Fi:

These arrangements facilitate uninterrupted usage of student laptops to allow them work for longer durations.

Fire Alarm System:

A fire Alarm system has been installed in Central Library where smoke sensing devices are installed in the roof. The system facilitates automatic ringing of alarm in case of any smoke so that it can be immediately attended to save from any spreading of fire.

AKGEC-Mandatory-Disclosure-_2026-27 — Page 37

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

Self-Reading Area:

This area provides space for students to sit with self-reading material in the library which also facilitates consultations and discussions with fellow students. A coffee / Tea vending machine is provided here at subsidized rates to encourage students to visit library.

Faculty Reading Area:

A separate space has been provided in the reference section for use by faculty members.

True Reader Award:

With the aim to encourage students to use the library regularly and inculcate good reading habits, "True Reader Award" has been introduced. The award, including cash prize and certificate, is given to top-user students who use the Central Library for at least 25 hours over minimum 10 days after college hours. Every month 2 top true readers are selected and awarded Rs. 500/- for 1st and Rs.300/- for 2nd

winner.

Earn While You Learn

All hostel libraries are managed by the student coordinators. These student coordinators are interviewed and recommended by the Dean Library for approval of the Director General. Each student coordinator is paid honorarium Rs. 75/- for his one-hour duty on daily basis. All Libraries of the hostels are opened for Two hours every day in the evening under the supervision of Library student coordinators.

■ List of Experimental Setup in each Laboratory/Workshop

All experiments are conducted as per the syllabus prescribed by University.

• Computing Facilities

■ Internet Bandwidth

1100 Mbps

■ Number and configuration of System

Total 1484 computer systems (i7- 107, i5-570, i3-681, Dell Xeon-33,C2D-226)

■ Total number of system connected by LAN/WAN

1484

■ Special purpose facilities available (Conduct of online Meetings / Webinars/ Workshops, etc.)

Dedicated Video Conferencing Systems Along with Cameras, Audio Systems in both
Seminar Rooms for Webinar and Workshops. Portable Video Conferencing System
Available For Online Meetings.

•

Facilities for conduct of classes/courses in online mode (Theory & Practical)

All classrooms equipped with Smartclass Systems along with Audio Systems,Mic. and
Internet for conducting online classess. Orell Language Lab Software for

Theory/Practicals in Language Lab through Online Mode.

■ Innovation Cell

SOFTWARE INCUBATOR is the research and development centre established within the portal of Ajay Kumar Garg Engineering College. We have set a foothold in the areas of software development, web-based enterprise solutions, mobile development, web application and website development. We focus on high integrity and commitment, quality and rigor at every stage of work, passion for excellence and focus on customer satisfaction. We are an equal opportunity organization that motivates every member to work with passion and commitment.

SI is equipped with the state-of-the-art infrastructure & hardware/software tools. This provides a highly conducive & stimulating environment for the young brains to explore & come out with innovative solutions using emerging technologies. The Centre conducts training programmes on the latest software technologies which is instrumental in keeping our students technologically ahead of others. The team members of SDC-SI have delivered many automated systems to Industrial clients as well as to AKGEC which have automated their work processes.

Games and Sports Facilities

The college has always created a niche for itself in the field of sports. The college has since long times, been participating in various inter institution, state level tournaments. In sports, our college provides facilities for both indoor and outdoor games to the students.

Outdoor Games: A spacious play ground is available for outdoor games like Cricket, Football, Volleyball, Basketball, Badminton etc.

Indoor Games: Facilities for the indoor games like Badminton, Table Tennis, Chess, Carrom etc, are provided to students in the college campus.

A large number of sports activities are organized in the college aiding the students to display their talent in sports activities. One of the major sports event is the "Ajay Kumar

Garg Memorial Table Tennis Tournament". It is a state level tournament organized by Ghaziabad District Table Tennis Association on annual basis at College. Participations in this tournament are all the way from Delhi, Haryana, Punjab and Uttar Pradesh being the major contributor.

AKGEC-Mandatory-Disclosure-_2026-27 — Page 48

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

- **Extra-Curricular Activities**

The institution is committed to attract students for participating in various extracurricular activities by ensuring consistent encouragement and motivation. The necessary facilities are provided and adequate funds are allotted. The sports and cultural committees supervise the extracurricular activities. The students who participate in the sports activities or other extracurricular activities are provided with extra classes so that the time they have given in for the various activities can be compensated for.

- **Soft Skill Development Facilities**

Academic excellence alone is not enough and cannot guarantee a good career. Certain personality attributes and soft skills are essential not only to get a good job placement but also to be able to contribute and grow in an organization. Taking cognizance of this, the college emphasises all round development through a range of extracurricular activities as well as organizing and conducting formal Personality Development Program.

This programme spanning over 100 hours is conducted by a professional agency and includes training in communication skills, group discussion, interpersonal skills and interviews. This is a mandatory programme for second year B.Tech. students of the college.

This programme helps in the overall personality development of students. The whole exercise is intended to increase the employability of students. Amidst an inspiring and invigorating environment, students undergo training that turns them into top notch professionals.

■ Teaching Learning Process

- Curricula and syllabus for each of the Programmes as approved by the University

Curriculum is available at website www.aktu.ac.in

| 14. | Commencement of Classes session 2026-27 For III, V, VII & IX Semester July 27, 2026

*The dates are subject to modification as per updates from AICTE/PCI.

**Institutes/Colleges are advised to arrange the Internship / Mini Project (After Even Semester Exam of session 2025-26) in hybrid mode so that

their classes are not affected.

/. The institute shall ensure minimum teaching hours as prescribed in the University ordinances for each semester. If required, the Director/Principal

shall arrange extra classes, on weekends /holidays in online mode.

2. The Institute should ensure that at least two class tests are conducted after completing 1/3& 2/3 syllabus respectively. All students will be required to

appear in both first- and second-class tests. If, for any reason beyond the control of students such as illness, tragic incident in family, the student fails to

appear in any test, it will be the responsibility of the Principle/Director of the Institute to arrange make up class test for such students. If the student fails

to appear in first class test, his makeup class test will be conducted before second class test and in case of second-class test at least one month before the

start of end semester theory examination. The duration of class test will be minimum one hour for each class test,70% attendance at1* test and75%

attendance at second class test is required. Incase attendance is short; parents be informed accordingly on monthly basis.

3. The Director/Principal of Institute shall ensure the submission of attendance of students regularly through Attendance Monitoring System (AMS) of the

University and shall ensure that no student is allowed to appear in the examinations who has not attained the minimum required attendance as per norms

prescribed in relevant ordinances, It will be obligatory on the part of the Director/Principal of the Institute to detain such students and their admit cards

will not be issued to them. A list of students detained from appearing in University Examination(s) be submitted to their Examination center before the

commencement of the theory examination.

4. The teachers who are assigned evaluation duty during vacation shall be entitled for earned leave as per rules and duty leave for other examination related

works assigned by the University

5 ns | ■■■ rd semester B. Tech & B. Pharma students has to be COMPULSORILY mad. institutes conducting extra classes in early morning/late evening/Sunday/holidays.

AKGEC-Mandatory-Disclosure-_2026-27 — Page 50

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

- Academic Time Table with the name of the Faculty members handling the Course

The classes, labs, seminars and project work, as specified in the evaluation scheme and syllabus published by the University on its website (www.aktu.ac.in), are conducted in accordance with the time table issued by each department.

- Teaching Load of each Faculty

Teaching load of faculty is distributed as per AICTE norms.

- Internal Continuous Evaluation System and place

Ajay Kumar Garg Engineering College is affiliated to APJ Abdul Kalam Technical University, Lucknow. AKGEC follows the internal examination pattern matching with the university exam pattern. Guidelines of AKTU are followed strictly in the evaluation process. There are three Internal tests conducted, namely: Sessional Test 1 (25 Marks), Sessional Test 2 (50 Marks) and Pre-University Test (100 Marks). The schedules of internal exams are communicated to students and faculty through the academic calendar of the institute at the beginning of each semester. The college academic calendar is prepared in coherence with the university academic calendar.

To implement the continuous internal evaluation in a smooth and efficient manner the exam cell of the college has framed guidelines for conducting the internal evaluation.

The tasks done by the college exam cell are as follows: scheduling of internal examination, seating arrangements, assigning hall invigilators, collection of answer books and distribution of answer books to the subject teaching faculty.

Process of internal evaluation:

1. Question paper is prepared for the internal examination as per Bloom's taxonomy.
2. Scrutiny of the prepared question paper is carried out by HoD/ Subject expert to

ensure quality of the question paper.

3. Monitoring the attendance of the students for the examination is done.
4. Evaluation of answer books is carried out within the stipulated time.
5. Distributing evaluated answer books to the students for clarifications of doubts.
6. Uploading of finalized marks on college portal.
7. Conducting meetings to review the results by preparing the results analysis.
8. Remedial actions and measures for further improvements are arrived after discussion between faculty and the HoD.

AKGEC-Mandatory-Disclosure-_2026-27 — Page 51

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

9. The evaluation for practical courses is done by conducting two major viva sessions in addition to the experiment specific questioning done at the time of checking of practical record. Additionally, the hands-on knowledge of the students is also checked in all lab sessions which forms a vital component of internal lab assessment.

10. The evaluation for project course is assessed by conducting periodical project reviews covering key parameters like problem formulations, understanding of the project, presentation skills, communication of ideas, technical knowledge, team work and project management.

Performance of the students in internal assessments is used as reference by the faculties to identify slow and quick learners in their respective subjects. Slow Learners are encouraged to improve their performance in future by proper counselling. Good students are motivated to participate in various technical events to further strengthen their knowledge.

Student's assessment of Faculty, System in place

Student feedback on Faculty about the teaching learning is taken from all the students at the end of the semester for all theory and practical subjects. Feedback is taken in online mode which allows the students to login from their college provided G-suite email ids only. The complete process is organized and monitored centrally by the exam cell of the college.

The various parameters on which teaching is assessed are: Communication Skills, Quality of Teaching, Subject Knowledge, Content and Method of Delivery, accessibility of faculty for clarification of doubts, quality of assignments, syllabus completion, maintaining the pace of teaching throughout the course duration etc. Faculty feedback is calculated subject wise and section wise. A combined report is generated by the feedback portal consisting of feedback of all faculty members from a particular department. Such department wise feedback summaries are sent to all HoDs and Director by the exam cell coordinator. Feedback scores of faculty are conveyed to them through respective HoDs. Faculty having feedback score of less than 4 (out of 5) is counselled by the HoD for future improvements.

Industry Linkage

■ AKGEC places a strong emphasis on preparing students to excel in industry by fostering collaborations with leading companies across various sectors. These collaborations are instrumental in providing students with

hands-on training in cutting-edge technologies and engaging them in industry-sponsored consultancy projects. Notably, AKGEC is distinguished as the sole engineering college in Uttar Pradesh approved by the Department of Science and Technology, Government of India, for establishing the Center of Relevance and Excellence (CORE) in Automation & Robotics.

■ CORE represents a groundbreaking partnership between AKGEC, international industries, and key governmental bodies like the National Skill Development Corporation, Ministry of Skill Development and Entrepreneurship, and Government of India. It aims to drive research, consultancy, project development, and training in emerging technological domains such as Automation, Robotics, Manufacturing, Fabrication, and Automotive Technology.

AKGEC-Mandatory-Disclosure-_2026-27 — Page 64

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

■ Under this initiative, fourteen Centers of Excellence (COEs) have been established, each equipped with state-of-the-art facilities for training, prototyping, testing, and measurement in Automation, Robotics, Manufacturing, and Automotive domains. These COEs boast advanced equipment such as CNC and Robotic Machining, Welding (both Manual and Robotic), Cutting (Thermal, Plasma, and Laser), Non-Destructive Testing, Metrology, Mechatronics, and 3D Printing, promoting modern manufacturing practices among students and industry professionals alike.

■ Supported by esteemed industry partners including SIEMENS, BOSCH Rexroth, National Instruments, KUKA Robotics, Mitsubishi Electric, and others, these facilities are pivotal in bridging the gap between academia and industry by providing industry-relevant training, consultancy, and industrial services. Such partnerships not only enrich the learning experience for students but also address the growing demand for highly skilled manpower in the industry. This industry linkage not only enhances students' prospects but also ensures they are well-equipped to thrive in the dynamic world of modern manufacturing and technology.

■ The other areas of industry interface/ interaction include:

■ Industrial/Summer Training of students.

■ Student projects sponsored by the industry.

■ Introduction of extra teaching modules proposed by the industry in the college.

■ Industrial visits

■ Campus placements.

■ For the summer training of all B.Tech. Students after III yr, and MCA students after the III Semester, the college has linkages with a large number of PSUs and Private sector industry in concerned disciplines. The

exposure and association with the industry after the pre-final year provides the student with the requisite orientation for the specialized course and project work which are part of the final year curriculum. A number of students are involved in doing projects with the industry and the college encourages students to undertake industry relevant project work.

■ With the varied needs of each type of industry, it will never be possible for any curriculum to meet the exact requirement of all industry. There will inevitably be a gap between the training imparted at any academic institution and the job requirements. This gap is filled by providing in-house training to the fresh entrants by the industry.

■

An Incubator has been established during this year for developing software engineering skills among students. The incubator is totally managed by the students and they have already developed and hosted the new college website as well as helped the Accounts Department and Registrar's Office in developing / modifying the requisite software. The incubator has also developed website and softwares for RSG Indo German hospital, Ghaziabad Management Association and a Canadian School. The cell is also running regular evening classes for imparting practical training on web development to the junior students.

Proud Partners: Major Projects Handled in the Recent Past

- Technology Transfer for RAKSHITA Bike Ambulance for DRDO
- 3D Scanning and Scaled Printing of Combat Vehicle for Indian Air Force
- Cycle Time Optimization through Robotic Integration for Micromatic Grinding
- Vision-Based Inspection System for Ghaziabad Precision Products
- 3D Printed Prototype of Humsafar Coach for Indian Railways
- Rapid Prototype of Pressure Regulating System for Air Liquide India
- Innovative Orthopedic Screw Developed via Metal 3D Printing
- Lightweight Ergonomic Surgical Handle Designed for AIIMS New Delhi
- Consistent Tender Participation and Delivery for Indian Railways

20.

Best Practices adopted, if any

Since its inception in 1998, AKGEC has been dedicated to ensuring quality by focusing our attention and directing all available resources. We strive to achieve academic excellence while promoting well-rounded development and instilling strong moral values and ethics among our students. Here are some of the key practices that define our college:

1.

Professionally Managed Institution with Best in Class Infrastructure

The college is built on a foundation of five fundamental principles and ethical values viz. transparency in all operations, uniformity in actions devoid of discrimination or biases, excellence in every aspect of the institution, uncompromised ethical conduct, and a strong emphasis on discipline.

The college has excellent infrastructure with sprawling 40-acre campus featuring meticulously planned

departmental complexes equipped with spacious laboratories, state-of-the-art classrooms, department libraries, and faculty cabins. The college excels in computing facilities, with a network of over 1600 computers connected through broadband for seamless Internet access. Three modern Computer Centres offer high-speed configurations with internet speeds of up to 1000 Mbps. The institution houses more than 80 spacious classrooms, each equipped with projectors, sound systems, and smart boards. Cutting-edge laboratory equipment and software furnish the well-equipped laboratories and workshops. Four seminar halls and three conference halls facilitate various academic and research activities. The fully automated central library is stocked with over a hundred thousand books, national and international

AKGEC-Mandatory-Disclosure-_2026-27 — Page 67

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

journals (including e-journals), and multimedia resources. Extensive subscriptions to e-journals, journals, e-books, and more enrich the library's resources. In addition to the central library, the college has hostel libraries. A spacious playground caters to outdoor sports such as cricket, football, volleyball, and basketball, while indoor games like badminton, table tennis, chess, and carom are also available. The college ensures comfortable hostel accommodations for students, providing six campus hostels—three for boys and three for girls—each equipped with a gymnasium and both indoor and outdoor sports facilities.

Further, AKGEC firmly believes in contributing to safeguard our environment. In keeping with the college philosophy of environmental sustenance, the college adopts a holistic eco-friendly approach across its campus infrastructure and activities. The buildings ensure maximum sunlight and ventilation. High and sustained focus is imparted on good level of cleanliness in all areas of the campus. The college maintains a polythene free campus where single use plastic including water bottles etc. are not encouraged. A network of 20 rain water harvesting wells connected to all terraces ensures channelization of rain water towards ground water level and recharge of ground water. AKGEC has installed grid connected solar photovoltaic system on the available roof area of academic complexes and hostels. The college places high focus on plantation in all non-concrete areas of the campus to prevent a dusty environment. The college buildings are surrounded by large open areas with well-maintained lawns and plantations.

2.

Consistent Focus on Academics

AKGEC is renowned for its commitment to academic excellence. It stands as the sole engineering

college in all of Uttar Pradesh to receive the Academic Excellence Award for two consecutive years. This prestigious honour was bestowed by H.E., the Governor of Uttar Pradesh. The college's dedication to scholastic achievement is further underscored by its receipt of the AKTU Chancellor's Medal, recognizing its consistent attainment of the highest marks across all branches for five consecutive years. AKGEC has also been honored with the Distinguished Alumnus Award from AKTU for two consecutive years. Moreover, since its inception, AKGEC holds the unique distinction of being the only college to receive the AKTU Gold Medal for M.Tech for two successive years.

AKGEC's unwavering commitment to academic excellence is manifested through a meticulously structured teaching, learning, and evaluation process. With a roster of highly qualified and dedicated faculty members, the institution remains steadfast in its pursuit of maintaining a high-value teaching-learning process. The institution effectively manages its diverse student body, catering to the needs of both weaker and brighter students. This is achieved through various initiatives such as the buddy program, mentorship program, extra classes for lateral entry students, specialized MCQ sessions, rewards for top performers in internal and external exams, and motivation to engage in departmental societies that foster activity-based learning. The student-faculty ratio (SFR) is notably favourable,

AKGEC-Mandatory-Disclosure- _2026-27 — Page 68

Source: AKGEC-Mandatory-Disclosure- _2026-27.pdf

ensuring personalized attention. Interaction within the classroom and laboratory environments with faculty members plays a pivotal role in evaluating their progress. AKGEC places great emphasis on closely monitoring students and intervening when necessary to support weaker students and encourage advanced learners. Various programs are tailored to cater to the needs of both advanced and slower learners, particularly the following:

Buddy Program: All departments implement a buddy program wherein the top five students from each section are paired with the bottom five students to provide academic assistance and technical guidance. Regular meetings between buddy partners and department heads motivate and uplift students. This peer-teaching approach fosters individualized learning, active and rapid comprehension, comfort in communication, and shared understanding.

Mentorship Program: The mentorship program involves final-year and third-year students guiding their junior counterparts in problem-solving, doubt-clearing, and topic-based teaching. A mentorship section comprises fifteen students from each section, encompassing both top and bottom performers. This initiative not only aids struggling students but also supports the mentors in reviewing their subject concepts, contributing to their competitive exam preparation. Weekly classes are held, and student

mentors receive a stipend from the college. Program achievements are assessed weekly and reported to the Head of Department. Student performance is also evaluated through internal exams.

Reward for Highest Marks: Acknowledging academic excellence, meritorious students who secure a minimum of 80% marks in all subjects of internal exams, including sessional 1, 2, and pre-university tests, receive cash awards.

Enriching Academic Engagement: AKGEC organizes a range of activities to enrich students' academic experience. Extension lectures, national seminars, workshops, panel discussions, and open forum discussions are conducted across various departments. Guest faculty members are invited to share their knowledge, enhancing students' reservoir of wisdom. The use of Google Classroom enhances teaching effectiveness, promoting collaboration and eliminating paper-based processes. Faculty members create Google classes to distribute assignments, provide feedback, and streamline communication. The institution also facilitates interactions with alumni, broadening students' perspectives with the latest insights from their respective fields.

3. High emphasis on industry academia interface

AKGEC stands as the sole institution in the country with the distinction of having 12 Centers of Excellence (COEs) approved by the Department of Science and Technology (DST). These centers represent the forefront of technology and cover a wide range of domains. Equipped with state-of-the-art facilities, they provide advanced training, prototyping, testing, and measurement capabilities in areas like Automation, Robotics, Manufacturing, and the Automotive sector. This includes specialties

AKGEC-Mandatory-Disclosure- _2026-27 — Page 69

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

such as CNC and Robotic Machining, Manual and Robotic Welding, Thermal, Plasma, and Laser Cutting, Destructive and Non-Destructive Testing, Measurement and Metrology, Industrial Pneumatics, Hydraulics, PLCs, Drives, Mechatronics, and 3D Printing. The institution has also established a Skill Development Centre in partnership with the National Skill Development Corporation (NSDC), further enhancing its capabilities. Notably, the Measurement and Metrology Centre has earned accreditation from NABL.

These COEs extend internationally recognized certifications for their comprehensive training programs. In the past academic year alone, they successfully conducted 33 industrial training programs, ranging from 40 to 160 hours in duration, certifying more than 472 students. Beyond the student body, these centers have also imparted their expertise to over 2000 external candidates. This includes

corporate professionals from esteemed organizations such as Indian Railways, Indigo Airlines, IIT Delhi, Honda R&D, Jindal Stainless, Jaquar, KUKA, Tata Automation Ltd., TVS Motors, Ashok Leyland, among many others.

AKGEC has been bestowed with a series of prestigious awards and accolades that underscore its strong industry-academia interface and outstanding contributions. In addition to these accomplishments, AKGEC holds the distinction of being the sole institution in Uttar Pradesh to receive approval for the establishment of a Common Facility Center (CFC) under the One District One Product (ODOP) scheme of the Government of UP. This state-of-the-art facility, valued at Rs. 13.4 Crores, serves as a hub for high-end engineering product development for local industries. It encompasses modern tool rooms, material testing labs, R&D facilities, and an Industry 4.0 lab. This initiative showcases AKGEC's commitment to fostering innovation and development in the region's industrial landscape

4.

Nurturing Innovation and Entrepreneurship

Innovation and creativity are pivotal tools within students' skillsets. AKGEC has established both an Idea Lab and an Intellectual Property Rights (IPR) Cell to foster, support, and accelerate small to medium-sized business ideas, innovations, entrepreneurship, and start-ups. The Idea Lab serves as a catalyst for the successful development of technology-based enterprises in critical sectors like manufacturing, Internet of Things, electronics, and energy. This lab provides an array of resources, expertise, facilities, and infrastructure, facilitating the growth of these entrepreneurial ventures. Over the past years, the Idea Lab has successfully incubated several start-ups within the college.

Furthermore, the institution has ingeniously transformed a shipping container into an air-conditioned mobile lab named the 'Innovation Garage.' This cutting-edge space is equipped with state-of-the-art facilities and equipment, including power tools, hand tools, electrical and pneumatic components, electronic parts, and workbenches. Students can leverage this environment, complete with a compressed air supply, to ideate and develop innovative projects.

AKGEC-Mandatory-Disclosure-_2026-27 — Page 70

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

The college proudly hosts a FAB Lab in collaboration with the Massachusetts Institute of Technology (MIT), USA. This initiative is part of a global network comprising nearly 2000 local labs across the world, fostering an ecosystem of innovation and fabrication.

AKGEC has recently solidified its commitment to research and innovation through the signing of 14 Memoranda of Understanding (MoUs). These agreements aim to promote joint research, innovation,

product development, consultancy, and competency enhancement through technical training in emerging technological domains. Among these notable collaborations are partnerships with entities such as Wind Moller and Holscher from Germany, Siberian State Industrial University in Russia, FH Westküste (West Coast University of Applied Sciences), FITT at IIT Delhi, I-HUB at IIT Delhi, Ru Tag IIT Delhi, and others.

As a testament to its dedication to research and development, AKGEC has secured an office space at the Research and Innovation Park, IIT Delhi. This strategic location allows the institution to provide new machine and product development services to start-ups, offer engineering services to researchers and start-ups, and enhance interaction and collaboration with organizations like the Foundation for Innovation & Technology Transfer (FITT), I-HUB Foundation for COBOTICS, Rural Technology Action Group (Ru TAG), and various research groups within different engineering departments. This active engagement in joint projects underscores AKGEC's commitment to advancing innovation, research, and collaboration in the field of technology and beyond.

5. Driving Research and Development Excellence

AKGEC has embarked on a remarkable journey, achieving significant milestones in research and development. Joint research endeavours, peer-reviewed journal publications, research projects, patents, and industrial partnerships have experienced substantial growth due to the college's steadfast encouragement, faculty commitment, and student engagement.

Over the past three years, the college's faculty members have contributed more than 400 research papers to esteemed refereed journals and conferences. The institution boasts 11 granted patents, with an additional 25 patents in the pipeline. Faculty members have spearheaded various industry and government-sponsored projects, completing 11 projects within three years. This includes projects funded by VRPS Scheme of AKTU, UP CST, and CRIP AKTU. Collaborative initiatives with entities like Indian Railways, Ghaziabad Precision Products, DRDO, Indian Army and Honda underscore the college's industry connectivity.

At AKGEC, the emphasis on Research and Development (R&D) transcends mere encouragement; it is actively cultivated across diverse domains of engineering, technology, science, and humanities. Fuelled by a dedicated team of research-oriented faculty, the college delves into cutting-edge areas like

AKGEC-Mandatory-Disclosure-_2026-27 — Page 71

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

renewable energy, data mining, machine learning, adaptive manufacturing, automation, IoT, and block

chain.

Complementing its commitment to R&D, AKGEC proudly publishes the biannual "International Journal of Technology." This journal serves as a distinguished platform for disseminating ground-breaking findings in engineering and technology. Moreover, individual departments within the college contribute to the academic discourse by launching their own technical journals, showcasing contributions from both faculty and students.

The renowned "AKGEC International Journal of Technology" (ISSN 0975-9514) stands as a testament to the college's dedication to academic rigor. Over the past 12 years, this journal has meticulously curated and published 26 issues, including two editions in the 2022–23 academic year. Encompassing a comprehensive scope that spans all engineering disciplines, it offers invaluable insights across various areas of expertise. Additionally, the journal celebrates exceptional contributions with awards like the Best Paper in each issue, while selected papers with significant impact receive special recognition. AKGEC regularly hosts national and international conferences that receive overwhelming response from researchers, industry professionals, faculty, and students.

AKGEC's eight departments further amplify this commitment through their individual biannual technical journals. These departmental publications cover a wide spectrum, catering to specific domains of expertise. The college's emphasis on R&D extends beyond publications. It includes support for faculty and student contributions through consultancy, research projects, patents, and awards. This active recognition reflects the college's commitment to fostering an environment of innovation. Ethical research is reinforced through a well-defined research policy. Additional policies incentivize faculty for publishing papers, attending conferences, managing intellectual property rights (IPR), and pursuing patents. Faculty members receive awards for their R&D accomplishments, including incentives for winning the best paper award.

This comprehensive approach underscores the institution's unwavering commitment to nurturing a culture of innovation and scholarly pursuits. By fostering cutting-edge research, promoting knowledge dissemination through journals, and acknowledging outstanding contributions, AKGEC truly embodies a holistic approach to nurturing a vibrant research and development ecosystem.

6. Emphasis on Value based Education

AKGEC's commitment to fostering personal transformation among faculty, staff, and students has earned it the distinction of being nominated as a Nodal Centre by AKTU. Notably, AKGEC stands as the sole college where every faculty member is required to complete an essential 8-day course in Human Values and Professional Ethics. Additionally, many faculty members have pursued advanced courses in Universal Human Values, exemplifying the institution's dedication to this crucial facet.

AKGEC-Mandatory-Disclosure-_2026-27 — Page 72

Source: AKGEC-Mandatory-Disclosure-_2026-27.pdf

Aligned with its core values, AKGEC established the Value Education Cell (VE Cell) over a decade ago under the guidance of AKTU. This cell serves as a platform for integrating value education into the fabric of daily life. Students are integral to the VE Cell, contributing to a range of administrative responsibilities, including the organization of evening workshops, online webinars, Earth Day celebrations, and the engaging "Quiz of the Week." Drishti, a captivating video-based event, evaluates participants' perceptions through the lens of holistic wisdom. Leveraging the power of social media, the college promotes these enriching events. Beyond its campus, AKGEC's Regional Center extends its vision by promoting value education not only within the college but also in nearby institutions. This endeavour aims to ingrain value education as an indispensable part of life.

In recognition of its steadfast commitment, Ajay Kumar Garg Engineering College (AKGEC), Ghaziabad, emerged as one of AKTU's five nodal centres in September 2015. This distinction marked AKGEC's dedication to disseminating value education. The establishment of the Value Education Cell (VE Cell) further solidified the college's aspiration to foster relationships that promote mutual happiness among fellow human beings and mutual prosperity with the rest of nature.

AKGEC's efforts transcend traditional education, aiming to shape individuals who are not only knowledgeable in their chosen fields but also equipped with the values that lead to holistic well-being and harmonious coexistence. This enduring commitment to value education underscores the college's role in nurturing individuals who contribute positively to both their personal lives and society at large.

THESE RESEARCHERS ARE THE FIRST TO REPORT THAT THE BLOOD OF PEOPLE WITH HIV IN THE LATE STAGES OF THE DISEASE CONTAINS A HIGH CONCENTRATION OF A PROTEIN THAT IS ASSOCIATED WITH ALZHEIMER'S DISEASE. THE PROTEIN, WHICH IS KNOWN AS BETA-AMYLOID, IS A KEY PLAYER IN THE DEVELOPMENT OF ALZHEIMER'S DISEASE. THE RESEARCHERS FOUND THAT THE CONCENTRATION OF BETA-AMYLOID IN THE BLOOD OF PEOPLE WITH HIV IN THE LATE STAGES OF THE DISEASE WAS SIGNIFICANTLY HIGHER THAN IN THE BLOOD OF PEOPLE WITH HIV IN THE EARLY STAGES OF THE DISEASE. THIS FINDING SUGGESTS THAT HIV INFECTION MAY BE A RISK FACTOR FOR THE DEVELOPMENT OF ALZHEIMER'S DISEASE.

AUDITOR'S REPORT

To,

THE MEMBERS,

AJAY KUMAR GARG ENGINEERING COLLEGE

GHAZIABAD.

We have examined the Balance Sheet of AJAY KUMAR GARG ENGINEERING COLLEGE, 27 Km Stone, Delhi- Hapur Bypass Road, Adhyatmik Nagar Ghaziabad as at 31st March 2025 and Income and Expenditure Account annexed thereto for the period ended on that date which are in agreement with the books of accounts maintained by the said Society.

We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit. In our opinion, proper books of account have been kept by the above society visited by us, so far as it appears from our examinations of books, subject to comments as under:

In our opinion and to the best of our information and according to explanations given to us, the said accounts give a true and fair view: -

(i) In the case of Balance Sheet of the State of the affairs of above named trust as on 31st March, 2025, and

(ii) In the case of Income & Expenditure Account of the excess of Income over Expenditure for its accounting period ended on 31st March, 2025.

For ANIL VAISH & CO.

Rural Development: Administration and Planning

3L:0T:0P

3 Credits

COURSE OUTCOME: After completion of the course student will be able to:

1. Students can understand the definitions, concepts and components of Rural Development
2. Students will know the importance, structure, significance, resources of Indian rural economy.
3. Students will have a clear idea about the area development programmes and its impact.
4. Students will be able to acquire knowledge about rural entrepreneurship.
5. Students will be able to understand about the using of different methods for human resource planning

.

Unit

Topics

Lecture

s

I

Rural Planning & Development: Concepts of Rural Development, Basic elements of rural Development, and Importance of Rural Development for creation of Sustainable Livelihoods, An overview of Policies and Programmes for Rural Development- Programmes in the agricultural sector, Programmes in the

Social Security, Programmes in area of Social Sector.

8

II

Rural Development Programmes: Sriniketan experiment, Gurgaon experiment, marthandam experiment, Baroda experiment, Firkha development scheme, Etawa pilot project, Nilokheri experiment, approaches to rural community development:

Tagore, Gandhi etc

8

III

Panchayati

Raj

&

Rural

Administration:

Administrative

Structure:

bureaucracy, structure of administration; Panchayati Raj Institutions Emergence and Growth of Panchayati Raj Institutions in India; People and Panchayati Raj; Financial Organizations in Panchayati Raj Institutions, Structure of rural finance, Government

&

Non-Government

Organizations

/

Community

Based

Organizations, Concept of Self help group.

8

IV

Human Resource Development in Rural Sector: Need for Human Resource Development, Elements of Human Resource Development in Rural Sector Dimensions of HRD for rural development-Health, Education, Energy, Skill Development, Training, Nutritional Status access to basic amenities - Population

composition.

8

V

Rural

Industrialization

and

Entrepreneurship:

Concept

of

Rural

Industrialization, Gandhian approach to Rural Industrialization, Appropriate

Technology for Rural Industries, Entrepreneurship and Rural Industrialization-

Problems and diagnosis of Rural Entrepreneurship in India, with special reference

to Women Entrepreneurship; Development of Small Entrepreneurs in India, need

for and scope of entrepreneurship in Rural area.

KHU702/

KHU802

PROJECT MANAGEMENT & ENTREPRENEURSHIP

3L:0T:0P 3 Credits

Unit

Topics

Lectures

I

Entrepreneurship: Entrepreneurship: need, scope , Entrepreneurial competencies & traits, Factors affecting entrepreneurial development, Entrepreneurial motivation (Mc Clelland's Achievement motivation theory), conceptual model of entrepreneurship , entrepreneur vs. intrapreneur;

Classification

of

entrepreneurs;

Entrepreneurial

Development Programmes

8

II

Entrepreneurial Idea and Innovation: Introduction to Innovation, Entrepreneurial Idea Generation and Identifying Business Opportunities, Management skills for Entrepreneurs and managing for Value Creation, Creating and Sustaining Enterprising Model & Organizational Effectiveness

8

III

Project Management: Project management: meaning, scope & importance, role of project manager; project life-cycle Project appraisal: Preparation of a real time project feasibility report containing Technical

appraisal,; Environmental appraisal, Market appraisal (including market survey for forecasting future demand and sales) and Managerial appraisal.

8

IV

Project Financing: Project cost estimation & working capital requirements, sources of funds, capital budgeting, Risk & uncertainty in project evaluation , preparation of projected financial statements viz. Projected balance sheet, projected income statement, projected funds & cash flow statements, Preparation of detailed project report, Project finance.

8

V

Social Entrepreneurship: Social Sector Perspectives and Social Entrepreneurship, Social Entrepreneurship Opportunities and Successful Models, Social Innovations and Sustainability, Marketing Management for Social Ventures, Risk Management in Social Enterprises, Legal Framework for Social Ventures.

8

Text Book:

1. Innovation and Entrepreneurship by Drucker, P.F.; Harper and Row
2. Business, Entrepreneurship and Management: Rao, V.S.P. ;Vikas
3. Entrepreneurship: Roy Rajeev; OUP.
4. Text Book of Project Management: Gopalkrishnan, P. and Ramamoorthy, V.E.; McMillan
5. Project Management for Engineering, Business and Technology: Nicholas, J.M., and Steyn, H.; PHI
6. Project Management: The Managerial Process: Gray, C.F., Larson, E.W. and Desai, G.V.; MGH

AJAY KUMAR GARG ENGINEERING COLLEGE, GHAZIABAD

ACADEMIC FEE FOR THE B. TECH STUDENTS TO BE ADMITTED

DURING THE SESSION 2026-27 UNDER FEE WAIVER SCHEME

B.Tech 1^o Year

[Particulars]

Registration Fees

[Amount in Rs.] in Rs.

1500

Development Fees

Exam & Enrollment Fees*

Medical Charges

10114

1500

Book Bank Fees

2900

Activity Fee (One Time) 10000

Career Planning & Placement (One Time) 10000

Caution Money (Refundable)

5000

41014

*The Following payments will be paid by the students directly to the University as and when demanded:

- a) Examination Fee Rs. 7500/- and Digital Library Fee Rs. 700/-.
- b) The aforesaid fee are subject to change, if any, by the University.

Note:

- 1) The fee structure is subject to change by the State Govt. / Fee Fixation Committee.
- 2) Medical charges include Medical Insurance on hospitalization upto Rs.50,000/-, Accidental Insurance upto Rs.1,00,000/- and free OPD & annual medical checkup at Dr. R.S.G, (Indo-German) Hospital.
- 3) The amount deposited during counselling should be deducted from the total fee.

Mode of Payment:

1, By DD/PO in favour of "Ajay Kumar Garg Engineering College" payable at Ghaziabad or Delhi. Write your name and mobile number on reverse of the draft. It may be submitted by post

or in person.

OR

2. Online transfer through NEFT/RTGS. Bank Account details of College for online payment are as under:

Name of the Beneficiary : Ajay Kumar Garg Engineering College

Name of the Bank : Kotak Mahindra Bank Ltd., Navyug Market, Ghaziabad -201001

(U.P.)-INDIA

Bank Account No. : 508010250461 (Saving Bank Account)

RTGS/NEFT/IFSC Code : KKBKOOO0S295

Note : This Fee Structure is a demand letter from the college and valid for Bank Loan.

B.Tech_.-2nd-Year-Engg-Science-Courses-Common — Page 3

Source: B.Tech_.-2nd-Year-Engg-Science-Courses-Common.pdf

ENGINEERING MECHANICS

UNIT-I:

Two-dimensional force systems: Basic concepts, Laws of motion, Principle of transmissibility of forces, transfer of a force to parallel position, resultant of a force system, simplest resultant of two dimensional concurrent and non-concurrent force systems, distribution of force systems, free body diagrams, equilibrium and equations of equilibrium.

Friction: Friction force – Laws of sliding friction – equilibrium analysis of simple systems with sliding friction – wedge friction.

UNIT-II:

Beam: Introduction, shear force and bending moment, different equations of equilibrium, shear force and bending moment diagram for statically determined beams.

Trusses: Introduction, simple truss and solution of simple truss, methods of F-joint and methods of sections.

UNIT-III:

Centroid and moment of inertia: Centroid of plane, curve, area, volume and composite bodies, moment of inertia of plane area, parallel axis theorem, perpendicular axis theorem, principle moment of inertia, mass moment of inertia of circular ring, disc, cylinder, sphere, and cone about their axis of symmetry.

UNIT-IV:

Kinematics of rigid body: Introduction, plane motion of rigid body, velocity and acceleration under translational and rotational motion, relative velocity.

Kinetics of rigid body: Introduction, force, mass and acceleration, work and energy, impulse and momentum, D'Alembert's principle and dynamic equilibrium.

UNIT-V:

Simple stress and strain: Introduction, normal and shear stresses, stress-strain diagrams for ductile and brittle material, elastic constants, one-dimensional loading of members of varying cross sections, strain energy.

Pure bending of beams: Introduction, simple bending theory, stress in beams of different cross sections.

Torsion: Introduction, torsion of shafts of circular cross sections, torque and twist, shear stress due to torque.

B.Tech_-2nd-Year-Engg-Science-Courses-Common — Page 4

Source: B.Tech_-2nd-Year-Engg-Science-Courses-Common.pdf

MATERIAL SCIENCE

UNIT-I:

Phase Diagrams:

Solid solutions – Hume Rothery's rules – the phase rule – single component system – one-component system of iron – binary phase diagrams – isomorphous systems – the tie-line rule – the lever rule – application to isomorphous system – eutectic phase diagram – peritectic phase diagram – other invariant reactions – free energy composition curves for binary systems – microstructural change during cooling.

UNIT-II:

Ferrous Alloys:

The iron-carbon equilibrium diagram – phases, invariant reactions – microstructure of slowly cooled steels – eutectoid steel, hypo and hypereutectoid steels – effect of alloying elements on the Fe-C system – diffusion in solids – Fick's laws – phase transformations – T-T-T-diagram for eutectoid steel – pearlitic, bainitic and martensitic transformations – tempering of martensite – steels – stainless steels – cast irons.

UNIT-III:

Mechanical Properties:

Tensile test – plastic deformation mechanisms – slip and twinning – role of dislocations in slip – strengthening methods – strain hardening – refinement of the grain size – solid solution strengthening – precipitation hardening – creep resistance – creep curves – mechanisms of creep – creep-resistant materials –

fracture – the Griffith criterion – critical stress intensity factor and its determination – fatigue failure – fatigue tests – methods of increasing fatigue life – hardness – Rockwell and Brinell hardness – Knoop and Vickers microhardness.

UNIT-IV:

Magnetic, Dielectric & Superconducting Materials:

Ferromagnetism – domain theory – types of energy – hysteresis – hard and soft magnetic materials – ferrites – dielectric materials – types of polarization – Langevin-Debye equation – frequency effects on polarization – dielectric breakdown – insulating materials – Ferroelectric materials – superconducting materials and their properties.

UNIT-V:

New Materials:

Ceramics – types and applications – composites: classification, role of matrix and reinforcement, processing of fiber reinforced plastics – metallic glasses: types, glass forming ability of alloys, melt spinning process, applications – shape memory alloys: phases, shape memory effect, pseudoelastic effect, NiTi alloy, applications – nanomaterials: preparation (bottom up and top down approaches), properties and applications – carbon nanotubes: types.

Energy Science and Engineering

Unit-I Energy and its Usage: Units and scales of energy use, Mechanical energy and transport,

Heat energy: Conversion between heat and mechanical energy, Electromagnetic energy: Storage, conversion, transmission and radiation, Introduction to the quantum, energy quantization, Energy in chemical systems and processes, flow of CO₂, Entropy and temperature, carnot and Stirling heat engines, Phase change energy conversion, refrigeration and heat pumps, Internal combustion engines, Steam and gas power cycles, the physics of power plants. Solid-state phenomena including photo, thermal and electrical aspects

Unit-II Nuclear Energy: Fundamental forces in the universe, Quantum mechanics relevant for nuclear physics, Nuclear forces, energy scales and structure, Nuclear binding energy systematics, reactions and decays, Nuclear fusion, Nuclear fission and fission reactor physics, Nuclear fission reactor design, safety, operation and fuel cycles

Unit-III Solar Energy: Introduction to solar energy, fundamentals of solar radiation and its measurement aspects, Basic physics of semiconductors, Carrier transport, generation and recombination in semiconductors, Semiconductor junctions: metal-semiconductor junction & p-n junction, Essential characteristics of solar photovoltaic devices, First Generation Solar Cells, Second Generation Solar Cells, Third Generation Solar Cells

Unit-IV Conventional & non-conventional energy source: Biological energy sources and fossil fuels, Fluid dynamics and power in the wind, available resources, fluids, viscosity, types of fluid flow, lift, Wind turbine dynamics and design, wind farms, Geothermal power and ocean thermal energy conversion, Tidal/wave/hydro power

Unit-V Systems and Synthesis: Overview of World Energy Scenario, Nuclear radiation, fuel cycles, waste and proliferation, Climate change, Energy storage, Energy conservation.

Engineering for Energy conservation: Concept of Green Building and Green Architecture; Green building concepts, LEED ratings; Identification of energy related enterprises that represent the breath of the industry and prioritizing these as candidates; Embodied energy analysis and use as a tool for measuring sustainability. Energy Audit of Facilities and optimization of energy consumption

SENSOR AND INSTRUMENTATION

Pre-requisites of course: Basic Electrical Engineering

Course Outcomes:

Knowledge

Level, KL

Upon the completion of the course, the student will be able to:

CO 1

Apply the use of sensors for measurement of displacement, force and pressure.

K3

CO2

Employ commonly used sensors in industry for measurement of temperature,
position, accelerometer, vibration sensor, flow and level.

K3

CO3

Demonstrate the use of virtual instrumentation in automation industries.

K2

CO4

Identify and use data acquisition methods.

K3

CO5

Comprehend intelligent instrumentation in industrial automation.

K2

Detailed Syllabus:

Unit- I:

Sensors & Transducer: Definition, Classification & selection of sensors, Measurement of displacement using Potentiometer, LVDT & Optical Encoder, Measurement of force using strain gauge, Measurement of pressure using LVDT based diaphragm & piezoelectric sensor.

Unit-II:

Measurement of temperature using Thermistor, Thermocouple & RTD, Concept of thermal imaging, Measurement of position using Hall effect sensors, Proximity sensors: Inductive & Capacitive, Use of proximity sensor as accelerometer and vibration sensor, Flow Sensors: Ultrasonic & Laser, Level Sensors: Ultrasonic & Capacitive.

Unit -III:

Virtual Instrumentation: Graphical programming techniques, Data types, Advantage of Virtual Instrumentation techniques, Concept of WHILE & FOR loops, Arrays, Clusters & graphs, Structures: Case, Sequence & Formula nodes, Need of software based instruments for industrial automation.

Unit-IV:

Data Acquisition Methods: Basic block diagram, Analog and Digital IO, Counters, Timers, Types of ADC: successive approximation and sigma-delta, Types of DAC: Weighted Resistor and R-2R Ladder type, Use of Data Sockets for Networked Communication.

Unit V:

Intelligent Sensors: General Structure of smart sensors & its components, Characteristic of smart sensors: Self calibration, Self-testing & self-communicating, Application of smart sensors: Automatic robot control & automobile engine control.

Source: B.Tech_.-2nd-Year-Engg-Science-Courses-Common.pdf

Basics Data Structure and Algorithms

Course Outcome (CO)

Bloom's Knowledge Level (KL)

At the end of course , the student will be able to understand

CO 1

Understand and analyze the time and space complexity of an algorithm

K2, K4

CO 2

Understand

and

implement

fundamental

algorithms

(including sorting algorithms, graph algorithms, and dynamic programming)

K2, K3

CO 3

Discuss various algorithm design techniques for developing algorithms

K1, K2

CO 4

Discuss various searching, sorting and graph traversal algorithms

K2, K3

CO 5

Understand operation on Queue , Priority Queue , D-Queue.

K2

K1- Remember, K2- Understand, K3- Apply, K4- Analyze, K5- Evaluate, K6- Create

B.Tech_.-2nd-Year-Engg-Science-Courses-Common — Page 10

Basics Data Structure and Algorithms

Detailed Syllabus

Unit

Topic

Proposed

Lecture

I

Introduction to data structure and Algorithms: Performance analysis of Algorithm, time complexity, Big-oh notation, Elementary data organization data structure operations, Recurrences, Arrays, Operation on arrays, representation of arrays in memory, single dimensional and multidimensional arrays, sparse matrices, Character storing in C, String operations.

08

II

Stack And Queue and Link List: Stack operation, PUSH and POP, Array representation of stacks, Operation associated with stacks Application of stacks, Recursion, Polish expression, Representation Queue, operation on Queue , Priority Queue , D-Queue , Singly and circularly linked list, List operations Lists implementations

08

III

Trees : Basic terminology, Binary Trees, Binary tree representation, Algebraic/expressions, Complete Binary Trees, Extended binary tree, representing binary trees in memory, linked representation of Binary trees, Traversing binary trees & Searching in binary trees, Inserting in binary search trees, Complexity of searching algorithm, Heaps, general trees, Threaded binary tree.

08

IV

Graphs: Terminology & representations, Graphs & Multigraphs, Directed Graphs, Sequential representation of graphs, adjacency Matrices, Transversal, connected component and spanning trees, Minimum Cost spanning tree, Prims and Kruskal Algorithm, BFS, DFS, Shortest path and transitive

closure, Activity networks, topological sort and critical paths.

08

V

Searching and Sorting: Linear search, binary Search, Internal and External sorting, Bubble sorting, selection sort, Insertion sort, quick sort, Two way merge sort, Heap sort, sorting on different keys, practical consideration for internal sorting, External Sorting, Storage Devices : Magnetic tapes, Disk Storage, Sorting with disks and Indexing techniques, introduction to B tree and B+ tree, File organization and storage management, Introduction to hoisting.

08

Introduction to Soft Computing

Course Outcome (CO)

Bloom's Knowledge Level (KL)

At the end of course , the student will be able to understand

CO 1

Comprehend the fuzzy logic and the concept of fuzziness

involved in various systems and fuzzy set theory.

K1, K2

CO 2

Understand

the

concepts

of

fuzzy

sets,

knowledge

representation using fuzzy rules, approximate reasoning,

fuzzy inference systems, and fuzzy logic

K2, K3

CO 3

Describe with genetic algorithms and other random search

procedures useful while seeking global optimum in self-

learning situations.

K4

CO 4

Understand appropriate learning rules for each of the

architectures and learn several neural network paradigms and

its applications.

K2, K3

CO 5

Develop some familiarity with current research problems and

research methods in Soft Computing Techniques.

K5, K6

K1- Remember, K2- Understand, K3- Apply, K4- Analyze, K5- Evaluate, K6- Create

Introduction to Soft Computing

Detailed Syllabus

Unit

Topic

Proposed

Lecture

I

Introduction to Soft Computing,

ARTIFICIAL NEURAL NETWORKS

Basic concepts - Single layer perception - Multilayer Perception - Supervised and Unsupervised learning – Back propagation networks - Kohonen's self-organizing networks - Hopfield network.

08

II

FUZZY SYSTEMS

Fuzzy sets, Fuzzy Relations and Fuzzy reasoning, Fuzzy functions - Decomposition - Fuzzy automata and languages - Fuzzy control methods - Fuzzy decision making.

08

III

NEURO - FUZZY MODELING

Adaptive networks based Fuzzy interface systems - Classification and Regression Trees - Data clustering algorithms - Rule based structure identification - Neuro-Fuzzy controls - Simulated annealing – Evolutionary computation

08

IV

GENETIC ALGORITHMS

Survival of the Fittest - Fitness Computations - Cross over - Mutation - Reproduction - Rank method - Rank space method.

08

V

APPLICATION OF SOFT COMPUTING

Optimization of traveling salesman problem using Genetic Algorithm, Genetic algorithm based Internet Search Techniques, Soft computing based hybrid fuzzy controller, Introduction to MATLAB Environment for Soft computing Techniques.

08

Text books:

1.An Introduction to Genetic Algorithm Melanic Mitchell (MIT Press)

2.Evolutionary Algorithm for Solving Multi-objective, Optimization Problems (2nd Edition), Collelo, Lament, Veldhnizer (Springer)

3.Fuzzy Logic with Engineering Applications Timothy J. Ross (Wiley)

4.Neural Networks and Learning Machines Simon Haykin (PHI)

- 5.Sivanandam, Deepa, " Principles of Soft Computing", Wiley
- 6.Jang J.S.R, Sun C.T. and Mizutani E, "Neuro-Fuzzy and Soft computing", Prentice Hall
- 7.Timothy J. Ross, "Fuzzy Logic with Engineering Applications", McGraw Hill
- 8.Laurene Fausett, "Fundamentals of Neural Networks", Prentice Hall
- 9.D.E. Goldberg, "Genetic Algorithms: Search, Optimization and Machine Learning", Addison Wesley
- 10.Wang, "Fuzzy Logic", Springer

Analog Electronics Circuits

3L:1T:0P 4 Credits

Unit

Topics

Lectures

I

Diode circuits, amplifier models: Voltage amplifier, current amplifier, trans-conductance amplifier and trans-resistance amplifier. biasing schemes for BJT and FET amplifiers, bias stability, various configurations (such as CE/CS, CB/CG, CC/CD) and their features, small signal analysis, low frequency transistor models, estimation of voltage gain, input resistance, output resistance etc., design procedure for particular specifications, low frequency analysis of multistage amplifiers.

8

II

High frequency transistor models, frequency response of single stage and multistage amplifiers, cascode amplifier, various classes of operation (Class A, B, AB, C etc.), their power efficiency and linearity issues, feedback topologies: Voltage series, current series, voltage shunt, current shunt, effect of feedback on gain, bandwidth etc., calculation with practical circuits, concept of stability, gain margin and phase margin.

8

III

Oscillators: Review of the basic concept, Barkhausen criterion, RC oscillators (phase shift, Wien bridge etc.), LC oscillators (Hartley, Colpitt, Clapp etc.), non-sinusoidal oscillators.

8

IV

Current mirror: Basic topology and its variants, V-I characteristics, output resistance and minimum sustainable voltage (V_{ON}), maximum usable load, differential amplifier: Basic structure and principle of operation, calculation of differential gain, common mode gain, CMRR and ICMR, Op-Amp design: Design of differential amplifier for a given specification, design of gain stages and output stages, compensation.

8

V

Op-Amp applications: Review of inverting and non-inverting amplifiers, integrator and differentiator, summing amplifier, precision rectifier, Schmitt trigger and its applications, active filters: Low pass, high pass, band pass and band stop, design guidelines.

8

Text/Reference Books:

1. J.V. Wait, L.P. Huelsman and GA Korn, "Introduction to Operational Amplifier theory and applications," McGraw Hill, 1992.
2. J. Millman and A. Grabel, "Microelectronics," 2nd edition, McGraw Hill, 1988.
3. P. Horowitz and W. Hill, "The Art of Electronics," 2nd edition, Cambridge University Press, 1989.
4. A.S. Sedra and K.C. Smith, "Microelectronic Circuits," Saunders's College Publishing, 4th edition.
5. Paul R. Gray and Robert G. Meyer, "Analysis and Design of Analog Integrated Circuits," John Wiley, 3rd edition.
6. Muhammad H. Rashid, "Electronic Devices and Circuits," Cengage publication, 2014.

Course Outcomes:

At the end of this course students will demonstrate the ability to:

1. Understand the characteristics of diodes and transistors.
2. Design and analyze various rectifier and amplifier circuits.

3. Design sinusoidal and non-sinusoidal oscillators.
4. Understand the functioning of OP-AMP and design OP-AMP based circuits.
5. Design LPF, HPF, BPF, BSF.

Electronics Engineering

3L:1T:0P 4 Credits

Unit

Topics

Lectures

I

PN

junction

diode:

Introduction

of

semiconductor

materials;

Semiconductor diode: Depletion layer, V-I characteristics, ideal and practical, diode resistance, capacitance, diode equivalent circuits, transition and diffusion capacitance, Zener diodes breakdown mechanism (Zener and avalanche).

8

II

Diode application: Series, parallel and series, parallel diode configuration, half and full wave rectification, clippers, clampers, Zener diode as shunt regulator, voltage-multiplier circuits special purpose two terminal devices : light-emitting diodes, Varactor (Varicap) diodes, tunnel diodes, liquid-crystal displays.

8

III

Bipolar junction transistors and field effect transistor: Bipolar junction transistor: Transistor construction, operation, amplification action, common base, common emitter, common collector configuration dc biasing BJTs: operating point, fixed-bias, emitter bias, voltage-divider bias configuration. Collector feedback, emitter-follower configuration. Bias stabilization. CE, CB, CC amplifiers and AC analysis of single stage CE amplifier (re Model), Field effect transistor: Construction and characteristic of JFETs. AC analysis of CS amplifier, MOSFET (depletion and enhancement) type, transfer characteristic.

8

IV

Operational amplifiers: Introduction and block diagram of Op-Amp, ideal & practical characteristics of Op-Amp, differential amplifier circuits, practical Op-Amp circuits (inverting amplifier, non-inverting amplifier, unity gain amplifier, summing amplifier, integrator, differentiator), Op-Amp parameters: input offset voltage, output offset voltage, input biased current, input offset current differential and common-mode operation.

8

V

Electronic

instrumentation

and

measurements:

Digital

voltmeter:

Introduction,

RAMP

techniques

digital

multimeters:

Introduction

Oscilloscope: introduction, basic principle, CRT, block diagram of oscilloscope, simple, measurement of voltage, current phase and frequency

using CRO, introduction of digital storage oscilloscope and comparison of DSO with analog oscilloscope.

8

Text /Reference Books:

1. Robert L. Boylestand / Louis Nashelsky, "Electronic Devices and Circuit Theory," Latest Edition, Pearson Education.
2. H S Kalsi, "Electronic Instrumentation", Latest Edition, TMH Publication.
3. Meetidehran/ A.K. singh "fundamental of electronics Engineering", New age international publisher.

Course Outcomes:

At the end of this course students will demonstrate the ability to:

1. Understand the concept of PN junction and special purpose diodes.
2. Study the application of conventional diode and semiconductor diode.
3. Analyse the I-V characteristics of BJT and FET.
4. Analyzethe of Op-Amp, amplifiers, integrator, and differentiator.
5. Understand the concept of digital storage oscilloscope and compare of DSO with analog oscilloscope

Source: B.Tech_-2nd-Year-Engg-Science-Courses-Common.pdf

DIGITAL ELECTRONICS KOE039/KOE049

Course Outcomes:

Knowledge

Level, KL

Upon the completion of the course, the student will be able to:

CO 1

Apply concepts of Digital Binary System and implementation of Gates.

K3

CO2

Analyze and design of Combinational logic circuits.

K4

CO3

Analyze and design of Sequential logic circuits with their applications.

K4

CO4

Implement the Design procedure of Synchronous & Asynchronous Sequential Circuits.

K3

CO5

Apply the concept of Digital Logic Families with circuit implementation.

K3

KL- Bloom's Knowledge Level (K1, K2, K3, K4, K5, K6)

K1 – Remember K2 – Understand K3 – Apply K4 – Analyze K5 – Evaluate K6 – Create

Detailed Syllabus

UNIT I

Digital System And Binary Numbers: Number System and its arithmetic Signed binary numbers, Logic simplification and combinational logic design: Binary codes, code conversion, review of Boolean algebra and Demorgans theorem, SOP & POS forms, Canonical forms, Karnaugh maps method up to five variable, Don't care conditions, POS simplification, NAND and NOR implementation, Quine McClusky method (Tabular method).

UNIT II

Combinational Logic: MSI devices like Magnitude comparator, Multiplexers, Demultiplexers, Decoders, Encoders. Multiplexed display, half and full adders, subtractors, serial and parallel adders, BCD adder

UNIT III

Sequential Logic And Its Applications: Storage elements: latches & flip flops, Characteristic Equations of Flip Flops, Flip Flop Conversion, Shift Registers, Ripple Counters, Synchronous Counters, Other Counters: Johnson & Ring Counter.

UNIT IV

Synchronous & Asynchronous Sequential Circuits: Analysis of clocked sequential circuits with state machine designing, State reduction and assignments, Design procedure. Analysis procedure of Asynchronous sequential circuits, circuit with latches, Design procedure, Reduction of state and flow table, Race-free state assignment, Hazards.

UNIT V

Memory & Programmable Logic Devices: Digital Logic Families: DTL, DCTL, TTL, ECL & CMOS etc., Fan Out, Fan in, Noise Margin; RAM, ROM, PLA, PAL; Circuits of Logic Families, Interfacing of Digital Logic Families, Circuit Implementation using ROM, PLA and PAL

Text Books:

1. M. Morris Mano and M. D. Ciletti, "Digital Design", Pearson Education.
2. Digital Circuits and Design, S. Salivahanan, Oxford University Press
3. David J. Comer, "Digital Logic & State Machine Design", Oxford University Press.
4. RP Jain, "Modern Digital Electronics", McGraw Hill Publication.
5. A. Anand Kumar, "Fundamental of Digital Circuits," PHI 4th edition, 2018.
6. D.V. Hall, "Digital Circuits and Systems," McGraw Hill, 1989.

About AKGEC, Ghaziabad

Ajay Kumar Garg Engineering College (AKGEC), Ghaziabad is affiliated to Dr, A.P.J. Abdul Kalam Technical University , Lucknow, and is approved by the All India Council for Technical Education, The college was established in 1998 & offers B, Tech courses in various disciplines of Engineering namely Computer Science and Engineering, Computer Science and Engineering in Artificial Intelligence & Machine Learning, Computer Science and Engineering in Data Science, Computer Science, Computer Science and Information Technology , Electronics and Communication Engineering, Electronics and Instrumentation Engineering , Electrical and Electronics Engineering , Mechanical Engineering and Civil Engineering, The college also offers M. Tech in Automation and Robotics, Electronics & Communication Engineering, Computer Science & Engineering, Electrical and Electronics Engineering and Mechanical Engineering. The college is accredited by NAAC. The college has set up India's First Robotic Training Centre in collaboration with KUKA Robotics of Germany.in addition to this AKGEC is the only Institute have following state of arts Centre of Excellence in collaboration with eminent multinational companies to provide industry relevant training and project exposure which offers Global employability of students,

Objectives of FDP

This FDP is aimed at learning Blockchain and its applications. Blockchain is the technology behind bitcoin, ether, and most other cryptocurrencies. Bitcoin is merely just one application of Blockchain and in this FDP we will explore many other applications of blockchain, This FDP will give understanding of what is going on with the state of the art work in Blockchain. Blockchain is essentially a way of keeping records and can be used in almost any product that uses some sort of record keeping or database management. Blockchain is great for protecting any data that needs to be tamper - resistant, and indestructible,

About The AKGEC:

Ajay Kumar Garg Engineering College, Ghaziabad is affiliated to Dr. A. P. J. Abdul Kalam Technical University, Lucknow and is approved by All India Council for Technical Education. The College was established in 1998 and offers B.Tech. courses in nine disciplines of Engineering out of which B. Tech programs in Electronics and Communication Engineering (ECE), Computer Science and Engineering, Information Technology, Electrical and Electronics Engineering and Mechanical Engineering are accredited by NBA. At the post graduate level, the College offers M. Tech in Electronics & Communication Engineering, Computer

Science,

Electrical and Electronics Engineering and Mechanical

Engineering and the Master of Computer Applications

course. In ECE Department, we take pride on our

highly educated world-class faculty members who

are renowned experts of their respective fields. Our

faculty members are actively engaged in front-line

research in areas such as communications, signal

processing, machine learning, wireless networks,

VLSI designing, image and video processing and,

among many others. The research contributions of

our faculty members have been published in

prestigious international journals and presented at

renowned conferences. The College strives for

excellence and has been consistently maintaining

excellent academic results and placements. The

college has the distinction of being the first and only

college in UP to receive the Academic Excellence

Award for the Best Engineering College in UPTU (now

AKTU) from H.E. the Governor of U.P for two

successive

years.

The

College

places

special

emphasis on collaboration with industries at various

levels to groom the students to meet the industry

standards. These include establishing collaborative

facilities for student training in emerging multi-

disciplinary technologies and undertaking industry

sponsored consultancy projects. The College has the

distinction of being the only Engineering College in
the State of U.P. to have received approval from
Department of Science and Technology (DST),

UNDERTAKING

I, , 8/D/o __ , a student of Ajay Kumar

Garg Engineering College, Ghaziabad, currently enrolled in semester of B. Tech./M.Tech./MCA

in Branch, with University Roll No. and Student No. , hereby

declare that I am fully aware of the norms set forth by AKTU and the college. I pledge to adhere to all rules and regulations. I further assure that:

1. I will attend all classes and laboratory sessions. I understand that failure to do so will result in my being debarred from the Sessional Tests (ST), Pre-University Tests (PUT), and University Examinations, and I accept this consequence.
2. I will appear for all Sessional Tests (ST) and Pre-University Tests (PUT). I acknowledge that failure to do so will result in my not receiving the necessary sessional marks.
3. I will attend all Personality Development Program (PDP) classes. I understand that failure to attend these classes will result in my being excluded from all Placement Activities.

4. I will maintain discipline at all times. I understand that any act of indiscipline on my part will result in appropriate disciplinary action, including my suspension from Hostel/College, which I will accept.

5. I am aware that mass bunking is a serious act of indiscipline, punishable by the deduction of marks and the imposition of fines. I commit to refraining from participating in any such activity.

6. I will collect my book bank materials within 7 days of the book bank issue date. I understand that failure to do so will result in the forfeiture of my right to claim these materials.

I fully understand that if I fail to comply with the above-mentioned norms, the college reserves the right to take appropriate action against me.

I confirm the following address and contact details of my parents:

Vision of the Department

To produce professionally competent, socially sensitive, motivated and dedicated Civil Engineers capable of working in a multicultural global

Mission of the Department

environment.

Educating the students who are, would be "leaders of tomorrow" in academia, government, industry and entrepreneurial pursuit, through learner-centric teaching methodology of theory and practical's and develop the ability to solve problems related to Civil Engineering, individually and in teams.

To develop knowledge of fundamental principles and innovative technologies through research within core areas of Civil Engineering and in collaboration with other disciplines that is distinguished by its impact on academic, industry and society.

To create in students deep awareness of ethical responsibilities to face the professional and from local, national and international level challenges.

Message from Advisor's Desk

It is a matter of great pleasure to learn that the Department of Civil Engineering, Ajay Kumar Garg Engineering College, Ghaziabad is publishing its departmental magazine CONTOUR - Igniting Ideas and Innovation for the year 2025. Such initiatives provide an excellent forum to highlight scholarly progress, inventive thinking and the diverse achievements of the department.

Civil Engineering remains central to contemporary technological advancement, contributing significantly to areas such as power engineering, renewable energy integration, smart grids, electric mobility, automation and intelligent systems. In this fast-changing scenario, academic departments are expected to go beyond classroom instruction by cultivating innovation, ethical awareness, research curiosity, leadership skills and social consciousness among learners.

I acknowledge the dedicated efforts of the CE faculty in enriching academics, strengthening research activities, fostering industry collaboration and encouraging active participation in co-curricular and extracurricular pursuits including technical forums, competitions, cultural events and sports. These initiatives are instrumental in nurturing well-rounded professionals.

The magazine aptly represents the department's focus on quality, creativity, and comprehensive development. I extend my congratulations to the Head of the Department, faculty, students and contributors and wish the department continued growth and success.

Best wishes,

Prof. Amita Dev

Advisor

AKGEC, Ghaziabad

CE-Newsletter — Page 5

Source: CE-Newsletter.pdf

Message from Director's Desk

The Department of Civil Engineering at AKGEC has steadily progressed in the areas of academic excellence, laboratory enhancement, research and development, industry interaction and student performance. The department's emphasis on outcome-oriented education, experiential learning and the integration of contemporary tools and technologies has played a significant role in strengthening students' technical proficiency and industry preparedness.

I am delighted to learn that the Department of Civil Engineering is bringing out its Departmental Magazine for the year 2025. This publication serves as a vibrant portrayal of the department's academic ethos, technical initiatives, noteworthy accomplishments and the creative contributions of both students and faculty members. The Department of Civil Engineering at AKGEC has steadily progressed in the areas of academic excellence, laboratory enhancement, research and development, industry interaction and student performance. The department's emphasis on outcome-oriented education, experiential learning and the integration of contemporary tools and technologies has played a significant role in strengthening students' technical proficiency and industry preparedness.

Beyond documenting departmental activities, the magazine provides a valuable platform for students to develop skills in technical communication, innovation, cocurricular activities and collaborative work—competencies that are vital for their professional growth. I commend the dedicated efforts of the Head of the Department, faculty coordinators, editorial team, and students who have contributed to this publication.

I convey my best wishes to the Department of Civil Engineering for sustained progress and distinction, and I trust that this magazine will inspire the academic community to reach new heights in the years to come.

With best regards,

Dr. Hemant Ahuja

Director

AKGEC, Ghaziabad

CE-Newsletter — Page 6

Message from Head of the Department

It gives me immense pleasure to extend my heartfelt greetings to the readers of the Departmental Magazine 2025 of the Civil Engineering Department, Ajay Kumar Garg Engineering College, Ghaziabad.

The Department of Civil Engineering has always been committed to academic excellence, innovation, and holistic development of students. In today's rapidly evolving technological landscape, Civil Engineering plays a pivotal role in shaping sustainable energy solutions, smart systems, automation, and advanced communication technologies. Our department continuously strives to keep pace with these advancements through a balanced blend of strong theoretical foundations, practical exposure, industry interaction, and research-oriented learning. This magazine is a reflection of the creativity, technical acumen, and intellectual curiosity of our students and faculty members. It provides a platform for showcasing innovative ideas, technical articles, project insights, research contributions, and co-curricular achievements. I appreciate the sincere efforts of the editorial team, contributors, and faculty coordinators for bringing out this magazine with dedication and enthusiasm.

I encourage our students to remain inquisitive, innovative, and socially responsible professionals. Let this magazine inspire you to explore new horizons, think critically, and contribute meaningfully to the field of engineering and to society at large.

I wish the departmental magazine great success and extend my best wishes to all students and faculty members for their future endeavours.

Warm regards,

Dr. Rakesh Srivastava

Professor and Head of Department

Time: 10:10 AM— 11:50 AM

Venue: MT 32

Audience: B.Tech 2nd and 3rd Year Civil Engineering Students

A guest lecture on Advanced Technology in Wastewater Treatment was conducted for B.Tech 2nd and 3rd year Civil Engineering students. The session was delivered by Mr. Adwitya Sharma, who shared valuable insights into modern wastewater treatment practices and their role in sustainable water management.

The lecture focused on recent advancements in treatment technologies such as Membrane Bioreactors (MBR), Moving Bed Biofilm Reactors (MBBR), and Advanced Oxidation Processes (AOPs). These technologies have significantly improved the efficiency of removing contaminants, including emerging pollutants and microplastics, from wastewater. The speaker also highlighted the importance of automation and real-time monitoring systems, which enhance operational control and reduce overall costs.

Furthermore, Mr. Sharma discussed innovative approaches like resource recovery, including biogas generation and nutrient recycling, which contribute to sustainability. He emphasized the growing need for industries and municipalities to adopt zero liquid discharge systems to minimize environmental impact. The lecture was informative and engaging, providing students with practical knowledge of current industry trends and technologies in wastewater treatment. It concluded with an interactive session where students actively participated and clarified their queries.

Expert Lecture on “Career Opportunities”

A Career Guidance Seminar was conducted on 6th October 2025 second, third, and final-year engineering students. The session was delivered by Mr. Arjun Chhabra motivational speaker, ACE Academy known for organizing skill development programs, career guidance sessions, and motivational seminars for engineering students across the country. The speakers explained the salient features of competitive examinations, such as eligibility criteria, examination patterns, and preparation strategies. The session also covered emerging technologies and offered guidance on career planning and skill development required to succeed in the competitive world. Students actively participated in the session and clarified their doubts regarding career paths and exam preparation. The seminar proved to be informative and beneficial, helping students gain practical insights and better understanding of available career opportunities.

Technical Seminar on CRIP

7 The Department of Civil Engineering, Ajay Kumar Garg Engineering College, Ghaziabad, 1 organized a Technical Seminar on 8th October 2025, aimed at providing valuable insights into ij the latest developments and career opportunities in the Construction, Real Estate, Infrastructure, and Project Management (CRIP) sectors.

The session covered key topics including Advances in Construction & Project Management,

Career Opportunities in CRIP, and the Benefits of BIM Software. Esteemed speakers Dr. Shiv Sai Trivedi, Assistant Professor & Programme Head (APM, QSCM), NICMAR Delhi-NCR, and Mr. Rahul Kumar, Business Manager, NICMAR Delhi-NCR, shared their expertise to help students gain practical insights and career guidance, enabling them to transition from SS technical proficiency to managerial excellence in the construction and infrastructure domain. Their interactions focused on real-world challenges, project management practices, leadership skills, and professional ethics, preparing students to take on responsible roles in the Civil Engineering and infrastructure industry

The Civil Engineering Department organized an Intra-Departmental Presentation

Competition for B.Tech 3rd-year students on the theme “Responsible Consumption and

Production” on 4th November 2025 in MT-34.

A total of five teams—AK Team, Saksham, Eco Enablers, Babu Bhai Builders, and

Geogenetics—participated in the competition. Each team presented ideas focusing on

sustainable resource utilization, waste reduction, and environmentally responsible

engineering practices. The presentations were evaluated based on eight criteria: Content

Accuracy, Understanding of the Topic, Relevance to Sustainable Development Goals,

Creativity and Originality, Practical Examples and Solutions, Use of Visuals and PPT Design,

Communication and Delivery, and Time Management.

Faculty Development Programme

CLEAN & GREEN TECHNOLOGIES

The Department of Civil Engineering organized a five-day ICT-based Faculty
Development Programme (FDP) on "Clean and Green Technologies" from 27th
to 31st January 2025 in collaboration with NITTTR Chandigarh. The programme
aimed to enhance faculty knowledge on sustainable and environmentally friendly

technologies.

The programme was inaugurated by Dr. Sanjay Sharma, Course Coordinator, who welcomed the resource person Dr. S. C. Jain, Former Dean of Punjab University, along with coordinators from four remote centres including AKGEC, Ghaziabad.

SPARDHA?'25

BY

TEAM NIRMAAN

SPARDHA'25 was a grand fun & engaging event hosted by the Team Nirmaan at Ajay Kumar Garg Engineering College (AKGEC).

The event aimed to challenge the creativity and teamwork of the students in a 2 days' event where fun met learning through creative, intellectual, and engaging activities.

The event was a blend of "Treasure Hunt" and "Archi Quest".

Students Activities and Events

SAPARDA?'25

BY

TEAM NIRMAAN

OBJECTIVE

e To evaluate and enhance students' problem-solving abilities and creative thinking by engaging them in challenging, thought-provoking activities that require innovation, analytical reasoning, and out-of-the-box approaches.

e To cultivate a strong spirit of teamwork and collaboration by encouraging participants to work cohesively in groups, effectively delegate responsibilities, leverage individual strengths, and maintain clear and efficient communication throughout the event.

e To develop effective time management skills among participants by placing them in a competitive, time-bound environment where they must prioritize tasks, make quick yet informed decisions, and strategically utilize available time to successfully achieve the final objective.

Highlights of the Event

e Total Number of Events: 2 diverse competitions.

e Types of Events: Treasure hunt & 3 floors Building making with pop sticks.

e Participation: Students from all departments enthusiastically participated, showcasing their talent.

The Indian Concrete Institute (ICI) Student Chapter organized an orientation and membership drive to promote awareness about professional opportunities in the field of concrete technology. The session highlighted the benefits of ICI membership, including concessional delegate fees for ICI events, access to the latest developments in the concrete industry, concessional rates for publications.

Students were also informed about support for conducting training programmes,

workshops, conferences, site visits, and guest lectures by industry professionals.

Additional benefits such as access to ICI archives, reference library, monthly "ICI-Update" e-bulletin, participation in ICI FEST, and waiver of entrance fee for Life Membership after graduation were also discussed.

During the event, the Executive Committee was announced, assigning management responsibilities to a team of ten members. Further, 27 students were facilitated for becoming members of ICI, and a total of 20 students registered as current active members of the ICI Student Chapter. The event successfully encouraged student participation and strengthened technical engagement within the department.

Sports play a significant role in fostering physical fitness, discipline, and teamwork among students. This year, Saksham, the college's annual sports event, witnessed enthusiastic participation and commendable performances. The Civil Engineering Department demonstrated exceptional talent and sportsmanship, achieving notable success across various competitions.

Students also participated in a prestigious event Udghosh'25 at Indian Institute of Technology Kanpur, gaining valuable exposure. At Rann 2025, hosted by KIET Group of Institutions, they secured top positions.

Notably, Asmi Sharma, Ashutosh Kumar and Shivam Yadav proudly represented the department, contributing to its success. Their achievements reflect dedication, teamwork, and perseverance, bringing pride to the institution.

National Cadet Corps

The National Cadet Corps (NCC) is a prestigious youth organization in India that aims to develop discipline, leadership, and a sense of patriotism among students. It provides opportunities for cadets to participate in various training activities, including drills, camps, and social service initiatives, thereby fostering confidence, teamwork, and leadership qualities. NCC also motivates students to serve the nation and prepares them for future challenges in both civilian and defense careers.

At Ajay Kumar Garg Engineering College, NCC plays a significant role in shaping responsible, disciplined, and dedicated students. Among its active members, Manya Rai a second-year student, and Prince, a fourth-year student, are proud representatives of NCC in the college, contributing actively to its activities and initiatives

Apart from maintaining a strong record of academic excellence, the institution has consistently emphasized the holistic development of its students. This is achieved through a well-structured ecosystem that integrates academics with co-curricular and extracurricular initiatives such as technical clubs, research and innovation activities, internships, industry interactions, soft skills training, leadership programs, and community engagement. This comprehensive

approach equips students with domain knowledge while enhancing critical thinking, problem-solving abilities, communication — skills, teamwork, adaptability, and professional ethics.

As a result, campus placements have shown steady growth over the years in both quality and quantity. There has been a notable rise in the number of students placed, along with increased participation from reputed organizations across IT, core engineering, consulting, and emerging technology sectors. The diversity of job roles and competitive salary packages further reflect the institution's strong industry relevance and academic rigor.

For the B.Tech graduating batch of 2025, a total of 34 students were successfully placed, achieving an impressive placement rate of 87.20%. The highest package offered was ₹12 LPA, with students securing roles in software development, data analytics, core engineering, and management positions. These outcomes demonstrate the confidence of leading organizations in the competence and professionalism of the students.

Students who did not participate in campus placements also pursued meaningful career paths, including higher studies at reputed institutions, entrepreneurship, and preparation for competitive examinations. This diversity in career choices highlights the institution's commitment to nurturing well-rounded individuals prepared for varied professional journeys.

Overall, the institution's holistic and student-centric approach continues to foster academic excellence, professional success, and lifelong learning.

I built a strong technical foundation at AKGEC, which guided my career path. After securing a campus placement in 2021, I chose to pursue higher studies and achieved AIR 642 in GATE 2022, joining IIT Kharagpur for MTech in Structural Engineering. I improved to AIR 306 in GATE 2023, earning offers from top PSUs like IOCL, NMDC, NPCIL, and THDC. I joined THDC India Limited as an Assistant Manager in the Design Department. Currently based in Rishikesh, I have 2.5 years of experience in structural and hydraulic design for hydro and pumped storage projects.

A Civil Engineering graduate currently serving as Deputy Manager (Projects) with the Ministry of Road Transport and Highways, contributing to major National Highway developments in Assam. Actively involved in landmark infrastructure projects including the Dhubri– Phulbari Bridge and the Gohpur–Numaligarh Underwater Tunnel, demonstrating commitment to nation-building through sustainable infrastructure development.

Clean Desk Award 2025

Under the vision of Swachh Bharat Abhiyaan: Ek Kadam Swachhta Ki Aur, the college celebrated the Clean Desk Award 2025 to promote cleanliness, organization, and a healthy working environment. This year, the Environmental Engineering Lab was recognized as the Best Lab of the department for maintaining high standards of cleanliness.

The Clean Desk Award 2025 was presented to Ms. Anchal Negi, Assistant Prof Ms. Seema Shishodia, and Mr. Pramod Kumar, Lab Assistant-Environmental Engineering Lab, in recognition of their consistent efforts in maintaining a clean, organized, and efficient workplace. Their dedication reflected the institute's commitment to hygiene, discipline, and sustainable work practices, aligning with the broader goals of the Swachh Bharat Abhiyaan.

Faculty Research Seminar

The Faculty Research Seminar in the Department of Civil Engineering at AKGEC serves as an important platform to promote research engagement, knowledge sharing, and interdisciplinary collaboration among faculty members. The seminar provides an opportunity for faculty to present their ongoing research, published work, funded projects, and innovative ideas in areas such as Structural Engineering, Geotechnical Engineering, Environmental Engineering, Transportation Engineering, Water Resources, and Sustainable Construction Practices. These seminars encourage constructive discussions, peer feedback, and collaborative problem-solving, helping faculty refine their research methodologies and identify potential funding opportunities. The initiative also promotes the integration of advanced tools such as GIS, remote sensing, artificial intelligence, and data analytics in civil engineering research.

Faculty UHV Seminar

The Faculty Human Values Seminar were organized to promote ethical awareness, professional responsibility, and value-based education among faculty members. The seminar serves as a platform to reflect on the importance of human values in teaching, research, and professional practices, ensuring that education goes beyond technical knowledge to include character building and social responsibility.

Faculty members engage in discussions, case studies, and interactive sessions that highlight the importance of incorporating human values into classroom teaching, student mentorship, and academic decision-making. These sessions encourage faculty to create a supportive learning environment that nurtures both intellectual and personal growth of students.

Research Publications

This review paper examines the integration of the Internet of Things (IoT) in drip irrigation systems, focusing on automation, real-time monitoring, and data-driven optimization for sustainable agriculture. IoT-enabled irrigation, combined with artificial intelligence (AI) and 5G technologies, enhances water conservation, crop productivity, and environmental resilience. These systems use predictive analytics and sensor-based monitoring to optimize irrigation scheduling and resource use, especially in the context of climate change and growing food security concerns.

Case studies, including Microsoft's AI-driven project in Andhra Pradesh, report up to a 30% increase in crop yield and 70% water savings. Machine learning models such as KNN, SVM, ANN, and Random Forest have achieved over 98% accuracy in irrigation decision-making, with some studies reporting up to 99.8% precision and significant water savings. The review analyzed 56 peer-reviewed studies from 2015 to 2024, emphasizing recent advancements in AI/ML integration. Despite these benefits, challenges such as high initial costs, limited connectivity, cybersecurity risks, and technical complexity restrict widespread adoption. Future directions include Industry 5.0 innovations like AgroBots, human-machine collaboration, and energy-efficient smart irrigation systems, though scalability and adaptability remain key challenges.

Faculty Achievement: International

Certification Milestone

We are thrilled to announce that Kshama Shukla, a faculty member at Ajay Kumar Garg Engineering College, Ghaziabad, U.P., has been awarded a prestigious Certificate of Completion.

This recognition follows the successful completion of the IUCEE International Educator Certification Program during the Fall 2025 session.

About the Program

The certification is a collaborative initiative between:

IUCEE (Indo Universal Collaboration for Engineering Education) Foundation

IGIP (International Society for Engineering Education), Austria

Official Validation

The certificate (Serial No: 26C1P0301) was issued and endorsed by the program's leadership:

Dr. Krishna Vedula, Executive Director, IUCEE Foundation

Dr. Veena Kumar, Executive Director, IUCEE International Educator

Certification Program

This achievement highlights our institution's commitment to international

standards of engineering education and the continuous professional development of our educators.

Board of Studies Meeting

Civil/Environmental Engineering, AKTU

An online meeting of the Board of Studies (BoS) for B.Tech.

Civil/Environmental Engineering, Dr. A.P.J. Abdul Kalam Technical

University (AKTU), Lucknow, was successfully conducted on 12 July 2025

at 10:00 AM. The meeting focused on ■nalization of the syllabus for B.Tech.

IV Year (7th Semester) Civil Engineering students for the academic session

2025–26.

The meeting was attended by distinguished members including Prof.

Rakesh Srivastava, Dr. Virendra Pathak, Dr. Sanjeev Singh, Mr. Saket Rusia,

Prof. Devendra Kumar Sharma (Special Invitee), and Prof. S.P. Shukla,

Convener of the Board.

During the deliberations, the revised curriculum and academic framework

for the upcoming session were discussed and ■nalized to align with current

academic and industry requirements. The meeting concluded with a formal

vote of thanks to the Chair by the Convener, Prof. S.P. Shukla.

AJAY KUMAR GARG ENGINEERING COLLEGE,
GHAZIABAD

Department of Information Technology

Computer Society of India

Computer Society of India (CSI) has AKGEC Student Chapter since last 9 years and conducted various activities on regular basis. CSI annually enrolls approximately 15 students from different disciplines in their second year. Additionally, they organize a range of events such as technology workshops, coding contests, project advancements, and encourage CSI students to participate in various intercollegiate, state-level, and national-level competitions. During SIH 2022, six students took part in two teams and secured the 1st prize. At the IIT Jodhpur Hackathon, three teams participated, and one of them emerged as the winner. Additionally, at UPES Dehradun, one team achieved the 2nd runner-up position, while at Dr.

BR Ambedkar University, another team secured the 1st runner-up position. CSI strongly values multidisciplinary knowledge and strives to foster expertise across various domains.

Team-CSI consistently organizes three events on a regular basis. Team-CSI organized a total of five events at the college level this year, alongside participating in multiple national-level competitions. Remarkably, they achieved winning positions in all the events they took part in.

Report on "CINE-2022"

(A RECRUITMENT DRIVE)

The event "CINE 2022" of CSI student branch was successfully conducted. Team CSI organized CINE'22 to welcome second-year students to the Computer Society of India. After the technical and PI rounds, 35 students were selected as Team CSI 2nd year trainees for probation. These students were assigned a variety of projects, both individually and in groups, to assess their performance. The probation period culminated on November 21, and 18 students who had performed excellently were selected.

The domains included were:

Report on "VISTA"

Team CSI organized an online workshop named VISTA for the 1st / 2nd year students who were struggling to strategize their roadmap for their career. The session aimed to guide the students over the latest domains and technologies they might be interested in. This program was conducted on 17th September 2022.

The objective of the session was to assist engineering students in identifying the latest domains and technologies relevant to their field of study and provide guidance in strategizing their roadmap for the second year.

Report on CODE-a-THON

Team CSI-AKGEC successfully organized a hackathon named CODE-A-THON on April 22nd, 2023, specifically designed for 1st and 2nd-year students. The event was aimed at fostering innovation among the participants, who were required to present innovative ideas and create

prototypes or minimum viable products.

ROUND 1(10th April – 17th April 2023)

The CODE-A-THON hackathon organized by Team CSI-AKGEC attracted 18 participating teams. The first round of the competition required the teams to submit their presentations to the organizers. The presentations were then evaluated based on their feasibility, innovation, and potential impact, and the shortlisted teams were advanced to the next round of the competition.

ROUND 2(18th April – 21st April 2023):

The second round of the CODE-A-THON hackathon involved an internal evaluation process to assess the presentations and prototypes submitted by the participating teams. Based on the criteria of innovation, feasibility, and potential impact, 10 teams were selected to move on to the next stage of the competition. These teams demonstrated exceptional potential, and their ideas were evaluated thoroughly by the organizers.

ROUND 3(22nd April 2023):

The next round of the CODE-A-THON hackathon required the 10 selected teams to refine their prototypes and prepare a more detailed presentation on Saturday 22nd April 2023. A panel of judges, consisting of Dr. Avdhesh Gupta, Professor, IT Department and Mr. Madhup Agrawal, Assistant Professor, IT Department evaluated each team's performance based on various criteria, including the project's quality, the strength of the business plan, the project's unique features, and the overall presentation. These winning teams will receive cash prizes as awards for their outstanding performance in the competition.

Report on BRAINSTORM

BrainStorm, organized by Team CSI, is a unique event consisting of two parallel events for 1st and 2nd year students. Participants can register for either the Ideathon, where they present innovative ideas with potential for large-scale societal impact to a panel of judges without implementation, or Blind Coding, where participants code without being able to see their monitors, and their code is judged based on its precision.

Cash prizes will be awarded to the top 3 teams based on their participation and performance. BrainStorm promises to be an exciting opportunity for students to exhibit their skills and unleash their creativity.

Report on CODESHELL 2.0

It was a competitive coding event, in which coding questions were asked from participants and they had to think of their solutions and imply it through whatever coding language they knew. Event was conducted on Hacker rank platform. It was mainly focused to encourage participants towards programming and increase their problem-solving skills. Students from second, third and fourth year were eligible to participate in the contest. We received a huge number of registrations. Due to the overwhelming response from the participants, the contest took place in two shifts. Top performers from every year were awarded with a cash prize of Rs.6000.

Report on RENDER

The Workshop of ReactJS “RENDER” was conducted from 5th May 2022 to 8th May 2022.

The workshop process included the registration of students from the link given by us. The registration was open for all branches of 1st and 2nd year. The venue was Advance IT Lab 1 and Advance IT Lab 2 and timings are:

5th May 2022 – Thursday 4:00 PM to 7:00PM

6th May 2022 – Friday 4:00 PM to 6:00 PM

7th May 2022 – Saturday 10:00 AM to 4:00 PM

8th May 2022 – Sunday 10:00 AM to 4:00 PM

REGISTRATION –The registration started on 30th April 2022, students were asked to register themselves using the provided link and pay the fees either by cash or online and verify the payment at the helpdesks at Backblock or CS/IT block. 42 students who registered with payment were given confirmation mail within 24hrs.

DAY 1 – A complete guide of HTML and its elements, attributes, events, color names, entities, character-sets, URL encoding, language codes, browser support were taught from very basic to intermediate level.

DAY 2 – A guide of CSS and all its properties, selectors with syntax, browser support, functions, fonts, colors, and more from complete basic to intermediate level.

DAY 3 – Introduction to JavaScript and its concepts including properties, methods and events in detail were taught. After lunch a quick introduction to ReactJS, about the pros and cons, origins, Why ReactJS? with installation and setup of ReactJS and started a project “Expense Tracker”

DAY 4 – A brief introduction to ReactJS, setting up React application, understanding package managers, project structures and completed the project “Expense Tracker”.

- Everything was taught under the mentorship of 3rd Year and doubts or queries on topics were resolved by 2nd Year CSI student coordinators.
- Following the end of each day with a quick quiz and top 3 performers were awarded gift vouchers and badges.
- Interactive sessions were held to lighten the mood with games and the winners were awarded chocolates.

Report on SIH'2022

The Smart India Hackathon is an initiative of the Government of India to provide a platform for young minds to solve real-world problems by leveraging technology. The Grand Finale of the hackathon brings together the best minds from across the country to showcase their innovative solutions to complex problems. Team CSI is proud to announce the outstanding achievement of its members:

Report on DR. B.R AMBEDKAR UNIVERSITY AND DEEN

DAYAL UPADHYAY COLLEGE IDEATHON

Recently, a team from CSI, consisting of Aditya Saxena, Ayush Kumar, Prakhar Rawat, and Aryan Sharma, represented our institution at two pitching competitions held at Dr B.R. Ambedkar University and Deen Dayal Upadhyay College Delhi. Their exceptional performance at both events brought accolades, with Team Vibess winning first place at Deen Dayal Upadhyay College and placing first runner-up at Dr B.R. Ambedkar University.

Their innovative solution for a healthy work-life balance, a platform simplifying leisure activity scheduling, demonstrates their problem-solving skills and entrepreneurial potential.

Report of Hackathon at MANIT, Bhopal

Two teams were participated in Hackathon held at MANIT, Bhopal on 13-14 February 2023. The first round was Hacking Round, an offline round in the MANIT campus where the teams will be given 48 hours to develop a prototype, monitored and guided by mentors and Team E-Cell. Second round was presentation round, in which the teams presented the prototype in front of the judges and mentors, where the teams have to present the working and justify the solution to the given problem statement. Both teams were ranked in top 10 position.

Important Instructions

1.

The State Government/ UT/ Directorate of Technical Education/ Directorate of Medical Education shall ensure that 10% of reservation

for Economically Weaker Section (EWS) as per the reservation policy for admission, operational from the Academic year 2019-20 is

implemented without affecting the reservation percentages of SC/ ST/ OBC(NCL) / General. However, this would not be applicable in

the case of Minority Institutions referred to the Clause (1) of Article 30 of Constitution of India. Such Institution shall be permitted to

increase in annual permitted strength over a maximum period of two years.

2.

The Institution offering courses earlier in the Regular Shift, First Shift, Second Shift/Part Time are now amalgamated as total intake

and shall have to fulfil all facilities such as Infrastructure, Faculty and other requirements as per the norms specified in the Approval

Process Handbook 2023-24 for the Total Approved Intake. Further, the Institutions Deemed to be Universities/ Institutions having

Accreditation/ Autonomy status shall have to maintain the Faculty: Student ratio as specified in the Approval Process Handbook.

3.

Strict compliance of Anti-Ragging Regulation, Establishment of Committee for SC/ ST, Establishment of Internal Committee (IC),

Establishment of Online Grievance Redressal Mechanism, Barrier Free Built Environment for disabled and elderly persons, Fire and

Safety Certificate should be maintained as per the provisions made in Approval Process Handbook and AICTE Regulation notified

from time to time.

4.

In case of any differences in content in this Computer generated Extension of Approval Letter, the content/information as approved by

the Executive Council / General Council as available on the record of AICTE shall be final and binding.

5.

As per the AICTE Notification dated 29.01.2014 and amended thereto, it shall be mandatory for each Technical Education Institution,

University Department and Institution Deemed to be University imparting Technical Education to get accreditation (NBA) for at least

60% of the eligible courses in the next ONE (1) Years' time, otherwise EoA for the subsequent Academic Year (A.Y. 2024-25) shall not

be issued by the Council.

6.

Deemed to be University: Institutions Deemed to be Universities (Running Technical Education Programmes), it is mandatory to have

AICTE approval from the Academic Year 2018-19 in compliance of the Hon'ble Supreme Court Order dated 03-11-2017 passed in CA

No.17869- 17870 /2017.

General Conditions for Vocational Courses:

1.

It is mandatory to comply with all the provisions as given in APH 2021-22 (Chapter VI) and also in the 'Guidelines for Institutions

Applying for Running Vocational Courses' uploaded at www.aicte-india.org/education/vocational-education

2.

The Institution will ensure that the minimum batch size of 10 students shall be maintained for each course.

3.

The courses must be conducted as per the guidelines issued under SAMVAY (Skill Assessment Matrix for vertical advancement of

Youth). Training under these courses must be aligned with the outcome at each level as prescribed under National Skill

Qualification Framework (NSQF).

It is mandatory to comply with all the essential requirements as given in APH 2021-22 (Appendix 6)

The Institution/ University is having the following deficiencies as per the online application submitted to AICTE (self-disclosure based) and the

same shall be complied within Two years from the date of issue of this EoA.

Deficiencies* Noted (based on Self Disclosure)

Faculty Deficiency

*Please refer Deficiency Report for details

Important Instructions

1.

The State Government/ UT/ Directorate of Technical Education/ Directorate of Medical Education shall ensure that 10% of reservation

for Economically Weaker Section (EWS) as per the reservation policy for admission, operational from the Academic year 2019-20 is

implemented without affecting the reservation percentages of SC/ ST/ OBC/ General. However, this would not be applicable in the

case of Minority Institutions referred to the Clause (1) of Article 30 of Constitution of India. Such Institution shall be permitted to

increase in annual permitted strength over a maximum period of two years.

2.

The Institution offering courses earlier in the Regular Shift, First Shift, Second Shift/Part Time now amalgamated as total intake shall

have to fulfil all facilities such as Infrastructure, Faculty and other requirements as per the norms specified in the Approval Process

Handbook 2021-22 for the Total Approved Intake. Further, the Institutions Deemed to be Universities/ Institutions having Accreditation/

Autonomy status shall have to maintain the Faculty: Student ratio as specified in the Approval Process Handbook.

3.

Strict compliance of Anti-Ragging Regulation, Establishment of Committee for SC/ ST, Establishment of Internal Complaint Committee

(ICC), Establishment of Online Grievance Redressal Mechanism, Barrier Free Built Environment for disabled and elderly persons, Fire

and Safety Certificate should be maintained as per the provisions made in Approval Process Handbook and AICTE Regulation notified

from time to time.

4.

In case of any differences in content in this Computer generated Extension of Approval Letter, the content/information as approved by

the Executive Council / General Council as available on the record of AICTE shall be final and binding.

Note: This is a Computer generated Report. No signature is required.

Printed By : ae854381

Letter Printed On:5 June 2024

Important Instructions

1.

As per mandatory Disclosure of APH 2024-27(Annexure-18, page180) Institutions must disclose the following information

submitted to Council at the Prominent location on its website.

i.

Department wise availability of Infrastructure along with approved courses and intake approved by the Council.

ii.

Faculty details: Department wise: Name& Designation of the faculty members/teaching staff along with their qualification,

tenure of service in your organization, total experience, Institution should also disclose Student Faculty Ratio, Cadre Ratio.

iii.

Additionally Audited Financial Statements for last 3 Financial years.

2.

Reservation Policy of the Central Government (Including EWS) / Respective State Government/ UT as the case shall be applicable

to all the Programmes. The concerned State Government/ UT Admission authority shall decide Modalities of Admission.

3.

The Institution offering courses earlier in the Regular Shift, First Shift, Second Shift/Part Time are now amalgamated as total

intake and shall have to fulfil all facilities such as Infrastructure, Faculty and other requirements as per the norms specified in the

Approval Process Handbook 2024-25 to 2027 for the Total Approved Intake.

4.

In case of any differences in content in this Computer generated Extension of Approval Letter, the content/information as approved

by the Executive Council / General Council as available on the record of AICTE shall be final and binding.

5.

All AICTE institutions are highly encouraged to get NBA/NAAC accreditation. All eligible AICTE institutions are thoroughly

encouraged to participate in NIRF ranking process.

6.

Deemed to be University: Institutions Deemed to be Universities (Running Technical Education Programmes), it is mandatory to

have AICTE approval from the Academic Year 2018-19 in compliance of the Hon'ble Supreme Court Order dated 03-11-2017

passed in CA No.17869- 17870 /2017.

7.

AICTE Approved Institutes are encouraged to utilize SWAYAM PLUS Courses up-to 40%

8.

Internship is mandatory for all admitted students.

9.

AICTE Approved Institutes are encouraged to make efficient use of the flagship schemes like:

a.

Parakh: Student Gap analysis portal bases services.

b.

Students Scholarship schemes like Pragati, Saksham, Swanath, ADF, etc.

c.

Course in Indian Languages.

d.

ATAL FDPs: Faculty training for Emerging areas and cutting edge Technologies.

e.

Augmenting Utilization of Research Assets (AURA).

f.

Smart India Hackathon: World's largest Open Innovation Platform.

Important Instructions

1.

The State Government/ UT/ Directorate of Technical Education/ Directorate of Medical Education shall ensure that 10% of reservation

for Economically Weaker Section (EWS) as per the reservation policy for admission, operational from the Academic year 2019-20 is

implemented without affecting the reservation percentages of SC/ ST/ OBC (NCL)/ General. However, this would not be applicable in

the case of Minority Institutions referred to the Clause (1) of Article 30 of Constitution of India. Such Institution shall be permitted to

increase in annual permitted strength over a maximum period of two years.

2.

The Institution offering courses earlier in the Regular Shift, First Shift, Second Shift/Part Time are now amalgamated as total intake

and shall have to fulfil all facilities such as Infrastructure, Faculty and other requirements as per the norms specified in the Approval

Process Handbook 2022-23 for the Total Approved Intake. Further, the Institutions Deemed to be Universities/ Institutions having

Accreditation/ Autonomy status shall have to maintain the Faculty: Student ratio as specified in the Approval Process Handbook. All

such Institutions/ Universities shall have to create the necessary Faculty, Infrastructure and other facilities WITHIN 2 YEARS to fulfil

the norms based on the Affidavit submitted to AICTE beginning with the Academic Year 2022-23

3.

Strict compliance of Anti-Ragging Regulation, Establishment of Committee for SC/ ST, Establishment of Internal Complaint Committee

(ICC), Establishment of Online Grievance Redressal Mechanism, Barrier Free Built Environment for disabled and elderly persons, Fire

and Safety Certificate should be maintained as Approval Process Handbook and provisions made in AICTE Regulation notified from

time to time.

4.

In case of any differences in content in this Computer generated Extension of Approval Letter, the content/information as approved by

the Executive Council / General Council as available on the record of AICTE shall be final and binding.

Pharmacy Institute: In compliance with the order dated 05.03.2020 passed by the Hon'ble Supreme Court of India in Transferred

Petitions (CIVIL) No 87-101 of 2014, for the existing institutions offering courses in Pharmacy Programme, approval of Pharmacy Council

of India (PCI) is mandatory and AICTE approval is NOT required. The requirements for running the Programme (Diploma / UG / PG) such

as Land & Build-up Area, Student-faculty ratio, Intake etc. will be as per the respective regulatory body (PCI).

In case of any inconsistency in the course name and intake for EoA issued by AICTE and the approval by PCI, the approval of PCI shall

prevail.

Architecture Institute: In compliance with the order dated 08.11.2019 passed by the Hon'ble Supreme Court of India CA No.364/ 2005,

for the existing Institutions offering Courses in Architecture Programme, approval by the Council of Architecture (CoA) is mandatory and

AICTE approval is NOT required. The requirements for running the Programme (Diploma / UG / PG) such as Land & Build-up Area,

Student-faculty ratio, Intake etc. will be as per respective regulatory body (CoA). In case of any inconsistency in the course name and

intake for EoA issued by AICTE and the approval by CoA, the approval of CoA shall prevail.

Deemed to be University: Institutions Deemed to be Universities (Running Technical Education Programmes), it is mandatory to have

AICTE approval from the Academic Year 2018-19 in compliance of the Hon'ble Supreme Court Order dated 03-11-2017 passed in CA

No.17869- 17870 /2017.

Important General Conditions for Vocational Courses:

1.

It is mandatory to comply with all the provisions as given in APH 2020-21 (Chapter VI) and also in the 'Guidelines for Institutes

Applying for Running Vocational Courses' uploaded at www.aicte-india.org/education/vocational-education

2.

The Institute will ensure that the minimum batch size of 10 students shall be maintained for each course.

3.

The courses must be conducted as per the guidelines issued under SAMVAY (Skill Assessment Matrix for vertical advancement of

Youth). Training under these courses must be aligned with the outcome at each level as prescribed under National Skill

Qualification Framework (NSQF).

It is mandatory to comply with all the essential requirements as given in APH 2020-21 (Appendix 6)

The Institution/ University is having the following deficiencies as per the online application submitted to AICTE and the same shall be complied

within Two years from the date of issue of this EoA.

Deficiencies Noted based on Self Disclosure

Particulars

Deficiency

1. Faculty Deficiency

Yes

*Please refer Deficiency Report for details

Dr. A.P.J. Abdul Kalam Engineering College (AKGEC), Ghaziabad is affiliated to Dr. A.P.J. Abdul Kalam Technical University, Lucknow, and is approved by the All India Council for Technical Education. The college was established in 1998 and offers B.Tech courses in seven disciplines of Engineering namely Computer Science and Engineering, Information Technology, Electronics and Communication Engineering, Electronics and Instrumentation Engineering, Electrical and Electronics Engineering, Mechanical Engineering and Civil Engineering. The college also offers M.Tech in Automation and Robotics, Electronics & Communication Engineering, Computer Science & Engineering, Electrical and Electronics Engineering and Mechanical Engineering. The college is accredited by NAAC.

The college has set up India's First Robotic Training Centre in collaboration with KUKA Robotics of Germany. In addition to this, AKGEC is the only Institute have the following state of arts Centre of Excellence in collaboration with eminent multinational companies to provide industry relevant training and project exposure which offers Global employability of students.

This FDP is aimed at learning current research trends in artificial neural networks.

An artificial neuron network (ANN) is a computational model based on the structure and functions of biological neural networks. Information that flows through the network affects the structure of the ANN because a neural network changes - or learns, in a sense - based on that input and output. This FDP will give understanding of what's going on with the state of the art work in artificial intelligence. Neural networks are powering just about everything we do, including language translation, animal

recognition, picture captioning, text summarization and just about anything else you can think of.

Only for Faculty members / Research Scholars of AKTU, Lucknow affiliated colleges. Registration will be on the first come first served basis due to limited seats.

No Registration fee.

Breakfast, lunch & evening tea will be provided.

FDP kit will be provided.

NOTE: Travelling and other expenditures of participant should be borne by the participants themselves.

Registration form in the prescribed format should reach via e-mail on yadavarun@akgec.ac.in before 1 July 2019.

Participation Certificates shall be awarded to all the participants on the concluding day.

Resource persons to conduct the program are experts from industry and academia with excellent track record of accomplishment in technical education, research, and out-reach.

In recent years, we have witnessed a rapid development in IT industry. This FDP is aimed at learning Android OS based application development which is an source software stack for mobile devices that includes an operating system, middleware and key applications.

Android has a large community of developers writing application program that extend the functionality of the devices. Android Market is the online app store run by Google, though apps can also be downloaded from third party websites.

The FDP will assist the faculty members, professionals and researchers to get good exposure to develop their own Apps, implement an application, connecting to database etc.

Through this FDP the participants will get good knowledge on Android
Application Development.

1. Introduction to Android, Java, XML
2. Working with user interface & Event Listener
3. Adapter and Adapter View, RecyclerView and RecyclerView Adapter
4. Create Web Services, Android Database, UI Fragment, Web Service & Parsing
5. Firebase Integration, Voice Automation System, Google API Console Integration.

Only for Faculty members / Research Scholars of AKTU, Lucknow
affiliated colleges.

■ No Registration fee.

e Breakfast, lunch & evening tea will be provided.

Source: FDP_ML_CSE.pdf

*This program is split into lectures and CHIEF PATRON:

hands-on practical sessions.

*Lab. experiments will be performed on

basic & advanced level topics.

*Interaction with experts from E&ICT

Dr. R. K. Agarwal, Director, AKGEC, Ghaziabad

FDP CONVENERS:

Dr. Sunita Yadav (HOD, CSE), AKGEC, Ghaziabad

Dr. Anu Chaudhary (HOD, IT), AKGEC, Ghaziabad

Academy, IIT Roorkee. Dr. Sanjeev Manhas (PI, E&ICT), IIT Roorkee

* Practical learning on latest technologies

from industry experts.

* Certificates to the participants from

E&ICT Academy, IIT Roorkee.

Er. Vikas Kamra (Asst. Prof., CSE), M. 92155-11511

FDP COORDINATORS:

Dr. Arun Kumar Yadav (95824-15886)

Dr. Sonam Gupta (81266-80787)

ORGANIZING COMMITTEE:

Er. Ajay Kumar

Er. Bihari Nandan Pandey

Dr. Charu Agarwal

Er. Lipika Goel

Er. Jaykant Pratap Singh Yadav

Demand Draft in favour of

payable at Roorkee.

"OR"

Make online payment on:

Faculty Members: Rs. 2,500/-

Research Scholars: Rs. 2,500/-

Persons From Industry: Rs. 3,000/-

* Last Date For Registration: 26th November, 2018

* Paid accommodation will be provided subject to
availability.

Read the instruction for payment before

filling the online registration form.

Step 1: Make Payment.

Step 2: Participants may fill the
registration form available on the link WHO CAN ATTEND
Program is open to Faculty Members and
Research Scholars, PG Students from Colleges
and Universities and Industry Personnel
working in the concerned / allied discipline.

EXPERTS FROM

"OR"

Step 2: Send a duly filled-in registration
form along with Demand Draft to
Academy address. Mr. Prateek Sharma,
EICT Academy, ECE Department, IIT
Roorkee-247667.

* Vowel Softech

One Week

Ajay Kumar Garg Engineering College

(AKGEC), Ghaziabad is affiliated to Dr. API. Abdul Kalam Technical University, Lucknow, and is approved by the All India Council for Technical Education. The college was established in 1998 and offers B.Tech courses in seven disciplines of Engineering namely Computer Science and Engineering, Information Technology, Electronics and Communication Engineering, Electronics and Instrumentation Engineering, Electrical and Electronics Engineering, Mechanical Engineering and Civil Engineering. The college also offers postgraduate course in M.Tech in Automation and _ Robotics, Electronics & Communication Engineering, Computer Science, Electrical and Electronics Engineering, VLSI Designs and Mechanical Engineering. The college is accredited by NAAC.

The college has set up India's first Robotic Training Centre in collaboration with KUKA Robotics of Germany. In addition to this, AKGEC is the only institute have the following state of the Arts Centres of Excellence in collaboration with eminent multinational companies to provide industry relevant training and project exposure which offers Global Certification to enhance Global employability of students.

* AKGEC-NI LabVIEW Academy

* AKGEC-BOSCH Rexroth Centre of Competence in Automation

Technology

* AKGEC-JANATICS Industrial

Pneumatics Knowledge Centre

* AKGEC-SIEMENS Product Lifestyle

Management Centre of Excellence

* AKGEC-AIA Competence Development

Centre in Integrated Automation.

Python is often described as simple to learn, which is a big part of its appeal for any applied use, including machine learning systems and data analytics.

Programmers describe Python as having a favorable complexity performance trade-off and describe how using Python is more intuitive than some other languages, because of its accessible syntax. Python also has particular tools that are extremely helpful in working with machine learning systems and data analytics.

Python's increased use in Data Science applications has situated it in opposition to R, a programming language and software environment' specially designed to execute the sorts of data analysis tasks, Python can now handle.

Data analytics refers to qualitative and quantitative techniques and processes used to enhance productivity and business gain.

Data is extracted and categorized to identify and analyze behavioral data and patterns, and techniques vary according to organizational requirements. Data analytics is also known as data analysis.

Data analytics technologies and techniques are widely used in commercial industries to enable organizations to make more informed business decisions and by scientists and researchers to verify or disprove scientific models, theories and hypotheses.

Data analysis is an internal organizational function performed by Data Analysts that is more than merely presenting numbers and figures to management. It requires a much more in-depth approach to recording, analyzing and dissecting data, and presenting the findings in an easily-digestible format. With a _ data analysis course you'll be able to provide a company with decision-making insight into the areas such as predict customer trends and behavior analyses, interpret and deliver data in meaningful ways, increase business productivity and drive effective decision-making.

Machine learning is an application of artificial intelligence (AI) that provides systems the ability to automatically learn and improve from experience without being explicitly programmed. Machine learning focuses on the development of computer programs that can access data and use it learn for themselves. The process of learning begins with observations or data, such as examples,

1. Introduction of data analytics, machine learning and its real life applications.
2. Understanding of Python programming language and its use in statistics and analytical study .

 ,
 In the circumstances, we dispose of this special appeal by the following order: The appellant-Committee shall fix the fee for the academic sessions 2017-18, 2018-19 and 2019-20, as expeditiously as possible and preferably within a period of six months from today. It is made clear that under no circumstance, shall the appellant-Committee seek extension of time. It is needless to mention that the respondent-institution shall cooperate in fixation of fee within the stipulated time. The respondent institution, under any circumstances, shall not demand anything more than what has been paid by the students for the year 2016- 17. It is open for them to charge fee that will be fixed for the academic years 2017-

Ajay Kumar Garg Engineering College (AKGEC), Ghaziabad is affiliated to Dr. A.P.J, Abdul Kalam Technical University, Lucknow and is approved by the All India Council for Technical Education. The college was established in 1998 and offers B.Tech Courses in seven disciplines of Engineering. The college also offers postgraduate course in Computer Applications (MCA) and M.Tech in Automation and Robotics, Electronics & Communication Engineering, Computer Science, Electrical & Electronic Engineering, VLSI Design and Mechanical Engineering. The college is accredited by NAAC and certified for ISO 9001-2008 by BSI, UK. The college is spread over 40 acres with lush green surrounding, the college has 6 academic blocks and hostel facilities for over 1200 boys and girls.

The College has also set up India's first Industrial Robotic Training Centre in Collaboration with KUKA Robotics of Germany. In addition to this, AKGEC is the only institution to have the following State of the Art Centres of Excellence in collaboration with eminent multinational companies to provide industry relevant training and project exposure which offers Global Certification to enhance global employability of students,

- * AKGEC-NI LabVIEW Academy.

- * AKGEC-BOSCH Rexroth Centre of Competence in Automation Technologies.

- * _ AKGEC-JANATICS Industrial Pneumatics Knowledge Centre.

- * _ AKGEC-Siemens Product Lifestyle Management Centre of Excellence.

- + AKGEC-AIA Competence Development Centre in Integrated Automation.

Big Data Centre of Excellence is established at college that provides opportunities to B.Tech / M.Tech / Research scholars for their project works in this most upcoming technology. The centre is equipped with fully functional cluster of 12 Data Nodes and 1 Name Node. The college also boasts of a Software Development Centre (SDC) that is equipped with the state of the art infrastructure & hardware/software tools. This provides a highly conducive & stimulating environment for the young brains to explore & come out with innovative solutions using emerging technologies.

Cloud Computing Cell has been a part of Ajay Kumar Garg Engineering College since Feb 2016. The members are exposed to the latest Cloud Technology that enables them to be market ready thereby increasing their placement opportunities

manifold. It is providing students with the opportunity to compute manage and deploy cloud while working on live projects.

About the Conference

Departments of Information Technology & Computer Science are going to organize the 5th National Conference on 'Information Technology for Business Transformation' (ITBT'18). The main aim of this conference is to provide a platform to the researchers and practitioners from both academia as well as industry to meet and share cutting-edge development in the concerned field. Digital transformation reshapes every aspect of a business. Proactive innovation is one of the best ways to stay competitive in an evolving marketplace. New technology needs to be assessed, tested, analyzed and judged more quickly than ever. New tools and technologies need more than one avenue for viability-otherwise, their value quickly drops. The importance of big data in the business world can't be overstated. Speaking of how invaluable big data is to marketers, the IoT offers immeasurable insight into customer's mind. Businesses and customers alike will continue to benefit from the IoT. Our telationships to technology continue to evolve. Soon machines will be able to learn and adapt to their environments. AI has long been considered the realm of science fiction, but as technology improves, AI becomes a reality. This conference focuses on analyzing and understanding both the quantitative and qualitative contribution of Information Technology in the growth of modern day business.

Call for Papers

Fulfilling the aim of this conference, authors are requested to contribute to the conference by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in the following topics but not limited to:

Mobile and Ad-hoc Networks

Wireless Sensor Networks

Soft Computing

Artificial Intelligence

Swarm Intelligence

Expert Systems

Neural Networks

Fuzzy Logic

Embedded System

Bioinformatics

Cloud Computing

Digital Image Processing

General Paper Submission Guidelines

Only original papers, which have not been published or accepted before in a journal or Conference proceedings, or presented in another conference, should be submitted to ITBT-2018. Also, papers which are currently under consideration for publication or presentation elsewhere must not be submitted. For consistency of publication, please submit all papers as word documents with a limit of maximum six pages and adhere to the following section divisions and guidelines in the paper:

* Abstract, Key words, Introduction, Conclusion, References

* Arial Font, For headings- 12-14 fontsize & For normal text-10 font size ,
For Tables - 8-10 fontsize

Submit papers at itbt2018@akgec.org and cc to itbt2018@gmail.com.

For details, visit www.akgec.org. (Registration by at least one author of every accepted paper submission is mandatory)

Important Dates

Submission of full manuscripts 20th January, 2018

Notification of acceptance 30th January, 2018

Submission of final paper 10th February, 2018

Last date of registration : 28th February, 2018

Registration

Participants can register by sending duly filled in registration form along with required registration fee in the form of Demand Draft drawn in favour of "Ajay Kumar Garg Engineering College", payable at Ghaziabad which should be sent on or before the due date, at the following address:

Conveners, TBT'18, Department of Information Technology,

Ajay Kumar Garg Engineering College, Ghaziabad,

27th Km Stone, Delhi Hapur Bypass Road

P.O. Adhyatmik Nagar, Ghaziabad-201009 (U.P)

Participants may also pay the registration fee through online payment (RTGS/NEFT). Details for online payment are given as follows:

Name of beneficiary: Ajay Kumar Garg Engineering College

Name of Bank: Kotak Mahindra Bank Ltd.

Branch Address: 30. &31 Navyug Market, PB.No. 75,

It gives me immense pleasure to witness the continuous academic growth, innovation culture, and holistic development taking place within the IT department at AKGEC. In today's rapidly evolving world, technical excellence must go hand-in-hand with creativity, ethical values, and an entrepreneurial mindset.

Our institution is committed to nurturing not only skilled professionals but also responsible innovators, researchers, and future leaders. Through academic rigor, industry engagement, research initiatives, innovation activities, and startup-oriented programs, we aim to create a learning ecosystem that prepares our students for real-world challenges and global opportunities.

I encourage our students to actively participate in academic activities, research projects, innovation programs, and skill development initiatives, and I urge our faculty members to continue their dedication towards excellence in teaching, mentoring, and research. Together, we can build a strong culture of knowledge, innovation, and impact-driven education.

I extend my best wishes to the Department of Information Technology for all its academic, research, and innovation endeavours, and I congratulate the team for their continued commitment to excellence.

MESSAGE FROM ADVISOR'S DESK

ITMagazine — Page 4

Source: ITMagazine.pdf

It is my pleasure to present this edition of IT Spectrum, the IT

Department newsletter. This issue highlights our academic achievements, research initiatives, and student accomplishments for the semester August–December 2025. Our department strives for excellence through continuous learning, innovation, and teamwork. I congratulate the team for their efforts and encourage everyone to keep moving forward.

Dr. Rahul Sharma

HoD, IT

MESSAGE FROM HOD'S DESK

Vision & Mission

The vision of IT department is to produce highly competent and socially sensitive IT professionals and innovators, capable to excel in the multicultural and challenging industry scenario.

Mission

Vision

To establish a truly professional academic environment where sound and transparent teaching-learning processes are practiced by all stakeholders of the organization that helps in producing all around competent, humane and socially responsible industry-ready engineers who are capable of taking challenges from ever-demanding multi-cultural industrial environment.

ITMagazine — Page 5

Source: ITMagazine.pdf

It is a matter of great pride and pleasure to present this edition of the IT Department Newsletter. This publication reflects the collective efforts, achievements, and continuous progress of our students and faculty in academics, research, innovation, and professional development. In an era driven by rapid technological advancement, the field of Information Technology plays a pivotal role in shaping the future. Our department remains committed to delivering quality education, fostering critical thinking, encouraging research orientation, and nurturing innovation and entrepreneurship among students. Through academic initiatives, technical activities, industry collaborations, workshops, hackathons, certifications, and research programs, we strive to bridge the gap between theory and

practice.

This newsletter stands as a platform to showcase the academic accomplishments, student achievements, faculty contributions, research activities, and innovative initiatives of the department. I sincerely appreciate the efforts of the editorial team, faculty members, and students who have worked diligently to make this publication meaningful and impactful. I encourage our students to remain curious, creative, and committed to excellence, and our faculty to continue inspiring young minds through mentorship, research, and innovation-driven teaching.

Warm regards,

Dr. Anju Mishra

AKGEC, Ghaziabad

Acknowledgment & Editorial Team

We sincerely thank the faculty coordinators, student editorial board, and design team for their dedication and teamwork in bringing out this edition of the department newsletter.

Faculty Coordinators: Mr. Pankaj Singh, Assistant Professor, IT Department

Student Editorial Board: Aviral Gupta (Roll No. 2400270130053)

Anuhska Agarwal (Roll No. 2400270130043)

Design Team: Mr. Jagdish Jha, Graphic Designer

EDITORIAL NOTE

ITMagazine — Page 6

Source: ITMagazine.pdf

The Department of Information Technology, is dedicated to delivering quality technical education with a strong emphasis on innovation, industry relevance, and holistic student development. The department consistently aligns its academic practices with the institutional vision, AICTE guidelines, and the National Education Policy (NEP) 2020, focusing on outcome-based education and continuous improvement. The department offers undergraduate programmes in Information Technology (IT) with an intake of 180 students and Computer Science & Information Technology (CSIT) with an intake of 120 students. These programs are designed to build strong foundations in computing

principles while equipping students with practical skills required by the rapidly evolving IT industry.

The department is supported by a team of highly qualified and experienced faculty members with expertise across core and emerging areas of Information Technology.

Faculty members actively engage in teaching, research, curriculum development, mentoring, and professional development activities to ensure academic excellence and student success. The major thrust areas of the department include Artificial Intelligence and Machine Learning, Data Science and Big Data Analytics, Cyber Security, Cloud Computing, Internet of Things (IoT), Software Engineering, and Web Technologies. These focus areas are integrated into academic delivery through courses, projects, certifications, and hands-on laboratory work.

The department is equipped with well-established laboratories, modern computing infrastructure, licensed software tools, and high-speed internet connectivity. The Centers of Excellence and specialized labs support advanced learning, research, and innovation activities, enabling students to work on real-world problems, interdisciplinary projects, and emerging technologies.

Department at a Glance

Research & Innovation

Innovation Spotlight

Over the past two academic years, the Department has achieved remarkable innovation milestones with more than 50 patent filings and publications, led by dedicated faculty and students. Find more information

Key highlights for 2025 include:

- Research publications: 30+
- IPR (Patents and copyrights): 50+ filed/published; 10+ patents granted

Through these contributions, the department continues to strengthen its research ecosystem, advancing scholarly excellence, and providing students with opportunities in publication, innovation, and real-world problem solving.

The IT Department continues to nurture a vibrant research culture among faculty and students. This year alone, faculty members have published over 30 research papers in

prestigious refereed journals and conferences, showcasing robust output in engineering and technology fields. A substantial number of these articles, authored by faculty and students, appear in high-impact, indexed sources such as Scopus, SCI, and ESCI. Explore the complete list of indexed publications from the department faculty on the official departmental page

FACULTY ACHIEVEMENTS

Distinguished faculty served as Session Chairs at prestigious platforms:

- Dr. Sunil Kumar - International Conference organized by Galgotias University, Greater Noida, and Chandigarh University, Chandigarh
- Dr. Anju Mishra - International Conference organized by ABESEC, Ghaziabad
- Dr. Shivani Aggarwal - International Conference organized by Symbiosis Institute of Technology, Nagpur
- Dr. Pancham Singh - International Conference organized by Raj Kumar Goel Inst. And CNR NANOTEC Italy + Hansraj College Delhi

Faculty successfully led transformative programs:

- Dr. Ruchi Gupta organized 180-hour Capgemini Student Transformation Program with ICT Academy
- Dr. Anupama delivered a talk on Building Automation Specialist Course under DGR Program on "Dynamics of Digital Media"
- Mr. Pancham Singh served as an editorial member of the edited book Automating Software Defect Detection Through ML & LLMs (IGI Global, Oct 2025)
- Dr. Anupama, Dr. Ruchi, Dr. Anju, and Dr. Shivani represented the Department of IT at WIE International Event by IEEE.

Student Achievements

Ajay Kumar Garg Engineering College (AKGEC) consistently nurtures a culture of innovation and excellence among its students. Demonstrating outstanding capabilities in

both software and hardware development, our teams have earned national accolades and prestigious awards, underscoring the institute's commitment to cutting-edge research and practical solutions. Complementing these academic achievements, AKGEC's dynamic sports programs foster teamwork, leadership, and holistic development, enriching the student experience and strengthening the college's vibrant community spirit.

INSIGHT'25 – The Knowledge Pillar, a technical and knowledge-oriented event, was organized by the IEEE AKGEC Student Chapter on October 16, 2025, from 10:00 a.m. to 12:30 p.m. at the CSIT Seminar Hall. The event aimed to foster awareness, learning, and professional growth among students by connecting them with experts from academia and industry.

IEEE (Institute of Electrical and Electronics Engineers) stands as the world's largest professional technical organization dedicated to advancing technology for humanity. It offers students global exposure through various technical events, conferences, workshops, research opportunities, and leadership programs. Additionally, IEEE supports innovation by encouraging students to work on impactful ideas and projects through grants, funding

opportunities, competitions, and mentorship under its diverse societies and programs.

The distinguished guest speaker for INSIGHT'25 was Dr. Arun Kumar Singh, Dean (Academics) at IET Lucknow and Chairman of the IETE Lucknow Centre. His presence significantly enriched the session as he shared his academic journey, professional experiences, and valuable guidance for students aspiring to build careers in core technical domains.

Industry Partnerships & Engagement

At AKGEC, the department excels in forging strong industry ties through MoUs with leading ■rms like Bosch Rexroth, Siemens, and Mitsubishi Electric. These partnerships open doors for students via internships, industrial visits, and hands-on training with organizations such as BHEL, DRDO, Samsung, and Indian Railways. A brief summary of Guest Lectures delivered by Eminent Experts are listed below:

●02 May 2025: Blockchain Technology with Cloud Computing – Mr. Ashwin Saxena, Founder CEO, CybraNeX

●

●

●

08 May 2025: Generative AI and Future Tools – Mr. Nitin Kumar Sharma, AI Manager, ICT Academy

15 May 2025: AZURE AI & Cloud Computing – Mr. Shailendra Chauhan, Microsoft MVP, Cloud Solution Architect, ScholarHat

19 May 2025: A walkover to Cybersecurity – Mr. Omesh Kumar Yadav, Senior Software Engineer, Cloud Infrastructure, Corelight, India

INDUSTRY VISITS

Each year, the department organizes strategic industry visits to give students invaluable real-world insights. The following visits took place in 2025:

●15 Jan 2025: InMorphis, Sec 132 Noida – B.Tech. (IT/CSIT) II Year

17 Jan 2025: InMorphis, Sec 132 Noida – B.Tech. (IT) II Year

●23 Jan 2025: Coca-Cola Happiness Factory, Greater Noida - B.Tech. (IT/CSIT)

●

The college's alumni mentorship program connects students with seasoned graduates for career guidance. Specialized Centers of Excellence and the Research and Industrial Consultancy Centre boost skill-building, innovation, and practical research, preparing students as industry-ready innovators committed to social impact.

The Incursion event was a full-day immersive experience conducted by the Centre of Metaverse to introduce students and enthusiasts to the fascinating world of augmented reality (AR), virtual reality (VR), mixed reality (MR), and extended reality (XR). Held on May 2nd, 2025, the event drew a total of 150 participants and included a series of interactive sessions, workshops, and a team-based competition.

Centre Of Metaverse

The Google Developers Groups successfully conducted "PROXIMITY 4.0," its annual recruitment drive to onboard talented second-year students into the club. The recruitment process was designed to identify and select the best candidates through a structured evaluation. After a rigorous selection process, 35 students were chosen as trainees for the Google Developers Group.

Gaurav Bansal

VP & Head of Intelligent Automation,

HSBC Asset Management

Gaurav Bansal's journey began at AKG Engineering College, shaped by classroom learning, late-night project work, and the nervous excitement of campus placements. During one placement interview, when asked where he saw himself ■ve years later, his answer was simple yet ambitious: "On the other side of the table." While it took

longer than planned, that vision stayed with him. Starting his career as a young engineer, Gaurav gradually learned that true impact lies in combining technology with business thinking and leadership. This belief guided his growth into a business transformation role in the financial services industry, where he now leads automation and operational excellence initiatives in asset management. Along the way, he strengthened his foundation with an Executive MBA from IIM Bangalore. Today, he mentors teams and encourages students to dream boldly, stay resilient, and trust the journey.

“Timelines may change, but clarity of vision always pays off.”

Dr. Sachin Kumar Agrawal

A Global Visionary in AI Innovation

Our institution takes immense pride in the trailblazing achievements of our alumnus, Dr. Sachin Kumar Agrawal, a world-renowned leader in Artificial Intelligence and Generative AI. With an illustrious career spanning over 21 years, Dr. Agrawal currently serves as the Associate Director of the GenAI Center of Excellence at PepsiCo, where he leads the deployment of flagship enterprise products and multimodal intelligence. His journey of excellence includes pivotal leadership roles at Sony Research India, Samsung R&D in South Korea, and Ericsson in Sweden, alongside contributions to the Irish Government Research Program. A prolific innovator with over 50 patents and research papers, he has consistently delivered "industry-first" AI

In every organization, there are individuals whose journeys quietly inspire others—leaders who don't seek the spotlight but inevitably become the reason teams succeed.

AKGEC ALUMNI 2002-2006 EE Batch, an Entrepreneurial mindset, Technophile, cleared 2007 SSB Indian-Navy education officer exam, with two decades of professional experience into sales & marketing domain. This month, we shine the spotlight on Varun Sharma, presently serving as National Manager Business Development at LUMINOUS POWER TECHNOLOGIES (A Schneider group Co.), whose story is a masterclass in focus, clarity, and resilience.

Varun approaches each situation like a storyteller—finding the arc, identifying the problem, shaping the narrative, and guiding the team toward a meaningful outcome. From Challenges to Chapters of Growth, The Leader Who Listens First, A Culture

Builder, Not Just a Manager, Looking Ahead: A Leader in the Making What makes Varun's journey compelling is that he is still building it. His next chapter promises larger responsibilities, broader influence, and a deeper role in shaping strategic outcomes

Mr. Varun Sharma

Manager Business Development

LUMINOUS POWER TECHNOLOGIES

Alumni Success Story

ITMagazine — Page 23

Source: ITMagazine.pdf

Dhruv Kumar Chaturvedi

Assistant General Manager

EIL

We are honored to feature the inspiring journey of Dhruv Kumar Chaturvedi,

A distinguished alumnus from our Batch of 2006 (Electrical Engineering).

Demonstrating excellence early on, Dhruv Kumar Chaturvedi secured a campus placement in his third year, laying the foundation for a remarkable career. Following a competitive selection process, he joined Engineers India Limited (EIL), a premier PSU under the Ministry of Petroleum and Natural Gas. Today, he serves as Assistant General Manager (Engineering) at EIL, where he has become a key figure in designing solutions across the healthcare, mobility, and consumer electronics sectors. Beyond his technical prowess, Dr. Agrawal is a celebrated artist, known for his unique collection of 200+ portraits of Lord Ganesh—a testament to the multidimensional excellence and creative depth we strive to instill in all our graduates

Ishu Bansal

Current Organization: TruckSuvidha

Designation: Founder & CEO

Ishu Bansal, an alumnus of Ajay Kumar Garg Engineering College (AKGEC), batch 2007 - 2011, Information Technology, exemplifies innovation-driven entrepreneurship grounded in strong academic foundations. During his time at AKGEC, he demonstrated academic excellence, actively participated in student societies, and was a founding member of the Software Incubator, experiences

that significantly shaped his leadership, problem-solving, and entrepreneurial mindset. Building on this foundation, he went on to establish TruckSuvidha, a digital logistics platform transforming India's unorganized trucking sector through technology-led solutions. As Founder & CEO, he has spearheaded impactful initiatives such as the digital implementation of the Uttarakhand Green Cess system.

Manish Gautam, from the Electronics and Communication batch of 1999-2003, hailed from Banaras and was a vibrant hosteller and student who took charge of the mess menu and fearlessly represented new-hostel concerns to the warden and management for its betterment. He was instrumental in organizing many college events. He became the 5th student of his batch to secure a placement. His career cut a distinct path in energy conservation and carbon-emission reduction with top firms like SHV Energy, Aggreko Energy, Honeywell, and Engie. His last assignment was as Business Head at Ever Source Capital, he hung up his corporate boots and turned entrepreneur in hospitality, building boutique hotels and fine-dining restaurants across Varanasi, Goa, and now expanding into Ayodhya and Rishikesh. Beside hospitality, he has also ventured into agri and fish farming. This year, he is developing his energy sustainability experience into a larger platform for helping people in industrial and commercial segments. He credits his alma mater, AKG, for more than just technical knowledge—college life taught him creativity, people management, and how to handle high-pressure situations, skills that now drive his success on both the energy and hospitality fronts

Manish Kumar Gautam

Entrepreneur

New Programs or Certifications

- Establishment of a dedicated AWS Academy to offer structured training and certifications in cloud computing and related technologies.
- Strategic partnerships with industry and corporate organizations to deliver industry-driven and practice-oriented education.

Development of advanced computing facilities, including a new Apple iMac

Laboratory, to support design, development, multimedia, and high-end computing requirements.

Establishment of a centrally located Physical Learning Hub as a user-centric, one-stop support facility for faculty development, pedagogical innovation, and adoption of new teaching methodologies.

The future roadmap advances adaptive IT education, staying current with global tech trends, industry demands, and societal priorities while prioritizing quality, innovation, and relevance

02 May 2025: Blockchain Technology with Cloud Computing – Mr. Ashwin Saxena, Founder CEO, CybraNeX

08 May 2025: Generative AI and Future Tools – Mr. Nitin Kumar Sharma, AI Manager, ICT Academy

The Department of Information Technology at Ajay Kumar Garg Engineering College cultivates creative, competent, and socially responsible graduates ready to advance a sustainable, tech-driven world. Undergraduate IT and CSIT programs align with 12 graduate attributes, building technical expertise, professional skills, ethics, and lifelong learning.

- Strengthening Educational Quality
- Innovative Teaching–Learning Practices
- Adoption of AI-driven assessment and feedback tools
- Digital Learning Support Systems

Academic Activities

- Hosting an International Conference.
- Hosting Faculty Development Programs
- Creation of a research-oriented academic environment for faculty and students
- Motivation and support for faculty members to apply for funded research
- Projects and grants from national and international agencies.
- Promotion of collaborative research culture involving students, faculty, and industry

new Programs or Certifications

- Establishment of a dedicated AWS Academy to offer structured training and certifications in cloud computing and related technologies.
- Strategic partnerships with industry and corporate organizations to deliver industry-driven and practice-oriented education.

OBJECTIVE OF FDP

Technology is an ever-changing battleground and those needing to stay in-charge of development need to adapt.

The current time has been characterized by the application and progression in information technology.

Information technology has filled in as a major change operator in various aspect of business and society. The main aim of this FDP is to learn emerging trends in information technology and its related applications

where people can explore new dimensions of research.

This program will provide an opportunity to interact with various experts and eminent personnel of reputed Institutions and Industries. This platform will enhance the knowledge and encourage the faculty members and researchers working in different areas of information technologies such as Cloud Computing, IoT, Artificial Intelligence, Blockchain, Cyber Security, etc. The FDP will also be focusing on different research applications and various unresolved challenges in modern research areas.

ABOUT AKGEC

Ajay Kumar Garg Engineering College (AKGEC), Ghaziabad is affiliated to Dr. A.P.J. Abdul Kalam Technical University, Lucknow, and is approved by the All India Council for Technical Education. AKGEC was established in 1998 and offers B.Tech courses in ten disciplines of engineering namely Computer Science and Engineering, Information Technology, Computer Science, Computer Science & Information Technology, Computer Science and Engineering (Artificial Intelligence & Machine Learning). Computer Science and Engineering (Data Science), Electronics and Communication Engineering, Electrical and Electronics Engineering,

Mechanical

Engineering

and

Civil

Engineering. B.Tech programs in Computer Science and Engineering, Information Technology, Electronics and Communication Engineering, Electrical and Electronics Engineering and Mechanical Engineering are accredited by NBA. The college strives for excellence and has been consistently maintaining excellent academic results and placements. The college has the distinction of being the only engineering college in the state of U.P. to have received approval from Department of Science and Technology

(DST),

Government

of

India,

for

establishment of Centre of Relevance and Excellence (CORE) in the field of Automation & Robotics. The program envisages a unique partnership between AKGEC and nine international industries to promote research, consultancy, project development and training in the emerging technological field of Automation and Robotics.

ABOUT THE DEPARTMENT

The Department of Information Technology has established a truly professional academic environment where sound and transparent teaching-learning processes are practiced by all stakeholders of the organization that helps in producing all-around competent, humane, and socially responsible industry-ready engineers who are capable of taking

challenges

from

the

ever-demanding

multi-cultural

industrial environment. At AKGEC excellence is the way of life. The department has committed to giving students an environment to nurture their talent into its fullest potential.

About the Department of CSE

The Department of Computer Science and Engineering (CSE) at Ajay Kumar Garg Engineering College (AKGEC) was established in 1998, coinciding with the inception of the college. Since its foundation, the department has been a hub of academic excellence, research innovation, and technological advancement. With a mission to empower students through quality education, practical exposure, and research-driven learning, the department continues to set new benchmarks in engineering education.

The department offers a diverse portfolio of undergraduate and postgraduate programs designed to meet the growing demand for skilled professionals in emerging areas of computing:

- ° B.Tech. Computer Science and Engineering — 180 seats
- ° B.Tech. Computer Science — 150 seats
- ° B.Tech. CSE (Artificial Intelligence & Machine Learning) — 120 seats
- ° B.Tech. CSE (Data Science) — 120 seats
- B.Tech. Artificial Intelligence & Machine Learning — 60 seats
- B.Tech. CS (Hindi) — 60 seats
- ° M.Tech. Computer Science and Engineering — 18 seats

These programs integrate strong theoretical foundations with hands-on experience, ensuring students are industry-ready and research-oriented.

The department is enriched with a team of highly qualified, experienced, and dedicated faculty members who are passionate about teaching and research. They actively engage in cutting-edge research in areas such as Artificial Intelligence, Machine Learning, Cloud Computing, Cybersecurity, and Data Science.

B.Tech and M.Tech. scholars receive continuous mentorship and dissertation guidance, leading to quality research publications in reputed indexed journals and international conferences. The department encourages faculty-student collaboration, fostering innovation and lifelong learning.

CSE Faculty Team — Department of Computer Science & Engineering

Message from the Advisor

Prof. Amita Dev

Advisor, AKGEC

amitadev@akgec.ac.in

It gives me immense pride and pleasure to present my message in the Departmental Magazine of the Computer Science and Engineering (CSE) Department of Ajay Kumar Garg Engineering College (AKGEC). The magazine reflects the department's strong commitment to academic excellence, technological innovation, research, and holistic student development.

In today's fast-evolving digital era, computer science and emerging technologies are key drivers of societal and industrial transformation. The CSE Department at AKGEC has proactively adapted to these changes by building a robust ecosystem that promotes quality education, innovative research, industry collaboration, and hands-on learning. Students' participation in initiatives such as the Smart India Hackathon and faculty engagement in research, conferences, and FDPs highlight the department's progressive outlook.

I appreciate the dedicated efforts of the faculty in shaping technically competent and ethically grounded professionals, and I commend the students for their enthusiasm, innovation, and hard work. I also congratulate the editorial team for compiling this magazine with creativity and diligence.

Best wishes,

Prof. Amita Dev

Advisor, AKGEC

Magazine-CSE — Page 5

Message from the Director

Dr. Hemant Ahuja

Director, AKGEC

director@akgec.ac.in

I am extremely pleased to share my message for this Departmental Magazine of the Computer Science and Engineering Department. This magazine is a fine reflection of the department's scholarly enthusiasm, academic rigor, and diverse contributions over the years. In today's rapidly changing technological landscape, Computer Science and Engineering plays a pivotal role in driving innovation, sustainability, and national development. The CSE Department has consistently demonstrated its commitment to quality education, state-of-the-art research, industry relevance, and the holistic development of students. The department's strong academic culture and progressive vision are evident through students' commendable performances on reputed national platforms and the faculty's active engagement in research publications, faculty development programs, conferences, and academic events that contribute meaningfully to the academic community.

I am particularly impressed by the dedication of the faculty members in mentoring students, fostering innovation, and nurturing ethically grounded and socially responsible technocrats.

I also commend the students for their commitment, talent, and sustained efforts toward excellence in academics, research, technical competitions, and co-curricular activities.

I extend my heartfelt congratulations to the editorial team for their sincere efforts in bringing out this magazine, which serves as a valuable chronicle of the department's achievements and academic journey.

I am confident that the Department of Computer Science and Engineering will continue to excel in its academic and professional endeavors in the years to come.

Dr. Hemant Ahuja

Best wishes,

Director, AKGEC

Magazine-CSE — Page 6

Message from the Head of the Department

Dr. Anu Chaudhary

HoD (CSE), AKGEC

hodcse@akgec.ac.in

It gives me immense pleasure to present the Department Magazine, which reflects the academic excellence, innovation, and collective achievements of our students and faculty members. This publication showcases the department's continuous efforts in academics, research, technical activities, and holistic student development.

The Department of Computer Science & Engineering remains committed to nurturing technical competence, critical thinking, innovation, and ethical values to prepare students for global challenges. A significant highlight of this academic year has been the outstanding performance of our students in the Smart India Hackathon (SIH) 2025 where our teams demonstrated exceptional problem-solving abilities, creativity, and technical expertise at the national level. These achievements not only bring pride to the department but also reaffirm our strong mentoring ecosystem and industry-oriented learning culture.

I sincerely appreciate the dedicated efforts of our faculty mentors for guiding the SIH teams, as well as the enthusiasm and perseverance shown by the students in translating innovative ideas into impactful solutions. Such accomplishments motivate us to further strengthen experiential learning, interdisciplinary collaboration, and innovation-driven initiatives.

I also commend the editorial team, faculty coordinators, and students who have contributed their time, ideas, and creativity to make this magazine a meaningful representation of departmental activities. I am confident that this publication will inspire readers to explore new ideas, embrace innovation, and strive for excellence.

I wish the department continued success in all its academic and professional endeavors.

Ak

Prof. (Dr.) Anu Chaudhary

Best wishes,

Head of the Department

Smart India Hackathon (SIH) 2025 Achievements

Team YUKTEK secured First Position in the Smart India Hackathon '2025 in Software Edition, held on 8—9 December 2025 at NIT Durgapur, West Bengal, by successfully working on Problem Statement 25082, which involved developing a travel-related mobile application, "TrackMate", to capture trip-related data for analysis by NATPAC. The team was mentored by Mr. Manish Kumar, led by Tanvee Saxena (III Year-CS), with team members Abhaydeep Indwar (III Year-CSE-DS), Jyotsna Bhartiya (III Year-CSE), Tanisha Jain (III Year-CS-Hindi), Aarushi Vashisth (III Year-CSE) and Arjun Gupta (III Year-AIML). This innovative solution earned the team a cash prize of ₹1,50,000, marking a significant achievement for the entire team.

» LAY RUMAR GARG

ESCINEERING COLLEGE

Team YUKTEK — Winners of Smart India Hackathon 2025, NIT Durgapur

Team SynChron secured the First Runner-Up position in the Smart India Hackathon 2025 (Software Edition), held on 8-9 December 2025 at IIT-ISM Dhanbad, Jharkhand, by successfully working on Problem Statement SIH25028, which focused on building an automated class scheduling platform for higher education institutions. The problem aimed to eliminate timetable clashes, classroom underutilization, faculty workload imbalance, and scheduling complexities arising from multidisciplinary academic structures. Team SynChron developed an intelligent timetable generation system powered by a Genetic Algorithm,

7

Magazine-CSE — Page 8

Source: Magazine-CSE.pdf

offering a flexible and adaptive approach to handle complex scheduling constraints and dynamic academic requirements. The solution incorporated all parameters defined in the problem statement and was further enhanced based on judges' suggestions during development. To elevate user experience and efficiency, the platform integrated an RAG-based chatbot for interactive assistance, an ML supported optimization layer to accelerate algorithm performance, and NLP-driven constraint handling for superior accuracy. This

innovative approach enabled highly optimized, user-friendly, and scalable scheduling for multi-departmental academic structures. Team was mentored by Dr. Pawan led by Aaryan Kumar (II YEAR-CSE), with team members Ayush Singh (II YEAR-CSE), Aaryan Aggarwal (II YEAR-CSE), Bhavya Bhardwaj (II YEAR-CSE), Amresh Chaurasiya (II YEAR-CSE), and Divyanshu Dev (II YEAR-CSE-AIML).

Team SynChron — First Runner-Up, Smart India Hackathon 2025, IIT-ISM Dhanbad

The Smart India Hackathon experience was both challenging and deeply enriching.

Building the TrackMate app for NATPAC involved intensive learning across coding, databases, and real-time trip tracking. Continuous mentoring and evaluations fostered innovative thinking, strong teamwork, and effective problem-solving, enhancing communication skills and strengthening our confidence and passion for innovation and technology.

Faculty Seminars & Research Talks

Faculty Seminars and Research Talks serve as an important academic platform for strengthening the research culture and intellectual environment within an institution. These seminars provide faculty members with an opportunity to present their ongoing research work, share innovative methodologies, and discuss emerging developments in the field of

Computer Science and Engineering. Such academic interactions encourage the exchange of ideas, promote scholarly discussions, and create a culture of continuous learning and improvement. Regular research talks also help faculty members stay updated with the latest advancements in technology, tools, and research directions, thereby ensuring that teaching and research remain aligned with global standards.

A key benefit of faculty seminars is that they promote interdisciplinary collaboration. Since computer science intersects with multiple domains such as healthcare, agriculture, cybersecurity, data science, artificial intelligence, cloud computing, and the Internet of Things, these sessions encourage faculty members to explore collaborative research opportunities across diverse areas. Discussions during seminars often lead to the identification of new research problems, development of joint projects, and preparation of proposals for funded research initiatives. Additionally, these platforms enable faculty members to receive constructive feedback from peers, refine their research objectives, and enhance the quality of their scholarly output.

For students, faculty seminars and research talks play a significant role in bridging the gap between classroom learning and real-world research practices. Exposure to faculty research presentations helps students understand how theoretical concepts are applied to solve practical problems. Students gain insights into research design, experimental procedures, data analysis techniques, and the use of advanced tools and computational models. Such sessions broaden their academic outlook and encourage them to explore emerging research areas beyond the standard curriculum.

Moreover, these seminars motivate students to develop a research-oriented mindset by familiarizing them with publication processes, ethical research practices, and the importance of innovation. Interaction with faculty researchers inspires students to pursue higher studies, undertake meaningful projects, and contribute actively to research activities within the department. Students also learn about current challenges in industry and academia, which enhances their critical thinking, analytical reasoning, and problem-solving capabilities.

Overall, faculty seminars and research talks contribute significantly to the academic excellence of the department by fostering innovation, strengthening research collaboration, and creating an environment of intellectual curiosity. They enhance the overall research ecosystem of the institution and support the development of competent professionals who are well-prepared for advanced studies, research careers, and industry challenges. By

promoting continuous learning and knowledge sharing, these sessions play a vital role in building a strong foundation for sustainable academic and technological growth. Following faculties gave seminar on their respective research topics.

In addition, these seminars provide a valuable opportunity for young faculty members and researchers to gain confidence in presenting their work and engaging in academic discussions. They also encourage faculty-student interaction, enabling students to seek mentorship for projects, internships, and research publications. The insights gained from these sessions often contribute to curriculum enrichment, ensuring that students learn contemporary concepts relevant to industry demands. Furthermore, regular seminars strengthen the department's visibility by supporting high-quality publications, patents, and

10

Magazine-CSE — Page 11

collaborative research outcomes, ultimately contributing to institutional ranking, accreditation requirements, and long-term academic reputation.

Student Achievements (Technical & Sports)

In alignment with the institutional vision of AKGEC, the department ensures a supportive academic ecosystem that promotes the holistic development of students through academic, co-curricular, and extracurricular engagements. The department actively encourages student participation in technical, sports, and cultural activities to enhance professional competence, leadership qualities, teamwork, and overall personality development.

During the academic year 2025-26, CSE department student participations were recorded across various competitive platforms. These participations included technical events, sports activities, and cultural programs, demonstrating balanced student involvement beyond academics. Students from Computer Science & Engineering programs actively represented the department.

Student participation was observed at multiple levels, including college, university, state, national and international level competitions. The events were organized by internal institutional bodies, universities, and external professional organizations, and were conducted in both offline (various cities) and online modes, ensuring wider exposure and accessibility.

The achievements and participation outcomes reflect the effectiveness of the department's student-centric ecosystem and substantiate compliance.

A collage of photographs documenting these events and student achievements is presented on the subsequent page as supporting evidence.

Mentorship Program Activities

The Mentorship Programme conducted during the odd Semester 2025-26 provided an enriching academic support system where experienced students mentor new students. The initiative aimed to foster confidence, encourage open communication, and enhance academic

performance.

Third-year Computer Science and Engineering students actively mentored 2nd year students in core subjects such as Data Structures (BCS301) and Computer Organization and Architecture (BCS-302). The personalized attention offered by the mentors created a friendly and supportive learning environment, enabling students to freely discuss doubts and strengthen their understanding.

Special emphasis was placed on students who were hesitant to ask questions in regular classrooms. Mentors ensured thorough guidance by covering all topics and familiarizing students with examination patterns through discussions on previous years' question papers. The programme played a significant role in improving conceptual clarity, boosting confidence, and motivating students towards academic excellence.

Mentor Name	Subject Name	Subject Code
-------------	--------------	--------------

Computer Organisation and Architecture	BCS 302/ BCS 302H	
--	-------------------	--

Priyanshi Porwal	Architecture	
------------------	--------------	--

Nishi Sharma	BCS 301/ BCS 301H	
--------------	-------------------	--

Pranav Jain	Computer Organisation and Architecture	BCS 302/ BCS 302H
-------------	--	-------------------

Bharat Kohli	Data Structure	BCS 301/ BCS 301H
--------------	----------------	-------------------

Ritik Kr Pandey	Computer Organisation and Architecture	BCS 302 / BCS 302H

Faculty Development Programs (FDPs) Organized

Generative AI for Holistic Healthcare: Smart Analytics for Humans and

Crops

The Department of Computer Science & Engineering successfully organized an offline six-day AICTE-sponsored ATAL Faculty Development Programme (FDP) on “Generative AI for Holistic Healthcare: Smart Analytics for Humans and Crops.” The programme served as a valuable academic platform to explore the transformative role of Artificial Intelligence in improving healthcare systems and agricultural productivity. It witnessed enthusiastic

participation from faculty members, researchers, and professionals, and brought together renowned experts from academia, research organizations, and industry.

The FDP aimed to enhance participants' understanding of emerging AI paradigms, particularly Generative AI, and its application in building intelligent solutions for human health and crop analytics. The sessions emphasized the need for data-driven decision-making and smart predictive models to address real-world challenges such as disease diagnosis, clinical assistance, personalized treatment planning, crop disease detection, yield prediction, and sustainable farming practices.

The programme featured expert lectures and hands-on discussions on advanced topics including Machine Learning, Deep Learning, Reinforcement Learning, Federated AI, Computational Biology, AI-enabled Security, Robotic Process Automation (RPA), and Clinical Decision Support Systems. Participants gained deep insights into the design and deployment of AI models for medical imaging, healthcare monitoring, genomic research, and agriculture-based intelligent systems. Special focus was given to privacy-preserving AI techniques and secure analytics frameworks for handling sensitive health and agricultural data.

A major highlight of the FDP was the industrial visit to the National Institute of Immunology (NII), New Delhi, where participants were exposed to advanced laboratory infrastructure and real-time immunology research practices. The visit provided a practical perspective on how AI and computational tools can support biomedical research, diagnostics, and drug discovery. It also strengthened the linkage between academic learning and applied research. Overall, the FDP successfully enriched the knowledge base of participants, encouraged interdisciplinary collaboration, and promoted innovative research thinking in the domains of healthcare and agriculture. The event contributed significantly towards capacity building and supported the vision of developing intelligent, secure, and sustainable AI-driven solutions for societal benefit.

In addition, the FDP provided a strong networking opportunity for participants to exchange ideas, share research interests, and explore future collaborative projects. Interactive sessions and expert guidance helped faculty members identify potential applications of Generative AI in their teaching, research, and consultancy work. The programme also motivated participants to integrate modern AI tools into academic curricula and student projects. By highlighting real-world case studies and emerging trends, the FDP strengthened awareness

of AI's role in building resilient healthcare systems and smart agriculture practices, aligning with national initiatives such as Digital India and Atmanirbhar Bharat.

International Conference Organized

2nd International Conference on Advanced Computing and Emerging

Technologies (ACET-2025)

Department of CSE successfully organized the 2025 24 International Conference on

"Advanced Computing and Emerging Technologies (ACET-2025)". The two-day event, held on November 21-22, 2025, was technically co-sponsored by IEEE UP Section. Distinguished

speakers, including Prof Amita Dev (Advisor, AKGEC), Prof. (Dr.) R. K. Chaudhary (IIT Kanpur), and Chief Guest Prof. (Dr.) S. N. Singh (Director, ABV-IIITM Gwalior),

highlighted the global impact of emerging technologies and the accelerating digital

revolution. International experts such as Prof. (Dr.) Shuai Li (Finland), Col. L. S. Chauhan

(Indian Army), Mr. Rahul Autade (USA), Mr. Kanhiya Manuja (Canada), Prof. (Dr.) Akshay

Rathore (Singapore), Mr Umesh Sharma (Barco Electronics, India), Prof Varun Kakar

(BTKIT, India) and Prof Arun Kr Singh (REC, Kannauj) shared cutting-edge insights on AI,

sustainability, automation, and digital transformation.

With a record 1172 submissions, only 200 papers selected after a rigorous review process, ACET-2025 stood out as one of India's most competitive conferences. The valedictory session, graced by Prof. (Dr.) Mohd Rihan (Director General, NISE) and Prof. (Dr.) Asheesh K. Singh (MNNIT, Prayagraj), emphasized innovation for national development and global research opportunities. Supported by MeitY, GMA, Atisunya Pvt Ltd, and IEEE UP Section, the conference was led by Dr. Anu Chaudhary, Dr Shashank Sahu, Dr. Ayushi Prakash and Dr. Avdhesh Gupta, successfully positioning AKGEC as a global hub for cutting-edge research, technological excellence, and multidisciplinary collaboration.

Programming Club Activities

Programming Club

The Programming Club of Ajay Kumar Garg Engineering College (AKGEC) is a structured academic and professional body established with the objective of enhancing students' competencies in programming, algorithmic thinking, and problem-solving. The club functions as an integral part of the institution's outcome-based education framework by complementing the formal curriculum with hands-on learning, competitive exposure, and mentorship-driven skill development. It provides a systematic platform for students to translate theoretical knowledge into practical expertise aligned with current industry and global competitive standards.

In the contemporary technological landscape, proficiency in programming extends beyond syntax and language familiarity to include analytical thinking, optimization, and structured solution design. The Programming Club addresses these requirements by focusing on Competitive Programming and Data Structures & Algorithms (DSA), thereby supporting students in achieving academic excellence, employability, and research preparedness. The club plays a significant role in strengthening the institution's academic ecosystem through continuous student engagement and performance-driven outcomes.

Vision

The vision of the Programming Club is to develop a robust ecosystem that promotes excellence in programming, algorithmic thinking, and computational problem-solving, thereby producing technically competent graduates capable of performing effectively in competitive, research, and professional environments.

The club envisions:

- e Establishing a strong culture of logical reasoning and analytical thinking among students.
- e Preparing students to perform at national and international competitive programming platforms.
- e Enhancing students' readiness for higher studies, research, and industry requirements.
- e Creating future mentors, innovators, and leaders in the domain of computer science and allied fields.
- e Contributing to the institution's academic reputation through sustained student achievements.

22

Magazine-CSE — Page 23

Source: Magazine-CSE.pdf

The vision is aligned with the institutional mission of providing quality technical education and promoting holistic student development.

Mission

The mission of the Programming Club is to provide structured, continuous, and outcome-oriented training in Data Structures, Algorithms, and Competitive Programming through organized academic and co-curricular activities.

The club aims to:

- e Conduct regular workshops, training sessions, and hands-on coding practices.
- e Facilitate participation in national and international competitive programming contests.
- e Provide mentorship through senior students, alumni, and faculty coordinators.
- e Encourage collaborative learning and peer-assisted problem-solving.
- e Identify and nurture talented students for advanced competitive and professional

opportunities.

These mission objectives support the attainment of Programme Outcomes (POs) and Programme Specific Outcomes (PSOs) as prescribed under NBA guidelines.

Purpose and Objectives

The primary purpose of the Programming Club is to supplement the academic curriculum with experiential learning opportunities that enhance students' technical competence and professional preparedness. The club serves as a bridge between classroom instruction and real-world problem-solving.

The specific objectives include:

1. Skill Enhancement: To strengthen students' understanding of core computer science concepts through practical implementation.
2. Competitive Readiness: To prepare students for competitive programming contests and technical assessments.
3. Employability Development: To improve students' performance in technical interviews and placement processes.
4. Academic Enrichment: To promote analytical thinking, innovation, and lifelong learning.
5. Leadership and Teamwork: To develop communication, leadership, and collaborative skills among students.

Workshops and Training Programs

Regular workshops are conducted on foundational and advanced topics such as arrays, linked lists, stacks, queues, trees, graphs, dynamic programming, greedy algorithms, and advanced data structures. Sessions are designed with defined learning objectives, hands-on problem-solving, and outcome evaluation.

Coding Practice and Internal Competitions

The club organizes regular coding practice sessions and internal contests to simulate competitive environments. These activities help students improve accuracy, time management, and logical efficiency.

Participation and Stakeholder Involvement

The Programming Club is open to students from all academic years and disciplines with an interest in programming. Participation is based on motivation and willingness to learn rather than prior expertise, ensuring inclusivity and equal opportunity. Active student contributors over the years include Aakarsh Singh, Ayush Agrawal, Paras Upadhyay, Kapish Upadhyay, Shreyansh Mittal, Utkarsh Shukla, Satvik Maheshwari, Utkarsh Kumar Yadav, and Shreyansh Mohan, among others. Faculty coordinators provide academic oversight and ensure alignment with institutional objectives. Alumni engagement remains a key strength of the club's sustainability model.

Achievements and Outcomes

The Programming Club has demonstrated consistent performance in prestigious competitive programming platforms, particularly the International Collegiate Programming Contest (ICPC). The club's teams have qualified as Regionalists in multiple editions, including performances at the Kanpur, Chennai, and Amritapuri regional sites.

In 2024, the club achieved Regionalist status at the Amritapuri Doublesite Regional Contest and received Team Excellence recognition. These achievements reflect the effectiveness of the club's structured training methodology, teamwork, and academic rigor.

The outcomes of the club's activities are evident in improved student performance in competitions, placements, internships, and higher education pursuits.

Role of Alumni and Mentorship

Alumni involvement plays a significant role in the continuous improvement of the Programming Club. Alumni such as Raghved Kumar and Suresh Upadhyay contribute through mentorship, guidance sessions, and knowledge sharing. Their professional achievements provide role models for current students and reinforce the importance of strong fundamentals and consistent practice.

Programming Club: Building Excellence in Competitive Programming and DSA

Workshops Organized

Cloud 2.0: Accelerating Transformation through Automation:

The Department of Computer Science and Engineering (CSE) organized a one-day expert

talk on “Cloud 2.0: Accelerating Transformation through Automation” on 13th October 2025 for 3rd-year CSE students. The session was conducted by Mr. Tushar Kaushik, Senior Cloud and DevOps Solution Architect, Sapient Technologies Pvt. Ltd., Gurgaon. The talk aimed to provide insights into the evolving landscape of Cloud Computing 2.0, emphasizing the integration of automation, DevOps, and AI-driven cloud operations that are redefining modern IT infrastructure and enterprise digital transformation.

Expert Talk on Cloud 2.0: Accelerating Transformation through Automation

One-Day Workshop on Applied Statistics:

The Department of Computer Science and Engineering successfully organized a One-Day Workshop on “Applied Statistics” on 13th October 2025 in association with Froyo Technologies Pvt. Ltd., Noida. The workshop was specifically designed for M.Tech Ist Year students to strengthen their conceptual and practical understanding of statistical methods and their applications in research and data-driven decision-making.

The session was conducted by Mr. Rajinder Chitoria, Founder & Director, Froyo Technologies Pvt. Ltd., who shared his extensive industry experience and insights into real-world applications of statistics in technology and research domains.

Digital India Talk Show:

The Department of Computer Science & Engineering, Ajay Kumar Garg Engineering College (AKGEC), successfully organized the “Digital India Talk Show” on October 9, 2025, in collaboration with the National e-Governance Division (NeGD), MeitY, Government of India. The event highlighted key initiatives such as DigiLocker, UMANG, ABC—NAD, and the Digital Data Protection Act 2023, aiming to promote awareness on cybersecurity, digital governance, and e-literacy. Experts from NeGD shared valuable insights on building a digitally empowered and secure India.

How Prompts Shape Intelligence:

The Art and Science of Talking ToMachines: The Department of Computer Science and Engineering (CS Branch) successfully organized a one-day talk titled “How Prompts Shape Intelligence: The Art and Science of Talking To Machines” on 4 September 2025. The session aimed to bridge the gap between theoretical knowledge and practical applications of artificial intelligence, focusing on effective communication with machines through well-designed prompts. The resource person for the talk was Mr. Samrat Mukherjee, AI and Data Analytics Expert, Senior Manager Data Analyst, Abbott India Limited, Noida. Mr. Mukherjee delivered an insightful talk on how prompts act as the foundation for guiding machine intelligence. Mr. Mukherjee explained the art and science of designing prompts and their significance in applications such as chatbots, generative AI tools, and natural language processing systems.

Mini Anveshana (2025-26)

Ajay Kumar Garg Engineering College (AKGEC) successfully organized Mini Anveshana 2025-26 on 14-15 October 2025a vibrant two-day event dedicated to promoting creativity, innovation, and technological excellence among students. The programme witnessed enthusiastic participation from 113 student teamswho presented innovative and impactful projects aimed at solving real-world challenges through engineering and scientific approaches. The event provided an excellent platform for students to showcase their technical skills, creativity, and problem-solving abilities. Several remarkable projects were displayed, reflecting the institution's commitment towards nurturing innovation-driven learning and entrepreneurship.

The winners of the competition were:

1st Prize “Vasuki— Disaster Site Snake Bot” by Rakhi Sharma, Utkarsh Raj, and Garvit Sharma (IT)

2nd Prize: “Gyan-Dhwani Akpowered Call Assistant” by Mrigank Raj and Satvat Navid (CSE)

3rd Prize: “Sanraksham — Smart Chest Strap” by Tushar Saini and Nitigya Garg (CSE)

Ath Prize: “Oral Cancer AI Screener” by Raj Aryan and Nitish Kumar (IT)

5th Prize: “Woman Safety Device” by Jatin Mishra and Mayank Sharma (CSE—AIML)

A special mention was given to the Top 20 teams who received consolation certificates for their commendable efforts and innovative contributions. The event was further strengthened by the valuable evaluation and insights shared by distinguished expert panellists Dr. Rohit Singh (Shiv Nadar University), Mr. Salman Khursheed Ahmad (Galgotias University) and Ms. Shashibala Agarwal (MAIT). Overall, Mini Anveshana 2025-26 stood as a testimony to the collaborative spirit, passion, and innovative culture of AKGEC, inspiring students to convert ideas into impactful technological solutions.

Design & Thinking Workshop

The Department of Computer Science & Engineering successfully organized a Design & Thinking Workshop on 4th September 2025 in collaboration with the Agastya International Foundation. The workshop was conducted for 3rd-year B.Tech students with the objective of strengthening their innovation and problem-solving capabilities through the “Five Steps of Innovation.” The session aimed to move beyond theoretical learning by providing students with a structured framework to identify challenges, analyze user needs, and develop effective solutions for real-world problems.

The workshop included interactive discussions and hands-on activities that encouraged active participation and creative thinking. The feedback received was highly encouraging,

with more than 96% of students rating the workshop as “Very Good” or “Excellent,” and nearly 95% students expressing confidence applying these skills in future academic and project work. Students found the “Empathize” and “Ideate” stages most insightful and described the session as innovative, engaging, and inspiring, especially for addressing rural challenges.

ACM Student Chapter

Hour of Code 4.0

On 7th November 2025, the ACM student chapter at Ajay Kumar Garg Engineering College held its annual "Hour of Code" coding competition. The event was a great success, with 100 students from the college participating. The competition consisted of a series of coding challenges in languages such as C, C++, and Java. The challenges were designed to test the students' problem-solving skills and knowledge of programming concepts such as loops, variables, and data types. The competition was fierce, with students working hard to complete the challenges as quickly and accurately as possible. The competition consisted of a series of coding challenges, designed to test the students' skills and knowledge in a variety of programming languages. The winners of the competition were awarded with cash prize and certificates.

Faculty Participation in FDPs / Conferences / Workshops

The faculty members of the Department of Computer Science and Engineering (CSE), AKGEC, continually strive to enhance their academic and professional expertise through active participation in Faculty Development Programmes (FDPs), workshops, and training

sessions organized by reputed institutions.

During the academic session, several faculty members attended FDPs focusing on emerging technologies including Artificial Intelligence, Machine Learning, Deep Learning, Data Science, Cloud Computing, Cybersecurity, Internet of Things (101), and Generative AI. These programmes provided valuable insights into the latest advancements in teaching-learning methodologies, research innovations, and industry trends.

Participation in such initiatives not only strengthens the technical proficiency of the faculty but also enhances the academic ecosystem of the department by integrating contemporary knowledge, innovative pedagogies, and research-oriented practices into the curriculum. The department takes pride in its faculty's dedication to continuous learning, upskilling, and contributing towards academic excellence.

Patent Filed / Published

A published patent represents an innovative idea made publicly accessible after formal examination. It protects intellectual property, promotes technological dissemination, and encourages research-driven development. Patent publication enables knowledge sharing, prevents duplication, and inspires further innovation while recognizing the inventor's contribution to scientific and industrial advancement. Faculty members of AKGEC are actively involved in publishing patent and innovations.

Research Papers Published/Presented

The Computer Science & Engineering (CSE) faculty at Ajay Kumar Garg Engineering College (AKGEC), Ghaziabad actively contribute to research through publications and conference presentations. Faculty members have published numerous papers in peer-reviewed and indexed journals as well as at national and international conferences, contributing to fields like machine learning, deep learning, IoT, security, and health-care analytics. Recent specific CSE publications include works on disease prediction using machine learning, security in AI applications, gesture recognition with deep learning, IoT-based accident detection systems. These efforts reflect the department's strong research culture and scholarly output.

E-CONNECT:

Where Signals Meet Innovation 2025

Ajay Kumar Garg Engineering College, Ghaziabad

Department of Electronics and Communication Engineering

Magazine-ECE — Page 2

Source: Magazine-ECE.pdf

About the Department

Department of Electronics and Communication Engineering at AKGEC was established in 1998.

The department provides an outstanding research environment complemented by excellence in teaching. Ever since its inception, the department has been a pioneering academic centre for

technical education, research and innovation in all major areas of Electronics and Communication

Engineering. The department is organized in tune with these latest developments in terms of

curriculum, well-qualified faculty and the state-of-the-art labs for B.Tech. (UG course) in

Electronics & Communication Engineering along with M. Tech. (PG course) in Electronics &

Communication Engineering. Approved intake of B.Tech. (ECE) course is 180 students and for the

M. Tech. (ECE) course it is 18 students.

The department has adequate number of laboratories as per requirement (strength of students in the department and number of practical courses mentioned in syllabus scheme). These laboratories are fully equipped with latest / modern hardware kits / equipment's, software tools and consumables.

ECE labs have all the basic as well as advanced level facilities to fulfill the requirements of UG, PG

and PhD level courses. These laboratories are fully utilized by the students and faculty members of ECE department for performing the practical experiments, doing the Project Work and Research Activities (R & D). One dedicated Lab Staff member is always present in each laboratory room. Responsibility of each lab room also has been assigned to a Faculty Lab Incharge to ensure regular maintenance and up-gradation of laboratories. ECE department also has established Texas Instruments-Centre of Excellence Lab, NI-LabVIEW Academy, Virtual Lab (with IIT Kanpur) and IoT Lab etc. in collaboration with reputed industries and academic institutes. The department has its technical society-Phoenix. The society organizes many technical competitions, quizzes, technical seminars, mock interviews, aptitude tests, project exhibition and technical paper presentation etc. for the students. ECE department also has an active IEEE-Communication Society student branch chapter for organizing / participating various events at international level.

E-CONNECT: WHERE SIGNALS MEET INNOVATION

AKGEC

GHAZIABAD

E-CONNECT: Where Signals Meet Innovation

1

It gives me immense pleasure to know that the

Department

of

Electronics

and

Communication

Engineering, Ajay Kumar Garg Engineering College,

Ghaziabad, is bringing out its Department Magazine for

the year 2025. Such publications serve as an important

academic platform to document intellectual growth,

innovation

and

collective

achievements

of

the

department.

The field of Electronics and Communication Engineering continues to be a driving force behind technological transformation, impacting areas such as communication systems, VLSI, embedded systems, IoT, artificial intelligence and sustainable technologies. In this rapidly evolving landscape, academic departments must not only impart technical knowledge but also nurture creativity, ethical responsibility, research aptitude and societal awareness among students.

I appreciate the sustained efforts of the ECE faculty in strengthening academic rigor, research culture, industry engagement and student-centric initiatives.

This magazine reflects the department's commitment towards excellence, innovation and holistic development. I am confident that it will inspire students to pursue higher learning, research and responsible professional practice.

I congratulate the Head of the Department, faculty members, students and all contributors for their dedication in bringing out this publication and wish the department continued success in its academic and professional endeavours.

Best Wishes

Prof. Amita Dev

Advisor

AKGEC, Ghaziabad

Message from the Advisor's Desk

Magazine-ECE — Page 4

E-CONNECT: WHERE SIGNALS MEET INNOVATION

AKGEC

GHAZIABAD

E-CONNECT: Where Signals Meet Innovation

2

I am pleased to note that the Department of Electronics and Communication Engineering is publishing its Department Magazine for the year 2025. The magazine is a meaningful reflection of the academic environment, technical activities, achievements and creative expressions of both students and faculty.

The ECE Department at AKGEC has consistently demonstrated commendable progress in academics, laboratory development, research activities, industry collaboration and student achievements.

The department's focus on outcome-based education, hands-on learning, and adoption of modern tools and technologies has significantly contributed to enhancing students' technical

competence
and
professional
readiness.

This magazine not only showcases departmental accomplishments but also encourages students to develop technical writing, innovation and teamwork skills that are essential for their future careers. I appreciate the sincere efforts of the Head of the Department, faculty coordinators, editorial team, and students involved in preparing this publication.

I extend my best wishes to the ECE Department for continued growth, excellence and hope that this magazine will motivate the academic community to achieve greater milestones in the years ahead.

Best Wishes

Prof. Hemant Ahuja

Director

E-CONNECT: Where Signals Meet Innovation

3

It gives me immense pleasure to present this issue of the
Department
of
Electronics

&

Communication

Engineering magazine. This publication reflects the collective academic spirit, creativity and technical competence of our students and faculty members.

The field of Electronics and Communication Engineering is evolving rapidly, driven by innovations in VLSI, Embedded Systems, Signal Processing, Communication Networks, IoT and AI-enabled technologies. Our department continuously strives to keep pace with these advancements by fostering a strong foundation in core concepts while encouraging research, innovation, and hands on learning.

This E-CONNECTS: Where Signals Meet Innovation magazine serves as a platform to showcase departmental highlights, events organized by the department, faculty and student's achievements, research insights, project work and creative expressions, highlighting the intellectual curiosity and problem-solving skills of our students. I appreciate the efforts of the editorial team who have worked diligently to bring out this edition.

I hope this magazine inspires readers to explore new ideas, strengthen their technical skills and contribute meaningfully to society through engineering solutions. I wish the department continued success in its academic and research endeavors.

Best Wishes

It is with great pride and enthusiasm that we present this edition of E-CONNECT: Where Signals Meet Innovation, the departmental magazine of the Electronics & Communication Engineering Department. This publication reflects the vibrant academic ecosystem, technological progress and innovative spirit that define our department.

E-CONNECT serves as a platform to document and celebrate the department's achievements, academic initiatives, research activities, industry collaborations and student accomplishments.

From

infrastructure

advancements

and

state-of-the-art

laboratories to expert talks, industrial visits, technical events and faculty–student interactions. This issue captures the collective efforts that drive excellence in teaching, learning and research.

The magazine also highlights faculty achievements, research contributions, publications, patents and recognitions, showcasing the department's commitment to continuous professional development and knowledge creation. Student participation in technical competitions, placements, internships, sports and co-

curricular activities further reflects the holistic development nurtured within the department.

We express our sincere gratitude to the Head of the Department, ECE, for constant guidance and encouragement. We also thank all faculty members, students, contributors, and coordinators whose dedication and teamwork made this publication possible.

We hope that E-CONNECT inspires readers to explore emerging technologies, strengthen innovation-driven thinking and uphold the values of collaboration and excellence. We look forward to your valuable feedback and continued support in making future editions even more impactful.

Warm Regards

Achievements of the department

Two Days Bi-Lingual AICTE Sponsored Workshop

The Department of Electronics and Communication Engineering (ECE) at Ajay Kumar Garg Engineering College (AKGEC), Ghaziabad, received a financial grant of ₹2,00,000/- under the AICTE-VAANI Scheme and successfully organized a two-day bilingual workshop titled “Front-End to Back-End: Innovation and Practice in VLSI Design” on 26–27 September 2025. Conducted primarily in Hindi, the workshop aligned with the objectives of the VAANI initiative by making advanced technical knowledge more accessible and highlighting the importance of VLSI design and semiconductor technologies in India's technological growth and self-reliance.

Magazine-ECE — Page 9

E-CONNECT: WHERE SIGNALS MEET INNOVATION

AKGEC

GHAZIABAD

E-CONNECT: Where Signals Meet Innovation

7

The workshop benefited faculty members, undergraduate and postgraduate students and research scholars of ECE and allied branches by providing insights into the complete VLSI design flow from front-end design to back-end implementation. The sessions helped participants connect theoretical concepts with practical industry practices, while the use of Hindi encouraged better understanding and active participation.

At a time when semiconductor and VLSI technologies are central to modern electronics, AI hardware and communication systems, the workshop proved highly relevant. It enabled AKGEC faculty to update their technical expertise for teaching and research and helped students enhance their industry readiness, career prospects and interest in advanced electronics. Overall, the program strengthened the department's academic environment and reaffirmed AKGEC's commitment to quality technical

education and innovation.

IEEE Day-2025 Celebrations

A grant of ₹10,000/- was sanctioned by the IEEE Uttar Pradesh Section to the IEEE Communication Society Student Branch Chapter of the Department of Electronics and Communication Engineering at Ajay Kumar Garg Engineering College (AKGEC) for organizing a series of activities as part of the IEEE Day-2025 celebrations. The IEEE student chapter at AKGEC has remained an active and vibrant technical community, regularly conducting professional and student-centric events that promote technical awareness, leadership and global exposure beyond the classroom.

As part of these celebrations, an IEEE Membership Promotion Activity was organized from 10th October 2025 onwards under the campaign title “Connect Today: Lead Tomorrow – Be Part of the IEEE Community.” The initiative aimed to raise awareness among students and faculty members about the academic, professional and research benefits of IEEE membership, including access to technical resources, international conferences, professional networking opportunities and leadership opportunities. The activity reflected the chapter’s continuous efforts to strengthen student engagement with global engineering platforms.

Such initiatives play a crucial role in shaping students into confident and industry-ready professionals by encouraging lifelong learning, collaboration and participation in a global technical community. Through regular events, such as membership drives, expert talks and technical activities, the IEEE local chapter at AKGEC continues to nurture professional ethics, technical competence and leadership skills among students, thereby significantly contributing to their overall academic and professional development.

The IEEE Student Branch of Ajay Kumar Garg Engineering College (AKGEC) launched an IEEE Membership Promotion Activity in celebration of IEEE Day 2025, starting from 10th October 2025. The campaign, titled “Connect Today: Lead Tomorrow – Be Part of the IEEE Community”, aimed to create awareness about the benefits of IEEE membership among students and faculty members.

Informative digital posters and emails were circulated across the campus, highlighting opportunities for research collaboration, career development, technical resources and global networking offered by IEEE. The activity encouraged students to become part of the world's largest technical professional community, dedicated to advancing technology for the benefit of humanity.

The IEEE Student Branch, Ajay Kumar Garg Engineering College (AKGEC) successfully organized an Expert Talk on “The Silicon Renaissance: Unleashing Innovation Through Advanced Semiconductor Technologies” on 13th October 2025 as a part of the IEEE Day-2025 Celebrations.

The session was delivered by Dr. Mansi Jhamb, Senior Faculty at Guru Gobind Singh Indraprastha University, New Delhi. Dr. Jhamb captivated the audience with an engaging session on emerging semiconductor materials, novel device innovations and their impact on next-generation electronics.

She also conducted a live demonstration using an STM32 microcontroller to implement a

cryptography algorithm through the VIVADO Tool, offering students practical exposure to hardware-level implementation of secure digital systems. The event witnessed active participation from 2nd year ECE students along with IEEE Student Chapter members. It provided a great learning opportunity for students to bridge theoretical knowledge with real-world semiconductor applications.

The ECE Department successfully organized a Technical Workshop titled “From Code to Simulation: A MATLAB Exploration Workshop” on 16th October 2025, marking the conclusion of activities conducted under the IEEE Day-2025 Celebrations. The workshop was designed to enhance the technical competency of 2nd-year ECE students by providing a comprehensive understanding of key concepts such as the Basics of MATLAB, Applications and Industrial Scope of MATLAB, Programming Fundamentals and an Introduction to Machine Learning with MATLAB, complemented by an extensive hands-on practice session.

The valedictory session of the workshop was graced by the Chief guest, Dr. Arun Kumar Singh, Dean Academics & HoD ECE, REC Kannauj and the HAC Chair, IEEE UP Section. The winners of the workshop were awarded prizes, goodies, and certificates by Dr. Arun Kumar Singh and Dr. Neelesh Kumar Gupta, Prof. & HoD ECE, AKGEC, Ghaziabad.

Infrastructure Updates

VLSI R&D Lab – Centre of Excellence (CoE)

The Department of Electronics and Communication Engineering (ECE) at Ajay Kumar Garg Engineering College (AKGEC) has established a state-of-the-art VLSI Research & Development Laboratory as a Centre of Excellence (CoE) to strongly promote a culture of research, innovation and advanced learning within the department. The laboratory is equipped with modern Electronic

Design Automation (EDA) tools, including Cadence, Tanner, Visual TCAD, Symica, and Xilinx Vivado, enabling students and faculty members to work on contemporary challenges in VLSI design and semiconductor technologies. This dedicated facility acts as a hub for cutting-edge research, sponsored and self-driven projects, hands-on training and meaningful internship opportunities. The upgraded CoE reflects the department's clear focus on strengthening research-oriented education, where theoretical knowledge is seamlessly integrated with practical and experimental learning. Students gain in-depth exposure to real-world semiconductor design flows, encouraging them to pursue innovation-driven projects, high-quality publications and industry-relevant skill development. Faculty members also benefit significantly from this advanced infrastructure, as it supports interdisciplinary research, funded projects, consultancy and collaboration with industry and academia, further reinforcing the department's commitment to excellence in research and development. Overall, this Centre of Excellence stands as a strong testament to the department's vision of nurturing skilled researchers, competent engineers and future leaders in the field of VLSI and semiconductor technologies.

New Equipment & Software Tools Added in ECE

Laboratories (2025)

The Department of Electronics and Communication Engineering (ECE) at Ajay Kumar Garg Engineering College (AKGEC) continues to strengthen and modernize its laboratory infrastructure through regular upgrades, thereby supporting advanced learning, experimentation and research-driven education. In 2025, the department added several advanced tools and equipment, including the Computer Simulation Technology (CST) Studio Suite Research Pack for high-frequency electromagnetic, antenna and RF research, along with Digital Storage Oscilloscopes (DSOs) and Digital Multimeters for precise signal measurement and analysis. To further support circuit prototyping and experimentation, multiple power supplies and function generators were introduced,

along with IC testers for device characterization and verification.

In addition, new trainer kits for the study of photodiodes, solar cells, BJT multistage amplifiers and MOSFET frequency response were installed, enabling students to gain deeper practical insights into semiconductor devices and analog electronics. These enhancements significantly enrich hands-on learning, encourage project-based innovation and improve the overall quality of laboratory-based education. The continuous upgradation of these facilities is being carried out under the supervision of Dr. Neelesh Kumar Gupta, Prof. & HoD, ECE reflecting the department's strong commitment to academic excellence, practical competence and a vibrant research culture.

Induction Program for II Year ECE Students

The Department of Electronics and Communication Engineering at Ajay Kumar Garg Engineering College, Ghaziabad conducted an Induction Program for second-year students on 22nd August 2025 under the guidance of Prof. Hemant Ahuja, Director, AKGEC, Ghaziabad. The session led by Dr. Neelesh Kumar Gupta, Professor and HoD, ECE department highlighted the scope of ECE, emerging technologies, academic regulations and departmental resources. Students were also introduced to various departmental clubs and societies, encouraging active participation. The program successfully oriented students towards their academic journey and future career opportunities.

MoU

The ECE Department achieved a successful milestone by receiving official approval from the IEEE-UP section to organize an International Conference, technically co-sponsored by the IEEE UP Section. An MoU in this regard has also been signed between the ECE Department, AKGEC, Ghaziabad and the IEEE-UP Section. The ECE department's conference will be titled "International Conference on Innovations in Electronics, Communication and Computing Techniques (IEC2T-2026)" and is scheduled for 9th–10th September 2026.

Events Organized

Expert Talks

Bridging Academia and Industry: Real-World VLSI Design Insights

The Department of Electronics and Communication Engineering (ECE) at Ajay Kumar Garg Engineering College (AKGEC), Ghaziabad, organized an expert talk on "Practical Implementation of VLSI Design in Industry" on 8th November 2025 for third-year ECE students as part of their Mini Project/Internship (BEC-554) course. The session was delivered by Vaibhav Mishra, Founder of Pine Training Academy, Noida. The talk provided students with first-hand exposure to real-world VLSI design workflows, FPGA implementation and the effective use of industry-standard EDA tools such as Cadence, Synopsys and Xilinx, while also highlighting the rapid growth of India's semiconductor ecosystem.

During the interaction, the speaker discussed multiple career opportunities available to ECE students in the VLSI and semiconductor domain. Students were introduced to roles such as VLSI Design Engineer, focusing on front-end and back-end IC design; FPGA Design Engineer, working on prototyping and hardware acceleration; and Physical Design and Verification Engineer, ensuring performance, power and reliability of complex chips. Career options in EDA tool development and application engineering, ASIC/SoC design and semiconductor testing and validation were also

AKGEC

GHAZIABAD

E-CONNECT: Where Signals Meet Innovation

16

emphasized. The speaker further highlighted opportunities in research and higher studies, product-based companies, start-ups and core semiconductor industries aligned with India's national semiconductor initiatives. Organized under the VLSI Design Internship course and mentored by Dr. Uma Sharma, Dr. Tukur Gupta, Dr. Pankaj Goel and Dr. Lokesh Soni, the session served as a strong bridge between academic learning and industry expectations. Active student participation, discussions on design challenges, tool optimization and career planning made the event highly interactive and productive, motivating students to pursue industry-oriented skills and future-ready careers in VLSI and semiconductor technologies.

Guest Lectures

The Department of ECE at AKGEC, Ghaziabad, successfully organized a Guest Lecture on "Exploring Future Opportunities in VLSI Design" on 16th October, 2025. The session was delivered by Ms. Shilpa Bhatia, Tech Lead at STMicroelectronics, Greater Noida, who shared her rich professional journey spanning leading organizations such as Qualcomm, SAMEER (IIT Bombay, MeitY), and Ericsson. The event commenced with a warm welcome address by Dr. Neelesh Kumar Gupta, HoD ECE. Ms. Bhatia began her lecture by introducing the fundamentals of semiconductor design, validation and testing, highlighting the importance of circuit analysis, mixed-signal IP validation (including ADC, DAC, and PLL) and signal/power integrity in modern chip design. The event concluded with a vote of thanks delivered by Prof. Himani Garg, who expressed heartfelt gratitude to Ms Shilpa Bhatia for her insightful and inspiring session. Dr. Rakhi Sharma and Mr. Naveen Kumar Saini coordinated the session.

The ECE Department organized a guest lecture on 25th February, 2025, featuring Dr. Raghvendra Sahai Saxena, Scientist-F at SSPL, DRDO, Delhi and an expert in Semiconductor Design and Infrared Technology. Dr. Saxena delivered an insightful session on “Semiconductor Design for Future Defence Applications,” covering advanced fabrication techniques such as Molecular Beam Epitaxy (MBE), Vapour Phase Epitaxy (VPE) and Liquid Phase Epitaxy (LPE), while emphasizing the importance of infrared technology in modern warfare. The session provided students with valuable knowledge about defence applications and inspired them to explore career opportunities with DRDO.

The Department of Electronics and Communication Engineering (ECE) at Ajay Kumar Garg Engineering College (AKGEC) organized a guest lecture on 22nd February 2025 on “Evolving Role of Engineers in the Era of Generative AI.” The session was delivered by Hemant Jha, Founder and CEO of Check Trust & 3P Innovations Pvt Ltd, Bengaluru, who shared valuable insights from his experience in AI and emerging technologies.

The lecture helped students understand how engineering roles are transforming with Generative AI, highlighting the need for continuous upskilling, adaptability and interdisciplinary knowledge.

Students learned about emerging opportunities in AI-driven product development, intelligent automation, AI-integrated systems and technology entrepreneurship, along with challenges such as ethical AI use, data privacy and rapid technological change. The session was attended by third-year ECE students, faculty members and proved highly engaging, motivating participants to prepare for future-ready careers in an AI-driven engineering landscape.

Alumni Talk

The ECE Department hosted an Alumni Talk on 4th September 2025.

The session was delivered by Mr.

Pranjal Sharma, founder of VLSI

Insights and a distinguished alumnus

in VLSI design. The session titled

“Navigating the Evolving Landscape

of VLSI” provided insights into career

opportunities in VLSI Design and

Verification,

bridging

academic

learning with industry applications. The session sparked curiosity and enthusiasm, motivating students to explore VLSI as a career.

Faculty Development Program

AKGEC reflects its strong commitment to providing students with up-to-date knowledge and exposure to the latest technologies by continuously encouraging faculty members to participate in national-level Faculty Development Programs (FDP) and skill-enhancement initiatives. Along with external collaborations, the institute also actively promotes and organizes in-house FDPs, ensuring continuous professional development of faculty members. Such initiatives directly contribute to

improved teaching quality, industry-relevant curriculum delivery and enhanced learning outcomes for students.

The Department of Electronics and Communication Engineering at AKGEC successfully organized a five-day ICT-based FDP on “Applications of IoT – Project Based (ICT-105)” from 10–14 February 2025, in collaboration with the National Institute of Technical Teachers Training and Research (NITTTR), Chandigarh, through its Information Management and Emerging Engineering (IMEE) Department. The program was coordinated by Dr. Maitreyee Dutta (Program Coordinator, NITTTR Chandigarh), Dr. Neelesh Kumar Gupta, Head of ECE, and Dr. Amit Garg as the local coordinator. The program emphasized project-based learning in IoT, combining simulation and hands-on experimentation using platforms such as Arduino, ESP-32 microcontroller and a variety of sensors. Faculty participants gained practical exposure to the design and implementation of IoT-based applications relevant to smart systems and emerging engineering solutions. A total of 35 participants benefited from the program, strengthening their technical expertise and pedagogical approaches, which will positively impact teaching practices and student learning outcomes.

Industrial Visit

On 6th June, 2025, B. Tech II Year ECE students from AKGEC, Ghaziabad, visited the Heavy Haul Institute of DFCCIL at Sector-145, Noida. The visit aimed at providing practical exposure to modern railway technologies. Mr. R.K. Sharma, Additional General Manager (S&T), DFCCIL, shared valuable insights on the role of ECE in national infrastructure, which greatly benefited the students. Dr. Gaurav Saxena and Dr. Deepak Yadav, faculty members of ECE, accompanied the students. The visit enhanced students understanding of railway communication, signaling, automation and cutting-edge ECE applications, contributing significantly to their academic and professional growth.

Tech-Quiz Competition “Intellect Quest-Brain Marathon

The Department of Electronics and Communication Engineering organized a Tech-Quiz Competition “Intellect Quest–Brain Marathon” on 15th April 2025 under the IEEE Communication Society Student Chapter. The event aimed to promote healthy competition and enhance student's technical knowledge in Electronics, Communication and general technology. A total of 13 teams comprising 2nd-year students from various branches participated. Dr. Neelesh Kumar Gupta, Prof. & HoD ECE, motivated the students and felicitated the winners with cash prizes and goodies, while participation certificates were awarded to all. The event was successfully coordinated by Dr. Naresh

Kumar, Dr. Uma Sharma, Ms. Palak Verma and the other IEEE student members.

Co-Curricular & Student Chapter Activities

On 20th September 2025, the Phoenix Society of the ECE Department, AKGEC, Ghaziabad proudly celebrated its 20th Founder's Day with a blend of tradition, innovation, and togetherness. A technical board titled "Waves & Wonders: Unlocking the Power of Communication Systems" was displayed near the Back Block, where 3rd-year ECE students presented the theme to faculty and peers. The showcase highlighted how radio waves, fiber optics, satellites and IoT connect the world, paying tribute to engineers who transform signals into stories and networks into lifelines. The event was Waves & Wonder

IoT Unplugged: Connecting the Future

The Communication Club of the ECE Department organized a seminar on "IoT Unplugged: Connecting the Future" on Wednesday, 16th April 2025, in the ECE Lecture Theatre. The session was conducted by 3rd-year students Tejash Yadav and Vivek Agrawal and was exclusively held for 3rd-year ECE students. The project titled AquaAlert, an IoT-based water monitoring system that detects leakage and tracks usage efficiently, was also showcased. It is developed by the team of

members Tejash Yadav, Vivek Agrawal and Krishna Bansal. The Club has also included glimpses from the seminar to showcase the enthusiastic participation and efforts of the students during the event.

The Communication Club of the ECE at AKGEC, Ghaziabad, successfully organized a technical event titled “COMMQUEST: The Ultimate Challenge” on 4th November 2025. The event served as an engaging platform for students to showcase their intellect, teamwork and communication skills through three exciting rounds: The General Quiz, The Cryptic Crossword, and The Rapid Fire. A total of ten enthusiastic teams competed with great energy, making the competition both intense and enjoyable. After three thrilling rounds, Team Quantum secured the 1st position, followed by Team Gama 0.1 in 2nd place, and Team Nirman in 3rd place. The event was successfully coordinated by the Faculty In-Charges of the Communication Club, Dr. Rakhi Sharma and Ms. Ankita Sharma, marking the event as a memorable and enriching experience for all.

➤ Madhav Girdhar, a 2nd-year student of the ECE branch, secured 2nd position in the event

"Saksham (Powerlifting)". The event took place at BH-1, AKGEC, on 14th October 2025.

➤ Raj Srivastava, a 2nd-year student of the ECE branch, secured 1st position in the event

"INNOVISION - 2025 (mini project exhibition)". The event took place across LT-1, LT-2 and

LT-3 at AKGEC on 18th November 2025.

➤ Tushar Karn, a 3rd-year student of the ECE branch, secured 2nd position in the event "ECO

PITCH ARENA - VASUDHA 2025". The event was held at the Mini Seminar Hall,

Administrative Block (Top Floor), AKGEC, Ghaziabad, from 29th April to 2nd May 2025.

➤ Ashish Kuntal, a 2nd-year student of the ECE branch, secured 2nd position in the event "Athletics

(Discus throw)". The event was held at RKGIT, Ghaziabad.

E-CONNECT: Where Signals Meet Innovation

- Achintya Thakur, a 2nd year student of the ECE branch, secured 1st position in the event “INNOVISION 2025”. The event was held at LT-1, LT-2 and LT-3, AKGEC, Ghaziabad, on 18th November 2025.
 - Adarsh Gupta, a 2nd-year student of the ECE branch, secured 1st position in the event “INNOVISION 2025”. The event was held at LT-1, LT-2 and LT-3, AKGEC, Ghaziabad, on 18th November 2025.
 - ADAMYA AGGARWAL, a 2nd-year student of the ECE branch, secured 1st position in the event “INNOVISION 2025”. The event was held at LT-1, LT-2 and LT-3, AKGEC, Ghaziabad, on 18th November 2025.
 - Aditya Dev Chaudhary, a 2nd-year student of the ECE branch, secured 1st position in the event “INNOVISION 2025”. The event was held at LT-1, LT-2 and LT-3, AKGEC, Ghaziabad, on 18th November 2025.
 - Ketan Narula, a 2nd-year student of the ECE branch, secured 3rd position in the event “SCROLLS”. The event was held at AKGEC, Ghaziabad.
 - Monisha Malik, Nirmal Varshney, 3rd-year students of the ECE branch, secured 1st position in the event “NI context design and system 2025”. The event was held at the IIT MADRAS research park. Their team Bhoomitra won 1st position at IIT Madras in the NI LabVIEW-based System Design Contest. The system uses NI myRIO for real-time data acquisition and compost automation. Judges appreciated its accuracy, dashboard clarity and practical deployment readiness.
 - Nirmal Varshney, a 3rd-year student of the ECE branch, has achieved several remarkable milestones through his innovative projects. He secured 1st position in “Samadhan 2K25” held at IIT Delhi, where his project Bhoomitra, an IoT-based smart compost monitoring and automation system, was recognised for its real-time sensing, automation capability and community-level environmental impact; the grand finale round is still pending. He also secured 3rd position in the “Anveshna Innovation Challenge” at the National Science Centre, New Delhi, for Eco Steam Catalyst, a hydrogen-generating steam–catalyst system aimed at reducing pollution and supporting clean fuel production. This project earned a national Top 10 rank, finishing 5th overall and received appreciation for its scientific approach and sustainability.
- At AKGEC, Ghaziabad, Nirmal won 1st position in the “Navachar Electronics Club 2K25” event, where the Bhoomitra poster clearly showcased its architecture, sensor integration and

environmental benefits. He again secured 1st position in the “Vasudha 2K25 – Eco Pitch Arena” for presenting Bhoomitra as a sustainable, community-based compost automation model focusing on IoT monitoring and waste-to-resource conversion. Additionally, he earned 1st position in the “Multisim Circuit Design Contest” for and designing a Secure Digital Lock with Home Automation using Multisim, praised for circuit accuracy practical relevance. Nimit also achieved 1st place in the “IEEE (Electrical) Poster Presentation” for Eco Steam Catalyst,

Placements & Internships

Alumni Achievement

The ECE Department proudly celebrates the exemplary placement performance of its students, who have secured positions in renowned organizations such as Ericsson, VIVO Mobiles, Infosys, TCS, HCL and Sunwoda Electronics. This stellar outcome stands as a testament to their strong technical foundation, professional competence and the department’s sustained focus on holistic engineering

education and industry readiness.

Adding further distinction to this success story, 85 students from the department completed impactful internships that culminated in pre-placement offers from esteemed companies, including Emerson, Jakson Technologies, KUKA India, NMTronics, among others. These internship-to-offer conversions underscore the high level of trust the industry places in our students and highlight the effectiveness of the department's consistent efforts in strengthening academia–industry linkages. Our alumni continue to make us proud with their remarkable achievements across diverse fields.

➤ Akshat Shukla, serving as an R&D Engineer at Rohde & Schwarz, a prestigious German technology firm, contributes to cutting-edge projects closely aligned with the needs of the Indian defence forces.

➤ Heartiest congratulations to Mr. Nav Khanna (2025 Batch) on his selection as an Officer in the Indian Air Force (Aeronautical Engineering – Electronics Branch). He secured an impressive AIR 38 in the final round of AFCAT, showcasing

his dedication, technical excellence and commitment to serving the nation.

➤ Adding to these accomplishments, Vandit Mishra is pursuing a Master of Technology in RF & Microwave Engineering at IIT Dhanbad, furthering his expertise in an advanced and highly specialised domain. Their successes continue to inspire current students and reflect the excellence our college strives to nurture.

➤ Shant Shukla selected as R & D Engineer with Indian Defence Forces.

Faculty Achievements & Research

Faculty Achievements

In line with its Annual Confidential Report (ACR) policy, AKGEC consistently recognizes and

rewards faculty members for their exceptional academic, research and professional contributions. The ACR policy is designed to motivate faculty excellence by acknowledging sustained performance in teaching, research, innovation and institutional development. As part of this policy, incentives are awarded to faculty members who demonstrate outstanding commitment and impact in their respective domains.

Accordingly, during the academic session 2024–25, four faculty members from the Department of Electronics and Communication Engineering Dr. Jitender Chhabra, Dr. Naresh Kumar, Dr. Uma Sharma and Dr. Dushyant Singh Chauhan, were awarded an incentive of ₹5,000 per month each for their extraordinary performance. This recognition under the ACR policy not only reinforces AKGEC's culture of merit and excellence but also encourages faculty members to continuously

E-CONNECT: WHERE SIGNALS MEET INNOVATION

AKGEC

GHAZIABAD

E-CONNECT: Where Signals Meet Innovation

42

strive for higher standards in teaching, research and professional growth, ultimately benefiting the student community and the institution as a whole.

Faculty Research Seminar

AKGEC has established a structured Research Development Policy, reinforcing research as a core pillar of academic excellence. The policy provides incentives, reimbursements and recognition to faculty, staff and students for high-impact work in areas such as Electronics, Artificial Intelligence and Communication Technologies. Through financial rewards for quality publications, support for conferences, patents and professional memberships and oversight by the Research Development Incentive Committee (RDIC), AKGEC promotes a strong research culture. Emphasizing ethical practices, industry collaboration, student mentorship and global visibility through Scopus/WoS publications and innovation, the policy positions AKGEC as a growing hub for technology-driven and interdisciplinary research.

Faculty Human Value Seminar

The ECE Department not only focuses on cutting-edge research and technical excellence but also places strong emphasis on the development of human values among its students and faculty. The department strives to nurture professionals who are not only competent engineers but also

responsible, ethical and compassionate individuals capable of contributing meaningfully to society. To further this vision, the department regularly organizes dedicated Human Values Seminars by faculty members. These sessions provide a reflective platform to discuss ethics in engineering, empathy in teaching, responsible use of technology and value■based decision■making. Through interactive talks and experience sharing, faculty are encouraged to integrate human values into teaching, mentoring and research guidance, thereby creating a learning environment that shapes both the minds and character of future engineers.

Publications & Intellectual Property

Journal Publications

AKGEC has established a structured Research Development Policy, reinforcing research as a core pillar of academic excellence. The policy provides incentives, reimbursements and recognition to faculty, staff and students for high-impact work in areas such as Electronics, Artificial Intelligence and Communication Technologies. Through financial rewards for quality publications, support for conferences, patents and professional memberships and oversight by the Research Development Incentive Committee (RDIC), AKGEC promotes a strong research culture. Emphasizing ethical practices, industry collaboration, student mentorship and global visibility through Scopus/WoS publications and innovation, the policy positions AKGEC as a growing hub for technology-driven and interdisciplinary research. The knowledgeable faculty members of the ECE Department have published several research papers in reputed national and international journals and conferences across diverse domains of electronics and communication engineering. In addition to their scholarly publications, they have also filed multiple Intellectual Property Rights (IPRs), reflecting a strong culture of innovation, originality and research-driven development within the department.

Impact & Recognition

These research contributions have significantly enhanced the department's reputation in the

academic and research community, positioning the ECE Department at AKGEC as a Centre of excellence for contemporary research in electronics and communication engineering. The publications reflect the department's commitment to:

-

Conducting cutting-edge research aligned with industry needs

-

Publishing in high-impact, peer-reviewed journal.

Future Plans of the ECE Department

The department plans to secure access to advanced EDA tools through the college's ongoing request proposal to CDAC under the Government of India's Chips to Startup (C2S) Program. The department applied on October 25, 2025, requesting Cadence, Synopsys, Siemens and Silvaco EDA tools. The institute awaits notification from CDAC as the request is currently being processed.

A department-level project exhibition is planned in the even semester of the academic session 2025-26 to showcase student innovations and foster collaboration among peers and faculty. The planned project exhibition serves as a platform for students to present their innovative projects and practical work, fostering a culture of creativity and technical excellence. It encourages peer learning, interdisciplinary collaboration and boosts student's confidence in their abilities. Such exhibitions enable industry experts and faculty members to identify promising talent and solutions, potentially leading to further research, internships, or industry partnerships. Regular exhibitions also help students develop essential skills such as project management, technical communication and teamwork, which are vital for their professional growth.

The department is planning to provide in-house training and internship support to 2nd and 3rd-year

students in emerging fields like VLSI fabrication and other state-of-the-art technologies. This initiative bridges the gap between theoretical education and practical industry demands, enhancing student's employability. Training in cutting-edge areas prepares students for the rapidly evolving technology landscape, enabling them to contribute effectively to high-tech industries. Internship support further allows students to apply classroom learning in real-world scenarios, fostering deeper understanding and skill development critical for their career success and innovation capacity in the semiconductor and electronics sectors

DEPARTMENT of ELECTRICAL & ELECTRONICS ENGINEERING

Vision of Institute

To introduce undergraduate and postgraduate courses for all engineering branches and award of Ph.D degree. To be one of the best engineering colleges in the country and to be a deemed university.

Mission of Institute

We strive to provide and maintain academic environment and systems, enabling maximum learning to produce competent professionals. We also aim at achieving this through transparent academic and administrative policies in the college. We intend to provide conducive atmosphere for research, development and consultancy services to our faculty at national and international level.

Quality Policy

To provide and continually improve academic environment and systems which give total satisfaction and enable students to develop their full potential and mature into competent professionals and responsible members of society.

Vision of the Department of Electrical and Electronics Engineering

To produce excellent engineering professionals committed to serve the society & nature embedded with a strong moral character, value system and good leadership qualities having an urge for lifelong learning.

Mission of the Department of Electrical and Electronics Engineering

M1: To empower the faculty members and encourage them to continually develop to keep pace with the changing trends in technology.

M2: To provide a conducive environment for effective teaching and learning with focus on creating new knowledge, skills set and imbibing moral values with professional ethics.

M3: To promote the culture of research and development through effective student engagement and regular infrastructural development.

M4: To develop strong industry-academia alliance for practicing real time projects and also involve industry in content delivery.

M5: To adopt transparent practices for the overall progress and welfare of the student, faculty members and staff.

3 | DEPARTMENT of ELECTRICAL & ELECTRONICS ENGINEERING

Message from Advisor's Desk

It is a matter of great pleasure to learn that the Department of Electrical and Electronics Engineering, Ajay Kumar Garg Engineering College, Ghaziabad, is publishing its departmental magazine SPARK – Igniting Ideas and Innovation for the year 2025. Such initiatives provide an excellent forum to highlight scholarly progress, inventive thinking and the diverse achievements of the department.

Electrical and Electronics Engineering remains central to contemporary technological advancement, contributing significantly to areas such as power engineering, renewable energy integration, smart grids, electric mobility, automation and intelligent systems. In this fast-changing scenario, academic departments are expected to go beyond classroom instruction by cultivating innovation, ethical awareness, research curiosity, leadership skills and social consciousness among learners.

I acknowledge the dedicated efforts of the EN faculty in enriching academics, strengthening research activities, fostering industry collaboration and encouraging active participation in co-curricular and extracurricular pursuits including technical forums, competitions, cultural events and sports. These initiatives are instrumental in nurturing well-rounded professionals.

The magazine aptly represents the department's focus on quality, creativity, and comprehensive development. I extend my congratulations to the Head of the Department, faculty, students and contributors and wish the department continued growth and success.

Best wishes,

Prof. Amita Dev

Advisor

AKGEC, Ghaziabad

4 | DEPARTMENT of ELECTRICAL & ELECTRONICS ENGINEERING

Message from Director's Desk

I am delighted to learn that the Department of Electrical and Electronics Engineering is bringing out its Departmental Magazine for the year 2025. This publication serves as a vibrant portrayal of the department's academic ethos, technical initiatives, noteworthy accomplishments and the creative contributions of both students and faculty members. The EN Department at AKGEC has steadily progressed in the areas of academic excellence, laboratory enhancement, research and development, industry interaction and student performance. The department's emphasis on outcome-oriented education, experiential learning and the integration of contemporary tools and technologies has played a significant role in strengthening students' technical proficiency and industry preparedness.

Beyond documenting departmental activities, the magazine provides a valuable platform for students to develop skills in technical communication, innovation, cocurricular activities and collaborative work—competencies that are vital for their professional growth. I commend the dedicated efforts of the Head of the Department, faculty coordinators, editorial team, and students who have contributed to this publication.

I convey my best wishes to the Electrical and Electronics Engineering Department for sustained progress and distinction and I trust that this magazine will inspire the academic community to reach new heights in the years to come.

With best regards,

Dr. Hemant Ahuja

Director

AKGEC, Ghaziabad

5 | DEPARTMENT of ELECTRICAL & ELECTRONICS ENGINEERING

Message from Head of the Department

It gives me immense pleasure to extend my heartfelt greetings to the readers of the Departmental Magazine 2025 of the Electrical & Electronics Engineering Department, Ajay Kumar Garg Engineering College, Ghaziabad.

The Department of Electrical & Electronics Engineering has always been committed to academic excellence, innovation, and holistic development of students. In today's rapidly evolving technological landscape, electrical and electronics engineering plays a pivotal role in shaping sustainable energy solutions, smart systems, automation, and advanced communication technologies. Our department continuously strives to keep pace with these advancements through a balanced blend of strong theoretical foundations, practical exposure, industry interaction, and research-oriented learning.

This magazine is a reflection of the creativity, technical acumen, and intellectual curiosity of our students and faculty members. It provides a platform for showcasing innovative ideas, technical articles, project insights, research contributions, and co-curricular achievements. I appreciate the sincere efforts of the editorial team, contributors, and faculty coordinators for bringing out this magazine with dedication and enthusiasm.

I encourage our students to remain inquisitive, innovative, and socially responsible professionals. Let this magazine inspire you to explore new horizons, think critically, and contribute meaningfully to the field of engineering and to society at large.

I wish the departmental magazine great success and extend my best wishes to all students and faculty members for their future endeavours.

Warm regards,

Dr. Lokesh Varshney

Professor & Head of Department

Electrical & Electronics Engineering

Ajay Kumar Garg Engineering College, Ghaziabad

6 | DEPARTMENT of ELECTRICAL & ELECTRONICS ENGINEERING

From the Editorial Team

It is with great pride and enthusiasm that we present the first edition of SPARK – Igniting ideas and innovation, the departmental magazine of the Electrical and Electronics Engineering Department. This magazine serves as an intellectual and creative platform dedicated to highlighting the academic excellence, technical innovation, and remarkable achievements of our students, faculty, alumni, and staff.

This edition reflects the collective commitment of the EN fraternity—department leadership, faculty members, students, alumni, recruiters, and industry collaborators—who continuously strive to advance the domains of electrical and electronics engineering. Readers will find a rich blend of insightful technical articles, cutting-edge research, innovative projects, and inspiring alumni experiences, along with comprehensive coverage of departmental activities, technical events, and cultural initiatives.

Our objective is to foster an environment that encourages the exchange of ideas, promotes creativity, and nurtures professional growth. We hope this magazine stimulates curiosity, inspires innovation, and motivates active participation in the evolving field of electrical and electronics engineering.

The editorial team sincerely thanks the Advisor, Director, Head of Department and all faculty members for their invaluable guidance and constant support. We also acknowledge the dedicated efforts of students and staff whose contributions have made this publication possible.

ACADEMIC ACTIVITIES AND INITIATIVES

IEEE Second International Conference on Advancements and Key Challenges in Green

Energy and Computing (AKGEC 2024)

A three-day IEEE International Conference on Advancements and Key Challenges in Green Energy and Computing (AKGEC 2024) was organized by the department of Electrical & Electronics Engineering on 21 -23 November 2024. The event was aimed on fostering innovation and collaboration to accelerate the green energy transition. The conference witnessed 649 papers under four tracks and four special sessions. After a rigorous review process, finally 102 papers were presented under these tracks which ensured the selection of high-quality research contributions. Key topics for the conference included challenges in scaling renewable energy projects, advancements in technology, and the integration of sustainable solutions into existing infrastructures.

The three days were engaging with parallel track presentations, where researchers and participants presented their innovative studies and findings across diverse themes. A significant addition was the tutorial session, led by Dr. Sreejith S. from NIT Silchar and Dr. Shakila B. from NIT Nagaland. The highlight of Day 1 was the Special Interest Group on Humanitarian Technology (SIGHT) poster presentation activity, an entirely student-driven initiative organized by IEEE AKGEC volunteers. This activity showcased projects aimed at leveraging technology for humanitarian purposes, emphasizing practical solutions to real-world challenges.

A hands-on tutorial session led by Dr. Soumya Shubhra Nag focused on Battery Management Systems (BMS) and Its Implementation in MATLAB was organized on day two. Additionally, a Young Professional (YP) session was also conducted by Dr. Vikas Garg, Professor at CHRIST University, provided a platform for early-career professionals to share their perspectives on the challenges and opportunities in green energy. The highlight of day two was an Industry-Academia Panel Discussion on "Integrating Innovations: Overcoming Challenges in Green Energy Transition". The eminent panellists were:

Mr. Meenu Singhal, Regional Managing Director, Socomec

Dr. R. Balasubramanian, Ex-Professor, IIT Delhi

Ms. Ritu Lal, Client Partner, Infrastructure and Energy Practices, Amrop India

Mr. Vineet Bhatia, Executive Director, Energy and Renewables, Grant Thornton Bharat LLP

Mr. Sumit Koriwal, Regional Manager Sales, Fronius India Pvt. Ltd

Dr. Ashish Srivastava, Professor at SVSU, was the moderator

The final day of the conference was engaged with keynote sessions, dynamic technical presentations and the highlight of Day three was the Women in Engineering (WIE) Meet and Greet Program, organized by the WIE IEEE UP Section.

Distinguished guests and speakers of the conference

■
Shri Dinesh Jagdale, former Joint Secretary, Ministry of New and Renewable Energy (MNRE) was the inaugural Chief Guest

■
Dr. Mohd. Rihan, Director General, National Institute of Solar Energy (NISE), MNRE was the Inaugural Guest of Honour

■
Mr. Sanjeev Kaul, Executive Vice President and Head, Green Hydrogen, Jackson Greens was the Inaugural Guest of Honour

FDP on AI Application in Controller Design for Industrial Sector

A five-day faculty development program was conducted by Electrical and Electronics Engineering Department from 2-6 September 2024. The FDP was aimed to familiarize the participants with the latest trends, techniques, applications of AI in the field of controller design and seek the insights into how AI algorithms and machine learning can be effectively applied to enhance the performance, efficiency and adaptability of controllers across different engineering domains.

Resource Persons:

Dr. J.S. Lathar: NIT, Kurukshetra with the topic Artificial Neural Network in Modelling and Control and Reinforcement Learning & its Impact in Control Design and Robustness in control design

Dr. Sheetla Prasad: Assoc. Professor, Galgotias University with topic Artificial Intelligence based sliding mode control strategy and Stability of the Non-linear Control systems

Dr. Ashish Srivastava: Professor & Dean SFE, Vishwakarma skill University, Faridabad with the topic AI Based Controllers for solar Tracker and MPPT controller Design

Dr. Deepak Kumar: Assoc Prof. MNNIT Prayagraj with the topic Advanced Internal model control and Advanced Internal model control using optimization algorithms and its applications.

Dr. Ankit Sachan: Assistant Professor, Graduate School of Advanced Science and Engineering, Hiroshima University with the topic AI in Robotics and Autonomous systems & Emerging trends in AI in Controller Design aspects

Mr. Manoj Kumar: Application Engineer Design Tech System Pvt. Ltd took the Hands On Session on MATLAB tool Boxes

Dr. Avadhpati: Assistant Professor, NIT, Silchar with the topic Design of Controller for Maglev Systems

Dr. Ramesh Singh: Senior Product Manager, Corporate Product Management, Tata ELXSI, Bangalore with the topic Operation and Technical Advances of EV Controllers

Workshop on MATLAB for Faculty Members of AKGEC

A Workshop on MATLAB for Faculty Members was conducted on 28 April 2025. The session covered the diverse topics like application-based and Industry-ready learning approach for faculty, introduction and working with MATLAB & Simulink Onramp programs with certification along with hands-on training on the basic topics in MATLAB & Simulink. The workshop was aimed to provide the attendees the information about the certification programs offered by MathWorks and also to gain an insight about the latest and trending topics in MATLAB and Simulink useful in research and development.

Faculty Training

Dr J G Yadav and Dr Vani Bhargava attended 6 days Training program from 18-20 August 2025 and 22-24 August 2025) on “CAEV: Connected, Autonomous and Electric Vehicle Course Combined with Artificial Intelligence” at MG Motors Plant Vadodara, Gujarat under MG Nurture Initiative. This training included technical sessions combined with physical plant visits of various machining facilities and assembly lines, and another online 6 days “Employability Skill Development Program” from 25-30 August 2025 by JSW MG Motors India Pvt Ltd.

Summer Internship at Electric Vehicle Centre of Excellence

The Electric Vehicle Centre of Excellence (EV CoE), established in March 2025, aims to promote hands-on learning, research, and skill development in electric mobility and sustainable transportation.

It provides advanced facilities for students and faculty to innovate and contribute to green transportation. Key resources include EV and hybrid experimental setups, battery and BMS training systems, vehicle workbenches, conversion kits, charging units, and battery prototyping kits.

A 5-week Summer Internship Program was conducted on Electric Vehicles from 24 June to 29 July 2025 by Electric Vehicle Centre of Excellence. The internship recorded the participation of 27 students, including 15 from AKGEC and 12 from ABES Engineering College. The participation reflected strong inter-institutional academic collaboration between the two institutions.

The internship emphasized experiential learning, enabling students to work directly on EV platforms, battery systems, power converters, and drivetrain assemblies. Session-wise quizzes were conducted to assess conceptual understanding, in which the participants demonstrated commendable performance. In addition, study projects were assigned to reinforce learning and promote analytical and problem-solving skills. The program culminated in project presentations, where students showcased their learning outcomes and technical competence. Based on overall performance, project quality, attendance, and evaluation marks, cash awards were presented to the best-performing interns, recognizing their dedication and excellence throughout the program.

Faculty Technical Seminar

The Technical Faculty Seminar served as a dynamic platform for knowledge exchange, enabling faculty members to present emerging research trends, innovative methodologies, and practical insights in the field of Electrical and Electronics Engineering. These seminars fostered academic excellence by encouraging interdisciplinary discussions, critical thinking, and continuous professional development. Through expert deliberations and interactive sessions, the initiative strengthened research culture and promoted collaborative learning within the department. The seminar series reflects the department's commitment to lifelong learning, innovation, and staying abreast of evolving technological advancements.

UHV Seminar

The Universal Human Values sessions were conducted by the Department and delivered by faculties.
These sessions emphasized the importance of ethics, empathy, and integrity in both personal and

professional life. These sessions reflect on harmony within self, family, society, and nature, fostering responsible and value-based thinking. Through meaningful discussions and real-life examples, the initiative encouraged holistic development beyond technical competence. The program reinforced the department's commitment to nurturing socially responsible engineers with strong moral foundations.

Opportunities and Challenges in Power Flow Control in a Modern Grid by Dr. Kalyan Sen

The Department of Electrical and Electronics Engineering, in collaboration with the IEEE Power & Energy Society (PES) Student Branch Chapter had organized an IEEE Distinguished Lecturer Program (DLP) on 18 September 2025.

The lecture was delivered by Dr. Kalyan K. Sen, President & CTO, Sen Engineering Solutions Inc., Pennsylvania, USA. Dr. Sen is a globally renowned technologist, researcher and IEEE Life Fellow, who has made pioneering contributions in the field of power flow control and FACTS technologies. During the session, Dr. Sen provided a comprehensive overview of modern grid operations, emphasizing the need for flexibility, stability, and efficiency in power systems. He discussed real-world applications of Sen Transformer technology, highlighting its role in enhancing voltage regulation and power transfer capability. The technical discussion offered valuable insights into sustainable grid management, integration of renewables, and future trends in smart and resilient electrical networks.

Connected and Autonomous Vehicles and ADAS by Mr. Paalem Vamshhi

The Department of Electrical and Electronics Engineering, Ajay Kumar Garg Engineering College, Ghaziabad, organized an expert session on "Connected and Autonomous Vehicles and ADAS" on 14 October 2025. The session was coordinated by the IEEE IAS and PES Student Branch Chapters. The

expert speaker, Mr. Paalem Vamshhi, an automotive technology professional, delivered an insightful talk covering the fundamentals of connected and autonomous vehicles, advanced driver assistance systems, and the latest trends in intelligent mobility. The session provided valuable exposure to emerging automotive technologies beyond the classroom curriculum. Students actively interacted with the speaker, gaining a better understanding of industry perspectives and future opportunities in the field of future mobility.

Electric Ambulance by Dr. Wolf Burger

The Department of Electrical and Electronics Engineering organized an expert lecture on “Electric Ambulance” on 6 November 2025, delivered by Dr. Wolf Burger, Senior Expert, SES Germany. Dr. Burger, an internationally recognized expert in electric mobility and sustainable vehicle technologies, provided deep insights into the future of emergency transportation powered by clean energy.

The interactive session allowed students to seek expert guidance on EV design, performance challenges, and future industry trends. His real-world examples, coupled with engineering insights, made the session highly engaging and informative. It effectively highlighted the growing relevance of electric vehicles in transforming the healthcare and transportation sectors.

Hydrogen Fuel Cells: Theory and Demonstration by Dr. Wolf Burger

The Department of Electrical and Electronics Engineering organized an insightful expert session on “Hydrogen Fuel Cells: Theory and Demonstration” on 7 November 2025. The session was conducted by Dr. Wolf Burger, Senior Expert from SES Germany, who has extensive experience in advanced energy

systems and fuel cell technologies.

A key highlight of the session was the hands-on demonstration, where students had the opportunity to closely observe the functioning of hydrogen fuel cells. Dr. Burger showcased a prototype electric vehicle powered entirely by a hydrogen fuel cell, demonstrating its operation, performance behavior, and sustainability advantages. This practical exposure greatly enhanced the students' understanding of fuel cell applications in electric mobility.

MoUs and Collaborations

MoU with Airports Authority of India (AAI)

A Memorandum of Understanding (MoU) between Airports Authority of India, a body corporate and constituted by the central Government under the Airports Authority of India Act (Act 55 of 1994) and our institute has been initiated to accomplish the aim of Internship program.

The aim of the MoU was to create interest in civil aviation among the students by supplementing theoretical knowledge with practical operations, giving exposure to students in STEM and non -STEM domains and giving opportunity to work on small-duration projects related to civil Aviation.

The MoU also refers to the internship program in which the students can be a part of project implementation at Airport, visits, workshops along with 20-week internship program.

MoU with MG Motor India

The department has successfully collaborated and initiated a Memorandum of Understanding (MoU) between the college and MG Motor India (MGI), marking a significant step toward strengthening industry–academia engagement. This MoU is effective for a period of one year, from 7th July 2025 to 6th July 2026.

The collaboration aims to provide students and faculty with meaningful exposure to emerging technologies, particularly in the domains of Electric Vehicles (EVs), Artificial Intelligence (AI), and advanced automotive systems, while fostering skill development aligned with industry requirements.

Key Possibilities and Opportunities under the MoU:

Joint implementation of industry-oriented training program: CAEV Course (Connected, Autonomous & Electric Vehicle) Course combined with AI (Artificial Intelligence) module (CAEV + AI)

Faculty development programs (FDPs) and training opportunities at MGI facilities

Industrial visits for students to MG Motor India plants, including the Halol (Gujarat) facility

Opportunities for student internships and mentorship under industry guidance

Support in strengthening the EV Centre of Excellence and related academic initiatives

This MoU is expected to play a pivotal role in enhancing student employability, fostering innovation, and creating a sustainable ecosystem for continuous learning and collaboration between academia and industry.

Students Achievements

AKTU Zonal and States achievements

At the Zonal Level, our AKGEC Team secured the Overall Championship in the Ghaziabad Zone at the AKTU Sports Zonal Fest hosted by RKGIT, with an impressive tally of 26 medals.

At the State-level Sports Fest, held at Galgotias College of Engineering & Technology (GCET), Greater Noida on 6-7 November 2025, our teams once again proved their mettle by achieving an outstanding 6 Gold, 2 Silver and 1 Bronze medals. The Following students from the department of Electrical and Electronics Engineering participated and won medals for the institute.

FDPs / WORKSHOPS/ SEMINARS ATTENDED BY FACULTY MEMBERS

Faculty members of the department regularly participate in Faculty Development Programmes (FDPs), workshops and seminars to enhance their academic, research, and professional competencies. These programmes provide valuable exposure to emerging technologies, innovative teaching methodologies, and recent industry trends. The faculty members of Electrical and Electronics Engineering department have attended the FDPs, workshop and seminars in the year 2025:

Workshop on “MATLAB Basics: Your First Step into Computational Excellence”

A Technical Session on “MATLAB Basics: Your First Step into Computational Excellence” for the students of B.Tech EN 2nd and 3rd year was conducted on 22 August 2025. The session covered various topics on application-based and Industry-ready learning approach for students, MATLAB & Simulink

Onramp programs with certification along with hands-on training on the basic topics in MATLAB & Simulink All the students of B.Tech EN 2nd & 3rd year actively participated and learned to access MATLAB software through the institute domain. Through hands-on training, students learn to model, simulate and analyze real-world engineering problems efficiently. MATLAB enhances understanding of subjects such as signal processing, control systems, power systems, and machine learning.

Code2 Ctrl (2-day Workshop on Embedded System and IoT Workshop)

A two-day workshop “Code2 Ctrl” based on Embedded system and Internet of things was organized by Team Oorja, society of Department of Electrical and Electronics on 10 November 2025. In the workshop day-1 was dedicated to Microcontroller and Microprocessor and their Programming language. The day-2 was on internet protocol. The event witnessed massive success and enthusiasm by the participant. The workshop was aimed to sensitize the students with controllers functioning and programming along with sensors functioning. Quiz competitions along with fun games and activities were also arranged on both the days. The participants were also awarded with certification of 2-day workshop and hands-on.

Industrial Visits

400/200 KV Power Grid Substation at Sonipat, Gohana Road, Haryana

An Industrial visit was scheduled for second year students of the department at 400/200 KV Power Grid Substation at Sonipat, Gohana Road, Haryana on 16 May 2025. A total of 47 students had visited the substation. The visit was planned to make students To understand and learn Layout of Substation Equipment in Substation, Ratings along with types of Equipment employed and types of protection schemes incorporated In Substations. The students also experienced the deep understanding of different types of relays, circuit breakers used in substation and its working and co-ordination.

National Institute of Solar Energy, Gurugram, Haryana

An Industrial visit was scheduled for Third year students of the department at National Institute of Solar Energy, Gurugram, Haryana on 30 May 2025.

A total of 34 students visited the institute and witness large-scale solar collectors, diverse types of solar cells and learned about the ongoing research in Building Integrated Photovoltaic (BIPV) systems. The state-of-the-art PV testing laboratories and the Green Hydrogen Facility added immense value to the experience. The Students showed keen interest in several innovative projects aimed at harnessing solar energy for sustainable solutions.

IEEE ALL INDIA STUDENT – YOUNG PROFESSIONALS – WOMEN IN ENGINEERING –
LIFE MEMBERS CONGRESS (AISYWLC'25)

A three-day flagship IEEE event “AISYWLC'25” jointly organized by Adani University and Nirma University was attended by Six of our students. The event brought together students, young professionals, industry leaders, researchers, and innovators from across India to discuss emerging technologies, entrepreneurship, ethics, and industry–academic linkages. The conference included knowledge-driven sessions, cultural experiences, networking opportunities, and interactive workshops.

Placements

Outstanding academic performance, coupled with holistic development through diverse college events and activities, has led to strong placement outcomes for our students. Campus placements have shown consistent growth in both quantity (number of students placed) and quality (company profiles, job roles, and salary packages). The 2025 B.Tech graduates secured 90.50% placement percentage, with the highest package of 11LPA.

The Major recruiters included top-tier companies such as Advance Valve, Avl India, BENEPIK, ETA

Electric Vehicle Centre of Excellence (EV CoE) and Skill Courses

The Electric Vehicle Centre of Excellence (EV CoE) has been established on March 2025 to promote hands-on learning, research, and skill development in the field of electric mobility and sustainable transportation technologies. This facility was designed to provide students and faculty with cutting-edge resources to explore, innovate, and contribute to the future of green transportation.

The Key Facilities provided by EV CoE are

-

EV Drive Train Experimental Setup with Data Acquisition System

-

Combined Hybrid Vehicle Experimental Setup

-

Battery & BMS with CAN Protocols Training Workbench

-

EV Machine Cut-Out Section Workbench

-

Two-Wheeler Electric Vehicle Training Workbench

-

Two-Wheeler Conversion Kit

-

Three-Wheeler Electric Vehicle Training Workbench with Service Platform

-

Cell Charging and Discharging (8-Channel) Unit

-

Learning & Development Kit, battery prototyping.

The Objectives of the EV CoE were aimed to encourage experiential learning and practical exposure to EV technologies, support research and development in sustainable mobility solutions and to build industry-relevant skills among students and faculty.

Future plans of Electrical & Electronics Engineering Department

Faculty Development Program and Hands-on Training on MATLAB & Simulink with Applications in Emerging Technologies

A Five-days Faculty Development Program is Planned on Hands-on Training on MATLAB & Simulink with Applications in Emerging Technologies in the even semester of the session.

The Program is designed to equip faculty members with advanced competencies in MATLAB and Simulink, enabling them to integrate emerging technologies into their teaching, research, and industry-connected curriculum delivery. The five-day intensive Program combines expert-led lectures with hands-on training sessions conducted by MathWorks specialists, addressing contemporary engineering challenges in Artificial Intelligence, Machine Learning, Electric Vehicles, IoT, Smart Grids, and Quantum Computing.

2026 3rd International Conference on Advancements and Key Challenges in Green Energy and Computing (AKGEC2026)

The Department is planning the third edition of the IEEE International Conference on Advancements and Key Challenges in Green Energy and Computing (AKGEC 2026) from 26– 28 February 2026.

Building on the success of the previous editions, AKGEC2023 and AKGEC2024, the conference aims to bring together leading academicians, researchers, industry professionals, and students to exchange knowledge, share research outcomes, and explore innovations in the areas of Green Energy, Computational Intelligence, and Sustainable Technologies.

The conference will feature multiple tracks and focus areas designed to promote in-depth discussions on cutting-edge advancements, practical applications, and key challenges faced in creating sustainable solutions for the future. All accepted and presented papers will be submitted to IEEE Xplore for publication, subject to meeting IEEE quality standards.

Alumni Speaks

Parth Suyal (Batch of 2021-25)

My time at EN Department, AKGEC played a crucial role in shaping my career direction in Embedded Systems and Robotics. Beyond classroom learning, the department provided me with resources to work on various projects. My professors were consistently supportive of my endeavours in competitions, projects and internships. The EN Department actively facilitated project work by providing essential resources—ranging from electronic components and lab infrastructure to dedicated space for experimentation and development. This freedom to work on projects helped me overcome my limits to work consistently. To the current students, I strongly encourage you to engage deeply in projects, explore emerging technologies, and make full use of the resources available in the department. Hands-on experience will be your greatest teacher.

I am grateful to my department and my professors for supporting my journey of growing as a true engineer: a real problem solver.

Priyanshu Pandey (Batch of 2021-25)

My journey at Ajay Kumar Garg Engineering College was truly transformative. The environment, faculty, and opportunities here helped me build both technical skills and confidence. I'll always be grateful for the foundation this college gave me.

Magazine-EN — Page 44

SPARK – IGNITING IDEAS AND INNOVATION

AKGEC

GHAZIABAD

42 | DEPARTMENT of ELECTRICAL & ELECTRONICS ENGINEERING

Rahul Gupta (Batch of 2021-25)

I am honored to be an alumnus of this institution, which played a vital role in shaping my academic and professional journey. I wish the college continued growth and success.

Rashank Agrawal (Batch of 2021-25)

Ajay Kumar Garg Engineering College shaped not only my career but also my perspective towards growth and learning. The guidance from mentors and the campus culture played a vital role in shaping my future.

Rishabh Baranwal (Batch of 2021-25)

My journey with the Electrical & Electronics Engineering Department at AKGEC has been both inspiring and transformative. The department provided a strong technical foundation, practical exposure, and a research-oriented mind-set that shaped my approach as an engineer. From innovative projects to technical competitions and conferences, every experience encouraged critical thinking and real-world problem solving. Today, as a Graduate Engineer Trainee (GET) at Jakson Group, working on Solar Rooftop projects, I directly apply the concepts and discipline developed during my time at AKGEC. To my juniors: stay curious, strengthen your fundamentals, embrace hands-on learning, and believe in your ideas—the department will give you the platform to grow.

NAVDRISHTI: A DIRECTION TOWARDS TRANSFORMING IMAGINATION INTO REALITY

Message from the Advisor's Desk

It gives me great pleasure to present
this issue of the MCA departmental
newsletter

NAVDRISHTI,

which

reflects

the

academic

vibrancy,

achievements, and collective efforts of

our

faculty

and

students.

The

department continues to grow through

quality teaching, innovative research,

industry

engagement,

and

active

participation in co-curricular and

extension activities.

I appreciate the dedication of the

faculty members who consistently

strive for academic excellence and the

enthusiasm of our students who bring laurels to the department through their hard work and

commitment. Such initiatives not only enhance individual competence but also strengthen the

academic reputation of the institution.

I encourage all members of the academic community—faculty, students, and staff—to make

the best use of the opportunities provided, remain inquisitive, and continuously reskill and

upskill themselves to meet the evolving demands of academia and industry. I urge everyone to uphold the core values of discipline, integrity, and lifelong learning. I extend my sincere appreciation and best wishes to the editorial team for their dedicated efforts in bringing out this newsletter and wish the department continued success in all its future endeavours.

Dr. Amita Dev

NAVDRISHTI: A DIRECTION TOWARDS TRANSFORMING IMAGINATION INTO REALITY

4

Message from the Director

It is a matter of great pride to witness the release of this edition of the MCA Department Newsletter. The department's progress in academics, technology, and cultural activities reflects the dedication of our faculty members and the enthusiasm of our students.

This newsletter not only highlights the department's achievements

but

also

encourages students to develop technical writing, innovation, and teamwork skills—qualities

that

are

essential

for

their

professional growth.

In today's dynamic educational landscape,

innovation and adaptability are crucial. I am pleased to see our students actively participating in research, competitions, and community-driven initiatives that nurture both technical competence and character development. Our faculty members continue to play a pivotal role in mentoring and guiding students, ensuring they remain aligned with emerging industry trends.

I congratulate the Head of the Department, faculty members, and the editorial team for their sincere efforts in bringing out this publication. May this newsletter continue to inspire creativity, collaboration, and excellence in the years to come.

Dr. Hemant Ahuja

NAVDRISHTI: A DIRECTION TOWARDS TRANSFORMING IMAGINATION INTO REALITY

5

Message from the HOD

It gives me immense pleasure to extend my warm greetings on the release of our Department Newsletter. This publication reflects the collaborative spirit, academic excellence, and creative expression that define the Department of MCA. Over the past year, our department has witnessed remarkable achievements by both students and faculty, highlighting a strong culture of learning, research, and holistic development.

Our students have demonstrated outstanding

initiative and commitment, resulting in more than 30 placements in reputed organizations such

as

Accenture,

Infosys,

Nagarro,

Intellipaat, and Ed-Vedha, with packages reaching up to ₹9 LPA. These accomplishments stand as a testament to their dedication, perseverance, and industry-ready skill sets. Equally commendable are the contributions of our faculty members, whose mentorship and research orientation have played a pivotal role in nurturing student potential.

Faculty–student collaboration has led to significant research outcomes, including 23 patents and more than 20 publications in Scopus-indexed journals, conferences, books, and book chapters. Faculty members have also actively enhanced their expertise through participation in numerous Faculty Development Programs organized by reputed institutions.

The department further strengthened its academic and research ecosystem by successfully organizing impactful faculty development and academic initiatives during the year. These efforts have significantly enhanced teaching quality, research orientation, and institutional visibility.

I sincerely appreciate the editorial team for their dedicated efforts in bringing together diverse voices and presenting them thoughtfully. Let this newsletter serve as a source of inspiration and a reflection of our shared vision—to build a vibrant learning ecosystem that empowers every student and encourages innovation.

Wishing everyone continued success, growth, and excellence.

Dr. Saroj Bala

From the Editorial Team

It is with great pleasure that we present this edition of NAVDRISHTI, the departmental newsletter of the Master of Computer Applications (MCA) Department.

This

publication reflects the department's academic excellence, technological progress, and commitment to innovation.

NAVDRISHTI functions as a comprehensive record of departmental progress, showcasing academic initiatives, research activities, industry collaborations, and student achievements. Developments in infrastructure and computing laboratories, expert lectures, industrial visits, technical workshops, and faculty student engagement are documented to highlight the department's sustained efforts toward excellence in teaching, learning, and research.

This edition also features faculty accomplishments in research, publications, patents, and professional recognition, underscoring the department's commitment to scholarly growth and knowledge creation. Student involvement in technical competitions, internships, placements, sports, and co-curricular activities further reflects the department's emphasis on holistic development.

We express our sincere gratitude to the Head of the Department, MCA, for continued guidance and leadership, and to all faculty members, students, contributors, and coordinators whose efforts made this publication possible.

We trust that NAVDRISHTI will inform and inspire its

readers and welcome your valuable feedback and continued support.

Warm Regards

Editorial Team NAVDRISHTI

Department of MCA, AKGEC, Ghaziabad

NAVDRISHTI: A DIRECTION TOWARDS TRANSFORMING IMAGINATION INTO REALITY

7

DEPARTMENTAL HIGHLIGHTS

Achievements of the department in the past semester/year

The Department of MCA witnessed exemplary achievements by both students and faculty, highlighting a strong culture of academic excellence, research, and holistic development.

Students secured 30+ placements in leading organizations such as Accenture, Infosys, Nagarro, Intellipaat, and Ed-Vedha, with packages up to ■9 LPA. Faculty–student collaboration led to significant research outcomes, including 23 patents (22 published, 1 granted) and 22+ publications across Scopus-indexed journals, conferences, books, and book chapters. Faculty members also actively enhanced their expertise by participating in numerous FDPs organized by ATAL, NITTTR, and other reputed institutions. Together, these accomplishments reflect the department’s commitment to innovation, industry relevance, research-driven teaching, and comprehensive student–faculty development.

Magazine-MCA — Page 8

Source: Magazine-MCA.pdf

NAVDRISHTI: A DIRECTION TOWARDS TRANSFORMING IMAGINATION INTO REALITY

8

The Department of MCA strengthened its academic and research ecosystem through impactful faculty development initiatives during the year.

The MCA Department successfully organized an AKTU-sponsored one-week FDP on “Research & Development in Machine Learning / Deep Learning” from 05–09 August 2024.

The programme enhanced participants’ understanding of ML/DL fundamentals, mathematical foundations, and real-world applications in areas such as cyber-attacks, trust management, and

research ethics, along with hands-on Python sessions. The FDP included expert talks by Dr. Anurag Singh (NIT Delhi), Dr. Divakar Yadav (IGNOU, Delhi), Dr. Mansaf Alam (JMI, Delhi), and Dr. Karan Singh (JNU, Delhi), among other distinguished speakers, making it highly enriching learning experience.

Magazine-MCA — Page 9

Source: Magazine-MCA.pdf

NAVDRISHTI: A DIRECTION TOWARDS TRANSFORMING IMAGINATION INTO REALITY

9

In collaboration with Hansraj College, University of Delhi, the department contributed to the 8-day Malaviya Mission Teacher Training Programme (MMTTP) on NEP Orientation and Sensitization, conducted from 14-24 October 2024, with nearly 150 participants. The programme enhanced participants' understanding of NEP 2020 and its implementation in higher education. Through expert talks and interactive sessions, it facilitated capacity building, strengthened academic leadership, and encouraged learner-centric and multidisciplinary teaching practices. Overall, it equipped educators with practical insights to align curriculum planning and pedagogy with NEP goals.

These initiatives enhanced teaching quality by updating faculty knowledge and pedagogy, strengthened research orientation through exposure to advanced methodologies and ethical practices, and improved institutional visibility via collaboration with reputed institutions and national programmes, contributing to better learning outcomes, academic networking, and the department's recognition at regional and national levels.

Key Outcomes and Highlights

-

Enhanced faculty expertise in Machine Learning and Deep Learning concepts and applications

-

Strengthened research orientation and ethical research practices

-

Improved hands-on proficiency in Python and data-driven methodologies

-

Exposure to expert insights from reputed national institutions

-

Capacity building aligned with NEP 2020 objectives

-

Promotion of learner-centric and multidisciplinary teaching approaches

-

Strengthened academic leadership and institutional visibility

10

Community outreach:

Objective:

To foster the habit of healthy reading among students, AKTU University launched a program titled **■■■■ ■■■■■■■■■■■■ / ■■■■ ■■■■■■■■■■■■**. As a part of this program, all students, faculty, and staff members took a pledge for “**■■■■■ ■■■■■ ■■■■**” and “**■■■ ■■■■■ ■■■■**” at 12:15 PM on 07 March 2025. In addition to this, the people from adopted villages were also involved to make them aware and part of this. A team of college faculty, staff and students including Dr. Saroj Bala, HOD, Mr. Mukulit Goel, Assistant Professor, Mr. Jai Prakash Panwar, Lab Technician, Department of MCA, visited the village panchayat ghar and a school to conduct the pledge. Many villagers took the pledge at the panchayat ghar and the school.

Outcome: 76 persons from Galand village took the pledge and registered for AKTU’s initiative for Women’s Day 2025. The student volunteers interacted with village people in the panchayat ghar and discussed their challenges in studies.

Students Participated: RISHABH CHAWLA, SHUBHAM SINGH, VINEET KUMAR

PANDEY, PALAK SHARMA, NISHITA SHARMA

11

MCA Laboratory System Configuration Overview

The MCA Laboratory offers a modern, research-ready computing environment that supports

academic learning, programming, and advanced software development. Each workstation is powered by an HP Desktop 280 4G Micro tower with an Intel® Core™ i5-8500 (3.00 GHz) processor, ensuring smooth multitasking for coding, simulations, and project execution. With 8 GB RAM and a 1 TB HDD, the systems provide reliable performance and ample storage for student projects, datasets, and software tools used in the MCA curriculum.

Equipped with 18.5-inch TFT monitors, along with HP keyboards and optical mice, the lab ensures comfortable usage during extended practical sessions. With a total of 66 systems distributed across MCA-1 and MCA-2 labs, the facility enables collaborative learning and supports research-oriented activities such as data analytics, software testing, database management, and emerging technology experimentation, creating a strong foundation for innovation and skill development.

In summary, the MCA Laboratory stands as a vital academic resource that significantly enhances teaching–learning processes and practical skill development. Its modern infrastructure enables students to experiment with contemporary technologies, complete industry-oriented projects, and engage in research activities with confidence. By providing a reliable, high-performance computing setup, the lab fosters innovation, collaboration, and problem-solving abilities, preparing students to meet professional challenges and contribute effectively to the evolving field of computer applications.

EVENTS ORGANIZED

Departmental UHV Seminar Conducted

The “Departmental UHV Seminar” was conducted as part of the department's regular initiative with the key motive of promoting Universal Human Values (UHV) and nurturing ethical thinking, personal well-being, and social responsibility among participants. The seminar aimed to inspire a spirit of sustainable living by encouraging reflection on value-based decision-making, harmony in relationships, and responsible use of natural resources. Through thoughtful discussions and practical insights, attendees gained a deeper understanding of how conscious choices lead to a more meaningful, balanced, and sustainable lifestyle. This ongoing initiative

continues to guide individuals toward mindful living and positive societal contribution.

Departmental Research Seminar Conducted

The “Departmental Research Seminar” was conducted as part of the department’s ongoing initiative to strengthen the research culture among faculty. The seminar provided a platform for educators to share their scholarly work, discuss emerging trends, and refine research perspectives. Through meaningful exchanges and constructive feedback, faculty members enhanced their academic insight and identified new opportunities for collaborative inquiry. These ongoing activities consistently promote professional development, encourage innovation, and strengthen research-oriented thinking. They inspire participants to explore new ideas and adopt advanced practices. Overall, they cultivate a sustained commitment to meaningful and impactful research.

Guest Lectures Conducted in the Department

The Department of MCA regularly invites distinguished experts from diverse domains to campus to deliver guest lectures that bridge the gap between classroom learning and evolving industry expectations. These sessions are highly important in the current and future technology landscape, where rapid advancements in AI, cybersecurity, and data-driven systems demand continuous upskilling and real-world awareness.

As part of this initiative, Dr. D.K. Lobiyal (Professor, CS Department, JNU) delivered a session on Natural Language Processing (NLP) on 22-05-2025, highlighting how NLP is shaping modern applications such as chatbots, search engines, sentiment analysis, and intelligent automation. The lecture offered key insights into language-based AI systems and motivated students to explore research and innovation in this rapidly growing area. Further strengthening

industry relevance, Dr. Reema Thareja (Assistant Professor, CS Department, School of Open Learning, University of Delhi) conducted an expert talk on AI in Cyber Security on 29-10-2025, emphasizing the importance of AI-driven threat detection, predictive security, and safeguarding digital infrastructure in future-ready environments. Both sessions were attended by MCA students and served as valuable takeaways in terms of enhanced technical understanding, interactive learning and improved readiness for emerging technology careers.

UNAI Events Organised: SDG Awareness Quiz and Presentations Inspire

MCA Students

The Department of MCA successfully conducted the Sustainable Development Goals (SDG) Awareness Quiz on 31 October 2025 at 10:10 AM under the United Nations Academic Impact (UNAI) initiative. Designed to deepen students' understanding of the UN-identified SDGs, the quiz encouraged participants to engage with global sustainability challenges and reflect on their role in shaping a better future. A total of 96 enthusiastic MCA First-Year students took part in the event, demonstrating keen interest and awareness.

Adding further depth to the initiative, MCA Second-Year students delivered compelling presentations highlighting the importance of SDG adoption, responsible consumption, and sustainable living practices. Their efforts enriched the session by offering real-world insights and inspiring peers toward mindful, sustainable choices.

Certificates of Achievement will be awarded to top performers. The Department extends sincere appreciation to all students for their active participation, which made the awareness programme a meaningful and impactful success.

16

Events organized under the Parivridhhi society from 1st January 2025 till

date

Code Craft Challenge

The Code Craft Challenge, a premier coding competition for MCA students, was organized under the aegis of the Parivriddhi Society on 15th January 2025. This event aimed to foster a spirit of innovation and technical excellence among students by challenging their programming skills and problem-solving abilities. A total of 60 students participated, of whom 22 qualified for the final round.

The event concluded with the results announced by the Department head, Dr. Saroj Bala and the Parivriddhi Society coordinator, Ms. Shruti Jain. The participants' enthusiasm and performance underscored the event's success, reaffirming the Parivridhi Society's dedication to academic and professional growth.

17

Business Pitch Competition

The MCA Department under the banner of the Parivriddhi Society successfully

organized a Business Pitch Competition on 26th March 2025. The event provided a platform for final-year students to showcase their innovative startup ideas, entrepreneurial thinking, and problem-solving skills. The primary aim of the competition was to encourage students to think creatively, assess market needs, and present feasible and scalable business models.

Several teams participated, presenting a diverse range of tech-based startup ideas addressing real-world challenges. Each team was given 10 minutes to pitch their idea, followed by a Q&A session with the panel of judges, comprising the faculty members. The presentations were judged based on Innovation, Feasibility, Market Potential, Presentation Clarity, and Teamwork.

The event concluded with a formal announcement of results by the Head of Department (HOD), Dr. Saroj Bala, who appreciated the enthusiasm, creativity, and research demonstrated by all the participants. She encouraged students to take such ideas forward, refine them with mentorship, and consider incubation or startup funding opportunities. The event was a resounding success and served as a motivating experience for all aspiring entrepreneurs in the department.

18

Tech Talk

The Parivridhhi Society of the MCA

Department organized a vibrant and

intellectually stimulating Tech Talk
event on 16th April 2025 featuring
MCA
students
as
the
speakers,
presenting on a range of trending
technological topics.

The objective of the event was to encourage peer learning, build confidence in public speaking, and enhance awareness of emerging technologies among students. Participants showcased their research and understanding through well-prepared presentations on Generative AI, Blockchain, Cybersecurity in the Age of IoT, etc.

Each speaker was allotted a specific time slot, followed by short Q&A sessions that sparked curiosity and interactive discussion among attendees. The talks reflected the students' in-depth research, presentation skills, and passion for technology.

The session was well-attended by students and faculty members, with the Head of the Department, Dr. Saroj Bala, and Parivridhhi coordinator Ms. Shruti Jain commending the student speakers for their efforts and knowledge. In her address, she highlighted the importance of staying updated with technological advancements and praised the initiative for fostering a self-driven learning culture.

The event concluded with a vote of thanks and distribution of awards to the student speakers. The Tech Talk proved to be a successful platform for students to express, explore, and engage with the ever-evolving tech landscape.

NAVDRISHTI: A DIRECTION TOWARDS TRANSFORMING IMAGINATION INTO REALITY

19

Orientation programme for the 3rd semester students

The Department of MCA at Ajay Kumar Garg Engineering College organized an orientation programme on 22nd August 2025 for 3rd-semester students to introduce them to important academic guidelines and institutional expectations. Conducted by Prof. Saroj Bala, the session

emphasized punctuality, mandatory reporting before 8:30 AM, and the impact of late arrival on GP marks. Students were briefed on the requirement to maintain at least 75% attendance to be eligible for sessional tests (STs) and pre-university tests (PUTs), with defaulters facing debarment and parental notification. They were also informed about awards for toppers, the book bank facility, and mandatory PDP attendance for placement eligibility.

The assessment structure—including STs, PUTs, and tutorials—was explained clearly.

Students received detailed minor project guidelines, including group formation, weekly monitoring, and scheduled presentations on 28th August, 22nd September, and 12th November. They were also reminded of important deadlines such as Patent IDF submission on 30th September and proof of research paper submission on 15th October.

The departmental society “Parivridhi” presented its activity calendar featuring events like Project Prism and Tech Canvas. Students were encouraged to participate in college-level activities such as hackathons, cultural programmes, sports events, and UNAI initiatives.

Overall, the orientation prepared students for a disciplined, engaging, and productive semester.

Orientation programme for the 1st year students

The Orientation Programme for the MCA Batch 2025–27 was held on 18th and 22nd September 2025, organized by 2nd-year students to welcome freshers and introduce them to the college and department. The session on 18th September began with peer introductions, helping new students settle in, followed by an inspiring address by Dr. Amita Dev, Advisor, AKGEC. She encouraged students to stay updated with advancements in AI, Machine Learning, Web Development, and related technologies, motivating them to remain focused and make the most of available opportunities. A UHV session by Prof. Gopal Babu guided students on integrating academic growth with human values like happiness and respect. After lunch, an interactive session between seniors and freshers helped build connections, and the day concluded with a campus tour highlighting key facilities.

The session on 22nd September focused on orienting students with institutional policies and introducing them to the MCA department. Prof. Saroj Bala, Head of Department, shared the department’s vision, introduced faculty members, and emphasized discipline, academic sincerity, and early placement preparation. Her address set a positive and determined tone for the upcoming journey. Gratitude was extended to the AKGEC management, Director General Dr. R.K. Agarwal, and Director Dr. Hemant Ahuja for their support in ensuring the smooth conduct of the programme.

Magazine-MCA — Page 20

NAVDRISHTI: A DIRECTION TOWARDS TRANSFORMING IMAGINATION INTO REALITY

20

Key Highlights of Orientation Programmes

-

Orientation sessions conducted for 3rd semester students (22 August 2025) and MCA Batch 2025–27 (18 & 22 September 2025) to familiarize students with academic and institutional expectations.

-

Emphasis on discipline, punctuality, attendance requirements (75%), and their impact on assessments and eligibility.

-

Clear explanation of the assessment structure, including STs, PUTs, tutorials, and minor project evaluation.

-

Detailed briefing on minor project guidelines, presentation schedules, and important academic deadlines.

-

Introduction to departmental initiatives and student activities through the society Parivridhhi.

-

Motivational and value-based sessions covering emerging technologies, career readiness, and human values (UHV).

21

STUDENT ACHIEVEMENTS

Academics

Our students make us proud again at the convocation ceremony held in April 2025 for the Batch 2023–24. Three students were honoured for their outstanding academic performance. Devesh Srivastava secured the 1st position, Riya Garg achieved the 2nd position, and Saloni earned the 3rd position, each receiving a cash prize in recognition of their excellence. Their remarkable achievements reflect consistent hard work, dedication, and academic discipline. The department is proud of these achievers, as they have once again brought laurels to the MCA programme and inspired their peers to strive for excellence.

Magazine-MCA — Page 22

Source: Magazine-MCA.pdf

NAVDRISHTI: A DIRECTION TOWARDS TRANSFORMING IMAGINATION INTO REALITY

22

Placements

During the academic session, our campus witnessed an active and successful recruitment drive with around 20 reputed companies visiting Ajay Kumar Garg Engineering College for campus placements. Leading organizations from diverse domains such as IT services, software development, product engineering, consulting, and finance participated in the recruitment process. Our MCA students secured placements in various esteemed companies, demonstrating strong technical skills, professional discipline, and readiness for industry roles. The dedicated efforts of the Training & Placement Cell, continuous training programs, and rigorous academic support have significantly contributed to this accomplishment. This achievement reflects the strong industry–academia relationship and reinforces the commitment of the department towards building successful careers for students.

The Department of MCA, Ajay Kumar Garg Engineering College, is proud to announce the remarkable achievement of our students in the current placement session. The following section presents the detailed list of students who have been successfully placed along with the respective companies. We congratulate all students for their accomplishments and extend best wishes for their professional journey ahead.

Sports

MCA students achieved remarkable success at Saksham 2025 held at the college level, showcasing excellence in both team and individual events. The MCA volleyball team secured an impressive second place, demonstrating teamwork, resilience, and strong sportsmanship.

In

individual

achievements, Lovink Tyagi, MCA 2nd year won the Gold Medal in the 85 kg weight category, while Ayush Sharma MCA 1st year earned Gold in the open weight category in weightlifting and was honoured with the prestigious Iron Man of AKGEC award.

These sporting achievements reflect the dedication, discipline, and perseverance of our students, who successfully balanced academic responsibilities with excellence in sports. Their consistent efforts, teamwork, and competitive spirit enabled them to perform at various levels, bringing recognition and pride to both the department and the institution. Such accomplishments not only highlight individual talent but also promote values such as sportsmanship, leadership, resilience, and time management. The achievements have inspired fellow students to actively participate in sports and physical activities, fostering a culture of holistic development, fitness, and healthy competition within the campus community.

Chintu

Sharma

(2nd

Year)

actively

represented the department and AKGEC in

major football tournaments during the year. He

played in the Zonal Championship in March

2025 as a member of the Achheja Football

Club, showcasing strong skills and competitive

spirit at the district level. Later, in October

2025, he participated in the prestigious

Udghosh Tournament at IIT Kanpur, one of

the largest intercollegiate sports fests in the

country. His consistent involvement in high-

level competitions reflects his dedication,

athletic discipline, and commitment to both personal growth and team performance, bringing

pride to the MCA department.

26

Projects and innovation

The MCA students developed several impactful projects reflecting innovation and real-world relevance. The “Medical Chatbot” was designed as a smart healthcare assistant to provide

instant responses for basic health queries and improve access to preliminary guidance. The “IoT-Based Air Quality & Temperature Monitoring System” focused on real-time environmental monitoring using sensors and dashboards to support smart and health-conscious decision-making. The “Fake News Detection System” applied machine learning to classify news as genuine or fake, promoting responsible digital awareness. The “DNS Traffic Analysis for Anomaly Detection” strengthened cybersecurity by identifying abnormal DNS patterns to support early threat detection and safer networks.

Students successfully completed a diverse set of major projects spanning AI, IoT, cybersecurity, healthcare technology, smart automation, and data-driven recommendation systems. Many of these projects demonstrated strong innovation potential and were converted into patents, with several already published or granted. In addition, 4–5 research papers emerging from these projects were published in Scopus indexed conferences under the guidance of faculty mentors. This reflects a robust culture of student–faculty collaboration, hands-on research, and outcome-based learning.

RESEARCH & INNOVATION

During the year 2025, the institute recorded four significant research publications across diverse interdisciplinary domains. These works reflect strong contributions in AI explainability, STEM education models, human-values-integrated learning, and informatics-driven educational frameworks.

Papers published in journals/conferences/Book/Chapters

During the year 2025, the institute recorded approximately 22 significant research publications across journals, conferences, and authored books/book chapters. The consolidated research output includes

a) Journal Publications: Including Scopus/Web of Science/ABDC indexed journal papers. Covering domains such as AI explainability, STEM and UHV-based education models, predictive analytics, and educational data mining.

1. Usha, S., Bala, S., Saranya, M. D., & Suganyadevi, S. (2025). Pixelated disparity network for hepatocellular carcinoma recognition from ultrasound images. Evolving

Systems, 16(4), 113.

2. Bala, S., Arora, K., & Doss, A. N. (2025). Improving Kidney Stone Detection with YOLOV10 and Channel Attention Mechanisms in Medical Imaging. *Journal of Electronics, Electromedical Engineering, and Medical Informatics*, 7(3), 951-963.
3. Bala, S., Arora, K., Chowdhury, R., Kumar, P., & Nageswari, C. S. (2025). A Novel Encoder Decoder Architecture with Vision Transformer for Medical Image Segmentation. *Journal of Electronics, Electromedical Engineering, and Medical Informatics*, 7(1), 176-186.
4. Saxena, A., & Mittal, S. (2025). CluSHAPify: Synergizing Clustering and SHAP Value Interpretations for Improved Reconnaissance Attack Detection in IIoT Networks. *International Journal of Performability Engineering*, 21(1).
5. Singh, D. K., & Kumar, N. A Journey of STEM Education Model towards VBSTEM to UHV-STEM: A Clustering Based Predictive Analysis. *International Journal of Environmental Sciences*, 11(14s), 2025.
6. Singh, D. K., & Kumar, N. (2025). Exploring The Integration of Universal Human Values in Arts and Science Education: Perceptions, Predictive Analysis, And Pathways to UHV-Stem Using Clustering. *Metallurgical and Materials Engineering*, 364-375.
7. Deepika, J., Shetty, S., Selvarani, A., & Bala, S. (2025). A smart blockchain-based privacy-preserving machine learning scheme in IoT healthcare. *Baghdad Science Journal*, 22(6), 2086-2098.
8. Singh, S., & Gupta, A. (2025). Interactive virtual reality headset. *Indian Journal of Technical Education*, 48(1), 7–10

28

b) Paper published in Conferences: 15+ conference papers in total

- 6 Scopus-indexed conference papers

- Conference papers presented in reputed national/international conferences (non-indexed)

Research themes span IoT innovations, machine learning applications, optimization

models, smart healthcare devices, and intelligent systems engineering.

1. Bala, S., & Arora, K. (2025, January). Interpretable Investigation of Feature Relevance and Sparsity of IoT Datasets. In 2025 6th International Conference on Mobile Computing and Sustainable Informatics (ICMCSI) (pp. 374-379). IEEE.
2. Sharma, A., Garg, A., & Bala, S. (2025, March). Adaptive Hybridization of Particle Swarm Optimization and Grey Wolf Optimization. In 2025 International Conference on Next Generation Information System Engineering (NGISE) (Vol. 1, pp. 1-8). IEEE.
3. Tavrez, S., Kumar, K., Sharma, H., & Saxena, A. (2024, November). Automatic Vehicle Plate Recognition and Overspeed Detection. In 2024 4th International Conference on Advancement in Electronics & Communication Engineering (AECE) (pp. 341-346). IEEE.
4. Yadav, N. K., Tiwari, A., Verma, H. K., & Saxena, A. (2024, November). Developing an Effective Model for Skin Disease Detection: Techniques and Approaches. In 2024 4th International Conference on Advancement in Electronics & Communication Engineering (AECE) (pp. 347-351). IEEE.
5. Sharma, A., Yadav, A., & Saxena, A. (2025, March). Leveraging Ensemble Methods for Robust Attack Detection in Consumer IoT Environments. In 2025 3rd International Conference on Disruptive Technologies (ICDT) (pp. 1287-1291). IEEE.
6. Chawla R, Sen M, Singh S, Kumar R, Goel M. (2025, March). Confident cuff for providing safety and health monitoring using machine learning and IOT. In 2025 International Conference on Machine Learning and Data Science for Scientific & Industrial Applications
7. Pandey KV, Garg S, Avantika, Shashank, Goel M. (2025, March). Confident cuff for providing safety and health monitoring using machine learning and IOT. In 2025 International Conference on Machine Learning and Data Science for Scientific & Industrial Applications
8. Kumar. A, Goel M, Sharma P, Pandey P, Kumar M. (2025, Feb). An improved energy optimization model for sensitive IOT devices using clustered Machine Learning. In 2025 2nd International Conference on Computational Intelligence, Communication Technology and Networking (CICTN)

d) Books Chapters published

Book titled as “Data Structures Using C” is authored by Mukulit Goel. The book, published by SIPH, serves as a comprehensive resource for understanding fundamental and advanced data structure concepts using the C programming language, supporting both students and educators in computer science and related disciplines.

Book chapters published with reputable publishers including IGI Global, Chyren Publisher, SHREE Publishers, and AKGIM covering areas like operating systems, AI–IoT integration, blockchain-based media transcription, smart retailing, STEM–UHV education, and next-gen repository systems.

Patent Published

This period witnessed significant progress in innovation and intellectual property creation, with a strong focus on integrating patent development into student-led major projects. A substantial number of patents were produced through close faculty–student collaboration, directly aligned with students' academic project work, reflecting a robust culture of mentorship, hands-on research, and real-world problem-solving. In total, 20+ patents were recorded during this phase, of which 1 has been granted others are published, highlighting both productivity and quality in research outcomes.

EVENTS ORGANIZED

Workshops

The Department of MCA in collaboration with TIFAC organized a workshop on the basics of IOT for Students of MCA 2nd Year on 11/11/2025 in the PI lab of TIFAC Building. This workshop offers basics of IOT with Hands on Exposure to the various sensors with implementation under Raspberry Pi programming environment. This Workshop is conducted by Mr. Himanshu Tripathi. The event was held under the guidance of Dr. Saroj Bala, HoD–MCA, Prof. Ashiv Shah, Head TIFAC-CORE and reflects AKGEC's commitment to

industry-oriented academic excellence.

43

UPCOMING PLANS

The following activities have been planned for the upcoming semester to enhance academic quality, student engagement, and departmental growth. The department has set up the following goals for the upcoming academic semester.

- Industry-oriented courses
- Research-based projects
- Outcome-based learning
- Holistic development of faculty, staff and students
- Faculty development

Academic Plans

The Department of MCA has planned a structured set of value-added initiatives to be implemented during the final semester of the MCA program, in addition to the prescribed AKTU curriculum, with the objective of enhancing students' personality, technical

competence, and professional readiness. The plan includes a two-day intensive workshop on Aptitude and Reasoning to strengthen analytical and problem-solving abilities, followed by three one-week (40 hours each) skill-oriented training programs in emerging and core domains. These comprise hands-on training in Machine Learning and Data Science using Python to build data-driven competencies, a comprehensive Web Development program to enhance full-stack development skills, and focused training in Java programming to reinforce object-oriented and enterprise application development. Collectively, these initiatives aim to equip students with industry-relevant skills and improve their employability and success as future professionals. The objective of the planned actions for the Even Semester is to strengthen students' technical competence, practical exposure, and industry readiness by emphasizing hands-on learning, advanced skill development, and research orientation. Through structured training programmes, workshops, internships, and project-based research activities, the department aims to bridge the gap between theory and practice, enhance employability skills, promote innovation, and encourage scholarly contributions, thereby preparing students for professional, academic, and research-oriented career pathways.

Magazine-MCA — Page 44

Source: Magazine-MCA.pdf

NAVDRISHTI: A DIRECTION TOWARDS TRANSFORMING IMAGINATION INTO REALITY

44

Student Development Plans

Plan for activities to be held in the even semester 2025-26 under the Parivridhhi Society

● **Speak Smart** – A Talk-Show Style Communication Event is planned to enhance students' interactive speaking and discussion skills.

Objective: The activity aims to improve articulation, critical thinking, active listening, and on-the-spot communication. It also helps students develop confidence, clarity, and the ability to engage in meaningful, structured conversations—skills essential for professional presentations, teamwork, and leadership.

Outcome: Students will learn to express ideas confidently, respond thoughtfully during discussions, and participate effectively in collaborative dialogues, leading to stronger communication and interpersonal skills.

● **Buzz & Beats Battle** – A Quiz on General Topics is planned as an engaging, fast-

paced knowledge competition for students.

Objective: The event aims to broaden students' awareness of diverse domains, sharpen their recall abilities, and enhance quick-thinking skills. It also encourages healthy competition, teamwork, and active participation while strengthening general knowledge and cognitive agility.

Outcome: Students will develop improved awareness of current and general topics, faster response skills, and greater confidence in competitive settings. The event will also promote collaborative learning, curiosity, and a habit of staying informed.

The objective of the Student Development Plan (SDP) for the Even Semester 2025–26 under the Parivridhi Society is to foster holistic student growth by strengthening communication, cognitive, and interpersonal skills beyond the academic curriculum. Through interactive and engaging activities such as Speak Smart and Buzz & Beats Battle, the plan aims to enhance students' confidence, articulation, critical thinking, teamwork, and general awareness.

These initiatives are designed to create an inclusive learning environment that promotes active participation, healthy competition, and leadership qualities, thereby preparing students for professional interactions, collaborative work environments, and lifelong learning.

NAVDRISHTI: A DIRECTION TOWARDS TRANSFORMING IMAGINATION INTO REALITY

45

Faculty Development Plans

The following faculty and staff development programmes have been finalized.

● NEP: Orientation and Sensitization

Objective: To familiarize faculty with the key principles, vision, and framework of the National Education Policy (NEP) 2020 and orient teachers towards multidisciplinary and holistic teaching-learning approaches promoted under NEP.

Outcome: Improved readiness among teachers to redesign curricula according to flexibility, multidisciplinary approach, and skill integration and enhanced ability to implement learner-centric pedagogies such as experiential learning, project-based learning, internships, and value-added courses.

● Deep Learning

Objective: To provide faculty with a strong conceptual understanding of deep learning

architectures, including CNNs, RNNs, LSTMs, GANs, Transformers, and autoencoders, develop research-oriented thinking by exposing faculty to state-of-the-art deep learning trends, applications, and benchmark datasets and enhance the ability to identify research gaps and formulate research problems in areas such as computer vision, NLP, IoT, cybersecurity, and healthcare analytics.

Outcome: Faculty become capable of developing end-to-end deep learning projects for real-world applications and research. The ability to guide PG students and scholars in research-based projects, dissertations, and innovative prototypes increases.

● Geodata Processing using Python and Machine Learning

Objective: The program sponsored by the Indian Institute of Remote Sensing (IIRS), aims to equip faculty members and students with essential conceptual and practical knowledge in geospatial data analysis. It focuses on introducing the fundamentals of geodata, spatial data types and sources, and preprocessing techniques, while demonstrating the effective use of Python and machine learning for geospatial analysis and visualization.

Outcome: Upon completion of the program, participants will gain hands-on experience in applying Python-based tools and machine learning algorithms to real-world geospatial problems, including remote sensing data analysis and spatial modelling. The program will enhance participants' analytical and technical skills, enabling them to apply geodata-driven approaches for research, decision-making, and advanced academic or industry-oriented applications.

NAVDRISHTI: A DIRECTION TOWARDS TRANSFORMING IMAGINATION INTO REALITY

46

Infrastructure / Administrative Plans

● Centre of Excellence- Artificial Intelligence and Data Analytics (CE-AIDA)

The department is establishing a Centre of Excellence (CoE) dedicated to advanced computing, artificial intelligence, and deep learning research. The centre will be equipped with five high-performance GPU systems capable of supporting large-scale model training, high-speed data processing, and complex computational tasks. This facility will serve as a hub for cutting-edge research, enabling faculty and students to work on innovative projects and publish quality

research papers. This will also support interdisciplinary collaborations, skill development initiatives, and hands-on learning through workshops, FDPs, and project-based activities.

ACKNOWLEDGEMENT

“The strength of any institution lies not only in its achievements, but in the people who inspire, guide, and empower every step of the journey.”

We express our sincere gratitude to the Management of AKGEC for their unwavering support and commitment to academic excellence. Their continuous efforts in providing world-class infrastructure, state-of-the-art technological resources, and a highly conducive learning environment have empowered both students and faculty to grow, innovate, and excel. Their vision and encouragement form the backbone of every initiative that contributes to the holistic development of our MCA community.

We, as editorial board members, with profound respect and gratitude, extend our heartfelt thanks to Prof. Amita Dev, Advisor, AKGEC, whose vision, guidance, and constant encouragement have been the driving force behind this newsletter. Her insightful suggestions and unwavering support have shaped the direction, quality, and purpose of this publication. We extend our heartfelt thanks to Dr. Hemant Ahuja, Director, AKGEC, for his continuous support and for fostering an environment that encourages innovation, learning, and overall holistic development.

Our special thanks to Dr. Saroj Bala, HOD MCA, for her valuable guidance, motivation, and consistent support throughout the preparation of this newsletter.

We deeply appreciate the cooperation, contributions, and constant encouragement of the faculty members of the MCA Department, whose dedication has added immense value to this publication.

Lastly, we acknowledge the creative efforts of our MCA students, whose enthusiasm, ideas, and teamwork have added life and vibrancy to this newsletter.

“Great achievements are always a collective effort, and this newsletter stands as a reflection of the dedication, creativity, and unity of our MCA family.”

AJAY KUMAR GARG ENGINEERING COLLEGE

The Department of Mechanical Engineering has been steadily strengthening its foundation by blending strong theoretical knowledge with practical exposure, research orientation, and industry relevance.

I extend my sincere appreciation to the faculty members for their committed mentorship and academic leadership. I also commend the students for their enthusiasm, discipline, and willingness to explore beyond the classroom. Such collaborative efforts play a vital role in

shaping a vibrant academic ecosystem.

I am confident that the Department of Mechanical Engineering will continue to grow in stature, contribute meaningfully to technological advancement, and uphold the highest standards of academic excellence. I wish the department continued success in all its future endeavors.

I am pleased to present the first Biannual Newsletter of the Department of

Mechanical

Engineering,

which

highlights

the

academic

accomplishments, innovative practices, and collective efforts of the department. This inaugural edition marks an important step in documenting the department's journey and showcasing its commitment to quality education, research, and student development.

prof. amita dev, advisor

Prof. hemant ahuja, director

I am delighted to present the first Biannual Newsletter of the Department of Mechanical Engineering, which captures the academic progress, innovative initiatives, and notable achievements of the department. This inaugural edition reflects the collective spirit of excellence, dedication, and continuous learning demonstrated by both students and faculty.

The Department of Mechanical Engineering has consistently demonstrated dedication towards strengthening core engineering fundamentals while embracing modern technologies, interdisciplinary learning, and industry-oriented practices.

I
extend

my

sincere

congratulations to the faculty members for their academic leadership, mentorship, and continuous efforts in creating a conducive learning environment. I also appreciate the students for their enthusiasm, discipline, and proactive participation in academic, technical, and co-curricular activities.

I encourage the Department of Mechanical Engineering to continue striving for higher standards, innovation, and impactful contributions to society. I am confident that the department will achieve greater milestones in the years ahead and bring continued recognition to the institution.

AJAY KUMAR GARG ENGINEERING COLLEGE

I am happy to present the first Biannual Newsletter of the Department

of

Mechanical

Engineering,

which

showcases

the

academic

achievements, technical initiatives, and collective efforts of our

students and faculty. This inaugural edition represents an important

milestone in documenting the department's activities and reflecting

its steady progress towards academic excellence and innovation.

The Department of Mechanical Engineering remains committed to delivering strong

foundational knowledge while promoting experiential learning, research orientation, and

industry interaction. The accomplishments and initiatives highlighted in this newsletter reflect the department's focus on skill development, creativity, teamwork, and the application of engineering principles to real-world challenges.

I take this opportunity to congratulate the faculty members for their sincere dedication, mentorship, and continuous efforts in creating a vibrant and learner-centric academic environment. I also commend our students for their enthusiasm, discipline, and active participation in academic, technical, and co-curricular activities, which significantly contribute to the department's growth and visibility.

I am confident that the Department of Mechanical Engineering will continue to evolve, achieve new milestones, and uphold the highest standards of teaching, research, and professional ethics. I wish the department continued success in all its future endeavors.

prof. DEVENDRA SINGH, hoD

MISSION

M1: Assist students in acquiring and maintaining the necessary theoretical and practical Mechanical Engineering knowledge.

M2: To keep students up to date on the latest innovations in Mechanical Engineering

M3: Assisting students in becoming global engineers to address society's relevant and timely needs.

VISION

To produce professionally competent, socially sensitive, motivated, honest and dedicated mechanical engineers capable of working in multicultural global environment.

Mission AND Vision of the Department

Magazine-ME — Page 5

The Pre-University Test is an internal assessment conducted prior to the University Examinations to evaluate students' overall preparedness. Before the Pre-University Test, a Sessional Test is conducted which covers approximately half of the syllabus and helps in assessing students' understanding of core concepts at an intermediate stage. The Pre-University Test covers the complete syllabus as prescribed by the university, allowing students to familiarize themselves with the examination pattern, depth of questions, and time management

requirements of the final examination. This assessment plays a vital role in identifying learning gaps, strengthening conceptual clarity, and guiding students towards focused revision. It has been consistently observed that the toppers of these internal examinations largely emerge as University toppers and maintain their academic positions across successive semesters. The department congratulates these students for their sustained excellence, discipline, and dedicated efforts.

PEER mentorship

Page 6

AJAY KUMAR GARG ENGINEERING COLLEGE

Peer Mentorship is an effective academic support initiative in which senior or

academically strong students guide their peers in understanding complex

subjects

of

Mechanical

Engineering

such

as

Strength

of

Materials,

Thermodynamics, Material Engineering, and related core courses. Through

peer-to-peer interaction, students often feel more comfortable asking questions,

discussing doubts, and revisiting fundamental concepts at a pace suited to their

learning needs. This approach simplifies difficult topics by encouraging problem-solving through shared experiences, practical examples, and collaborative learning.

The Peer Mentorship initiative also helps in building confidence, improving academic performance, and reducing hesitation towards traditionally

challenging subjects. Mentors reinforce their own understanding while mentees benefit from relatable explanations and study strategies. Overall, this initiative fosters a culture of cooperation, responsibility, and academic excellence, making it a valuable component of the department's student-centric learning ecosystem.

Mr. Akarsh Mishra, a 4th year B.Tech Mechanical Engineering student, conducted mentorship sessions in Thermodynamics and Manufacturing Process. His peer-learning approach, clarity in concepts, and effective guidance helped juniors strengthen fundamentals, improve numerical skills, and enhance overall academic performance. His sessions significantly contributed to better understanding and confidence among students.

Mr. Yash Chandra, a 4th year B.Tech Mechanical Engineering student, mentored juniors in Material Engineering and Strength of Materials. He simplified difficult topics, focused on numerical accuracy, and provided relatable explanations. His supportive

approach improved students' conceptual clarity, reduced common errors, and contributed to improved subject-wise outcomes and student confidence.

CII SKILL–WILL–LEAD 2025 Inter-College Presentation Competition, is aimed to enhance professional skills, leadership qualities, and innovative thinking. The event provides a valuable platform for students to demonstrate their presentation and analytical abilities while gaining exposure to industry-oriented perspectives and inter-institutional interaction. Mechanical Engineering students from Ajay Kumar Garg Engineering College delivered an exceptional performance in the CII SKILL–WILL–LEAD 2025 inter- college presentation competition. They secured top honours across multiple host institutions—AKGEC (1st Prize, ₹30,000 – Design Thinking Process), ABESEC (1st Prize, ₹30,000 – India's Air Missile and Defence Systems), GLBITM (2nd Prize, ₹20,000 – Predictive Maintenance with AI), and KIET (3rd Prize, ₹10,000 – Advanced Materials for Spacecraft).

Mechanical Engineering students grabbed cash prizes worth ₹90,000, marking an exceptional achievement and demonstrating the college's strong culture of innovation, technical competence, and presentation excellence.

Co-curricular activities

The Society of Automotive Engineers (SAE)-AKGEC Collegiate Club organized the “AACAR” workshop for first- and second-year students. This two-day workshop is conducted every year with the objective of familiarizing the participants with the SAE India Collegiate Club at AKGEC and its activities. The workshop provides an introduction to automotive engineering fundamentals, team-based learning, and hands-on exposure through interactive sessions. It also motivates students to participate in technical events, projects, and competitions under the SAE platform, thereby nurturing innovation, teamwork, and practical engineering skills from the early years of their academic journey.

This year AACAR 10.0 was an immensely successful event, engaging 170+ students in technical

sessions, overhauling workshops, and competitive activities.

GUEST LECTURES

Page 11

AJAY KUMAR GARG ENGINEERING COLLEGE

A highly insightful guest lecture on “Ladle Preparation / Steel Making” was held on 15th October 2025 for 2nd-year B.Tech Mechanical Engineering students in offline mode. The session was delivered by Mr. Suresh Tiwari, who brings 37 years of extensive experience at the Steel Authority of India Ltd. (SAIL), The lecture offered valuable insights into steel-making processes, ladle preparation, and practical industrial practices, significantly enhancing students' understanding of real-world metallurgical and manufacturing applications.

We have the proud privilege of hosting Prof. Wolf Burger, Senior Expert at SES Bonn and former Professor at Baden-Wuerttemberg Cooperative State University, Germany. Prof. Wolf Burger delivered a guest lecture on the EV Ambulance Project for rural areas of Africa, highlighting sustainable and affordable electric mobility solutions

Vishwakarma Puja Celebration

The celebration truly embodied inclusivity, tradition, and the spirit of engineering excellence that AKGEC upholds. The Mechanical Engineering Department ensured that the event was conducted with proper arrangements, maintaining decorum and cultural significance throughout.

The Mechanical Engineering Department celebrated the Vishwakarma Puja on 17th September 2025 in the Mechanical Engineering Workshop with great devotion and enthusiasm. The ceremony was graced by Advisor Prof. Amita Dev and Director Prof. Hemant Ahuja, who performed the puja. The event saw the active participation of the Director AKGIM, Heads of Departments, Deans, faculty members, staff, and students.

During the celebration, prayers were offered to Lord Vishwakarma, seeking divine blessings for the efficient, safe, and smooth functioning of tools, equipment, and machinery used in the department. The event fostered a sense of unity and reverence, symbolizing the importance of craftsmanship, engineering precision, and technological advancement.

Gangil, N., Mishra, A., Lone, N.F. et al. Linear Friction

Welding of Similar and Dissimilar Materials: A Review.

Met. Mater. Int. 31, 1–21 (2025).

Abstract: Linear friction welding (LFW) has distinction of being a unique process which can join components in a variety of materials, shape and size configurations in an extremely low cycle time. The conventional arc welding, friction stir welding and rotary friction welding are also very popular and a lot of work has been reported on materials joined by these processes. The ability to join huge and small size parts, in a variety of similar and dissimilar materials, shapes and sizes make LFW un-paralleled. Such joint configurations are very common in transportation sectors including aerospace and railways. Very little work is reported on the LFW process in comparison to aforementioned popular welding processes. An attempt is made in this article to present the state of the art on LFW of various materials in similar and dissimilar combinations. Materials in

promising applications such as space, aircraft, aerospace and railways are the main focusses. This work is expected to act as a single window to showcase all aspects of LFW on ferrous and non-ferrous materials in similar and dissimilar combinations. The manuscript begins with an overview on the principle of operation and classification, and subsequently extends the topic to detailed discussion on the joint characteristics, microstructure, material combination and application domain. The literature on LFW was studied and classified based on similar and dissimilar materials, effects of parameters on properties and microstructure responses, evolution of heat and stress conditions, and applications. The article presents, at the end, a meticulously carved out concluding summary which is expected to provide future directions and also an easy to figure out coverage on the discussion.

Pradeep Jain, A Comprehensive review on hydraugels
innovation in extrusion based 3D printing, International
Journal of science engineering and management, July
2025, 2456-1304.

Pradeep Jain, Recent Advances in 3D printing and its applications,

International Journal of Multidisciplinary research, July 2025, 2582- 2160.

Abstract: Additive manufacturing has led to the emergence of hydrogel inclusion in 3D printing using extrusion techniques as a step toward manufacturing and expansion of new areas for environmental applications, biomedical use or tissue engineering. This study examines recent advances in the printing methodologies for hydrogel formulations and their multiple uses in extrusion-based 3D printing. We review the developments in terms of print quality, functionalization, material improvements, cross-linking mechanisms and system compatibility. We also discuss medical applications such as drug delivery systems and tissue scaffoldings as well as ecological implications like water purification and use of biodegradable materials associated with hydrogel-based 3D printing. This Research paper aims to provides an insight into modern innovations on hydrogels based on extrusion techniques for 3D Printing.

Abstract Three-dimensional (3D) printing or additive manufacturing has revolutionized design and production by enabling complex geometries and personalized parts that were infeasible with traditional manufacturing methods. In the past five years, new materials (e.g. advanced polymers, composites, ceramics, hydrogels and even smart alloys) and processes (e.g. 4D-printing, bioprinting) have dramatically expanded 3D printing's capabilities. For example, modern systems can now print metals, fiber-reinforced plastics, and biodegradable polymers.

AJAY KUMAR GARG ENGINEERING COLLEGE

Pradeep Jain, Wire Arc Additive Manufacturing for Metal 3D printing,

International Journal of engineering and manufacturing research, July 2025,
2249-3115.

Abstract : Wire Arc Additive Manufacturing (WAAM) is a type of Manufacturing System to produce metal objects using a 3D printer. Additive manufacturing (AM) helps overcome issues with traditional methods, especially for making big parts with less waste. WAAM uses three main heat sources. gas metal arc welding (GMAW) is the easiest to use, using a continuous wire spool with the torch, which is more convenient than gas tungsten arc welding (GTAW) and Plasma Arc Welding (PAW). Despite its increasing adoption in 3D metal component fabrication, WAAM encounters challenges in process control due to the inherent generation of residual stress and distortion from the high thermal input of its heat sources. The persistent issues of distortion and residual stress present ongoing hurdles for WAAM, potentially compromising the manufactured components, geometric accuracy, and mechanical properties. This paper provides a thorough review of wire arc additive manufacturing technology for 3D metal printing, examining their respective advantages and limitations.

Researchers have focused on finding the results of changing the speed, thermal profile, phase transformation, and residual stresses on WAAM-produced components. By understanding and optimizing these parameters, WAAM processes can achieve improved microstructure and mechanical properties of fabricated metals and alloys. Studies utilize simulations and experimental analyses to explore the intricate interactions between process parameters and resulting material properties. Additionally, the paper reviews the optimized study to obtain a good quality product from WAAM which gives us a broad view of WAAM, here past studies have been discussed comprehensively.

Singh, K., Shanker, H., Singh, A.P. (2025) "Mechanical and Microstructural

Properties of GMAW Welded Ferritic AISI 1080 Carbon Steel (UNS

G10800)" Recent Trends in Material Processing, Characterisation and

Applications (AEMTA 2024). Springer Proceedings in Materials, First

Online: 29 August 2025, pp 635–647, vol 73. Springer, Singapore.

Hari Shanker, Ashutosh Kumar Yadav, Pallab Biswas. "Mechanical and Microstructural

Characteristics of Rice Husk Ash Reinforced Aluminium Metal Matrix Composite: A

Review", Proc IMechE Part C: J Mechanical Engineering Science, 27 Nov 2025, Accepted,

Under Publication (SCIE Indexed, Impact Factor: 2.0)

Abstract : In the fabrication of composite materials, reinforcements are essential due to their longevity and performance. Nowadays, nearly every industry in the world uses composites rather than ferrous alloys to create lightweight mechanical components with enhanced properties of the raw materials. The current analysis illustrates the utilization of agro-waste materials as reinforcement instead of more conventional synthetic reinforcements. Rice husk ash, individually as well as with other reinforcement particles, has been studied to improve the tribological characteristics, hardness, tensile strength, bending strength, and other attributes of composites as they are being used to fulfill the demand of the current industry. The goal of this analysis is to examine the methods used to create an Al-composite in single and hybrid form with the RHA reinforcement particles. It also looks at how adding RHA as a reinforcing material in both single and hybrid modes improve the composite's compressive strength, impact strength, hardness, resistance to wear, and ability to resist corrosion while lowering its density. The study reveals that the 5 wt.% RHA-reinforced sample had the lowest density, maximum hardness rating, and the least amount of porosity in single as well as in hybrid mode.

Abstract : Finding appropriate connecting methods for the widely used AISI 1080 Carbon Steel plates across numerous sectors can be challenging. When ferritic carbon steels like AISI 1080 are joined, coarser grains are formed in fusion zone, reducing toughness and ductility of metal assembled. To

address this, a controlled and well established welding process is required. With its distinct benefits over other welding processes, the advanced robotic GMAW welding process is considered to be the optimum solution to weld a UNS G10800 Ferritic AISI 1080 Carbon Steel. Mechanical and microstructural properties of welds are examined as part of the examination. Weld metal (WM) has a greater tensile strength (TS) than both the base material and the heat-affected zone. The lowest measured hardness of (170 HV), or 74.88% of the weld metal declared hardness, was found in the base metal, according to the results of the hardness tests. To do microstructural analysis, micrographs of the WM, HAZ, and BM are taken and examined. These assessments offer fascinating details about the characteristics and behaviour of the material during the process of welding.

FORTHCOMING EVENTS

Strengthen academic quality through outcome-based and project-oriented teaching–learning practices. Enhance research output by promoting multidisciplinary and collaborative research initiatives.

Build strong industry partnerships for internships, expert lectures, live projects, and consultancy. Introduce skill-based training in emerging areas such as Electric Vehicles (EVs), Robotics, Artificial Intelligence, and Smart Manufacturing.

Improve student performance through structured mentoring, remedial classes, and continuous academic support. Enhance placements via targeted skill-building, career readiness programs, and industry exposure.

Expand consultancy, innovation, and entrepreneurial activities within the department.

Adopt digital tools and systems to support academic and administrative excellence.

Align departmental processes and infrastructure with the upcoming transition to Ajay Kumar Garg University. Establish a dynamic, industry-connected, and research-driven Mechanical Engineering Department committed to excellence and continuous growth.

International Conference in collaboration with reputed international institutions and industry partners. Industry–Academia Interaction Series with experts from automotive,

manufacturing, and drone sectors.

Hands-on Workshop on EV Technology and Smart Manufacturing for students and faculty. National Level Technical Fest / Mechanical Symposium with competitions, paper presentations, and quizzes.

Faculty Development Program (FDP) on Outcome-Based Education and Emerging Technologies. Student Skill Development Bootcamp focusing on CAD/CAE, Robotics, and Industrial Automation.

Research & Innovation Meet to promote multidisciplinary projects, patents, and consultancy. Industrial Visit Series to advanced manufacturing units and R&D centers.

Alumni Interaction and Mentoring Session for career guidance and placement readiness.

NATIONAL BOARD OF ACCREDITATION NB

NATIONAL BOARD

4th Floor, East Tower, NBCC Place, Bhisham Pitamah Marg, Pragati Vihar, Lodhi Road, New Delhi 110003 + ACCREDITATION

File No. 35-02/2010-NBA Date 20-04-2022

To

The Director

Ajay Kumar Garg Engineering College,

27" KM Stone, Delhi-Hapur Bypass Road,

Adhyatmik Nagar, Ghaziabad,

Uttar Pradesh-201 009

Subject: Further accreditation status on the basis of Compliance Report of the programs in Tier II offered by Ajay

Kumar Garg Engineering College, 27° KM Stone, Delhi-Hapur Bypass Road, Adhyatmik Nagar,

Ghaziabad, Uttar Pradesh-201 009.

Sir,

This is regarding Compliance Report submitted by Ajay Kumar Garg Engineering College, 27" KM Stone, Delhi-Hapur Bypass Road, Adhyatmik Nagar, Ghaziabad, Uttar Pradesh-201 009 for the UG Engineering programs

which were accredited by NBA in Tier-II for academic years 2019-20 to 2021-22 whose validity is going to expire on

30.06.2022.

2: An Expert Team conducted data verification of the programs on 19" February, 2022. The report submitted by the Expert Team was considered by the concerned Committees constituted for the purpose in NBA. The Competent Authority in NBA has approved the following accreditation status to the programs as given in the table below:

Name of the

Basis of Accreditation

Program(s)

Evaluation Status

Computer Science &

Engineering Accredited

Electronics & —

gs . Accreditation status

Communication Accredited ; : :

■■■ ; Academic Years granted is valid for the

Engineering

Electrical & Electronics Tier-II Accredited 2022-2023 to period indicated in Col.

EnpliEEiny June 2015 2024-2025 i.e. or till the program has

Document upto 30-06-2025 the approval of the

Information Accredited Competent Authority,

Technology ee whichever is earlier

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. The programs have been granted accreditation for further 3 years. Ajay Kumar Garg Engineering College, 27" KM Stone, Delhi-Hapur Bypass Road, Adhyatmik Nagar, Ghaziabad, Uttar Pradesh-201 009 should submit fresh online application through eNBA portal at least five months before the expiry of validity of accreditation mentioned above.

Tel: +91 11 2436 0620-22, 2436 0654; Telefax: +91 11 4308 4903

Website: <http://www.nbaind.org> | Email: membersecretary@nbaind.org

NBA-Letter-2022-25 — Page 2

Source: NBA-Letter-2022-25.pdf

5. The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to Ajay Kumar Garg Engineering College, 27" KM Stone, Delhi-Hapur Bypass Road,

Adhyatmik Nagar, Ghaziabad, Uttar Pradesh-201 009 as a whole. As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously. Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

6. The accreditation status of the above programs is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited programs as indicated in the table in paragraph 2, appears on the website and information bulletin of the Institute.

re The accreditation status awarded to the programs as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the

NBA, with an appropriate explanatory note.

8. A copy each of Report of the Visiting Team in respect of the above programs is enclosed.

Yours faithfully,

Od?

(Dr. Anil Kumar Nassa)

Member Secretary

Encls: 1.Copy each of Report of the Visiting Team in respect of the programs.

OUTCOME-BASED EDUCATION

21 Sept. - 25 Sept. 2026

NITTTR-Chandigarh-FDP — Page 2

Source: NITTTR-Chandigarh-FDP.pdf

To strengthen the implementation of Outcome-Based Education (OBE) and enhance the quality of instructional practices, AKGEC is organizing a One Week FDP on Transforming Instructional Delivery through Outcome-Based Education" in collaboration with NITTTR, Chandigarh.

The program aims to equip faculty members with contemporary pedagogical approaches and assessment techniques aligned with OBE principles, the National Education Policy (NEP), and accreditation requirements.

About AKGEC, Ghaziabad

Ajay Kumar Garg Engineering College (AKGEC), Ghaziabad is affiliated to Dr. A.P.J. Abdul Kalam Technical University, Lucknow, and is approved by the All India Council for Technical Education. The college was established in 1998 & offers B. Tech courses in various disciplines of Engineering namely Computer Science and Engineering, Information Technology, Computer Science and Engineering in Artificial Intelligence & Machine Learning, Computer Science and Engineering in Data Science, Computer Science, Computer Science and Information Technology, Electronics & Communication Engineering, Electronics and Instrumentation Engineering, Electrical and Electronics Engineering, Mechanical Engineering, Civil Engineering. The college offers M. Tech in Electronics & Communication Engineering, Computer Science and Engineering,

Electrical & Electronics Engineering and Mechanical Engineering. The college is accredited by NAAC. The college has set up India's First Robotic Training Centre in collaboration with KUKA Robotics of Germany. In addition to this, AKGEC is the only Institute to have following state - of - the - art Centres of Excellence in collaboration with eminent multinational companies to provide industry relevant training and project exposure which offers Global employability of students.

- o AKGEC—NI LabView Academy

- o AKGEC-BOSCH Research Center of competence in Automation Technology

- o AKGEC-JAHATICS Industrial Pneumatics Knowledge Centre

- o AKGEC-SIEMENS Product Lifestyle Management Centre of Excellence

- o AKGEC-AIA Competence Development Center in Integrated Automation

Objectives of STTP

The STTP aims to learn the essential skills in data science using Python. Data science is a way to try and discover hidden patterns in raw data. To achieve this goal, it makes use of several algorithms, machine learning (ML) principle, and scientific methods. The insights it retrieves from data lie in forms structured and unstructured. Data science encompasses all data analysis, statistic, and machine learning. With more practices being labeled into data science, the term itself becomes diluted beyond usefulness. This leads to variation in curricula for introductory data science courses worldwide.

Chief Patrons

Patron

Dr. Sunita Yadav

Head of Department

Dr. Sonam Gupta

Mr. Rohit Vashisht

Mr. Jaykant Pratap Singh Yadav

Organizing Team

Ms. Lipika Goel

Resource persons to conduct the program are experts from industry

and academia with excellent track record of accomplishment in technical education, research, and out-reach.

Registration Details

No Registration fee.

A Test will be conducted to assist the performance of participants and certificate will be provided to only those who will qualify the test.

Attendance in all sessions is mandatory.

Registration link: <https://forms.gle/qUB3QQu2LR3APGRv6>

In case of any query kindly mail at : sttp@akgec.ac.in

About AKGEC Central Library

The AKGEC Library System comprises of a Central Library, nine Departmental Libraries and five Hostel Libraries.

The Central Library, housed in the Administrative Block of the College, consists of two sections spread over 1465 Sq. M and with a seating capacity for 344 users.

Comfortable study space is provided for faculty, staff and students in the form of reading hall, study cubicles, digital library and faculty reading room.

The state-of-the-art facilities include KOHA Open Source Library Management Software, Web Based Online Public Access Catalogue (Web OPAC), Digital Library, DSpace Institutional Repository Server and Membership to DELNET and National Digital Library.

The library system is very user friendly with sufficient resources to meet the requirements of the users. Addition of resources as per the requirements and norms is a regular feature. Sufficient number of qualified staff are employed to manage the activities of the library.

The Departmental and Hostel libraries are managed and run by the respective departments and hostels with resources on loan from the Central Library.

All students, faculty and staff of the College are entitled to make use of the library facilities on availing library membership.

Admission to the Central Library is through Library cum Identity Card, which is scanned at the entrance, to keep record of the users. The library is under camera surveillance through ten cameras that have been installed at various locations.

The library attracts an average of 350 users on a regular working day.

Message from the Senior Librarian

Dear Learners

I welcome you to the AKGEC Central Library from a wonderful learning journey.

AKGEC Central Library would like to support you in your academic activities and in making good use of your knowledge. The library endeavors to help you locate, access and acquire the information you need with ease.

We hope that you shall utilize the Central Library resources as a medium of enriching knowledge, information and communication.

AKGEC Central Library committed for finding new opportunities to make your learning experience wonderful. If you have any suggestions for improvement, you may feel free to contact me or my team anytime.

Dr. Shiv Shankar Srivastava

Senior Librarian

User-Manual-AKGEC_14.01.2026 — Page 5

Source: User-Manual-AKGEC_14.01.2026.pdf

Central Library Features

The Central Library of the college has an invaluable collection of text and reference books, journals and e-books, e-journals and a variety of multi-media resources. At present, the total number of titles and volumes on Science, Technology, Humanities and Management are around one lac and fifty two thousand one hundred eighty nine respectively including book bank books (Total Book collection 1,52,189, Lending Section Books and Reference Section Book collection 39,937, Book Bank book collection 1,12,252). The library subscribes to over 4120+ E-resources/International Journals and over 106 National Journals. In addition, the library maintains seminar reports, project reports and thesis of students. A separate section with more than 1000 books on personality development and competitive examination preparation are available. All these resources are constantly getting added and increased.

The Central Library subscribes to more than 43 magazines and 19 newspapers.

User-Manual-AKGEC_14.01.2026 — Page 6

Source: User-Manual-AKGEC_14.01.2026.pdf

1. Library Automation

The Library uses KOHA software package, which is an Open Source Library Management System, to support all in-house operations of the library with barcode technology and circulation of Information through E-mail. It consists of modules on acquisition, cataloguing, circulation, reports and Web based Online Public Access Catalogue (Web OPAC). The database of books available in the Library is updated on day-to-day basis with details of recently acquired books. Record of all the library patrons has also been created in the KOHA software package.

Web based Online Public Access Catalogue (Web OPAC) has been introduced for library data search by users. Web OPAC is a powerful search engine for finding any cataloguing information from KOHA bibliographic database on-line. The resources can be searched based on title of the book, author of the book, subject, publication or accession number of the book.

User-Manual-AKGEC_14.01.2026 — Page 7

Source: User-Manual-AKGEC_14.01.2026.pdf

2. Digital Library

The Digital Library section provides visual media in all formats to support teaching and research. The collection includes DVDs and CD-ROMs for use by AKGEC faculty, staff and students within the library. The collection is constantly being updated and expanded to address the specific study and research needs of the AKGEC community. There are 15 multimedia PCs for use on a walk-in basis in the Digital Library. Users can access Digital Library from anywhere in the campus through IP.

The library subscribes to a variety of e-journals including ProQuest Engineering Collection, through authorized Distributors and remote access facilities thru Login ID / Password.

The Institutional Repository DSpace, an Open Source Software, has been installed to facilitate the users to access multiple resources like e-journals, question papers and model solutions, newspaper clippings and administrative norms / policies of the college.

2.1 E-Journals: All the AKGians may access 4120+ E-Journals through

ProQuest Engineering Collection of your interest directly through authorized Distributors and remote access facilities thru Login ID /

Password. The details of e-resources uploaded on library website.

2.2 Video Lectures: The changing technology is adding new dimensions to

the Learning and Teaching pedagogy. The video lectures for various subjects have been hosted on website for the learners. If you find interest in any particular subject or topic even apart from your regular curriculum, you may access the videos and learn new things instantly.

You may search the videos of your choice through the subject code.

2.3 DELNET: The Central Library offers inter-library loan service to its users for the books and periodicals not available in the AKGEC Library

by procuring them from other libraries. The AKGEC library has membership of DELNET which facilitate sharing of resources among member libraries. The resources available under DELNET network include Union Catalogue of Books and Periodicals and database of thesis and dissertations. For more details, please contact to Senior Librarian of Central Library.

2.4 National Digital Library of India (NDLI): NDLI is one of the significant digital learning initiative of the government of India to make

User-Manual-AKGEC_14.01.2026 — Page 9

Source: User-Manual-AKGEC_14.01.2026.pdf

knowledge reach everyone at no cost. The NDLI is a virtual repository of learning resources which in addition to providing the basic browsing facilities also provides host of services to the learning community. It serves the academic needs from school students to the scholars pursuing research. The platform supports many languages and almost all streams of learning in modern day.

2.5 AKGEC NDLI Club: AKGEC NDLI club is a unique initiative supported by IIT Kharagpur to bring the students and faculty to the digital learning platform together. The club has a vision to explore the young talent for their skills through various competitive events at institute level as well as at the intra college level. The AKGEC NDLI club endeavors to collaborate with other NDLI clubs across the country to provide a platform to young minds for sharing their knowledge and skills.

2.6 Turnitin Plagiarism Software: AKGEC has subscribed for the turnitin plagiarism software for use by faculty and students. The platform may be used for good quality publications to be submitted to reputed publishers / journals / conferences.

3. Digital Repository: AKGEC Central Library maintains a Question Papers & Model Solutions Bank consisting of previous question papers of Sessional, PUT (Pre-University Test), and University Examinations along with their model solutions prepared by the respective subject teachers. The

collection is readily available for reference of students in electronic as well as print form in central library and also in electronic form in departmental and hostel libraries for benefit of faculty and students respectively users are allowed to take the documents for making photocopies at the photocopy. The collection is readily available for students reference through open source DSpace Institutional repository.

4. KOHA OPAC: Library Catalogue / Online Public Access Catalogue (OPAC) has been introduced for library data search by users. OPAC is a powerful search engine for finding any cataloguing information from KOHA bibliographic database on-line. The resources can be searched on internet

User-Manual-AKGEC_14.01.2026 — Page 10

Source: User-Manual-AKGEC_14.01.2026.pdf

based on title of the book, author of the book, subject, publication or accession number of the book.

5. Useful Links: This section provider you with a collection of all the major portals of significant knowledge resources which may be of interest to you

5.1 NDLI: The National Digital Library of India (NDLI) is an all-digital library that stores information (metadata) about different types of digital contents including books, articles, videos, audios, thesis, and other educational materials relevant for users from varying educational levels and capabilities. It provides a single-window search facility so that learners can retrieve the right resources with the least effort in minimum time. NDLI is designed to hold content of any language and provide interface support for the leading vernacular languages. It is available on all popular forms of access devices including mobile apps on Android and iOS platforms.

5.2 NPTEL: NPTEL is an Indian online learning platform for university-level science, technology, engineering, and mathematics subjects. It is jointly developed by Indian Institutes of Technology and Indian Institute of Science. The initiative is funded by the Ministry of Human Resource and Development, Government of India. The project's central idea is to

put recorded lectures taught by its member institutes online for open access. It operates one of the most extensive educational Youtube channel covering engineering, basic sciences, some humanities and social science subjects.

AKGEC CENTRAL LIBRARY OTHER SERVICES BEYOND PORTAL

The Central Library is very spacious and provides you with an ambient environment for studying. You may make the best use of this facility for enriching your knowledge. The collection of books in library not only covers the course curriculum but also includes books of general interest.

The Central Library provides you with certain supplementary services which are as given here:

1 Reference Section:

The Central Library maintains a separate reference collection consisting of text books, reference books, encyclopedias, handbooks, dictionaries and competitive books for GATE, CAT, GRE and GMAT. One copy of each title is kept in Not-For-Issue (NFI)/Reserved Section for the reference of the users within the library only. The Reference Section resources may be issued, if necessary, for overnight after permission from the Senior Librarian.

Reference staff is also available in the reference section/reading section to suggest sources of information and to assist in locating the required resources.

= we

4

| i

User-Manual-AKGEC_14.01.2026 — Page 13

Source: User-Manual-AKGEC_14.01.2026.pdf

2. Periodical Section:

The Central Library subscribes to good National and International journals in electronic as well as print form in the fields related to science, engineering, technology, management and humanities. All latest journals can be referred within the library. Access 4120+ E-Journals through ProQuest Engineering Collection of your interest directly through authorized Distributors and remote access facilities thru Login ID / Password. The details of e-resources uploaded on library website. Besides the current journals the library also maintains a rich collection of old journals.

3. Book Bank:

In addition to well-maintained Circulation and Reference Sections, the college has a rich Book Bank exclusively for students. The Book Bank is very helpful in fulfilling students' requirements for the University prescribed text books on semester basis without spending much on it.

User-Manual-AKGEC_14.01.2026 — Page 14

Source: User-Manual-AKGEC_14.01.2026.pdf

The Book Bank, with a collection of about 1,12,252 books, assists the students by issuing text books on loan for the whole academic semester according to the rules framed for this purpose. Under this scheme every student is issued on loan a set of one or two books for each subject for the full semester. The books are required to be returned at the end of each semester and a set of books is issued at the beginning of next semester.

A compactor storage system has been installed to provide increased storage, easy access / retrieval and protection from dust etc of large number of books of Book Bank.

4. Institutional Membership/ Inter Library Loan:

The Central Library offers inter-library loan service to its users for the books and periodicals not available in the AKGEC Library by procuring them from other libraries. The AKGEC library has membership of DELNET and National Digital

Library which facilitate sharing of resources among member libraries.

User-Manual-AKGEC_14.01.2026 — Page 15

Source: User-Manual-AKGEC_14.01.2026.pdf

DELNET has been established with the prime objective of promoting resource sharing among the libraries through the development of a network of libraries.

Members of AKGEC Central Library can utilize this facility through the library. The resources available under DELNET network include Union Catalogue of Books and Periodicals and database of thesis and dissertations.

5. Departmental Libraries:

There are nine departmental libraries which have collection of subject books, project reports and old issues of journals relating to their branch, College Journal and Departmental Journals. The resources are provided on loan from the Central Library on semester basis. The departmental libraries are open for use by faculty, staff and students and are managed by the respective departments.

User-Manual-AKGEC_14.01.2026 — Page 16

Source: User-Manual-AKGEC_14.01.2026.pdf

6. Hostel Libraries:

The five Hostel Libraries, two in girl's hostels and three in boy's hostels, maintain general books, novels, books on short stories, books on personality development, motivational reading, newspapers and magazines. The libraries are managed by the students who are paid suitable remuneration.

User-Manual-AKGEC_14.01.2026 — Page 17

Source: User-Manual-AKGEC_14.01.2026.pdf

7. Question Papers and Model Solutions:

AKGEC central library maintains a Question Papers & Model Solutions Bank consisting of previous question papers of Sessional, PUT (Pre-University Test), and University Examinations along with their model solutions prepared by the respective subject teachers. The collection is readily available for reference of students in electronic as well as print form in central library and also in electronic form in departmental and hostel libraries for benefit of faculty and students

respectively users are allowed to take the documents for making photocopies at the photocopy center.

8.True Reader Award:

With the aim to encourage students to use the library regularly and inculcate good reading habits, the True Reader Award has been introduced. The award, including cash prize and certificate, is given to top-user students who use the Central Library for at least 25 hours over minimum 10 days after college hours. Every month 2 top true readers are selected and awarded on Rs. 500/- for 1st and Rs. 300/- for 2nd winner.

User-Manual-AKGEC_14.01.2026 — Page 18

Source: User-Manual-AKGEC_14.01.2026.pdf

9. Earn While You Learn:

All hostel libraries are managed by the student coordinators. These student coordinators are interviewed and recommended by the Dean Library for approval of the Director General. Each student coordinator is paid honorarium Rs. 75/- for his one-hour duty on daily basis. All Libraries of the hostels are opened for Two hours every day in the evening under the supervision of Library student coordinators.

10.Additional Facilities:

- News Paper Clippings: This service provides the latest news related to college events, AICTE, AKTU and other Engineering Colleges for information and ready reference purposes

User-Manual-AKGEC_14.01.2026 — Page 19

Source: User-Manual-AKGEC_14.01.2026.pdf

- Reprographic Services: The Reprographic Services are extended through an external outfit which operates within Central Library premises for easy access by users. The services include photocopying, scanning, print outs and spiral binding
- College Photographs: The section maintains all photographs of various College events

User-Manual-AKGEC_14.01.2026 — Page 20

Source: User-Manual-AKGEC_14.01.2026.pdf

Library Rules

1. Library Membership:

The students, faculty and staff of the College can register themselves for the membership of the Library. The users are issued bar-coded patron cards. Their entitlements, in terms of the number of books that can be borrowed by them, are as follows:

- Faculty members :- Two books for semester and three books for a month

- Staff members

:- Two books for a month

- PG students

:- Three books for a month

- UG students

:- Two books for ten days

- Students are provided Book Bank Books for each subject for the entire semester

- Two extra books are provided to the eligible students for one month under the Social Welfare Scheme

A special facility is provided to the meritorious students in the form of issue of three extra books for one month.

In case of non-availability (already issued) of the desired book in the library, the book can be reserved for the user for issue after it is returned by another user.

User-Manual-AKGEC_14.01.2026 — Page 21

Source: User-Manual-AKGEC_14.01.2026.pdf

2. RULES AND REGULATIONS FOR THE LIBRARY USERS:

- ❖ Library users must show their Identity cum library card at the security point of the Central Library. In case the member does not possess his/her identity card, he/she will not allowed to enter the library.

- ❖ Personal belongings like bags, books, etc. are not allowed inside the library

in any case. However, only one/two Books can be taken inside with the issue of prescribed slip.

❖ Identity cards cum library cards are non-transferable. Use of other's library-card is a punishable conduct. The borrower as well as authorized holder of the card may be punished for such an act.

❖ Library hours are 8:30 AM - 9:00 PM and during examination library hours will be extended till 12:00 midnight. Books will be issued from 8:45 AM to 3:45 PM only. Digital Library and reference section will be open 8:45 AM to 3:30 PM.

❖ Reservation of books Issue shall be made between 8:45 AM to 3:30 PM only.

❖ General Books: Maximum Two Books will be issued at one time to the UG Students and Three Books for PG Students for a period of ten days. Quota (SC/ST) books are issued for a period of one month. Deposition of books after the due date will attract a fine of Rs. 10/- per day per volume. The amount of fine would not be more than double the cost of the book.

❖ In case of late Issue of Book Bank Books due to non-collection by the students, Rs. 10/- will be charged for each day delayed from scheduled date. Books for Book Bank must be deposited / submitted at the end of the semester, failing which a fine of Rs. 10/- per day per volume will be charged to them.

❖ Reference books will be issued only for special cases with prior permission of Senior Librarian/Asst. Librarian between 3:15 PM to 3:45 PM for overnight purpose on Library cards. Deposition of the reference book should be made positively on the next day up to 10:00 AM, failing which, a

User-Manual-AKGEC_14.01.2026 — Page 22

Source: User-Manual-AKGEC_14.01.2026.pdf

fine of Rs.20/- will be charged for each day. The user who doesn't deposit the reference book in time will be treated, as defaulter and overnight issue of reference book will not be made to him in future.

❖ Reference Books / Question Papers & Solutions and other library materials will be issued for an hour only; late submission will attract a fine of Rs.2/-

per hour per document.

❖ Borrowers must satisfy themselves about the condition of the books before borrowing, they shall be responsible for any damage or mutilations noticed at the time of return.

❖ Leaving circulation counter without ensuring the book(s) have been returned, is a punishable act. Doing so a fine of Rs. 50/- will be charged even if book is traced later on.

❖ No book will be renewed/re-issued on same day.

❖ If a book is already issued to a student, another copy of the same book cannot be issued to or reserved for him/her.

❖ The latest edition of book will only be accepted in replacement of a lost/damaged book along with a fine of Rs.100/- as processing fee. If the book is not available in the market / publisher, double the cost of book will be charged.

❖ Misplacing/Marking/Tearing of books is punishable offence. Any user caught for such offence would be fined Rs.1000/- and may even lead to withdrawal of library facility to him.

❖ If any student is caught stealing from the library, a fine of Rs. 2000/- will be imposed on him in addition to suitable disciplinary action.

❖ Disciplinary action will be taken against Library users found misbehaving with the library staff.

User-Manual-AKGEC_14.01.2026 — Page 23

Source: User-Manual-AKGEC_14.01.2026.pdf

❖ The loss of an Identity card/library membership card should be immediately informed to the Senior Librarian.

❖ For the duplicate PVC Identity card (In case of loss of card), the student will have to make a written request to the Director General / Director and will have to deposit a fine of Rs.300/- for duplicate I-Card. A fine of Rs.150/- will have to be paid as the processing fee for the replacement of ragged/damaged PVC Identity cards or taking Identity card very late.

❖ Timing for other library services has been fixed which are subjected to

change in the interest of the library users.

❖ Library users must ensure that their activities do not disturb the fellow users.

The admission will be made in accordance with Regulations notified by the

AICTE vide GSR 476(E) dated 20.05.1994 based on the Hon'ble Supreme Court

Judgement dated 04.02.1993 with regard to WP(C) No. 607 of 1992 in the case of Unr

Krishanan JP and other etc. V/s. State Government of Andhra Pradesh 2-7 other

etc. and later judgements. No Management/Institute/Trust or Society shall

announce admissions directly under any circumstances. Any action contrary to the

provision taken by the institute will make it liable to be derecognised:

tt

Further, in the event of infringement/contravention or non-compliance with

norms & standards prescribed by the AICTE during the last approved academic year, the

Council shall take further action to withdraw approval to this case for consideration

during subsequent academic year and the liability arising out of such withdrawal :-

approval will be solely that of Management/Trust/Society and/or Institutions

The Council reserves the right to visit the institution any time it may deem fit

to verify the compliance of Norms & Standards of AICTE

You are requested to kindly monitor the progress made by this institution for

fulfillment of the Norms & Standards of the Council & Keep the concerned Regional

Committee and AICTE informed — 25/01/2000 See

Yours faithfully,

The approval accorded above is subject to fulfillment of the following Conditions:

1. The full time faculty members as per AICTE norms must be recruited before making

admission

2. The Institution must have Affiliation to a University for the above courses before making admissions. In the absence of such Affiliation, this letter of approval shall be treated as Withdrawn. (Order of the High Court of Madras in W.P. No. 33256 of 2002 and other Batch of Petitions)

3. The required Laboratories/ Workshops/ Machineries Equipment, as per approved syllabi of the affiliating University, must be operational before making admissions.

4. The

the approved courses) shall commence as per the academic calendar of the Affiliating

University

5. The

6. If this Letter of approval is received by you after the closing date of State / National Level Central Counseling for Admissions in the concerned State / Union Territory, this Letter of approval will not be valid for making any admission during the above specified academic year, and shall be treated as withdrawn.

7. No excess admission shall be made by the Institution during any academic year.

8. The approval is valid only for the academic year 2003-2004. If no further extension of AICTE approval is received beyond the academic year 2003-2004, this Approval Letter will not be valid for making any admission for the subsequent years

9. The Name of the Institution, Name of the Society/Trust, are not allowed to be changed without prior approval of AICTE. The name and title of the institution should be such that "the Emblems and Names (Prevention of improper use) Act 12 (1950)" of Government of India is not Violated in any manner.

The use of word "lydian" and/or "National" and/or "All India" and/or "All India Council" and/or Commission" in any part of the name of a Technical Institution and/ or any name whose abbreviated form leads to "IIM"/ "IIT" etc. "AICTE"/ "UGC" shall not be permitted. These restrictions will not be applicable for those institutions which are established with the name approved by the Govt. of India,

9. In exercise of power conferred under 19(4) of the AICTE Act, AICTE, may inspect the Institution any time it may deem fit to verify the progress, compliance of for ■■■ other purpose,

10) Any other conditions as may be specified by AICTE from time to time

It may please be noted that consequent to judgement of Hon'ble Supreme Court delivered on 31/10/2002 in TMA Pai Case, the AICTE had issued interim policy regulations, which has been notified in the Gazette of India on 20/03/2003. All the provisions contained in the interim policy regulations shall be applicable for the academic year 2003-2004 in respect of all the AICTE approved institutions.

*

Sir,

As you are aware, All India Council for Technical-Education has been mandated under the ■■■ Net, 13 to ensure maintenance of norms and standards with regard to technical education in the countzy. Jn exercise of th mandate, the Council insists on fulfillment of the minimum requirements prescribed for imparting technical educanon by the institution so that quality is not compromised and stakeholders are satisfied. The Council also undertakes an annnai inspection of the institutions and conveys deficiencies to them for rectification. It has been observed however that notwithstanding the Council's repeated advice to comply wath minimus norms and standards, many insdtutions continue to be complacent about taking steps to remedy the deficiencies. Such institutions suffer from critical deficiencies of faculty and other requirements. Feedback of students with regard to qutlis

« Validity of the course details may be verified at [www.aicte-india.org>departments>approvals](http://www.aicte-india.org/departments/approvals)

The above mentioned approval is subject to the condition that AJAY KUMAR GARG ENGINEERING COLLEGE shall follow and adhere to the

Regulations, guidelines and directions issued by AICTE from time to time and the undertaking / affidavit given by the institution along with

the application submitted by the institution on portal.

In case of any differences in content in this Computer generated Extension of Approval Letter, the content/information as approved by the

Executive Council / General Council as available on the record of AICTE shall be final and binding.

»

Strict compliance of Anti-Ragging Regulation:- Approval is subject to strict compliance of provisions made in AICTE Regulation notified

vide F. No. 37-3/Legal/AICTE/2009 dated July 1, 2009 for Prevention and Prohibition of Ragging in Technical Institutions. In case

Institution fails to take adequate steps to Prevent Ragging or fails to act in accordance with AICTE Regulation or fails to punish

perpetrators or incidents of Ragging, it will be liable to take any action as defined under clause 9(4) of the said Regulation.

Letter Printed On:2 May 2019

In case of any differences in content in this Computer generated Extension of Approval Letter, the content/information as approved by the Executive

Council / General Council as available on the record of AICTE shall be final and binding.

Strict compliance of Anti-Ragging Regulation: - Approval is subject to strict compliance of provisions made in AICTE Regulation notified vide F. No. 37-

3/Legal/AICTE/2009 dated July 1, 2009 for Prevention and Prohibition of Ragging in Technical Institutions. In case Institution fails to take adequate

steps to Prevent Ragging or fails to act in accordance with AICTE Regulation or fails to punish perpetrators or incidents of Ragging, it will be liable to

take any action as defined under clause 9(4) of the said Regulation.

It is mandatory to comply all the essential requirements as given in APH 2019-20(appendix 6)

NOTE: If the State Government / UT / DTE / DME has a reservation policy for admission in Technical Education Institutes and the same is

applicable to Private & Self-financing Technical Institutions, then the State Government / UT/ DTE / DME shall ensure that 10 % of

Reservation for EWS would be operational from the Academic year 2019-20 without affecting the percentage reservations of

SC/ST/OBC/General . However, this would not be applicable in the case of Minority Institutions referred to the clause (1) of Article 30 of

Constitution of India.

Letter Printed On:21 March 2025

2.

Reservation Policy of the Central Government (Including EWS) / Respective State Government/ UT as the case shall be applicable

to all the Programmes. The concerned State Government/ UT Admission authority shall decide Modalities of Admission.

3.

The Institution offering courses earlier in the Regular Shift, First Shift, Second Shift/Part Time are now amalgamated as total

intake and shall have to fulfil all facilities such as Infrastructure, Faculty and other requirements as per the norms specified in the

Approval Process Handbook 2024-25 to 2027 for the Total Approved Intake.

4.

In case of any differences in content in this Computer generated Extension of Approval Letter, the content/information as approved

by the Executive Council / General Council as available on the record of AICTE shall be final and binding.

5.

All AICTE institutions are highly encouraged to get NBA/NAAC accreditation. All eligible AICTE institutions are thoroughly

encouraged to participate in NIRF ranking process.

6.

Deemed to be University: Institutions Deemed to be Universities (Running Technical Education Programmes), it is mandatory to

have AICTE approval from the Academic Year 2018-19 in compliance of the Hon'ble Supreme Court Order dated 03-11-2017

passed in CA No.17869- 17870 /2017.

7.

AICTE Approved Institutes are encouraged to utilize SWAYAM PLUS Courses up-to 40%

8.

Internship is mandatory for all admitted students.

9.

AICTE Approved Institutes are encouraged to make efficient use of the flagship schemes like:

a.

Parakh: Student Gap analysis portal bases services.

b.

Students Scholarship schemes like Pragati, Saksham, Swanath, ADF, etc.

c.

Course in Indian Languages.

d.

ATAL FDPs: Faculty training for Emerging areas and cutting edge Technologies.

e.

Augmenting Utilization of Research Assets (AURA).

f.

Smart India Hackathon: World's largest Open Innovation Platform.
