1. Vision And Mission

Official source: https://www.akgec.ac.in/vision-and-mission

OUR VISION

To introduce undergraduate and postgraduate courses for all engineering branches and award of Ph.D degree to be one of the best engineering colleges in the country and to be a deemed university.

OUR MISSION

We strive to provide and maintain academic environment and systems, enabling maximum learning to produce competent professionals. We also aim at achieving this through transparent academic and administrative policies in the college. We intend to provide conducive atmosphere for research, development and consultancy services to our faculty at national and international level.

OUR QUALITY POLICY

To provide and continually improve academic environment and systems which give total satisfaction and enable students to develop their full potential and mature into competent professionals and responsible members of society.

2. Director

Official source: https://www.akgec.ac.in/about/director_akgec

Dr. Hemant Ahuja Director, AKGEC

Dr. Hemant Ahuja

M.Tech (IIT, Delhi), Ph.D. (IIT, Delhi)

Dr. Hemant Ahuja, the esteemed Director of Ajay Kumar Garg Engineering College, Ghaziabad, is a seasoned professional with an illustrious career spanning over 22 years in academia and industry.

Graduating with honors in Electrical Engineering from Kurukshetra University in 2001, Dr. Ahuja's journey continued with an M.Tech. in Energy and Environmental Management from the Indian Institute of Technology, Delhi, in 2008. His exceptional academic prowess was recognized with the Prof. O.P. Gupta Gold Medal, an accolade bestowed upon him for achieving the highest CGPA during his M.Tech. program. Dr. Ahuja's academic pursuits culminated in a PhD from IIT Delhi in 2013, cementing his reputation as a dedicated scholar.

His expertise lies in the domains of Electrical Machines, Power Electronics, and Wind Energy Conversion Systems. Dr. Ahuja's scholarly contributions extend across more than 50 publications in prestigious international journals and conferences. His commitment to innovation is evident in his patent achievements, with several patents published under his name. Notably, he has successfully led two research projects funded under TEQIP-III, underscoring his proactive engagement in advancing knowledge.

As a valued member of influential professional bodies such as IEEE, PES, ISTE, and IEI, Dr. Ahuja actively contributes to the growth and development of his field. His collaboration with the IEI-Ghaziabad local center as an eminent engineer reflects his dedication to community-driven initiatives. Moreover, Dr. Ahuja plays a pivotal role in shaping Electrical Engineering activities at the Abdul Kalam Technical University level, serving as a member of the Board of Studies for Electrical Engineering at AKTU.

Dr. Hemant Ahuja's multifaceted expertise, dedication to academia, and active involvement in research and collaboration position him as a visionary leader at the helm of Ajay Kumar Garg Engineering College, driving excellence and innovation in engineering education.

5. NBA Accreditation

Official source: https://www.akgec.ac.in/nba-accreditation

REGARDING NBA ACCREDITATION

REGARDING NBA ACCREDITATION

All students are hereby informed that following B.tech branches are NBA accredited upto June 2025.

S.No.	Name of the Program	Accrediation Status
1.	Computer Science & Engineering	Accredited up to June 2025
2.	Electronics & Communication Engineering	Accredited up to June 2025
3.	Electrical & Electronics Engineering	Accredited up to June 2025
4.	Information Technology	Accredited up to June 2025
5.	Mechanical Engineering	Accredited up to June 2025

Students are informed to read carefully NBA accreditation status of the courses and branches being run by the college. As of now, M.Tech, MCA, B.Tech Civil Engineering and all newly introduced branches namely Computer Science, Compuer Science and Information Technology, Computer Science & Engineering(Data Science), Computer Science & Engineering(AI&ML), Artificial Intelligence and Machine Learning and Computer Science & Engineering(Hindi) are not accredited.

Note: As on date, the students belonging to OBC, Minority & SC/ST category are not covered under this notice and they are eligible for scholarship and freeship scheme.

6. Approvals by Statutory Bodies

Official source: https://www.akgec.ac.in/about/approvals-by-statutory-bodies

The only engineering college in Uttar Pradesh (AKTU) accredited by NAAC with the highest grading of A++.

Approval of extension for Engineering and Technology Programs for the Academic Year 2025-26 granted vide AICTE letter no. F.No. Northern/1-44640999101/2025/EOA dated 03-Jan-2025 addressed to the Principal Secretary (Tech. Edu.), Govt. of Uttar Pradesh.

Affiliation letter by AKTU for the academic year 2024-25 to 2026-27 granted vide AKTU letter no. AKTU/RO/AS/2024/3319 dated 26-July-2024 addressed to the Director, Ajay Kumar Garg Engineering College.

Five B.Tech. branches in CSE, ECE, EN, IT & ME are accredited for the period of three year w.e.f. academic year 2022-23 To 2024-25.

Verification: extracted_pending_review

Student Grievance Committee

In order to address the grievances of students of College, which are not taken care of by the normal available channels, a separate “Student Grievance Redressal Committee (SGRC)” is constituted as follows:

Verification: extracted_pending_review

Name	Mobile No.
Dr. Hemant Ahuja, Director, (Chairman)	09899008275
Dr. Vani Bhargava, Associate Professor, EN	09968479672
Dr. Aditya Pratap Singh, Associate Professor, IT	09958883636
Dr. Naresh Kumar, Assistant Professor, ECE	09416467489
Ms. Garima Pal (Student of Third Year of EN Branch)	08865022932

Verification: extracted_pending_review

The concerned student should contact any member of committee, preferably in writing, about their grievance so that suitable remedial action, if required, may be initiated by the committee. The grievance may also be registered online at www.akgec.ac.in. It may be noted that anonymous/ unnamed grievance / complaints without proper details will not be entertained.

Verification: extracted_pending_review

It is expected that this will help maintain a positive, harmonious and conducive atmosphere in the College.

9. Library

Official source: https://www.akgec.ac.in/central-library

About AKGEC Central Library

The AKGEC Library System comprises of a Central Library, nine Departmental Libraries and five Hostel Libraries.

The Central Library, housed in the Administrative Block of the College, consists of two sections spread over 1465 sq. m and with a seating capacity for 344 users. Comfortable study space is provided for faculty, staff and students in the form of reading hall, study cubicles, digital library and faculty reading room.

The state-of-the-art facilities include KOHA Open Source Library Management Software, Web Based Online Public Access Catalogue (Web OPAC), Digital Library, DSpace Institutional Repository Server and Membership to DELNET and National Digital Library.

The library system is very user friendly with sufficient resources to meet the requirements of the users. Addition of resources as per the requirements and norms is a regular feature. Sufficient number of qualified staff are employed to manage the activities of the library.

The Departmental and Hostel libraries are managed and run by the respective departments and hostels with resources on loan from the Central Library.

All students, faculty and staff of the College are entitled to make use of the library facilities on availing library membership.

Admission to the Central Library is through Library cum Identity Card, which is scanned at the entrance, to keep record of the users. The library is under camera surveillance through ten cameras that have been installed at various locations.

The library attracts an average of 350 users on a regular working day.

10. Hostel

Official source: https://www.akgec.ac.in/about/infrastructure-visual-tour/hostel

The college provides well furnished hostel accommodation to its students. The six campus hostels are spread over four complexes namely, the Junior Girls Hostel Complex, the Girls Hostel Complex, the Junior Boys Hostel Complex and the Senior Boys Hostel Complex. The three girls hostel have double and triple seater rooms and accommodate about 600 students. The Junior Boys Hostel having double occupancy rooms can accommodate about 300 students and is reserved for first year students. The Senior Boys Hostel Complex has two hostels with single and triple seater accommodation and houses about 600 students.

Each hostel complex has its separate mess with well equipped kitchen and dining area providing hygienic, nutritious and wholesome meals. Hostels have gymnasium as well as indoor and outdoor sports facilities. The hostels also have a TV room and library with magazines and fiction / general reading books. Hostels are equipped with eco-friendly solar water heating systems. Hostels also have canteens and provision stores for minor item of daily requirement. The hostels thus provide reasonable levels of comfort, hygienic food, recreation facilities and an environment conducive for pursuit of academic and all round development.

List of Amenities at a Glance

List of Amenities at a Glance

• Furnished rooms including Curtains, Mattress, Pillow, Bed Sheets

11. Centres Of Excellence

Official source: https://www.akgec.ac.in/about/infrastructure-visual-tour/centres-of-excellence

AKGEC jointly with KUKA Robotics (India), has set up India's first Industrial Robotics Training Centre for Educational Institutions at AKGEC, Ghaziabad.The AKGEC-KUKA Training Centre aims to train young engineering graduates and diploma students of all engineering disciplines up to the Industry expectations and foster research in applied robotics field. The Centre offers Basic, Advance and Expert level training on Industrial Robotics for Engineering and Polytechnic students. The participants receive internationally recognized joint certification by KUKA Roboter, Germany and AKGEC. The manpower trained under these programs will help Indian Manufacturing industry to adopt latest technologies to improve quality and Productivity.

AKGEC-NI LABVIEW ACADEMY

AKGEC-NI LABVIEW ACADEMY

AKGEC jointly with National Instruments (India) has set up UP's first AKGEC-NI LabVIEW Academy for Educational Institutions. The academy offers courses for all levels of LabVIEW proficiency and on various hardware platforms. These courses are intended for B.Tech students of all disciplines and provide them opportunity to obtain three-part NI LabVIEW certification named as CLAD, CLD & CLA. These Certifications indicates a broad working knowledge of the LabVIEW environment and validate their skills at a professional level.To make the certifications and trainings at par with NI International standards, the training contents and course material is kept same as used by NI-Labview Academy Community globally.

AKGEC – SIEMENS PLM COE

AKGEC – SIEMENS PLM COE

To develop engineering professionals equipped with next-generation technologies, AKGEC jointly with SIEMENS Industry Software, has setup PLM Centre of Excellence at AKGEC campus. This COE provides education to the next generation of designers/engineers on state of art software such as SOLIDEDGE, NX;CAD/CAM/CAE: for digital product engineering, Tem center for digital life cycle management and Techno matix for digital manufacturing This COE address diverse industry segments like automotive, industrial machinery, Industrial automation, aerospace and shipbuilding etc.

AKGEC-BOSCH REXROTH CENTRE OF COMPETENCE IN AUTOMATION TECHNOLOGIES

AKGEC-BOSCH REXROTH CENTRE OF COMPETENCE IN AUTOMATION TECHNOLOGIES

AKGEC Ghaziabad has established the Centre of Competence in Automation Technologies in collaboration with Bosch Rexroth AG, Germany.The Centre has world class infrastructure with state of the art technologies, equipments, training kits, hardware, software and teaching aids with excellent faculty trained by Rexroth Germany.The center has six laboratories at par with international standard on Hydraulics, Pneumatics, Sensorics, PLCs, Drives & Control and Mechatronics. The centre aims to provide training to under graduate and post graduate students of engineering to meet industry requirements.

AKGEC-AIA CENTER FOR INTEGRATED AUTOMATION

AKGEC, to promote Industry oriented teaching learning, has setup Center for Integrated Automation in association with Automation Industry Association. This initiative of AIA is intended to share global quality learning processes from its vast pool of member companies with chosen Engineering Colleges of our country. Industry Partners namely Siemens, Pepperel + Fuchs, Festo and B&R, have taken the lead among all industry members of AIA to support the initiative. Main

objective of this Centre is to encourage engineering students to take up this multidisciplinary field as a choice of their career and have hands-on experience with latest state or art integrated automation technologies as per industry expectation.

For more details: aia.akgecskills.in

aia.akgecskills.in

AKGEC-JANATICS INDUSTRIAL PNEUMATICS

Industrial Pneumatic Knowledge Centre aims to be a world class Pneumatic Knowledge centre in India. This initiative of Janatics' contribute towards producing skilled workforce in the field of Industrial Pneumatics which will help manufacturing sector to adopt to changes related to automation in substantive way.This is the first Centre in India exclusively focused on Industrial Pneumatics field to teach and train young engineering graduates to meet industry expectations. The centre has developed various low cost automation solutions for SMEsThe IPKC also functions as National Small Industries Corporation (NSIC) Training-cum-Incubation Centre (TIC). The primary objective of TIC is to provide an opportunity to first generation entrepreneurs to acquire necessary skills for enterprise building and also incubate them to become successful small business owners. This is the first TIC in the state of Uttar Pradesh at AKGEC.

For more details: janatics.akgecskills.in

janatics.akgecskills.in

AKGEC-FRONIUS ADVANCE WELDING TECHNOLOGY AND RESEARCH CENTER

Ajay Kumar Garg Engineering College, jointly with Fronius International GmbH has set up India's first "Advanced Welding Technology and Research centre (AWTRC)" in the state of Uttar Pradesh.AWTRC has been established with an aim of developing state of art infrastructure for becoming a globally recognized source of a competitive workforce and cost-effective, superior-performing welding technologies by conducting training, research and development in the field of welding science, engineering and automation technology.

For more details: fronius.akgecskills.in

fronius.akgecskills.in

AKGEC-SIEMENS ADVANCE MANUFACTURING CENTRE

AKGEC, jointly with industry partners, has set up Advance Manufacturing Centre for SMEs and Educational Institutions at Ghaziabad. The AKGEC- Siemens Training Centre is setup to produce highly skilled technical manpower in the field of Advance Manufacturing. The trained manpower will help Indian Manufacturing Industry to adopt latest technologies to improve quality.This collaborative effort of AKGEC and industry partners has the main objective to encourage young professionals to take up this cross disciplinary field as a career of their choice and acquaint them in the field of manufacturing and Reverse Engineering.

For more details: amc.akgecskills.in

amc.akgecskills.in

AKGEC-FABLAB

A fab lab is an initiative of Prof. Neil Gershenfeld from MIT, USA which is typically equipped with an array of flexible computer-controlled tools that cover several different length scales and various materials, with the aim to make "almost anything".AKGEC has established Fab Lab in response to the need arising from students requiring a dedicated space and appropriate equipment to develop their projects. Since then it evolved from being just a product development center to a facility focussed on promoting innovation, imparting much-needed skills for innovators and help developing competency across different disciplines including mechanical, electronics and embedded development areas.This is done through providing access to tool, capabilities and knowledgeable trainers and gurus who can help anyone bring their ideas to reality.The center hosts rapid prototyping tools, training kits hardware and software which can be used to train on and fabricate using digital fabrication techniques. It aims to provide training to undergraduates, postgraduates, young kids and to engage with the local community of makers and innovators.These training and experience in digital fabrication techniques not only allows students to apply their theory in practice enhancing their learning of fundamental engineering but is also meant to cater to the need of the hour that is achieving self-sustainability through innovation and

entrepreneurship.

For more details: fablab.akgecskills.in

fablab.akgecskills.in

12. College Canteen

Official source: https://www.akgec.ac.in/about/infrastructure-visual-tour/college-canteen

The college canteen is one of the liveliest areas of the campus. It aims at providing high-quality and nutritious food and always strives to follow high standards of cleanliness. A wide variety of food items and beverages are available at very nominal rates. The campus has 2 food outlets situated at Mechanical and CS-IT blocks respectively. Canteens remain open from 9 a.m. to 5 p.m. on all working days including Saturdays.

13. Applied Sciences & Humanities

Official source: https://www.akgec.ac.in/departments/applied-sciences-humanities

Departmental Activities

To equip the students with sound concepts of Applied Sciences the college has a separate department. AKGEC covers the entire spectrum of education that gives a unique all-round perspective of holistic education process, not just in terms of preparing competent professionals for the country, but also provides a firm grounding in human values to produce well rounded and conscientious citizens and leaders.

The department offers core courses in Humanities, Applied Mathematics, Applied Physics and Applied Chemistry.

Vision & Mission

Vision

Our vision is to expand our first year students' horizon of knowledge by exposing them to holistic education as well as enhancing their English Language competence. Department of Applied Sciences and Humanities will become a centre of excellence in teaching and research, and a natural benchmark for other organizations to measure themselves against.

Mission

"Setting first-year engineering students up for success"

HOD

Prof.(Col) S.L. Kapoor has 33 years of working experience in Indian Army in planning, execution and operation of Military Networks, including 10 years research experience in Dept. R&D and 8 years teaching in various Military College of Engineering. Has been teaching in private engineering college for 13 years after retirement. His special interest are in planning, execution and operation of projects and systems related to communication networks and software engineering.

Prof. (Col) S. L. Kapoor

M.Sc, B. Tech, M. Tech. 9312072348(M)

AS&H Faculty

Faculty of Department of Applied Sciences and Humanities at AKGEC provide a unique comprehensive guidance that motivates the students to pursue specialized technical education with immersion in engineering concepts.

Dr. B.B. Verma

Dr. Shiwani Singhal

Dr. M.K. Goyal

Dr. Meenakshi Sinha

Labs

Adequate and Well Equipped Laboratories of Applied Science and Humanity Department

1. The department has adequate number of laboratories as per requirement (strength of students in the department and number of labs / practical courses mentioned in syllabus scheme of university (AKTU, Lucknow). 2. These laboratories are fully equipped with hardware kits / equipment's, software tools and consumables. 3. These labs have all the basic as well as advanced level facilities to fulfil the requirements of courses. 4. These laboratories are utilized by the students and faculty members of Applied Sciences department for performing the practical experiments, Research Activities (R & D). 5. One dedicated lab staff member is always present in each lab room (responsibility of each lab room has been

assigned to a particular lab staff). 6. Adequate Budget is planned and expenditure is done from the allocated fund to ensure the repairing of faulty equipment's, purchase of consumables, lab equipment's / hardware kits and software tools.

The Department is equipped with the following labs(for odd and Even Semister)

1. Physics Lab 2. Chemistry Lab 3. Professional Communication lab

Facilities available in Applied Science lab

Name of the Laboratory / Lab venue	Lab Courses being Conducted for B. Tech. 1 st year (both Odd and Even Semester)	No. of Students per Setup (Batch Size)	Name of the Important Equipment/Tool
Physics Lab	Engineering Physics Lab KAS 151P	30-35 Students per Group	Spectrometer, Microscope , Half shade polerimeter,Spherometer, Sodium lamp,Electronic Balance, Mercury lamp,Transformer,Optical bench ,Rheostat,Electromagnet,Gaussmeter ,Stewart & Gee Type Galvanometer ,Tangent Galvanometer
Chemistry lab	Engineering Chemistry Lab KAS 152	30-35 Students per Group	Heating Oven, Distillation Assembly, Digital Spectro-Photometer, Digital pH Meter, Water Bath, Physical Balance, Electrical Balance, Electronic Balance, Stop Watch, Hot Plate, Shaker, Heating Mental
Language Lab	English Language Lab KAS 154	30-35 Students per Group	35 Computer systems, (34 core2duo, 1 i5 server) headphones with mic, LCD projector with screen, printer, network switch, Podium

Details of Manpower Support Available in Applied Sciences and Humanities Department

Lab	Name of Lab Assistant	Designation	Qualification	Years of Experience
Physics lab	Mr. Rajesh Kumar	Lab Assistant	B. Sc	13
Chemistry lab	Mr. Manoj Kumar	Lab Assistant	B. Sc	14
Language lab	Mr. Dhirendra Gupta	Lab Assistant	B.com, certificate in computing (IGNOU), MCP, Diploma in computer Administration	12

Departmental Activities

AKGEC faculties and students were involved in path-breaking research and development activities. AKGEC follows the key ethical principles that should underlie the research endeavor. Researchers here take on real time problems, think innovatively and bring in novel solutions, to advance knowledge and make meaningful contribution to the society.

Departmental Activities

B. Tech. Civil Engineering 30

Civil Engineering is the art of directing the sources of power in nature for the use and convenience of man, for improvement of quality of life. The theory and practice of Civil Engineering is basically applied in the construction of buildings & structures, roads, bridges, aqueducts, canals, river navigation ports, docks and harbours.At AKGEC, B.Tech course in Civil Engineering is offered with intake capacity of 60.The goal of the department is to produce high quality technical manpower needed by industry, R&D organizations and academic institutions and above all to meet the engineering needs of the nation.The faculty comprises of galaxies of qualified and experienced teachers with Ph.D and M Tech from premier institutions like IITs and NITs.

The academic activities of the Department emphasize deep understanding of fundamental principles, development of creative ability to handle the challenges of Civil Engineering and the analytical ability to solve problems which are interdisciplinary in nature.The Department also encourages its students to engage in extra-curricular and co-curricular activities, essential for development and nurturing of team spirit, developing organizational skills and inculcating good moral values and positive work culture.

Vision & Mission

Vision

To produce professionally competent, socially sensitive, motivated and dedicated Civil Engineers capable of working in a multicultural global environment.

Mission

1. Educating the students who are, would be "leaders of tomorrow" in academia, government, industry and entrepreneurial pursuit, through learner-centric teaching methodology of theory and practical’s and develop the ability to solve problems related to Civil Engineering, individually and in teams.

2. To develop knowledge of fundamental principles and innovative technologies through research within core areas of Civil Engineering and in collaboration with other disciplines that is distinguished by its impact on academic, industry and society.

3. To create in students deep awareness of ethical responsibilities to face the professional and from local, national and international level challenges.

PEOs, POs and PSOs

PEOs, POs and PSOs

PROGRAM EDUCATIONAL OBJECTIVES- (PEOs) OF CE DEPARTMENT

PEO 1. Apply the knowledge of science and technology to achieve sustainability in civil engineering construction.

PEO 2. Able to professionally plan, analysis, design and execute civil engineering works.

PEO 3. Able to demonstrate the management skills as leaders/members of the team with ethical and societal responsibilities in engineering assignments

PROGRAM OUTCOMES (PO) OF CE DEPARTMENT

Engineering Graduates will be able to:

PO1: Engineering Knowledge Apply knowledge of mathematics, natural science, computing, engineering fundamentals, and an engineering specialization to develop solutions to complex engineering problems.

PO2: Problem Analysis Identify, formulate, review research literature, and analyze complex engineering problems, reaching substantiated conclusions with consideration for sustainable development.

PO3: Design/Development of Solutions Design creative solutions for complex engineering problems and design/develop systems, components and processes to meet identified needs, with consideration for public health and safety, whole-life cost, net-zero carbon, culture, society, and environment, as required.

PO4: Conduct Investigation of Complex Problems Conduct investigations for complex engineering problems using research-based knowledge, including design of experiments, modeling, analysis, and interpretation of data, to provide valid conclusions. PO5: Engineering Tool Usage Create, select, and apply appropriate techniques, recourse, and modern engineering and IT tools, including predication and modeling, while recognizing their limitation, to solve complex engineering problems.

PO6: The Engineer and the World Analyze and evaluate societal and environmental aspects while solving complex engineering problems for their impact on sustainability, with reference to economy, health, safety, legal framework, culture, and environment.

PO7: Ethics Apply ethical principles and commit to professional ethics, human values, diversity, and inclusion; adhere to national and international laws.

PO8: Individual and Collaborative Teamwork Function effectively as an individual and as a member or leader in diverse and multidisciplinary teams.

PO9: Communication Communicate effectively and inclusively the engineering community and society at large, including the ability to comprehend and write effective reports and design documentation, and make effective presentation while considering cultural, language, and learning differences.

PO10: Project Management and Finance Apply knowledge and understanding of engineering management principles and economic decision-making, and apply these to one’s own work as a member and leader in a team, and to manage projects in multidisciplinary environments.

PO11: Life-Long Learning Recognize the need for, and have the preparation and ability for: independent and life-long learning; adaptability to new and emerging technologies and critical thinking in the broadest context of technological change.

PROGRAM SPECIFIC OUTCOMES (PSOs) of the CE Department

PSO 1. Impart practical knowledge in civil engineering construction planning, analysis, design and management.

PSO 2. Become a competent professional engineering to contribute towards the betterment of the society.

PSO 3. Become capable to function as an individual or in a team to find the solution for civil engineering of multidisciplinary nature in context to the environmental and sustainable developments.

HOD

Department of Civil Engineering is headed by Prof.Rakesh Srivastava. He graduated in Civil Engineering with honours from HBTI, Kanpur. He secured his M.E. degree with honours from MNNIT, Allahabad and Ph.D. in Civil Engineering with specialization in Structures from MNNIT, Allahabad.

Apart from rich experience in teaching and research, he has also worked as a consultant in the field of Structural Engineering.

He has worked at different positions in AICTE approved Engineering Colleges as Dean of Student Welfare, Dean Engineering, and Controller of Examinations.

He has many publications in International Journals/Symposium/Conferences. He has attended and conducted many FDPs, National Seminars and International conference funded by AKTU and other agencies.

He is a fellow member of Institution of Engineers (India).

Dr. Rakesh Srivastava

B. Tech. Civil Engg. (Hons.) (HBTI), M.E. (Hons.) (MNNIT), Ph.D. (MNNIT) 9599670207

CE Faculty

Faculty at AKGEC fulfil multiple roles as educators, researchers and professionals having a broad range of backgrounds, scholarly interests and areas of expertise thereby bringing substantial achievement in professional practice and research into the classroom.

Labs

Adequate and Well Equipped Laboratories of CE Department

1. The department has the adequate number of laboratories as per requirement (strength of students in the department and number of labs / practical courses mentioned in syllabus scheme of the university (AKTU, Lucknow).

2. These laboratories are fully equipped with equipment and consumables.

3. These labs have all the basic as well as advanced level facilities to fulfill the requirements of UG level courses.

4. These laboratories are utilized by the students and faculty members of the CE department for performing the practical experiments, doing the Project Work and Research Activities (R & D).

5. Adequate Budget is planned and expenditure is done from the allocated fund to ensure the repairing of faulty equipment, purchase of consumables, lab equipment.

Lab Details

S.No.	Name of the Laboratory / Lab Venue	Lab Courses being Conducted for B. Tech. CE (both Odd and Even Semester)	No. of Students per Setup (Batch Size)	Name of the Important Equipment/Tool
1	Solid Mechanics Lab	KCE- 452	28-32 Students per Group	Mild Steel Tests Tension Torsion Charpy and IZOD
2	Survey and Geoinformatics Lab	KCE- 352	28-32 Students per Group	prismatic compass Auto Level Vernier and electronic theodolite Electronic Total Station Mirror stereoscopes
3	Geotechnical Lab	KCE-552	28-32 Students per Group	Pycnometer Oven Core-Cutter Hydrometer Liquid Limit Plastic Limit Direct Shear TriaxialCompression
4	Environmental Engineering Lab	KCE 652	28-32 Students per Group	TDS Meter Ph Meter BOD Kjeldhal Chemicals
5	Civil CAD Lab & B.P.D. Lab	KCE-551 KCE-351	28-32 Students per Group	37 PC with 36 PC having core i5 processor with 8 GB RAM all equipped with windows 10. 1 server is maintained for camera work.
6	Structural detailing Lab	KCE 653	28-32 Students per Group	Maxwell's Reciprocal Two hinged Three hinged RCC Beams RCC Slabs RCC Columns Earthquake Resistant Design

The department is equipped with the following labs (for Odd and Even Semesters)

• Survey and Geoinformatics Lab

• Building Material Testing Lab

• Structural Analysis Lab

• Geotechnical Lab

• Transportation Engineering Lab

• Environmental Engineering Lab

• Civil CAD Lab & B.P.D. Lab

• Fluid Mechanics & Hyd.Machines Lab

Departmental Activities

B. Tech. Computer Science and Engineering 450 B. Tech. Computer Science and Engineering (Artificial Intelligence & Machine Learning) 180 B. Tech. Computer Science and Engineering (Data Science) 120 B. Tech. Computer Science (Hindi) 60 M. Tech. Computer Science and Engineering 18

Department of Computer Science and Engineering at AKGEC was formed in 1998 with inception of the college. The Department provides an outstanding research environment complemented by excellence in teaching. Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of Computer Science. The department provides full support to MTech. scholars in terms dissertation guidance, lab facilities and access to international and national journals.

Experienced and senior faculty members are assigned for MTech courses and dissertation work of the scholars. The faculty members and M Tech scholars have published good quality research papers in peer-reviewed and indexed journals and International Conferences in the previous years.

Vision & Mission

Vision

To be a centre of excellence in providing globally standard education and training in the field of Computer Science & Engineering for producing competent and responsible professionals.

Mission

To prepare students for successful careers and lifelong learning in Computer Science & Engineering while inculcating professional behavior, strong ethical values and leadership abilities in them.

PEOs, POs and PSOs

PEOs, POs and PSOs

Program Educational Objectives (PEO) of CSE Department

PEO 1. The graduates of CSE will have a strong foundation in mathematical, scientific and engineering fundamentals necessary to formulate, solve and analyze engineering problem in their career.

PEO 2. The graduates of CSE will have the ability to analyse the requirements, understand the technical specifications and design the engineering solutions by applying computer science theory and principles.

PEO 3. The graduates of CSE will have exposure to work as teams on emerging cutting edge technologies with effective communication skills and leadership qualities.

PEO 4. The graduates of CSE will have successful career by engaging in life long learning.

PEO 5. The graduates of CSE will have skills to work collaboratively on multidisciplinary projects and exhibit high level of professional and ethical values.

Program Outcomes (PO) of CSE Department

Engineering Graduates will be able to:

PO1: Engineering Knowledge Apply knowledge of mathematics, natural science, computing, engineering fundamentals, and an engineering specialization to develop solutions to complex engineering problems.

PO2: Problem Analysis Identify, formulate, review research literature, and analyze complex engineering problems, reaching substantiated conclusions with consideration for sustainable development.

PO3: Design/Development of Solutions Design creative solutions for complex engineering problems and design/develop systems, components and processes to meet identified needs, with consideration for public health and safety, whole-life

cost, net-zero carbon, culture, society, and environment, as required.

PO4: Conduct Investigation of Complex Problems Conduct investigations for complex engineering problems using research-based knowledge, including design of experiments, modeling, analysis, and interpretation of data, to provide valid conclusions. PO5: Engineering Tool Usage Create, select, and apply appropriate techniques, recourse, and modern engineering and IT tools, including predication and modeling, while recognizing their limitation, to solve complex engineering problems.

PO6: The Engineer and the World Analyze and evaluate societal and environmental aspects while solving complex engineering problems for their impact on sustainability, with reference to economy, health, safety, legal framework, culture, and environment.

PO7: Ethics Apply ethical principles and commit to professional ethics, human values, diversity, and inclusion; adhere to national and international laws.

PO8: Individual and Collaborative Teamwork Function effectively as an individual and as a member or leader in diverse and multidisciplinary teams.

PO9: Communication Communicate effectively and inclusively the engineering community and society at large, including the ability to comprehend and write effective reports and design documentation, and make effective presentation while considering cultural, language, and learning differences.

PO10: Project Management and Finance Apply knowledge and understanding of engineering management principles and economic decision-making, and apply these to one’s own work as a member and leader in a team, and to manage projects in multidisciplinary environments.

PO11: Life-Long Learning Recognize the need for, and have the preparation and ability for: independent and life-long learning; adaptability to new and emerging technologies and critical thinking in the broadest context of technological change.

Program Specific Outcomes (PSOs) w.e.f. Session 2016-17

PSO 1. Ability to exhibit analytical & logical skills and apply knowledge of Maths and Computer Science to design, develop, test and maintenance of software solutions.

PSO 2. Ability to identify, formulate and resolve real life/social problems by using current computer technology.

HOD

Dr. Anu Chaudhary, is a Professor and Head at the Department of Computer Science and Engineering. He has an extensive background in both academia and industry, with over 22 years of experience. He holds a Ph.D. in Computer Science from Gurukul Kangari University, Hardwar (U.K) India, specializing in the field of “Performance Evaluation of High Speed Data Networks." He also has an M. Tech in Computer Science from Birla Institute of Technology (BIT), Mesra Ranchi, and an MCA from the University of Madras. Dr. Chaudhary has made notable contributions to research, having published more than 20 research papers in both international and national journals and conferences. He holds 6 patents at the national level. His academic engagement includes guiding Ph.D. scholars, as well as supervising numerous M.Tech, MCA, and B.Tech projects. Dr. Chaudhary current area of research is in the field of High Speed Data Networks, Machine Learning, Data Science and related domains.

He's an active participant in the academic community, serving on editorial and reviewer boards of various national and international journals. He has also taken on leadership roles by chairing multiple national and international conferences. Dr. Chaudhary is a member of several technical societies, including the Institution of Electronics and Telecommunication Engineers (IETE) and the Computer Society of India (CSI).

Prof (Dr.) Anu Chaudhary

Ph.D (Computer Science), M.Tech (Computer Science), MCA 8527976204 (M) , , ,

CSE Faculty

Faculty at AKGEC fulfil multiple roles as educators, researchers and professionals having a broad range of backgrounds, scholarly interests and areas of expertise thereby bringing substantial achievement in professional practice and research into the classroom.

LAB-INCHARGES

Laboratories are the most important part of engineering institutions. Students need to learn engineering concepts practically. With fast growing computer science field, students need to perform more innovative and quality experiments in addition to their curriculum. Keeping in view the above aspect and to make the laboratories more useful for students by creating new facilities and innovations, following faculty members are nominated as Lab-Incharges of the labs for Even Sem- 2022-23:

CSE Lab 1	Mr. Vishal Choudhary	Mr. Sanjeev Kumar
CSE Lab 2	Mr. Anurag Gupta	Mr. Sanjeev Kumar
CSE Lab 3	Ms. Ayushi Gupta	Mr. Man Prakash
CSE Lab 4	Dr. Shashank Sahu	Mr. Sunder Singh
CSE Lab 5	Mr. Sandeep Yadav	Mr. Hemant Kumar Pathak

CSE Lab 1	Mr. Vishal Choudhary	Mr. Sanjeev Kumar
CSE Lab 6	Mr. Anuj Kumar	Mr. Hemant Kumar Pathak
CSE Lab 7	Dr. Sonam Gupta	Mr. Sunil Kumar Jha
Project Lab	Mr. Akhilesh Verma	Mr. Ravi Dutt
Computer Center -1	Dr. Sachin Kumar	Mr. Sandeep Sharma

Departmental Activities

Faculties and students of CSE department are involved in path-breaking research and development activities. They follows the key ethical principles that should underlie the research endeavor. Researchers here take on real time problems, think innovatively and bring in novel solutions, to advance knowledge and make meaningful contribution to the society.

Departmental Activities

B. Tech. Electronics and Communication Engineering 180 M. Tech. Electronics and Communication Engineering 12

The Electronics and Communication stream represents two fastest growing technology areas in view of exponential growth taking place in our country. Electronics and Communication Engineering (ECE) involves researching, designing, developing and testing of electronic equipment used in various systems. Electronics and Communication Engineering is also considered as the backbone of the modern communication system. In the current scenario, modern applications like the Internet of Things (IoT), Robotics, and Embedded Systems are highly dependent on the knowledge of ECE. Electronics and Communications engineers also conceptualize and oversee the manufacturing of communications and broadcast systems. It has an important role from defence sector to space programs to the basic need of human beings including the internet to the entertainment industry. Electronics and Communication Engineering has a wide scope as compared to other.

There are numerous opportunities to build a career after completing the engineering course in the field of Electronics and Communication Engineering. An individual can make his/her career in IT industry, defence, telecommunications, electronic and hardware manufacturing, embedded systems development, software development, power sector, TV and music industry, automobiles, space communications, home appliances development, electronic security systems, mobile phones testing and development, communication protocols development and optical communications development among others.

Department of Electronics and Communication Engineering at AKGEC was established in 1998. The department provides an outstanding research environment complemented by excellence in teaching. Ever since its inception, the department has been a pioneering academic centre for technical education, research and innovation in all major areas of Electronics and Communication Engineering.

The department is organized in tune with these latest developments in terms of curriculum, well-qualified faculty and the state-of-the-art labs for B.Tech. (UG course) in Electronics & Communication Engineering along with M.Tech. (PG course) in Electronics & Communication Engineering. Approved intake of B.Tech. (ECE) course is 180 students and for the M.Tech. (ECE) course it is 18 students.

The department has adequate number of laboratories as per requirement (strength of students in the department and number of practical courses mentioned in syllabus scheme). These laboratories are fully equipped with latest / modern hardware kits / equipments, software tools and consumables. ECE labs have all the basic as well as advanced level facilities to fulfill the requirements of UG, PG and PhD level courses. These laboratories are fully utilized by the students and faculty members of ECE department for performing the practical experiments, doing the Project Work and Research Activities (R & D). One dedicated Lab Staff member is always present in each laboratory room. Responsibility of each lab room also has been assigned to a Faculty Lab Incharge to ensure regular maintenance and up-gradation of laboratories. ECE department also has established Texas Instruments-Centre of Excellence Lab, NI-LabVIEW Academy, Virtual Lab (with IIT Kanpur) and IoT Lab etc in collaboration with reputed industries and academic institutes.

The department has its technical society-Phoenix. The society organizes many technical competitions, quizzes, technical seminars, mock interviews, aptitude tests, project exhibition and technical paper presentation etc for the students. ECE department also has an active IEEE-Communication Society student branch chapter for organizing / participating various events at international level.

B. Tech. ECE is accredited by National Board of Accreditation (NBA).

INITIAL ACCREDITATION-2006, FIRST RE-ACCREDITATION-2009, SECOND RE-ACCREDITATION-2014, THIRD RE-ACCREDITATION-2019, FOURTH RE-ACCREDITATION-2022

Vision & Mission

Vision

To supplement intellect with the right skills & knowledge so as to nurture Electronics & Communication experts of tomorrow.

Mission

M1: To enable students, acquire the right theoretical and practical Electronics & Communication skills. M2: To keep pace with current Electronics and Communication trends. M3: To nurture students as globally competent engineers capable of meeting the relevant and timely needs of the society.

PEOs, POs and PSOs

PEOs, POs and PSOs

Program Educational Objectives (PEOs) of ECE Department

PEO 1. Engineering Graduates will excel in Electronics & Communication fields both in the industry and academics by analyzing the requirement technically and applying their knowledge in a professional manner.

PEO 2. Will enable Engineering graduates effectively solve engineering problems and develop through research advanced Electronics & Communication devices and products.

PEO 3. Engineering graduates will be capable of applying their knowledge both individually and as part of a team. They will be able to effectively communicate the same through the required media.

PEO 4. Graduates will be capable of realizing the untoward and hazardous impacts of their contributions/innovations and keep ethical and societal values and responsibilities before individual achievements.

PEO 5. Keep pace with the ongoing improvements and advancements in the field of Electronics & Communication and not only incorporate but carry forward the same.

Program Outcomes (POs) of ECE Department

Engineering Graduates will be able to:

PO1: Engineering Knowledge Apply knowledge of mathematics, natural science, computing, engineering fundamentals, and an engineering specialization to develop solutions to complex engineering problems.

PO2: Problem Analysis Identify, formulate, review research literature, and analyze complex engineering problems, reaching substantiated conclusions with consideration for sustainable development.

PO3: Design/Development of Solutions Design creative solutions for complex engineering problems and design/develop systems, components and processes to meet identified needs, with consideration for public health and safety, whole-life cost, net-zero carbon, culture, society, and environment, as required.

PO4: Conduct Investigation of Complex Problems Conduct investigations for complex engineering problems using research-based knowledge, including design of experiments, modeling, analysis, and interpretation of data, to provide valid conclusions. PO5: Engineering Tool Usage Create, select, and apply appropriate techniques, recourse, and modern engineering and IT tools, including predication and modeling, while recognizing their limitation, to solve complex engineering problems.

PO6: The Engineer and the World Analyze and evaluate societal and environmental aspects while solving complex engineering problems for their impact on sustainability, with reference to economy, health, safety, legal framework, culture, and environment.

PO7: Ethics Apply ethical principles and commit to professional ethics, human values, diversity, and inclusion; adhere to national and international laws.

PO8: Individual and Collaborative Teamwork Function effectively as an individual and as a member or leader in diverse and multidisciplinary teams.

PO9: Communication Communicate effectively and inclusively the engineering community and society at large, including the ability to comprehend and write effective reports and design documentation, and make effective presentation while considering cultural, language, and learning differences.

PO10: Project Management and Finance Apply knowledge and understanding of engineering management principles and economic decision-making, and apply these to one’s own work as a member and leader in a team, and to manage projects in multidisciplinary environments.

PO11: Life-Long Learning Recognize the need for, and have the preparation and ability for: independent and life-long learning; adaptability to new and emerging technologies and critical thinking in the broadest context of technological change.

PROGRAM SPECIFIC OUTCOMES (PSOs) of ECE Department

PSO 1. Graduates of the program will be able to analyze real world engineering problems in the field of Electronics and Communication engineering.

PSO 2. Graduates of the program will be able to design and develop systems/processes based on core concepts of Electronics and Communication engineering to provide solution to multidisciplinary engineering problems.

DETAILED SYLLABUS WITH COURSE OUTCOMES

First Year B.Tech. Ist Year Common

Second Year B.Tech. ECE 2nd Year B.Tech. 2nd Year Engg. Science Courses (Common)

Third Year B.Tech. ECE 3rd Year B.Tech 3rd Year Non Credit Courses (Common)

Fourth Year B.Tech ECE 4th Year B.Tech 4th Year HSMC Courses (Common)

HOD

Prof. (Dr.) Neelesh Kumar Gupta is a seasoned professional with an illustrious career spanning over 22 years of teaching in reputed technical institutes. He obtained Ph.D in Electronics and Communication Engineering from Rajiv Gandhi Technical University (RGTU), Bhopal (M.P.). Presently, Dr. Neelesh Kumar Gupta is working as Professor & HoD in Electronics and Communication Engineering Department & IQAC Coordinator at Ajay Kumar Garg Engineering College, Ghaziabad (U.P.)-India. Earlier he served in TRUBA Institute of Engineering and Information Technology, Bhopal as Prof. & HoD ECE. He completed his Graduation (B.E.) in Electronics and Communication Engineering from Rajiv Gandhi Prodhyogiki Vishwavidyalaya (RGPV), Bhopal (M.P.) in 2002 and his Post-Graduation (M. Tech) from the prestigious Maulana Azad National Institute of Technology (MANIT), Bhopal (M.P.) in 2007 with specialization in “Microwave and Millimeter Waves”.

His area of expertise/special interest includes Signal Processing, Communication Systems and Microwave Engineering. Prof. (Dr.) Neelesh Kumar Gupta has published 04 Patents (IPRs) in total including 02 Design Patents. He has published more than 35 research papers in SCI, SCOPUS Indexed, UGC approved, Peer Reviewed / reputed journals. He also has over 61 publications in reputed International/ National Conference proceedings published by IEEE Explore and Springer etc. He has successfully guided 35 M. Tech scholars for Thesis / Dissertations as well guided many UG students for Projects. He also co-authored a book titled as “Fundamentals of Electronics Engineering” for Tech-Max Publications, Pune.

Prof. (Dr.) Neelesh Kumar Gupta is an active member of several professional bodies/societies including IEEE, IETE New Delhi etc. He is the reviewer and editorial member of several International Journals of repute and also chaired Technical Sessions in many International Conferences. He has organized many Conferences, FDPs, Technical Seminars and Workshops at the institute level. His Video Lectures have been broadcasted on Swayam Prabha Channel-15 and AKTU Digital Education Portal. He was honoured with reputed “Guru Faculty Award”, with Best Teacher Award in Srijan-2015 and was also awarded by IETE on the occasion of Teachers Day.

Prof. (Dr.) Neelesh Kumar Gupta

Ph.D (ECE), M.Tech (MW &MmW) , B.E.(ECE)   M: +918319563978

ECE Faculty

ECE Department faculty members are motivated and encouraged for pursuing higher qualifications and attending Seminars / Workshops / Conferences and Faculty Development Programs in concerned Technical as well as Non-Technical areas.

[gs_team theme="gs_tm_theme1" group="ECE Faculty" cols="2"]

Labs

Adequate and Well Equipped Laboratories of ECE Department

1. The department has adequate number of laboratories as per strength of students in the department and number of labs / practical courses mentioned in syllabus scheme of university AKTU, Lucknow.

2. These laboratories are fully equipped with hardware kits / equipments, software tools and consumables.

3. These labs have all the basic as well as advanced level facilities to fulfill the requirements of UG, PG and PhD level courses.

4. These laboratories are utilized by the students and faculty members of ECE department for performing the practical experiments, doing the Project Work and Research Activities (R & D).

5. One dedicated lab staff member is always present in each lab room and responsibility of each lab room has been assigned to a particular lab staff.

6. Adequate Budget is planned and expenditure is done from the allocated fund to ensure the repairing of faulty equipments, purchase of consumables, lab equipments / hardware kits and software tools.

The department is equipped with the following labs (for Odd and Even Semesters)

1. Electronics Engineering Lab

2. Digital System Design Lab

3. Electronic Devices Lab

4. Signals System Lab

5. Analog Circuit Lab

6. Microprocessors Lab

7. Electronic Measurement & Instrumentation Lab

8. Communication Engineering (Analog & Digital Communication) Lab

9. Integrated Circuits Lab

10. Digital Signal Processing Lab

11. Control System Lab

12. Microwave Engg. Lab

13. CAD of Electronics Lab

14. Microcontrollers for Embedded Systems Lab

15. Optical Communication Lab

16. Electronics Circuit Design Lab

17. Project Lab

18. Virtual Lab

19. Texas Instruments Centre of Excellence (TI-CoE)

20. NI LabVIEW Academy

1. Advanced Communication Lab

2. ECE System Modeling & Simulation Lab (R & D Lab)

3. VLSI Design & Simulation (R & D Lab)

Facilities available in ECE Department Laboratories

S. No.	Name of the Laboratory / Lab venue	Name of Lab Incharge	Name of Lab Assistant	Name of the Important Equipment/Tool
1	Lab-1 CAD of Electronics Lab and VLSI R & D Lab	Ms. Divya Sharma	Mr. Kishanveer	Computer Systems with configurations as- (a) Thirty Two i5 systems with CPU 3.40 GHz, RAM Size: 8GB Software Tools & Kits: (i) University VIVADO System Edition S, UEF-SDSOC Software Simulation Tool (25 User) with Zed Board Kit (01) (ii) Tanner EDA Software Tool with L-edit, S-edit, W-edit, T-Spice, DRC, LVS (05 User) (iii) Mentor Graphics HEP Category 2 (Front End Tools for FPGA Design) Part No. 255877 RE (25 User) (iv) CADENCE Virtuoso-University Bundle B3-Analog & Digital FE & BE Academic Suite (10 User) (v) OrCAD University PSPICE & PCB Design Bundle (10 User) (vi) XILINX ISE 10.1i (Multiuser) with SPARTAN III FPGA Kit (01) (vii) HP-Printer
2	Lab-2 PCB Design & Basic Electronics Lab	Ms. Neha Garg	Mr. Satya Narayan	(i) Computer Systems (08) with Intel i5 and Intel Core2Duo Processors (ii) PCB Prototype Machine with TINA Software (iii) PCB Design Software-SPRINT (Multiuser-05 Sets) (iv) PCB Making / Project Work related different machines / equipments: PCB Curing Machine, Photo Resist Dip Coater, Double Side UV Exposure, PCB Drilling Machine, Shearing Machine, Roller Tinning Machine, PCB Etching Machine, PCB Artwork Film Maker, Winding Machine, Motor with Regulator, Dye/Developer Proto (v) CRO, LCR Meter, Function Generator, Multimeter, Power Supply, Digital Trainer Kits, Soldering Iron (vi) HP-Printer

Departmental Activities

B. Tech. Electrical and Electronics Engineering 60 M. Tech. Electrical and Electronics Engineering 12

Electrical Engineering stream involve the study and applications of Electricity, Electronics and Electromagnetics that entails and encompasses Power Engineering, Control Systems, Signal Processing, Digital Computers and Instrumentation. The department is running undergraduate course in Electrical & Electronics Engineering since 2003 with a current intake of 60. Prior to this the course was Electrical Engineering since the inception of the college in 1998. The department is also running Post Graduate course on Electrical Power and Energy System since 2009 with the intake of 12. Now this PG course is renewed as Electrical & Electronics Engineering in 2016.

These areas of Electrical Engineering help student to enhance his or her capability to think critically & rationally, employability and his or her utility for industry society and nation in large. Department is well equipped with state of art labs to train electrical graduates to advance their theoretical knowledge and sound practices of the profession. The students are encouraged to undertake projects in the areas of Machine Design, Power System Planning, Operations and Control, Electronics and Microprocessor Applications and Power Electronics.

Vision & Mission

Vision

To produce excellent engineering professionals committed to serve the society & nature embedded with a strong moral character, value system and good leadership qualities having an urge for lifelong learning.

Mission

• To empower the faculty members and encourage them to continually develop to keep pace with the changing trends in technology.

• To provide a conducive environment for effective teaching and learning with focus on creating new knowledge, skills set and imbibing moral values with professional ethics.

• To promote the culture of research and development through effective student engagement and regular infrastructural development.

• To develop strong industry-academia alliance for practicing real time projects and also involve industry in content delivery.

• To adopt transparent practices for the overall progress and welfare of the student, faculty members and staff.

PEOs, POs and PSOs

PEOs, POs and PSOs

Program Educational Objectives (PEOs) of EN Department

PEO 1. Graduates of the program will apply skills and knowledge of Electrical and Electronics Engineering along with basic sciences, engineering’s and humanities to solve the problems of social, environmental and industrial relevance and or peruse higher studies and research.

PEO 2. Graduates of the program will engage in design and analysis of systems, tools and applications in the field of Electrical and Electronics Engineering.

PEO 3. Graduates of the program will work effectively as individual and as team in the inter-disciplinary projects, and acquire leadership and communication skills suitable for the profession.

PEO 4. Graduates of the program will engage in lifelong learning, career enhancement and adapt to evolving societal and environmental needs, maintaining professional ethics.

PEO 5. Graduates of the program will apply the contextual know-how and reasoning to address issues related health safety and socio-cultural consideration and appreciate impact of Electrical & Electronics Engineering solutions for above areas and environmental sustainability.

Program Outcomes (POs) of EN Department

Engineering Graduates will be able to:

PO1: Engineering Knowledge Apply knowledge of mathematics, natural science, computing, engineering fundamentals, and an engineering specialization to develop solutions to complex engineering problems.

PO2: Problem Analysis Identify, formulate, review research literature, and analyze complex engineering problems, reaching substantiated conclusions with consideration for sustainable development.

PO3: Design/Development of Solutions Design creative solutions for complex engineering problems and design/develop systems, components and processes to meet identified needs, with consideration for public health and safety, whole-life cost, net-zero carbon, culture, society, and environment, as required.

PO4: Conduct Investigation of Complex Problems Conduct investigations for complex engineering problems using research-based knowledge, including design of experiments, modeling, analysis, and interpretation of data, to provide valid conclusions. PO5: Engineering Tool Usage Create, select, and apply appropriate techniques, recourse, and modern engineering and IT tools, including predication and modeling, while recognizing their limitation, to solve complex engineering problems.

PO6: The Engineer and the World Analyze and evaluate societal and environmental aspects while solving complex engineering problems for their impact on sustainability, with reference to economy, health, safety, legal framework, culture, and environment.

PO7: Ethics Apply ethical principles and commit to professional ethics, human values, diversity, and inclusion; adhere to national and international laws.

PO8: Individual and Collaborative Teamwork Function effectively as an individual and as a member or leader in diverse and multidisciplinary teams.

PO9: Communication Communicate effectively and inclusively the engineering community and society at large, including the ability to comprehend and write effective reports and design documentation, and make effective presentation while considering cultural, language, and learning differences.

PO10: Project Management and Finance Apply knowledge and understanding of engineering management principles and economic decision-making, and apply these to one’s own work as a member and leader in a team, and to manage projects in multidisciplinary environments.

PO11: Life-Long Learning Recognize the need for, and have the preparation and ability for: independent and life-long learning; adaptability to new and emerging technologies and critical thinking in the broadest context of technological change.

PROGRAM SPECIFIC OUTCOMES (PSOs) of EN Department

PSO 1. Apply concepts & tools of Electrical and Electronics Engineering to address problems encountered in power sector in particular and other sectors in general.

PSO 2. Design, Analyze, test and install electrical machine and instruments, Modern Power System and its components and microprocessor & microcontroller based systems.

HOD

Dr. Lokesh Varshney is a Professor and the Head of the Department of Electrical and Electronics Engineering. He has over 18 years of rich and extensive experience in academics and research. He received his B.E. degree in Electrical Engineering from SGSITS, Indore, in 2004. He earned his M.Tech. and Ph.D. in Electrical Machines and Drives from the Indian Institute of Technology, Banaras Hindu University, in 2009 and 2014, respectively. His areas of expertise include Electrical Machines, Power Electronics, Network Analysis Systems, and Renewable Energy Systems. He has over 66 publications in various international journals, conferences, and book chapters. He has eight patents filed and twelve patents published. Dr. Varshney is a member of several professional bodies. Four research scholars have been awarded

Ph.D. degrees under his guidance, one has submitted their thesis, and three are ongoing. Seventeen postgraduate thesis have been completed under his guidance. Dr. Varshney is a reviewer for several journals (SCI/WOS).

Dr. Lokesh Varshney

Prof. and HOD B.E. (SGSITS, Indore), M.Tech. (IIT-BHU, Varanasi), Ph.D. Electrical Engg. (IIT-BHU, Varanasi)

EN Faculty

EN department has experienced FMs with specializations in varieties of areas of electrical engineering and graduated from premier institutes like IITs and NITs.

[gs_team theme="gs_tm_theme1" group="EN Faculty" cols="2"]

Labs

EN Department Laboratories

1. The department has adequate (14) labs to cater the syllabus requirements of university (AKTU, Lucknow).

2. These laboratories are well equipped with equipments/hardware kits; consumables and software tools and manuals.

3. These labs provide facilities to meet the requirements of UG, PG and Ph.D. Level students.

4. Further, these labs are utilized by the students and FMs of EN department for performing experiments, project works (Minor and Major), M.Tech Dissertation and Research work (R&D).

5. Dedicated lab staff is available for the labs.

6. Adequate budgeting for labs (renovation, repair, consumables hardware kits and software tools) is done for each financial year.

The department is equipped with the following labs (for Odd and Even Semesters)

1. Basic Electrical Engineering Lab

2. Electrical Instrumentation Lab

3. Electrical Workshop Lab

4. Electrical Machine Lab

5. Electrical Measurement Lab

7. Simulation Lab

8. Control System Lab

9. Power Electronics Lab

10. Microprocessor Lab

12. Minor Project Lab

13. Power System lab

14. Project Lab

15. Bosch Rexroth Lab

1. Advanced Microprocessor and Microcontroller Lab

2. Digital Signal Processing Lab

3. Power Converter Lab

Lab Details

S. No.	Name of the Laboratory / Lab venue	Lab Courses being Conducted for B. Tech. ECE (both Odd and Even Semester)	No. of Students per Setup (Batch Size)	Name of the Important Equipment/Tool
1	LAB-1 Basic Electrical Engineering Lab	REE 151 REE 251	28-32 Students per Group, in a Batch of 03 students per Set-up	DSO Digital Multimeter CRO Rectifier Set Function Generator Power Supply Slip Ring Induction Motor Transformer (2KVA)

Departmental Activities

B. Tech. Information Technology 180

Information Technology has transformed the way we live, and the pace of innovation continues to accelerate. This dynamic environment brings both exciting opportunities and complex challenges. IT has dramatically enhanced the efficiency and effectiveness of business processes, while ERP solutions empower organizations to operate seamlessly across multiple locations, languages, and currencies in today's global marketplace. At the same time, new platforms for marketing, communication, and socialization—such as blogs, forums, chats, and emails—have reshaped how people connect and collaborate.

At AKGEC, excellence is a way of life. The Department of Information Technology nurtures this responsibility by integrating green computing, sustainability, and value-based learning into academics and research. The department houses advanced facilities such as AWS and Cloud Computing Cell, Metaverse Lab, Google Developers Club, Blockchain Research Lab, and Big Data Lab, etc., enabling students to gain hands-on experience with contemporary technologies aligned with global industry practices and standards.

The department emphasizes outcome-based education, continuous improvement, industry interaction, and social responsibility, ensuring holistic development of students as skilled professionals and responsible citizens.

Vision & Mission

Vision

The vision of IT department is to produce highly competent and socially sensitive IT professionals and innovators, capable to excel in the multicultural and challenging industry scenario.

Mission

To establish a truly professional academic environment where sound and transparent teaching-learning processes are practiced by all stakeholders of the organization that helps in producing all around competent, humane and socially responsible industry-ready engineers who are capable of taking challenges from ever-demanding multi-cultural industrial environment.

PEOs, POs and PSOs

PEOs, POs and PSOs

Program Educational Objectives - PEOs

PEO 1. Graduate Engineers will have high level of technical competence and necessary skills to achieve great success in Information Technology and related area.

PEO 2. Graduate Engineers will have required research & problem solving skills to generate innovative solution.

PEO 3. Graduate Engineers will have team spirits, communication and inter-personal skill to effectively work with all stakeholders in their professional career.

PEO 4. Graduate Engineer will have right kind of mindset and attitude with regard to societal needs and ethical responsibilities and quickly adept to global work environment.

PEO 5. Graduate Engineers shall be able to continuously advance their educational growth and learn new technological know-how, relevant to their career enhancement and betterment of society.

Program Outcomes - POs

Engineering Graduates will be able to:

PO1: Engineering Knowledge Apply knowledge of mathematics, natural science, computing, engineering fundamentals, and an engineering specialization to develop solutions to complex engineering problems.

PO2: Problem Analysis Identify, formulate, review research literature, and analyze complex engineering problems, reaching substantiated conclusions with consideration for sustainable development.

PO3: Design/Development of Solutions Design creative solutions for complex engineering problems and design/develop systems, components and processes to meet identified needs, with consideration for public health and safety, whole-life cost, net-zero carbon, culture, society, and environment, as required.

PO4: Conduct Investigation of Complex Problems Conduct investigations for complex engineering problems using research-based knowledge, including design of experiments, modeling, analysis, and interpretation of data, to provide valid conclusions. PO5: Engineering Tool Usage Create, select, and apply appropriate techniques, recourse, and modern engineering and IT tools, including predication and modeling, while recognizing their limitation, to solve complex engineering problems.

PO6: The Engineer and the World Analyze and evaluate societal and environmental aspects while solving complex engineering problems for their impact on sustainability, with reference to economy, health, safety, legal framework, culture, and environment.

PO7: Ethics Apply ethical principles and commit to professional ethics, human values, diversity, and inclusion; adhere to national and international laws.

PO8: Individual and Collaborative Teamwork Function effectively as an individual and as a member or leader in diverse and multidisciplinary teams.

PO9: Communication Communicate effectively and inclusively the engineering community and society at large, including the ability to comprehend and write effective reports and design documentation, and make effective presentation while considering cultural, language, and learning differences.

PO10: Project Management and Finance Apply knowledge and understanding of engineering management principles and economic decision-making, and apply these to one’s own work as a member and leader in a team, and to manage projects in multidisciplinary environments.

PO11: Life-Long Learning Recognize the need for, and have the preparation and ability for: independent and life-long learning; adaptability to new and emerging technologies and critical thinking in the broadest context of technological change.

Program Specific Outcomes - PSOs

Graduate of the program will be able to:

PSO 1. Apply the acquired technical skills to enhance IT support and automation in various fields and applications in the latest trends and technologies.

PSO 2. Understand, analyze and develop IT based practical solutions for real world problems using appropriate methodology and to support sustainable development.

HOD

Dr. Rahul Sharma stands as a distinguished computer scientist, seamlessly embodying the roles of a professor and an inventive educator-entrepreneur. His professional journey is a testament to his unwavering dedication to knowledge exploration and a fervent commitment to advancing the frontiers of research and education.

Currently, he is heading the Information Technology Department and Technical Business Incubator at Ajay Kumar Garg Engineering College, Ghaziabad. Simultaneously, he serves as an adjunct professor at Tallinn University of Technology, Estonia and also engaged with prestigious research institutions in Finland and Germany. These collaborations underscore his position as a key player in the international arena, contributing to the forefront of cutting-edge advancements in computer science.

In the dynamic intersection of academia and entrepreneurship, Dr. Sharma's leadership fosters an environment that nurtures innovation and practical application. His multifaceted approach to education and research positions him as a thought leader, inspiring those around him to push boundaries and contribute meaningfully to the evolving landscape of

technology.

Prof. (Dr.) Rahul Sharma

B.Tech, M.Tech, PhD (Taltech, EU ,

IT Faculty

The IT department has highly qualified and experienced faculties. They have been actively involved in various research and professional activities which help in bringing substantial achievement in professional practice and research into the classroom.

[gs_team theme="gs_tm_theme1" group="IT Faculty" cols="2"]

Labs

Adequate-and-well-equipped-laboratories-of-IT-department

1. The department has adequate number of laboratories as per requirement (strength of students in the department and number of labs / practical courses mentioned in syllabus scheme of university (AKTU, Lucknow).

2. These laboratories are fully equipped with various equipment's, software tools and consumables.

3. These labs have all the basic as well as advanced level facilities to fulfil the requirements of UG courses.

4. These laboratories are utilized by the students and faculty members of IT department for performing the practical experiments, doing the Project Work and Research Activities (R & D).

5. One dedicated lab staff member is always present in each lab room (responsibility of each lab room has been assigned to a particular lab staff).

6. Adequate Budget is planned and expenditure is done from the allocated fund to ensure the repairing of faulty equipment's, purchase of consumables, lab equipment's and software tools.

The department is equipped with the following labs (for Odd and Even Semesters)

1. Advanced IT lab-1

2. Advanced IT Lab-2

3. Web Technology Lab

4. Basic IT Lab

Official source: https://www.akgec.ac.in/departments/mechanical-engineering

Departmental Activities

B. Tech. Mechanical Engineering 60 M. Tech. Mechanical Engineering 9

Department of Mechanical Engineering at AKGEC was formed in 1998 with inception of the college. The Department provides an outstanding research environment complemented by excellence in teaching. Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of Mechanical Engineering. The department provides full support to MTech. scholars in terms dissertation guidance, lab facilities and access to international and national journals. Experienced and senior faculty members are assigned for MTech courses and dissertation work of the scholars. The faculty members and M Tech scholars have published good quality research papers in peer-reviewed and indexed journals and International Conferences.

Vision & Mission

Vision

To produce professionally competent, socially sensitive, motivated, honest and dedicated mechanical engineers capable of working in multicultural global environment.

Mission

M1: Assist students in acquiring and maintaining the necessary theoretical and practical Mechanical Engineering knowledge. M2: To keep students up to date on the latest innovations in Mechanical Engineering. M3: Assisting students in becoming global engineers to address society's relevant and timely needs.

PEOs, POs and PSOs

PEOs, POs and PSOs

Program Educational Objectives - PEOs

PEO 1. The graduates of the mechanical engineering progamme will have adequate knowledge of science, mathematics and management field to suitably use it in practical problem studies and analysis to arrive at right solutions/decisions.

PEO 2. The graduate of the mechanical engineering programme will have sound and in-depth knowledge and skill of core mechanical fields viz. Machine Design, Manufacturing Technology, Thermal Sciences (Basics & Applied), CAD/CAM, hydraulics and mechanics, Strength of Materials and Materials Science in particular and other associated fields of mechanical engineering in general. The graduates of mechanical engineering programme will have successful professional careers.

PEO 3. The graduates of mechanical engineering programme will acquire additional advanced and updated knowledge through modified curriculum by making use of technological facilities available in centre of excellence (Tifac-core) of the institute.

PEO 4. To promote institute and industry relations through regular interactions and by creating memorandum of understanding between the two. The graduates of mechanical engineering will be capable of demonstrating their management skills as leaders/members of a team in engineering assignments.

PEO 5. The graduates of mechanical engineering programme will continue to learn and to adapt in a world of constantly evolving technology. The graduate of mechanical engineering programme will be capable of continuing further higher studies at National and international level.

Program Outcomes - POs

Engineering Graduates will be able to:

PO1: Engineering Knowledge Apply knowledge of mathematics, natural science, computing, engineering fundamentals, and an engineering specialization to develop solutions to complex engineering problems.

PO2: Problem Analysis Identify, formulate, review research literature, and analyze complex engineering problems, reaching substantiated conclusions with consideration for sustainable development.

PO3: Design/Development of Solutions Design creative solutions for complex engineering problems and design/develop systems, components and processes to meet identified needs, with consideration for public health and safety, whole-life cost, net-zero carbon, culture, society, and environment, as required.

PO4: Conduct Investigation of Complex Problems Conduct investigations for complex engineering problems using research-based knowledge, including design of experiments, modeling, analysis, and interpretation of data, to provide valid conclusions. PO5: Engineering Tool Usage Create, select, and apply appropriate techniques, recourse, and modern engineering and IT tools, including predication and modeling, while recognizing their limitation, to solve complex engineering problems.

PO6: The Engineer and the World Analyze and evaluate societal and environmental aspects while solving complex engineering problems for their impact on sustainability, with reference to economy, health, safety, legal framework, culture, and environment.

PO7: Ethics Apply ethical principles and commit to professional ethics, human values, diversity, and inclusion; adhere to national and international laws.

PO8: Individual and Collaborative Teamwork Function effectively as an individual and as a member or leader in diverse and multidisciplinary teams.

PO9: Communication Communicate effectively and inclusively the engineering community and society at large, including the ability to comprehend and write effective reports and design documentation, and make effective presentation while considering cultural, language, and learning differences.

PO10: Project Management and Finance Apply knowledge and understanding of engineering management principles and economic decision-making, and apply these to one’s own work as a member and leader in a team, and to manage projects in multidisciplinary environments.

PO11: Life-Long Learning Recognize the need for, and have the preparation and ability for: independent and life-long learning; adaptability to new and emerging technologies and critical thinking in the broadest context of technological change.

Program Specific Outcomes - PSOs

PSO 1. Research Skills :- Use research based knowledge to conduct investigations, analysis and interpretation of the information from relevant literature to arrive at valid conclusions.

PSO 2. Analytical Skills :- Identify, formulate and analyze complex engineering problems related to mechanical engineering domain.

PSO 3. Problem-Solving Skills :- Apply knowledge of mathematics and science to solve engineering problems in the broad area of thermal, design and production and simultaneously develop problem solving skills.

HOD

Dr. Devendra Singh is the Professor and Head of the Department of Mechanical Engineering. He completed his B.Tech. in Mechanical Engineering from Motilal Nehru Regional Engineering College, Allahabad (presently MNNIT, Allahabad) in 1992. He served in various industries and then began his teaching career as a faculty member at Ajay Kumar Garg Engineering College in September 2000. He completed his M.Tech. in Automation and Robotics in 2009 and was awarded a Ph.D. in Machine Design in 2017 from the Department of Mechanical Engineering, Faculty of Engineering, Jamia Millia Islamia University, New Delhi.

His areas of expertise include Mechanical Design, Robotics, and Materials Engineering. He was awarded by the Vice-Chancellor of UPTU for excellence in teaching Machine Design and Engineering Mechanics. He also secured third position in India in the NPTEL examination in Engineering Mechanics. His prime focus is on promoting academic research and innovation among the faculty and students of the Department of Mechanical Engineering.

20. Master of Computer Applications

Official source: https://www.akgec.ac.in/departments/master-of-computer-applications

Departmental Activities

Master of Computer Applications (MCA) 120

MCA strives for excellence and has been consistently maintaining excellent academic results and placements. It is a matter of pride for the department to maintain a superlative overall academic performance over the years. MCA achieved 1st position in the University merit list in 2022-23. In the year 2018-19, MCA achieved seventh position in the University merit list. The department achieved unbeatable distinction of 6 positions with Gold and Bronze medals in the year 2017-18. Two positions were bagged in 2016-17 and 2015-16 each, three positions with Gold medal 2014-15 and similar stupendous results in previous years as well.

The department has excellent infrastructure with well-planned class rooms and spacious laboratories equipped with state-of-the-art teaching aids. The laboratories have sufficient latest computers and relevant licensed software. State-of-the-art computing facilities networked through broadband are available for Internet access. The department has a fully automated central library equipped with text and reference books, national/international journals including e-journals and multimedia resources.

Vision & Mission

Vision

To produce technically competent and socially responsible computer professionals to serve society with value system and having capability to handle future challenges.

Mission

To excel students in the field of computer applications to meet dynamic industry requirements with professional ethics.

PEOs, POs and PSOs

PEOs, POs and PSOs

PROGRAM EDUCATIONAL OBJECTIVES- (PEOs) OF MCA DEPARTMENT

PEO 1. PREPARATION: To guide students to complete their post graduates course and prepare them industry ready.

PEO 2. CORE COMPETENCE: To make them competent to handle mathematical, analytical, financial and computer application tools for different applications of computer science and technology.

PEO 3. BREADTH: To make them able to understand a broad range of topics to analyze, design and create novel products and solution for real life technical and organizational problems.

PEO 4. PROFESSIONALISM: To inculcate professional and ethical attitude, communication skill and multi disciplinary approach

PEO 5. LEARNING ENVIRONMENT: To provide academic environment with excellence, leadership and guidelines.

PROGRAM OUTCOMES (PO) OF MCA DEPARTMENT

PO 1. Apply the knowledge of mathematics & computer based techniques to achieve feasible solution to the problems of computer applications domain.

PO 2. Identify & formulate complex computer based problems meeting valid conclusions using mathematics and computing science domains through research methodology.

PO 3. Design and obtain solutions for complex computer based problems and design and evaluate systems, components, or processes that meet requirements with due consideration to society and environment.

PO 4. To provide valid conclusions using research based knowledge and various research methods.

PO 5. To learn modern latest techniques, tools and practices with their limitations for the process of software development.

PO 6. To make students understand and commit to the norms of professional computing practices, professionals ethics and cyber regulations.

PO 7. To develop the habit of self learning for continued career development to grow as IT professional.

PO 8. To make students understand and apply computing & management principles as a team member or a leader to manage software projects.

PO 9. To develop communication & professional skills to effectively conceive, design and develop software applications and associated practices.

PO 10. To understand and analyze the responsibilities regarding society and environment in local and global contexts relevant to professional computing practices.

PO 11. To infuse the ability to function effectively as a team member or a leader in multi disciplinary environments.

PO 12. To help students to identify opportunities to be a successful entrepreneur by adopting innovation skills.

PROGRAM SPECIFIC OUTCOMES (PSOs) OF MCA DEPARTMENT

PSO 1. Understand & apply knowledge on analysis, design and development of applications in the field of computer science and its related disciplines.

PSO 2. Develop ability to utilize modern technologies, platforms and knowledge for computing practices in innovative carrier path with commitment towards society.

HOD

Prof. (Dr.) Saroj Bala is working as the Professor and Head of the Department of Master of Computer Applications. She has been associated with the department since 23 July 2007. She has an extensive experience of 26 years in teaching and research. She has completed her Ph.D. from Shobhit University, Meerut, MCA from Punjabi University, Patiala, and B.Sc. (CS) from Kurukshetra University, Kurukshetra. She has done NPTEL domain certification in Artificial Intelligence.

Her research interests include artificial intelligence, swarm intelligence, machine learning, deep learning, natural language processing, cyber security, and image processing. She has attended and organized several seminars, workshops, and conferences. She has published 11 research papers in reputed international conferences and journals. She has also published 9 patents including 2 design patents. She has supervised more than 50 MCA projects. Her current research work includes cyber security, medical image processing and large language models.

23. Issuance of certificates for passout students

Official source: https://www.akgec.ac.in/academics/issuance-of-certificates-for-passout-students

Documents required to be submitted at the College for issuance of various certificates to the Passout students

Character Certificate

• Photocopy of the Final year marksheet.

• No dues certificate from the Accounts Section.

Transfer Certificate

• Photocopy of the 10th pass certificate.

• A receipt of Rs. 50/- as processing fee from the Accounts Section.

Migration Certificate

• Apply online on AKTU website (Link: https://erp.aktu.ac.in/WebPages/Public/Students/Dashboard.aspx)

Degree Certificate

• ID- Proof (issued by the Govt.) of the concerned student.

• In absence of student, the parents/guardian may collect the degree certificate subject to submission of their Id-proof (issued by the Govt.) and authority letter given by the concerned student.

Most Important:

The Students must collect their T.C. and Character Certificate within one month from the date of application (online and offline). Those failing to collect the certificates within above said time-frame, may collect the same in next one month after paying a fine of Rs. 200/-. The certificates not collected within two months from the date of application shall be cancelled and can be re-applied for. In such a case, both certificates can be obtained on payment of Rs. 500/-.

24. Courses Offered

Official source: https://www.akgec.ac.in/courses-offered

Courses	Sanctioned Intake
B.Tech	
Computer Science and Engineering	450
Computer Science and Engineering (Artificial Intelligence & Machine Learning)	180
Computer Science and Engineering (Data Science)	120
Computer Science (Hindi)	60
Information Technology	180
Electronics and Communication Engineering	180
Mechanical Engineering	60
Electrical and Electronics Engineering	60
Civil Engineering	30
Master of Computer Applications (MCA)	
MCA	120
M.Tech	
Computer Science and Engineering	18
Electrical and Electronics Engineering	12
Electronics and Communication Engineering	12
Mechanical Engineering	9

27. Fee Refund Norms

Official source: https://www.akgec.ac.in/fee-refund-norms

In case of cancellation of admission, fee will be refunded as per the AICTE notification and G.O. passed by the U.P. Government.

S.No	REQUEST FOR REFUND	REFUND
a.	Request received before start of session	Entire fee after deduction of Rs.1000/-
b.	Request received after start of session and seat not being filled by the College till the last date of admissions	Caution money only

In case of withdrawal from hostel, only security and mess charges (for unutilized months) are refundable on a pro rata basis.

28. Scholarship

Official source: https://www.akgec.ac.in/scholarship

This policy outlines the scholarship program for students securing an All India Rank (AIR) upto 25000 in the Joint Entrance Examination (JEE) for admission into the B.Tech course and and All India Rank (AIR) between 1 and 750 in the Common University Entrance Test Post Graduate (CUET PG) for admission into the MCA course. The scholarship aims to provide financial support to meritorious students and encourage academic excellence.

B.Tech [For I, II, III and IV Year]		
	AIR in JEE Examination	Scholarship
a)	1 – 10,000	Equivalent to 100% of Tuition Fees
b)	10,001 – 15,000	Equivalent to 75% of Tuition Fees
c)	15,001 – 20,000	Equivalent to 50% of Tuition Fees
d)	20,001 – 25,000	Equivalent to 25% of Tuition Fees

MCA [For I and II Year]		
	AIR in CUET PG Examination	Scholarship
a)	1 – 100	Equivalent to 100% of Tuition Fees
b)	101 – 250	Equivalent to 75% of Tuition Fees
c)	251 – 500	Equivalent to 50% of Tuition Fees
d)	501 – 750	Equivalent to 25% of Tuition Fees

For both B.Tech and MCA, from the II Year, the scholarship is subject to overall attendance of above 90% and achieving CGPA of more than 7.5 with no carry-over papers in all semesters.

29. Conatus

Departmental Activities

Activities of Conatus : (2025-26)

Technical Horizon

Conatus is the technical society of Computer Science and Information Technology in Ajay Kumar Garg Engineering College which brings to its students the illumination of the knowledge glow in IT sphere with its marvellous events, workshops and seminars. Founded on 10th October, 2005 Conatus functioning is firmly supported by HOD of CSE department, Dr. Anu Chaudhary.

In the last decade, Conatus has evolved as a technical base for its own members as well as the rest of the college. It has brought to the students the vast unexplored “technical horizon” within their grasp hold. Besides being the first technical society of AKGEC, Conatus leads the technological upfront by organizing a wide range of activities throughout the year.

Activities of Conatus : (2024-25)

Team Conatus organized D-talk’24 on 20th September 2024 (2:00 PM to 4:00 PM) with over 150 interested participants and 40 Team Conatus members. The primary objective of D-Talk was to explore how design and innovation are transforming lives. The event aimed to highlight their impact across various sectors in India and globally. Ultimately, it sought to inspire participants to embrace creative solutions in their own fields.

The D-Talk session, led by Sparsh Gupta, explored how design and innovation are reshaping industries in India and globally. Sparsh’s insights and real-world examples inspired the 150 participants to embrace creative problem-solving. The interactive Q&A deepened the discussion, while the event also fostered collaboration and networking for future projects.

Activities of Conatus : (2023-24)

Techno Conclave on “Excellence in Design, Entrepreneurship, AR/VR, and Google Cloud for Career Growth”

Team Conatus organized 5 daysstudentsworkshop (Techno Conclave) on2nd December (9 am to 3 pm) and from 4th to 7th December 2023 (4-7 pm) with 150 participants including conatus team members. This event aimed to provide students with invaluable insights and knowledge in the fields of technology, innovation, and entrepreneurship. Sessions of keynote speakers exposed the students to diverse domains, including AR, VR, entrepreneurship, design, and other technological advancements. The list of speakers and topic of sessions is given below:

S.No.	Speaker’s name	Present Company	Topic of Session
1	Abhishek Dubey	Senior design consultant, IIT DELHI	Product Designing, Industrial and Interaction Designing
2	Shashank Jha	Founder, Reslink-Delhi	Crafting Tech in Startups
3	Kavach Chandra	CTO, FreeStand-Delhi	Nurturing Entrepreneurial mindsets for success
4	Gaurav Jain	Solution Architect, Cloudera-Noida	Internet of Things
5	Vineet Gupta	Manager, Gemini Solutions-Gurugram	Embrace in Corporates
6	Mayank Singh	Global Outreach Manager, XR – central Gurugram	Building career with AR/VR
7	Tushar Gupta	Cloud Engineer, Google, Gurugram	Roadmap to Success and Opportunities – Google Cloud

Event Highlights: Speaker Sessions:

Seven renowned speakers, experts in various technological domains, shared their insights, experiences, and expertise with the audience.Topics covered included artificial intelligence, blockchain technology, cybersecurity, data science, Internet of Things (IoT), and emerging trends in the tech industry.

Interactive Workshops: A one-day workshop provided participants with a hands-on learning experience, allowing them to apply theoretical knowledge in practical scenarios.The workshop covered relevant topics and technologies discussed during the speaker sessions, fostering a deeper understanding among the participants.

Audience Engagement: The event witnessed active participation from 150 students, reflecting the enthusiasm and curiosity among the student community.Q&A sessions after each speaker presentation allowed students to interact directly with the experts, fostering a dynamic exchange of ideas.

Organizational Team: Students: 1. Bhavya Agarwal – CSE(AIML) 4Yr 2. Dhruv Agarwal CSE 4Yr 3. Anshul Chaurasiya- CSE 3Yr 4. Anirudh Dev – CSIT 3Yr 5. Siddharth Singh – CSIT 3Yr 6. Divy Sharma – IT 3Yr and dedicated Conatus membersworked in rotation as organizers to plan, coordinate, and execute the Techno Conclave.Their efforts ensured the seamless flow of the event, from registration to session management, creating a positive and enriching experience for all participants.

Faculty Coordinators:

1. Dr Shashank Sahu, Professor, CSE 2. Mr. Manish Kumar, Assistant Professor, CSE 3. Mr. Amit Kumar, Assistant Professors, CSE

The event provided an excellent platform for networking, allowing students to connect with industry professionals and peers who share similar interests.Informal networking sessions and breaks between sessions facilitated meaningful conversations and the exchange of contact information for potential collaborations.Participant feedback indicated a high level of satisfaction with the event. Attendees appreciated the diverse range of topics covered, the expertise of the speakers, and the interactive nature of the workshop. Many expressed gratitude for the opportunity to engage with industry professionals and expand their knowledge in key technological domains.

Activities of Conatus : (2022-23)

Ronins of Citadel

Team Conatus hosted a prestigious two-day field event titled “Ronins of Citadel" tailored specifically for 1st and 2nd-year students. The event was held on the 12th and 17th of May 2023, commencing from 4:00 PM to 6:15 PM on both days. The initial day's activities unfolded within the college campus, while the following day's events took place in the well-equipped labs of the CS/IT Block.

Registration for the event commenced on the 10th of May 2023, attracting an overwhelming response with more than 150 teams enthusiastically enrolling to participate. Each team comprised three adept members, creating a competitive and engaging atmosphere throughout the event.

The competition structure was designed to consist of two distinct rounds, each aimed at assessing different facets of the participants' skills and abilities. The first day featured the captivating game round, wherein teams undertook a series of challenging tasks that expertly tested both their mental acumen and physical prowess. These tasks were strategically placed in various zones dispersed across the campus, ensuring an exhilarating and dynamic experience for the participants.

On the second day, the focus shifted to the technical round, an intellectually stimulating segment of the event. Shortlisted teams were presented with encrypted statements, and it was their coding expertise that came into play as they endeavored to decipher these cryptic challenges. The teams earned points based on their successful decryption of the statements, contributing to their overall standing in the competition.

Following the completion of both rounds, a comprehensive evaluation process was conducted, wherein the scores from each round were meticulously combined. The final results were then calculated based on this comprehensive assessment, determining the standout participants and ultimately, the victors of the “Ronins of Citadel" event.

Following teams secured the top ranks:

S.No	Team Name	Leader Name	Student No.
1.	Alpha	Manya Aggarwal	2211132

S.No	Team Name	Leader Name	Student No.
2.	Wabra	Kartikey Tandon	2112117
3.	Skull Crushers	Hemant Singh	2213049

Team Conatus organized a coding event named Game of Codes for students of 2nd, 3rd and 4th year on 5 December 2022 from 4:00pm to 6:15pm. The event was held in CSIT Block Labs. The registra ion started on 3 December 2022 and more than 120 teams registered for the event. Each team consisted of 2 members. The event consisted of two rounds of 45 minutes each to test the programming abilities of the participants.

In the first round, there were 3 questions to be solved in C/C++ and in the second round, there were 3 questions to be solved in Python. Final result was calculated on the basis of both the rounds. The rounds were hosted on hackerrank.com. More than 200 students participated in the event.

Activities of Conatus : (2021-22)

Clash Of Synergy

Team Conatus organized 2 day event for the 1st year and 2nd year students of college. The event held from 9th may 2022 to 10th may 2022.The format of event was team clash between all the participating teams. Every team size was supposed to be 3 students. Total 235 teams registered for the event

Following are the details of winners :-

Team Name	Leader Name	Student No.
3 Idiots	Siddharth Singh	2111107
Team GenX	Ayush Yadav	2131104
Friends	Abhinav Kumar	2015302

Workshop on Web Development

Team Conatus organized 3 day workshop on Web development named Web for 2nd Year students. The Web was held from 1st to 3rd Dec 2021 from 4:00 PM to 6:30 PM. The registrations for the event started on 27th November, 2021. Around 180 students registered for the event out of them 70 were invited for the workshop on first come first serve basis. The prime idea of the workshop was to introduce basics of web development to the students of 2nd Year.

Post workshop participants were given a UI based project on Web Development to develop a basic website based on HTML+CSS+Javascript for Prize round. The project was to submit using Github in 3 Days.The deadline to submit the project was 6th Dec. Top 3 performers were awarded cash prizes and all the participants certificates.

Activities of Conatus : (2020-21)

Webinar on data structures and algorithms

Team Conatus organized a webinar on data structures and algorithms in collaboration with Prepbytes. The webinar was held on Zoom platform and it was hosted by Ms. Mamta Kumari (Co-founder Prepbytes, ex-Amazon, Samsung). The webinar was held on 4th July 2021 and lasted for 1.5 hours. By the end of the webinar, students got to know a lot about placements and DSA. There were 300+ registrations for the webinar.

The following topics were covered in the webinar:- • Planning & prioritizing learning Data structures and algorithms. • Importance of Implementation based learning of DS/Algo. • Why do companies focus more on DS/Algo questions? • Resources to start preparation on these topics.

Activities of Conatus : (2019-20)

COD: Conquest of Dayne

Team Conatus organized its annual event called “COD: Conquest of Dayne" on March 03-04, 2020. The event gathered a huge number of participation from all branches and year, with more than 500 participants in a team of two. It was a

well-managed event from the team which had several coordinators. Coordination between the team was also one of the major reason for the success of this event. It was a 2 day event in which day 1 was field-based and day 2 was lab-based.

Society coordinators Shikhar Agarwal (IT – 1731161) and Shaban Ansari (CSE – 1710143) has conducted C classes for 2nd year lateral entry students of the CSE/IT students after college hours (4:00 P.M. – 6:00 P.M.) from August 2019 to September 2019.

In order to maintain continuum, TEAM CONATUS launched the 20th edition of CONOSCENZA on 5th November 2019, the tech torrent that addresses the applied and theoretical issues of the technical field. The celebrations were attended by HOD CSE, HOD IT, Faculty coordinators and the members of the team. The 20th edition contains articles overloaded with information like Neuromorphic, Bose Frames, Programming Languages, Google's Stadia, Intel Chaco Canyon and much more.

Activities of Conatus : (2018-19)

DOC : DAWN OF CRISIS

Team CONATUS organized the event DOC : DAWN OF CRISIS – a combination of both field and lab event on 12 and 13 March 2019. 'DOC' was an exciting series of events which brightened the monotonous college life with a tincture of enjoyment, competence and excellence. The event presented a unique challenge of balancing General Aptitude, Technical Knowledge, Coding and Reasoning. First day was a field event and second day was a lab event. It was a team event where each team consisted of two participants. Around 300 Teams participated in the event summing up to 600 students from all branches and years. The winners and runner-ups were given certificate and cash prize.

Team	Members	Branch	Award
Winning Team	PRAMOD JAISWAL	CSE 2nd Year	Rs. 1000/- and Certificate
VINAYAK GUPTA	CSE 2nd Year		
1stRunner-Up	AISHWARY ASHUTOSH	IT 2nd Year	Rs. 800/- and Certificate
VISHVAJEET SINGH GAUR	CSE 2nd Year		
2ndRunner-Up	VIVEK KUMAR YADAV	CSE 1st Year	Rs. 500/- and Certificate

Conatus Birthday 2018

In order to maintain continuum, TEAM CONATUS launched the 19th edition of CONOSCENZA on 1st November 2018, the tech torrent that addresses the applied and theoretical issues of the technical field. The 19th edition contains articles overloaded with information like Block chain, The Verge, Bitcoin, Halberd, Zenbot, Net Neutrality and much more.

"Code-O-Fiesta 2018" : Online Coding Contest

CONATUS and OSS R&D Centre, AKGEC in association with CodeChef conducted "Code-O-Fiesta 2018 – an Online Coding Contest on 20 September 2018. 'Code-O-Fiesta' was an initiative which aroused from a combative attitude that paves a way towards building a strong foundation. The contest was basically a step to upgrade the knowledge and combative spirit of students regarding their coding skills and competence.

The contest was successfully conducted in the CSE Labs from 4:00 pm to 6:30 pm on 20 September 2018.

Top 3 three teams have been given certificates and cash prizes:

Team	Members	Branch	Award
Team 1	KARTIK JAIN	CSE 4th Year	Rs. 1500/- and Certificate
Team 2	RIGHVED	CSE 4th Year	Rs. 1000/- and Certificate
SURESH UPADHYAY	CSE 4th Year		
Team3	MOHD. AKBAR	CSE 3rd Year	Rs. 500/- and Certificate

“ODYSSEY” – The Ultimate Showdown (2017-18)

Team CONATUS organized the event ODYSSEY – an online coding, gaming and designing contest on 13th and 14th March 2018. ‘ODYSSEY’ was an exciting series of events which brightened the monotonous college life with a tincture of enjoyment, competence and excellence. The event presented a unique challenge of balancing Coding and Technical Knowledge with Real Time Gaming experience.

The contest was successfully conducted in the CSE Labs from 4:00 pm to 6:15 pm on 13th and 14th March 2018.

The following series of events were the part of the event:

• Counter Strike 1.6 – an objective based gaming event

• Trailblazer – a graphic designing event

• Need for Speed Most Wanted – gaming event

• Code-a-Bit – an online coding event.

All the events received a massive participation from students. Total 440 students actually participated in different events.

The winner and runner-up of each event have been given certificate and cash prize.

COUNTER STRIKE 1.6

Team	Members	Branch	Award
Winning Team	PRATEEK SHARMA	IT 3rd Year	Rs. 1200/- and Certificate
AAYUSH PRATAP	IT 3rd Year		
AYUSHMAAN SRI	IT 3rd Year		
KUNAL RAJPUT	CSE 3rd Year		
KSHITIJ SINGH	CSE 3rd Year		
Runner-Up	PRIYAM SINGH	IT 3rd Year	Rs. 800/- and Certificate
SUMIT SINGH	ME 3rd Year		
KUSHAGRA SHUKLA	CSE 3rd Year		
ANKUR GAUTAM	EI 4th Year		
AKHILESH SINGH	CSE 4th Year		

Team	Members	Branch	Award
Winner	SHAKTI JAISWAL	EC 2nd Year	Rs. 500/- and Certificate
Runner-Up	HARSH YADAV	IT 1st Year	Rs. 300/- and Certificate

Team	Members	Branch	Award
Winner	HARSH SIDDHANT	CSE 2nd Year	Rs. 500/- and Certificate
Runner-Up	RAJAT VERMA	CSE 4th Year	Rs. 300/- and Certificate

Team	Members	Branch	Award
Winning Team	SACHIN YADAV	CSE 2nd Year	Rs. 700/- and Certificate
ARPIT KANSAL	CSE 2nd Year		
Runner-Up	AMAN AGARWAL	CSE 3rd Year	Rs. 500/- and Certificate

“C” – Classes For 1st Year Students

Team CONATUS conducted the C Classes for the 1st Year students of our college. The classes were taken in the CSE labs from 4:00 PM to 6:00 PM on every working Monday, Tuesday, Wednesday and Thursday starting from 29th January 2018 till 5th March 2018. The mentors were the 3rd Year students of team CONATUS.

A total of 150 students registered and attended the C classes.

The final certification test was conducted on 20th April 2018 from 4:00 PM to 5:00 PM.

The following students who secured 70% or more have been given certificate of merit:

Shikhar Agarwal

Pramod Jaiswal

Arjun Varma

Aashi Gupta

Team CONATUS published the 18th version of CONOSCENZA in this semester. The magazine was based on the topic:’ SPECTRUM- EVOLUTION OF ERA’ and was published on 10th October 2017 marking the 12th Foundation Day of Conatus. The magazine was released by HoD CSE, HoD IT and Conatus faculty coordinators on 1st November 2017. The magazine comprises GADGETS, SOFTWARES, HARDWARES, GAMES, MOVIES, ENTREPRENUERS and GAMING CONSOLES. Magazine also has a unique addition, SCRIBBLERS, where articles were welcomed by first year students; few of them were published in the magazine.

2016-17

• CONOSCENZA EDITION 17

• ECHELON REDEMPTION

• C AND JAVA CLASSES

CONATUS released its annual e-Magazine CONOSCENZA edition 17 on 19th October 2016, on the celebration of its Foundation Day, in the presence of Heads of Departments CSE and IT, faculty members and students.

The society conducted the event ‘ECHELON REDEMPTION’ during the even semester 2016-17. The event, based on aptitude testing and coding problems, was conducted in two rounds on 15 February, 2017 and 17 February, 2017. It was a theme based event in which participants had to trace an AI machine. A total of around 467 teams participated, breaking all the past records, in the pre round out of which 20 teams qualified for the final round. The winning teams were awarded cash prizes and certificates.

POSITION	TEAM	
I	Rachit Sharma Ravi Goswami	B.Tech I Year IT
II	Harsh Gupta Pratik Agarwal	B.Tech I Year IT B.Tech I Year EC
III	Aanchal Panchnanda Priyanka Jain	B.Tech I Year EC B.Tech I Year CSE

Team Conatus conducts C/JAVA classes for first year students of the college every year. The classes are in the form of problem solving and query sessions. During 2016-17, the classes were held from 31 January, 2017 to 9 March, 2017. The classes, held after college hours and taken by B. Tech III and IV year students, were attended by 120 students for C language and 40 students for Java language. Students qualifying the minimum attendance criteria and assessment test were awarded Certificates of Merit.

2015-16

• Team Conatus

• 10th Foundation Day

• Rise of Ultron

Team Conatus conducted its recruitment for CS/IT 2nd year during August 2015. The recruitment process comprised of two rounds- written paper round (based on C, Java, Web Technology and Aptitude) and personal interview round. 160 students participated in the written round out of which, 67 were selected for the personal interview round. Based on personal interview, 14 students were recruited to the society.

The society celebrated its Foundation Day on 12th October, 2015. The celebrations were attended by Prof. B.M. Kalra, HoD CSE, Prof. R.P. Saw, HoD IT, Prof. V.K. Parashar, DSW, Dr. Mamta Bhusry, Faculty Co-ordinator and the Conatus students. The 16th edition of the society e-magazine CONOSCENZA was released on the same day.

The society conducted C and Java programming Classes for B. Tech I Year students in months of February and March, 2015 after college hours. 120 students attended the classes and students were awarded performance certificates on the basis of attendance and score in the test conducted. Conatus III & II year students mentored the classes.

Team conducted its mid-semester event “Rise of Ultron” on 16th and 18th March, 2016. The event was conducted at computer centre 1 and CSE labs from 4:00pm to 6:00pm. The participants liked the event a lot because of its standard and also the theme which was beautifully portrayed through .NET applications prepared for both the rounds by the members of the society. A website based on PHP (www.riseoftron.com) was also made to promote the event. A total of around 170 teams, each of 2 members participated in the event. Following students emerged as the winners:

1st Prize

Prinkush Kalra (CS 2nd year) Paras Gangolia (CS 2nd year)

2nd Prize

Shukrant Tyagi (CS 2nd year) Updesh Srivastava (CS 2nd year)

3rd Prize

Arpan Srivastava (IT 2nd year) Aman Pradhan (IT 2nd year)

2014-15

• 9th Foundation Day

• The Last Strike

• C/C++ classes

The day marked the unveiling of the latest 15th edition of CONOSCENZA; the annual technical magazine published by Team Conatus. The event was attended by Prof. B.M. Kalra, HoD CSE, Prof. R.P. Saw, HOD IT, Prof. V.K. Parashar, DSW, Ms. Mamta Bhusry, Faculty Coordinator of Conatus and faculty members of CS and IT Departments. The success story of the society from its inception till date was presented.

Team CONATUS conducted the event “THE LAST STRIKE" as the mid semester event of the society. The event was conducted in two rounds : the pre round was held on 18th Feb 2015, Wednesday in the back block during the lunch hours (12:40 p.m. to 2:20 p.m.) and the final round of the event was held on 23rd Feb 2015, Monday in the BB shed during the lunch hours. A total of around 460 teams participated in the pre round out of which 16 teams qualified to the final round. Out of the 16 teams the following teams emerged as winners:

Ankur Kumar (CS 2nd year) Anup Kumar Gupta (CS 2nd year)

Ashish Mishra (IT 4th year) Aanchal Dixit (IT 4th year)

Utkarsh Srivastav (ME 3rd year) Saumya Mishra (ME 3rd year)

Team CONATUS conducted the C/C++ classes for the first year students of the college. The classes were taken in the CSE labs from 4:00p.m. to 6:00 p.m. by the third year members of the CONATUS . The classes were held from 11th Feb 2015 to 29thMarch 2015 for four days in a week. A total of around 160 students from the first year attended the classes.

2013-14

• Foundation Day of Conatus

• The 8th HORCRUX

• C Classes

• Photoshop Classes

• Java Classes

Team Conatus celebrated its 8th Foundation Day on 10th of October 2013. The event was attended by Prof. B.M. Kalra, HoD CSE, Prof. R.P. Saw, HOD IT, Prof. V.K. Parashar, DSW, Ms. Mamta Bhusry, Faculty Coordinator of Conatus and faculty members of CS and IT Departments. The day also marked the unveiling of the 14thedition of CONOSCENZA; the semi-annual magazine published by Team Conatus. Team also conducted an on-board quiz event for students 'PSYCHE BOGGLER' by displaying quizzes on the Conatus board.

Team Conatus organized a team event "THE 8th HORCRUX" on November 14, 2013. In the 1st round the participants were tested on various parameters such as C Language, Aptitude, Sports and Movies. The first round itself saw a record participation of about 400 teams this being the maximum participation in any society event till date. The second round, final round of the event, was participated by 12 qualifying teams. The teams were judged on C and Harry Potter questions. The top 3 teams were awarded with cash prizes and certificates.

C Classes were conducted for I year students from February 13, 2014 to March 13, 2014 by 3rd year students. Total number of registrations were 120. The list of students who took the class is as follows:

STUDENT NO.	NAME	BRANCH
1113022	Sanchit Tandon	IT-J
1113044	Chahat Srivastava	CS-A
1110023	Meenali Saxena	CS-A
1110004	Dhawal Bajaj	CS-A

Photoshop classes were conducted by Conatus member Aditya Chauhan, IT III year student from January 29, 2014 to February 5, 2014. The classes were attended by 17 students.

JAVA classes were conducted by Conatus member Rishabh Sharma, IT III year student for Conatus members of II year from February 6, 2014 to February 12, 2014. Total 12 students attended the classes.

2012-13

• Code To DIL : 3rd Nov to 5th Nov, 2012

• C Programming Classes

• TechTrishna 2013

Team Conatus organized an event named "CODE TO DIL" which consisted of 2 Rounds. 270 teams, each team consisting of two participants, participated in the event. The event got a record participation of about 270 teams from II, III & IV year students. In the 1st round the participants were tested on various parameters such as C Programming, Aptitude Skills, Sports and Bollywood.

The 2nd (Final) round of the event was organized at the Amphitheatre in which 10 finalist teams competed. The teams were judged on various fun tasks, games and C Programming.

The top 3 teams were awarded cash prizes and certificates. The winning teams are as given below:

1st

Abhishek Mishra (ME/II/1140020) Ayushi Srivastava (ME/II/1140005)

2nd

Sambhrant (ME/IV/0940058) Deepanker Singh (EN/IV/0921004)

3rd

Anamika Porwal (ECE/III/1031104) Artika Verma (ECE/III/1031041)

The society conducted C Programming Classes for B. Tech I Year students from 4th February, 2013 to 7th March, 2013 after college hours. 120 students attended the classes and students were awarded performance certificates on the basis of attendance and score in the test conducted. B. Tech. III & IV year CSE and IT students conducted the classes.

Conatus conducted enthralling events in the TechTrishna ’13 like Counter Strike, Fastest Finger First and Fake it to Make it, all of which witnessed huge participation.

2011-12

• The Great Mind

• Tech Takshri

• CONOSCENZA

• DA-AKG-CODE

The Society Conducted C/C++ classes and Java classes for B.Tech 1st year students from 6th September 2011 to 4th November 2011. The batch size was 240. Conatus 3rd year students mentored the classes.

The Great Mind Challenge (TGMC) from IBM was conducted on 7th September, 2011. The aim of the seminar was to introduce the students to the TGMC project contest using IBM tools and technologies. About 200 students attended the seminar. 367 individual students registered to the TGMC website. The society organized a one day workshop on IBM tools in the college.

The event “Tech Takshri” was conducted for BTech II year students in two rounds with 120 teams participating on Day 1. Eight teams qualified for the final round conducted on 24th September, 2011.

The CS and IT society CONATUS celebrated its 6th birthday on 13th October, 2011. The students celebrated the event by organizing a get together for the members of the society. The success story of the society from its incubation till date was presented before the Director, HoD CSE and Hod IT. The 11th edition of the e-magazine CONOSCENZA was released.

The even semester 2011-12 saw the completion of the event DA-AKG-CODE, a project development contest. 42 teams had registered, out of which 18 teams completed the projects. Two teams were declared as winners with I and II positions.

Leading the technical upfront, Conatus is the Computer Science and Information Technology society of Ajay Kumar Garg Engineering College. “Conatus" means “impulsive force" as it brings the students to the unexplored “technical horizon" within their grasp. Conatus stands on the objective of guiding the students towards the dawn of a better and successful tomorrow with its marvellous events, workshops, seminars and classes for the students of the college to thrive towards a brighter and a technically sound future.

Departmental Activities

“Nirmaan, its not only about construction, its a creation!"

Nirmaan, the society of Civil Engineers of Akgec, is fully functional since the even semesters of 2014-15. Nirmaan came into existence purposefully, it was and it always will be to enhance the all-round development of the students, not only in academics but also practically and socially!

The on-field knowledge is a must for the students of Civil Engineering domain and we help them with the same. We have a counsel of some extremely qualified faculty and the guidance of our society seniors to help and motivate you to think, act and build!

“A building is not just a mere construction of bricks, its a beautiful painting carved with utter hardwork and passion of a civil engineer." And here, we start with our first step in the game!

The society has active involvement in national level paper presentation college event, 'SCROLLS', deciding the topics for the civil domain in Scrolls. The society also contributes in the college Tech-fests. We recently organised TECHNOSPARX, an event based on the interests of students in technical as well as creative fields.

The society recently organised 'ANANT-SETU', a bridge-making competetion open for all, from first year to the final year students. With active involvement of our members and the support of seniors, it proved to be a successful one.

The society, in future, plans to conduct various workshops on AutoCAD and STADD Pro and involve ourselves in various projects.

The society has been assigned under Mr. Atri Tyagi , Assistant Professor, Civil Department. Also, we actively participate in several events organised by colleges like ABES, JSS, IMS and KIET Ghaziabad.

With the completion of eighth semester and vacancies left behind by final year students, we recruit students every year from the Civil Branch only.

Be a part of the society, have the best-in-class guidance of the seniors, learn and you will definitely be having a lasting experience!

Aao kuchh kaam karein,Aao Nirmaan karein..

Recruitment Drive of Team NIRMAAN, VARAN 3.O’24

Title of the Event

VARAN 3.O’24

Knowledge assessment round and Personal Interview

06-07 Nov 2024

Team NIRMAAN, VARAN3.O’24 from the Civil Engineering Department of Ajay Kumar Garg Engineering College, Ghaziabad, organized a recruitment drive to welcome new students into the society. The selection process included a written assessment test followed by interviews conducted by the senior members of Team NIRMAAN. As a result, 11 students were successfully inducted as new members of the society.

All newly elected members of Team NIRMAAN had the opportunity to interact with Dr. Rakesh Srivastava, Professor and HOD of Civil Engineering Department , who motivated and wished them success in their roles within the society.

Roadmap for Net Zero Scenario in Cement and Construction Sector

14 Sept 2024

Team NIRMAAN from the Civil Engineering Department of Ajay Kumar Garg Engineering College, Ghaziabad recently participated in an exciting event organized by the Indian Concrete Institute Ghaziabad Centre. The event highlighted the convergence of technology, engineering expertise, and innovation in the fields of concrete and cement. It provided a platform for students to showcase their skills in cement and concrete manufacturing, with a special focus on reducing carbon emissions and promoting sustainable practices in the construction industry.

Dr. Rakesh Srivastava, Professor and Head of the Civil Engineering Department, along with Mr. Atri Tyagi, Faculty Coordinator of the NIRMAAN Technical Society, were also present during the Concrete Day celebration.

CADshop 2.0 EVENT

CADshop 2.0

Mechanical Drawings and Floor Plans using AutoCAD and AutoCAD Test

15-18 April 2024

The Technical Society of Civil Engineering, NIRMAAN, successfully conducted an AutoCAD event on the 15th, 16th, and 18th of April 2024. The event aimed at enhancing students' skills and offering them the opportunity to explore their potential in the field of design. CADshop 2.0 was organized for 1st, 2nd, and 3rd-year students from all branches, providing a valuable platform to deepen their knowledge of AutoCAD and design principles. Dr. Rakesh Srivastava, Professor and Head of the Civil Engineering Department, along with Mr. Atri Tyagi, Faculty Coordinator of the NIRMAAN Technical Society, commended the students for their exceptional work. The event was further enriched by the presence of CE faculty members and students, making it a truly memorable occasion.

1st Team Team INGENIUM Won cash prize of 1.5k, Trophy and Certificate 2nd Team XLR8 Won cash prize of 1k, Trophy and Certificate 3rd TEAM LONEWOLF cash prize of 0.75k, Trophy and Certificate

Departmental Activities

Introduction

“OORJA” is the technical Society of Electrical & Electronics Engineering students. The society was established on 21stJan 2006, to enhance techno-managerial skills of the students and bring laurels to department and college through innovative ideas, conducting events like workshops, model building competitions and technical quizzes.

Activities/Events

KSHITIJ — THE DAWN OF POSSIBILITIES (One-Day Workshop on Sensors, NI LabVIEW, PLC and Embedded Systems)

Kshitij – The Dawn of Possibilities was a one-day workshop held on on 25 August 2026 in CS-IT Seminar Hall, organised by Team Oorja, the technical society of the Department of Electrical and Electronics Engineering, AKGEC. The workshop was designed to give participants a single-day, end-to-end view of how modern industrial and embedded systems are built — beginning with how sensors capture the physical world, moving through NI LabVIEW as a graphical measurement and control platform, into the Programmable Logic Controller (PLC) as the backbone of industrial automation, and finally into embedded systems that tie sensing, computation and connectivity together.

The inaugural address was marked by the presence of esteemed faculty members of the Department of Electrical and Electronics Engineering and our society faculty incharge M/s Nupur Mittal along with the Head of Department Dr. Lokesh Varshney, whose encouragement set an enthusiastic tone for the day ahead.

Session 1 — Sensors: The Eyes and Ears of Modern Technology The day opened with a session on sensors, led by team members Manish and Chirag. The session introduced sensors as the bridge between the physical world and electronic control, following the core engineering pattern of physical quantity → sensor → signal → controller → action. Participants were walked through everyday sensing devices such as the DHT11 temperature-and-humidity module and the PIR motion sensor, followed by soil-moisture and photoelectric sensors used in irrigation and industrial inspection.

Session 2 — NI LabVIEW: From Graphical Programming to Real-World Systems Engineering The second session was led by the team of Priyanshi, Saanvi, Himanshu and Aniket, and introduced participants to National Instruments LabVIEW as a graphical programming and systems-engineering platform used for test, measurement, data acquisition, hardware control and automation. Starting from an engineering problem of testing an electric motor, the speakers explained the concept of a Virtual Instrument (VI) — combining a front panel, block diagram, and icon/connector pane — and how a computer with LabVIEW and appropriate hardware becomes a customised instrument in its own right.

Session 3 — PLC: The Programmable Logic Controller The third session, conducted by the team of Swapnil, Arjun and Tanmay, took participants through the evolution and working of the Programmable Logic Controller. The session began by placing automation in everyday context before tracing its history from manual control and pneumatic systems through hardwired relay logic to modern, software-based, reprogrammable PLCs — illustrated with a live example of a relay-based star-delta starter panel and the wiring complexity it once demanded.

Session 4 — Embedded Systems The concluding technical session was led by the team of Akshara, Akshita, Nikhil and Gaurav, and focused on embedded systems, covering the basics of Arduino and ESP32 as platforms where sensing, computation and connectivity converge. Building on the concepts introduced earlier in the day, the session covered the working of microcontrollers, their programming, and how embedded platforms integrate sensors and communication modules to build complete, responsive systems. Participants were introduced to the basics of Arduino programming, including simple LED blinking and push-button interfacing activities. The session also covered the basics of ESP32, its Wi-Fi connectivity, and basic programming through an LED blinking example. These activities gave participants a practical understanding of how sensing, control logic, programming and connectivity come together inside an embedded device to sense, decide and act in real time.

TECHNOVERSE – Technical Innovation Competition

Technoverse is a technical innovation competition organized to promote creativity, innovation, teamwork, and problem-solving skills among students. The event served as an excellent platform for participants to showcase their

technical expertise by developing innovative solutions for real-world challenges. It encouraged students to explore modern technological trends and propose impactful ideas across multiple engineering and technology domains.

The event was successfully conducted on 11th April and was organized by Oorja Society in collaboration with IAS (Industry Applications Society), PES (Power and Energy Society), and WIE (Women in Engineering) Student Branch Chapter. The competition witnessed enthusiastic participation from multiple teams who presented innovative ideas, prototypes, and technical solutions based on defined problem statements.

Objectives of the Event The primary objectives of Technoverse were: • To promote innovation and technical creativity among students • To encourage teamwork and collaborative learning • To provide exposure to emerging and modern technology domains • To develop practical and implementable solutions for real-life problems • To enhance presentation, ideation, and problem-solving skills • To identify and encourage promising innovations

Event Domains Technoverse was conducted across multiple domains to ensure wide participation and coverage of diverse technological areas. The teams participated in the following domains: 1. Smart Energy and Power Systems 2. Embedded Systems and Internet of Things (IoT) 3. Drone Technology 4. Sustainable and Green Energy 5. Software Solutions 6. Open Innovation Each domain consisted of unique and application-oriented problem statements that challenged the participants' creativity and technical capabilities.

Participation Details A total of 18 teams participated in the Technoverse competition. Each team worked with dedication and enthusiasm to develop unique solutions and demonstrate their technical creativity. The competition received an excellent response from students across various domains.

Along with teams from our institution, several teams from other colleges also participated, making the event more competitive and providing a wider platform for inter-college innovation and knowledge exchange. This diverse participation enhanced the overall learning experience and encouraged healthy technical competition among students.

Highlights of the Event Some major highlights of Technoverse included: • Active participation of 18 teams across multiple technical domains • Innovative projects focusing on smart systems and sustainable technologies • Impressive prototypes in IoT, embedded systems, energy systems, and software development • Strong emphasis on sustainable and green energy solutions • A competitive and motivating learning environment

Code2 Ctrl (2-day Workshop on Embedded System and IoT Workshop)

Date: 10 Nov,2025 Venue: CS-IT Seminar Hall

The workshop is based on Embedded system and Internet of things, by Team Oorja, the society of Dept. of Electrical and Electronics. In the workshop day-1 dedicated to Microcontroller and Microprocessor and their Programming language with follow on day-2 is on internet protocol. The event had massive success and the enthusiasm by the participant was exceptional. The workshop theme is to educate students how controllers work and programmed and how sensors work. The participants also awarded with certification of 2- day workshop and hands-on.

Day 1: The session was started with Warm-welcoming of participants and our Faculty in-charge by our speakers Nandini and Manish.

Microprocessor v/s Microcontroller: The session is based on how microprocessor invent and their evolution throughout the years, how they compute and works and how they are different from Microcontroller. The session was taken by the club members Ayush and Sachin. Their hard work reflects toward participants how the mechanical computation changes to electrical and fast computation.

Arduino and It's working: Arduino the basic microcontroller available in the market for embedded project which controls the microworld and do specific task. The session was taken by team member Gaurav and Nachiketan. The session includes the architecture of Arduino their pin diagrams and the simulation of basic project with their programming. Hands-on also included to give better experience to participants.

Sensor and their applications: Sensor is the basic and most import thing in the world of embedded system as it works as bridge between physical world and electronics. The session was full of know how it integrates it with controllers and their working principal. The session volunteers are Amrit and Jana Bikram which make session fun and interactive as they show real practical of all the basic day to day use sensors.

Raspberry Pi: The powerful microcontroller in the world of embedded system, it is a single board computer which operates multitasking. The session was taken by our team 3rd year member Ashish Thakur. The session follows day-2 also as the session was so interactive that make participants make eager to know more about pi and its features.

Fun activity: Day-1 wrap-up with fun activity and playing games which is made up on microcontrollers and integrating others microelectronics which helps to introduces student about more of controllers and processor how it works and have fun with it. The games include Ping-Pong competition among the participants.

Day-2: The day-2 follow on with full of enthusiasm of our participants and volunteers. The eager to get know more about controllers boost the energy and lit-up the environment of seminar hall. The session was inaugurated with our speaker Jaanvi and Arjun.

Libraries and IDE: The session inaugurates the day-2 of the workshop. The session includes basic libraries of sensors and motors, how to integrate external circuits and their individual libraries required to make them work. The was session was so interesting that it lit-up the participants to work on the project and our volunteers Gaurav and Nachiketan also makes hands-on to them. Also introduce their coding language embedded c and Micropython and their IDEs.

Esp32 and Real-life application: The session was full of interaction on how esp32 is different from other microcontrollers in the market as it comes up with in-built touch, temperature, hall effect sensor and also with in-built Wi-Fi and BLE. The session was taken by Nikhil and Nagesh who also demonstrate the in-built touch sensor which amaze the participants and the connectivity of internet in the controller. They also simulate the real-life motion light sensing application.

The session was all about communication of controller and user, how sensor actuate data and sent it to user through internet protocol https. The session was taken by Ayush; the session comes up with one practical demo of https protocol of light blinking.

Blynk IoT: The session was on free user-friendly dashboard to communicate with microcontroller and control the data through dashboard. The session was taken by Nikhil and follow on with one demo of controlling light through dashboard.

Quiz: The quiz session was the interesting part of the session as it checks the knowledge of participants about what they digest from the workshop and also it showcases the volunteer's results, The session fun and interactive. The quiz winners also get rewards by Head of Department, Dr. Lokesh Varshney.

Fun Activity: The closing ceremony of the workshop was done with two fun games based on Bluetooth communication of controlling the car and small goal-keeping game which integrates servo motor and joystick to control the keeper as all these games are developed by team to make event more knowledgeable and interactive.

The workshop "Micro Master" on the Atmega8A microcontroller was conducted on 13th April 2024. A total of 55 students from the 1st and 2nd years participated in the workshop, displaying a high level of interest. The workshop focused on providing students with comprehensive knowledge and practical skills in programming and interfacing related to the Atmega8A microcontroller. The workshop successfully provided students with valuable insights into the practical applications of the Atmega8A microcontroller and encouraged them to apply their theoretical knowledge to real-world projects and competitions. The event showcased the commitment and enthusiasm of the students in embracing technological advancements and honing their practical skills.

Techbrawl Workshop

Oorja Society organized a workshop on 23rd September 2023. It was a captivating workshop as it received massive participation from students of all the Departments. Students were asked to register for the workshop through Google form online and a total 56 registration were made and later participants were asked to make a team of 2 members for the hands-on session which was after the Theoretical Session.

The workshop consisted of two sessions, which were: • Theoretical Session • Hands-on Session

Theoretical Session In the Theoretical session, the members of team Oorja gave the students knowledge of sensors, how they work, and how they can use them in various parts of their life. They also gave information about the process of making projects using various sensors and what components are used and the knowledge about the components with the programming part applied in a sensor project. Students also had the privilege to go through some sensor equipment. The Theoretical Session was about 3 hours after that we had the hands-on session.

Hands-on Session The Hands-on Session was for the students to have a real experience of how a sensors works and how they can use it. In the workshop, they were provided with the equipment by which they had to make their own sensor project which everyone succeeded. The hands-on session gave students a better experience of what they learned in the theoretical.

Competition The competition round was an engaging experience as everyone was split into teams of two and assigned a task. The task was to correctly connect the pins of the Arduino microprocessor, and the extra challenge was to create a working model of an ultrasonic sensor. Whichever team finished the task first would win the prize. Following were the winners:

1st Position Vishwanath Negi 2nd Position Nikesh Yadav, Adhiraj Tomar 3rd Position Nikesh Yadav, Adhiraj Tomar

Oorja Society organized an event named GLEAM on 21 April'23, which was a great success with a total of 53 teams participating in the event. The event was divided into three rounds, which tested the participants' knowledge, skills, and technical expertise. • Round 1: Quiz Round The first round of the event was a quiz round in which the participants had to solve four quizzes. The quiz questions were based on various topics. Out of the 53 teams, 24 teams qualified for the next round. • Round 2: Game Round The second round was a game round, and each participant had to play four games within one minute. The games included Dart, Jenga, Boggle, and Spot the Difference. It was played simultaneously by all 4 members of the team and the scores of all four games were added to determine the final score. This round was tough, and the participants had to show their skills to qualify for the next round.

• Round 3: Technical Round The third round was a surprise round, 7 teams qualified for this round and the participants were given one MCQ to solve. After solving the question, the participants were asked to implement the solution on a breadboard. This round was a technical round, and the participants had to show their technical skills and expertise to qualify for the top position. This round was tough, and only the best teams could perform well and qualify for the top position.

Winners of GLEAM

After the completion of all three rounds, the winners of the GLEAM event were announced. The team who completed the circuit within a given time was declared the winner.

ROBOIGNITOR 2.0

On 5th November 2022 a workshop “ROBOIGNITOR 2.0” was organised by OORJA SOCIETY in our college. It was a captivating workshop as it received massive participation from students of the all departments. Students were asked to register for the workshop through Google form online and a total 57 registration were made, later 48 participants attended the workshop. Participants were distributed to make a team of 6 members for the hands-on session which was after the Theoretical Session.

The workshop began with warm welcome with an introduction to the events organised by the Team Oorja over the past few years. Then a brief introduction about the workshop Roboignitor.

The workshop consisted of two sessions, which were; • Theoretical Session • Hands-on Session

Theoretical Session

In the Theoretical session, the members of team Oorja gave the students knowledge of Robots, how they work, and how they can use them in various parts of their life. They also gave information about the process of making a Voice Recognition Robot and what components are used and the knowledge about the components with the programming part applied in the robot. Students also had the privilege to go through some Robot equipment. The Theoretical Session was about 3 hours after that we had the hands-on session.

Hands-on Session

The Hands-on Session was for the students to have a real experience of how a robot works and how they can use it. In the workshop, they were provided with the equipment by which they had to make their own Robot which everyone succeeded. The hands-on session gave students a better experience of what they learned in the theoretical session.

SOLARDECK (Seminar cum hands-on workshop on Solar Application)

On 3rd March,2022 a workshop was organized in our college in collaboration with LOOM SOLAR. It was a captivating workshop as it received massive participation from students of the EN Department. Students were asked to register for the workshop through Google form online and later were asked to make a team of 4 members for the hands-on session which was after the workshop.

The workshop began with welcoming and introducing the guests of LOOM SOLAR followed by the words from Dr Hemant Ahuja Sir (HoD EN Department), The guests of honor were Mr. Amod Anand (Director – Loom Solar Pvt Ltd) Mr. Nishi Chandra (Head – Marketing) Mr. Abhishek Rathore (Head – New Product Development) and also an alumnus of AKGEC.

In the Theoretical session, the people of LOOM SOLAR gave our students knowledge regarding Solar panels, how they work, how they can use them in their daily life etc. They also gave information about how to build your startup from core electrical engineering. Students also had the privilege to go through some solar equipment.

The Hands-on Session was for the students to have a real experience of how a solar panel works and how they can use it. In the workshop, they were provided with the equipment by which they had to light a mini tube light which everyone succeeded and all were inspected by our guests. The hands-on session gave students a better experience of what they learned in the theoretical session.

On 20th February 2022 a workshop was organized in our college. This workshop was organized for the 1st year students of all branches. Students were asked to get registered online via Google form. Around 20 students were shortlisted to take part in the workshop.

The idea of conducting this workshop was to make them aware of the various types of robots and their functioning. It was about gaining hands-on experience with the robots.

At first, the theoretical aspect was shared and then the practical demonstration was given to the students. The 1st year students were asked to make ‘WIFI-Controlled RC CAR’. Student mentors were assigned for guiding the participants in

the practical demonstration.

We were overwhelmed by the participation of students and really enjoyed it a lot and dispersed with a sincere hope that such interactive workshops should be organized again by giving the students a chance to display their talents and gain knowledge.

On 26th October 2021, a technical, as well as non-technical event, was organized in our college. It was an enthralling event as it received massive participation of students from various departments of all three years. More than 100 teams participated.

It included three rounds, namely: ● Scavenger Hunt ● Picture Puzzle with Crossword ● Surprise Round

Scavenger Hunt round included two sub-rounds 1-A & 1-B.

In Round 1-A, participating teams were given a list of 5 items and were asked to collect them within the stipulated time. In Round 1-B, participants were asked to find 5 flags of different colors in a given sequence, which were hidden on the college campus by the team Oorja itself.

In Round 2, a puzzle of electrical components was given with a crossword. Participants were asked to solve the puzzle by putting the correct pieces in place. Out of 12 teams, first 5 teams who completed the round were taken to the last and final surprise round.

In Round 3, electrical components were provided. The participants were asked to make a working & well-presentable model. The team who completed the circuit within a given time was declared the winner.

We are overwhelmed by the participation of students hoping that such interactive events will be organized again giving the students a chance to display their talents.

One event was organized by Oorja Society during the Odd Semester 2019-20. The details of which are as follows: Event Name: Effulgence Venue: Near ME Lawn Date: 08.11.2019 No. of participant : 80 students Type of Event : Team (2 to 3 students per team) Event consists of `3' rounds:

• Questionnaire Round: Questions of domains like Science, Riddles and Netflix and Picture were asked which lasted for 30 minutes. The fourteen teams with highest score and minimum response time were qualified for the next round. • Murder mystery Round: `3' questions related to Murder Mystery and pictorial information were posed to be solved within minimum time. The five teams were qualified for the final round. • Working Model Round (Final): The qualified teams were supplied certain components and were asked to built-up functional model out of the component given only. The `3' teams built-up the functional model within least time declared first, second & third prize winners as listed below;

1st	Siddhant Singh Sneha Gupta ShubhamVerma	EN	Cash Prize Rs. 1200
2nd	Jai Prakash Narayan Pandey AishwaryaPratap Singh AshutoshPandey	EC EC CS	Cash Prize Rs. 800

1st	Siddhant Singh Sneha Gupta ShubhamVerma	EN	Cash Prize Rs. 1200
3rd	YashSingh AanchalChaurasia	EC CS	Cash Prize Rs. 500

Team OORJA organized a bot battle event “ROBOCLASH" for students to grandstand their ability of robot fabrication and handling.

Two roles were assigned: a defender and an attacker. Attacker had to choose between two paths, one was full of hurdles and other was a maze, and defeat the defender by entering into the flagzone and hit the three flags. Each flag was assigned some points. The time limit for each team was 5 minutes.

The results of 'ROBOCLASH 2017' are as follows-

Aniruddh Mittal	1540142	ME	2

The three core technical societies of AKGEC namely OORJA, PHOENIX, and SAMVEG conducted 'ROBOTRIX’ , an annual workshop on manual and autonomous robots.

This workshop is annually conducted by all the three societies together, with emphasis on basics of manual and autonomous robotics..

The workshop had witnessed wide participation form first year students with great zeal and enthusiasm.

Team OORJA organized 'EXUBRENZA'- a Technical Working Model Presentation & Demonstration encourage young minds to come up with innovative ideas and their implementation.

Dr. Bhupal Singh HoD (EN department) along with Prof. V.K.Parashar, Dean Students Welfare and Prof. I.P. Sharma, HoD (ME Department), graced the occasion with their presence during the event.

The event comprised of set of two rounds: the first round was synopsis submission in which 40 teams participated out of which 26 qualified, were for the final round. Large number of students from all the years and disciplines, had shown interest and visited the event.

The following faculty members adjudicated at the competition:

Dr. Bhupal Singh

HoD, EN Department

Mr. Atul Sood

Dr. Purohit

The following teams were declared prize winners:

Position	Name of project	Cash Prize
1st	Identification of Friend and Foe Pratyush Singh EC/2nd year Prakhar Dixit EC/2nd year Shashank Shekhar IT/2nd year Priyanshu Gupta EC/2nd year	2000

Aman Agarwal	CS/2nd year

The two core technical societies of AKGEC namely Oorja and Samveg conducted a workshop on ‘Quadrotor – Fundamentals and Design’ for 2nd, 3rd and 4th year students.

The workshop was held in the college for the very first time and it was a great success. With perfect coordination of the two societies and the teaching skills of resource persons the basic skills of Quadcopter were imparted to more than 200 students.

There were a few students who worked further and made a quadcopter of their own which was further presented to DSW Prof. V. K. Parashar in the event Exubrenza.

Team OORJA successfully organized ROBORODENTIA – A Manual Robot Racing Competition on Wednesday, 06thApril 2016 to instill in students the importance of robotics and its working. It also encouraged students to take part in various robotics and other related events at national level.

The event was organized under the guidance of Dr. Bhupal Singh, HoD EN Department along with the faculty coordinator of OORJA society, Astt. Prof. Dinanath Prasad. A total of 27 teams participated in the event with their manually controlled ROBOT that had capacity to cover maximum distance in shortest possible time, challenging the hurdles and be one of the best opponents.

The event was a great success with all the teams showing utmost zeal and enthusiasm. The event was successful in instilling innovative thinking and technical acumen among all the students of the college. In the event students from all the years and disciplines came in large numbers and the participation of many senior students also made the event successful.

32. Phoenix

Official source: https://www.akgec.ac.in/life-akgec/societies/departmental-societies/phoenix

Departmental Activities

Phoenix, the student society associated with the department of Electronics and Communication Engineering, was formed on 20th September, 2005 by a group of six motivated students of batch 2006. The society formed with an aim to provide a platform to the students on which they enhance their practical knowledge and gain valuable experience in the industrial arena. The society aimed at conducting technical seminars by eminent personalities, workshops on various technical developments and organizing various technical events for the students in the college.

The first event that took place was Electronics Quiz. After that the society has conducted various events on regular basis. The society is continuously increasing its work force year by year. It has been providing to the students a positive gradient.

In 2006-07, the major hits were the Rover, Radix and the Instant Khichari held at the intra-college tech fest “TECH@VIBRATIONS’06" and the strength of society increased to 28 volunteers and co-ordinators. In 2007-08, the robotics event “Robonoid" organised by the society in “TECH TRISHNA'08"- was the most popular technical event in the history of college.

Maintaining its trend of enhancing technical skills and sharpening young minds, Phoenix kept its journey on by conducting 'Ecrire de conquirer'- an online technical article writing competition. The articles with the maximum likes were rewarded. As always the event On Board Quiz was a big hit. The event VIBEQUP-“Visual Buzzing and Entertaining Quiz of Puzzles was admired by all attracting intense participation. The final round held at amphitheatre gave an all way round fun and frolic entertainment to all with its multi-layered process.

In February’ 13, Phoenix family welcomed new faces and the strength reached a total of 45. Together with Samveg and Oorja, Phoenix conducted Robotrix classes to give a fundamental understanding of basic concepts involved in designing a robot. Keeping its statistics consistent – Robofestinate, organised during tech trishna'13 was again a great success. The other events organised during tech fest were Identomyst and Series parallel, which were equally appreciated and included mind tickling questions based on basic electrical and electronics engineering.

Robofestinate

Title of the Event

20th Founder’s Day

Founder’s Day

20 September 2025

Team Phoenix celebrated its 20th Founder’s Day on 20 September 2025 with enthusiasm and technical spirit by setting up a technical board near the Back Block as part of its annual tradition. After the installation, formal invitations were extended to faculty members, and third-year students of Team Phoenix explained the theme and working of the board to faculty and interested students. The board was based on the theme “Waves & Wonders: Unlocking the Power of Communication Systems,” visually representing modern communication technologies such as radio waves, fiber optics, satellite communication, and IoT networks. A Smart Medicine Dispenser System was demonstrated, using an ESP32 controller, RFID-based authentication, and servo motors for secure and automated medicine dispensing, with provision for future IoT and cloud integration.

Participant’s Profile

Members of the Phoenix Society

A challenging track filled with intricate obstacles

14 December 2024

On December 14th, 2024 Team Phoenix hosted Robofestinate, an exhilarating event featuring a challenging track filled with intricate obstacles designed to test participants' coordination, patience, and quick thinking. The event, held at the CSIT Lawn, saw participation from 16 teams, each demonstrating their skills and dedication. Teams had the option to either bring their own bots, adhering to provided specifications, or use bots supplied by Team Phoenix. In the competition, Team Tedhe Medhe secured 1st place, completing the race in 5 minutes 08 seconds, followed by Team Imperial X in 2nd place with a time of 5 minutes 48 seconds, and Team Robo Rangers in 3rd place, finishing in 6 minutes 15 seconds. The theme for Robofestinate 2024 was inspired by the game 'Need for Speed', adding an extra layer of excitement to the competition.

Participation from 16 teams

BOTFORGE

Presentations on bot building, programming, functionality, and fundamentals

23 November 2024

On November 23, 2024, Team Phoenix successfully organized the BOTFORGE workshop, featuring presentations on bot building, programming, functionality, and fundamentals. The workshop was open to second-year students and commenced at 11:00 AM, with 24 participants in attendance. The session introduced students to the concepts and principles of Racing Bots, covering their design, programming, and manufacturing. Designed to enhance students' understanding of bot-making and its applications, the workshop included interactive quiz sessions to keep participants engaged. Students who provided correct answers were rewarded accordingly. Additionally, an online quiz competition was conducted, followed by a prize distribution ceremony for the winners. For a more immersive learning experience, participants were given hands-on training under the mentorship of third-year members.

Second Year Students

Recruitment Drive '24 – ASHES

Recruitment process

10 September 2024

Team Phoenix organized the Recruitment Drive '24 – ASHES for second-year students, commencing on September 12, 2024 (Thursday). Registration for the recruitment process was open from September 10, 2024. The event received an overwhelming response, with 100 second-year students from the ECE department signing up. The selection process consisted of three rounds: a written test, PI-1 (Personal Interview – Round 1), and PI-2 (Personal Interview – Round 2). After successfully clearing all three rounds, 20 students were selected as new first-year members of Team Phoenix.

FOUNDER'S DAY

Indian Semiconductor Mission

20 September 2024

“The Team Phoenix technical society of the ECE department celebrated its 19 th Founder’s Day on 20 th September 2024 with an impactful technical board presentation focused on the Indian Semiconductor Mission. The event saw third-year students actively engaging faculty and peers, offering detailed explanations of the board, which showcased India’s advancements in semiconductor manufacturing and design. This theme, aligned with the government-led Indian Semiconductor Mission, highlighted India’s emerging leadership in technology and innovation. Dr. Neelesh Kumar Gupta,

Prof. & HoD ECE & Mr. Dushyant Singh Chauhan, Faculty Coordinator of Phoenix technical society praised the students for their wonderful work, appreciating their efforts in bringing this inspiring theme to life. On this occasion ECE Faculty Members and ECE Students were present.

40 students of ECE department

ROBOVERSE 24

Internet of Robotic Things

25 May 2024

The Department of Electronics and Communication at AKGEC successfully organized its Annual Technical Workshop, “ROBOVERSE-2024,” on May 25, 2024. This event was conducted by Team Phoenix in collaboration with the IEEE Communication Society Student Branch Chapter, focusing on the Internet of Robotic Things (IoRT). It attracted 76 first-year students from various engineering disciplines. The workshop introduced participants to the fundamentals of IoRT, providing hands-on experience in creating IoRT applications and imparting real-world knowledge in programming, cloud computing, and hardware skills. The event featured interactive quizzes, project demonstrations, and related study materials. Technical topics covered included IoT and robotics, with practical sessions on Arduino and NodeMCU platforms. The workshop culminated in a project involving the development of a surveillance robot using the ESP32-CAM. The winners, along with the organizing team members from Team Phoenix and the IEEE Communication Society Student Branch Chapter, received prizes, gifts, and certificates from Prof. (Dr.) Neelesh Kumar Gupta, HoD, ECE.

Suryansh, Vandit Mishra

76 students of all engineering branches

Technical knowledge and problem-solving skills

25 Nov 2023

The Technical Society Phoenix along with IEEE Communication Society of Ajay Kumar Garg Engineering College recently organized an exhilarating Roborace event, showcasing the intersection of technology, engineering prowess, and innovation. The event aimed to provide a platform for students to demonstrate their skills in designing and programming manual robots.

1st Team Team throttle Hoppers Won cash prize of 3k, Trophy and Certificate

2nd Team Alpha Won cash prize of 2.5k, Trophy and Certificate

3rd Team SpyWon cash prize of 2k, Trophy and Certificate

Ishita Srivastava, Sachin Mishra, Sanskriti Jaiswal, Suryansh.

Second & Third year

Celebrates its Founders day

20 September 2023

The Technical Society Phoenix of ECE department celebrates its Founders day on 20-09-2023. Phoenix, the technical society of electronics and communication engineering, has been a beacon of innovation and collaboration. With a mission to foster knowledge exchange and hands-on experience, Phoenix has created a vibrant community of aspiring engineers dedicated to pushing the boundaries of technology.

All Members

DESOTRIX’22

Annual Technical Fun Activity

12 Nov 2022

Team Phoenix successfully conducted its annual technical fun activity DESOTRIX’22 on the 12th of November 2022. This event included a number of engaging tasks that evaluated the participants' knowledge and problem-solving skills. The event was open for all the students of second and third year and it started at12p.m. This activity received the participation of 42 teams of both second and third year. The event's main goal was to create a simple combination of learning and fun in which participants would be exposed to amazing ideas that would test their mastery of the fundamental principles of electronic circuits.

33. Samveg

Official source: https://www.akgec.ac.in/life-akgec/societies/departmental-societies/samveg

Departmental Activities

SAMVEG, the student society associated with the department of Mechanical Engineering, was formed on 1st March, 2006 under the guidance of Mr. Pallab Biswas and with the relentless support of the then third year students of the Mechanical Engineering Department. The society is formed with an aim to provide a platform to the students on which they enhance their practical knowledge and gain valuable experience in the industrial arena.

Samveg Society aims to help students turn their imagination into an engineering reality and supports all the imagination processes through creative events from its inception to final creation. Samveg acts as a platform for all mechanical students to show their technical and managerial skills and improve on them. Students of the college are offered opportunities such as quizzing, debating, group discussions, industrial visits, technical conferences and various technical events. Samveg has actively participated as a society in various Technical Festivals over the years. The sole intention behind starting off with a department society was to provide a channelized growth medium to the students, not merely in the field of academics, but also for other extra-curricular activities.

Junkyard'22 was organized by Samveg, the society of Mechanical engineers, to select the best team who will go to AKTU Zonal to represent the college in techfest.

It was a two-day event which had participation of more than 50 teams being judged for their creativity and innovative abilities with the tasks and games. First day had some innovative games and tasks from which only top 30 teams were selected for the Day 2 of Junkyard.

The next day, top teams gathered along with their innovative thinking, creative abilities and team co-ordination to create useful products from the scraps and junks provided to them. Based on what they made, the innovation behind it, all the concepts, workings of their model and their implementation in real world, our judges picked the Best three teams from which the first-place holder, Team Alpha won and got set to represent AKGEC at Zonal.

In 2006-07, the Society started by organising six major events in the Techfest held on 16th and 17th October 2006. The events organised for the first time were Bob the Builder, Gears to puzzle you, Robo Race, Junk Yard, Workshop Modelling and Paper Presentation. Robo Race and Junk Yard was amongst the most popular technical events in the history of college. In the subsequent years, new events like “The Sea Legacy" and “The Wrath of Wings" were added and few events were modified such as Robo Race is modified to Rob Soccer. Maintaining its trend of enhancing technical skills and sharpening young minds, SAMVEG kept its journey on by conducting atleast two events in every academic year independently such as Table Stable, Bridge it… Fix it, World without Engineering, Student of the Year, Roadsters, Boreas' Battle amongst others. Samveg students organized a college level conference “Tomorrow’s India” on 11 Oct 2015 under the guidance of Prof. I.P. Sharma, HoD, ME, and Mr. Pallab Biswas, Faculty Advisor –Samveg.

Samveg Society Students on 27th September, 2014 under the guidance of Prof. I.P. Sharma, HoD, ME, and Mr. Pallab Biswas , Faculty Advisor -Samveg, organised CoMEGT – the Conference on Mechanical Engineering in Green Technologies. This was the first ever students’ conference held in our college . The motive of the conference was to promote green technology, which is the need of the hour as it drastically helps keep the environment greener by reducing carbon footprints. This conference was conducted zealously. The work was well organized and effectively distributed. The main objective was to inculcate the idea of green technology amongst college students by the medium of conference where they got an interactive platform for presenting their views on latest innovations in the field of green technology. Another objective of this conference was to develop a professional environment in our college which was successfully achieved by developing the presentation skills of a large number of students during the course of the event and also develop research acumen in them.

The event was concluded in following four phases:

• Synopses submission and short listing

• Seminar on techniques for giving good presentation

• Mentorship program for finalists

• Conference

The conference proved to be an interactive platform where all the participants, the judges and the audience participated in an integrated manner to promote and share the knowledge of green technology, “a boon to the present era” .

In 2016-17, Students of SAMVEG Society were actively involved in organizing and coordination of society activities. The Samveg students organized the events QUADMANIA, QUIZENE and AUTOCAD TRAINING during the academic year. SAMVEG students of Mechanical Engineering department were actively involved in organizing and coordination of society activities. The Samveg students have organized the events ROBOTRIX 17 on 11-12 Feb 2017 and BLITZKRIEG on 5-6 Apr 2017 during even semester 2017-18.

Faculty Advisor : Dr. Pallab Biswas, Professor, Mechanical Engineering

34. Euphony

Official source: https://www.akgec.ac.in/life-akgec/societies/extra-curricular-societies/euphony

Euphony/Sur is college band/society. The society consists of vocalists,instrumentalists and song writers.Founded on 7th October, 2007 . This society was mainly created for promoting the musical events in college but with the passage of time it has grown leaps and bounds not only in musical events but has also become a necessity of all the cultural programs in college.The society encourages creative aspects of an individual to come to the forefront. Euphony consists of a bunch of extremely talented musicians who can touch your soul at one moment and can make your head bang in the craziest way at the very next.Euphony gives a platform for young budding talents to become the best in their respective domains.The versatile performers never fail to inspire each time they set foot on stage.For Euphony music is salvation .

Apart from participating in all these events the society and the band has provided the basic framework to all the cultural events of the college from time to time as Alumini Meet, Republic Day, Independence Day,Inter Departmental Sports fest closing and similar events.

ADDITIONAL INFORMATION

FB page : www.facebook.com/Euphonyakgec/

ACTIVITIES/EVENTS

We are thrilled to share the success of Musical Evening – Bandish 24, held on 6th December 2024 at the Open Air Theatre (OAT). The event, broadcast live on YouTube https://youtube.com/live/L9mEirVaIzE?feature=share , was a magical night of soul-stirring melodies and electrifying rhythms, offering a perfect escape from daily stresses. Bandish 24 brought us together to unwind, rejuvenate, and celebrate joy and harmony through music. A heartfelt thanks to our talented performers and all attendees, both in person and online, for making the evening unforgettable. Here's to the power of music and the cherished memories we create together!

• Euphony participated in AKTU Zonals which took place in KN MODI College of Engineering bagging 4 golds in solo, duet, group and Battle of bands. He Performers included Krishna Singhal, Shivansh Chaddha, Satyarth Saxena, Kartik Khanwalkar, Vijay Sharma, Shubham Agarwal, Akhil etc.

• Euphony participated in AKTU States in RKGIT again bagging 4 golds .

• Euphony participated in IIT Roorkee and stood victorious. The Performers included Vijay Sharma, Manu, Avinash, Akhil Garg, Abhilash Srivastava, Apoorv Gupta, Tushar Srivastava, Yash Mundra.

• Euphony performed in IMSEC, IMSUC, ABESIT and many other colleges winning various prizes.

CULRAV'18 MNNIT ALLAHABAD

An annual cultural fest was organised by MNNIT, Allahabad on 21st March, 2018 to 24th March, 2018. It was a four day event. A large number of teams from various colleges/universities had participated in this mega event to showcase their talent.

Team Euphony, the musical society of the college represented the college in the events namely Roctave (Battle of Bands), Sath Sur (Duet Singing) and Voice of Culrav (Solo Singing) and displayed their talent. As a result of continuous hard work that the team had put into this event, the team bagged 2nd prize in Roctave, 1st prize in Sath Sur, 3rd prize in Voice of Culrav.

The members of the team had new experiences to cherish upon as high level of their competence was put to test that led them to explore new realms of creativity and also bring laurels to the college in the process.

35. Footprints

Official source: https://www.akgec.ac.in/life-akgec/societies/extra-curricular-societies/footprints

“A creative adult is a child who refused to die."

Staying true to the motto of creative explorations, Team Footprints is the creative society of the college. The society encapsulates four major domains: Arts, Literature, Photography and Designing. Being present at the helm of every cultural event in the college, Team Footprints is unarguably the backbone of the creative and cultural aspect of AKGEC.

Links : www.facebook.com/fpupdates , www.facebook.com/sakshamsamachar

Activities/Events

KAVI SAMMELAN’25

Kavi Sammelan’25, organized by Team Footprints, the Fine Arts Society of AKGEC, took place on 1st May 2025 (Thursday) from 5:30 PM onwards, offering an enchanting evening where emotions flowed through verse and silence spoke through poetry. The event brought together a vibrant mix of renowned poets and emerging voices, celebrating the richness of Hindi literature by honoring the rhythm of thought, the strength of expression, and the timeless beauty of poetic art. Each performance left a profound impact, reminding everyone that poetry is not just written — it is experienced, lived, and cherished.

NAVADHAYAY’24 (FRESHERS)

The Freshers' Party, “■■■■■■■■ '24,” was organised at Ajay Kumar Garg Engineering College (AKGEC) on October 18, 2024. The event, inspired by the enchanting theme “Enchanted Forest," provided a mesmerising welcome for the new batches of B. Tech, M. Tech, MCA, and MBA students. The evening was filled with vibrant performances, breathtaking decor, and an energetic audience, creating a magical atmosphere that will be cherished by all.

The event commenced with a warm welcome to the distinguished guests, including the esteemed Director General, AKGIM Director, and the Dean of Student Welfare (DSW), who graced the occasion with their presence. Their motivational addresses inspired the freshers, emphasising the importance of embracing opportunities and building lasting connections during their academic tenure.

The theme “Enchanted Forest" was brought to life by the efforts of Team Footprints. With the help of Team Renaissance and Team Horizon, the venue was transformed into a mystical wonderland adorned with vibrant greenery, fairy lights, and captivating props that perfectly captured the essence of the forest.

The cultural extravaganza showcased the diverse talents of the college societies, leaving the audience mesmerized. The Taal Society set the stage on fire with electrifying dance performances, energizing the crowd with rhythm and passion. Following this, the Phenomenal Society Goonj presented a powerful and thought-provoking act, captivating everyone with their storytelling and theatrical brilliance. Adding to the excitement, the Fashion Society dazzled the audience with a glamorous runway show, embodying style and confidence.

The event was a perfect blend of creativity, energy, and camaraderie, reflecting the vibrant spirit of AKGEC. The meticulously designed decor and engaging performances created an unforgettable atmosphere, encouraging new students to feel at home.

As the evening concluded, the excitement in the air was palpable, leaving the freshers inspired and eager to embark on their new journey at AKGEC. The event not only welcomed the newcomers but also marked the beginning of their academic and social adventures, promising a future filled with learning, growth, and memorable experiences.

Prayan '24: The College Farewell

ViTeam Footprints and other cultural societies of Ajay Kumar Garg Engineering College orchestrated a memorable evening “PRAYAN’24," a Farewell event held on the 31st May 2024, at the Football Ground of the college. This event served as a platform to celebrate poetry's timeless beauty and rich cultural heritage, drawing participants and enthusiasts from across the campus community. This event drew forth esteemed guests, including the Director General, R.K. Agarwal, and distinguished faculty members, who graced the occasion with their presence. Their attendance not only bestowed prestige upon the event but also underscored the unwavering institutional support for endeavours such as

Prayan '24 within the college community.

Team Footprints successfully organised the grand event under the guidance of Professor Pallab Biswas who helped the organising team at every step and stood by their side till the day of the event. Team Footprints took all responsibilities from stage decoration to designing and managing the event.

Prayan '24, the much-awaited college farewell, unfolded as a poignant yet celebratory ode to the graduating batch of 2024. With hearts filled with nostalgia and anticipation, students bid adieu to their alma mater, reminiscing about cherished memories and forging bonds that transcend time and space. The farewell extravaganza commenced with a solemn invocation, paying homage to the transformative journey of the graduating class. Emotions ran high as students, adorned in resplendent attire, embarked on a nostalgic voyage through the corridors of their college life.

Prayan '24 unfolded as a grand spectacle, adorned with captivating performances, heartwarming speeches, and soul-stirring moments. From musical renditions that echoed through the halls to heartfelt tributes that encapsulated years of camaraderie, every facet of the farewell resonated with emotion and reverence.

The highlight of Prayan '24 was the poignant farewell address delivered by the respected Director General, R.K Agarwal and DSW Pallab Biswas, imparting words of wisdom and inspiration to the graduating cohort. As the baton of leadership passed from one generation to the next, students embraced the future with optimism and resolve.

Amidst the bittersweet farewells and tearful embraces, Prayan '24 emerged as a testament to the indelible bonds forged within the college community. As the graduating class embarks on new horizons, they carry with them the cherished memories and invaluable lessons learned during their tenure.

Prayan '24 emerged not just as a farewell ceremony but as a testament to the profound impact of shared experiences and enduring friendships cultivated within the fraternity. As the graduating members bid adieu to their alma mater, they did so amidst the warmth and encouragement of mentors, peers, and well-wishers, embodying the spirit of unity and resilience that defines the college's legacy.

In conclusion, Prayan '24 stand as a quintessential milestones in the annals of our college's journey, embodying the spirit of excellence, camaraderie, and transformation. As we bid adieu to one chapter and embrace the dawn of another, let us cherish the memories and celebrate the legacy that binds us together.

Poster Making

Visual arts has always been one of the most powerful form of expression. When words fail to describe, art fills in the void. Team Footprints has been the platform to raise social issues by conducting Anti Ragging and BDC Poster Making Competitions to promote social issues, culminating art at its highest form.

Mushaira

“[illegible]"

“Mushaira" has been one of the biggest platforms in the college that bring out the poetic best of the literatis. The institution has witnessed some of the unforgettable poets who have set the bars to a whole new level by their powerful performances in Mushaira, and the event is always a feast to the ears of the listeners.

Cultural Day

A day where creativity feasts over the clouds of the institution, Team Footprints paints the creativity all arounds with events such as T-shirt painting, Face Painting and Open Mic.

36. Horizon

Official source: https://www.akgec.ac.in/life-akgec/societies/extra-curricular-societies/horizon

Departmental Activities

"Exploring extremities and beyond"

“We are what we repeatedly do. Excellence, then, is not an act, but a habit." – Aristotle

A cadre of dynamic individuals, possessing a diverse spectrum of aptitudes, and perspectives, constitutes Horizon. The organization aspires to cultivate the technical and managerial sagacity of students, equipping them to navigate perpetually.

The logo aptly expresses the goal of the society. The saffron area represents freedom of innovation, ideas, and intellect. The Steel Grey part represents determination, discipline, and dedication. When these two areas converge, any tough job becomes easier. The logo points towards both dimensions, hence HORIZON – exploring extremities and beyond.

Vision

The global information and communication industry is rapidly advancing, creating new career opportunities and challenges. In India, there is a need for technical professionals who possess excellent communication skills, management abilities, and cutting-edge technology knowledge. Team Horizon aims to develop the technical and managerial acumen of students to prepare them for the industry's constantly evolving landscape.

Mission

We aim at creating technocrats, entrepreneurs & above all Innovative minds with impeccable grit, discretionary vision, and effective leadership. ● Bridging the gap between technical and managerial skills. ● Exposure of students to the wider community. ● Establishing a process that is independent of individual competence. ● Providing a common platform to students, irrespective of their backgrounds to initiate, innovate, and explore new ideas under expert guidance and effective mentorship.

(Co-Head Coordinator)

ACTIVITIES AND EVENTS

SCROLLS

Students Creative Oratory Learning Skills: An annual national technical event for voicing perceptions on pertinent topics of technology. SCROLLS was organized solely by Team Horizon.

The event, held on May 8, 2024, featured two phases: Synopsis submission and Technical paper presentation. Students nationwide submitted synopses judged by faculty, with selected teams presenting their research to expert panels during the final round on campus. The competition showcased innovative ideas, included discussions on technical trends, and provided a platform for knowledge sharing and networking. With prizes exceeding ■1 lakh and AKGEC Skills Foundation coupons worth ■7,000, SCROLLS successfully promoted research, innovation, and academic growth.

KIRAN

‘KIRAN’ aims at making the students of 2nd, 3rd & 4th years understand the ill effects of ragging, the UGC anti-ragging guidelines, and the traumatic impact it leaves on the minds of the freshers.

DISHA

‘Disha’ is an initiative towards introducing the freshers to the college culture and organization. It includes an address by the distinguished dignitaries of the college followed by a virtual tour of the college and a brief presentation by Horizon members.

DISHA, the annual orientation program, welcomed new students on September 11-12, 2024, at the girls’ hostel, helping them transition into college life. The event featured sessions on college policies, academics, and campus life, with insights from faculty and senior students. An interactive session created a lively atmosphere, making first-year students feel comfortable. Respected Dean First Year, Prof. S.L. Kapoor, delivered a motivational speech emphasizing discipline and conduct. The program, well-received by attendees, provided valuable information and a warm welcome, inspiring students to embrace their college journey.

Founder’s Day

Horizon was established in October 2006 with Mrs. Manjeet Kalra as the visionary leader. Presently, it operates under the proficient guidance of the Applied Science & Humanities Department, headed by Prof. S. L. Kapoor. Each year, we joyously celebrate Founder’s Day on the 17th of October to cherish our remarkable journey.

Garba Night

It is one of the most delightful nights in the girl's hostel, organized every year during the days of Navratri. The event constitutes dance, song, and skit performances by the students.

Vyomini, the Garba Night, was held on November 29, 2024, at the girls' hostel, celebrating Navratri with traditional dance and music. The event began with a bouquet presentation to Honourable Director General, Dr. R.K. Agarwal, and featured Garba dancing, folk music, and a Miss Garba contest. Anchored by Team Horizon, the evening saw hostelers dressed in vibrant traditional attire dancing to Gujarati beats.

Program in the faith centre for celebrating the values and wisdom of our Indian culture

On December 5, 2024 a program was kept in the faith centre for celebrating the values and wisdom of our rich Indian culture where devotees from Iskcon graced the occasion with their blessings. The program was managed and anchored by Team Horizon.

Award Ceremony

HORIZON, the techno-managerial society of the College, managed The Award Ceremony, celebrated student achievements across academics, culture, and technical fields on February 10, March 2, and May 29, 2024. With awards presented in various categories and a speech by Honourable Director General Dr. R.K. Agarwal, the event honored students' dedication and inspired the college community to strive for excellence.

Annual Recruitment Process

Team Horizon's annual recruitment process ensures the society's growth by inducting new talent. This year’s recruitment was held in two phases: Spectrilia (April 20–May 11, 2024) and Tessare (May 20–30, 2024). The drive attracted 230+ applicants, with 60 in the wildcard round and 170+ in the recruitment round. Candidates underwent rigorous assessments of their skills, leadership, and commitment to the society's goals. Ultimately, 20 first-year students were selected and formally inducted during a ceremony where they were briefed on their roles and welcomed into the team.

Diwali Fair

The Diwali Fair Event celebrates tradition and culture with students offering traditional handicrafts, games, and delicious food. Team HORIZON masterfully managed the event with meticulous planning and execution.

The Diwali Fair, held on October 25, 2024, at the civil lawn, celebrated the festival of lights with vibrant activities and cultural spirit. Inaugurated by Honourable Director General Dr. R.K. Agarwal, the event featured student-run stalls with games, food, merchandise, musical performances, and a lucky draw. Team Horizon managed the event, setting up a help desk for queries and lucky draw entries. The fair attracted a large crowd, offering students and faculty a joyful break from academics.

Fresher’s Party

Every year, after the commencement of classes of the first-year students, a freshers' party is organized. The evening witnesses a contest amongst certain freshers, who compete to earn titles and recognition.

The Fresher's Party, held on October 17, 2024, at the college football ground, welcomed the new batch with ice-breaking sessions, fun games, cultural performances, and a talent showcase. Organized and anchored by Team Horizon's second-year members, the event fostered interaction between freshers, seniors, and faculty. Vibrant and lively, it provided a warm introduction to college life and a sense of community for the newcomers

Farewell

A nostalgic event for the final year students, reminiscing all the memorable moments in college life.

The Farewell party, held on May 31, 2024, at the college football ground, was a heartfelt event organized by third-year students to honor the outgoing final-year batch. Managed by Team Horizon, the event featured speeches, memory-sharing, and performances by juniors. It was an emotional celebration of graduates' achievements and a moment of gratitude, reflection, and anticipation for their future endeavors.

MG20

Team Horizon organised the Model G20 summit on 24th March, 2023. A literary fest incorporating multiple stages such as formal letter writing, and group discussion followed by speech delivery to discuss some global issues.

Creative Workshop for Effective Communication

To untangle our emotions, intellect, and wit we need effective communication, therefore Horizon conducted a Creative Workshop on The Art of Effective Communication inviting Shagun Singh, a distinguished alumunus, a proficient writer, a resolute leader, and a quintessential person.

CII

The Confederation of Indian Industry (CII) and Majestic Auto Limited orchestrated the 'SKILL-WILL-LEAD' intercollege competition. Team Horizon hosted and facilitated the entire event.

Saksham

An inter-college annual sports meet to encourage the budding athletes of our college.

Table Tennis Tournament

Ajay Kumar Garg Memorial Table Tennis Tournament: The riveting tournament between players across the state to promote healthy sportsmanship.

Blood Donation Camp

Every year, a Blood Donation camp is organized in the college, in good faith to help those in need.

Cultural Show for NAAC Team Visit

A cultural show was organized for the NAAC Team visit to our college in 2023 to showcase cultural diversity. Team Horizon managed the event through anchoring and hospitality.

NOTABLE ACHIEVEMENTS

IIT-Kanpur

Team Horizon triumphed at IIT Kanpur's ‘Antaragni’, held from October 17th to 20th, 2024 showcasing their talent and perseverance. Our members won the Mayanagri Quiz and secured the Adjudicator Title in the Asian Parliamentary Debate. This success reflects their dedication and teamwork.

Team Horizon participated in the annual cultural festival of IIT Kanpur, ANTARAGNI in OCTOBER 2023. Notably, several members from the 3rd & 4th year triumphed in various events, further adding to the laurels of the team. In the realm of creative writing, the 1st prize was clinched by Priyanshi and Isha, showcasing their literary prowess. The domain of word games witnessed Abhishek, under the guidance of Sajal Sangal and Khushi, securing the coveted 1st prize. Lakshya Verma emerged victorious in the Helm Quiz, claiming the top spot. The Turncoat Debate saw Navya Sangwan skillfully navigating the discussions to secure the 1st prize. In the Parliamentary Debate, Yashvi, Prabal, and Arjun demonstrated commendable prowess, securing the 2nd prize. The event was a testament to the diverse talents and achievements of the students, bringing pride to the entire college.

AKTU LITERARY & MANAGEMENT FEST

A two day literary and management fest was organised by Dr.A.P.J. Abdul Kalam Technical University in KIET, Ghaziabad on 27th and 28th November where our team members, Ayush Pathak and Arjun Gupta placed second in English Debate and Business Planning respectively. At the “Dive In Dark" Extempore competition, Mauli Saxena and Utkarsh Tiwari secured first and second place, respectively.

A two-day technical, literary and management fest was organized by Dr. APJ Abdul Kalam Technical University in ABES, Ghaziabad on the 9th and 10th of December, 2022. The members of our team, Mohd Omar Siddiqui for the English debate, Yashaswi Srivastava and Sameer Chhonkar for business planning, and Tanvi Srivastava for the declamation, represented our college. The efforts and enthusiasm shown by them were praiseworthy. Our team member Mohd Omar Siddiqui won second position in the English debate competition.

IIT-Delhi

In March 2022, a second year member of Team Horizon, Sajal Sangal achieved a notable feat by securing the 3rd prize in the Bio-Ethics Group Discussion organized by Tryst'23 at IIT-Delhi. His insightful contributions and adept discussion skills distinguished him in this prestigious competition, reflecting not only individual excellence but also bringing honor to our team.

RKGIT

BIRDS, the esteemed Literary Society of RKGIT, curated an engaging writing cum vocal competition, EXPRESSOMANIA 2.0, in January 2022. Amidst a sea of talented participants, Team Horizon distinguished itself prominently. Radhika Aggarwal, a standout talent from the 2nd year, not only represented the team with finesse but also secured the coveted 1st position in the event. This achievement not only underscores Radhika's literary prowess but also reflects the excellence that Team Horizon brings to such competitive platforms.

ANTI-RAGGING Poster Making Competition

Our college organized an Anti-Ragging Poster Making Competition on December 8, 2021, with the aim of fostering awareness and moral consciousness among students regarding the detrimental effects of ragging. A dynamic team comprising Radhika Aggarwal and Yashaswi Srivastava, both second-year members of Team Horizon, adeptly portrayed the theme, earning them the first position among the 89 participating teams, which collectively included over 180 students. Their impactful poster was showcased at the “Tarkash", arcade in the admin block of the college.

37. Goonj

Official source: https://www.akgec.ac.in/life-akgec/societies/extra-curricular-societies/goonj

GOONJ the dramatic society of AKGEC representing the college in almost every dramatics domain including NUKKAD NATAK, PLAY, SKIT, MIME, STAND-UP, MONOACT, HINDI DEBATE, AD-MAD and many more. Consequently, Goonj has been victorious in numerous events bringing glory to the College's name.

Dramatics is the learning and observing of various aspects in day to day life and bringing the results in the real world to bring change for the betterment of the society.

Goonj is the dramatics society of Ajay Kumar Garg Engineering College which was founded in 2005. Dramatics is based truly on expressions whether it is for words or for acting. Goonj takes part in various fields of drama and has excelled in them. Nukkad natak is one of their main domain. They have always chosen burning social issues and been the mirror to the society. Apart from nukkad natak, they enthusiastically take part in stage plays, debate, skits, mime, monoact and many others. It is an actor’s job to grasp the full significance of life and this society truly proves it right.

ACTIVITIES/EVENTS

THOMSO’24 in IIT Roorkee on 04-06 October 2024

THOMSO’24 in IIT Roorkee on 04-06 October 2024

We are elated to celebrate the outstanding achievements of our talented students who brought immense pride to our institution through their participation in renowned events such as Thomso’24 (IIT Roorkee). Congratulations to all students and mentors for their exceptional accomplishments that epitomize brilliance, teamwork, and passion for excellence!

A `22’ members team of Goonj Society had participated in IIM Lucknow on 9th & 11th Feb 2023 and the following events held there: (a) Halla Bol (Mono – acting) (b) Antarnad (Stage Play)

Shubham Jha (3rd Year) did a mono-act based on “Therapy session of a mentally ill person” whereas Megha Jain (2nd Year) performed a mono-act based on “Revenge taken by a mother for injustice to her daughter”. Megha Jain was adjudged 1st runners up for fresh script and great acting whereas Shubham Jha got a special mention for excellent acting. Mono act competition was judged by Sh. Mir Sarwar, an actor director of repute (Bajranngi Bhaiijaan), JollyLLB2, The Family Man).

In the stage play category (Antarnaad) our play `Anbhigya’ was based upon the “Behavior of people towards HIV positive patients and the myths about the HIV AIDS”. It was one of the most realistic and practical play among all the participants, with a great concluded moral value. When results of about 10 participating teams from various prestigious college / institutes were announced, our team bagged 2nd prize and 1st prize was won by SRCC (DU). The judgment was based upon the direction, screenplay, dialogue delivery, makeup-costume and time limit. Our play got full points in use of props and music, great acting & clarity in dialogue delivery. The play was judged by Saurabh Sachdeva, Actor & Actor Coach (Good Luck, Jerry, Housefull 4, Vadh).

Team Goonj had participated in three events (monoact, open mic and film making) in “Unifest 2022” at Galgotia Engineering College held on 11th and 12th April 2022. Most of the renowned colleges of Ghaziabad and Noida had also participated in the festival.

Team Goonj performed exceptionally well. Shubham Jha (2nd year CSE AIML) bagged second prize in mono act. He was presented with a certificate and a cash prize of INR 700/.

Continuing with the winning performance, team Goonj also won first prize in film making competition (subject : Daily routine of a college student). Team was awarded with certificate and cash prize. The filming students who won laurels were kanishk Deshwal (4th yr EC) , Lakshya Sharma (4th yr EC), Vishal Kumar (2nd yr, CSE), Devanshi Singhal (2nd yr, EN), Shubham Jha (2nd year CSE AIML), Shivam Middha (2nd year CSE).

Team had also presented a play (“Ek affwah” based on the mob lynching of sadhus in Palghar , Maharastra). The play was highly applauded by the audience.

2017-2018

JPS Society program :- Organised by JPS cultural society of Ghaziabad. The team was invited to perform a Play titled ‘MAZHAB’ which was based on the life of a soldier. The play was very well appreciated by the audience and also by the Chief Guest Retd. General V.K. Singh.

IIT-D Cultural fest ‘RENDEZVOUS’ :- The team participated in MIME, short movie and monoact competitions. Student Divyanshu Trivedi participated in the Mono-Act Competition and was among the final 12, again amongst prestigious colleges in the field of dramatics.

IIT-ROORKEE Cultural fest ‘THOMSO’ :- Organised in the month of October every year, The team participated in various competitions. The Nukkad-Natak performed was in the Final 6 and was very well appreciated by one and all. They were in the final round of Short movie Competition as well.

2016-2017

ZONALS Literary and Management :- Organised by AKTU in the month of September, the fest includes ad-mad competition in which a team had to prepare a short ADVERTISEMENT of about 3 minutes. The team performed an AD about a Restaurant and were 2nd at the zonals. Student Shubhangi Singh participated in the Hindi Debate competition and stood 2nd in the Zonals, later representing Ghaziabad at State level in Lucknow.

ABES Cultural fest ‘GENERO’ :- Organised by ABES in October of every year, the team performed a NUKKAD-NATAK ‘YUVA’ which was based on today’s condition of Youth and stood 1st in the competition. They maintained the streak by winning consecutively for 4 years.

PULSE :- Organised by AIIMS in the month of September 2016, it is the annual Socio-Cultural fest. The team performed a play titled ‘MAKHTUB’ based on the life of a person who is accidently arrested by police for being a terrorist.

IIT-D Cultural fest ‘RENDEZVOUS’ :- Organised in October of every year, the team participated in theatrical play, mime and short movie competitions. They stood 3rd in Mime competition, among prominent IITs and Delhi University colleges.

ZONALS Art and Cultural Fest :- Organised by AKTU in November 2016, the team performed a Skit named ‘GURU’ which was based on the Teachers and stood 2nd in the zonals.

GALGOTIA University Cultural Fest ‘G-Quasar’ :- Organised by GALGOTIA University in the month of March 2016, the team performed Nukkad-Natak ‘YUVA’ and stood 2nd in the competition, beating top DU colleges and were appreciated by the judges, who were from The National School of Drama.

Besides these, GOONJ also organises Intra college Hindi Debate Competition ‘BIGUL’ in which students debate on various Socio-Political topics.

GOONJ also organises Intra college competition ‘MUSHAYARA’ , in association with FOOTPRINTS, in which students recites their poems, shayaris and ghazals.

38. Renaissance

Official source: https://www.akgec.ac.in/life-akgec/societies/extra-curricular-societies/renaissance-2

The society, Renaissance was formed in 2008 by three determined students who wished to 'bring a change' around themselves by being the change with the motto “BE THE CHANGE YOU WISH TO SEE”

The society derived its name from the cultural & social movement of Europe called 'Renaissance' which means 'Rebirth'. And hence we work together towards the 'Awakening of Consciousness'.

Intellectual education influences the individual mind and values-based education influences the heart. True education is the training of both the head and the heart.

Renaissance – “Awakening of consciousness” is the Ethical cum Patriotic Society of college.

We, as the only ethical society of college have donated clothes to the needy in the winters. We have organized numerous seminar in the college in order to highlight the ongoing social issues.

ACTIVITIES AND EVENTS

ANTI-DRUG INITIATIVE

On June 20, 2024, Team Renaissance organized “[redacted]" at the CSIT seminar hall. The event focused on raising awareness about the dangers of drug addiction. It featured informative slides and impactful speeches by our orator, providing a clear message against drug use. The highlight of the event was a live stream organized by NCB Lucknow, which added an authoritative voice to the matter. This initiative aimed to educate attendees on the risks of drug consumption and encourage a drug-free lifestyle.

FAREWELL "PRAYAN 24"

On May 31, 2024, Team Renaissance conducted Prayan 24, a heartfelt farewell event for our fourth-year members. The evening began with a series of performances including music, dance, and drama presented by the junior students. The Director General delivered an inspiring speech, highlighting the accomplishments and impact of the fourth-year students and offering words of encouragement for their future endeavours.

The event concluded with a grand feast, allowing attendees to interact and reminisce. A heartfelt vote of thanks was given, expressing appreciation to all participants and wishing the graduates the best in their future pursuits. Prayan 24 was a memorable and impactful event, celebrating the accomplishments and cherished memories of the fourth-year students.

BLOOD DONATION CAMP

Team Renaissance successfully conducted a blood donation camp on April 24, 2024, in collaboration with the Rotary Blood Bank, Noida. The camp witnessed tremendous participation with over 750 registrations, including a large participation of faculty, staff and students. A total of 609 units of blood were taken, demonstrating the humble nature of our campus community. Due to the huge participation, the club ran out of blood collection bags. The event not only proved how dedicated we are to protecting lives but also proved how powerful our teamwork was.

POSTER MAKING COMPETITION ON BLOOD DONATION

Team Renaissance organized a Poster Making Competition themed “Save Lives, Donate Blood" as a key feature of the Blood Donation Camp, aimed to raise awareness about the importance of blood donation and inspire community participation.

The competition witnessed enthusiastic participation from over 253 students, each showcasing their creativity and commitment to the cause.

The posters were evaluated based on originality, relevance, and artistic expression and the best ones were put on canvas in the main admin block, serving as a constant reminder of the noble cause and encouraging a compassionate response from viewers.

PRE-TALK SESSION ON BLOOD DONATION CAMP

Team Renaissance organized a pre-talk session on blood donation to underscore the importance of blood donation and its vital role in saving lives. The session aimed to educate and motivate participants about the critical need for regular blood donations.

Distinguished guest speakers, Dr. Rachna and Dr. Deepak, graced the event with their profound wisdom and expertise. They discussed the science behind blood donation, and its life-saving potential, and addressed common misconceptions.

The session concluded with an engaging Q&A, where participants had the opportunity to interact with the experts. This initiative successfully heightened awareness and fostered a sense of responsibility towards regular blood donation among attendees.

TABLE TENNIS TOURNAMENT

Under the guidance of our college, Team Renaissance looked over the management and coordination part for the successful completion of the Table Tennis Tournament. This national-level tournament attracted sports enthusiasts from different regions of Haryana, Delhi and Uttar Pradesh to compete for a prize pool of Rs. 1,00,000.

Amidst fierce competition and spirited sportsmanship, players showcased their skills and determination, making each match a thrilling spectacle.

ANAEMIA DETECTION CAMP

Team Renaissance, under the guidance of Shri Ram Saran Garg Indo-German Hospital, organised an Anaemia Detection Camp to complement the awareness talk on the occasion of International Women’s Day. The camp was organised at the Girls' Hostel 3, offering free screening to female students.

This initiative encouraged students to participate actively, demonstrating their commitment to their health.

TALK ON ANAEMIA

Team Renaissance, under the guidance of the college, organised a talk on anaemia, specifically for female students. The guest speaker for the day was Dr. Major Prachi Garg, CEO of Shri Ram Saran Indo German Hospital. She addressed the crucial issue of anaemia, providing valuable insights into its causes, effects, and preventive measures for women.

GARBA NIGHT-VYOMINI

Team Renaissance, under the guidance of the college organised Vyomini'23, which was a vibrant garba night organised in the AKGEC girls hostel to embrace the joy of Navratri with colourful attire, swirling skirts and lively camaraderie. To infuse a dose of joy and relaxation the society members of Team Renaissance organised an exuberant game “STACK THE CUP”.

FRESHERS PARTY NAVADHYAY

The fresher's party Navadhyay was organised for the latest batch. It was a retro theme-based event. All the cultural society along with the organising committee had made the event wonderful and exciting for everyone.

Donation boxes for the fundraising process across all academic departments for NFCH

The National Foundation for Communal Harmony (NFCH) annually observes the Communal Harmony Campaign Week from November 19th to 25th.To support the cause, Team Renaissance prepared donation boxes across all academic departments, facilitating a seamless fundraising process. ■The fund raised through this initiative was dedicated to supporting the Foundation's initiative for communal harmony.

DIWALI FAIR

Team Renaissance, under the guidance of the college, orchestrated a delightful event called Fun Fanatics at the Deepawali Fair, sparking a playful spirit among attendees. The event witnessed enthusiastic participation from over 180 students and faculty. Energetic faculty members and students actively engaged in activities like Pinata Smash and Balloon Bonanza, crafting a vibrant tapestry of joy.

DISHA

Disha (3rd and 4th October, 2023) is a two-day annual event that introduces new students to the college's infrastructure, programs, and different cultural societies which helps to welcome students in a friendly atmosphere to encourage their creative impulses and boost their confidence. Team Renaissance, with the support of other societies, hosted DISHA, an anti-drug campaign. This is a solemn commitment to foster a healthy and substance-free environment for academic commitment in our college

KIRAN

Team Renaissance with the support of the college, organised KIRAN – 2023 on 12th and13th September, 2023, a two-day annual event which is ■dedicated to eliminating ragging and substance abuse on educational campuses and ■invites participants to join the noble journey against substance abuse and ragging. There were a total of 4 slots of oratory each day, in which a total of 16 orators participated for 2 days. The event aims to promote laughter in the halls of learning instead of fear.

FAREWELL- JUNE 2023

Tambola, also known as Bingo, is a popular number-based game where participants mark off numbers on a card as they are randomly called out. The members of Team Renaissance organised Tambola as a fun recreational activity for seniors. Such activities can indeed help reduce stress for seniors and create a positive environment.

39. Taal

Official source: https://www.akgec.ac.in/life-akgec/societies/extra-curricular-societies/taal

Taal is the dance society of AJAY KUMAR GARG ENGINEERING COLLEGE.

“DANCE – you don’t start counting at 1, you start counting at 5,6,7,8.

You choreograph every song you listen to.

You practice dance routines under your desk.

You don’t walk places, you dance there".

Taal comprises of innovative, talented and versatile students as its coordinators and members. The society came into existence in the year 2004 with the aim of exploring the college students to move their body to the beats and rhythm of life.The team practices various dance forms and participates in different intra and inter college events. This enables us to explore the actual competitive world of dance, which intensifies the spirit of dancing within us.

“We dance to express not to impress"

40. Verve

Official source: https://www.akgec.ac.in/life-akgec/societies/extra-curricular-societies/verve

Verve Fashion Team

V-Verve is the fashion society of our college. We are a society of like minded fashion enthusiasts who aim to help students find and develop their own unique style.

We put up fashion shows based on various themes. When one hears the term “fashion show" one can't help but think of flawless models embellished with gorgeous dresses and makeup walking under the spotlight in their high heels. However, what most people fail to see is that underneath that makeup and costumes simmer hours of rehearsals and meticulous conceptualizing of the themes that are portrayed.

From designing the dresses and props to choreographing the show and preparing the soundtrack, we do it all, without any outside help and everything is done exclusively on the basis of the theme. And in the end, our models sizzle the ramp with their confidence and glamour.

Our shows are more than just a strut in stilettos. We do not talk, we do not act and yet our shows shout out to the audiences about social issues like Drug abuse, depression, women empowerment, LGBT etc.

V-Verve will appeal to anyone with an interest in fashion whether it be designing, modelling, photography or simply a love for creativity.

Team V-verve participated in a salient, imposing, and grand cultural fest MELANGE held at Institute of Management Studies (IMS) Ghaziabad, and marked yet another milestone as it secured the FIRST position .The event witnessed substantial participation from a great deal of fashion teams from various institutes in Delhi NCR region. Our male modelS Varun Singh and Saloni Verma also won the best dressed male and female award. Mesmerized by the formations we were solicited to perform again.Yet another victory was added in the name of AKGEC.

Team V-verve participated in a magnificent and riveting fest VOGUE IT, PASSION 21’ held at Institute of Management Technology (IMT) Ghaziabad and customarily left footprints on the hearts of many. As our models walked through the stage with utmost poise & grace, glazing confidence with their astonishing expressions along with their spectacular props, the crowd hailed in appreciation.

Team V-verve participated in a magnificent and riveting fest OASIS 22’ held at BIRLA INSTITUTE OF TECHNOLOGY, PILANI and customarily left memorable imprints on the hearts of many. Verve was successful in qualifying the prelims and beat most of the colleges from Delhi NCR, including colleges of Delhi university, IPU etc. As our models walked through the stage with exceptional poise & grace, ravishing confidence with their marvelous expressions along with their spectacular props, the crowd hailed in appreciation and wonder. The theme, tattoos, props and dresses made a statement in the show and verve members were congratulated for successfully representing themselves in the finals by the judges as well as fellow teams.

MNNIT ALLAHABAD

Team Verve marked yet another milestone as it secured the FIRST position at Motilal Nehru National Institute of Technology (MNNIT), Allahabad. When the team first graced the stage it was a battle amongst 19 teams for the first spot. Team Verve finally brought glory home after competing against the 6 qualifying teams. With Retro and Bollywood blazoned everywhere, it was team Verve that took the spotlight by walking the ramp responsibly. They were the gallant brazens who shouldered the theme ‘Reincarnation’ which included raising social awareness about Drug abuse, women empowerment and rights of the LGBT community. The judge, Suraj Chhajed, Mr. India finalist 2015, mesmerised by the performance, personally congratulated Team Verve and also revealed that he couldn’t award negative marks to the team, which is something he is very good at, because he couldn’t narrow down even a single speck of imperfection. Team Verve was thus offered a cash prize of 25,000 INR. The next day was a cherry on the cake as the stills from the show made it to newspapers like ‘Dainik Jagran’ and ‘Hindustan times’.

Team Verve made history as it secured the THIRD position at Birla Institute of Technology (BITS), Goa. Competing with Team Verve in the final round were 6 teams which included teams like Hindu and NIFT, some of the best known beaux minds. Team Verve, with their invincible performance, threw light upon social issues like women empowerment, drug abuse and rights of the LGBT community. The proud win Team Verve was offered a photo shoot worth 80,000 INR which is everything a blooming fashion team could ever dream of. This victory added the golden feather to the hat of the team.

41. Photography and Media Club

Official source: https://www.akgec.ac.in/life-akgec/societies/extra-curricular-societies/photography-and-media-club

Photography Exhibition on April 30, 2024

the outstanding success of the Photography Exhibition inaugurated on April 30, 2024, at 1:00 PM by Director General Dr. R.K. Agarwal Sir. Attended by faculty members, HODs, and students, the event commenced with a welcome address by the Photography and Media Club, emphasizing photography's importance as a form of expression. The exhibition showcased a diverse collection of photographs capturing various themes, demonstrating the talent and creativity of participants. Organized and aesthetically pleasing, it provided visitors with a comfortable environment to appreciate the artwork. With over 80 students participating and 31 clearing the screening round, the exhibition was a testament to the creativity and skill of our students. Entries were judged on criteria such as Visual Appeal, Creativity, Image Quality, and Photo Concept, with trophies awarded to the winners. The event received positive feedback, fostering appreciation for photography within the college community.

LUMIÈRE “A Photography and Designing Workshop”

LUMIÈRE “A Photography and Designing Workshop” was organized by Photography and Media Club of AKGEC, on 7th – 8th November, from 4 – 7 pm, CSIT Auditorium. The Designing Workshop was a phenomenal session led by an AKGEC alumnus and former member of our club, Mr. Subhanshu Rawat. His expertise in design and Blender added immense value to the event. The comprehensive Blender workshop offered practical exercises that allowed participants to delve into the application of advanced design principles. Attendees benefited greatly from his hands-on approach, gaining invaluable insights into technical design aspects.

Simultaneously, the Photography Workshop covered essential foundational aspects, including camera settings, composition, and lighting techniques. The hands-on exercises in color grading using industry-standard software Adobe Lightroom further enriched the experience, emphasizing the intricacies of post-processing in photography.

42. Sports Club

Official source: https://www.akgec.ac.in/sports-club

AKTU State-Level Sports Fest — The Pride of the State at GCET, Greater Noida

Ajay Kumar Garg Engineering College (AKGEC) proudly celebrates a remarkable achievement as Team AKGEC clinched the Overall Winner Trophy at the AKTU State-Level Sports Fest — “The Pride of the State”, held across eight zones at Galgotias College of Engineering and Technology (GCET), Greater Noida, on 6–7 November 2025.

AKGEC athletes showcased exceptional skill and determination, securing 6 Gold, 2 Silver, and 1 Bronze Medal at the state-level event. Earlier, AKGEC had emerged as the Overall Champion from the Ghaziabad Zone during the AKTU Sports Zonal Fest, hosted by RKGIT on 16–17 October 2025, with an impressive 26 medals — 9 Gold, 15 Silver, and 2 Bronze among 21 participating colleges.

These consecutive triumphs stand as a testament to AKGEC’s unwavering spirit of discipline, teamwork, and excellence. The AKGEC fraternity extends heartfelt congratulations to the entire Sports Team for this outstanding accomplishment and for being recognized as the Best Sports Team in AKTU.

Sports fest UDGHOSH’25 at IIT Kanpur

AKGEC teams proudly participated in the prestigious sports fest UDGHOSH’25 at IIT Kanpur, showcasing remarkable spirit, teamwork, and determination. Some victories were ours, some lessons were learned — but every moment reflected passion, unity, and true sportsmanship. Each player carried the pride of AKGEC, competing with unwavering dedication and enthusiasm. Their efforts, both on and off the field, proved that success is not only measured by medals but also by giving our best and growing together as a team.

AKTU Sports Zonal Fest 2025 held at RKGIT

Ajay Kumar Garg Engineering College proudly celebrates a remarkable sports achievement as Team AKGEC clinched the Overall Championship Trophy at the AKTU Sports Zonal Fest held at RKGIT, excelling among 21 participating colleges. Our athletes demonstrated outstanding discipline, determination, and sportsmanship, securing an impressive total of 26 medals — 8 Gold, 16 Silver, and 2 Bronze across multiple events, including Table Tennis, Kho-Kho, Kabaddi, Volleyball, Basketball, Badminton, Track & Field, and Relay competitions. From relay victories and outstanding performances in long jump, discus throw, and shot put to strong showings in high jump and sprint events, each achievement reflects the unwavering commitment and passion of our talented students. This triumph stands as a testament to their hard work and to the tireless support and guidance provided by our dedicated faculty mentors and sports coordinators, bringing immense pride and glory to AKGEC.

AKTU State Level Sports Fest 2024

Ajay Kumar Garg Engineering College (AKGEC) showcased outstanding talent and sportsmanship at the State-level Sports Fest, hosted by Dr. A. P. J. Abdul Kalam Technical University at Shri Ramswaroop College of Engineering and Management (SRMCEM) in Lucknow from November 12 to November 13, 2024. The college’s teams achieved a commendable 10 gold, 3 silver, and 2 bronze medals, earning accolades for their formidable skills and commitment.

AKGEC won the highest number of gold medals in the AKTU State Sports Fest 2024-25 under the Ghaziabad zone. With this performance, AKGEC contributed to Ghaziabad zone’s decade-long winning streak in the AKTU State Sports Fest. AKGEC also claimed the prestigious title of “Best State Sports Team,” standing out among the eight participating zones.

AKGEC takes immense pride in its sports team, who consistently demonstrate hard work, dedication, and sportsmanship on state stage.

AKTU Sports Fest 2024

We are thrilled to announce our students’ outstanding performance at the AKTU Literary, Management, and Technical Zonal Fest, held at KIET on 27th–28th November 2024.They won silver medals in 10 events, including Robo Race, Robo Wars, Debate, INNO Quest, and Turbo AI Challenge, and bronze medals in Declamation and Ad Mad Show, earning medals in every event they participated in. Congratulations to our talented students for their dedication, hard work, and exceptional achievements!

AKTU Sports, Cultural and Technical fests 2023

We are proud to announce the outstanding performance and dedication of AKGEC students in the AKTU Zonal Sports Fest-2023 held on November 3-4, 2023, at RKGIT Ghaziabad. Winning 9 gold medals, 8 silver medals, and 9 bronze medals is a remarkable achievement, and it reflects the hard work and talent of the sports team of AKGEC.

Even more impressive is the fact that Team AKGEC secured the Overall Championship Trophy in the Ghaziabad Zone with a total of 26 medals. Being the highest among all participating colleges is a testament to the exceptional skills and teamwork of AKGEC's sports team. This accomplishment not only showcases the sporting prowess of the students but also the dedication and commitment of the institution in promoting sports and excellence.

Such achievements in sports play a crucial role in fostering a sense of pride and unity within the institution and inspire others to excel in their respective fields. Once again, congratulations to all the winners and to AKGEC for its overall victory in the competition!

AKTU State Level Sports Fest 2023

Congratulations to the AKGEC sports team for their outstanding performance in the AKTU State Level Sports Fest 2023 held during 1st to 2nd December 2023 at SRIMT, Lucknow.

AKGEC won 4 Gold Medals and 1 Silver Medal, top amongst all colleges and contributed for the Ghaziabad Zone’s Overall Championship with 7 Gold Medal and 1 Silvers Medal. This is a remarkable achievement and a testament to the team's hard work, dedication, and skill. Kudos to the athletes, coaches, and everyone involved in this incredible achievement! It's moments like these that create a strong sense of camaraderie and showcase the power of teamwork and perseverance.

AKTU Sports, Cultural and Technical fests 2019-20

Bronze Medals	5

As part of Ghaziabad Zone AKGEC also won the highest number of Gold medals in AKTU State Sports Fest 2019-20. Ghaziabad Zone has bagged the AKTU State Sports Fest Championship since last 4 years with AKGEC putting in the best performance, every time.

AKTU Zonal Cultural Fest 7-8 February, 2020 ABES Engineering College, Ghaziabad

Gold Medals	6
Silver Medals	5
Bronze Medals	3

AKTU States Cultural Fest 28-29 February, 2020 IET, Lucknow

Silver Medals	2

AKTU Zonal Technical, Literary & Management Fest 8-9 November, 2019 KNMIET, Modinagar

Gold Medals	2

AKTU Zonal Technical, Literary & Management Fest 22-23 November, 2019

Centre of Advanced Studies Lucknow

Gold Medals	2

AKTU Sports, Cultural and Technical fests 2018-19

Ajay Kumar Garg Engineering College always focuses on empowering students and providing students an opportunity to pursue their talents. The college organised the AKTU Technical, Literary and Management Zonals with the aim of supporting students to pursue their passions and excel in extra-curricular activities as they continue to excel academically.

The zonals were hosted on 30 & 31 January, 2019. More than 19 colleges in the Ghaziabad – Modinagar zone actively participated in the two day long techno-manegerial fest. A total of 336 students, 264 boys and 72 girls, participated in 11 events that was organised by the various college societies.

The various events organised were Bridge Kriti, Robowar, RoboRace, Frugal Engineering, Check your knowledge, Just a Minute, English Debate, Hindi Debate, Business plan, Coding contest and Technical poster making.

Director, Dr. RK Agarwal conferred awards to the winning students and teams during the award ceremony on 31 January, 2019. The winners will be participating in the States round in Lucknow on 15-16 February, 2019.

The overall championship was won by Ajay Kumar Garg Engineering College as the students bagged a total of 12 Gold Medals. The Runners Up trophy was awarded to IPEC for their amazing performance in the zonals taking home 4 Gold Medals.

The event was organised under the guidance of Dean Student Welfare, Prof. V K Parashar for his valuable help and support. The event was organised and managed by the student convenors Kunal, Shivam Chaudhary, Yash Saxena and Eeshank Karnwal under the guidance of Dean Student Welfare.

Departmental Activities

Computer Society Of India

The COMPUTER SOCIETY OF INDIA (acronym as CSI) was formed in the year 1965. Since its inception, CSI has been paving the way for the IT industry to advance in the right direction. By indulging within itself most famous IT leaders, brilliant scientists and dedicated academicians, CSI has been highly successful in setting highest benchmarks in the field of professional competence with high quality commitment. It has set up a remarkable example by providing high range of services and networking opportunities through workshops, seminars, conventions and courses in which major faces of the industry have actively participated and exchanged valuable knowledge and ideas.

C.S.I. in A.K.G.E.C. Since CSI student chapter has evolved in AKGEC, it has been one of the most active societies of the institute by organising events and workshops which have proven to be blockbusters in the college. The active image of the society becomes more prominent during the annual national level event, The Initiative, wherein the society asks students to provide solutions to the burning issues our country is facing. CSI AKGEC Chapter is known for its highly skilled team members, and the efficiency & quality of the events and workshops that it conducts. Recently Team CSI conducted Java and Android workshop, Ethical Hacking workshop which saw immense participation among the students! Another blockbuster event of CSI AKGEC chapter includes the online gaming event Route De Moksha which has always proven to be the best event conducted in the College tech fest. Though not being organised since a couple years, lets hope the famous RDM will make a return soon enough! The incredible efforts put in by the student members of the society always earn significant admiration.

Session wise report

Additional Information

Our society has provided various opportunities to showcase various technical skills of programmers through exceptional events like RDM, Vacanza, Cine, Initiative, and workshops like java and android, ethical hacking, web development, UI with Mongo DB. We are glad to see a massive participation hence leading to the most active branch of CSI. For more details and information you can visit our:

Mr Sarvachan Verma, IT Dept.

Activities/Events

RENDER

The Workshop of ReactJS “RENDER” was conducted from 5th May 2022 to 8th May 2022. The workshop process included the registration of students from the link given by us. The registration was open for all branches of 1st and 2nd year. The venue was Advance IT Lab 1 and Advance IT Lab 2 and timings are: 5th May 2022 – Thursday 4:00 PM to 7:00PM 6th May 2022 – Friday 4:00 PM to 6:00 PM 7th May 2022 – Saturday 10:00 AM to 4:00 PM 8th May 2022 – Sunday 10:00 AM to 4:00 PM

DESCRIPTION ABOUT THE ROUNDS-

REGISTRATION –The registration started on 30th April 2022, students were asked to register themselves using the provided link and pay the fees either by cash or online and verify the payment at the helpdesks at Backblock or CS/IT block. 42 students who registered with payment were given confirmation mail within 24hrs.

DAY 1 – A complete guide of HTML and its elements, attributes, events, color names, entities, character-sets, URL encoding, language codes, browser support were taught from very basic to intermediate level.

DAY 2 – A guide of CSS and all its properties, selectors with syntax, browser support, functions, fonts, colors, and more from complete basic to intermediate level.

DAY 3 – Introduction to JavaScript and its concepts including properties, methods and events in detail were taught. After lunch a quick introduction to ReactJS, about the pros and cons, origins, Why ReactJS? with installation and setup of ReactJS and started a project “Expense Tracker”

DAY 4 – A brief introduction to ReactJS, setting up React application, understanding package managers, project structures and completed the project “Expense Tracker”.

• Everything was taught under the mentorship of 3rd Year and doubts or queries on topics were resolved by 2nd Year CSI student coordinators.

• Following the end of each day with a quick quiz and top 3 performers were awarded gift vouchers and badges.

• Interactive sessions were held to lighten the mood with games and the winners were awarded chocolates.

CODESHELL

The coding event of CSI was conducted on 13th February. The Coding Event process included the registration of students on the online link. The Coding Event was open for all branches. The Coding Event was conducted in CS/IT labs 3rd floor on an online platform “Hackerrank”. The Event saw massive participations from students and more 217 students participated in the event. The Coding Event included questions on various real-life problems. There were a total of 6 questions ranging from questions of easy level to advanced level. A total of 2 hours was given to the participants to solve respective problems using different Algorithms. Administrative and discipline issues were coordinated by CSI members. In each year, one winner and two consolation prizes were given with a prize money of Rs. 1000 (for winner) and Rs. 500 (for consolation) along with certificates.

Topic: CODESHELL Date: 13th February Venue: CS/IT Labs from 4:00 PM to 6:00 PM

Node Js with Mongo DB

CSI conducted a course on Node Js with Mongo DB from 12 Sept’2019 in Advance IT Labs. A total of 40 students got registered online and participated in this course. The classes in the workshop were conducted mainly by CSI-AKGEC student chapter members. Other administrative and discipline issues were coordinated by other CSI members. In this workshop students first learned about the basics of web designing i.e. HTML5, CSS, JavaScript. Then they learned about various uses of Node JS as a backend building framework, its associated libraries and application with practical examples after that they learned about Database building Using MongoDB with examples and live applications. The syllabus of HTML, CSS and JavaScript was covered in 5 days. 6 days were given for Node JS and MongoDB. As a final assessment on the last day we conducted a MCQ based test.

Students were also provided with a link to download the entire study material of the course. Live coding was done in the workshop and students implemented everything they learned under the guidance of our coordinators.

Dates: 12th – 28th Sept’2019 Prizes, if any: NA Theme of the event: Node Js with Mongo DB

The Initiative 2019

Computer Society of India (AKGEC) successfully conducted the inter college event “THE INITIATIVE 2019”. The main aim of organizing this event was to brainstorm the minds of young students about the burning issues in the country. In this, the participants were presented with a number of current burnings topics under 6 different categories. The proposed event consisted of two rounds. The first preliminary round involved submission of synopsis suggesting a feasible and

technical innovative solution to problems pertaining to various domains. The participation and submission had to be in a team of two or three. In the first round itself, event had some nice and non-regular tasks, called beneficial tasks, to be done by the teams optionally, so as to enhance their chance of qualifying to the final round. These tasks involved making videos, presentations, and reports etc. on the exact questions they were asked to. The teams qualifying from the first round were called for a final presentation of 10-15 minutes, including questionnaire round before the panel of judges and audience using PowerPoint presentations. The prize money decided for the 1st winning team was Rs. 3000, Rs. 2000 for 2nd wining team and Rs. 1000 for 3rd winning team with certificates.

The event got started on 26th Feb, 2019 with the launch of the event website on the college domain, namely www.csiakgec.in/theinitiative/ designed by the society coordinators for explanation of the entire concept of the event, for concerning rules and regulations and team registration as well.

The preliminary round saw 214 registrations on the event website. By the official date of submission of synopsis, the event received a large no. of synopses from various domains. At the same time, the participants showed great interest in undertaking beneficial tasks, and participants sent a large number of original videos interviewing their peers and seniors about the problems. Also a variety of presentations, poems and reports were received, before we finally stopped receiving entries for first round.

The 36 qualifying teams that made it to the final round were intimated about the rules, regulations and timeslots of their presentations. On 7th April 2019, the final round was conducted in parallel runs at the Main Seminar Hall and the Mini Seminar Hall 1, 2, dividing 3 domains among the three places. The coordinators maintained a registration desk to facilitate participant teams to their locations. The event saw teams suggesting an unprecedented array of solutions to problems that we dealt with. The respective panel of judges for each domain was also kept involved and took keen interest in understanding the solution suggesting their own inputs at times too.

The entire event was managed by CSI Coordinators. The event has driven the participants to the extent that people took part in it with lot of enthusiasm. Since the cause was genuine, the event became highly successful; suggesting primarily that it would attract much larger participation and popularity, if it continues for the next time too.

The Initiative 2017

Computer Society of India (AKGEC) successfully conducted the inter-college event “THE INITIATIVE 2017”. The main aim of the event was to motivate students to take the initiative of initiating a step towards problems of changing today’s scenario under 6 different domains Juvenile Delinquency, Social Media Impact, Corruption In defense, Demonetisation, Breakdown at Rio, Health Prominence.The event consisted of two rounds. The first round involved submission of synopsis suggesting a feasible and technical innovative solution to problems pertaining to various domains with some optional tasks. The teams qualifying from the first round were called for a final presentation of 10-15 minutes, including a questionnaire round.

The event started on 17thFeb, 2017 with the launch of the event website on the domain namely www.csiakgec.in/theinitiative designed by the society coordinators with an aim to explain the entire concept of the event and provide rules and regulations including online registration process. The preliminary round which was conducted online got 160 registrations on the event website. Also, a variety of poems and reports etc. were received. The 28 qualifying teams went to the final round. On 5th March 2017, the final round was conducted in parallel runs at AKGEC. Certificates and cash prizes were given to the teams who got 1st, 2nd, 3rd positions.

The event was coordinated by Shivam Jain (IT 3rd year), Anmol Vashistha (IT 3rd year), Shashwat Jain (IT 3rd year) and their team. The event succeeded in creating enough zeal among the participants.

First prize

TEAM ID INIT 117 Siddhant Kandpal Divyanshu Pandey

Second prize

TEAM ID INIT 71 Rishabh Singh Prakhar Dixit Deepa Singh

Third Prize

Cash Prize – Rs.6000/-

The Initiative 2016

Computer Society of India (AKGEC) successfully conducted the inter-college event “THE INITIATIVE 2016”. The main aim of the event was to motivate students to take the initiative of initiating a step towards problems of changing today’s scenario under 6 different domains Unemployment, Censorship in Media, Gender Awareness, Internet for All, Currency Depreciation and Taboos in India.The event consisted of two rounds. The first round involved submission of synopsis suggesting a feasible and technical innovative solution to problems pertaining to various domains. The teams qualifying from the first round were called for a final presentation of 10-15 minutes, including a questionnaire round.

The event started on 4th April 2016 with the launch of the event website on the college domain namely www.akgec.in/the initiative designed by the society coordinators with an aim to explain the entire concept of the event and provide rules and regulations including online registration process. The preliminary round which was conducted online got 134 registrations on the event website. Also, a variety of poems and reports etc. were received. The 22 qualifying teams went to the final round. On 20th April 2016, the final round was conducted in parallel runs at AKGEC. Certificates and cash prizes were given to the teams who got 1st, 2nd, 3rd positions.

The event was coordinated by Shubham Upadhyay (CSE 3rd year) and his team. The event succeeded in creating enough zeal among the participants.

CINE 2017 – A CSI recruitment drive

Topic

CSI recruitment drive

Date

August 3rd to 12th 2017

Time

4:00 PM to 6:00 PM.

Venue

The Computer Society of India AKGEC branch conducted its recruitment drive for B.Tech 2nd Year (all branches) on 3rd August 2017. The recruitment process saw a large number of participation of students in domains namely Technical, Management and Web designing. The 2nd year students showed a great zeal of interest for all the domains. On the basis of their performance in their respective domains, the students were selected for CSI team.

Workshops

UI WITH MONGODB

Classes on UI with Mongo DB

15th September to 6th October, 2017

CSI conducted Classes on UI with Mongo DB from 15th September to 6th October, 2017 (4- 6PM), at 1T Labs. A total of 60 non CSI students (on payment of Rs.350 as fee) registered and enthusiastically participated in this workshop. Also some CSI students also attended the classes. The classes were conducted mainly by 3 student groups: 1. Ankit yadav, Kavya Agarwal (HTML, CSS), 2. Sonali jain, Anuj Gupta, Radhika Gupta(JS, JQUERY), 3. Mukul Goyal, Rani Pravesh Gond (MONGODB).

Other administrative and discipline issues were coordinated by other CSI members. Certificates numbering 99 (60 to participants and 39 to coordinators) were also distributed for the same. Also cash awards were given to student instructors for their contribution and successful conduct of the course. In these Classes, students learned about various structures available in HTML5 for UI designing and various ways of enhancing it by adding pictures, animations, buttons, variety of texts and hvperlinks etc. using CSS with practical examples. They also discussed about using JavaScript and Jquery (client side scripting language) and Mongo DB (open source DBMS). On each day, at the end of the session, quiz was conducted for students to judge their learning ability and plan accordingly.

JAVA AND ANDROID

CSI conducted a course on Android & Java Technology from 1st September 2016 to 23rd September 2016 in IT Labs. A total of 51 students got registered online and participated in this course. In this workshop, students learned about various things in Java like packages, control statements, interfaces, access control etc. Students also learned about the development of applications using Android. Live coding sessions were conducted on the last day, where students did live coding on their respective projects under the guidance of CSI student instructors. On the last two days, doubt clearing sessions were also held. Anmol Vashishta, Mohnish Garg, Shivam Jain, Rambabu Chaurasiya were mentors for the workshop.

ETHICAL HACKING

CSI successfully conducted a workshop on Ethical Hacking from 11th November 2016 and 14 November 2016 in Main Seminar Hall. A total of 66 students including 16 CSI members registered and enthusiastically participated in this workshop. In this workshop, students learned about various things in Ethical Hacking like types of hackers (white hat, black hat, and grey hat hackers), backdoors, hacktivist, pen testing, spoofing etc. Students also learned about the installation of Kali Linux and terminologies used in Kali Linux. Also, they had been taught various tricks in ethical hacking like Browser saved the password, Html get/post trick, Search live cams on Google, Index of trick, 10-minute mail. Anmol Vashishta (3rd year) acted as a mentor for the workshop and his team backed him with coordinating the entire workshop successfully.

An online event was conducted by team CSI which aimed at removing the boredom of vacations. The event saw a large and enthusiastic participation with participants performing various fun tasks assigned by the Team CSI. The event was successfully implemented and coordinated by Rhythma Sharma (3rd year), Mukul Goyal (3rd year), Ankit Yadav (3rd year) and their team.

44. Indian Concrete Institute

Official source: https://www.akgec.ac.in/indian-concrete-institute

INTRODUCTION

22nd November marked the inaugural ceremony of our college's affiliation with Indian Concrete Institute organized by Department of Civil Engineering of Ajay Kumar Garg Engineering College. The landmark event provides students with the opportunity to be in direct connection with ICI and boost their career.

The event was conducted in the Auditorium CS/IT Block and the gathering was graced with the august presence of venerated guests.

Er. G.K Sahu, Chairman, ICI Ghaziabad Er. Anil Kumar Sharma, Former Chairman ICI Ghaziabad and Former Special Director, CPWD, New Delhi Er. P.C Sharma, Ex Council Member, ICI Er. Ramanjeet Singh, ICI Executive Member Dr. Janardan Swaroop, Founder Batch, ICI Ghaziabad All faculty members, staff and students of Civil Engineering were invited to join the event.

THE EVENT

The ceremony unfolded by inviting the guests to the dais. They were then formally welcomed by the assistant professors of department of civil engineering by offering a sapling as a symbol of respect.

The event kicked off with a nod to the Indian heritage by worshipping the goddess of knowledge, Ma Sarasvati.

Then, Head, Department of Civil Engineering, Dr. Rakesh Srivastava guided the gathering forward with his vast experience in the academic field and talked about the college's quest towards delivering the best opportunities for the betterment of the students. Special emphasis was given to the partnership with ICI and how they've helped colleges across the region.

This inspirational speech was followed by Er G.K Sahu, Chairman, ICI Ghaziabad giving a thorough explanation about the organization of ICI and the plethora of advantages the students will receive once they are part of the ICI student chapter. He concluded the speech by inspiring the students to be use this golden opportunity.

The event then proceeded onto the announcement of executive committee which have been given the responsibility of performing management tasks. Ten members team was announced and the other 27 students were facilitated for being a member of Indian Concrete Institute. Er. A.K. Sharma, Former Chairman ICI Ghaziabad and Former Special Director, CPWD, New Delhi, then presented a profound delineation on the durability of concrete. The presentation was full of illustrations and explanations. The ceremony concluded with mementoes to the honorable guests as a token of appreciation and a vote of thanks by Ms. Anubha Gupta, Assistant professor.

The guests were enthralled by the whole ceremony and extolled the students for their efforts.

CONCLUSION

The inaugural ceremony was a huge success and all the students were completely made aware of various benefits of the ICI membership. Students were also introduced to the advanced concepts of the concrete technology.

45. Robotics Club

Official source: https://www.akgec.ac.in/life-akgec/societies/student-chapters/robotics-club

The AKGEC Robotics club is a student chapter formed on 8'MAY '2013. The students working here are interested in learning about working with robots. At robotics competitions, teams of students must design and build a robot that can compete against opponents in a series of specific challenges.

The aim of the Robotic club is to inculcate within ourselves the habit of “thinking technologically".

It is an opportunity to apply knowledge creatively, to see how systems interact, both with each other and with the environment.

To develop professional engineering skills among the students which will help them in their professional life.

Additional Information

Our club has provided various opportunities to showcase various technical skills of programmers through exceptional events, Initiative, and workshops. For more details and information you can visit our:

Instagram Account

Activities/Events

Smart India Hackathon(drone innovation)- 1st RANK

Robocon 2022- (Rank- Air 16)

ABU Robocon 2022 will be scheduled at Delhi, India and the game will be based on the game of lagori. In this game, two teams will design two robots, with each team will take turns playing as seeker and hitter. Team Akgec Robocon Scored 100/100 in the first stage of selection and 94/100 in the second.

Robocon 2020- (Rank -Air 15)

ABU Robocon 2020 was originally scheduled to be hosted in Suva, Fiji and the game will be based on Fiji's national sport rugby. The theme is “ROBO RUGBY 7s", in this game, each team designs two robots, one as a pass robot, and another as a try robot. Each can either be manual or automated. The pass robot will pick up the rugby balls, and the try robot needs to either place them to the trying spot, or to kick the ball passing through a pole. Team scores points depending on the step and the zone location, but points can be awarded to the opponent's team if the kicking ball lands on the opponent's zone. The game ends when three minutes have passed, or when all seven kicking balls (shared for both teams) have been kicked.

Robocon 2019

ABU Robocon 2019 was held at Ulaanbaatar, Mongolia on 25 August 2019. The theme was “Sharing the knowledge". It was related to the Urtuu system of Mongolian tradition.

WRO 2018- (1st RANK)

The World robotics Olympiad was the largest Olympiad in the world. Team AKGEC secured 1st RANK. Technician national hackathon- 2nd RANK

Robocon 2018- (Rank-Air 10)

The competition was held in Ninh Binh, Vietnam, in August 2018. The theme comes from a traditional game in ethnic region of Vietnam, namely ném còn (throwing shuttlecock). The goal of the game is to throw the shuttlecocks through the ring at height. In Vietnamese culture, the game is about celebration and making friendship.

Mitsubishi cup 2017- (1st RANK)

Mitsubishi was the national level automation competition for students. Its theme was “Intelligent Manufacturing for a Green Tomorrow”. Team AKGEC robotics secured !st Rank and went to Singapore to participate further.

ATMEL project presentation- (1st RANK)

Robocon 2017- (Rank-Air 17)

The ABU Robocon 2017 was held at Tokyo, Japan in the month of August. The theme was “Asobi: The landing disc". The theme revolves around the word “asobi" (play), which is also a fundamental philosophy behind Robocon. In “asobi," playful, unique, original show of skills is often more important than winning or losing, as everyone – friend and foe alike – can applaud and enjoy them.

Robocon 2016

The 2016 ABU Robocon was held at Bangkok, Thailand. The theme is “Clean Energy Recharging the World". The concept behind the theme is the utilisation of renewable energy sources.

Ni-yantra 2015

The task was to design an “Automated Guided Vehicle”. Team Akgec was one of the finalists. The AGV serves the purpose of an Automated Storage and Retrieval System in large warehouses.

Robocon 2015

The ABU Robocon 2015 was held in August in Yogyakarta, Indonesia. The theme of this robocon was “Robominton-Badminton RoboGame”.

46. IEEE

Official source: https://www.akgec.ac.in/ieee-student-branch-chapter

IEEE is the world's largest professional association dedicated to advancing technological innovation and excellence for the benefit of humanity. IEEE and its members inspire a global community through its highly cited publications, conferences, and professional and educational activities.

IEEE Communication Society Student Branch Chapter was established on April 2022 with a handful of students and it grew up to 24 members and 03 faculty Members within a year. IEEE AKGEC ECE is a prolific student chapter that aims to inspire professionalism and empower students, help them learn and implement new skills and technologies, gain exemplary knowledge through various engaging workshops and webinars, experience in fields of interest like application and website development, robotics and automation, electronics, engineering, media, corporate and content writing, carry out research, publish papers, establish a professional profile and network with esteemed IEEE alumni across the globe, and develop projects that greatly benefit mankind.

47. ISTE

Official source: https://www.akgec.ac.in/life-akgec/societies/student-chapters/iste

Indian Society for Technical Education

The Indian Society for Technical Education (ISTE) is a national, professional, non-profit making Society registered under the Societies Registration Act 1860. It was first started in 1941 as the Association of Principals of Technical Institutions (APTI) and converted into “Indian Society for Technical Education" in 1968 with a view to enlarge its activities to advance the cause of technological education.The major objective of ISTE is to assist and contribute in the production and development of top quality professional engineers and technicians needed by the industries and other organisations.

Being the only national organisation of educators in the field of Engineering and Technology, ISTE effectively contributes in various missions of the Union Government. The Ministry of Human Resource Development, AICTE/DST/MIT/State Govts. are well associated with the ISTE for programmes related to technical education.

ISTE is a professional organization basically comprising of academicians,faculty & students of countrywide engineering colleges. ISTE is primarily setup for promotion of higher studies & technical education and carries out (directly or through its various chapters) the following activities:

• Publication of bi – monthly magazine / newsletter.

• ISTE / AICTE sponsored courses / seminars on relevant and state-of-the-art subjects/ topics through summer / winter schools / workshops.

• Holding of annual National Convention of faculty / students.

• Conduct of national Seminar regarding awards of faculty / students for technical competence / innovation / research work done.

• Awards of best M.Tech. thesis in various branches of engineering.

• Best student of each chapter award, annually.

Faculty and student Chapter of ISTE been functional in the college from july 2015 onwards. ISTE students have been actively involved in organizing and coordination of ISTE activities. The ISTE students organized an Inter College Technovation in four different domains on 8 April 2017 during the Even Semester (2016-17).

The ISTE students organized a workshop on Promotional Activities for Entrepreneurship during the academic year. The Chapter organized an inter college “ISTE Symposium 15” on 21 Feb 2015. The symposium provided a common platform to engineering students of various streams of the engineering colleges of NCR to think and act towards providing, designing and structuring the various concepts/ideas to make India’s villages situated in coastal areas, hilly terrain and plain land, the real smart ones.

ISTE Student Chapter of AKGEC aims at enlarging its activities to advance the cause of quality technical education in the college. Providing guidance and training to students to develop better learning skills, pleasing personality and industry ready engineering professionals, are the key result areas of the College ISTE Student Chapter. For efficient and result oriented functioning of the society, interview is conducted every year to select society coordinators from all the engineering branches of the college . The society is presently having 422 members from all the branches of the college.

48. SAE India

Official source: https://www.akgec.ac.in/life-akgec/societies/student-chapters/sae-india

SAE International

Initially established as the Society of Automotive Engineers founded in 1905, is a U.S. – based, globally active professional association for engineering professionals in various industries. Principal emphasis is placed on transport idustries such as automotive , aerospace, and commercial vehicles . SAE International has more than 1,27,000 active members round the globe.

Founded in 1994, is an affiliate society of SAE International , registered as an Indian non-profit engineering and scientific society dedicated to the advancement of mobility community in India. As an individual member driven society of mobility practitioners, SAE INDIA comprises members who are individuals from the mobility community, which includes engineers and executives. Principal emphasis is placed on transport industries such as automotive, aerospace, and commercial vehicles. SAE India holds a variety of competitions every year for engineering students across the country.

SUPRA SAE India Student Formula

WORKSHOPS

AACAR Workshop 2024

SAE AKGEC successfully organized Aacar 9.0, an automotive workshop held on May 18-19, 2024. This event provided participants with an extensive understanding about automotive technology, covering topics from basic principles to advanced concepts. Attendees also gained valuable hands-on experience in one of the best-equipped labs, thanks to our collaboration with BOSCH Lab (JCC and EBCS).

Feedback from participants was extraordinary, highlighting how much they learned from the workshop. A notable highlight was the practical demonstration led by female members of SAE AKGEC, where they skillfully overhauled and showcased the Maruti Suzuki K12MN engine. This session broke stereotypes and motivated female participants to pursue careers in the automotive industry. Esteemed faculty and alumni of AKGEC attended the event, sharing valuable insights and experiences from the industry.

The workshop concluded with a quiz based on the content covered, where winners were awarded cash prizes from SAE AKGEC and privilege cards from AKGEC Skills.

SAE AKGEC extends heartfelt gratitude to Ajay Kumar Garg Engineering College and AKGEC Skills for their invaluable collaboration and support.

AACAR Workshop 2023

The SAE Collegiate Club AKGEC organized the AACAR 8.0 workshop on 13th and 14th May 2023, with the primary aim of fostering awareness about automobiles among junior participants. The event, held in the Main Seminar Hall, focused on providing participants with comprehensive theoretical knowledge about automobile components and systems, supplemented by practical demonstrations. With SAE's commitment to engineering innovation, the workshop aimed to bridge the gap between theoretical learning and practical application.

Over the two-day workshop, participants were immersed in a rich learning experience. Theory sessions covering chassis, brakes, transmission systems, engine, suspension, steering and electronic system. Practical demonstrations included the disassembly and reassembly of Maruti's K12MN engine, showcasing the inner workings of the engine, featuring demonstrations of Ambassador's gearbox overhaul, braking system functionality, and chassis concepts using a Swift Dzire, along with presentations on power steering and electronic components. The event concluded with a quiz competition and introductions of mentors and coordinators, fostering a holistic learning experience.

In conclusion, the AACAR 8.0 workshop successfully delivered a comprehensive understanding of automobile systems through theoretical sessions and hands-on demonstrations. The event not only deepened participants' knowledge but also inspired them to think innovatively and practically, aligning perfectly with SAE – AKGEC's commitment to promoting engineering creativity and application.

AACAR :- The main agenda of the workshop is to provide the students with a deep insight into the exciting world of automobiles. The workshop is about making students aware of the possibilities and advancements that can be achived and the multi domain innovation in the world of cars. The workshop is orgnised in the month of FEB. of every year.

INNOVACION :- The workshop challenges young minds to learn, compete and provides a platform to be an innovator. The workshop is about making students aware of the possibilities that exist with micro-controllers (Arduino) and Sensors. We want to encourage the students to think, create and be the change maker. The workshop is orgnised in the month of FEB. of every year.

ACTIVITIES/EVENTS

SAE Collegiate Club AKGEC Team Bravado Motorsport participated in the SAE-INDIA SUPRA 2023, A National level engineering student competition organized by Maruti Suzuki India, during 10th July -13th July 2023 at Buddh International Circuit. Teams from various engineering colleges from all over India participate and engage in designing and fabricating open wheel formula-style vehicles powered by 610cc engines. The event provided a platform for young engineers to gain hands-on experience and compete in technical inspections, static (presentation-based) events, and dynamic challenges. The day wise description of the event is as follows.

Day 1 & 2, after registration and paperwork, the team set up in their designated pit area to prepare the vehicle for the Technical Inspection (TI) round. The TI round assessed vehicle safety and adherence to rules. involved multiple rounds of technical inspections. The team worked diligently to meet the stringent criteria, leading to a successful technical inspection by the end of the day.

Day 3 marked the noise and brake tests, essential for qualification. Despite initial challenges with the engine, the team's perseverance prevailed, but an electrical fault during the noise test barred them from dynamic events and the endurance run. Despite setbacks, the team demonstrated sportsmanship at the award ceremony and shared valuable takeaways.

While not achieving their intended goal, Team Bravado Motorsport's experience at SUPRA 2023 provided a foundation for growth and improvement in future competitions. The event showcased the dedication of young engineers and their commitment to pushing their limits within the realm of automotive innovation.

Bravado Motorsport

Team Bravado Motorsport is the premier Formula SAE team of AKGEC. It was built under the foundation of combining the simple ideals of innovation, clever design, and manufacturing to the highest caliber.

Even though having a successful competition is our end goal, our primary focus is to give our members a fun engineering and team experience to prepare for their futures in the workforce developing a fearless attitude and being ready to face any challenges.

Our motto is “Brave Like Bravado “!!

Utilizing a state-of-the-art machine shop & Fronius Welding Centre available in our college and a highly skilled team of dedicated engineering students, who are not only from Mechanical but also from Electrical/Electronics, IT, and CS domains, we mainly participate in SUPRA and Effi-cycle(Effi-Que) events to showcase our skills.

The Effi-Que was organized this year from 22nd November to 25th November 2022, at Lovely Professional University, Jalandhar, Punjab. Our team consists of various domains: Suspension & Chassis, Brakes, Transmission, Steering, Electrical & Powertrain, and Project Management & Media. Each one has its projects that contribute to the team running smoothly and completing our car; you can find some of their work showcased here, on our website, or our Instagram!

EFFICAR :- A fuel-efficient car conserves fuel by means of its construction and forward-thinking technologies, including a variety of advanced power train designs. Vehicle construction can be a major factor in fuel efficiency. A fuel-efficient car design often includes sturdy yet lightweight materials that help reduce the vehicle's overall weight. Lighter vehicles require less power for movement, thus consuming less fuel than heavier models.

EFFICYCLE :- EFFI-CYCLE derived from Efficient-Cycle promotes the objective of providing opportunity to the students to conceive, design and fabricate a three-wheel configuration vehicle powered by human-electric hybrid power and capable of seating two passengers catering to the day to day mobility needs. The vehicle must be aerodynamic, engineered for performance & safety and ergonomically designed. The objective is to promote innovation and generate consciousness amongst the young engineers towards environment friendly mobility solution. The student of have won the grade ability award in 2017.

SUPRA :- SAEINDIA, the Indian chapter of the Society of Automotive Engineers, has been organizing the event for its sixth consecutive year, which sees students from engineering colleges across the country battle it out against each other in their quest to apply their technical knowledge on the ground by conceptualizing and developing a formula racing car.

Guided by a standard rule book, the Formula Supra requires teams to build a single-seat race vehicle, using an engine having a maximum capacity of 610cc. With numerous other guidelines over the construction, dynamics and safety of the vehicle, students attempt their hands at designing the car by utilizing various computer aided tools like CATIA, Unigraphics, ANSYS, etc. The student of have won the Best INNOVATION Award in 2016

ACHIEVEMENTS

• FIRST Runner-up at International Go-Kart Championship (2015)

• Dronacharya Award (SAE Supra 2015)

• BEST CAE Award (Effi-car, 2016)

• Best INNOVATION Award (SAE Supra 2016)

• SECURED 20th POSITION AMONG 105 TEAMS AT SAE-NIS EFFI-CYCLE 2016 (FIRST TIME PARTICIPATION).

• The student of have won the GRADEABILITY award in 2017.

49. Electronics Club

Official source: https://www.akgec.ac.in/electronics-club

Coordinator: Ms. Tukur Gupta, Asst. Prof., ECE, Mr. Himanshu Nagpal, Asst., Prof. ECE

Electronics club is a team of individuals geared towards helping students learn more about electronics. This Club is a hobby group that aims to teach and help people understand the seemingly incomprehensible electronic gadgets in the world today. It will help students build community while bridging science and technology with traditional Native values. It aims to teach and help students understand the seemingly incomprehensible electronic gadgets in the world today, and also assists students in developing their own devices.

Progress [2024-25]

During the session 2024-25 (Odd Semester), several student members from Electronics Club actively participated in a wide variety of technical and academic events, showcasing their innovative projects and skills. The Mini Project Quest Competition, held on 16th January 2025, saw participation from Nishit Prajapati, Priyanshu Yadav, Aditya Kumar Mishra, Shivansh Singh, Shashwat Shukla, Sakshi, Aditya Singh, and Harshit Varshney. In addition, the Robofestinate event on 14th December 2024 featured participants- Priyanshu Yadav and Aditya Kumar Mishra, highlighting the technical expertise of the students in ECE department. During IEEE 2nd International Conference on Advancements and Key Challenges in Green Energy and Computing (AKGEC 2024) Ananya Gupta, Neeraj Joshi, and Priyanshi Mittal from 3rd year, and Vandit Mishra and Snehal Shukla from 4th year presented their work through a poster session as part of the IEEE SIGHT Poster Presentation on 21st November 2024. Some students were involved in impactful projects presented at the SIH (Smart India Hackathon) and other competitions like Pradyut and Mini Anveshana. Vandit Mishra (4th year), who secured 1st place in Mini Anveshana 2024 for the “Adaptive Traffic System" project, held on 8th and 9th October. Snehal Shukla (4th year) earned second place in Roborace, and also participated in Anveshana. Nirmit Varshney participated in several events, including Mini Project Quest, SIH, Pradyut, and Mini Anveshana, and is set to participate in Anveshana at the National Science Centre, Delhi to be held on 6th February 2025. Additionally, students like Harshit Varshney took part in multiple competitions such as Nexus on the Unstop platform and Pradyut, further demonstrating their technical prowess. These events reflect the students' strong engagement with cutting-edge technology and their significant contribution to various academic and technical initiatives, showcasing AKGEC's commitment to fostering innovation and excellence.

“Tech Talk – Electronic and Beyond" Event conducted by the Electronics Club in the ECE Department The Department of Electronics and Communication at AKGEC is thrilled to share the success of the recent event organized by the Electronics Club. With nearly 100 enthusiastic attendees, the tech talk featured Ms. Deepti Maurya as the speaker. She is 4th year ECE student and is a trainee specializing in ASIC design and layout. The event delved into the vast career opportunities within the core electronics domain, inspiring students with discussions on cutting-edge technologies, career pathways, and industry insights. Ms. Deepti highlighted the potential in areas like analog design, embedded systems, and semiconductor technology, sparking passion and motivation among participants. This event showcased the dynamic nature of the electronics industry, paving the way for exciting career journeys. The students participated in the session with great enthusiasm, responded to the speaker’s questions, and got answers to any queries they had. The stimulating discussions and engaging Q&A sessions provided the students with motivation and insightful information.

This club has organized an event on 22nd & 23rd, November, 2022 in which technical presentations were given by the students on the topics related to the field of Electronics. Following are the details of the event:

S.No.	Name	Roll No.	Branch/Yr.	Section	Topic of Technical Presentation
1.	Harsh Patel	2000270310071	ECE/3 rd	EC-2	Advance IC Packaging
2.	Jahnavi Tiwari	2000270310079	ECE/3 rd	EC-2	VLSI Technology
3.	Anshika Agarwal	2100270310039	ECE/2 nd	EC-1	Carbon Nanotube FET
4.	Mukul Bhardwaj	2100270310087	ECE/2 nd	EC-2	Sensors
5.	Subhi Gupta	2100270310141	ECE/2 nd	EC-3	Automatic Sun Tracking System

S.No.	Name	Roll No.	Branch/Yr.	Section	Topic of Technical Presentation
6.	Vandit Mishra	2100270310162	ECE/2 nd	EC-3	A Decade of Transform ation in Robotics

The event was successfully organized and conducted by Electronics club coordinators and members. The event was highly informative and interesting.

● Exposure to Red hat Linux environment was given to students. ● Exposure of device simulation with variation of parameters were explained to students. ● RTL synthesis was performed on VIVADO tool and its implementation was done on the Zynq board. ● Exposure of FPGA was given. ● Time domain and frequency domain analysis of the device was done using SPICE.

50. Communication Club

Official source: https://www.akgec.ac.in/communication-club

The Communication Club of the Electronics and Communication Department is guided by two dedicated faculty coordinators, Ms. Ankita Sharma and Ms. Prachi Agarwal, who ensure the smooth functioning of the club. The club currently has 27 students as active members, contributing enthusiastically to various activities and events. It serves as a platform for students to enhance their technical knowledge, communication skills, and teamwork through participation in workshops, seminars, and technical projects. The club aims to foster innovation and collaboration among its members while promoting a culture of learning within the department.

Progress: [2024-25]

STUDENT NAME	TEAM MEMBERS	Achievements
Shreya Vidyarthi (3 rd year)	Presentation on Gender Equality in Sustainable Development Goals organized by VE cell.	2 nd Position
Tejash Yadav (3 rd year)	He Represented Team Aqua Alert in Samsung Solve for Tomorrow.	Top 20 (in India)
Nirmit Varshney (2 nd year)	He Represented Digital Lock Stimulation and also gave Presentation on Suhana Chulha inspired by Mission Mangal.	1 st Position in both
Prince Yadav (2 nd year)	He Represented Smart Gas detection and Fire detection Alarm System and also gave Presentation on Sustainable Development Goals.	2nd Position in Project & 1 st in Presentation
Mohak Sharma (2 nd year)	He Represented Digital Lock Stimulation.	1 st Position

Talk on “RF Energy Harvesting” (Organized by Communication Club, ECE Department) The Department of Electronics and Communication Engineering at AKGEC is pleased to announce the success of the recent event “A Technical Talk" on “RF Energy Harvesting" which the Communication Club hosted on 16th May 2024. The talk on RF energy harvesting had about 55 passionate attendees. Mr. Shailendra Singh Ojha, Assistant Professor ECE, was the speaker. This event’s objective was to offer students a comprehensive understanding of the recent developments in RF energy harvesting technology and their practical uses. The attendees actively interacted with the speaker, asking queries on the practicality, expandability, and future potential of RF energy harvesting. The discussions revolved around the incorporation of RF harvesting with other forms of renewable energy and the possible research prospects for students. The RF Energy Harvesting talk successfully broadened the participants' understanding of cutting-edge technologies in wireless energy transfer. It motivated students to delve deeper into this pioneering discipline and contemplate its potential uses in their next projects and research pursuits.

Event: CONNECT-FABRICATION IN COMMUNICATION SYSTEMS (12th October 2022) Group members: Saivya Singh,Vishal Rai, Mohasin Masood Details: The Communication Club organized a seminar “CONNECT-FABRICATION IN COMMUNICATION SYSTEMS’’. The seminar covered the basics of fabrication technologies adopted in the communication sector. 2nd year students from ECE and EN branches were the primary audience of the seminar. The seminar was quite interactive and settled a lot of doubts and misconceptions of the audience regarding the state-of-the-art technologies in ECE fabrication systems. A total of 30 students who participated in the seminar were awarded with participation certificates.

(i)Event: Eyrc (e-yantra robotics competition) Group members:SaivyaSingh,Vishal Rai, Mohasin Masood Dates: Sept 2021-March 2022 Status: Successfully completed initial two tasks.

(ii) Event: Webinaron Smart Building Automation Using IOT Group members : 12 IV year and 05 III Year students gave this webinar on google meet platform. Date: 11 July 2021. Status: successfully provided a webinar to students.

Event	Dates	Report
Project Work: Office Automation	25 October, 2019	Project Abstract

Event	Dates	Report
Paper presentation in Departmental National Conference: National Conference of Emerging Trends in Electronics and Communication ,2019	5-6 February, 2019	Presented Paper

52. Mediclaim

Official source: https://www.akgec.ac.in/life-akgec/mediclaim

The college provides comprehensive medical cover / facilities to its students at a very nominal charge. Under the scheme all students are provided a free medical check-up at RSG Indo German Hospital. The students are also provided free OPD at the RSG IG Hospital, which is a 50 bedded hospital with ICU, OTs and diagnostic facilities available seven days a week and round the clock.

The College also has an ambulance for transporting students needing emergent medical treatment.

In addition to these in house medical facilities, the college has taken Group mediclaim and Group Accidental Policy for students from BHARTI AXA GENERAL INSURANCE CO. LTD. for Rs. 50000/- and Rs. 100000/- respectively. The silent features of the policy are

• The group mediclaim policy is cash less.

• List of hospitals for cash less treatment in Ghaziabad and Noida is attached.

• One can claim upto Rs. 50,000/- during the period of policy provided he or she is admitted in hospital for a minimum period of 24 hrs.

• Room charges can not be more than 4% of the policy amount, i.e. one can claim maximum of Rs. 1000/- per day as room charges while treatment.

INSTRUCTION FOR CLIENTS AT THE TIME OF HOSPITALIZATION

• Take Claim Number within 24 hours of Hospitalization from Toll Free Number – 18002334505

• After taking the claim no, request TPA of Hospital to send Pre-Authorisation Request Form to Delhi Office on 011-28757065 as well as to Pune Office on 020-25300128.

• In case of any queries raised, Kindly send reply to Delhi office.

• For settlement of claim ask hospital to send Final Bill and Discharge Summary to Delhi office latest by 12 noon.

• For Planned Admission kindly ask hospital to send the following documents along with Pre-Authorization Request Form – First Prescription of Consulting Doctor. Brief History of Illness. Line of Treatment to be given. Break – Up of Estimated Bill.

• First Prescription of Consulting Doctor.

• Brief History of Illness.

• Line of Treatment to be given.

• Break – Up of Estimated Bill.

• Please Contact Mr. Dhananjay at 9911987050 in case for further clarification is required.

DOCUMENTS TO BE SUBMITTED AT THE TIME OF REIMBURSEMENT (IN CASE OF NON CASH LESS MEDICLAIM EXPENDITURE)

• Covering Letter stating Claim Number and Policy Number Claimant Name Total amount paid and Amount to be claimed. Name, Address and Phone Number in whose favor cheque is to be made.

• Claim Number and Policy Number

• Claimant Name

• Total amount paid and Amount to be claimed.

• Name, Address and Phone Number in whose favor cheque is to be made.

• Claim Form duly filled with seal and signature of Hospital on 3rd Page.

• Original Hospital Bill, Discharge Summary and Investigation Reports.

• Photocopy of Star Health Policy and Id – card, with Previous Policy (If Any).

• For Pre-Hospitalization and Post – Hospitalization – Original Doctors Prescription and Original Medicines Bill.

List of hospitals

53. College Awards

Official source: https://www.akgec.ac.in/achievements/college-awards

We are proud to announce that Ajay Kumar Garg Engineering College (AKGEC), Ghaziabad has been honored with the prestigious Diamond Rating by QS I-GAUGE.

This recognition highlights our steadfast dedication to academic excellence, innovation, and holistic development across all institutional parameters. The Diamond Rating stands as a testament to the relentless efforts of our visionary leadership, committed faculty, aspiring students, and supportive stakeholders. This milestone marks yet another step forward in our journey toward educational distinction.

Accreditation of Measurement and Metrology Centre by National Accreditation Board for Testing and Calibration Laboratories (NABL)

Accreditation of Measurement and Metrology Centre by National Accreditation Board for Testing and Calibration Laboratories (NABL)

Ajay Kumar Garg Engineering College, in its endeavor to impart engineering education commensurate with the requirements of Industries, have established a world class Measurement & Metrology Centre in collaboration with Zeiss. It is equipped with 3D Coordinate Measuring Machine (CMM), Surface Roughness Testing, Contour Measurement and 3D Scanning setup, along with the regular measuring instruments and accessories. The facility has now been accredited by National Accreditation Board for Testing and Calibration Laboratories (NABL) as per ISO / IEC 17025:2017 standard, complying with “General Requirements for the Competence of Testing & Calibration Laboratories.”

National Accreditation Board for Testing and Calibration Laboratories (NABL), aconstituent Board of Quality Council of India has been established with the objective of providing Government, Industry Associations and Industry in general with a scheme of Conformity Assessment Body’s accreditation which involves third-party assessment of the technical competence of testing including medical and calibration laboratories, proficiency testing providers and reference material producers. It is a full member (MRA signatory) to International Laboratory Accreditation Co-operation (ILAC) as well as Asia Pacific Laboratory Accreditation Co-operation (APLAC) since 2000 on the basis of peer evaluation by APLAC as per ISO/IEC 17011:2004.

The centre is now authorized to provide Internationally valid dimension testing / calibration results as per the scope approved by NABL. With this recognition, the measurement and metrology centre at AKGEC joins one of the very few elite laboratories setup by an Engineering Institute,to be accredited by NABL in the country. The centre now looks forward to offer the services in Dimension Metrology to the nearby Industries and Research Organizations.

Patent for 3-D printer

Patent for 3-D printer

AKGEC attainted patent for 3-D Printer developed by Mr. Pradeep Jain, Associate Professor, Department of Mechanical Engineering, under the aegis of Research and Industrial Consultancy Centre, AKGEC.

The printer uses a method of manufacturing known as Additive Manufacturing due to the fact that instead of removing material to create a part, the process adds material in successive patterns to create the desired shape.

AICRA 2020 Awards - India STEM College Award and Best Robolab Setup

AICRA 2020 Awards - India STEM College Award and Best Robolab Setup

AKGEC has been honored with STEM Award-2020 under India STEM College Award 2020 and Best Robolab Setup during 3rd edition of STEM Contribution Awards & Summit -2020 organized by the All India Council for Robotics & Automation (AICRA) India on 13 February, 2020.

Dr. R K Agrawal, Director General AKGEC, and Prof Ashiv Shah, Head TIFAC Core, AKGEC received the award from the council on behalf of the college. This is the third consecutive year for AKGEC to be honored at STEM Awards & Summit.

AICRA 2019 Award for Excellence and Innovation in Robotics Education

AICRA 2019 Award for Excellence and Innovation in Robotics Education

AKGEC has been awarded for Excellence and Innovation in the Robotics Education by All India Council for Robotics & Automation (AICRA), India during 2nd edition of STEM Contribution Awards & Conference-2019 at IIT Delhi on 16th April, 2019. Dr. R K Agarwal, Director AKGEC, received the award.

Prof. V. Ramgopal Rao, Chairman & Director– IIT Delhi and Mr. R. Ramanan, Mission Director, Atal Innovation Mission, Niti Ayog addressed the gathering. Conference was participated by eminent Academia and Industry active in STEM education.

AICRA 2018 Awards for Best Technology Infrastructure of the Year and Best Vocational Robotics Educational Centre

AICRA 2018 Awards for Best Technology Infrastructure of the Year and Best Vocational Robotics Educational Centre

AKGEC, in its endeavor to promote excellence in engineering education and imparting high end technical training programs, has been honored with the two awards – Best Technology Infrastructure of the Year Award 2018 and Best Vocational Robotics Education Award 2018. The awards were conferred by All India Council for Robotics & Automation (AICRA) and Ministry of Science & Technology, Govt. of India along with media partner TimesNow during ceremony held at STEM Summit & Awards-2018 on Education and Technology Industry at NDMC Convention Centre, New Delhi on 11 April, 2018.

NAFEMS UK -2018 Award for Best Industry Institute Interaction

NAFEMS UK -2018 Award for Best Industry Institute Interaction

AKGEC in recognition of its endeavor to promote excellence in engineering education through Industry-Institute association leading to contemporary careers for engineering students, has been honored with Best Industry Institute Interaction Award. The award was presented by NAFEMS Chief Executive Mr. Tim Morris during the NAFEMS 18th International Conference on 21st July, 2018 at Bangalore. The award was received by Dr. R.K Agarwal, Director, AKGEC and Prof. Ashiv Shah, Head CORE during ceremony organized as part of the Newton Bhabha – Industry Academic Partnership Project of the Royal Academy of Engineering, UK. NAFEMS, UK is the global body with focus on engineering analysis and simulation.

Dialogue India 2018 Award for Best Private Engineering College in North India

Dialogue India 2018 Award for Best Private Engineering College in North India

Keeping the legacy of achievements forward, AKGEC Ghaziabad achieved the Dialogue India Award-2018 on 19 May, 2018 during a scintillating evening at IIT Delhi. The College has been awarded as “Best Private Engineering College in North India". The award was given during 4th Dialogue India Academia Conclave held in association with the Design Department of IIT along with an exhibition on innovative designs.

Best LabVIEW Academy Award by National Instruments

Best LabVIEW Academy Award by National Instruments

AKGEC-NI was awarded the Best LabVIEW Academy in India for Excellent Performance and Innovation in Education on 19 October, 2016 during Annual Award Ceremony of National Instruments (NI) at Hotel ITC Gardenia, Bangalore.

Till date this academy has trained over 600 plus engineers on LabVIEW and has accomplished placement opportunities for its students on Test, Measurement and Control. In a short span of four years, the academy has carved a niche position. The academy has also achieved widely recognized 204 CLAD certifications and 17 CLD certifications.

Best Institution for Innovation Award

Best Institution for Innovation Award

It is a matter of pride for AKGEC to have received the award for Best Institution for Innovation from Entrepreneurship and Skill Development Association at National Summit on Industry–Academia Integration and Awards held at PHD Chamber of Commerce, New Delhi, on 22 August, 2015. Prof. Shivakant Ojha, Hon’ble Minister of Technical Education, Government of U.P., Shri Vijay Goel, Hon’ble Member of Parliament, Rajya Sabha and Prof. Vinay Pathak, Vice

Chancellor, Dr. A.P.J. Abdul Kalam Technical University, Lucknow graced the occasion with their benign presence.

Emerging LabVIEW Academy Award by National Instruments

Emerging LabVIEW Academy Award by National Instruments

AKGEC was honored with the Emerging LabVIEW Academy in North India 2014 Award by National Instruments, USA during NI Days on 30 September, 2014 at ITC Gardenia, Bangalore.

Best Institute Award by CMAI

Best Institute Award by CMAI

AKGEC has been awarded for its best Industry-Institute Interface, Hon'ble Shri Abhishek Mishra, Minister of Science & Technology, U.P Government on 19 August, 2013 at JSS Academy of Technical Education, Noida during National UP Educational Awards-2013 organized by CMAI Association of India and supported by Mahamaya Technical University, Noida , AICTE, Government of India.

Dialogue India Academia Award-2013 for First Rank in Engineering Colleges affiliated to Mahamaya Technical University (MTU), Noida

Dialogue India Academia Award-2013 for First Rank in Engineering Colleges affiliated to Mahamaya Technical University (MTU), Noida

Academic Excellence Award by UPTU

Academic Excellence Award by UPTU

AKGEC has been recipient of Academic Excellence Award from Uttar Pradesh Technical University for three consecutive years in 2008, 2009 and 2010

• Superior Overall Performance Adjudged By Uttar Pradesh Technical University (UPTU) in 2008

• Best Engineering College Award by Ghaziabad Management Association In 2008

• Appreciation Letter By Uttar Pradesh Technical University (UPTU) in 2007 For Excellent Performance In B.Tech 1st Semester

• Appreciation Letter by Uttar Pradesh Technical University (UPTU) for Very Good Performance In 2007 in B.Tech 3rd Semester

• Appreciation Letter by Uttar Pradesh Technical University (UPTU) as "Most Appreciated Institution Of UPTU Who Can Ensure 100% Results And Quality Of Academic Achievements" in 2005

54. Faculty Achievements

Official source: https://www.akgec.ac.in/achievements/faculty-achievements

Dr Gopal Babu, Coordinator of Value Education (VE) Cell, has been awarded the Best Paper Award from IIM Calcutta.

Dr Gopal Babu, Coordinator of Value Education (VE) Cell, has been awarded the “Outstanding Contribution to Nation Development" By IIT Delhi Alumni Association (IITDAA).

IIT Delhi Alumni Association recognizes and celebrates outstanding contributions made by its alumni in different fields – Education, Research, Innovation, Science, Technology, Public Policy, Creative Arts, Administration, Entrepreneurship, Philanthropy, Sports and Social impact etc.

Maulana Abdul Kalam Azad Excellence Award of Education-2020

Dr. Namrata Gangil, Assistant Professor, ME and Associate Dean, R&D, received “Certificate of Merit” for her outstanding contribution in the field of education during Maulana Abdul Kalam Azad Excellence Award of Education-2020 organized by Shikshak Kalyan Foundation.

Dr. Namrata is actively involved in research and development activities and has published one book, two chapters and 22 research articles with reputed international publishers. Her book entitled “Composite Fabrication on Age-Hardened Alloy Using Friction Stir Processing” was recently published in Boca Raton, USA, by CRC Press, Taylor’s & Francis Group. She has successfully completed one funded research project under AKTU-CRIP TEQIP-III as Principal Investigator and is working on another funded project under AKTU-VRPS as Co-Principal Investigator. She has also presented many articles in reputed international conferences including 25ICMT which was held in Portoroz, Slovenia, Europe during 16-19 October 2017. She has international collaboration with many reputed International Universities.

Dr. A.P.J. Abdul Kalam Technical University, Lucknow, celebrated its Founder’s Day on 26 July, 2019. The University very thoughtfully felicitated the Management and Heads of Institutions of the 22 Founder Colleges affiliated to it, the founder faculty in these colleges and the meritorious students. Sh. Rakesh Garg, Secretaty, Board of Governors, Prof. Mamta Bhusry, Prof. Devendra Singh, Prof. B.K. Sharma and the meritorious students attended the function on behalf of AKGEC and were felicitated.

Dr. Rakesh Srivastava

Dean – Training & Placement

E-mail:

AKGEC has established itself as an institution par excellence, dedicated to provide students with a strong scientific, technical and humanistic foundation and encourage them to develop creativity in indentifying problems and seeking solutions. What distinguishes AKGEC from other institutions is the unswerving commitment towards producing professionals of outstanding quality and to transform students into professionals and technocrats who will stand tall amongst the crowd.

With the mission to serve society by promoting excellence in education AKGEC aims to produce sound technical professionals with a temperament of strong logic. For this, special efforts are made to groom students to meet the standards of industry, both in technical knowledge and in soft skills. There is continuous college-industry interface and interactive seminars on emerging technologies are organised regularly to provide a holistic exposure to the students.

The college is part of the Campus Connect Program of Infosys for training students in accordance with the needs of industry. The college also conducts specialized courses for CAD packages like PRO-E.

The college helps students in undergoing industrial training for 04-06 weeks (2nd year Mechanical & 3rd year students of all branches) in reputed companies like BHEL, CMC Noida, Samsung Software, Genpact, HCL, NTPC Dadri, Miracle Technologies, Birla Soft, etc.

Besides this, AKGEC strives to inculcate responsibility and accountability in its students; responsibility towards their organizations and accountability towards society. The college conducts a Personality Development Program which enhances soft skills of the students, builds their self-confidence and motivates them to scale new unbound heights of glory.

We imbibe in our students values of self-discipline, decision making, cultural closeness & moral resurgence and above all we try to reap good citizens and human beings.

AKGEC believes that each student is a valuable resource. The placement cell focuses on each student to maximize his/her career prospects and assists him/her in achieving the same. Students are placed through campus recruitment programs. The Training and Placement Cell is committed to fulfilling the dreams of all those who graduate from A.K.G. Engineering College. Objective of the placement cell is to place students in good companies. This is achieved through campus selections conducted in the college for which the students are trained in aptitude, technical and soft skills, much ahead of campus selections. The Cell believes in overall development of the students' personality, which will help them to achieve a rewarding career.

PROGRAMMES FOR STUDENTS

PROGRAMMES FOR STUDENTS

PERSONALITY DEVELOPMENT PROGRAMMES (PDP)

Academic excellence alone is not enough and cannot guarantee a good career. Certain personality attributes and soft skills are essential not only to get a good job but also to be able to contribute and grow in an organization. Taking cognizance of this, the college emphasises all round development through a range of extracurricular activities as well as organizing and conducting formal Personality Development Program.

This programme spanning over 100 hours is conducted by a professional agency and includes training in communication skills, group discussion, interpersonal skills and interviews. This is a mandatory programme for second year B.Tech. and MCA students of the college. This programme helps in the overall personality development of students. The whole exercise is intended to increase the employability of students. Amidst an inspiring and invigorating environment, students undergo training that turns them into top notch professionals.

INFOSYS CAMPUS CONNECT PROGRAM

As a step towards grooming students into perfect professionals and to make them compatible with the IT industry, Infosys campus connect programme (Springboard) is run by T&P department which is conducted by Infosys. Under this programme, Infosys train some identified faculty on emerging courses under Faculty Enabled Program (FEP). In this program B. Tech III year CSE, IT students undergo training on emerging certification courses by Infosys on Springboard platform under the guidance of trained faculty.

These steps not only help Infosys to reduce their in-house training time but also help the students in acquiring technical skills which make them more suitable for IT industry.

The entire educational process at AKGEC revolves around guiding and providing the students all the imperative and relevant inputs to take on the professional world with conviction and confidence. Thus apart from PDP & Infosys CCP (Springboard) our college also offers modules on ProE, CAT/A etc. leading to certification and helping students to become proficient in the current generation CAD software used in industry.

58. About VE Cell

Official source: https://www.akgec.ac.in/ve-cell

VISION

To become an International resource Center dedicated to spreading the ethos of value education, fostering individual and societal transformation towards achieving just and equitable society.

MISSION

The mission of the Value Education Cell is to foster an environment that promotes value education, and value-based living within the college community. It aims to inspire research into holistic designs, models, systems, and technologies that support these values. Additionally, the cell is committed to assisting in the development of value-based policies, ensuring that the principles of ethical and responsible living are embedded in the institutional framework and practices.

As the twenty-first century unfolds, technological advancements are becoming more evident. Though, on the one hand, the technologies have made our living more comfortable, on the other, it has caused problems at the level of individuals, family , society and the nature at large in the form of stress/strain, psychosomatic diseases, family break-ups, terrorism, wars, anti-people ecology, resource depletion etc. Technological progress has made the degradation of values and ethical conduct evident. It shows that advancements in technology only cannot lead to a happy, prosperous & meaningful life for a human being. Thus, there is a need to progress in developing technologies (learning skills) and inculcate human values, ensuring complementarity between the two. The complementarity will ensure the holistic utilization of technological systems with a holistic worldview gained through value education. A holistic worldview would then ensure one’s living in harmony with family, society, and Nature/Existence and help us move towards excellence in all spheres.

To ensure an eco-friendly environment, healthy work culture and to develop a holistic worldview among faculty members, students, staff, and their family members as well as nearby areas, Value Education Cell (VE Cell) was established in AKGEC during the year 2017 under the guidelines of AKTU with the following objectives:

• Develop right understanding by sharing the understanding of what to do (Value Education). • Develop right skills by teaching how to do (Technical Education). • Practice right living during the period of education and its continuity. • Living in relationship with other human beings leading to mutual happiness. • Living in relationships with rest-of-nature leading to mutual prosperity and hence ensuring an eco-friendly environment in the campus.

In June 2019, AKGEC was upgraded to a Regional Nodal Center. The underlying principle was that besides conducting of Human Value programs in their own institute, a larger number of teachers from surrounding Colleges/Institutes could also attend programs/workshops and become resource persons for the further spread of Human Values education. The journey, so far, has been very satisfying and fulfilling for all. The College has now been recognized as an active nerve center of Value Education by AICTE where faculty members are voluntarily working to spread this education at various levels across the country.

59. Transformative Sharing

Official source: https://www.akgec.ac.in/transformative-sharing

The Value Education (VE) Cell in the college is dedicated to promoting holistic education that focuses on personal transformation and the cultivation of values such as empathy, compassion, and integrity. The VE Cell's efforts have yielded significant results, as many faculty members have reported experiencing personal transformations that have led to qualitative changes in their teaching practices and interpersonal relationships.

Several faculty members have reported that their teaching has improved as a result of the VE Cell's emphasis on values-based education. They have become more aware of their communication style, developed a deeper understanding of their student's needs and learning styles, and created more engaging learning experiences for their students. These faculty members have also developed a greater sense of empathy and compassion for their students, which has helped to build stronger and more positive relationships.

The personal transformations experienced by faculty members have not been limited to their professional lives. Many have reported feeling more fulfilled and purposeful in their work, and have developed a greater sense of meaning and direction in their lives. This has led to a deeper connection with their surrounding and a commitment to making a positive difference in the lives of others.

The efforts of the Value Education (VE) Cell have impacted not only the faculty members but also the students. The students have been exposed to the Universal Human Values (UHV) contents as part of the curriculum and the evening workshops. As a result, many have reported experiencing personal transformations.

According to some students, the UHV contents have helped them to develop a greater sense of responsibility towards their bodies, families, societies, and the environment. They have reported feeling more connected to their surroundings and have become more aware of the impact of their actions on the world around them. They have developed a sense of accountability towards their own well-being and the well-being of others.

Moreover, the students have also reported experiencing positive changes in their behavior and attitudes. They have become more respectful towards their teachers and colleagues, and have developed a greater sense of empathy and compassion towards others. They have learned to communicate more effectively and have developed a greater sense of self-awareness, which has helped them to better manage their emotions and make better decisions.

Overall, the VE Cell's impact on faculty and students has been significant. The promotion of values-based education has helped to create a more positive and meaningful educational environment, which has resulted in personal transformations for many individuals. The efforts of the VE Cell have helped to foster a culture of empathy, compassion, and responsibility, which has benefitted both the individuals and society as a whole.

60. Participation in Societal Development

Official source: https://www.akgec.ac.in/outside-participation

The VE (Value Education) Cell at AKGEC (Ajay Kumar Garg Engineering College) has a mission to promote the principles and practices of value education not only within the campus but also beyond its borders. The Cell comprises a team of dedicated and self-motivated members who are well-versed in the field of value education and are capable of conducting online as well as offline Faculty and Staff Development Programs.

The members of the VE Cell are actively involved in conducting various AICTE (All India Council for Technical Education) approved FDPs (Faculty Development Programs) in different capacities. These members are experienced resource persons who are capable of delivering value-based content prescribed by AICTE.

The members of the VE Cell serve as Resource Persons, Co-facilitators, and Observers in various AICTE-approved FDPs. As Resource Persons, they are responsible for developing and delivering the sessions on value education. As Co-facilitators, they assist the lead facilitator in conducting the Universal Human Values (UHV) sessions. As Observers, they observe and evaluate the effectiveness of the UHV sessions, identify potential candidates and help resource persons and co-facilitators by giving their feedback on the sessions.

The active involvement of the members of the VE Cell in various AICTE-approved FDPs highlights their commitment to spreading the principles and practices of value education. Their dedication and inclination towards Value Education make them valuable assets to the institution and the society at large.

29 March 2023

On 29 th March, 2023 the students of 4 th Semester, MBA got the opportunity to attend a guest lecture by Dr. Gopal Babu of Value Education Cell (AKGEC) on the topic “Sambandho Mein Bhaav Ka Mahatav”. The session started with a simple breathing exercise which helped the students to feel more relaxed.

March, 2023 the students of 4

Semester, MBA got the opportunity to attend a guest lecture by Dr. Gopal Babu of Value Education Cell (AKGEC) on the topic “Sambandho Mein Bhaav Ka Mahatav”. The session started with a simple breathing exercise which helped the students to feel more relaxed.

The light was thrown on the importance of connection i.e having a connection with others that is based on feelings and not on the basis of our thoughts. Communication is the vital key to forming connections with those around us. Observation and Conclusion are the key points in understanding the person we are trying to communicate with. In order to show how these two work, we were shown a short role play where the students enacted out roles, and the rest of the students had to figure out and tell whether the characters were communication on the basis of observation or conclusion.

Often, we form opinions/conclusions about others that are irrational on the basis of our past experiences. It is necessary for us to view the situation in the perspective of the present time. Thus, our feelings and how we act upon them are to be taken into consideration as they define our relations with others in the long run.

It was an insightful and a marvelous session, the students enjoyed it thoroughly and we look forward to have many more informative sessions. It was an honour to have Dr. Gopal Babu with us and we are grateful to him for enlightening us with his knowledge.

01-03 March 2023

Three Days Offline UHV Workshop for AICTE Officials

Resource Person: Dr. Kumar Sambhav, UPID Noida Co-facilitator: Dr. Gopal Babu, AKGEC, Ghaziabad Venue: Head Office, AICTE, New Delhi Nelson Mandela Marg Vasant Kunj Participants: AICTE Officials Dates: 01 – 03 March 2023

02-04 March 2023

Three Days UHV AICTE Approved FDP from 2 – 4 March 2023

Resource Person : Mr. Bihari Nandan Pandey, Ajay Kumar Garg Engineering College, Gzb Duration of the program: 03 days Venue: United Group of Institutions (UGI), Naini Participants: Around 50 participants from different technical institutes of Prayagraj and other cities participated in the workshop

23-27 Aug 2022

Five Days offline UHV FDP at RGMCET, Ananthapuramu, Nandyal, Andhra Pradesh

Resource Person: Dr. Gopal Babu, AKGEC, Ghaziabad, Uttar Pradesh Venue of the workshop: Rajeev Gandhi Memorial College of Engineering and Technology (Autonomous) Date of the workshop: 23-08-2022 – 27-08-2022 Total number of participants registered: 137 Total number of participants attended: 87

26-30 July 2022

Five Days offline UHV FDP at SSEC, Cheenai

Resource Person: Dr. Gopal Babu, AKGEC, Ghaziabad, Uttar Pradesh Venue of the workshop: Sri Sairam Engineering College, Chennai. Date of the workshop: 26th July 2022 – 30th July 2022 Total number of participants registered: 116 Total number of participants attended: 76 Local program Coordinator: Dr. V. Sumathi, Dept. of Mathematics, SSEC, Chennai (Regional Coordinator, Southern Region)

61. Faculty/Staff Development Programs (FDPs/SDPs)

Official source: https://www.akgec.ac.in/uhvfdp

5-Days UHV-II Refresher Workshop (24- 28 November 2025)

Ajay Kumar Garg Engineering College (AKGEC), Ghaziabad, through its Value Education Cell , successfully organised an AICTE-approved, Self-Funded 5-Day Universal Human Values Refresher Workshop (UHV-II Refresher) from 24–28 November 2025 .

A total of 27 participants —26 from AKGEC and 1 from Arya College, Jaipur—enthusiastically took part in the workshop and successfully completed the program.

Objectives and Focus

The workshop was designed as a process-centric, outcome-based program with the following key objectives:

To enable participants to understand the reality of human being, family, society, and nature/existence through the process of self-exploration . To emphasize the importance of meaningful participation at all four levels of living— Self, Family, Society, and Nature —for a harmonious way of life. To provide a platform for reflection, dialogue, and experiential learning that connects Universal Human Values with both personal and professional contexts.

The sessions were structured to encourage deep inquiry, self-reflection, and collective exploration , ensuring that participants could internalize the principles of Universal Human Values in a practical and sustainable manner.

Resource Persons

The enriching and reflective sessions were facilitated by:

Dr. Gopal Babu , Head, Value Education Cell, AKGEC Dr. Manishi Mishra , Member, Value Education Cell

Both facilitators guided participants through a series of interactive discussions, experiential exercises, and reflective dialogues , creating an environment of openness and inquiry. Their expertise and commitment ensured that the workshop remained engaging and impactful throughout its duration.

The program was observed by Dr. Arvind Sharma , appointed by AICTE . His presence ensured the smooth conduct of the FDP in alignment with AICTE guidelines and added value to the overall proceedings.

Local Program Coordinator

Dr. Parul Verma and Mr. B N Pandey coordinated the entire program locally for the well-ordered conduct of the FDP.

Valedictory Session

The Valedictory Session was graced by Prof. Hemant Ahuja, Director, AKGEC .

Prof. Ahuja attentively listened to the participants' feedback and reflections, which highlighted the transformative impact of the workshop.

He expressed his appreciation for their sincere engagement and active participation , acknowledging the depth of their involvement in the process of self-exploration.

In his address, Prof. Ahuja emphasized that harmony within naturally creates harmony outside , encouraging participants to remain in the continuous journey of self-exploration and value-based living.

His words served as a motivating reminder of the importance of integrating Universal Human Values into everyday life.

Outcomes and Commitments

The workshop concluded with a collective commitment from all participants to:

Carry forward the learnings of Universal Human Values into both personal and professional life .

Integrate these values into teaching practices, institutional culture, and social interactions.

Continue the process of self-exploration as a lifelong journey towards harmony and holistic development.

Participants expressed their resolve to embody these values, ensuring that education and professional practice remain rooted in human values and contribute to a more harmonious society.

The UHV-II Refresher Workshop at AKGEC was a resounding success , fulfilling its objectives of deepening participants' understanding of Universal Human Values and reinforcing their commitment to value-based living.

By fostering reflection, dialogue, and experiential learning , the workshop not only enriched the participants but also strengthened AKGEC's ongoing mission to integrate Universal Human Values into education and institutional life.

3-Day Universal Human Values Introductory FDP (01- 03 December 2025)

The Value Education Cell of Ajay Kumar Garg Engineering College (AKGEC), Ghaziabad, successfully organized an AICTE-approved, Self-Funded 3-Day Faculty Development Program (FDP) on Universal Human Values (UHV Introductory) from 1–3 December 2025.

This FDP was designed to provide faculty members with a structured introduction to the foundational aspects of Universal Human Values (UHV), enabling them to integrate these principles into their teaching practices and personal lives.

The program was process-centric and outcome-based , with the following key objectives:

To enable participants to initiate self-exploration for understanding the reality of human being, family, society, and nature/existence. To build clarity on living in harmony at all four levels of living— Self, Family, Society, and Nature . To encourage participants to connect Universal Human Values with both personal and professional life , ensuring holistic development. Sessions were designed to be interactive, reflective, and exploratory , fostering an environment of openness, dialogue, and inquiry.

A total of 26 faculty members from AKGEC actively engaged in the program. Their enthusiastic involvement reflected a genuine interest in exploring the UHV framework and its relevance to education and everyday living.

The sessions were facilitated by:

Dr. Parul Verma Mr. B. N. Pandey

Both facilitators guided participants through structured discussions, reflective exercises, and experiential learning activities , ensuring that the sessions remained engaging and impactful. Their facilitation style encouraged participants to deeply engage with the UHV framework and apply it meaningfully in their own contexts.

Coordination and Observation

The program was observed by Mr. Kaushal Gupta , appointed by AICTE . His presence ensured the smooth conduct of the FDP in alignment with AICTE guidelines and added value to the overall proceedings. Dr. Sumedha Sharma served as the Local Program Coordinator , ensuring effective organization and seamless execution of the FDP.

The Valedictory Session was graced by Prof. (Dr.) Gopal Babu, Head, Value Education Cell, AKGEC .

Prof. Babu listened to participants' reflections and feedback, which highlighted the transformative impact of the sessions. He appreciated their sincere involvement and encouraged them to continue the journey of self-exploration . In his address, Prof. Babu emphasized that inner harmony naturally radiates outward , fostering harmony in family, society, and nature.

His words served as a guiding reminder of the importance of integrating Universal Human Values into both personal and professional spheres.

The FDP concluded with a collective commitment from participants to:

Carry forward the learnings of Universal Human Values into teaching practices, institutional culture, and everyday living.

Ensure that education remains rooted in human values , contributing to the creation of a more value-based and harmonious society.

The 3-Day UHV Introductory FDP at AKGEC was a successful and enriching initiative , fulfilling its objectives of introducing faculty members to the foundational aspects of Universal Human Values.

By fostering reflection, dialogue, and experiential learning , the program not only enriched the participants but also strengthened AKGEC's ongoing mission to integrate Universal Human Values into education and institutional life.

AICTE approved self-funded 5-Day UHV-II Refresher FDP (28 July- 01 August 2025)

Dates : 28 July- 01 August 2025 Place : Main Seminar Hall, Main Block ORGANIZING TEAM: Mr. B. N. Pandey (VE Cell, LPC) Dr Manishi Mishra, (VE Cell), Dr Upasana Mishra, (VE Cell) Dr Sumedha Sharma (VE Cell)

RP TEAM Dr Gopal Babu, AKGEC (Resource Person) Dr Vanchana Singh (Co-facilitator) Dr Navin Kumar Sharma, IMSEC, Ghaziabad (Observer)

Total Registration – 37 Total participants reported Day1 – 31 Participants continued FDP – 31 (3 colleges &2 national level participants) Completed with above 95% Attendance -31 Self-evaluation session recording done

The 5-Day UHV-II Refresher Workshop, approved by the All-India Council for Technical Education (AICTE), commenced from 28th July- 1st August 2025 at Ajay Kumar Garg Engineering College, Ghaziabad. This workshop serves both as a refresher for the Universal Human Values (UHV-II) Workshop and a preparatory platform for the upcoming UHV-III Workshop.

A total of 37 participants registered from the host institution and various external colleges, and 31 participants attended actively. The attendees primarily comprise faculty members who have previously undergone the UHV-I and UHV-II workshops and are now engaging in a deeper exploration of human values in education.

Workshop Objectives and Approach

A total of five sessions, including one small group discussion (GD) session, helped participants to explore and express themselves thoroughly. The whole workshop is designed to deepen participants' understanding of human values through experiential learning, reflective dialogue, and participative exploration. It reinforces key concepts from UHV-II and lays a robust foundation for advanced learning in UHV-III.

The opening sessions guided participants to reflect on fundamental human aspirations: • Do we want to live? • Do we want to live with fulfilment? • Or do we want to live with continuous fulfilment?

Participants explored the meaning of continuous fulfilment based on natural acceptance, gradually transitioning toward observing their own internal state, rather than forming premature conclusions. The first step in this self-inquiry—observing the state of imagination and identifying the source of desire—was received with appreciation and enthusiasm.

Exploration of Happiness and Harmony A key theme explored during the workshop was happiness as harmony at all levels of human existence: • At the Individual level: Harmony between the self (conscious unit) and the body (material unit) • In the Family: Nine essential feelings for harmony, from trust to love, are seen as coexisting naturally • In Society: Four comprehensive goals (right understanding, prosperity, trust, and mutual fulfilment) are identified as coexisting harmoniously • In Nature/Existence: Four distinct orders of nature (material, plant, animal, and human) are understood to be in mutually fulfilling coexistence • In the larger Existence: All units of nature are in coexistence with the all-pervading space

This understanding reinforces that coexistence as the absolute truth is reflected at every level of human living. Recognizing this truth fosters a holistic and values-based worldview that integrates thought, behaviour, and interaction with the world.

Acknowledgements Ajay Kumar Garg Engineering College sincerely thanks NCCIP and AICTE for their ongoing support and for providing a dedicated team of experienced facilitators. Their continued guidance plays a pivotal role in enabling educators to integrate Universal Human Values into the educational framework meaningfully. Outcomes As the workshop concluded on 1st August 2025, participants emerged with: • Enhanced clarity and conviction in values-based living • Greater alignment between realisation, thought, behaviour, and work • Improved capacity for self-reflection and inner harmony • Readiness for the upcoming UHV-III Workshop

AICTE approved self-funded 8-Day UHV-II FDP (03- 10 February 2025)

Dates: 03-10 February 2025 Place: ME Conference Hall, 1st Floor, ME Block, AKGEC Total Registrations: 34 Total Participants: 29

ORGANIZING TEAM: Dr. Akhilesh Verma, (Professor, CSE) Dr. Parul Verma, Associate Dean, VE Cell, Dr. Manishi Mishra, Professor, ASH

RP TEAM Dr.Gopal Babu, AKGEC (Resource Person) Mr. R. P. Singh, AKGEC(Co-facilitator1) Mr. B. N. Pandey, AKGEC(Co-facilitator2) Mr. Prabhat Kumar Yadav, SRCEM, Lucknow (Observer)

Participants continued FDP- 27 (1 from NGO) Completed with above 95% Attendance- 26 Self-evaluation session recording done

SESSION CONDUCTION- ● Natural Acceptance and Self-exploration were well-addressed and received. ● The feelings part was elaborated well and appreciated. ● Participants were focused on the process as needed to observe the feeling governed by the right ● understanding behind thought which is the basis of work/behaviour. ● Last day Ethical Human Conduct & Professional Ethics were also discussed.

PARTICIPANTS MOTIVATION- ● To be developed as nodal centers- All ● Motivated to teach the subject. 10-15 participants ● Eager to join weekly meetings & and morning sessions (all participants) ● All have shown interest to join Higher Level FDPs on UHV ● PPI – 4-5 were identified, as competent for future volunteering.

FEW HIGHLIGHTS: 1. The workshop started with a family feel without much formality and succeeded smoothly throughout 8 days. 2. Sessions were interactive and exploratory. 3. Every session was including a recap of the previous session/s. 4. The session on the relationship (harmony in the family) attracted the attention of most of the participants. 5. Participants verified the proposals in family/profession and shared in their self-evaluation. 6. In the valedictory session, participants expressed their satisfaction and expected more such workshops for them. 7. A routine follow-up session was announced for future connectivity with the proposals and to clear doubts. 8. The Observer appreciated the discipline and active involvement of participating staff members.

NCC-IP (AICTE) acknowledges the college's efforts for Value Education.

FDP on Consciousness Engineering (17- 21 December 2024)

Dates: 17-21 December 2024 Place: ME Conference Hall, ME Block, AKGEC Total Registrations: 35 Total Participants: 26

A 5-day (17-21 December 2024) Consciousness Engineering workshop was conducted by Value Education (VE) Cell with the objective of the in-depth exploration of Feelings and Thoughts 'within' for the selected inclined faculty members of the institute. A total of 26 FMs inquisitively attended the workshop and participated in the exercise (including 7 Steps) of observing the Self (conscious unit) by Self and making an effort to understand the process of harmonious decision-making. This interactive workshop included four sessions per day and was facilitated by Dr Gopal Babu, Coordinator of VE Cell. The objective was to help the faculty members to see the self, the conscious entity; and also, the process of self-exploration.

The workshop was aimed to accomplish the following objectives: – Increase awareness levels – Develop the ability to counsel oneself – Improve the ability to sense our own and others' emotions – Enhance skills to handle reactions, both internal and external – Strengthen teamwork capabilities – Learn to take breaks when necessary – Improve listening skills – Gain wisdom in distinguishing between right and wrong

The workshop was divided into multiple interactive sessions, encouraging attendees to ask questions, provide reflections, and actively participate throughout discussions. Everyone was involved seeking clarifications and meaningful discussions.

The steps covered in the workshop were as follows: 1. Be aware– Observe your imagination at this moment, i.e., the desire (feeling), thought, expectation. No Reaction! [MFC: Observation/Conclusion] 2. Is the feeling that you have at this moment is naturally acceptable to you? [Feelings/Thoughts] 3. Are you in harmony, happy with the feeling that you have at this moment? 4. Who decided the feeling that you have at this moment? Did you decide it or someone else/situation outside decided it? 5. On what basis did you decide the feeling you have at this moment? Did you decide it on the basis of understanding or on the basis of any assumption? [is the feeling based on my assumption/his behaviour or right understanding/reality] 6. a) Which feelings are naturally acceptable to you? Feelings of relationship or opposition, harmony or disharmony, co-existence or struggle? b) Explore within to understand relationship, harmony, and co-existence in its completeness, in the context of whole nature and existence. 7. a) Ensure that the feeling that you have at this moment is in line with the feeling of Relationship, Harmony and Co-existence and not otherwise. On this basis, I will be in a state of harmony and happiness at this moment. b) when I am able to understand relationship, harmony and co-existence in its completeness, then, I will be able to decide my feelings and thoughts accordingly in a natural manner, and I will always be comfortable within, I will be in a state of harmony and happiness in continuity.

As part of an evaluation process, the participants were provided with a self-assessment form to gauge their comprehension levels. The one part of the form included four parameters: ‘awareness’, ‘ability to perceive one's own and other’s needs, ‘ability to manage internal and external reactions’, and ‘ability to provide self-counseling’ and the second part included every day key takeaways and a feedback form. Upon reviewing the completed forms, it was evident that many participants experienced improvement in these areas. Also, the participants in their sharing reflected that the workshop was productive in the purification of feelings and thoughts (SANSKARS) and felt sincere gratitude towards the authorities for providing such opportunities and environment in the institute only at desirable intervals.

FDP on Consciousness Engineering (30 September- 04 October 2024)

Dates: 30 September- 04 October 2024 Duration: 4-Day workshop from 8:30 AM-4:15 PM Place: Mini Seminar Hall -1, Admin Block, AKGEC Total Registrations: 38 Total Participants: 35

Highlights: A Four-day (during 30 Sept-4 Oct 2024) Consciousness Engineering workshop was conducted by Value Education (VE) Cell with the objective of the in-depth exploration of Feelings and Thoughts 'within' for the selected inclined faculty members of the institute. A total of 31 FMs and four family members inquisitively attended the workshop and participated in the exercise (including 7 Steps) of observing the Self (conscious unit) by Self and making an effort to understand the process of harmonious decision-making. This interactive workshop included four sessions per day and was facilitated by Dr Gopal Babu, Coordinator of VE Cell. The objective was to help the faculty members to see the self, the conscious entity; and also, the process of self-exploration.

As part of an evaluation process, the participants were provided with a self-assessment form to gauge their comprehension levels. The one part of the form included four parameters: ‘awareness’, ‘ability to perceive one's own and other’s needs, ‘ability to manage internal and external reactions’, and ‘ability to provide self-counselling’ and the second part included every day key takeaways and a feedback form. Upon reviewing the completed forms, it was evident that many participants experienced improvement in these areas. Also, the participants in their sharing’s reflected that the workshop was productive in the purification of feelings and thoughts (SANSKARS) and felt sincere gratitude towards the authorities for providing such opportunities and environment in the institute only at desirable intervals.

AICTE approved 3-Day Face to Face Introductory FDP (12- 14 August 2024)

Dates : 12 – 14 August, 2024 Place : Mini Seminar Hall-1, AKGEC Ghaziabad Total Registration – 36 Total participants – 34 ORGANIZING TEAM – Dr. Gopal Babu, (Coordinator, VE Cell, AKGEC) Mr. B.N.Pandey, (LPC and Member VE Cell, AKGEC) Dr. Akhilesh Verma, (Faculty Volunteer for the UHV FDP, AKGEC)

RP TEAM – Mr. R.P. Singh (Resource Person and Member VE Cell, AKGEC) Dr. Parul Verma (Co-facilitator and Associate Dean VE Cell, AKGEC) Dr. Sumedha Sharma (Observer)

SESSION CONDUCTION- • Natural Acceptance and Self-exploration were well-addressed and received. • The feelings part was elaborated well and appreciated. • Participants were focused on the process as needed to observe the feeling governed by the right understanding behind thought which is the basis of work/behaviour.

PARTICIPANTS MOTIVATION- • Eager to join weekly meetings & and morning sessions (approx.20 participants) • All have shown interest to join Higher Level FDPs on UHV • PPI – 4-5 were identified, as competent for future volunteering.

FEW HIGHLIGHTS: 1. The workshop started with a family feel without much formality and succeeded smoothly throughout 3 days. 2. Sessions were interactive and exploratory. 3. Every session was including a recap of the previous session/s. 4. The session on the relationship (harmony in the family) attracted the attention of most of the participants. 5. Participants verified the proposals in family/profession and shared in their self-evaluation. 6. In the valedictory session, participants expressed their satisfaction and expected more such workshops for them. 7. A routine follow-up session was announced for future connectivity with the proposals and to clear doubts. 8. The Observer appreciated the discipline and active involvement of participating staff members.

AICTE approved Self funded 5-Day UHV-II FDP (12- 16 February 2024)

Dates: 12-16 Feb. 2024 Place: Main Seminar Hall ORGANIZING TEAM Dr Jitender Chhabra- (LPC, AKGEC, Ghaziabad) Mr B N Pandey (Team Member , AKGEC, Ghaziabad) Dr Arvind Kumar Sharma (Team Member, AKGEC, Ghaziabad)

RP TEAM Dr Parul Verma – (RP, AKGEC, Ghaziabad) Prof Gopal Babu- (Cofacilitator , AKGEC, Ghaziabad) Dr Jyoti Srivastava (Observer, KIET Ghaziabad)

Total Registration – 41 Faculty Members Total participants – 39 (38 & 1 outside) Completed – 38 Self-Evaluation session recording done

SESSION CONDUCTION- ● Natural Acceptance and Self-exploration were well-addressed and received. ● The feelings part was elaborated well and appreciated. ● VE Cell activity presentation done by Gopal Babu ji motivated all.

PARTICIPANTS MOTIVATION- ● To be developed as nodal centers- All ● Motivated to teach the subject. 6-7 participants ● Eager to join weekly meetings & and morning sessions. 10+3 participants ● PPI – 4-5 were identified as competent for future volunteering.

FEW HIGHLIGHTS: 1. Workshop started with a family feel without much formality and succeeded smoothly throughout 5 days. 2. Sessions were interactive and exploratory. 3. Every session included a recap of the previous session/s. 4. Session on the relationship (harmony in the family) attracted the attention of most of the participants. 5. Participants verified the proposals in family/profession and shared in their self-evaluation. 6. In the valedictory session participants expressed their satisfaction and expected more such workshops for them. 7. Routine follow-up session was announced for future connectivity with the proposals and clearing doubts. 8. The Observer appreciated the discipline and active involvement of participating staff members. 9. SPC-made soap was gifted as a small token of appreciation to the observer.

Face-to-Face UHV-IV FDP on "Vision for Humane Society" (19- 26 August 2023)

Dates : 19th – 26th August, 2023 Place : ME Conference Hall, 1st Floor Total Registration – 26 Total participants – 21 Resource Person – Dr Gopal Babu Co-Facilitator – Dr. Himanshu Kumar Rai LPC – Mr Anuj Kumar Dwivedi

AKTU-approved 8-day Face-to-Face UHV-IV FDP on “Vision for Humane Society" was conducted at AKGEC's ME Conference Hall from 19th August to 26th August 2023. The aim of the FDP was to train AKTU faculty members to teach the final year students (Vision for Humane Society), which is an open elective offered in the 7th semester for AKTU students. The FDP was designed to help participants visualise a humane society that allows everyone to live a happy and harmonious life.

The FDP was a great success, and 21 faculty members from different colleges of AKTU participated and successfully completed the program. Dr. Gopal Babu was the resource person, Dr. Himanshu Kumar Rai was the co-facilitator, and Mr Anuj Kumar Dwivedi was the LPC. All the participants received certificates at the end of the program.

The program was appreciated by all the participants as they found it useful for their students and the potential to change society. The following colleges participated in the FDP:

1. GREATER NOIDA INSTITUTE OF ENGINEERING & TECHNOLOGY, GREATER NOIDA 2. INDERPRASTHA ENGINEERING COLLEGE, GHAZIABAD 3. AJAY KUMAR GARG ENGINEERING COLLEGE, GHAZIABAD 4. SANSKAR COLLEGE OF ENGINEERING AND TECHNOLOGY, GHAZIABAD 5. KIET GROUP OF INSTITUTIONS, GHAZIABAD 6. DOON UNIVERSITY, DEHRADUN 7. ANAND ENGINEERING COLLEGE, AGRA 8. ABES INSTITUTE OF TECHNOLOGY, GHAZIABAD 9. FEROZE GANDHI INSTITUTE OF ENGG & TECHNOLOGY, RAEBARELI 10. GALGOTIAS COLLEGE OF ENGINEERING AND TECHNOLOGY, GREATER NOIDA 11. JAIPURIA INSTITUTE OF MANAGEMENT, GHAZIABAD 12. B.M.A.S. ENGINEERING COLLEGE (SGI GROUP), AGRA.

3-Day Face to Face Introductory FDP (for Staff) (05- 07 April 2023)

Dates : 5th – 7th April, 2023 Place : ML-36, ME Block, 2d Floor Total Registration – 42 Total participants – 39 Facilitator – Dr Parul Verma and Mr BN Pandey Observer – Mr Kaushal Gupta, ABESIT, Ghaziabad LPC – Mr R.P. Singh

.Workshop started with a family feel without much formality and succeeded smoothly throughout 3days. .Sharing of the topics was as per the AICTE schedule (PFA). .Sessions were interactive and exploratory. .Every session was including a recap of the previous session/s. .Session on the relationship (harmony in the family) attracted the attention of most of the participants. .Participants verified the proposals in family/profession and shared in their self-evaluation .In the valedictory session participants expressed their satisfaction and expected more such workshops for them. .Routine follow-up session was announced for future connectivity with the proposals and clearing doubts. .Observer appreciated the discipline and active involvement of participating staff members. .SPC-made soap was gifted as a small token of appreciation to the observer.

VE cell acknowledges the efforts of the college for Value Education and Value B

An Experiential Exploration of Human Values (9-12 March 2023)

A four-day UHV activity-based workshop was organized by VE Cell, AKGEC in coordination with ISABS (Indian Society for Applied Behavioral Science) during 9–12 March 2023 (9 AM – 5 PM), in ME Conference Hall. The workshop was facilitated by Dr. Rashmi Saxena & Dr. Rachna Sharma(ISABS Professionals).Indian Society for Applied Behavioral

Science (ISABS) is a national, nonprofit voluntary society of behavioral scientists engaged in applying their knowledge and skill to the well-being of persons, organizations, communities, and the society at large. The workshop was planned by Dr. Gopal Babu, Coordinator, VE Cell, AKGEC under.

The following faculty members (including Prof. V.K. Parashar, Head VE Cell, AKGEC) actively participated in this small group workshop-

FMs from the college	FMs from outside
Dr. Upasana Mishra, CSE	Mr. Bhanu Pratap Singh, AP, CSJMU Kanpur
Mr. Akhilesh Verma, CSE	Dr. Kumar Sambhav, UPID Noida, NCCIP Member
Mr. BN Pandey, CSE	Mr. Alok Pandey, KIET Ghaziabad
Dr. Parul Verma, ASH	Mr. NK Sharma, IMS Ghaziabad
Mr. RP Singh, ECE	Dr. Vanchna Singh, Self Employed
Dr. Jitendra Chaabra, ECE	Mr. Himanshu Kumar Rai (Guest Faculty, DU)

The following were the highlights of the workshop-

• It was an unstructured workshop, where the experiential learning was in the Centre.

• The workshop was specifically focused on observing feelings/emotions of the immediate moment (being aware and honest about – Here and Now).

• Time, Territory and Task were cautiously cared for, disallowing any past reference or future assumptions ie avoiding Then or There), while interacting and dealing with participants and self-planned tasks.

• The present was emphasized as the best-owned reality one can see.

• Self-Image was recognized as a big challenge rather main culprit, responsible for the unawareness about feelings and behavioural ambiguities.

• Availability of feelings, and acknowledging them, facilitates natural expression in behaviour. The same was exercised.

• Expression has a CHOICE, may be verbal/nonverbal/pictorial/violent/nonviolent. The same was discussed and experienced.

The following were the main observations in the workshop-

• The process connects with the first step of EXERCISE 1 of UHV, ie seeing the Self by the Self (without any reaction or evaluation).

• Every moment of awareness about our being was been practiced formally.

• The process is complementary to developing competence in observing feelings (emotions).

• The existence (goal) is one similar reality, but the process/mechanism to know/understand the existence is variable.

Extracted Recommendations after the workshop were-

• Integration of efficient steps (from various processes) may be evolved to suit the human desire of KNOWING/ UNDERSTANDING.

• Participant’s periodic follow-up (online) is desirable to evaluate the gradual transformation.

• Frequent such short crisp workshops may be planned, purposely for experiential validation (Steps of Exercise 1 and 2), for intense UHV explorers. This idea was shared with the honorable DG for his kind consideration.

36 Hrs Workshop on “Consciousness Engineering” (30 August-06 Sep, 2025)

Workshop on “Conscious Engineering”

Executive Summary:

Dates: 30 August – 6 September 2025 Venue: ME Conference Hall, ME Block, AKGEC Total Registrations: 57 Participants Reported: 51 Successful Completions: 35

The Value Education (VE) Cell at Ajay Kumar Garg Engineering College organized a transformative 36-hour student workshop titled “Consciousness Engineering” from 30 August to 6 September 2025. The sessions were led by esteemed facilitators Dr. Gopal Babu and Dr. Manishi Mishra , with coordination support from Aman Singh, Sai Nainsi Keshari, and the VE Cell team.

This workshop offered students a structured opportunity to explore the science of self-awareness, emotional intelligence, and conscious living. Participants engaged in introspective practices to observe their thoughts, feelings, and deep-rooted conditioning (sanskaras), fostering a deeper understanding of human behavior and relationships.

Objectives The workshop was designed to achieve the following developmental goals: • Cultivate self-awareness and emotional sensitivity • Enhance self-counseling and introspection skills • Improve interpersonal understanding and empathy • Strengthen emotional regulation and response management • Foster collaborative and team-oriented behavior • Promote mindful listening and communication • Encourage ethical discernment and value-based decision-making

Participants and Faculty Involvement • Total Registrations: 57 students • Reported Attendance: 51 students • Successful Completions: 35 students

Additionally, 6 students from RKGIM College participated, accompanied by Dr. Arun Kumar Pandey, whose presence enriched the diversity and depth of discussions.

Faculty members Dr. Upasana and Dr. Parul actively engaged in daily sessions, contributing to the learning environment. The workshop was conducted under the overall guidance of Mr. B. N. Pandey .

Workshop Structure and Daily Themes

The workshop was divided into eight sessions over eight days, blending weekday evening sessions with full-day weekend engagements. Each day focused on a distinct theme, supported by interactive activities, meditation, and reflection.

Student Reflections and Impact During the final sharing session, students expressed meaningful personal transformations: • Improved focus and reduced distractions • Enhanced ability to observe thoughts and regulate emotions • Strengthened relationships with peers and family • Shifted perspective from judging competence to trusting intention • Greater appreciation for natural human values

Commitments and Future Engagements Participants pledged to: • Encourage peers and family to attend future workshops • Actively support VE Cell initiatives • Volunteer for social programs such as Kartavya (tree adoption), teaching in government schools, and sustainability efforts

Conclusion and Closing Remarks The Consciousness Engineering Workshop successfully empowered students with tools for introspection, emotional clarity, and value-based living. Through experiential learning and guided reflection, participants gained insights into the nine foundational human feelings: Trust, Respect, Affection, Care, Guidance, Reverence, Glory, Gratitude, and Love.

The workshop concluded with a heartfelt Vote of Thanks by Sparsh Trivedi, followed by a group photograph session to commemorate the journey. The final session ended at 06:08 PM, leaving behind a legacy of conscious growth and community spirit.

Workshop on “Consciousness Engineering” (11-18 Jan, 2025)

Dates: 11-18 Jan, 2025 Duration: 36-hour student workshop divided in 8 days (On weekdays, from 4:30-6:30 PM and on weekends from 9:00-6:00 pm) Place: ME Conference Hall, ME Block, AKGEC Total Registrations – 57

A 36 hours student workshop on the topic “Consciousness Engineering” was planned by the VE Cell, AKGEC, on 11-18 Jan, 2025 under the amiable guidance of Dr. Gopal Babu and Dr. Manishi Mishra.

This course exclusively paved the way for understanding the Engineering of one’s Consciousness by observing the ‘Self’ by the ‘Self’. It helped the students explore their thoughts as well as the feelings behind the thoughts thereby evaluating the deep-rooted sanskaras (conditioning) that influence their conduct and behaviour.

During the workshop, we aimed to accomplish the following objectives:

– Increase awareness levels – Develop the ability to counsel oneself – Improve the ability to sense our own and others' emotions – Enhance skills to handle reactions, both internal and external – Strengthen teamwork capabilities – Learn to take breaks when necessary – Improve listening skills – Gain wisdom in distinguishing between right and wrong.

The student workshop was split into multiple interactive sessions, encouraging attendees to ask questions, provide reflections, and actively participate throughout. Everyone was welcome to seek clarification and engage in meaningful discussions.

The steps covered in the workshop were as follows: 1. Be aware – Observe your imagination at this moment, i.e. the desire (feeling), thought, expectation. No Reaction! [MFC: Observation/Conclusion] 2. Is the feeling that you have at this moment naturally acceptable to you? [Feelings/Thoughts] 3. Are you in harmony, happy with the feeling that you have at this moment? 4. Who decided the feeling that you have at this moment? Did you decide it or someone else/situation outside decided it? 5. On what basis did you decide the feeling you have at this moment? Did you decide it on the basis of understanding or on the basis of an assumption? [is the feeling based on my assumption/his behaviour or right understanding/reality] 6. a) Which feelings are naturally acceptable to you? Feelings of relationship or opposition, harmony or disharmony, co-existence or struggle? b) We explore within to understand relationship, harmony, and co-existence in their completeness in the context of whole nature, existence. 7. a) Ensure that the feeling that you have at this moment is in line with the feeling of Relationship, Harmony and Co-existence and not otherwise. On this basis, I will be in a state of harmony and happiness at this moment. b) when I am able to understand relationship, harmony and co-existence in its completeness, then, I will be able to decide my feelings, thought accordingly in a natural manner, and I will always be comfortable within, I will be in a state of harmony and happiness in continuity.

As part of an evaluation process, students were provided with a self-assessment form to gauge their comprehension levels. The form included four parameters: ‘awareness’, ‘ability to perceive one's own and others' needs, ‘ability to manage internal and external reactions’, and ‘ability to provide self-counseling’. Upon reviewing the completed forms, it was evident that many students showed improvement in these areas.

Workshop on “Understanding Science of Relationships through Self-Exploration” (13-17 Jan, 2025)

Workshop on “Understanding Science of Relationships through Self-Exploration”

Dates: 13-17 January 2025 Duration: 10-hour student workshop divided in 5 days (On weekdays, from 4:30-6:30pm Place: Mini Seminar Hall-1, 2 Total Registrations – 67 Total Participants completed successfully – 53

VE Cell, AKGEC conducted 10 hours of student offline workshop on “Understanding Science of Relationships through Self-Exploration” from 13-17 January 2025. Dr. Upasana Mishra and Dr. Jitendra Chhabra facilitated the workshop. The workshop was conducted as per the following schedule:

a) 13 January 2025 (Monday) – 4:30 PM – 6:30 PM b) 14 January 2025 (Tuesday) – 4:30 PM – 6:30 PM c) 15 January 2025 (Wednesday) – 4:30 PM – 6:30 PM d) 16 January 2025 (Thursday) – 4:30 PM – 6:30 PM e) 17 January 2025 (Friday) – 4:30 PM – 6:30 PM

The objective of the workshop was to help students recognize their innate potential to live a stable and fulfilling life. Instead of providing ready-made solutions, the facilitators encouraged students to explore their daily life challenges, helping them understand the root causes of their problems and discover their own solutions. The workshop was designed as an intense exploration process to guide students towards a better understanding of themselves and their relationships.

The first day of the workshop began with an introduction to the topic and an outline of key checkpoints to be maintained throughout the sessions. The facilitator introduced students to the basic concepts of consciousness and relationships, explaining how the human consciousness often functions logically but lacks in feeling when not aligned with the right understanding. The session emphasized that recognizing one’s inherent potential and right feelings leads to a

harmonious and fulfilling life. The facilitators helped students break free from preconceived notions that often lead to unhappiness. Another significant discussion revolved around expectations from others and how with the feeling can lead to a more peaceful life.

From the second day onwards, the facilitator introduced students to nine fundamental feelings, starting with Trust (the foundation value) and ending with Love (the complete value). On the second day, the focus was on Trust, where the facilitator explained the difference between trust and blind trust, helping students understand how trust is ensured in relationships. The discussion then moved to Respect, where a detailed explanation of types of evaluation was provided, helping students to understand how we perceive and respect others.

On the third day, the facilitator elaborated on trust in terms of intention and competence, explaining the difference between trust in intention and evaluation of competence. This helped students understand that people's intentions are right based on natural acceptance even if they lack the competence to execute them effectively. Another key discussion was the difference between Knowledge and Information, emphasizing that knowledge comes from self-exploration, while mere information does not necessarily lead to wisdom. The session also covered the feelings of guidance and affection, showing how they contribute to building strong and meaningful relationships.

The fourth day focused on the next set of values: Care, Guidance, and Reverence. The facilitator explained the importance of genuinely caring for others and their well-being, the role of proper guidance in personal and professional growth, and how reverence develops acceptance for excellence for others based on their living based on right understanding. Students were encouraged to observe their surroundings and reflect on their own experiences. Their queries were resolved through self-exploration, allowing them to understand realities instead of relying solely on external influences.

The final session on the last day of the workshop focused on Love, which was presented as the ultimate or complete value. Love was described as the culmination of all previous values, helping individuals achieve harmony within themselves and with others. The workshop concluded on a highly positive note, with students expressing their gratitude and appreciation for the insights gained. The feedback collected from students indicated high satisfaction, with most of them giving the workshop top ratings for its impact on their understanding of life, relationships, and self-exploration.

This workshop provided students with a unique opportunity to reflect on their inner potential and align their thoughts and actions with values that lead to a harmonious life. Instead of prescribing solutions, the facilitators helped students explore their own answers, making the learning experience deeply personal and transformative.

Workshop on “Consciousness Engineering” (08-15 Jun, 2024)

Dates: 08-15 June,, 2024 Duration: 36-hour student workshop divided in 8 days (On weekdays, from 4:30-6:30pm and on weekends from 9am-5:30 pm) Place: Mini Seminar Hall-1, Admin Block, AKGEC Total Registrations – 47 Total Participants – 40

A 36 hours student workshop on the topic “Conscious Engineering” was planned by the VE Cell, AKGEC, on 08-15 June,, 2024, under the amiable guidance of Dr Gopal Babu. The objective was to help the explorers see self, the conscious entity; and also the process of self-exploration. During the workshop, we aimed to accomplish the following objectives:

The steps covered in the workshop were as follows: 1. Be aware – Observe your imagination at this moment, i.e. the desire (feeling), thought, expectation. No Reaction! [MFC: Observation/Conclusion] 2. Is the feeling that you have at this moment naturally acceptable to you? [Feelings/Thoughts] 3. Are you in harmony, happy with the feeling that you have at this moment? 4. Who decided the feeling that you have at this moment? Did you decide it or someone else/situation outside decided it? 5. On what basis did you decide the feeling you have at this moment? Did you decide it on the basis of understanding or on the basis of an assumption? [is the feeling based on my assumption/his behaviour or right understanding/reality] 6. a) Which feelings are naturally acceptable to you? Feelings of relationship or opposition, harmony or disharmony, co-existence or struggle? b) we explore within to understand relationship, harmony, and co-existence in its completeness, in the context of whole nature, existence. 7. a) Ensure that the feeling that you have at this moment is in line with the feeling of Relationship, Harmony and Co-existence and not otherwise. On this basis, I will be in a state of harmony and happiness at this moment. b) when I am able to understand relationship, harmony and co-existence in its completeness, then, I will be able to decide my feelings, thought accordingly in a natural manner, and I will always be comfortable within, I will be in a state of harmony and happiness in continuity.

Workshop on “Understanding Science of Relationships through Self-Exploration” (Oct 30-03 Nov, 2023)

Name of the event: Workshop on “Understanding Science of Relationships through Self-Exploration” Dates: 30 October – 3 November 2023 Duration: 10-hour student workshop divided in 5 days (On weekdays, from 4:30-6:30pm Place: NLT-1, 2, 4 Total Registrations – 98 Total Participants completed successfully – 82

VE Cell, AKGEC conducted a 10-hour student offline workshop on “Understanding Science of Relationships through Self-Exploration” from 30 Oct-04 Nov 2023 (2hrs per day). The workshop was conducted by Dr. Akhilesh Verma, Mr. R.P Singh and Dr. Jitendra Chhabra.

The workshop’s objective was to help students to see their innate potential to live a happy life. The problem today is that we fail to understand relationship and feelings (values), and consequently we fail to fulfil it despite all our good intentions. The problems are due to the absence of one or more of the right feelings (values) in the Self. And we try to make up this gap by physical facility or by trying to demand these feelings from others, rather than ensuring these feelings in ourselves and sharing it with others. The workshop was based on an intense exploration of these feelings ‘within’, where students validated the proposals in their daily life issues. The facilitators helped them to see the root cause of problems and their solutions, rather than giving any readymade solution.

The workshop concluded with self-evaluation and sharing of participating students. The impact factor was rated high and commitment to attend more such transformational workshops was expressed.

Art of Living (AoL) Session on Empowering Mental Wellness through Essential Life Skills on 5 Oct 2023

Art of Living (AoL) Session on "Empowering Mental Wellness through Essential Life Skills"

Value Education Cell, AKGEC conducted an Art of Living (AoL) session on “Empowering Mental Wellness through Essential Life Skills" on 5 Oct 2023. Ms. Soma Singh and Mr. Rajeev Agarwal, Art of Living (AoL) Volunteers conducted it in an interactive manner and demonstrated SUDARSHAN KRIYA YOGA (S.K.Y.) for the participants. They stated that while breathing happens automatically, most of us are unaware that working with the breath can give us the ability to manage our minds and emotions. In fact, every emotion we experience has a corresponding rhythm in the breath. By changing the rhythms of breath, we can change our emotions. For example, the breath of peace includes a long and smooth inhale and exhale which turns into a calm and relaxed mind. Around 100 students and faculty members enthusiastically witnessed the event.

Workshop on “Conscious Engineering” (June 10-17, 2023)

Name of the event: Workshop on “Conscious Engineering” Dates: 10-17 June, 2023 Duration: 36-hour student workshop divided in 8 days (On weekdays, from 4:30-6:30pm and on weekends from 9am-5:30 pm) Place: Main Seminar Hall / Mini Seminar Hall, Admin Block, AKGEC Total Registrations – 53 Total Participants – 43

A limited hours (within 10day duration) student workshop on the topic “Conscious Engineering” was planned by the VE Cell, AKGEC, 10th June 2023 onwards, under the amiable guidance of Dr Gopal Babu. The objective was to help the explorers see self, the conscious entity; and also the process of self-exploration. During the workshop, we aimed to accomplish the following objectives:

The steps covered in the workshop were as follows:

1. Be aware – Observe your imagination at this moment, i.e. the desire (feeling), thought, expectation. No Reaction! [MFC: Observation/Conclusion] 2. Is the feeling that you have at this moment naturally acceptable to you? [Feelings/Thoughts] 3. Are you in harmony, happy with the feeling that you have at this moment? 4. Who decided the feeling that you have at this moment? Did you decide it or someone else/situation outside decided it? 5. On what basis did you decide the feeling you have at this moment? Did you decide it on the basis of understanding or on the basis of an assumption? [is the feeling based on my assumption/his behaviour or right understanding/reality] 6. a) Which feelings are naturally acceptable to you? Feelings of relationship or opposition, harmony or disharmony, co-existence or struggle? 6. b) we explore within to understand relationship, harmony, and co-existence in its completeness, in the context of whole nature, existence. 7. a) Ensure that the feeling that you have at this moment is in line with the feeling of Relationship, Harmony and Co-existence and not otherwise. On this basis, I will be in a state of harmony and happiness at this moment. 7. b) when I am able to understand relationship, harmony and co-existence in its completeness, then, I will be

able to decide my feeling, thought accordingly in a natural manner, and I will always be comfortable within, I will be in a state of harmony and happiness in continuity.

Workshop on "Understanding Science of Relationships through Self-Exploration" (May 01-05, 2023)

Name of the event: A five-day workshop on "Understanding Science of Relationships through Self-Exploration" Dates: 01-05 MAY, 2023 Duration: 10-hour student workshop divided in 5 days (On weekdays, from 4:30-6:30pm Place: ME CONFERENCE HALL,ME BLOCK, AKGEC Total Registrations – 35 Total Participants completed successfully – 13

VE Cell, AKGEC conducted 10 hours of student offline workshop on "Understanding Science of Relationships through Self-Exploration" from 01-05 May 2023. The workshop was conducted by B.N. Pandey sir and R P Singh sir.

The workshop was conducted as per the following schedule: 1 May 2023 (Monday) – 4:30 PM – 6:30 PM 2 May 2023 (Tuesday) – 4:30 PM – 6:30 PM 3 May 2023 (Wednesday) – 4:30 PM – 6:30 PM 4 May 2023 (Thursday) – 4:30 PM – 6:30 PM 5 May 2023 (Friday) – 4:30 PM – 6:30 PM

The workshop's objective was to help students see their innate potential to live a stable life. The workshop was based on intense exploration where students asked about their daily life issues. The facilitators helped them see the root cause of problems and its solution rather than giving any readymade solution.

The first day started with the topic's introduction and some checkpoints to be maintained throughout the workshop. Sir acquainted the explorers with the basic idea of consciousness and relationships. He also told how the human mind tends to work logically and remains devoid of feelings without the right understanding. Knowing the inherent potential and feelings leads to a harmonious and fulfilling life.

The session continued with the expansion of innate potential to understand harmony at the level of Individual, Family, Society and Nature/Existence. The workshop helped students free themselves from the wrong preconditions responsible for an unhappy life. The workshop covered every aspect of a student's life. Lack of Prosperity was one of the key topics which was discussed among the students with the help of various examples in today's life. Discussions also took place on various expectations and how to live peacefully by having least expectations from others.

From the second day onwards, sir introduced the students with all the 9 feelings, starting from Trust (foundation value) to Love (complete value). He started with trust, and explained the difference between trust and blind trust, followed by Respect. He gave the detailed explanation about the types of evaluation.

On the third day, Sir explained about trust on intention and evaluation of competence. After that the difference between Knowledge and Information, feeling of guidance and affection were the few important topics which enlightened the students to a great extent.

On fourth day, Sir followed the session by sharing his views on the next feelings, i.e. Care, Guidance, and Reverence. Students were asked to observe and then their queries were resolved through self-exploration.

The last session of the last day of the workshop was a session where the last feeling or the complete value i.e., Love was discussed. The workshop concluded on a very good note with students giving best ratings on the feedback form, which was given to them.

DRISHTI 2023

A report on the event "Drishti 2023"

Name of the event: Drishti 2023 Resource Person: Dr. Gopal Babu, Coordinator, VE Cell Venue: CS/IT Seminar Hall Duration: 01 June 2023 Students: Open to all students of B.Tech

On June 1st, 2023, the Value Education Cell at AKGEC organized an event called "Drishti." The event was open to all students of BTech across different years. It took place in the Seminar Hall of the CS-IT block from 4:00 pm to 6:00 pm.

The event included various activities such as a movie session, quiz session, discussion session, and a prize distribution ceremony. Lakshya Mittal took attendance after the refreshments. At 4:30 pm, the participants entered the seminar hall with enthusiasm.

Distinguished guests present at the event were Dr. Gopal Babu, Mr. B.N. Pandey, Dr. Jitendra Chhabra, and Mr. R.P. Singh. Miss Harshika Singh and Mr. Ankur Yadav from the VE Cell team welcomed the participants and introduced the

team and dignitaries.

At 5:10 pm, an inspirational short film titled “Baatein" about ragging was screened. The film depicted the challenges faced by students, the lack of communication with their parents, and the issue of ragging. The movie ended at 5:19 pm, leaving a strong emotional impact on the audience.

Following the movie, a discussion was held where students shared their perspectives, learnings, and the message they took away from the film. They discussed their fears of ragging before college and how they dealt with it. Mental health concerns were also addressed and appreciated.

Dr. Jitendra Chhabra summarized the event, sharing his own insights and perspectives gained from the movie. He emphasized the significance of the event and its impact on students' lives. Dr. Gopal Babu, the Coordinator of the VE Cell, then took the stage, introducing himself and elaborating on the session's purpose. He highlighted the moral values and ethics instilled through events like Drishti.

Afterward, a quiz prepared by the Value Education Cell team was conducted, and participants were given 12 minutes to complete it. Dr. B.N. Pandey distributed a lucky draw prize to Yashika Aneja, a second-year student from CSE (D.S.).

Dr. R.P. Singh distributed prizes to the winners of the quiz, including Harsh Sharma, Khushi Srivastava, and Raghvendra Pratap from different years and departments. The participants were informed that handmade soaps, produced in the college's soap production center, would be given along with the prizes. This initiative supported the employment of individuals with insufficient annual incomes.

Dr. Jitendra Chhabra presented prizes to the winners of the discussion session, Harsh Sharma and Preeti Singh, representing various departments and years. Dr. Gopal Babu surprised a random participant with a prize generated through a lucky number generator. He also shared information about the college's S.P.C. center and the soap production.

Feedback from participants was overwhelmingly positive and encouraging. Attendees expressed their eagerness for more life-related events focused on self-exploration, self-respect, understanding, trust, and personal growth.

In conclusion, Drishti provided an enriching experience through its movie screening, discussions, quiz, and prize distribution. The event successfully promoted valuable life lessons and encouraged participants to follow their passions.

Workshop on Mutually Fulfilling Communication (March 20-24, 2023)

A report on the Workshop ‘Mutually Fulfilling Communication’

Name of the event: A five-day (two hours daily) student workshop on Mutually Fulfilling Communication Resource Person: Dr. Gopal Babu, Coordinator, VE Cell Venue: ME Conference Hall Duration: 20 – 24 March 2023 Total Registration: 21 No of Students completed successfully: 20

A transformative workshop on the topic of “Mutually Fulfilling Communication" was conducted for students from all branches, aimed at enhancing their communication skills. The objectives of the workshop were to equip students with the ability to express themselves fully, including their thoughts, feelings, and needs, as well as to develop their active listening skills and empathy towards others. Additionally, the workshop focused on self-counseling and communicating at a level that resonates with emotions.

The four aspects: Observation, Feelings, Needs, and Request formed the basis of the workshop, and were explained by engaging the participants in practical activities. Students were assigned various roles, such as brother-sister, father-son, and teacher-student, and were asked to play these roles while interacting with one another. The instructor closely observed their communication and provided valuable feedback on whether their interactions were based on feelings and whether they were able to fulfill their needs effectively.

Throughout the workshop, students were able to witness their progress in communication skills, which brought them great joy and satisfaction. The sessions were ably facilitated by Dr. Gopal Babu, the Coordinator of the VE Cell at AKGEC. The faculty members present during the workshop, including Dr. Upasana Mishra from CSE, Dr. Parul Verma from ASH, Mr. B N Pandey from CSE, Mr. R P Singh from ECE, and Dr. Jitendra Chhabra from ECE, contributed to group discussions with the students at the end of each session. The discussions provided an opportunity for students to apply the principles they had learned to their own personal lives and seek guidance on any issues they faced.

Participants unanimously expressed a desire for more frequent workshops and follow-up meetings under the guidance of the VE Cell facilitators, to stay connected and practice the skills they had learned. The short span of the workshop witnessed a qualitative change in the behavior of both students and other participants, which was a testament to its

effectiveness.

An assessment form was designed to evaluate the students' improvement, where they were asked to rate their ability on a scale of 0-10 for listening skills, coping with internal reactions, self-counseling, sensing their own and others' feelings, handling external reactions, and overall communication ability. Every student witnessed an improvement in their abilities, as evidenced by the self-assessment form.

Workshop on Relationship (January 02-06, 2023)

A report on the workshop “Understanding Science of Relationships through Self-Exploration”

VE Cell, AKGEC conducted 10 hours of student offline workshop on “Understanding Science of Relationships through Self-Exploration” from 2nd – 6th January 2023. The workshop was conducted by B.N. Pandey sir(CSE)

The workshop was conducted as per the following schedule: 2 Jan 2023 (Monday) – 4:30 PM – 6:30 PM 3 Jan 2023 (Tuesday) – 4:30 PM – 6:30 PM 4 Jan 2023 (Wednesday)- 4:30 PM – 6:30 PM 5 Jan 2023 (Thursday) – 4:30 PM – 6:30 PM 6 Jan 2023 (Friday) – 4:30 PM – 6:30 PM

The first day started with the topic’s introduction and some checkpoints to be maintained throughout the workshop. B.N. Pandey Sir acquainted the explorers with the basic idea of consciousness and relationships. He also told how the human mind tends to work logically and remains devoid of feelings without the right understanding. Knowing the inherent potential and feelings leads to a harmonious and fulfilling life.

The session continued with the expansion of innate potential to understand harmony at the level of Individual, Family, Society and Nature/Existence. The workshop helped students free themselves from the wrong preconditions responsible for an unhappy life. The workshop covered every aspect of student’s life. Lack of Prosperity was one of the key topics which was discussed among the students with the help of various examples in todays life. Discussions also took place on various expectations and how to live peacefully by having least expectations from others.

From second day onwards, B.N. Pandey sir introduced the students with all the 9 feelings,starting from Trust(foundation value) to Love(complete value). He started with the trust, and explained the difference between trust and blind trust, followed by Respect. He gave the detailed explanation about the types of evaluation.

On the third day,B.N sir explained about trust on intention and evaluation of competence.After that the difference between Knowledge and Information,feeling of guidance and affection were the few important topics which enlightened the students to a great extent.

On fourth day,sir followed the session by sharing his views on the next feelings, i.e. Care , Guidance , and Reverence. Students were asked to observe and then their queries were resolved through self-exploration.

The last session of the last day of the workshop was a session where the last feeling or the complete value i.e. Love was dicussed. The workshop concluded on a very good note with students giving best ratings on the feedback form,which was given to them. B.N. sir drew the attention of the students towards the canopy,a startup of VE Cell, and there was agood response from students side. A total of 21 soaps were purchased by the students.

Students Feedback :

Vipin Chandra joshi: Before the workshop, I used to react immediately whenever anyone use to trigger me, that always resulted in anger and unstable mind, but after attending the workshop, I try to observe and on the basis of my observation, I evaluate my feelings and competence and then I give reply to the person.

Soumya Shukla: Understanding our consciousness and proper observation has helped me a lot in living a peaceful life. In the past, I used to overthink a lot and that resulted in a lot of anxiety and depression, but after the workshop, it reduced to a greater extent.

Sushant Soni: Through this workshop, I came to know that we should see people on the basis of their feelings and not by the outer behaviour. I came to know the difference between the normal trust and blind trust.

Aditya Sharma: This workshop has helped me a lot in shifting my thoughts from negativity to positivity, there was a time where I used to evaluate things always in a negative way, but now, through this workshop, I always try to focus my mind on positive things.

With the sharing of explorers, the workshop came to an end. The explorer’s feedback was very encouraging and all of them are looking forward for another workshop, where they can learn more about self-exploration, self-awareness and

self-evaluation.

Workshop on “Conscious Engineering” (November 12-19, 2022)

A report on the workshop “Conscious Engineering”

VE Cell, AKGEC conducted 36 hours of student offline workshop on “Conscious Engineering” from 12th – 19th November 2022. The following faculty members conducted the workshop: Dr. Gopal Babu, VE Cell Dr Parul Verma, ASH Mr. BN Pandey, CSE Mr. RP Singh, ECE

The workshop was conducted as per the following schedule:

12 Nov. 2022 (Saturday) – 9:00 AM – 5:00 PM 13 Nov. 2022 (Sunday) – 9:00 AM – 5:00 PM 14 – 18 Nov. 2022 (Monday – Friday)- 4:30 PM – 6:30 PM 19 Nov. 2022 (Saturday) – 9:00 AM – 5:00 PM

The first session started with the topic’s introduction and some checkpoints to be maintained throughout the workshop. Dr. Gopal Babu acquainted the explorers with the basic idea of consciousness. He also told how the human mind tends to work logically and remains devoid of feelings without the right understanding. Knowing the inherent potential and feelings leads to a harmonious and fulfilling life.

The session continued with the expansion of innate potential to understand harmony at the level of Individual, Family, Society and Nature/Existence. The workshop helped students free themselves from the wrong preconditions responsible for an unhappy life. The workshop covered every aspect of student’s life.

Last weekend's session was planned as a special session, Yog Nidra. The sole purpose of the session was to provide rehabilitation to the self. These sessions were very refreshing for everyone, and every explorer gave positive feedback to these sessions.

On the second last day, instead of group discussion, a movie was shown to give all the explorers a basic idea of the role of conscious engineering in our daily life. A light discussion and queries followed the movie. The last session of the last day of the workshop was a sharing session. Explorers were asked to share their experiences, suggest improvements and give feedback related to the workshop.

At the end of the workshop a quiz was conducted, based on the contents discussed with the students. There are following students, are awarded with the cash prize-

Chakshu Goel IT-1, 2nd Year 1500/- I Prize Kaushtubh Singh EC-2, 2nd Year 1000/ II Prize Aman Kumar CSE-1, 2nd Year 500/- III Prize

Workshop on “Drishti” (November 09, 2022)

A report on the workshop “Drishti”

Workshop on ‘Realizing Yourself’ for DDU students (10-14 and 17-22 October, 2022)

A report on the workshop “Realizing Yourself”

Deen Dayal Upadhyaya Grameen Kaushalya Yojana (DDU-GKY) is a scheme launched by the Ministry of Rural Development (MoRD). DDU-GKY is a part of the National Rural Livelihood Mission (NRLM), tasked with the dual objectives of adding diversity to poor rural families’ incomes and catering to the career aspirations of rural youth.

DDU-GKY is uniquely focused on rural youth between the ages of 15 and 35 years from poor families. As a part of the Skill India campaign, it plays an instrumental role in supporting the social and economic programs of the government like ‘Make In India’, ‘Digital India’, ‘Smart Cities’ , ‘Start-Up India’ and ‘Stand-Up India’ campaigns.

Brief Report of the workshop:

A workshop (2hrs per day) on the topic “Realizing Yourself” was conducted for DDUGKY students (all branches), with the idea of inculcating values while learning skills.

The workshop was planned, keeping the following objectives in mind-

• Understand real goals of life ensuring continuity of happiness and prosperity

• Improve competence to come out from peer pressure.

• Recognize relationships with others and live a harmonious life

• Improve their ability to express themselves confidently

• Recognize their strength and weakness

• Utilize their skills with holistic wisdom

Topics dealt with in the sessions were Aspirations and Concerns, Basic Human Aspirations i.e., continuity of Happiness and Prosperity, Priority among Right Understanding-Relationship and Physical Facility, Human as the coexistence of Self & Body, Peer Pressure, Health & Self-Regulation, Relationship in Family, feelings of Trust, Respect and Gratitude in Relationship etc.

The sessions were been facilitated by the experienced resource persons of VE Cell, AKGEC: Dr. Upasana Mishra, Assistant Professor (CSE) Dr. Parul Verma, Assistant Professor (AS&H) Mr. B.N Pandey, Assistant Professor (CSE) Dr. Gopal Babu, Assistant Professor (VE Cell) Students attentively understood the underlying realities and verified the proposals in their lives. They raised many issues in their own lives to be resolved. The sessions were very interactive.

Every day 2-3 encouragement gifts were given to those students who briefed the content being taught and shared their reflections.

On the last day, Self-Evaluation & Feedback sessions was planned. Around 25 participants shared their Self-Evaluation & Feedback. Dr. Vivek Singh, the Centre In Charge and Dr. Ajay P Singh, the Faculty Coordinator, were present to listen and encourage the participants. They appreciated their willingness to explore and awarded prizes for sincerity.

Participants unanimously demanded many more frequent workshops and follow-up meetings under the VE Cell facilitators' guidance to be in touch and verify the proposals. They were able to witness a qualitative change in their own and other participant's behavior during this short span of time.

FEEDBACK & SHARINGS

Prakrati- Physical facility is necessary but relationship and trust is more important for me as human being. I could see that I consider my mistake as my competence and seek cooperation to improve, but others mistake I take as doubt on intention and refuse to cooperate. Here I have to improve my own competence.

Vikas Kumar- I came to know about my swabhav here, and could easily see that most of my decisions are influenced by dabav and prabhav.

Swarnima- I got confidence to share my viewpoints. Earlier I was hesitant and fearful because of absence of relationship within.

Shalu- My basic aspiration is happiness, but in peer pressure I start copying other, and become dependent on others (partantra). It makes me unhappy.

Rahul Kumar- The sessions helped me to resolve many of my concerns. Now I fearlessly cater friendships and very happy with this development.

Priyanka Gupta- When I identify my needs of physical facility, and have more than my need, I share with the resources with my relatives. When I came here, I was not recognizing anybody, but I was sure that all will be similar to me. I am grateful to all for helping me directly or indirectly.

Ajay Kr Gola- As umbrella although cannot protect us from rain but gives courage to face it. Similarly, teachers and knowledge help us to stand firm during adversities. Gratitude to teachers.

A Spiritual talk by Brahma Kumari (BK) Sangeeta Didi (14 October, 2022)

A report on the Spiritual talk by Brahma Kumari (BK) Sangeeta Didi

A Brief detailing

Value Education Cell, AKGEC organized a spiritual seminar on 'HEALTHY, HAPPY AND HARMONIOUS RELATIONSHIPS' on 14th October 2022 for all the B.Tech 2nd-year students from 10 AM to 12 PM in the Main Seminar Hall of the administrative block.

The speaker of the session was BK Sangeeta Didi. She, as a spiritualist, has been deeply studying the practical applications of Rajyoga meditation and knowledge in varied fields of life for the last 40 years. She has done spiritual

services in many places in India as well as in other countries, including Mauritius, Singapore, Malaysia and Russia. Didi has been a regular facilitator at Air India (for their Delhi, Mumbai, Kolkata, Chennai, Hyderabad and Cochin branches), Jet Airways, Singapore Airlines, Indian Oil Corporation, Ministry of Railways, BHEL, etc.

VE Cell students, Vaishnavi and Aseem, welcomed Didi and briefly introduced the topic to all the dignitaries and audience present in the session. Clarity of relationship and harmony was extracted as everybody's aspiration, initiating the session. After that, Director General (DG), Dr. RK Agarwal, introduced the esteemed guest BK Sangeeta Didi. He very generously added that he is also under the constant mentoring of Didi. DG's statement that he is in the "Palna of Didi", directly touched the audience's heart and motivated everyone to be more attentive throughout the session.

After DG sir's address, BK Sangeeta Ji also spoke kind words for such a visionary Director General, who is a guide, a mentor and a well-wisher to his students, rather than only being a Director General of such a prestigious institute. After her one-hour spiritual talk on the topic, she responded to everybody's questions and doubts with calmness and clarity. She engaged everyone in her speech; the examples she used for better understanding were very much related to day-to-day issues, so they were truly comprehended by everybody. The students and everyone in the hall were impressed and influenced by her simplicity and how she handled the questions. The chanting of OM SHANTI was full of peace and serenity.

She enlightened the minds to understand the real meaning of relationships in life, and she talked about the state of detachment. She perplexed the audience with beautiful lines about relationships like relationships should be based on 'What we think, feel and interpret' not on 'what we speak or how we speak' No one is wrong, in fact, 'Each one of us is different'; Don't just give advice only, 'Give blessing to the soul to have the power to change the Sanskaar'.

With these blessed lines, she also told about five equations for a harmonious life, listed below:

Equation 1: Advise their good, not my mind's happiness. Equation 2: Everyone is right in their own way Equation 3: Detachment is the best gift for the family because it guarantees that I will be strong and stable whatever happens. Equation 4: I have the potential to respect my pure feelings – whatever happens, being genuine. Equation 5: I will take the initiative to do any pure act.

She helped in observing thoughts, views and issues related to the misconceptions in relationships and gave several examples where life became easy and joyful with the understanding of feelings in a relationship. Various effective examples include mother-children, friends, spouses, etc., and relationships, which almost every one of us often experiences.

Didi also advised everybody to meditate for at least 2-3 minutes between hectic working hours, which certainly boosts productivity, improves mental health, and helps in becoming a better observer of things. She said mediation helps to heal self in difficult situations. She also helped the audience to manage feelings, anger, and emotions while interacting with friends and family.

The session ended with the following homework for the audience to contemplate: I have great respect for myself – I am a peaceful, loving, happy, very powerful soul, come what may. Even if anyone says something or under any circumstances, no disturbance, dejection,doubt on me the "Soul"or feeling disrespected. I will always create blessings for others.

The powerful session was completed with her blessings. Concluding the event, the honorable DG presented a memento to the charismatic guest as a token of appreciation with a feeling of gratitude. Swati Saxena, VE Cell student, gave a vote of thanks. In the end, a 10-point online Quiz contest based on the contents discussed in the session was conducted, followed by a reward ceremony.

The winners of the quiz were: [1] Vandit Mishra of ECE-3 (Score 10/10) [2] Snehal Shukla of ECE-3 (Score 9/10) [3] Nav Khanna of ECE-2 (Score 9/10) The feedback from all the participants was very positive and encouraging. Everybody is looking forward to many more such life-related seminars based on spirituality to learn more about self-exploration, self-respect, right understanding, trust and self-evolution.

Workshop on "Conscious Engineering" (10-18 September, 2022)

A report on the Workshop on "Conscious Engineering"

A limited hours (within 10day duration) student workshop on the topic "Conscious Engineering" was planned by the VE Cell, AKGEC, 10th September 2022 onwards, under the amiable guidance of Dr Gopal Babu, Dr Parul Verma, Prof BN Pandey, Prof RP Singh and Dr Jitendra Chhabra. The objective was to help the explorers seeing self, the conscious entity; and also the process of self-exploration. The student workshop was divided in various sessions. All the sessions

were interactive; and explorers were welcomed to ask doubts, meanings, give reflections and participate actively at every point.

The first session was started with the introduction of the topic and some checkpoints to be maintained throughout the workhop. The facilitator, Gopal ji acquainted the explorers about the basic idea of human values, how human mind tends to work logically and remains devoid of feelings in the absence of right understanding, need of Value Education and its complementarity with Skill Education and familiarization with certain terms will be used in the later sessions like self, natural acceptance, right understanding etc.

Further session was continued understanding harmony at various levels, these are-

At the level of individual At the level of family At the level of society At the level of nature / existence

While understanding harmony at the level of individual, the proposal shared was- Human being is Co-existence of Self, a consciousness unit and the body, a material unit. The happiness of a person is dependent upon the source of imagination of the person. The sources of imagination may be preconditioning, sensation and natural acceptance. Facilitator helped explorers to find out their source of motivation for imagination.

Then the next level of harmony was unfolded with the introduction to the nine feelings present in human beings. The nine feelings- Trust, Respect, Affection, Care, Guidance, Reverence, Glory, Gratitude and Love, were described and discussed elaborately. The foundation value Trust and the complete value Love were the ones in which the explorers had most doubts, which were been addressed very patiently by the facilitator.

In the next session, the cornerstone for the level of harmony in society was laid. Correct meaning and definition of Justice was explained and various terms like Mutual Happiness and Mutual Prosperity were been elaborated. Followed by this, the levels of Nature and Existence were been explained to know the role of human being in larger. The session was insightful to understand the co-existence and live with it.

On weekends, every fourth session was devoted for the group discussion. All the explorers were divided in three groups and facilitated by a co-explorer guide to help them in understanding the right meaning of terminologies and resolving various preconditioning. The last session on weekends was planned as a special session, that is Yog Nidra. The sole purpose of the session was to provide rehabilitation to the Self. These sessions were very refreshing for everyone and every explorer gave positive feedback to these sessions.

On the second last day, instead of group discussion, a movie was shown to give a basic idea of role of conscious engineering in our daily life to all the explorers. The movie was followed by a light discussion and queries.

The last session of the last day of workshop was a sharing session. Explorers were asked to share their experiences, suggest improvements and give feedback related to workshop.

63. Student Induction Program

Official source: https://www.akgec.ac.in/sip

Student Induction Program (SIP) (25 Aug-03 Sep, 2025)

Duration: 25 August – 3 September 2025 Prepared in Accordance with: AICTE Guidelines on UHV -I Module Total Duration: 8 Days | 16 Hours Venue: Assigned Lecture Theatres Coordinator – Dr. Parul Verma

Context & Purpose The Universal Human Values (UHV) sessions were a core component of the Student Induction Program (SIP), as mandated by the All India Council for Technical Education (AICTE). These sessions aimed to help students reflect on their basic aspiration and its fulfillment, thereby fostering a holistic understanding of life and education.

Faculty Preparation All assigned faculty members were well-qualified to conduct Universal Human Values (UHV) sessions, having successfully completed the UHV-II workshop as recommended by AICTE. Additionally, senior members of the Value Education Cell organized refresher sessions prior to the Student Induction Program, where key content and anticipated questions were thoroughly reviewed to ensure effective facilitation and preparedness.

Faculty Engagement Faculty Members Assigned: 20 faculty members were assigned to take sessions in 20 sections of B.Tech first students of all branches. 14 faculty members were designated as reserve facilitators, ready to step in and support sessions as needed to ensure smooth execution.

This strategic allocation ensured uninterrupted delivery and allowed flexibility in managing unforeseen challenges.

Program Structure • Total Duration: 16 hours spread across 8 days • Session Format: Interactive lectures, reflective exercises, and feedback sharing • Core Theme: Universal Human Values – understanding basic aspirations of human being and program to ensure its fulfilment leading to holistic development.

Each day was thoughtfully curated to build upon the previous sessions, allowing students to gradually explore and internalize the concepts.

Student Response & Feedback The feedback collected through structured forms and verbal interactions revealed a highly positive reception: • Students expressed deep appreciation for the content and delivery. • Many reported a transformative shift in their perspectives regarding personal growth, relationships, and societal responsibilities. • The proposals of Universal Human Values were not only understood but valued as essential for leading a fulfilling life. • The program was seen as a catalyst for holistic development, aligning academic pursuits with ethical and emotional intelligence.

The induction program successfully laid the foundation for a nurturing and value-based academic environment.

Recommendations for Future Programs • Extend session hours for deeper engagement • Include alumni interactions to share real-life applications of UHV • Introduce creative workshops to complement theoretical discussions • Continue faculty training to maintain high-quality delivery

Conclusion The Universal Human Values sessions during the Student Induction Program were conducted in full alignment with AICTE guidelines and proved to be transformative for the first-year B.Tech students. The sessions laid a strong foundation for value-based education, contributing significantly to the students' holistic development and well-being.

64. UHV Departmental Seminars

Official source: https://www.akgec.ac.in/uhv-departmental-seminars

The College has recognized that UHV (Universal Human Values) concepts are transformative in nature and require time for individuals to fully explore and assimilate. In order to create a conducive environment where students, faculty members, and staff can engage with these concepts, the College has implemented several policies. One of these policies is that each department will hold a UHV seminar every month, led by a faculty member.

The UHV seminars offer an opportunity for participants to engage in deep reflection and dialogue, with the aim of cultivating values such as love, truth and compassion. By exploring UHV concepts, participants will gain a better understanding of themselves, others, and the world around them. Through these seminars, the College aims to foster a community that is committed to personal and collective growth, and to creating positive change in society.

The details of UHV seminars held during the odd semester 2022-23 are as follows;

65. Guest Lectures/Webinars

Official source: https://www.akgec.ac.in/guest-lectures-webinars

A Spiritual talk by Brahma Kumari (BK) Sangeeta Didi (10 September 2025)

Report on “Why Me?” – Episode 2 Organized by: Value Education Cell, Ajay Kumar Garg Engineering College Date: 10 September 2025 Venue: Main Seminar Hall

The Value Education Cell of Ajay Kumar Garg Engineering College conducted the second episode of its spiritual and introspective series titled “Why Me?”, aimed at exploring the deeper meaning behind life’s challenges and experiences. The session focused on understanding the principles of karma, time, and sanskars, encouraging participants to reflect on their personal journeys and recognize the role of their own actions in shaping outcomes.

The event commenced with a warm welcome by Dr. Manishi, who anchored the session and introduced the guest speaker, BK Sangeeta Didi—a scholar of Vedanta Philosophy and an experienced spiritual guide. She was honored with a plant sapling symbolizing growth and goodwill by Prof. (Dr.) Amita Dev, respected advisor of the Institute. BK Sangeeta Didi led the audience through a calm and reflective discourse, beginning with a guided meditation. She explained the foundational concepts of karma and destiny, emphasizing that every thought and action contributes to one’s karmic account. Through relatable examples and analogies, she illustrated how self-awareness and acceptance can transform one’s perspective and emotional responses.

Key insights included the understanding that: • Every experience is a result of one’s own past actions. • The law of karma governs all aspects of life. • Blame and complaint can be replaced with forgiveness and responsibility. She proposed three transformative affirmations to reset karmic patterns: 1. I am sorry for my past karmic accounts with you. 2. I forgive you for whatever you have done till now. 3. From now onwards, we begin a new karmic account.

The session concluded with a Q&A, where Sangeeta Didi addressed questions on karmic justice and the continuity of the soul’s journey across lifetimes. Her responses reinforced the idea that present circumstances are shaped by past karmas and that spiritual awareness fosters peace and clarity.

A memento was presented to BK Sangeeta Didi by Prof. (Dr.) Amita Dev, followed by closing remarks from Dr. Manishi, who expressed gratitude to all attendees and dignitaries. The session left participants with renewed insight into personal responsibility, forgiveness, and the power of positive thought.

Session on GREEN MAN OF INDIA (22nd April 2024)

The Green Man of India event held on 22nd April, at Main Seminar Hall, aimed to promote environmental awareness and sustainable practices across the country. This Initiative was organized by Value Education Cell on the occasion of “International Earth Day” (A sub event of VASUDHA 2K24). The event featured various activities and one to one conversation with “Vijay Pal Baghel Ji” THE GREEN MAN OF INDIA and discissions centered around the theme of environmental stewardship.

The event started with a warm welcoming speech by VE Cell member (Malavika Mishra and Aseem Jain). The event commenced with a short skit. (Radha Gupta and Vaishnavi Mishra), which depicted the consequences of environment degradation and the urgent need for collective action to protect our planet. Through the powerful storytelling and compelling performances, the skit conveyed important messages about pollution, deforestation and climate change, urging the audience to reflect on their individual impact on environment. Proceeding further, Our Director General Dr. R.K Agarwal Sir, along with Vijay Pal Baghel ji, graced the occasion. Our Director General Sir, presented Sapling to Mr. Vijay Pal Baghel Ji as a symbolic gesture of environmental preservation. Following this, all attendees gathered to perform Vriksh aarti, a ritualistic worship of trees signifying reverence for nature and its bounty.

After that, Dr. Gopal Babu sir, Co-ordinator VE Cell, delivered a heartfelt speech highlighting Vijay Pal Baghel Ji's contributions to environmental conservation and his role as a champion for sustainability. He emphasized the importance of individuals and institutions coming together to address environmental challenges and create a greener future for generations to come. He also quoted a thought provoking quote from the Upanishad which meant , that if we eat chew nature like honey , then it will also devour us like honey .

Proceeding further, Vijay Pal Baghel ji, in his address, shared insights and inspiration from his journey as an environmentalist. He underscored the urgent need for collective action to protect our planet and preserve its natural

resources. He compared pollution with devil which has been ruling all the three realms (Dharti , Aakash, Paataal) from the past 50 years.

Baghel ji also announced the commencement of the global event “Ek Ped Dharti Ke Naam" from our esteemed institution AKGEC Ghaziabad, aimed at promoting tree plantation worldwide. As a symbolic gesture of solidarity and commitment to environmental conservation, Vijay Pal Baghel ji distributed plants to all deans, directors, and the Director General of the college. The dignitaries, along with event attendees (Faculties), proceeded to the mechanical block for a tree plantation drive, symbolizing the collective effort towards a greener future.

Proceeding further, there was a Q/A round, in which all the students participated actively. Proceeding towards the end, a small memento was presented to Mr. Vijay Pal Baghel Ji by Director General Sir.

Lastly, based upon the session, a small quiz and lucky draw was conducted for the students in which they participated actively. The winners were given a chance to interact one to one with Mr. Vijay Pal Baghel Ji The winners were- 1. Himanshi Bharti (CS -1 3rd year) 2. Ayush Maurya (CS-1 3rd year) 3. Aman Rai (CSE-1 2nd year) 4. Mansi Singh (ECE-1st year) 5. Akriti Chug (CSIT-1st year) 6. Ayush Srivastava (CSE AIML-1 2nd year) 7. Manas (ECE-2 2nd year)

Session on International Women’s Day- “Woman- The Foundation of Humanity” (06 March 24) by BK Sangeeta Didi

A profound feeling of festivity for the forthcoming International Women’s Day was exhilaratingly expressed in the event organised by Value Education Cell, AKGEC, Ghaziabad on 6th March 2024. BK Sangeeta Didi, a spiritual Guru and personality of good repute graced the occasion and shared her wisdom on the very apt topic of this special day, “Woman- The Foundation of Humanity”. She generously stated that till the woman takes herself as a gender merely, she feels swings (Depression/Anxiety), unhappiness, complaints and disheartened, but gradually, when she is capable of considering herself as a source of energy, she takes confident steps for the Sanskara (mental impressions) transformation and wisdom development in next generation. She strongly stated that despite all the adversities outside, one may be harmonious in the inner world, and this is true for the constant strength and women's empowerment of changing India and across the globe.

Dr R. K. Agarwal, Director General and Chairperson VE Cell, blessed the ceremony with his visionary words and appreciated women employees’ loyalty, accountability and honesty as strengths of AKGEC. On this occasion, HR Manager Mrs Neelam Chhibber, one of the disciples of Didi, recited a self-written poem, which was appreciated by all attendees. Dr Hemant Ahuja, Director AKGEC, Heads of various departments, section in-charges, senior female faculty members, VE cell members and a few female students together energetically participated in the event and made it a grand success. Dr. Monika Agarwal, from the Department of Applied Science, expressed gratitude to all involved in the event and to the visionaries of human tradition who contributed to saving humanity.

Leadership Qualities for Societal Transformation (01 December 23)

Dates: 01st December, 2023 Duration: 2 Hrs Place: Main Seminar Hall, AKGEC Audience: All HODs, Professors, Associate Professors, FMs and 120 students Topic: Leadership Qualities for Societal Transformation

On December 1st, 2023, VE Cell AKGEC organised a guest lecture titled “Leadership Qualities for Societal Transformation" in the Main Seminar Hall from 10:00 AM to 12:00 PM. The seminar aimed to equip future leaders with the knowledge of societal transformation. To achieve this goal, VE Cell invited Shri Gaurav Bedi, Principal of Gurukul the School and also known as Shri Govind Mohan Das, to deliver a guest lecture on insights derived from the Bhagavad Gita. His lecture aimed to provide practical guidance on cultivating transformative leadership inspired by the timeless wisdom of the Bhagwat Gita.

The session started at 10:00 am with a warm welcoming speech by D.R. Gopal Babu, coordinator, Value Education Cell, preceded by Prof. V.K Parashar, Head, Value Education Cell. Dr. R.K Aggarwal, Director General, AKGEC, presented the token of respect to our guest speaker.

During his lecture, the speaker explained the wisdom of the Bhagwat Gita using characters from the Mahabharata in a natural and understandable way. He was well-versed in understanding the Bhagwat Gita and Ramayana and communicated the concepts in a common language. The participants, All HoDs, Professors, Associate Professors, fifty faculty members and 120 students, were enthusiastic about the content and felt connected with the speaker. Everyone felt that they benefited from the session and desired to invite the speaker again.

In summary, the four pillars are intricately woven together to serve as guiding principles, creating a comprehensive framework that aims to equip participants with a holistic understanding of self and society. By fostering mental wellness and nurturing effective leadership qualities, the seminar aimed to inspire individuals to embark on a transformative journey of personal growth and contribute meaningfully to the betterment of the collective whole.

As the seminar drew to a close, the culmination of insights and shared experiences paved the way for a heartfelt expression of gratitude towards all people involved, directly and indirectly, and our esteemed guest, Shri Govind Mohan Das. In a gesture of appreciation, the Director General presented him with a memento, symbolising the lasting impact of his valuable contributions to the seminar.

A Spiritual talk by Brahma Kumari (BK) Sangeeta Didi (27 May 2023)

Dates: 27th May, 2023 Duration: 1 Hrs Place: CS/IT Seminar Hall, AKGEC Audience: Faculty Members Topic: Dealing with Blame Game

Value Education Cell, AKGEC organized a spiritual seminar on ‘HEALTHY, HAPPY AND HARMONIOUS RELATIONSHIPS’ on 14th October 2022 for all the B.Tech 2nd-year students from 10 AM to 12 PM in the Main Seminar Hall of the administrative block.

The speaker of the session was BK Sangeeta Didi. She, as a spiritualist, has been deeply studying the practical applications of Rajyoga meditation and knowledge in varied fields of life for the last 40 years. She has done spiritual services in many places in India as well as in other countries, including Mauritius, Singapore, Malaysia and Russia. Didi has been a regular facilitator at Air India (for their Delhi, Mumbai, Kolkata, Chennai, Hyderabad and Cochin branches), Jet Airways, Singapore Airlines, Indian Oil Corporation, Ministry of Railways, BHEL, etc.

VE Cell students, Vaishnavi and Aseem, welcomed Didi and briefly introduced the topic to all the dignitaries and audience present in the session. Clarity of relationship and harmony was extracted as everybody’s aspiration, initiating the session. After that, Director General (DG), Dr. RK Agarwal, introduced the esteemed guest BK Sangeeta Didi. He very generously added that he is also under the constant mentoring of Didi. DG’s statement that he is in the “Palna of Didi”, directly touched the audience’s heart and motivated everyone to be more attentive throughout the session.

After DG sir’s address, BK Sangeeta Ji also spoke kind words for such a visionary Director General, who is a guide, a mentor and a well-wisher to his students, rather than only being a Director General of such a prestigious institute. After her one-hour spiritual talk on the topic, she responded to everybody’s questions and doubts with calmness and clarity. She engaged everyone in her speech; the examples she used for better understanding were very much related to day-to-day issues, so they were truly comprehended by everybody. The students and everyone in the hall were impressed and influenced by her simplicity and how she handled the questions. The chanting of OM SHANTI was full of peace and serenity.

She enlightened the minds to understand the real meaning of relationships in life, and she talked about the state of detachment. She perplexed the audience with beautiful lines about relationships like relationships should be based on ‘What we think, feel and interpret’ not on ‘what we speak or how we speak’ No one is wrong, in fact, ‘Each one of us is different’; Don’t just give advice only, ‘Give blessing to the soul to have the power to change the Sanskaar’.

With these blessed lines, she also told about five equations for a harmonious life, listed below: Equation 1: Advise their good, not my mind’s happiness. Equation 2: Everyone is right in their own way Equation 3: Detachment is the best gift for the family because it guarantees that I will be strong and stable whatever happens. Equation 4: I have the potential to respect my pure feelings – whatever happens, being genuine. Equation 5: I will take the initiative to do any pure act.

She helped in observing thoughts, views and issues related to the misconceptions in relationships and gave several examples where life became easy and joyful with the understanding of feelings in a relationship. Various effective examples include mother-children, friends, spouses, etc., and relationships, which almost every one of us often experiences.

Didi also advised everybody to meditate for at least 2-3 minutes between hectic working hours, which certainly boosts productivity, improves mental health, and helps in becoming a better observer of things. She said mediation helps to heal self in difficult situations. She also helped the audience to manage feelings, anger, and emotions while interacting with friends and family.

The session ended with the following homework for the audience to contemplate:

I have great respect for myself – I am a peaceful, loving, happy, very powerful soul, come what may. Even if anyone says something or under any circumstances, no disturbance, dejection,doubt on me the “Soul”or feeling disrespected. I will always create blessings for others.

The powerful session was completed with her blessings. Concluding the event, the honorable DG presented a memento to the charismatic guest as a token of appreciation with a feeling of gratitude. Swati Saxena, VE Cell student, gave a vote of thanks. In the end, a 10-point online Quiz contest based on the contents discussed in the session was conducted, followed by a reward ceremony.

The winners of the quiz were: [1] Vandit Mishra of ECE-3 (Score 10/10) [2] Snehal Shukla of ECE-3 (Score 9/10) [3] Nav Khanna of ECE-2 (Score 9/10)

The feedback from all the participants was very positive and encouraging. Everybody is looking forward to many more such life-related seminars based on spirituality to learn more about self-exploration, self-respect, right understanding, trust and self-evolution.

A Spiritual talk by Brahma Kumari (BK) Sangeeta Didi (14 October 2022)

Dates: 14th October, 2022 Duration: 2Hrs Place: Main Seminar Hall, AKGEC Total Participants –250 Master of Ceremonies- Four VE Cell Student Volunteers- Miss Vaishnavi Mishra (2ndYr, CE) Mr Aseem Jain (2ndYr, CSE AIML1) Mr Arnav Singh Chauhan (2ndYr, ECE1) Ms Swati Saxena (3rdYr, ECE3)

A Spiritual talk by Brahma Kumari (BK) Sangeeta Didi (10 June 2022)

ERUDITION' 22 (29 January 2022) GreenMan

Value Education Cell, AKGEC, organized the second webinar of the Erudition’22 on “Right to Environment” on 29 January 2022. The webinar was presented by Shri Vijay Pal Baghel, The Greenman of India and a global green leader, honored with more than 100 National and International awards. Around 400 participants including Director, Deans, Head of Departments, Faculties and Students attended the webinar. The webinar was held at Zoom and the same was live on YouTube Channel of Value Education Cell, AKGEC.

The session had been very interactive and exploratory for all the attendees. He discussed about the arising problems which we all are facing due to global warming. He also discussed about the importance of trees. He also told that according to one of the survey there should be 500 trees for each person. He discussed about the importance of oxygen and also told that we require approximately 15-20 kg of oxygen each day. He told the attendees various interesting facts about forests like the names of various countries having an appropriate green cover and told about their effort of maintaining the same.

After the session, Q&A session was held in which faculties and students participated enthusiastically. At the end of the webinar quiz and feedback form was shared in which approximately 350 students and various faculty members actively participated and responded very well. The main finding of the webinar was how to identify the gaps in understanding sustainable development and various technologies. Also how to save the trees and to plant more and more trees because trees are essential for the existence of life on Earth.

All the participants enjoyed and benefited from the webinar and desire to attend such more webinar. The participants are determined by the enthusiasm of the speaker and many of them are inspired from their work. After seeing the dedication, determination and devotion of the speaker many of the students are interested in continuing the legacy of the speaker of saving the tress and doing more for our environment and for the future of our young ones.

ERUDITION' 22 (22 January 2022) Dr. T Sundara Raj Perumall

Value Education Cell, AKGEC, organized the first webinar of the Erudition’22 on “Strengthening Immunity with Healthy Lifestyle” on 22 January, 2022. The webinar was presented by Dr. T Sundara Raj Perumall, Director of Arogyadhatri Ayurveda Research Institute, Visakhapatnam. Around 500 participants including Director General, Deans, Head of Departments, faculty members and students attended the webinar. The webinar was held at Zoom and the same was live on YouTube Channel of Value Education Cell, AKGEC.

The session had been very interactive and exploratory for all the attendees. Dr. T Sundara Raj Perumall started the session with an explanation about Lifestyle disorders followed by the indicators of Health. He also suggested to add

some species and herbs while boiling water to purify and enhance the properties of water. He discussed about correct breathing pattern, benefits of yoga and exercise for eye lens.

After the session, Q&A session was held in which faculty members and students participated enthusiastically. At the end of the webinar, quiz and feedback form was shared in which approximately 200 students actively participated and responded very well. The main finding of the webinar was that for Healthy Lifestyle our proper daily routine, intake of nutritious, digestible, excretable and compatible food, proper intake of water, sunlight and early morning exercise and yoga is must.

All the participants enjoyed and benefitted from the webinar and are desirous to attend such more webinars.

"Managing Expectations" - A Spiritual talk by Brahma Kumari (BK) Sangeeta Didi (27 November 2021)

Expectations are deeply rooted in every human being. Most of the time, it is the expectations that derives our feelings, thoughts, and actions. However, many times it become a common source of stress in our lives. This happens when expectations exceed the limit. We tend to expect a lot from the person we think close to or loved one. We simply took rights to expect more than our limit toward with whom we are expecting. When the expectation breaks, we tend to lose simple happiness and feel depressed with what we didn't get. That's why it becomes important to understand and review our expectations.

In view of the above, VE Cell AKGEC organized an offline session on "Managing Expectations" conducted by BK Sangeeta Didi, a CA and Tax Consultant by profession, now a spiritualist from the well-known organization Brahma Kumaris. She has been a facilitator in many prestigious organizations.

The session was held on 27th November 2021 (Saturday) from 11:00 AM- 12:00 PM followed by meditation and Q&A. The session started with the introduction of the speaker by the Director General.

All Deans, HODs, FMs, Section ICs and staff attended the session. All Deans, HODs, Professors, Associate Professors and Section ICs attended the session in Main Seminar Hall and found very useful, explorative and informative.

"Transforming Stress into Strength" - A Spiritual talk by Brahma Kumari (BK) Sangeeta Didi (20 June 2021)

VE Cell AKGEC has organized an online webinar on "Transforming Stress into Strength" on 20 June 2020 conducted by BK Sangeeta Didi. Around 230 participants including DG/Deans/HODs/FMs/ Staff attended the webinar.

The webinar was focused on finding our innate potential where we can ensure stress free life. The main finding of the session was that our own thoughts impact our Sanskaar as well as other's Sanskaar. Didi also told us about Spiritual Bank Balance where we are lacking today. All the participants enjoyed the session and desired to attend such more sessions.

ERUDITION' 20 (11 October 2020) Dr. Gopal Babu

The third webinar of the Erudition'20 series, "Studies on the Inherent Interconnectedness and Co-existence in Nature through Ecological, Scientific and Spiritual Evidences" had been organized on October 11, 2020 Sunday. Over 90 people had benefited by the talk of our knowledgeable speaker, Dr Gopal Babu. VE cell got an inspiration to organize this series of webinars from our respected Director General, Dr. R. K. Agarwal. He had always been a source of encouragement for students and faculties for organizing such events. The team had got able guidance of Professor V. K. Parashar for the planning of the event.

The Greenman of India Shri Vijay Pal Baghel has also marked his gracious presence during the event. The faculty members of VE Cell have provided their support in lining up the webinar successfully. Dr Sonali Patle had hosted the webinar. She had made the audience acquainted with the topic of webinar and introduced the speaker. Dr Parul Verma has proposed vote of thanks.

Dhairya Saraswat, Himanshu Mishra, Devansh Bhatnagar, Prakanshu Sahu, Shubham Pandey and other student members of the VE Cell had envisioned and managed technical execution very efficiently during the conduct of the whole event. The session had been very interactive and exploratory for all the attendees. Dr Gopal Babu had started the session with explanation of difference between Interconnectedness and Co-existence and their implications. Then he had explained very basic aspects like ecology, Darwin's theory, quantum theory and students got connected with the speaker

soon.

Furthermore, he had put the role of each unit with respect to nature, universe and space with various theories and numerous examples. He had made attendees participate in between and also explained the process of self-regulation of body, ecological system by several examples. He had not only explained the Co-existence in view of biological and scientific point of view but he has also explained that how it is connected with the spiritual and philosophical aspects. He had very well explained the interconnection of science and spiritual studies.

He had brought into notice of audience that this interconnectedness can be seen in variety of domains like Buddhism, Jainism, The Honey Doctrine (‘Madhu Vidya’), Concept of ‘Yajna’, Ubuntu Philosophy. Principle of Non-Violence (‘Ahimsa’). Principle of ‘Vasudhaiva Kutumbakam’. Madhyasth Darshan (Sah-astitvavad). Overall, the session was so insightful and captivating for all the attendees. He had made attendees clear about the importance of each and every unit in larger order and encouraged everyone to keep walking on the path of harmony.

Students and faculties had asked questions related to science, biological system, ecology, various doctrines of philosophy etc. and the speaker had generously answered all of them. In addition to that, after the question and answer round, a quiz based on webinar’s topics was also conducted for the students. Most of the attendees had reviewed the webinar as the most informative and fruitful session and have desired for more such sessions to be held regularly in the future. Everyone felt blessed that they have got such an opportunity to join this insightful and effective session.

ERUDITION' 20 (26 July 2020) Dr. Sharmila Asthana

ERUDITION' 20 (5 July 2020) GreenMan

‘Feel the power that comes from focusing on what excites you.”–Oprah Winfrey. This explains the cause of the webinar organised by Nature Club, VE Cell AKGEC, Ghazibad. Around 100 people took part in the first webinar of the series on 05-July, 2020 Sunday to learn some expert advice on “Impact of Covid-19 on Global Environment” from our environmentalist speaker, Shri. Vijay Pal Baghel, the Green man of India. Faculties and students have participated enthusiastically in the webinar, which was well indicated by the number of questions received during the whole session.

VE cell got inspiration from Director general Dr R K Agarwal. Dr R K Agarawal always motivates and encourages for organising such events. The team has got able guidance of Professor V K Parashar and Shri Gopal Babu for the planning and execution of the event. Mr Dheeraj Kumar Singh has facilitated presence of the speaker. Dr Sonali Patle has hosted the webinar. She has introduced audience with the topic of webinar and issues related to environmental.

Students of the Nature club, VE cell have managed technical conceptualization and execution during whole event. Shri Vijay Pal Baghel has inspired the audience with his immense dedication towards the environment and its conservation. He has explained many critical environmental issues in a very simplified manner. He has discussed about very ambitious project of 1400 Km long Green Wall, approach towards sustainable development and traditional Indian practices to fight with Covid-19. The speaker had given three top tips for making our environment healthy; Realize your own responsibility; make arrangement of your portion of oxygen for future by yourself.

Plants and trees are the factories of oxygen. Plant more trees and take care of them, wherever and whenever possible. Be it in any form an outdoor, indoor plant or vertical garden. He inspired all the attendees to manage our life and our environment during and post Covid period. He has also brought into consideration the disposal of huge amount of masks, gloves and biological waste being generated due to Covid. Shre Baghel has impacted everyone with his humble and able guidance. Two major points impacted the most were, don’t look at anyone for conservation of your environment rather do it yourself and planting trees is the only hope to secure our health and our environment’s health. In addition to that he has discussed positive and negative impacts of Covid-19 on the Environment.

Many attendees sent in their questions and key challenges when it comes to environment management. The speaker has very effectively interacted with the attendees and resolved their queries. After the questions, Students have participated in the quiz very enthusiastically.

Programme has got diversity of feedbacks which majorly included that with the help of this webinar, they got to know the projects currently going on in India and they could self explore about usefulness of trees. Many have said they want to plant more trees to secure their future. Some participants have mentioned that they like the idea of the importance of trees and how it was linked with our past and future and many more. Most of the attendees have desired to have more such events in future and wanted to be part of that.

Most impactful statement mentioned by the attendees was; [redacted]

66. Extension Activities

Official source: https://www.akgec.ac.in/extension-activities

5 day workshop on Universal Human Values at CBI Academy, Ghaziabad

VE Cell AKGEC conducted a five-day workshop on Universal Human Values at CBI Academy, Ghaziabad, for the Sub-Inspectors (Trainees) of the 29th Batch. 57 participants, including eight female cadets, attended the workshop. They came from diverse backgrounds and were posted across India.

The attendees were typically curious, motivated, and eagerly engaged in discussions and activities that enhanced their learning experience. They actively participated in the workshop by asking questions and sharing their ideas on human values. They also shared how the workshop helped them overcome negative thoughts. Additionally, they appreciated that internal stability is essential for any investigation and found this workshop useful in that direction.

3-Day (14-16 March 2024) Family Workshop on Understanding Relationship through Self-Exploration

Dates: 14-16 March 2024 Venue: Main Seminar Hall Total Registrations- 39 Family Members from 22 families Total participants- 31 Family members from 20 families Completed – 30 Family Members from 20 families

A family is a fundamental institution for individuals to step into socialization. With this opinion, VE Cell AKGEC, under the guidance of the visionary leadership of Dr RK Agarwal, Director General & Chairperson VE Cell, has started a 3-day (14-16 March 2024) family workshop on ‘Understanding the Relationship through Self Exploration’,for the family members of its employees.

A family is a fundamental institution for individuals to step into socialization. With this opinion, VE Cell AKGEC, under the guidance of the visionary leadership of Dr RK Agarwal, Director General & Chairperson VE Cell, has started a 3-day (14-16 March 2024) family workshop on ‘Understanding the Relationship through Self Exploration’,for the family members of its employees. Around 30 participants belonging to 20 familiesattended the workshop enthusiastically. Coherent sessions and dynamic discussions combinedly made the workshop meaningful, in the presence of the participants of the 6yrs–72yrs age group. Since every human being is born in a family and inherently desires a harmonious, complaint-free relationship in the family, so the theme of the workshop was quite significant for all. The family as the basic unit or building block of human organization, provides unconditional valuable support in the form of feelings. Understanding and practicing these feelings through self-investigation, facilitates the human to live in relationship and harmony (order). Director of the institute Prof (Dr) Hemant Ahuja and Convener VE Cell Prof (Dr) VK Parashar addressed the gathering in the inaugural session. VE Cell AKGEC is taking this initiative towards its commitment to societal transformation through personal transformation, aligned with AICTE stakeholding in NEP 2020.

In the valedictory session of the workshop,self-evaluation of the participants was recorded, which iswell saved in the repository of VE Cell.

Participant’s Feedback 1. A group of family members working in the software industries, including Microsoft and Expedia Group, wanted to organize a workshop for the corporate world. 2. During the workshop, child participants shared that they were able to handle certain situations at home because they understood the intentions and competence of others. 3. Senior citizens realized that they had made mistakes while raising their children and expressed a desire to start similar workshops in schools.

ORGANIZING TEAM Prof. Gopal Babu- (Resource Person) Dr. Parul Verma – (Cofacilitator) Mr B N Pandey (Program Coordinator) Dr. Upasana Mishar (Team Member) Dr. Manishi Mishra (Team Member) Mr. R.P.Singh (Team Member)

Workshop for female inmates of the Dasna Jail, Ghaziabad

VE Cell AKGEC conducted a 15-day workshop for female inmates of the Dasna Jail, Ghaziabad. We're proud to share the impactful outcomes of the 15-day Universal Human Values workshop held at Dasna Jail! With dedicated sessions spanning two hours each day, female inmates were empowered to embrace important values like trust, respect, affection, and love. Led by the senior UHV Resource Persons, Dr. Parul Verma and Dr. Upasana Mishra, with the help of Dr. Nitya Sharma from AKGEC, Ghaziabad, the workshop fostered empathy and understanding among participants, inspiring them to rise above past mistakes and reshape their futures. By equipping inmates with tools for emotional management and promoting harmonious relationships, this initiative not only enhances the jail atmosphere but also lays a strong foundation

for successful societal reintegration post-release. Together, we're building a more compassionate and supportive community.

Significant Outcomes of the Workshop:

• The workshop helped jail inmates understand the importance of human values in their lives and recognise the root cause of problems. • The workshop initiated empathy and respect within inmates, inspiring them to rise above past mistakes and reshape their future. This way, inmates can be guided towards a path of self-improvement, thereby reducing crime propensity and limiting the cycle of imprisonment. • Promoting the release of stress and meaningful relaxation of the mind, inmates learned to manage their emotions more effectively, reducing instances of violence. It helped create a harmonious Jail atmosphere and promoted effective, humane management. • The workshop equipped inmates with the tools and mindset for successful societal reintegration. It empowers them with self-understanding and respect for others, laying the foundation for healthier relationships post-release.

67. Teachers Orientation Program

Official source: https://www.akgec.ac.in/teachers-orientation-program

8 Days Teachers' Orientation Program (TOP) on Vision for Holistic Value-Based Education (22-29 June 2024)

With the vision to spread the ethos of value education, fostering individual and societal transformation through education to achieve a just and equitable society, Value Education Cell AKGEC Ghaziabad conducted an 8-day (22-29 June 2024) Teacher's Orientation Program for the school teachers of Saraswati Vidya Mandir Rajnagar and Amrapali Global English School, Vasundhara Ghaziabad. As a great success of the previous '3-Day TOP' held during 20 – 22 May 2024 at AKGEC, the 8-Day TOP requested by the principal of Saraswati Vidya Mandir was well accepted by Director General Dr R K Agarwal under the extension activity of VE Cell AKGEC. A total of 41 participants actively attended the TOP. They interacted on various issues and challenges in education in the light of proposals shared with them in a self-explorative manner. The participating teachers strongly felt the need for such holistic education that can help students realise their full human potential to ensure an equitable and just society, as expected in the new National Education Policy.

A few teachers shared their transformative experiences of the program in the presence of the Director General, Dr R K Agarwal, Chairperson, VE Cell AKGEC, along with the chief guests, Ms Deepti Mittal, Director, Saraswati Vidya Mandir Schools, and Mr Pankaj Kumar Sharma principal, Saraswati Vidya Mandir, Rajnagar. These experiences were a testament to the program's positive impact, showing that the participants received the contents well and found them urgently needed by their school teachers and students to move towards a just and equitable society. This success story is a beacon of hope, demonstrating the potential for positive change in our education system.

3 Days Teachers' Orientation Program (TOP) on Vision for Holistic Value-Based Education (20-22 May 2024)

A 3-day (20-22 May 2024) Teachers' Orientation Program (TOP) on "The Vision for Holistic Value-Based Education-Realizing the Aspiration articulated in NEP 2020" was organised by Value Education (VE) Cell of Ajay Kumar Garg Engineering College, Ghaziabad. The TOP, a program of utmost importance, was an extension activity of VE Cell as Regional Nodal Centre for Value Education, AKTU, Lucknow. A total of 54 participants, including Principals, Advisors, Academic Coordinators, PGTs, TGTs and Counsellors from 12 schools in Rajasthan, Haryana and Uttar Pradesh, attended the TOP with great enthusiasm and keenness, inspired by the vision of holistic value-based education. The TOP focuses on the role of education in developing human-friendly and nature-friendly mindsets in students through holistic teaching. The sessions include all aspects of human potential, like the mechanism of decision-making, health hygiene, mutually fulfilling interactions, the effort for a just and equitable society, and environmentally responsible conduct, which are aligned with the expectations stated in NEP 2020.

Prof. Gopal Babu, Coordinator, VE Cell was the Resource Person of the TOP. He, with his team members, facilitated and smoothly conducted TOP. The Director, Dr Hemant Ahuja, and Head of VE Cell, Prof V.K. Parashar, inaugurated the session, and the Director General, Dr R.K. Agarwal, graced the closing ceremony of TOP. Shri R.P. Singh, Joint Secretary and Dr Biswajit Saha, Director, Department of Skill Education, CBSE, Ministry of Education, Government of India, New Delhi, were invited as guests in the closing ceremony. The Director General, with both the invited dignitaries, distributed certificates to all the successful participants. The Director General appreciated the team for the successful conduct of the TOP and expressed his generous intent for many more such future programs with the schools that want to be developed as a living model of values. All TOP culminated with a high tea with the participants along the Director General, Deans, HoDs and Section In-charges of the college.
